

# **Horrible Battles**

## **Introduction**

1  
00:00:11,190 --> 00:00:09,509  
so this is hearthstone it's a

2  
00:00:13,669 --> 00:00:11,200  
blizzard's attempt at the match

3  
00:00:15,669 --> 00:00:13,679  
gathering and they've done a pretty

4  
00:00:16,710 --> 00:00:15,679  
good job at it it's a it's pretty

5  
00:00:17,990 --> 00:00:16,720  
addictive

6  
00:00:20,630 --> 00:00:18,000  
i'm just going to take you through a

7  
00:00:23,029 --> 00:00:20,640  
solo adventure and see if i don't get my

8  
00:00:25,109 --> 00:00:23,039  
ass kicked too much

9  
00:00:27,429 --> 00:00:25,119  
oh i'm being mad i don't want to play

10  
00:00:30,230 --> 00:00:27,439  
another player i want to play

11  
00:00:32,150 --> 00:00:30,240  
um

12  
00:00:36,150 --> 00:00:32,160  
adventure

13  
00:00:40,470 --> 00:00:38,310

and i will do that

14

00:00:42,709 --> 00:00:40,480

i made my custom deck

15

00:00:45,029 --> 00:00:42,719

um they give you standard ones and but

16

00:00:47,029 --> 00:00:45,039

you also can make your own custom decks

17

00:00:48,549 --> 00:00:47,039

uh which is pretty fun

18

00:00:49,510 --> 00:00:48,559

um

19

00:00:52,950 --> 00:00:49,520

i'll take you through that a little

20

00:01:08,149 --> 00:00:52,960

later i'm gonna fight the priests

21

00:01:08,159 --> 00:01:15,190

the light shall bring victory

22

00:01:19,670 --> 00:01:17,350

all right this is my first card you can

23

00:01:22,789 --> 00:01:19,680

actually replace cards if you don't want

24

00:01:24,550 --> 00:01:22,799

them uh in this initial round

25

00:01:26,870 --> 00:01:24,560

um i believe you can do the same thing

26

00:01:29,429 --> 00:01:26,880

in match gathering so

27

00:01:31,350 --> 00:01:29,439

it's a very easy conversion uh if you're

28

00:01:33,350 --> 00:01:31,360

familiar with magic gathering to come

29

00:01:34,870 --> 00:01:33,360

over to this it functions

30

00:01:39,109 --> 00:01:34,880

very

31

00:01:40,710 --> 00:01:39,119

these cards so i'm gonna go ahead and

32

00:01:42,310 --> 00:01:40,720

confirm

33

00:01:44,389 --> 00:01:42,320

and i'm gonna try to start kicking some

34

00:01:47,190 --> 00:01:44,399

ass right now

35

00:01:49,830 --> 00:01:47,200

i'm fighting some pansy up there

36

00:01:51,350 --> 00:01:49,840

uh he's got like a torch or something

37

00:01:52,830 --> 00:01:51,360

and uh it's my turn he didn't have

38

00:01:56,389 --> 00:01:52,840

anything

39

00:01:59,190 --> 00:01:56,399

um now these mana crystals

40

00:02:00,870 --> 00:01:59,200

is what uh your points you use to spend

41

00:02:02,709 --> 00:02:00,880

your cards uh

42

00:02:05,109 --> 00:02:02,719

this one requires four

43

00:02:07,990 --> 00:02:05,119

mana i can't use it just yet but

44

00:02:10,389 --> 00:02:08,000

i can throw it in a bore right now or i

45

00:02:12,790 --> 00:02:10,399

can throw down uh this justice light

46

00:02:14,710 --> 00:02:12,800

which enables my main character my

47

00:02:16,630 --> 00:02:14,720

paladin to attack

48

00:02:19,030 --> 00:02:16,640

i'm gonna go with the boar first

49

00:02:21,510 --> 00:02:19,040

and he has charge

50

00:02:23,990 --> 00:02:21,520

and so he'll just be able to

51

00:02:27,510 --> 00:02:24,000

drag and drop and attack

52

00:02:30,070 --> 00:02:27,520

the main character back here bam

53

00:02:31,430 --> 00:02:30,080

-1

54

00:02:32,710 --> 00:02:31,440

i'm doing some damage i can't do

55

00:02:37,990 --> 00:02:32,720

anything else i'm out of mana so let's

56

00:02:44,470 --> 00:02:41,430

oh oh look at that

57

00:02:45,830 --> 00:02:44,480

the prick destroyed my boar

58

00:02:49,430 --> 00:02:45,840

animal rights groups are going to have a

59

00:02:53,830 --> 00:02:51,270

now i have every round you get

60

00:02:56,150 --> 00:02:53,840

additional mana uh so it keeps going up

61

00:02:59,509 --> 00:02:56,160

every round two two two or three three

62

00:03:00,550 --> 00:02:59,519

whatever um it progresses from there

63

00:03:02,390 --> 00:03:00,560

i can

64

00:03:04,070 --> 00:03:02,400

now throw down

65

00:03:06,229 --> 00:03:04,080

something requires two mana but i'm

66

00:03:07,509 --> 00:03:06,239

gonna throw down

67

00:03:09,750 --> 00:03:07,519

um

68

00:03:11,270 --> 00:03:09,760

this guy who has

69

00:03:13,830 --> 00:03:11,280

taunt

70

00:03:16,470 --> 00:03:13,840

meaning that um

71

00:03:18,470 --> 00:03:16,480

he taunts the enemy characters and they

72

00:03:20,550 --> 00:03:18,480

have to attack him first before they can

73

00:03:22,149 --> 00:03:20,560

attack me

74

00:03:24,229 --> 00:03:22,159

which uh it's pretty good it's kind of

75

00:03:26,710 --> 00:03:24,239

like uh he's tanking he's taking all the

76  
00:03:29,830 --> 00:03:26,720  
damage that would otherwise go to me the

77  
00:03:31,589 --> 00:03:29,840  
paladin the paladin

78  
00:03:34,710 --> 00:03:31,599  
um

79  
00:03:36,949 --> 00:03:34,720  
let's see what else can i do i have

80  
00:03:39,750 --> 00:03:36,959  
this card was also one mana when your

81  
00:03:44,149 --> 00:03:39,760  
hero takes damage deal that much damage

82  
00:03:46,229 --> 00:03:44,159  
to your enemy hero sounds nice

83  
00:03:49,589 --> 00:03:46,239  
i don't know if this is played once that

84  
00:03:51,830 --> 00:03:49,599  
round or not this is secret oh

85  
00:03:54,470 --> 00:03:51,840  
it's hidden until a specific action

86  
00:03:56,309 --> 00:03:54,480  
occurs on your opponent's turn so i can

87  
00:03:59,429 --> 00:03:56,319  
play this right now let's let's do that

88  
00:04:00,869 --> 00:03:59,439

let's play this it's secret

89

00:04:01,990 --> 00:04:00,879

it'll be out there

90

00:04:07,990 --> 00:04:02,000

so

91

00:04:08,000 --> 00:04:13,509

goddamn druid

92

00:04:13,519 --> 00:04:18,229

oh my god

93

00:04:24,150 --> 00:04:20,390

why is the druid doing that

94

00:04:26,230 --> 00:04:24,160

oh i have in my this custom deck i have

95

00:04:29,590 --> 00:04:26,240

a lot of these uh

96

00:04:31,830 --> 00:04:29,600

murlocs and uh this guy

97

00:04:34,790 --> 00:04:31,840

once he enters battle he summons a

98

00:04:37,110 --> 00:04:34,800

one-on-one one damage one defense

99

00:04:38,790 --> 00:04:37,120

a little scout with them

100

00:04:40,710 --> 00:04:38,800

now my hopes is to get a bunch of these

101  
00:04:42,390 --> 00:04:40,720  
people out there these little morlocks

102  
00:04:43,830 --> 00:04:42,400  
and just overrun

103  
00:04:46,230 --> 00:04:43,840  
their army have like a lot of little

104  
00:04:47,510 --> 00:04:46,240  
creatures in this deck and

105  
00:04:49,510 --> 00:04:47,520  
i'm hoping

106  
00:04:52,550 --> 00:04:49,520  
that the quantity

107  
00:04:55,110 --> 00:04:52,560  
will out well will outplay uh

108  
00:04:57,189 --> 00:04:55,120  
quality so we'll see here

109  
00:04:58,870 --> 00:04:57,199  
oh but i also do this justice light

110  
00:05:01,189 --> 00:04:58,880  
which i probably should do

111  
00:05:02,790 --> 00:05:01,199  
this will enable my paladin to do some

112  
00:05:04,629 --> 00:05:02,800  
damage and

113  
00:05:07,670 --> 00:05:04,639

and uh

114

00:05:09,590 --> 00:05:07,680

and block some stuff as well so

115

00:05:13,990 --> 00:05:09,600

see and i also have two mana left so

116

00:05:17,670 --> 00:05:16,390

and he summons his buddy so i have two

117

00:05:19,909 --> 00:05:17,680

creatures out there which is pretty

118

00:05:22,550 --> 00:05:19,919

badass the next turn i'm going to try to

119

00:05:25,189 --> 00:05:22,560

introduce this raid leader which will up

120

00:05:26,390 --> 00:05:25,199

the attack of these guys

121

00:05:27,830 --> 00:05:26,400

and um

122

00:05:30,070 --> 00:05:27,840

hopefully these guys will stick around

123

00:05:32,629 --> 00:05:30,080

my little murlocs

124

00:05:34,950 --> 00:05:32,639

and uh i'll be able to do some some real

125

00:05:37,430 --> 00:05:34,960

damage if these pricks uh this

126

00:05:39,590 --> 00:05:37,440

little prick druid uh hangs back for one

127

00:05:42,310 --> 00:05:39,600

round we'll see i doubt it though what

128

00:05:43,909 --> 00:05:42,320

you want

129

00:05:47,189 --> 00:05:43,919

oh he's got taunt i gotta attack him now

130

00:05:49,990 --> 00:05:47,199

jesus christ this is horrible

131

00:05:54,629 --> 00:05:50,000

oh my god oh hey look that secret

132

00:05:59,350 --> 00:05:56,790

bam

133

00:06:01,830 --> 00:05:59,360

i also got another beastie down there

134

00:06:04,469 --> 00:06:01,840

i have four mina

135

00:06:07,749 --> 00:06:04,479

um this might be good

136

00:06:09,510 --> 00:06:07,759

uh this card deal two damage to all

137

00:06:11,749 --> 00:06:09,520

enemies i could wipe out the whole front

138

00:06:14,070 --> 00:06:11,759

line and i should probably do this right

139

00:06:15,909 --> 00:06:14,080

now i'm tired of my poor little murlocs

140

00:06:18,830 --> 00:06:15,919

being hurt or

141

00:06:23,430 --> 00:06:18,840

possibly being in danger they're so

142

00:06:28,070 --> 00:06:25,909

in your face

143

00:06:29,189 --> 00:06:28,080

now these guys are free to attack

144

00:06:31,670 --> 00:06:29,199

because we have to deal with that guy

145

00:06:38,230 --> 00:06:31,680

with taunt

146

00:06:44,390 --> 00:06:41,510

oh my god a berserker

147

00:06:47,749 --> 00:06:44,400

now this his berserker

148

00:06:49,749 --> 00:06:47,759

whenever this minion takes damage

149

00:06:51,909 --> 00:06:49,759

gain plus three attack we gotta take

150

00:06:53,430 --> 00:06:51,919

that guy out asap but he's got seven

151  
00:06:55,990 --> 00:06:53,440  
defense i gotta see how i'm gonna be

152  
00:06:57,430 --> 00:06:56,000  
able to do that

153  
00:07:00,390 --> 00:06:57,440  
um

154  
00:07:02,629 --> 00:07:00,400  
i gotta get this guy in there definitely

155  
00:07:05,029 --> 00:07:02,639  
pump up the damage of my poor little

156  
00:07:07,350 --> 00:07:05,039  
murlocs

157  
00:07:10,790 --> 00:07:07,360  
um and i got two let's just

158  
00:07:16,070 --> 00:07:14,230  
i'm gonna take down his defense by one

159  
00:07:17,510 --> 00:07:16,080  
because as soon as this person enters

160  
00:07:19,189 --> 00:07:17,520  
the the battle

161  
00:07:21,029 --> 00:07:19,199  
deal one damage to any target of your

162  
00:07:23,270 --> 00:07:21,039  
choosing i'm gonna get this guy down i

163  
00:07:24,629 --> 00:07:23,280

gotta take this guy out

164

00:07:26,390 --> 00:07:24,639

um

165

00:07:28,150 --> 00:07:26,400

i might as well get my final little

166

00:07:30,550 --> 00:07:28,160

beastie boar in there

167

00:07:33,670 --> 00:07:30,560

and he can charge right now he's going

168

00:07:35,029 --> 00:07:33,680

to be a sacrificial boar at this point

169

00:07:36,950 --> 00:07:35,039

um

170

00:07:38,390 --> 00:07:36,960

sorry buddy

171

00:07:41,029 --> 00:07:38,400

but

172

00:07:45,670 --> 00:07:41,039

we have an opportunity now to do some

173

00:07:49,430 --> 00:07:45,680

real damage against this guy um

174

00:07:52,230 --> 00:07:49,440

he's got four armor left um

175

00:07:54,150 --> 00:07:52,240

do i risk the next next round

176

00:07:56,230 --> 00:07:54,160

hopefully i can

177

00:07:59,749 --> 00:07:56,240

maybe get a charge or do i just try to

178

00:08:04,710 --> 00:08:01,270

i think i have to

179

00:08:08,070 --> 00:08:04,720

use my little poor little murlocs

180

00:08:15,909 --> 00:08:09,110

it's

181

00:08:20,390 --> 00:08:17,510

gotta had to do it i had to get him out

182

00:08:24,830 --> 00:08:21,909

next turn

183

00:08:34,550 --> 00:08:28,230

yeti yetis are so hairy and smelly and

184

00:08:37,909 --> 00:08:36,230

but he doesn't have any modifiers so

185

00:08:40,870 --> 00:08:37,919

that's good i can deal with this i think

186

00:08:42,630 --> 00:08:40,880

i can deal with this goddamn yeti

187

00:08:45,350 --> 00:08:42,640

a wisp

188

00:08:46,870 --> 00:08:45,360

um zero mana so let's go ahead and get

189

00:08:50,230 --> 00:08:46,880

you out there

190

00:08:52,070 --> 00:08:50,240

i will use justice light possibly i

191

00:08:55,430 --> 00:08:52,080

don't know or

192

00:08:58,949 --> 00:08:55,440

i can summon i probably should summon

193

00:09:00,870 --> 00:08:58,959

uh a recruit over here which i can do

194

00:09:02,790 --> 00:09:00,880

and the reason i did that i got him out

195

00:09:05,190 --> 00:09:02,800

here because my

196

00:09:06,710 --> 00:09:05,200

raid leader gives this guy

197

00:09:11,110 --> 00:09:06,720

an additional plus one attacks let's get

198

00:09:15,670 --> 00:09:12,790

uh let's see if i can do it justice

199

00:09:20,070 --> 00:09:15,680

justice justice light uh i must jump

200

00:09:23,910 --> 00:09:21,590

just to do a little damage just uh just

201  
00:09:25,829 --> 00:09:23,920  
a little pinprick say hey i'm here don't

202  
00:09:26,550 --> 00:09:25,839  
forget about me let's do that i'm just

203  
00:09:28,630 --> 00:09:26,560  
gonna

204  
00:09:31,190 --> 00:09:28,640  
do some damage to this guy right now i

205  
00:09:33,430 --> 00:09:31,200  
understand this guy has four

206  
00:09:35,750 --> 00:09:33,440  
damage you can do on me but uh i'm

207  
00:09:36,870 --> 00:09:35,760  
willing to take it right now i have 28

208  
00:09:39,190 --> 00:09:36,880  
hit points

209  
00:09:43,110 --> 00:09:39,200  
i can do some damage

210  
00:09:43,120 --> 00:09:49,430  
oh my god

211  
00:09:49,440 --> 00:09:54,630  
oh my lord

212  
00:09:58,310 --> 00:09:57,350  
i'm hurting

213  
00:10:00,070 --> 00:09:58,320

now

214

00:10:02,710 --> 00:10:00,080

oh i have a nice spell right here i can

215

00:10:06,949 --> 00:10:02,720

give one of my minions

216

00:10:09,670 --> 00:10:08,150

here's the thing i probably could just

217

00:10:10,790 --> 00:10:09,680

go ahead and take out this yeti which i

218

00:10:12,630 --> 00:10:10,800

probably

219

00:10:15,350 --> 00:10:12,640

will do

220

00:10:16,829 --> 00:10:15,360

just just to get it over with

221

00:10:19,990 --> 00:10:16,839

i'll give it a

222

00:10:22,710 --> 00:10:20,000

shot my little wisp is going to go up

223

00:10:24,550 --> 00:10:22,720

here and nip at the heels of this person

224

00:10:26,630 --> 00:10:24,560

i will summon another

225

00:10:28,069 --> 00:10:26,640

hero

226

00:10:29,829 --> 00:10:28,079

and

227

00:10:32,389 --> 00:10:29,839

i will use justice light to attack this

228

00:10:33,750 --> 00:10:32,399

guy get him down to 20.

229

00:10:41,750 --> 00:10:33,760

so

230

00:10:46,470 --> 00:10:44,069

now this car this deck doesn't have a

231

00:10:49,269 --> 00:10:46,480

lot of my deck doesn't have a lot of

232

00:10:53,030 --> 00:10:49,279

giant creatures not a lot of epic things

233

00:10:55,990 --> 00:10:54,790

creatures that require high amounts of

234

00:10:58,550 --> 00:10:56,000

mana so

235

00:11:00,550 --> 00:10:58,560

my problem right now is i'm not able to

236

00:11:03,590 --> 00:11:00,560

get out enough creatures

237

00:11:06,230 --> 00:11:03,600

uh i really uh screwed myself i need to

238

00:11:08,550 --> 00:11:06,240

include in this deck uh possibly more

239

00:11:10,069 --> 00:11:08,560

cards that would allow me to draw more

240

00:11:11,110 --> 00:11:10,079

cards

241

00:11:12,150 --> 00:11:11,120

so

242

00:11:13,590 --> 00:11:12,160

uh

243

00:11:15,269 --> 00:11:13,600

that's what you do you test out a deck

244

00:11:17,190 --> 00:11:15,279

and you see where it's failing you and

245

00:11:20,310 --> 00:11:17,200

right now it's failing me and not being

246

00:11:21,269 --> 00:11:20,320

able to generate enough

247

00:11:23,190 --> 00:11:21,279

small

248

00:11:24,949 --> 00:11:23,200

creatures i can't do that but i can get

249

00:11:28,069 --> 00:11:24,959

this person out here

250

00:11:30,630 --> 00:11:28,079

deal three damage to

251

00:11:33,509 --> 00:11:30,640

the stupid druid up there i hate druids

252

00:11:35,829 --> 00:11:33,519

never been a big fan of druids

253

00:11:36,949 --> 00:11:35,839

but i have new characters are sleepy and

254

00:11:45,509 --> 00:11:36,959

they're probably going to be taken out

255

00:11:48,470 --> 00:11:47,110

yeah i think i'm gonna get my ass kicked

256

00:11:55,670 --> 00:11:48,480

from here on out

257

00:11:58,629 --> 00:11:57,350

so i'm gonna

258

00:12:02,310 --> 00:11:58,639

summon

259

00:12:04,389 --> 00:12:02,320

a little recruit down there i do have

260

00:12:05,990 --> 00:12:04,399

this bomber which is gonna do a lot of

261

00:12:15,590 --> 00:12:06,000

damage to some people so let's go ahead

262

00:12:20,629 --> 00:12:18,310

and his uh his battle cry his battlecry

263

00:12:23,110 --> 00:12:20,639

meaning once he enters battle he deals

264

00:12:24,949 --> 00:12:23,120

six damage randomly split between all of

265

00:12:27,910 --> 00:12:24,959

their characters which is

266

00:12:31,030 --> 00:12:27,920

pretty badass took down some of uh

267

00:12:33,910 --> 00:12:31,040

his creatures our lines are even

268

00:12:35,750 --> 00:12:33,920

i still got this guy with taunt meaning

269

00:12:37,670 --> 00:12:35,760

i can't attack him until i get rid of

270

00:12:40,150 --> 00:12:37,680

this stupid silverback

271

00:12:42,470 --> 00:12:40,160

monkey i hate monkeys you've got gettys

272

00:12:45,110 --> 00:12:42,480

monkeys over here all right

273

00:12:45,120 --> 00:12:50,710

boy i really want to attack him let's

274

00:12:59,269 --> 00:12:52,629

this if i attack personally it's only

275

00:13:05,350 --> 00:13:01,430

i just want to get rid of her i'm not a

276

00:13:09,990 --> 00:13:07,030

let's that's good this one's mine just

277

00:13:12,150 --> 00:13:10,000

take care of the stupid monkey

278

00:13:15,350 --> 00:13:12,160

for justice

279

00:13:26,150 --> 00:13:18,389

oh yeah i already attacked my bad

280

00:13:26,160 --> 00:13:29,269

oh boy

281

00:13:35,110 --> 00:13:31,110

i really think i used a wrong deck here

282

00:13:36,949 --> 00:13:35,120

i created a horrible deck um

283

00:13:38,949 --> 00:13:36,959

i don't have enough

284

00:13:40,949 --> 00:13:38,959

one enough cards to pump out these

285

00:13:44,150 --> 00:13:40,959

smaller creatures like this

286

00:13:46,389 --> 00:13:44,160

and two i don't have enough modifiers

287

00:13:47,590 --> 00:13:46,399

to place on these small creatures

288

00:13:49,350 --> 00:13:47,600

so

289

00:13:51,110 --> 00:13:49,360

this has been a big failure on my part

290

00:13:53,030 --> 00:13:51,120

so let's go ahead and get the

291

00:13:56,150 --> 00:13:53,040

this guy out here

292

00:13:57,110 --> 00:13:56,160

create another recruit

293

00:14:00,550 --> 00:13:57,120

and

294

00:14:01,590 --> 00:14:00,560

i got i gotta kill this

295

00:14:08,629 --> 00:14:01,600

fine

296

00:14:16,389 --> 00:14:10,310

he's got taunt

297

00:14:16,399 --> 00:14:20,470

take care of that

298

00:14:27,590 --> 00:14:22,949

and uh for justice let's go ahead and

299

00:14:30,710 --> 00:14:28,870

now

300

00:14:32,069 --> 00:14:30,720

this next turn

301

00:14:33,750 --> 00:14:32,079

he might have some

302

00:14:36,870 --> 00:14:33,760

big boys he may be able to pull out i

303

00:14:42,949 --> 00:14:39,269

god stop healing yourself you stupid

304

00:14:42,959 --> 00:14:47,430

okay let's get another recruit out there

305

00:14:53,269 --> 00:14:51,189

let's get this guy to voodoo doctor

306

00:14:54,629 --> 00:14:53,279

and i can go ahead and restore this

307

00:14:57,110 --> 00:14:54,639

guy's health

308

00:14:58,710 --> 00:14:57,120

which uh it's pretty beneficial go on

309

00:15:01,110 --> 00:14:58,720

there and take more damage now the mad

310

00:15:03,590 --> 00:15:01,120

bomber

311

00:15:05,350 --> 00:15:03,600

bomb that

312

00:15:07,269 --> 00:15:05,360

bite that dude

313

00:15:08,790 --> 00:15:07,279

slash that

314

00:15:16,310 --> 00:15:08,800

and

315

00:15:21,189 --> 00:15:19,590

stop healing yourself

316

00:15:23,430 --> 00:15:21,199

oh my god

317

00:15:24,870 --> 00:15:23,440

we gotta take her out now she has one of

318

00:15:25,670 --> 00:15:24,880

those modifiers i was talking about she

319

00:15:28,150 --> 00:15:25,680

has

320

00:15:29,749 --> 00:15:28,160

gift friendly minions plus one attack

321

00:15:31,990 --> 00:15:29,759

plus one defense

322

00:15:33,829 --> 00:15:32,000

um

323

00:15:35,990 --> 00:15:33,839

i don't like that i don't like what i'm

324

00:15:37,509 --> 00:15:36,000

seeing right now that's not a positive

325

00:15:40,389 --> 00:15:37,519

direction that i want this fight to go

326

00:15:42,389 --> 00:15:40,399

in so i want to take her out asap i have

327

00:15:44,230 --> 00:15:42,399

oh i have holy light right here i'm

328

00:15:47,670 --> 00:15:44,240

going to go ahead and restore

329

00:15:49,749 --> 00:15:47,680

uh life to myself

330

00:15:50,790 --> 00:15:49,759

uh and we can restore we can't go

331

00:15:52,150 --> 00:15:50,800

apparently i didn't know this you can't

332

00:15:53,829 --> 00:15:52,160

go past 30.

333

00:15:55,350 --> 00:15:53,839

i thought magic together and you could

334

00:15:56,870 --> 00:15:55,360

but that's the difference we're talking

335

00:15:58,389 --> 00:15:56,880

about here

336

00:15:59,829 --> 00:15:58,399

okay

337

00:16:00,790 --> 00:15:59,839

so

338

00:16:03,269 --> 00:16:00,800

uh

339

00:16:05,269 --> 00:16:03,279

two defense two defense i'm just gonna

340

00:16:07,269 --> 00:16:05,279

go ahead and say you

341

00:16:09,829 --> 00:16:07,279

voodoo doctor are most likely going to

342

00:16:12,550 --> 00:16:09,839

die and you will

343

00:16:16,629 --> 00:16:12,560

but she also died and now it's time

344

00:16:19,269 --> 00:16:16,639

for my bomber to do his damage

345

00:16:21,749 --> 00:16:19,279

go ahead and bite these ankles

346

00:16:25,590 --> 00:16:21,759

slash

347

00:16:29,110 --> 00:16:25,600

and i'm go ahead i got enough mana here

348

00:16:34,870 --> 00:16:31,030

i really need some modifiers on these

349

00:16:36,069 --> 00:16:34,880

pissy little minions they're so pathetic

350

00:16:45,829 --> 00:16:36,079

i'm getting rid of these guys the

351

00:16:52,870 --> 00:16:47,829

god that guy's got five defense

352

00:16:56,629 --> 00:16:52,880

this is not good uh oh i get a bear

353

00:17:01,749 --> 00:16:59,030

he has taunt as well this person has

354

00:17:03,670 --> 00:17:01,759

taunt he has taunt so

355

00:17:05,110 --> 00:17:03,680

hmm

356

00:17:05,990 --> 00:17:05,120

do i wait till the next round just let

357

00:17:08,710 --> 00:17:06,000

him

358

00:17:11,909 --> 00:17:08,720

be forced to attack my bear or do i try

359

00:17:12,789 --> 00:17:11,919

to take this guy out who has five

360

00:17:15,510 --> 00:17:12,799

um

361

00:17:19,270 --> 00:17:15,520

let's get another minion out there

362

00:17:21,829 --> 00:17:21,029

so what i'm gonna do i'm gonna sacrifice

363

00:17:23,189 --> 00:17:21,839

my

364

00:17:25,669 --> 00:17:23,199

matter bomber

365

00:17:27,829 --> 00:17:25,679

just to take this out

366

00:17:31,750 --> 00:17:27,839

part of my language i really i don't

367

00:17:34,950 --> 00:17:33,190

i do

368

00:17:36,630 --> 00:17:34,960

okay let's go ahead and sacrifice this

369

00:17:37,669 --> 00:17:36,640

joke

370

00:17:39,190 --> 00:17:37,679

bam

371

00:17:41,350 --> 00:17:39,200

gone now

372

00:17:43,270 --> 00:17:41,360

i have

373

00:17:45,029 --> 00:17:43,280

four damage i can do right now against

374
