

# HEARTHSTONE™

HEROES OF WARCRAFT™

Horrible Battles

TAUNT DECK

1  
00:00:11,990 --> 00:00:07,670  
hello my name is mike and i am not a

2  
00:00:15,829 --> 00:00:12,000  
good hearth stone player I offer no

3  
00:00:18,410 --> 00:00:15,839  
strategies for you no suggestions I'm

4  
00:00:22,130 --> 00:00:18,420  
not a very good video game player period

5  
00:00:26,230 --> 00:00:22,140  
I die a lot I make bad choices I just

6  
00:00:29,179 --> 00:00:26,240  
like the goof around and have fun today

7  
00:00:33,020 --> 00:00:29,189  
right now on this video I'm going to be

8  
00:00:35,569 --> 00:00:33,030  
trying out my taunt me deck which is a

9  
00:00:38,630 --> 00:00:35,579  
really annoying deck and in the goal of

10  
00:00:42,979 --> 00:00:38,640  
this deck is to prolong the battle as

11  
00:00:47,119 --> 00:00:42,989  
long as possible so possibly the other

12  
00:00:51,049 --> 00:00:47,129  
player will just concede give up and

13  
00:00:53,900 --> 00:00:51,059

also i'm using the blue the lawyer and

14

00:00:56,389 --> 00:00:53,910

he offers armor someone is going to up

15

00:00:58,580 --> 00:00:56,399

our burn myself as much as possible put

16

00:01:00,200 --> 00:00:58,590

a bunch of guys of taunt out front

17

00:01:04,039 --> 00:01:00,210

meaning they won't be able to attack me

18

00:01:05,570 --> 00:01:04,049

and really just annoy the crap out of

19

00:01:10,250 --> 00:01:05,580

the opponent now i try to do a ranked

20

00:01:21,420 --> 00:01:10,260

match here see if i can rank up a little

21

00:01:33,260 --> 00:01:25,410

I hope I find a worthy opponent that

22

00:01:39,090 --> 00:01:33,270

would be nice heavy charming I did my

23

00:01:43,380 --> 00:01:39,100

phone oh boy gosh this is Dana I'm a

24

00:01:45,570 --> 00:01:43,390

warrior who asked for it look at that I

25

00:01:53,580 --> 00:01:45,580

got a couple people with taunt already

26

00:02:01,080 --> 00:01:53,590

so let's go ahead and do this oh this is

27

00:02:06,889 --> 00:02:01,090

gonna be really annoying for them they

28

00:02:06,899 --> 00:02:13,790

let's do this tonight Oh God

29

00:02:22,170 --> 00:02:17,010

well alright my god with taunt is still

30

00:02:23,930 --> 00:02:22,180

still there you can do some damage I've

31

00:02:27,350 --> 00:02:23,940

got another guy with taunt that's great

32

00:02:38,070 --> 00:02:27,360

I'll give myself some armor and attack

33

00:02:39,390 --> 00:02:38,080

BAM in your face and some damage ok this

34

00:02:45,090 --> 00:02:39,400

will break out this bad boy little later

35

00:02:52,320 --> 00:02:45,100

the Bears coming up next and that's all

36

00:02:55,110 --> 00:02:52,330

right that's ok because i have i have

37

00:03:01,710 --> 00:02:55,120

this mr. grizzly bear going out there do

38

00:03:03,240 --> 00:03:01,720

that let's make it happen no I have to

39

00:03:05,040 --> 00:03:03,250

imagine that this person is thinking

40

00:03:10,730 --> 00:03:05,050

okay he's getting all this taunts out of

41

00:03:17,610 --> 00:03:13,050

probably no one over hey do I want to

42

00:03:22,530 --> 00:03:17,620

waste another fireball on this this nice

43

00:03:24,780 --> 00:03:22,540

little bear down there and he's taking

44

00:03:27,390 --> 00:03:24,790

it up what are you gonna do oh yes so

45

00:03:28,710 --> 00:03:27,400

yes digging it over he's probably I

46

00:03:30,810 --> 00:03:28,720

can't possibly have any more creatures

47

00:03:36,970 --> 00:03:30,820

with time

48

00:03:39,430 --> 00:03:36,980

no but I do oh but I do I got this I

49

00:03:40,870 --> 00:03:39,440

gotta I gotta bust out my my weapon so I

50

00:03:46,560 --> 00:03:40,880

can start using that I got two of them

51  
00:03:51,340 --> 00:03:48,700  
block with these guys and have this

52  
00:03:53,290 --> 00:03:51,350  
basically my warrior attack but right

53  
00:03:57,070 --> 00:03:53,300  
now I'm doing some little damage here

54  
00:04:03,780 --> 00:03:57,080  
and there so it's working better than I

55  
00:04:09,869 --> 00:04:06,899  
I find taunt really annoying I don't

56  
00:04:13,140 --> 00:04:09,879  
like going up against it so I guess I'd

57  
00:04:16,740 --> 00:04:13,150  
become what I've hated making I picked

58  
00:04:19,140 --> 00:04:16,750  
up as many taunts taunt means that I lie

59  
00:04:20,879 --> 00:04:19,150  
could get so I'm just go ahead and in

60  
00:04:28,890 --> 00:04:20,889  
this turn my bad I'm yakking away i

61  
00:04:40,689 --> 00:04:32,800  
got some smoke stacks over there oh wow

62  
00:04:45,040 --> 00:04:40,699  
look at that oh my god six damage all

63  
00:04:48,430 --> 00:04:45,050

right listen I'm tired of this but i

64

00:04:56,980 --> 00:04:48,440  
will get this get this guy out here

65

00:05:01,950 --> 00:04:56,990  
battle cry there we go 55 bear will

66

00:05:04,570 --> 00:05:01,960  
attack and i'm going to end this turn

67

00:05:08,640 --> 00:05:04,580  
hopefully she doesn't have a powerful

68

00:05:14,290 --> 00:05:08,650  
spell to take out my my newly summoned

69

00:05:16,990 --> 00:05:14,300  
Frostwolf warlord which could be quite

70

00:05:18,370 --> 00:05:17,000  
powerful if i get some other friendly

71

00:05:21,219 --> 00:05:18,380  
minions out there need some more talk

72

00:05:29,230 --> 00:05:21,229  
guys this guy could come out next work

73

00:05:33,820 --> 00:05:29,240  
it up arming myself next need to start

74

00:05:36,790 --> 00:05:33,830  
annoying her for Anthony even more oh

75

00:05:43,330 --> 00:05:36,800  
he's gonna bring out something eyes in

76

00:05:45,700 --> 00:05:43,340

charge he's got hit my bear no all right

77

00:05:51,520 --> 00:05:45,710

this is where it gets annoying for them

78

00:05:56,710 --> 00:05:51,530

another taun creature up armor and tact

79

00:05:59,469 --> 00:05:56,720

with my work my world Lord all right but

80

00:06:02,290 --> 00:05:59,479

he has to be giving annoyed all right

81

00:06:07,000 --> 00:06:02,300

there we go like how many taunts can you

82

00:06:15,810 --> 00:06:07,010

have oh I got plenty too many actually

83

00:06:20,129 --> 00:06:15,820

oh yes what to do what to do what to do

84

00:06:24,189 --> 00:06:20,139

you think about that oh my lord no

85

00:06:28,000 --> 00:06:24,199

that's fine I can go around that oh look

86

00:06:29,080 --> 00:06:28,010

at that another guy taught um let's go

87

00:06:33,300 --> 00:06:29,090

ahead and bring this bad boy out here

88

00:06:35,230 --> 00:06:33,310

he's got six taunt let's make it happen

89

00:06:45,980 --> 00:06:35,240

let's just go ahead and make this happen

90

00:06:52,410 --> 00:06:50,340

jobs done and yeah I'm gonna try not to

91

00:06:54,920 --> 00:06:52,420

attack him cuz he gains three attack

92

00:07:01,080 --> 00:06:54,930

every time I heard him some us then

93

00:07:04,620 --> 00:07:01,090

screw it attack me I'll take it no no

94

00:07:08,310 --> 00:07:04,630

turning to his sheep not even sheep with

95

00:07:12,540 --> 00:07:08,320

taunt we can't you gotta taught you got

96

00:07:19,950 --> 00:07:12,550

it you can't take him yes but he'll gain

97

00:07:25,650 --> 00:07:19,960

some power yeah he thought better of it

98

00:07:30,850 --> 00:07:29,080

okay well gained a lot of power there

99

00:07:33,999 --> 00:07:30,860

not a big fan of what happened right

100

00:07:36,850 --> 00:07:34,009

there but I got another guy with ton out

101  
00:07:39,670 --> 00:07:36,860  
here so he wants to attacking again he's

102  
00:07:41,860 --> 00:07:39,680  
just gonna die he'll be powered up quite

103  
00:07:43,300 --> 00:07:41,870  
a bit but I have some of the guys in

104  
00:07:48,520 --> 00:07:43,310  
town so he might not be able to get to

105  
00:08:01,180 --> 00:07:48,530  
me at all let's see what happens i gotta

106  
00:08:04,960 --> 00:08:01,190  
she be he attack attack down to six i'm

107  
00:08:07,080 --> 00:08:04,970  
gonna let this guy hang back I guess he

108  
00:08:11,760 --> 00:08:07,090  
could get attacked it what the hell I

109  
00:08:15,399 --> 00:08:11,770  
got eight so let's go ahead and up armor

110  
00:08:19,809 --> 00:08:15,409  
bring up this guy lon and bring out this

111  
00:08:21,999 --> 00:08:19,819  
guy probably not a good move because he

112  
00:08:23,290 --> 00:08:22,009  
I can be taken out with a card if he

113  
00:08:34,620 --> 00:08:23,300

does to damage across the board but

114

00:08:43,480 --> 00:08:38,759

behold the might of cold wind my lord

115

00:08:46,420 --> 00:08:43,490

the might of storm windows oh he's got

116

00:08:59,680 --> 00:08:46,430

nine but he better do something this

117

00:09:07,640 --> 00:09:02,270

so that was a much quicker than I

118

00:09:16,460 --> 00:09:07,650

anticipated apparently my tante deck is

119

00:09:18,740 --> 00:09:16,470

very annoying and very useful and all

120

00:09:21,320 --> 00:09:18,750

right well thanks a lot for watching

121

00:09:23,900 --> 00:09:21,330

please subscribe and/or like this video
