116

00:07:50,579 --> 00:07:49,659

weapon if you have dynamite I don't

117

00:07:53,590 --> 00:07:50,589

think we're gonna last thing I picked

118

00:07:55,750 --> 00:07:53,600

him up [h\_\_h] this is

119

00:08:05,920 --> 00:07:55,760

I don't think I picked up the torches no

120

00:08:08,680 --> 00:08:05,930

okay maybe I just seen the movie go yeah

121

00:08:10,450 --> 00:08:08,690

okay I got some okay that's it that's my

122

00:08:14,910 --> 00:08:10,460

weapon all right let's try to go back up

123

00:08:27,400 --> 00:08:14,920

through your castle and soon we find

124

00:08:29,200 --> 00:08:27,410

there's nothing of value in there yeah

125

00:08:32,469 --> 00:08:29,210

booking come in our Kurt's all the way

126

00:08:33,820 --> 00:08:32,479

back here Jeff yeah well it's not gonna

127

00:08:44,020 --> 00:08:33,830

do any good right now we just came from

128

00:08:46,990 --> 00:08:44,030

that way yeah Castle front door is open

129

00:08:52,170 --> 00:08:47,000

I'm getting close that up what are we

130

00:08:57,600 --> 00:08:52,180

doing born in a barn zombies can get in

131

00:09:02,320 --> 00:08:57,610

girl what's daytime now so there's no

132

00:09:04,240 --> 00:09:02,330

zombies or or spiders or anything they

133

00:09:08,170 --> 00:09:04,250

were good we supposed to do mine stuff

134

00:09:11,440 --> 00:09:08,180

right now I guess so well I think that

135

00:09:13,420 --> 00:09:11,450

concludes our first survival journey in

136

00:09:16,180 --> 00:09:13,430

Minecraft and we realize we're gonna

137

00:09:19,710 --> 00:09:16,190

have to lay down some weapons and stuff

138

00:09:23,580 --> 00:09:19,720

like that although it was very harrowing

139

00:09:28,260 --> 00:09:23,590

we learned we learned a lot what's so

140

00:09:31,000 --> 00:09:28,270

about falling and dying gravity yeah um

141

00:09:32,890 --> 00:09:31,010

where you should enter things and thank

142

00:09:34,960 --> 00:09:32,900

God you remember the stairs because I

143

00:09:37,540 --> 00:09:34,970

had no I started to panic I forgot we

144

00:09:42,370 --> 00:09:37,550

actually built entrances and exits exits

145

00:09:45,160 --> 00:09:42,380

and stairs and everything so let's sign

146

00:09:48,490 --> 00:09:45,170

off episode three minecraft conspiracy

147

00:09:52,360 --> 00:09:48,500

land survival mode normal kind of a

148

00:09:54,280 --> 00:09:52,370

success we got our weapons back so all
