

EMPIRE AT WAR™

1
00:00:09,509 --> 00:00:07,829
hello everyone and welcome to star wars

2
00:00:12,390 --> 00:00:09,519
empire at war

3
00:00:15,110 --> 00:00:12,400
a real-time strategy game that was

4
00:00:17,349 --> 00:00:15,120
released originally in 2006 i'm playing

5
00:00:19,910 --> 00:00:17,359
it right now on my mac

6
00:00:22,790 --> 00:00:19,920
i will be the empire

7
00:00:25,750 --> 00:00:22,800
and i will be up against your rebellion

8
00:00:28,150 --> 00:00:25,760
dealing with han solo and luke skywalker

9
00:00:30,950 --> 00:00:28,160
and all those crazy characters

10
00:00:34,470 --> 00:00:30,960
uh i will be uh making some poor

11
00:00:36,790 --> 00:00:34,480
strategic decisions by immediately using

12
00:00:39,590 --> 00:00:36,800
the emperor and darth vader on the front

13
00:00:41,990 --> 00:00:39,600

lines sending them right into the heart

14

00:00:43,430 --> 00:00:42,000
of the battle against rebellion

15

00:00:45,350 --> 00:00:43,440
let's begin

16

00:00:51,350 --> 00:00:45,360
so here are these i'm going to

17

00:00:57,189 --> 00:00:52,790
huge

18

00:00:59,830 --> 00:00:57,199
armada and see if i can build um

19

00:01:01,830 --> 00:00:59,840
i had to recruit some soldiers

20

00:01:05,750 --> 00:01:01,840
i need more

21

00:01:07,750 --> 00:01:05,760
stormtroopers that's all i know

22

00:01:10,830 --> 00:01:07,760
and can i get some goddamn ships yeah i

23

00:01:13,030 --> 00:01:10,840
need superstar destroyers star

24

00:01:14,390 --> 00:01:13,040
destroyers and everything so here's a

25

00:01:15,830 --> 00:01:14,400
gravity well station that might be

26

00:01:17,670 --> 00:01:15,840

helpful

27

00:01:18,870 --> 00:01:17,680

uh last time i just went in with default

28

00:01:22,149 --> 00:01:18,880

ships

29

00:01:25,749 --> 00:01:22,159

this time i'm suping up with

30

00:01:29,670 --> 00:01:28,149

that's this will be nice

31

00:01:33,030 --> 00:01:29,680

gonna get some more of these guys gonna

32

00:01:38,149 --> 00:01:35,030

broadside cruisers can i get a superstar

33

00:01:41,190 --> 00:01:39,270

i think that's critical i need a

34

00:01:43,830 --> 00:01:41,200

superstar destroyer

35

00:01:45,190 --> 00:01:43,840

or maybe a research facility

36

00:01:50,149 --> 00:01:45,200

uh yeah

37

00:01:53,350 --> 00:01:51,749

we have discovered a traitor in our

38

00:01:56,950 --> 00:01:53,360

midst

39

00:02:00,069 --> 00:01:56,960

okay we need to send an emissary to help

40

00:02:02,789 --> 00:02:00,079

convince others of their wrongdoing

41

00:02:05,350 --> 00:02:02,799

uh location mon

42

00:02:08,550 --> 00:02:05,360

calamari if we go there neutralize the

43

00:02:11,110 --> 00:02:08,560

rebel hero with boba fett he's boba

44

00:02:13,350 --> 00:02:11,120

fett's busy sorry

45

00:02:15,110 --> 00:02:13,360

he is uh busy to uh

46

00:02:17,589 --> 00:02:15,120

he's gathered up with the emperor boba

47

00:02:20,470 --> 00:02:17,599

fett yeah wait boba fett's with the

48

00:02:22,550 --> 00:02:20,480

emperor and uh darth vader so

49

00:02:23,910 --> 00:02:22,560

can't do it

50

00:02:25,670 --> 00:02:23,920

what i could do

51
00:02:27,270 --> 00:02:25,680
is send these guys down to tattooing

52
00:02:30,470 --> 00:02:27,280
just to kind of weaken them up

53
00:02:32,070 --> 00:02:30,480
and i think i will do that

54
00:02:33,830 --> 00:02:32,080
and then i'll be able to land on

55
00:02:34,830 --> 00:02:33,840
tattooing with

56
00:02:36,550 --> 00:02:34,840
all

57
00:02:38,710 --> 00:02:36,560
right

58
00:02:40,710 --> 00:02:38,720
let's see what happens

59
00:02:43,110 --> 00:02:40,720
because i have a backup force

60
00:02:49,110 --> 00:02:43,120
with my heavies if this fails which it

61
00:02:52,949 --> 00:02:51,589
ah boy okay

62
00:02:55,110 --> 00:02:52,959
let's see what happens here this is not

63
00:02:57,350 --> 00:02:55,120

gonna be good

64

00:02:59,190 --> 00:02:57,360

although i got some pretty big

65

00:03:02,070 --> 00:02:59,200

ships

66

00:03:03,589 --> 00:03:02,080

let's uh see what they got

67

00:03:05,190 --> 00:03:03,599

oh they just got a bunch of rocks we're

68

00:03:07,670 --> 00:03:05,200

good reporting that there is a hostile

69

00:03:10,070 --> 00:03:07,680

prison surrounding the planet oh yeah to

70

00:03:12,470 --> 00:03:10,080

any forces that oppose the empire

71

00:03:14,309 --> 00:03:12,480

just hostile falls was over there

72

00:03:15,750 --> 00:03:14,319

i should probably destroy him

73

00:03:20,070 --> 00:03:15,760

it looks like on my mini-map that there

74

00:03:30,869 --> 00:03:22,869

so

75

00:03:30,879 --> 00:03:34,550

let's head down here

76

00:03:38,470 --> 00:03:36,789

oh my lord

77

00:03:47,110 --> 00:03:38,480

everyone attack

78

00:04:05,750 --> 00:03:49,110

concentrate all fire

79

00:04:05,760 --> 00:04:09,110

that's right 98

80

00:04:17,990 --> 00:04:14,390

nice

81

00:04:30,550 --> 00:04:20,069

turbo laser battery or

82

00:04:34,469 --> 00:04:32,790

my tie fighters are kind of busy

83

00:04:35,510 --> 00:04:34,479

all right you know i'm doing a better

84

00:04:36,870 --> 00:04:35,520

job

85

00:04:39,749 --> 00:04:36,880

when i actually have

86

00:04:44,950 --> 00:04:39,759

star destroyers on my on my side i can

87

00:04:44,960 --> 00:04:57,590

take out that hanger

88

00:05:01,909 --> 00:04:59,990

no no we're losing people

89

00:05:14,390 --> 00:05:01,919

this is kind of

90

00:05:18,390 --> 00:05:16,310

but we seem to be doing a

91

00:05:20,710 --> 00:05:18,400

good bit of damage

92

00:05:22,390 --> 00:05:20,720

and they might wind up retreating which

93

00:05:24,629 --> 00:05:22,400

is uh best for everybody

94

00:05:26,550 --> 00:05:24,639

we're trying to avoid conflict at uh any

95

00:05:32,710 --> 00:05:26,560

and all costs we we don't want debt

96

00:05:35,430 --> 00:05:33,749

oh no

97

00:05:47,270 --> 00:05:35,440

we lost uh

98

00:05:47,280 --> 00:05:58,629

nice okay

99

00:06:02,390 --> 00:06:01,350

space station destroyed i think they're

100

00:06:03,590 --> 00:06:02,400

uh

101
00:06:06,309 --> 00:06:03,600
they're getting out of here yep

102
00:06:09,270 --> 00:06:06,319
rebellion retreat hyperspace jump so all

103
00:06:12,550 --> 00:06:09,280
i really needed was

104
00:06:14,710 --> 00:06:12,560
three star destroyers i uh didn't lose

105
00:06:17,670 --> 00:06:14,720
my star destroyers i did lose a probably

106
00:06:18,710 --> 00:06:17,680
a bunch of x-wings

107
00:06:21,510 --> 00:06:18,720
not bad

108
00:06:23,909 --> 00:06:21,520
my first major victory

109
00:06:25,350 --> 00:06:23,919
i lost a broadside cruiser

110
00:06:28,070 --> 00:06:25,360
which is gonna happen in any space

111
00:06:29,189 --> 00:06:28,080
battle if you think about it

112
00:06:33,670 --> 00:06:29,199
great

113
00:06:38,150 --> 00:06:35,990

let's check in here

114

00:06:40,469 --> 00:06:38,160

i got uh

115

00:06:42,950 --> 00:06:40,479

my facilities

116

00:06:44,710 --> 00:06:42,960

i got some

117

00:06:45,909 --> 00:06:44,720

ground forces

118

00:06:47,590 --> 00:06:45,919

actually i probably should move some

119

00:06:51,990 --> 00:06:47,600

ground forces

120

00:06:56,870 --> 00:06:54,629

it's actually useful

121

00:06:58,629 --> 00:06:56,880

and i better leave my my planet totally

122

00:07:00,950 --> 00:06:58,639

defenseless as well too

123

00:07:02,950 --> 00:07:00,960

because you you're gonna want that

124

00:07:05,350 --> 00:07:02,960

construction although they're moving in

125

00:07:08,629 --> 00:07:05,360

a tattooing oh my god

126

00:07:08,639 --> 00:07:17,830

oh my god it's a trap

127

00:07:17,840 --> 00:07:24,070

all right let's do it

128

00:07:27,350 --> 00:07:26,309

admiral akbar comes straight at

129

00:07:32,629 --> 00:07:27,360

me

130

00:07:36,230 --> 00:07:34,550

i wasn't causing a problem

131

00:07:37,670 --> 00:07:36,240

i wasn't doing anything crazy i was

132

00:07:39,510 --> 00:07:37,680

minding my own business an admiral rock

133

00:07:43,350 --> 00:07:39,520

ball comes out of nowhere saying hey i

134

00:07:43,360 --> 00:07:46,629

there they are

135

00:07:46,639 --> 00:07:49,990

what's going on i'm scared

136

00:07:54,309 --> 00:07:51,990

oh my god there's a admiral ackbar

137

00:07:57,510 --> 00:07:54,319

must not be compromised i know that

138

00:08:00,150 --> 00:07:57,520

destroy every intruder to our system

139

00:08:01,589 --> 00:08:00,160

concentrate all fire power on admiral

140

00:08:11,270 --> 00:08:01,599

akbar

141

00:08:11,280 --> 00:08:15,350

oh my god

142

00:08:19,589 --> 00:08:17,430

what is this the engines or the shield

143

00:08:23,110 --> 00:08:19,599

generator attack the shield generator

144

00:08:23,120 --> 00:08:28,629

holy

145

00:08:28,639 --> 00:08:37,829

this is not gonna work out for me

146

00:08:37,839 --> 00:08:44,870

my god

147

00:08:52,230 --> 00:08:46,550

akbar is annihilating me look at those

148

00:08:57,990 --> 00:08:54,389

boost weapon power

149

00:09:01,110 --> 00:08:59,829

oh and they got luke skywalker's over

150

00:09:01,110 --> 00:09:08,550

there too

151
00:09:20,870 --> 00:09:11,750
i ain't playing around like this luke

152
00:09:35,670 --> 00:09:23,350
oh

153
00:09:39,910 --> 00:09:37,430
they lost

154
00:09:42,150 --> 00:09:39,920
two wide wings i lost

155
00:09:43,829 --> 00:09:42,160
three

156
00:09:44,710 --> 00:09:43,839
star destroyers

157
00:09:50,230 --> 00:09:44,720
two

158
00:09:52,949 --> 00:09:51,829
and i think they went back to naboo is

159
00:09:55,670 --> 00:09:52,959
that where they're going they're going

160
00:09:55,680 --> 00:09:58,550
all right

161
00:10:08,710 --> 00:10:01,990
they got tattooing tatooine again

162
00:10:13,990 --> 00:10:11,350
i think it's time
