

WIMPECRAFT

CONSPIRACY LAND

SURVIVAL!!!

1
00:00:09,990 --> 00:00:07,349
welcome back to another episode of

2
00:00:13,190 --> 00:00:10,000
minecraft conspiracy land

3
00:00:14,470 --> 00:00:13,200
today we are going to do survival mode

4
00:00:16,390 --> 00:00:14,480
and we're going to try to do a

5
00:00:19,349 --> 00:00:16,400
walkthrough of skull mountain and see

6
00:00:21,830 --> 00:00:19,359
how far we can get

7
00:00:24,390 --> 00:00:21,840
this is survival mode normal we don't

8
00:00:26,630 --> 00:00:24,400
know how long uh it will take for us to

9
00:00:28,470 --> 00:00:26,640
die but we're going to give it our best

10
00:00:34,150 --> 00:00:28,480
uh our best go

11
00:00:37,110 --> 00:00:35,510
yeah

12
00:00:38,310 --> 00:00:37,120
is your is your mic i'm mute again i

13
00:00:40,229 --> 00:00:38,320

can't hear you

14

00:00:41,990 --> 00:00:40,239

yeah it is crap i keep i keep touching

15

00:00:45,030 --> 00:00:42,000

it like i like good to take like a drink

16

00:00:45,830 --> 00:00:45,040

of water and i hit my mutant i leave it

17

00:00:46,790 --> 00:00:45,840

on

18

00:00:49,670 --> 00:00:46,800

anyways

19

00:00:51,670 --> 00:00:49,680

what's your health at right now

20

00:00:54,470 --> 00:00:51,680

um

21

00:00:57,750 --> 00:00:54,480

not full i'm two and a half hearts

22

00:00:59,590 --> 00:00:57,760

to full i am like half health so we need

23

00:01:02,229 --> 00:00:59,600

to hurry up and get some goddamn food

24

00:01:03,510 --> 00:01:02,239

because i am starving

25

00:01:05,910 --> 00:01:03,520

for health

26

00:01:07,750 --> 00:01:05,920

so let's go down here please

27

00:01:10,230 --> 00:01:07,760

i can assure you we have no food down in

28

00:01:13,750 --> 00:01:10,240

the dungeon but let's check it out

29

00:01:16,149 --> 00:01:13,760

you're right oh hold on oh crap oh

30

00:01:17,590 --> 00:01:16,159

i just broke my ankle

31

00:01:18,789 --> 00:01:17,600

i'm at three and a half hearts down at

32

00:01:21,350 --> 00:01:18,799

the bottom

33

00:01:21,350 --> 00:01:22,550

i told you to be careful oh

34

00:01:26,390 --> 00:01:24,789

well anyways

35

00:01:27,350 --> 00:01:26,400

all right

36

00:01:30,070 --> 00:01:27,360

um

37

00:01:31,990 --> 00:01:30,080

well okay let's

38

00:01:32,870 --> 00:01:32,000

let's continue on

39

00:01:34,789 --> 00:01:32,880

to

40

00:01:37,190 --> 00:01:34,799

the the first room are you gonna be able

41

00:01:39,030 --> 00:01:37,200

to survive this trip

42

00:01:41,910 --> 00:01:39,040

hold on i'm gonna go first we'll find

43

00:01:44,149 --> 00:01:41,920

out i'm gonna go first

44

00:01:46,710 --> 00:01:44,159

this is like oh you lose a half

45

00:01:47,990 --> 00:01:46,720

health if you drop

46

00:01:49,910 --> 00:01:48,000

i'm good

47

00:01:51,510 --> 00:01:49,920

this is like portal you drop in the room

48

00:01:54,469 --> 00:01:51,520

you can't get back out and i have to

49

00:01:55,510 --> 00:01:54,479

solve your own problem all right uh

50

00:01:57,270 --> 00:01:55,520

so

51
00:01:59,270 --> 00:01:57,280
assessing the situation i see a treasure

52
00:02:01,270 --> 00:01:59,280
chest up there we can't make

53
00:02:04,149 --> 00:02:01,280
there's a nook here

54
00:02:08,070 --> 00:02:04,159
and we can maybe run and jump across i

55
00:02:10,550 --> 00:02:08,080
might be able to make this nook though

56
00:02:14,390 --> 00:02:10,560
i made the jump across i made the note

57
00:02:18,550 --> 00:02:17,589
oh i just i i broke my ankle big

58
00:02:20,550 --> 00:02:18,560
time

59
00:02:22,550 --> 00:02:20,560
i have like two broken ankles okay well

60
00:02:24,229 --> 00:02:22,560
i made it i'm still alive though

61
00:02:26,070 --> 00:02:24,239
i'm still alive

62
00:02:29,350 --> 00:02:26,080
all right this is the first room of our

63
00:02:31,510 --> 00:02:29,360

dungeon there's a lava highway yes great

64

00:02:33,670 --> 00:02:31,520

skeleton picture down there very very

65

00:02:34,550 --> 00:02:33,680

pretty yes okay so we got to go down and

66

00:02:36,390 --> 00:02:34,560

uh

67

00:02:38,949 --> 00:02:36,400

looks like we have the the staircase

68

00:02:40,869 --> 00:02:38,959

down here into the wrist all right my

69

00:02:43,270 --> 00:02:40,879

ankle hurts so bad though i have like

70

00:02:44,630 --> 00:02:43,280

two and a half health left that's all i

71

00:02:47,190 --> 00:02:44,640

have

72

00:02:48,949 --> 00:02:47,200

i'm free

73

00:02:50,790 --> 00:02:48,959

i'm scared

74

00:02:52,550 --> 00:02:50,800

there's no way we can do this there's no

75

00:02:53,350 --> 00:02:52,560

way

76

00:02:55,509 --> 00:02:53,360

oh

77

00:02:57,589 --> 00:02:55,519

i i hardcore minecraft players should

78

00:02:59,990 --> 00:02:57,599

probably do this i hope oh yeah they

79

00:03:02,309 --> 00:03:00,000

could do it but well thank god you know

80

00:03:05,910 --> 00:03:02,319

what we have not encountered any

81

00:03:07,270 --> 00:03:05,920

monsters yet have you noticed that

82

00:03:09,270 --> 00:03:07,280

yeah there were some up there in the

83

00:03:11,270 --> 00:03:09,280

hallway when we uh before we went into

84

00:03:12,550 --> 00:03:11,280

the uh room okay

85

00:03:14,790 --> 00:03:12,560

that dark hallway there were some

86

00:03:16,710 --> 00:03:14,800

monsters be left in behind okay we

87

00:03:18,470 --> 00:03:16,720

got this water room here looks like

88

00:03:21,830 --> 00:03:18,480

zelda how can we get can we get over

89

00:03:31,670 --> 00:03:25,990

i i had stairs here before to help us up

90

00:03:36,070 --> 00:03:33,589

better hit you i'm sorry oh i'm almost

91

00:03:38,710 --> 00:03:36,080

dead i hit you yeah i can't get over

92

00:03:47,350 --> 00:03:40,309

i'm trying to chop down this fence

93

00:03:50,390 --> 00:03:48,630

come on

94

00:03:52,390 --> 00:03:50,400

we gotta break down this fence jeff why

95

00:03:53,670 --> 00:03:52,400

is this fence up

96

00:03:56,550 --> 00:03:53,680

how do you

97

00:03:58,550 --> 00:03:56,560

it's aesthetically pleasing it's

98

00:04:02,149 --> 00:03:58,560

it's a barrier this is annoying how are

99

00:04:05,750 --> 00:04:04,309

hold on

100

00:04:10,229 --> 00:04:05,760

is there anything we can use to break

101
00:04:15,110 --> 00:04:12,869
he just broke your ankle

102
00:04:17,509 --> 00:04:15,120
all right i'm dead i'm almost dead

103
00:04:18,789 --> 00:04:17,519
you're good you've never been better

104
00:04:20,229 --> 00:04:18,799
all right so

105
00:04:22,150 --> 00:04:20,239
come come here jeff you have to put

106
00:04:23,830 --> 00:04:22,160
stairs in the other side of this fence

107
00:04:25,430 --> 00:04:23,840
well no hey look that's up for the

108
00:04:27,189 --> 00:04:25,440
players to decide

109
00:04:32,070 --> 00:04:27,199
we're going to give them one yes is

110
00:04:37,110 --> 00:04:34,710
all right follow me i i need i need some

111
00:04:38,469 --> 00:04:37,120
help hold on you know i don't have we

112
00:04:40,150 --> 00:04:38,479
don't have any health

113
00:04:43,510 --> 00:04:40,160

this is not a health

114

00:04:47,510 --> 00:04:45,270

hey you got

115

00:04:49,990 --> 00:04:47,520

does that give you health

116

00:04:52,790 --> 00:04:50,000

uh no it didn't it just made me it gave

117

00:04:54,469 --> 00:04:52,800

me more chicken wings apparently well i

118

00:04:55,909 --> 00:04:54,479

mean your food's good but it doesn't

119

00:04:57,909 --> 00:04:55,919

help out her health all right oh and

120

00:05:00,310 --> 00:04:57,919

then come up here look if you die you

121

00:05:01,909 --> 00:05:00,320

die look this is a part and running man

122

00:05:03,270 --> 00:05:01,919

all right so whatever you do i don't

123

00:05:05,110 --> 00:05:03,280

know

124

00:05:06,790 --> 00:05:05,120

here's the thing i want to discover

125

00:05:08,950 --> 00:05:06,800

before i mean weren't there supposed to

126

00:05:11,350 --> 00:05:08,960

be other trap rooms in here there will

127

00:05:13,430 --> 00:05:11,360

be i mean how they get how they get up

128

00:05:15,430 --> 00:05:13,440

here is not how we got up here we have

129

00:05:17,350 --> 00:05:15,440

not modified that yet right

130

00:05:19,430 --> 00:05:17,360

so here's the thing

131

00:05:21,830 --> 00:05:19,440

i don't know if this fire is going to

132

00:05:23,670 --> 00:05:21,840

hurt us or not i'm going to go down and

133

00:05:25,670 --> 00:05:23,680

it's going to kill us no i gotta find

134

00:05:29,909 --> 00:05:25,680

out you'll die in the fire

135

00:05:33,430 --> 00:05:31,990

uh five bucks five bucks all right fire

136

00:05:40,710 --> 00:05:33,440

five bucks i'm not gonna die drop in the

137

00:05:43,670 --> 00:05:42,710

good news is

138

00:05:45,270 --> 00:05:43,680

i

139

00:05:47,430 --> 00:05:45,280

have full health

140

00:05:55,430 --> 00:05:47,440

bad news is i started

141

00:05:55,440 --> 00:06:01,590

ankle

142

00:06:07,909 --> 00:06:05,990

okay here we go i'm coming

143

00:06:09,510 --> 00:06:07,919

oh god damn it

144

00:06:11,749 --> 00:06:09,520

all right i'm

145

00:06:15,590 --> 00:06:11,759

i'm really close i'm only down one heart

146

00:06:19,189 --> 00:06:17,590

you gotta you got an arrow or a bow you

147

00:06:20,390 --> 00:06:19,199

can give me

148

00:06:21,590 --> 00:06:20,400

i'm scared

149

00:06:22,550 --> 00:06:21,600

um

150

00:06:23,909 --> 00:06:22,560

please

151
00:06:26,230 --> 00:06:23,919
figure it out

152
00:06:27,909 --> 00:06:26,240
please give me something

153
00:06:30,309 --> 00:06:27,919
okay i'm here

154
00:06:32,150 --> 00:06:30,319
oh god

155
00:06:37,350 --> 00:06:32,160
now the good news is i did not encounter

156
00:06:38,629 --> 00:06:37,360
any zombies spiders or or demons so

157
00:06:40,629 --> 00:06:38,639
okay

158
00:06:44,390 --> 00:06:40,639
down here i'll see what i have

159
00:06:48,950 --> 00:06:46,870
i have this inventory uh just give me a

160
00:06:54,309 --> 00:06:48,960
goddamn block

161
00:06:54,319 --> 00:06:58,710
give me all you got

162
00:06:58,720 --> 00:07:01,990
all right

163
00:07:08,550 --> 00:07:03,830

drop this

164

00:07:11,589 --> 00:07:09,749

there you go

165

00:07:14,950 --> 00:07:11,599

thank you

166

00:07:21,430 --> 00:07:17,350

all right let's go on

167

00:07:24,870 --> 00:07:23,189

i hear monsters

168

00:07:30,790 --> 00:07:24,880

we gotta go

169

00:07:35,350 --> 00:07:33,350

take that stone

170

00:07:37,430 --> 00:07:35,360

i got some cobblestone awesome thank you

171

00:07:55,270 --> 00:07:37,440

all right

172

00:07:56,550 --> 00:07:55,280

you can jump down and grab your treasure

173

00:07:58,309 --> 00:07:56,560

chest but

174

00:08:00,390 --> 00:07:58,319

don't do it the problem with this puzzle

175

00:08:03,110 --> 00:08:00,400

is is that you can never get back up top

176

00:08:06,550 --> 00:08:03,120

no you can through the piston

177

00:08:08,230 --> 00:08:06,560

oh okay okay so

178

00:08:10,830 --> 00:08:08,240

it really creates the dilemma for the

179

00:08:14,309 --> 00:08:12,790

yeah but you want to risk it and get

180

00:08:16,390 --> 00:08:14,319

some treasure or do you want to keep

181

00:08:18,790 --> 00:08:16,400

going so i don't know if people can

182

00:08:21,749 --> 00:08:18,800

successfully navigate walking through

183

00:08:23,670 --> 00:08:21,759

that fire and living to get all the

184

00:08:25,589 --> 00:08:23,680

treasures in that treasure chest down

185

00:08:27,430 --> 00:08:25,599

there and then coming back up

186

00:08:28,550 --> 00:08:27,440

it should be a risk it should be like d

187

00:08:30,790 --> 00:08:28,560

like do you want to

188

00:08:32,230 --> 00:08:30,800

take your dexterity test and even get it

189

00:08:33,589 --> 00:08:32,240

or

190

00:08:35,430 --> 00:08:33,599

keep going

191

00:08:37,190 --> 00:08:35,440

i don't know i mean yeah i agree i

192

00:08:38,790 --> 00:08:37,200

completely agree with you

193

00:08:40,949 --> 00:08:38,800

but it's not something i want to do

194

00:08:44,389 --> 00:08:40,959

right now because one i'm starving in

195

00:08:45,670 --> 00:08:44,399

two i only have an arrow

196

00:08:47,990 --> 00:08:45,680

right right

197

00:08:50,790 --> 00:08:48,000

you're not right now oh at the second

198

00:08:51,829 --> 00:08:50,800

you know you wouldn't personally no this

199

00:08:53,750 --> 00:08:51,839

is a

200

00:08:56,070 --> 00:08:53,760

i'm not in any mood to make a decision

201
00:08:58,150 --> 00:08:56,080
like this especially if this is if this

202
00:09:00,470 --> 00:08:58,160
course is being timed am i going to take

203
00:09:02,870 --> 00:09:00,480
a risk down there and hopefully get a

204
00:09:04,550 --> 00:09:02,880
food a potion or

205
00:09:07,509 --> 00:09:04,560
or a sword or where i'm just going to

206
00:09:09,110 --> 00:09:07,519
try to dash like hell to get the

207
00:09:11,509 --> 00:09:09,120
our treasure chests are full of like

208
00:09:12,310 --> 00:09:11,519
novelty pieces of but hey there's

209
00:09:13,990 --> 00:09:12,320
nothing

210
00:09:17,269 --> 00:09:14,000
right now

211
00:09:19,829 --> 00:09:17,279
i agree but once this course is finished

212
00:09:22,070 --> 00:09:19,839
there are going to be strategic items in

213
00:09:23,750 --> 00:09:22,080

each treasure chest i agree it will be

214

00:09:26,389 --> 00:09:23,760

she should put like at least a sword

215

00:09:27,670 --> 00:09:26,399

maybe a breastplate maybe some gems some

216

00:09:29,030 --> 00:09:27,680

food

217

00:09:30,230 --> 00:09:29,040

yeah it could happen yeah any one of

218

00:09:33,269 --> 00:09:30,240

those things could happen and then like

219

00:09:34,630 --> 00:09:33,279

the the more random harder to get places

220

00:09:36,790 --> 00:09:34,640

you'd have like epic items like a

221

00:09:39,350 --> 00:09:36,800

diamond sword

222

00:09:41,509 --> 00:09:39,360

i agree yeah that will happen so people

223

00:09:43,269 --> 00:09:41,519

will have to make a decision

224

00:09:45,990 --> 00:09:43,279

do they want to go to the path less

225

00:09:48,230 --> 00:09:46,000

traveled and hopes to get that uh

226

00:09:50,550 --> 00:09:48,240

that epic item or

227

00:09:52,550 --> 00:09:50,560

just get the hell out hey what's up man

228

00:09:54,949 --> 00:09:52,560

crusader i hear you hey now you can hear

229

00:09:57,430 --> 00:09:54,959

me hey what's going on buddy

230

00:09:59,269 --> 00:09:57,440

right now uh clown baby and i are trying

231

00:10:01,509 --> 00:09:59,279

to we're we're actually doing some uh

232

00:10:04,070 --> 00:10:01,519

player testing right now to see if this

233

00:10:06,389 --> 00:10:04,080

we're gonna come down here is feasible

234

00:10:08,870 --> 00:10:06,399

to actually play

235

00:10:11,269 --> 00:10:08,880

in survival mode

236

00:10:13,269 --> 00:10:11,279

yeah we're making like a d ultimate

237

00:10:15,030 --> 00:10:13,279

dungeon essentially

238

00:10:17,670 --> 00:10:15,040

okay

239

00:10:20,389 --> 00:10:17,680

so ideally we'll be inviting uh two to

240

00:10:22,470 --> 00:10:20,399

four players to play against clown baby

241

00:10:26,389 --> 00:10:22,480

and i um

242

00:10:30,470 --> 00:10:28,870

um now where i'm at this is probably the

243

00:10:43,430 --> 00:10:30,480

best

244

00:10:48,949 --> 00:10:45,910

how do you sprint i didn't

245

00:10:51,350 --> 00:10:48,959

uh double tap front uh the left joystick

246

00:10:54,949 --> 00:10:51,360

double tap that forward you gotta double

247

00:10:58,389 --> 00:10:54,959

tap forward and you sprint and run

248

00:10:59,829 --> 00:10:58,399

where did you spawn behind the church

249

00:11:04,710 --> 00:10:59,839

yeah

250

00:11:07,910 --> 00:11:06,069

i don't know if i can change that

251
00:11:09,670 --> 00:11:07,920
crusader what what country are you from

252
00:11:10,949 --> 00:11:09,680
morgan crusader you have

253
00:11:12,069 --> 00:11:10,959
you sound like you're an actor for

254
00:11:15,030 --> 00:11:12,079
english

255
00:11:16,310 --> 00:11:15,040
sorry no i'm here in the us

256
00:11:18,870 --> 00:11:16,320
born and raised

257
00:11:20,949 --> 00:11:18,880
i think he's from california

258
00:11:24,310 --> 00:11:20,959
what region

259
00:11:25,910 --> 00:11:24,320
okay it must be it must be skype or xbox

260
00:11:29,030 --> 00:11:25,920
you sound like he had a german accent

261
00:11:31,030 --> 00:11:29,040
but it must be the uh

262
00:11:33,190 --> 00:11:31,040
augmentation or something hey he made

263
00:11:35,190 --> 00:11:33,200

the jump he made the jump

264

00:11:36,949 --> 00:11:35,200

right all right let's see right now be

265

00:11:41,590 --> 00:11:36,959

careful we're gonna go down these stairs

266

00:11:46,150 --> 00:11:44,470

really careful you guys just made it as

267

00:11:46,949 --> 00:11:46,160

difficult as possible huh pretty much

268

00:11:51,350 --> 00:11:46,959

yeah

269

00:11:58,069 --> 00:11:53,430

do you have when you when you spawn did

270

00:12:00,790 --> 00:11:58,079

you have any inventory at all no oh good

271

00:12:04,550 --> 00:12:00,800

and when i died when i died my inventory

272

00:12:08,949 --> 00:12:06,710

all right so welcome to the the water

273

00:12:11,990 --> 00:12:08,959

hell you gotta make it sweet it's not

274

00:12:15,269 --> 00:12:12,000

that bad jump here oh watch out skeleton

275

00:12:27,030 --> 00:12:15,279

this is oh what is he doing here

276

00:12:27,040 --> 00:12:31,190

i got an arrow i can hit him

277

00:12:34,629 --> 00:12:33,110

oh god damn he's dead

278

00:12:37,509 --> 00:12:34,639

you guys are full of arrows almost

279

00:12:37,829 --> 00:12:37,519

killed me you guys

280

00:12:39,269 --> 00:12:37,839

what look

281

00:12:41,350 --> 00:12:39,279

you do you have like eight arrows in

282

00:12:43,030 --> 00:12:41,360

your head come on

283

00:12:44,870 --> 00:12:43,040

you're picking on them the skeleton

284

00:12:46,629 --> 00:12:44,880

spawn down stop because it's dark down

285

00:12:48,629 --> 00:12:46,639

here it is yeah it's because you don't

286

00:12:51,269 --> 00:12:48,639

have enough light yeah well that's what

287

00:12:52,790 --> 00:12:51,279

makes it dangerous

288

00:12:54,150 --> 00:12:52,800

all right come up here

289

00:12:56,150 --> 00:12:54,160

it could be worse

290

00:13:00,310 --> 00:12:56,160

all right and uh go ahead through this

291

00:13:00,320 --> 00:13:08,710

yeah go ahead

292

00:13:12,710 --> 00:13:10,389

what do these pressure plates actually

293

00:13:17,750 --> 00:13:12,720

do they will eventually shoot arrows at

294

00:13:22,710 --> 00:13:19,670

i i figured they were a trap of some

295

00:13:24,389 --> 00:13:22,720

sort yeah i mean yeah yeah so welcome to

296

00:13:26,069 --> 00:13:24,399

the hall of serenity

297

00:13:28,550 --> 00:13:26,079

and this will be

298

00:13:31,670 --> 00:13:28,560

uh some kind of uh

299

00:13:33,509 --> 00:13:31,680

reprieve from all the disastrous uh

300

00:13:36,389 --> 00:13:33,519

traps and people you encounter down

301
00:13:38,550 --> 00:13:36,399
there and eventually we'll we'll leave

302
00:13:40,069 --> 00:13:38,560
people up uh you can actually see where

303
00:13:41,670 --> 00:13:40,079
cloud maybe went you can go back this

304
00:13:42,790 --> 00:13:41,680
way there will be a treasure chest back

305
00:13:44,949 --> 00:13:42,800
here

306
00:13:48,150 --> 00:13:44,959
full of items

307
00:13:49,829 --> 00:13:48,160
um there's nothing in there right now

308
00:13:51,590 --> 00:13:49,839
but there might be a weapon armor or

309
00:13:53,110 --> 00:13:51,600
health back there

310
00:13:54,230 --> 00:13:53,120
okay

311
00:13:56,470 --> 00:13:54,240
and then

312
00:13:57,829 --> 00:13:56,480
we will uh lead people up this way

313
00:13:59,030 --> 00:13:57,839

because this is the only way to go this

314

00:14:01,110 --> 00:13:59,040

is going to be i think i think they did

315

00:14:03,189 --> 00:14:01,120

some work this morning this was not done

316

00:14:04,629 --> 00:14:03,199

last night wow oh i did a lot of work

317

00:14:05,990 --> 00:14:04,639

and so

318

00:14:07,189 --> 00:14:06,000

you have to be

319

00:14:10,629 --> 00:14:07,199

careful

320

00:14:13,590 --> 00:14:10,639

of this might spit out fruit or or or

321

00:14:16,150 --> 00:14:13,600

meat or arrows we don't know with these

322

00:14:19,030 --> 00:14:16,160

yeah

323

00:14:21,269 --> 00:14:19,040

and uh so we're gonna have to

324

00:14:23,430 --> 00:14:21,279

what the skeleton what's up

325

00:14:24,550 --> 00:14:23,440

run run

326

00:14:28,629 --> 00:14:24,560

kill him

327

00:14:28,639 --> 00:14:32,069

rush him

328

00:14:37,910 --> 00:14:33,990

oh oh no

329

00:14:40,790 --> 00:14:37,920

oh my god me too oh

330

00:14:44,550 --> 00:14:40,800

oh

331

00:14:46,790 --> 00:14:44,560

died yeah

332

00:14:48,870 --> 00:14:46,800

but he killed all of us

333

00:14:52,550 --> 00:14:48,880

i guess so

334

00:14:54,550 --> 00:14:52,560

oh well that was skull mountain

335

00:14:56,470 --> 00:14:54,560

we really need we need to have an armory

336

00:14:58,710 --> 00:14:56,480

inside the church so we can just regroup

337

00:15:00,790 --> 00:14:58,720

and go back there yeah ideally watch out
