007 / 049  
+ 100

1  
00:00:11,120 --> 00:00:07,579  
hey everyone I'm going to be using the

2  
00:00:14,320 --> 00:00:11,130  
enforcer class with the 870 shotgun in

3  
00:00:16,580 --> 00:00:14,330  
combination with the smoke grenade and

4  
00:00:19,099 --> 00:00:16,590  
hopefully I'll be able to replenish my

5  
00:00:21,230 --> 00:00:19,109  
smoke grenades and create a distraction

6  
00:00:31,280 --> 00:00:21,240  
while getting up close and using my

7  
00:00:31,290 --> 00:00:35,700  
he's no longer

8  
00:00:45,750 --> 00:00:43,170  
God does close all right let's try to

9  
00:00:57,569 --> 00:00:45,760  
get up close and personal and use its

10  
00:01:15,030 --> 00:01:01,319  
did I wacom I tried to whack him oh I

11  
00:01:15,040 --> 00:01:20,310  
free linda g there we go

12  
00:01:32,260 --> 00:01:29,460  
got a suspect sure did this smoke is not

13  
00:01:34,210 --> 00:01:32,270

everybody remembers when the smoke came

14

00:01:38,140 --> 00:01:34,220

out in battlefield 4 for the first time

15

00:01:39,910 --> 00:01:38,150

it would replenish really quickly right

16

00:01:44,320 --> 00:01:39,920

now it's not doing that I think they

17

00:01:49,450 --> 00:01:44,330

kind of are using the same replenish

18

00:01:51,670 --> 00:01:49,460

rate as the update to Battlefield 4 just

19

00:01:58,820 --> 00:01:51,680

fine I know it can be very spammy but I

20

00:02:02,010 --> 00:01:58,830

like it [h\_\_\h] he got me

21

00:02:07,050 --> 00:02:02,020

you didn't tell couldn't tell he got me

22

00:02:16,650 --> 00:02:07,060

we trade a shotgun blast you can see how

23

00:02:31,350 --> 00:02:16,660

devastating it is here jump demo uh he

24

00:02:31,360 --> 00:02:39,589

this is where smoke is a little handy

25

00:02:39,599 --> 00:02:52,960

[h\_\_\h] man down

26  
00:03:00,860 --> 00:02:56,270  
took out our suspect see what the

27  
00:03:11,300 --> 00:03:00,870  
shotgun pretty badass for uh for garden

28  
00:03:12,770 --> 00:03:11,310  
is loot pretty badass say 70 and how was

29  
00:03:17,000 --> 00:03:12,780  
overpowered yet or not I have no idea

30  
00:03:19,250 --> 00:03:17,010  
but I haven't tried to use it at

31  
00:03:25,240 --> 00:03:19,260  
distance but up close and personal

32  
00:03:31,970 --> 00:03:30,050  
is this some kind of I an elevator let's

33  
00:03:35,750 --> 00:03:31,980  
try an elevator I always like to pop a

34  
00:03:38,780 --> 00:03:35,760  
little smoke in the elevator that's what

35  
00:03:40,880 --> 00:03:38,790  
I say Papa snug and it smoked fell

36  
00:03:42,920 --> 00:03:40,890  
through the floor the smoke did not come

37  
00:03:44,570 --> 00:03:42,930  
with the elevator I think it the smoke

38  
00:03:53,590 --> 00:03:44,580

actually does move with the elevator in

39

00:04:01,090 --> 00:03:59,740

I probably could be considered a camper

40

00:04:05,010 --> 00:04:01,100

at this point since I'm just kind of run

41

00:04:14,350 --> 00:04:05,020

around the stairwell but I gotta remain

42

00:04:20,650 --> 00:04:16,870

well I could have swear to God I had him

43

00:04:29,280 --> 00:04:20,660

dead to rights there but that pistol not

44

00:04:33,070 --> 00:04:29,290

good at range so the 878 range does some

45

00:04:37,180 --> 00:04:33,080

solid damage and it will be considered

46

00:04:39,190 --> 00:04:37,190

overpowered at some point in time and I

47

00:04:44,230 --> 00:04:39,200

do know from yesterday that it goes

48

00:04:59,450 --> 00:04:44,240

through walls quite nicely because it

49

00:05:11,640 --> 00:05:04,230

we saw right there this 870 can do some

50

00:05:13,439 --> 00:05:11,650

serious damage at range and all we do we

51  
00:05:22,490 --> 00:05:13,449  
got two shotguns up here and one sniper

52  
00:05:24,570 --> 00:05:22,500  
not a good idea we gotta get down there

53  
00:05:32,680 --> 00:05:24,580  
someone's got to go out there and clear

54  
00:05:50,539 --> 00:05:43,149  
smoke

55  
00:05:58,789 --> 00:05:50,549  
why I put it down she can cross the

56  
00:06:01,310 --> 00:05:58,799  
goddamn Street know you got sad oh my

57  
00:06:08,090 --> 00:06:01,320  
god wounded

58  
00:06:14,570 --> 00:06:08,100  
I stick with my dudes she even go up

59  
00:06:17,660 --> 00:06:14,580  
there and clear mouth I don't know if

60  
00:06:26,870 --> 00:06:17,670  
anybody really knows about this stair

61  
00:06:33,950 --> 00:06:26,880  
our elevator I guess they do took him up

62  
00:06:41,270 --> 00:06:33,960  
[h\_\_\h] burgers [h\_\_\h] you got me well but

63  
00:06:50,370 --> 00:06:46,440

no I flip them off that's cool what they

64

00:06:56,210 --> 00:06:50,380

even know I'm over here I suspect they

65

00:06:56,220 --> 00:07:15,300

I suspect they know I'm over here

66

00:07:15,310 --> 00:07:18,870

got him

67

00:07:25,080 --> 00:07:22,580

took him out shot him right in the ass

68

00:07:36,760 --> 00:07:25,090

now go back down to see if anybody

69

00:07:36,770 --> 00:08:07,070

[h\_\_\h] I don't know where that came from

70

00:08:16,800 --> 00:08:10,140

damn laid him out like a bunch of

71

00:08:18,300 --> 00:08:16,810

suckers now it's gotta sit around and

72

00:08:19,800 --> 00:08:18,310

wait to recover this [h\_\_\h] I wish

73

00:08:22,439 --> 00:08:19,810

my teammates would come help me and

74

00:08:31,890 --> 00:08:22,449

cover my ass Pop's the smoke and make

75

00:08:44,730 --> 00:08:31,900

them choke dan this is a one-man army

76

00:08:50,460 --> 00:08:44,740

here 870 smoke Wow I don't know my

77

00:08:52,740 --> 00:08:50,470

teammates are I did my best well that is

78

00:09:00,350 --> 00:08:52,750

the power of the 870 shotgun and smoke

79

00:09:00,360 --> 00:09:24,000

damn over at the subway

80

00:09:48,610 --> 00:09:44,530

see seven is good nice good job all

81

00:09:50,890 --> 00:09:48,620

right as you saw the 870 shotgun is very

82

00:09:53,350 --> 00:09:50,900

powerful I'm not sure if they're gonna

83

00:09:58,360 --> 00:09:53,360

consider overpowered at this point but

84

00:10:00,100 --> 00:09:58,370

it does have extreme kill potential

85

00:10:03,910 --> 00:10:00,110

close range almost one shot kill as you

86

00:10:05,380 --> 00:10:03,920

saw and at mid-range 223 shot at the end

87

00:10:09,520 --> 00:10:05,390

there when I was trying to chase down

88

00:10:12,100 --> 00:10:09,530

the package carrier um I was doing some

89

00:10:14,590 --> 00:10:12,110

damage and I was probably I would say 30

90

00:10:18,840 --> 00:10:14,600

yards away it's a pretty powerful

91

00:10:20,740 --> 00:10:18,850

shotgun I'd honestly I don't know why um

92

00:10:23,260 --> 00:10:20,750

personally I would use anything else

93

00:10:26,290 --> 00:10:23,270

when I'm playing highest it's just so

94

00:10:30,060 --> 00:10:26,300

powerful anyways thank you for watching
