

GTA V VIDEO BLOG

Servers, Voice
Chat & More

1
00:00:12,169 --> 00:00:08,000
hey everyone Mike here back in with some

2
00:00:15,939 --> 00:00:12,179
GTA online gameplay the servers are

3
00:00:19,429 --> 00:00:15,949
absolute crap this is probably

4
00:00:20,810 --> 00:00:19,439
Microsoft's online friends things I

5
00:00:22,580 --> 00:00:20,820
can't I can't connect any friends you

6
00:00:25,939 --> 00:00:22,590
can't see friend lists or anything like

7
00:00:28,790 --> 00:00:25,949
that and so GTA just shoved me into a

8
00:00:33,319 --> 00:00:28,800
game by myself so here iam playing all

9
00:00:36,650 --> 00:00:33,329
by my lonesome so there's not going to

10
00:00:39,049 --> 00:00:36,660
be too much engaging game chat tour or

11
00:00:40,819 --> 00:00:39,059
anything of that nature and so maybe

12
00:00:44,150 --> 00:00:40,829
we'll take the time to talk about the

13
00:00:45,470 --> 00:00:44,160

the actual state of GTA and where it is

14

00:00:47,959 --> 00:00:45,480

at this point I should probably keep my

15

00:00:50,119 --> 00:00:47,969

eyes on the road i'm gonna try to look

16

00:00:55,100 --> 00:00:50,129

up so if i'm not making eye contact

17

00:00:58,459 --> 00:00:55,110

don't be too offended cuz uh oh see keep

18

00:01:02,660 --> 00:00:58,469

me keeps me on the road always try 55 55

19

00:01:06,440 --> 00:01:02,670

is now I Drive so the state of GTA at

20

00:01:10,520 --> 00:01:06,450

this point is that

21

00:01:14,840 --> 00:01:10,530

they still suffer from server issues you

22

00:01:18,319 --> 00:01:14,850

will hop on with your friends crewmates

23

00:01:20,990 --> 00:01:18,329

anybody and you'll still have instances

24

00:01:23,059 --> 00:01:21,000

where people get kicked and you'll be in

25

00:01:24,800 --> 00:01:23,069

the middle of a session having a good

26
00:01:26,809 --> 00:01:24,810
time and then all of a sudden you'll see

27
00:01:28,730 --> 00:01:26,819
players leave 30 players like we will

28
00:01:31,940 --> 00:01:28,740
see like I'll list down the side of the

29
00:01:33,830 --> 00:01:31,950
screen and there's nothing that that

30
00:01:35,809 --> 00:01:33,840
many people even on the server it's just

31
00:01:38,600 --> 00:01:35,819
like it's kicking people so must be like

32
00:01:40,730 --> 00:01:38,610
some kind of shared server problems and

33
00:01:43,100 --> 00:01:40,740
I don't know if the servers are

34
00:01:45,289 --> 00:01:43,110
refreshing they just kick people to to

35
00:01:47,839 --> 00:01:45,299
to renew the servers or keep things up a

36
00:01:52,729 --> 00:01:47,849
date and it also could be an issue with

37
00:01:54,800 --> 00:01:52,739
the Xbox Live security type if you're

38
00:01:57,859 --> 00:01:54,810

curious about this at all it goes into

39

00:02:00,830 --> 00:01:57,869

weird like NAT security issues whether

40

00:02:02,749 --> 00:02:00,840

or not your security is strict meaning

41

00:02:05,059 --> 00:02:02,759

you can play with very few people or

42

00:02:07,699 --> 00:02:05,069

moderate you can play with kind of a few

43

00:02:09,919 --> 00:02:07,709

people or a few more people or open

44

00:02:13,069 --> 00:02:09,929

where you can play with anybody I demand

45

00:02:15,319 --> 00:02:13,079

we change mine and I don't get kicked as

46

00:02:19,460 --> 00:02:15,329

often but as you can see I got shoved

47

00:02:21,379 --> 00:02:19,470

into a game all by my lonesome so I'm

48

00:02:25,370 --> 00:02:21,389

not sure if this is something Microsoft

49

00:02:27,410 --> 00:02:25,380

has to fix or if it's on the GTA side of

50

00:02:31,059 --> 00:02:27,420

things and how they initially set up

51
00:02:34,270 --> 00:02:31,069
their online gameplay I think it's that

52
00:02:38,660 --> 00:02:34,280
because I haven't had this much problem

53
00:02:41,289 --> 00:02:38,670
connecting to an online game since

54
00:02:43,879 --> 00:02:41,299
battlefield 4 and that was just a

55
00:02:45,620 --> 00:02:43,889
horrendous experience for any gamer out

56
00:02:49,699 --> 00:02:45,630
there who was really excited about

57
00:02:52,250 --> 00:02:49,709
playing battlefield and bought the game

58
00:02:53,750 --> 00:02:52,260
brand new pre-ordered it I think I may

59
00:02:57,050 --> 00:02:53,760
have I bought it probably did the same

60
00:03:01,849 --> 00:02:57,060
week came out for 360 and then i bought

61
00:03:08,629 --> 00:03:01,859
it again for xbox one and they

62
00:03:11,070 --> 00:03:08,639
continually had issues with server

63
00:03:15,810 --> 00:03:11,080

gameplay and all that kind of stuff

64

00:03:18,480 --> 00:03:15,820

and it was a crying shame a lot of

65

00:03:20,130 --> 00:03:18,490

people complain that they wasted a bunch

66

00:03:22,260 --> 00:03:20,140

of money servers crashing couldn't join

67

00:03:25,860 --> 00:03:22,270

games you waited I remember actually

68

00:03:27,510 --> 00:03:25,870

waiting close to 20 minutes a half hour

69

00:03:30,740 --> 00:03:27,520

did you want a game and I was sitting on

70

00:03:33,870 --> 00:03:30,750

my couch tweeting battlefield and EA

71

00:03:36,300 --> 00:03:33,880

that complaint I couldn't play the game

72

00:03:38,310 --> 00:03:36,310

online that i just paid for so I'm not

73

00:03:41,040 --> 00:03:38,320

sure if something like that is happening

74

00:03:42,990 --> 00:03:41,050

to grand theft auto or not I have to

75

00:03:44,970 --> 00:03:43,000

assume something like that kind of is

76

00:03:51,530 --> 00:03:44,980

even though I am technically online and

77

00:03:55,830 --> 00:03:51,540

I think someone just joined they are

78

00:03:59,340 --> 00:03:55,840

they are just right there Sassy's was a

79

00:04:02,840 --> 00:03:59,350

sassy steak hey sassy steak what's going

80

00:04:05,420 --> 00:04:02,850

on they I don't think I can hear me

81

00:04:08,520 --> 00:04:05,430

because i think the the voice

82

00:04:11,699 --> 00:04:08,530

recognition for the game is also all

83

00:04:13,980 --> 00:04:11,709

the-- the voice-over a gameplay is off

84

00:04:18,120 --> 00:04:13,990

it doesn't work I've often experienced

85

00:04:24,890 --> 00:04:18,130

life go back and kill her wait car back

86

00:04:30,780 --> 00:04:24,900

there you are okay hold on a second oops

87

00:04:33,570 --> 00:04:30,790

and dunsy up oh my god I can't believe

88

00:04:36,600 --> 00:04:33,580

I just miss that well i can't i'm not a

89

00:04:39,960 --> 00:04:36,610

very good video game player my my

90

00:04:42,960 --> 00:04:39,970

peepers aren't what they used to be what

91

00:04:44,670 --> 00:04:42,970

she go she disappeared a ghost like the

92

00:04:50,130 --> 00:04:44,680

Phantom but the Phantom in the night she

93

00:04:53,190 --> 00:04:50,140

disappeared halloo so I the voice-over

94

00:04:55,050 --> 00:04:53,200

system for Grand Theft Auto how you

95

00:04:58,080 --> 00:04:55,060

communicate the chat [h__\h] is awful

96

00:05:01,620 --> 00:04:58,090

I've often had to unplug my controller

97

00:05:03,719 --> 00:05:01,630

the my output jack and replugin it back in

98

00:05:04,890 --> 00:05:03,729

just to be heard my brothers had do the

99

00:05:07,620 --> 00:05:04,900

exact same things he's had

100

00:05:10,920 --> 00:05:07,630

compatibilities clown baby CB he's had

101
00:05:13,620 --> 00:05:10,930
compatibility issues with the the type

102
00:05:17,239 --> 00:05:13,630
of adapter i have versus he has the

103
00:05:19,849 --> 00:05:17,249
exact same one and he also has a

104
00:05:22,399 --> 00:05:19,859
be the one that comes free with the xbox

105
00:05:25,879 --> 00:05:22,409
one that's not free you pay for it but

106
00:05:29,059 --> 00:05:25,889
it comes with the xbox one vengeance for

107
00:05:30,139 --> 00:05:29,069
the person I missed and killed now the

108
00:05:33,979 --> 00:05:30,149
cops are after me look what I've done

109
00:05:39,459 --> 00:05:33,989
look what I done did you get my Mini

110
00:05:42,259 --> 00:05:39,469
Cooper back so I also want to know if

111
00:05:43,879 --> 00:05:42,269
Rockstar is actively addressing these

112
00:05:46,519 --> 00:05:43,889
issues I've been on their blog Bay I

113
00:05:49,609 --> 00:05:46,529

don't think they have I I went on a few

114

00:05:54,379 --> 00:05:49,619

weeks ago um comb through the posts i

115

00:05:56,059 --> 00:05:54,389

didn't see any real concrete proof that

116

00:06:00,319 --> 00:05:56,069

they're addressing this issue in any

117

00:06:01,999 --> 00:06:00,329

meaningful way they keep when I can read

118

00:06:04,459 --> 00:06:02,009

they keep blaming the user they keep

119

00:06:07,399 --> 00:06:04,469

blaming people like me and you that this

120

00:06:09,169 --> 00:06:07,409

game isn't working properly because is

121

00:06:11,539 --> 00:06:09,179

our security type or a connection or

122

00:06:14,179 --> 00:06:11,549

latency any number of those things I

123

00:06:18,619 --> 00:06:14,189

don't think that's true I it's I think

124

00:06:21,259 --> 00:06:18,629

it's their lack of investment in server

125

00:06:24,049 --> 00:06:21,269

infrastructure and being able to deal

126
00:06:26,149 --> 00:06:24,059
with the payload of 30 players on the

127
00:06:30,289 --> 00:06:26,159
servers so when they originally lost a

128
00:06:32,929 --> 00:06:30,299
game for 360 you could play what I

129
00:06:37,759 --> 00:06:32,939
believe with maybe 12 to 18 people

130
00:06:40,489 --> 00:06:37,769
online they up that for Xbox one to 30

131
00:06:42,529 --> 00:06:40,499
people and I've only experienced the

132
00:06:45,439 --> 00:06:42,539
mass exodus is what i like to call work

133
00:06:47,749 --> 00:06:45,449
you see players being kicked like the

134
00:06:52,030 --> 00:06:47,759
whole entire group being kicked I've own

135
00:06:56,390 --> 00:06:55,220
and I don't think they're dressing it I

136
00:06:58,970 --> 00:06:56,400
think they're just kind of riding out

137
00:07:01,520 --> 00:06:58,980
the storm they've made their billion

138
00:07:03,080 --> 00:07:01,530

dollars in the game and they're just

139

00:07:05,270 --> 00:07:03,090

riding it out pouring that money back

140

00:07:07,550 --> 00:07:05,280

into hopefully another grand theft auto

141

00:07:10,400 --> 00:07:07,560

game that will address this issue but i

142

00:07:13,520 --> 00:07:10,410

don't know i really enjoy playing the

143

00:07:15,320 --> 00:07:13,530

game I like all the fun in goofy times i

144

00:07:17,420 --> 00:07:15,330

have my brother and my other friends and

145

00:07:19,460 --> 00:07:17,430

podcast listeners and all the great

146

00:07:21,320 --> 00:07:19,470

storylines and stupid [h__h] we get up to

147

00:07:22,490 --> 00:07:21,330

i love it but it's so frustrating when

148

00:07:24,620 --> 00:07:22,500

you're trying to do something and

149

00:07:26,930 --> 00:07:24,630

there's a cop behind you and you just

150

00:07:30,980 --> 00:07:26,940

want to honk your clown horn so I got

151
00:07:32,690 --> 00:07:30,990
step out a vehicle and wait some pigs hi

152
00:07:38,330 --> 00:07:32,700
I'm apologizing call pig that's not nice

153
00:07:40,790 --> 00:07:38,340
to say I got a man down I didn't know I

154
00:07:43,730 --> 00:07:40,800
don't know I had a man down crank up the

155
00:07:49,520 --> 00:07:43,740
background volume like cranking up the

156
00:07:52,310 --> 00:07:49,530
the gameplay volume I think you know my

157
00:07:54,860 --> 00:07:52,320
channel small this channel is absurdly

158
00:07:56,960 --> 00:07:54,870
small its micro phallus small its tiny

159
00:07:59,440 --> 00:07:56,970
small it's embarrassment small I know

160
00:08:03,530 --> 00:07:59,450
that I don't have a lot of subscribers

161
00:08:05,960 --> 00:08:03,540
I'm talking to myself nobody but for me

162
00:08:08,380 --> 00:08:05,970
it's enjoyable I enjoy doing this and

163
00:08:10,970 --> 00:08:08,390

you're enjoy sharing my fun time lil hey

164

00:08:14,540 --> 00:08:10,980

I'm sorry I'm a bad driver let me take

165

00:08:17,030 --> 00:08:14,550

your police van I'm sorry hey go get

166

00:08:21,800 --> 00:08:17,040

your car to take you the car oh my god I

167

00:08:26,370 --> 00:08:24,450

and also when you start going off on

168

00:08:31,080 --> 00:08:26,380

tangents and killing people you do lose

169

00:08:33,240 --> 00:08:31,090

your train of thought and what i was

170

00:08:35,100 --> 00:08:33,250

saying i do i do enjoy the game i do i

171

00:08:38,460 --> 00:08:35,110

will i am bitching about it i'm bitching

172

00:08:41,820 --> 00:08:38,470

about the the infrastructure the servers

173

00:08:44,180 --> 00:08:41,830

and not being able to play with the

174

00:08:47,580 --> 00:08:44,190

friends that you have on your xbox

175

00:08:49,200 --> 00:08:47,590

friends list it's it's a damn shame it's

176

00:08:52,230 --> 00:08:49,210

guy it's very aggravating me but yet

177

00:08:55,050 --> 00:08:52,240

here i am continuing to play the game

178

00:08:57,120 --> 00:08:55,060

because i do enjoy your goofing around

179

00:08:59,670 --> 00:08:57,130

by myself let's see if this person could

180

00:09:00,840 --> 00:08:59,680

hear me me unplug plug back in and see

181

00:09:05,610 --> 00:09:00,850

if they can hear me i'll do it like a

182

00:09:12,390 --> 00:09:05,620

little test so i'm unplugging and i'll

183

00:09:17,130 --> 00:09:12,400

plug back in see hey sassy can you hear

184

00:09:19,050 --> 00:09:17,140

me sassy state can you hear me now i'm

185

00:09:21,420 --> 00:09:19,060

not hearing the echo or feedback so i'm

186

00:09:25,470 --> 00:09:21,430

assuming that they don't have their xbox

187

00:09:27,180 --> 00:09:25,480

kinect plugged in and they can't

188

00:09:28,770 --> 00:09:27,190

actually hear me so i'm going to go back

189

00:09:32,460 --> 00:09:28,780

to target and you I turn down my game

190

00:09:36,020 --> 00:09:32,470

chat on my mixer board I think was gonna

191

00:09:38,430 --> 00:09:36,030

say I know Miami Maya my channel small

192

00:09:42,030 --> 00:09:38,440

micro fous as I said if you remember

193

00:09:45,720 --> 00:09:42,040

yeah Michael personal but I might do a

194

00:09:49,370 --> 00:09:45,730

vlog just kind of going over my my setup

195

00:09:52,320 --> 00:09:49,380

I'm constantly tweaking knobs and

196

00:09:55,500 --> 00:09:52,330

adjusting levels and volumes i have a

197

00:10:01,260 --> 00:09:55,510

very elaborate audio setup I don't see

198

00:10:03,300 --> 00:10:01,270

many other gain channels with with the

199

00:10:06,900 --> 00:10:03,310

amount of technology and equipment

200

00:10:09,330 --> 00:10:06,910

thrown into audio I have this setup so

201
00:10:11,460 --> 00:10:09,340
where my goal I have some new parts

202
00:10:15,470 --> 00:10:11,470
coming in tomorrow where I'm going to be

203
00:10:17,930 --> 00:10:15,480
able to stream live to twitch and

204
00:10:20,970 --> 00:10:17,940
simultaneously be able to take calls

205
00:10:23,340 --> 00:10:20,980
like a live call and talk show so people

206
00:10:26,160 --> 00:10:23,350
who call them through skype will be able

207
00:10:27,980 --> 00:10:26,170
to talk to people in game and me and so

208
00:10:31,550 --> 00:10:27,990
it'll be a collide

209
00:10:34,370 --> 00:10:31,560
a live talk show i'll probably go into

210
00:10:35,960 --> 00:10:34,380
more of the details of that next vlog

211
00:10:39,170 --> 00:10:35,970
I'd like to have a few more subscribers

212
00:10:40,370 --> 00:10:39,180
and I want hop on twitch and like send

213
00:10:42,980 --> 00:10:40,380

an announcement out i'll probably have

214

00:10:45,079 --> 00:10:42,990

some podcast listeners that like the

215

00:10:48,079 --> 00:10:45,089

show they may might wind up doing

216

00:10:50,720 --> 00:10:48,089

watching i don't know i don't have a big

217

00:10:55,699 --> 00:10:50,730

draw people is what I'm saying don't get

218

00:10:57,650 --> 00:10:55,709

a big draw but it's fun and I'm

219

00:10:59,389 --> 00:10:57,660

basically I have a broadcast studio I

220

00:11:02,050 --> 00:10:59,399

made a broadcast studio and now I'm

221

00:11:07,370 --> 00:11:02,060

gaming so I'm trying to combine the two

222

00:11:09,949 --> 00:11:07,380

into a call in gameplay show and it

223

00:11:13,340 --> 00:11:09,959

should be fun if there's participants

224

00:11:15,500 --> 00:11:13,350

and I'm looking forward to doing it I

225

00:11:17,660 --> 00:11:15,510

might try it out the this friday or

226

00:11:22,639 --> 00:11:17,670

saturday night and i might do another

227

00:11:23,780 --> 00:11:22,649

quick blog about that tomorrow so hey i

228

00:11:26,269 --> 00:11:23,790

think i'm gonna wind up this i'm just

229

00:11:27,350 --> 00:11:26,279

drive you just watch me like yak away

230

00:11:29,120 --> 00:11:27,360

and drive around town i'm not really

231

00:11:30,710 --> 00:11:29,130

doing any sort of gameplay I'm just

232

00:11:32,750 --> 00:11:30,720

mindlessly driving around I don't know

233

00:11:35,150 --> 00:11:32,760

I'm going I think this is kind of how

234

00:11:36,829 --> 00:11:35,160

what you too if you have like you're

235

00:11:38,870 --> 00:11:36,839

like you're a teenager when you drive

236

00:11:40,310 --> 00:11:38,880

around you get your license for the

237

00:11:43,910 --> 00:11:40,320

first time you're just driving around

238

00:11:45,889 --> 00:11:43,920

town yakking away to your friends and

239

00:11:48,350 --> 00:11:45,899

it's kind of driving English Lee along I

240

00:11:50,210 --> 00:11:48,360

know I used to do that quite a bit when

241

00:11:52,670 --> 00:11:50,220

I was growing up with my friends in high

242

00:11:54,319 --> 00:11:52,680

school we just hop in a car drive

243

00:11:57,769 --> 00:11:54,329

somewhere we just listen to music and

244

00:12:00,050 --> 00:11:57,779

talk that was our little sanctuaries

245

00:12:02,449 --> 00:12:00,060

drive around and and talking of course

246

00:12:05,569 --> 00:12:02,459

you couldn't pull like stub maneuvers

247

00:12:08,660 --> 00:12:05,579

like this and get away with it although

248

00:12:12,110 --> 00:12:08,670

we tried we did try a few times and we

249

00:12:13,760 --> 00:12:12,120

got into many of an accident I'll tell

250

00:12:20,300 --> 00:12:13,770

us don't we I'll tell a quick story

251
00:12:22,250 --> 00:12:20,310
about that right now so going on okay my

252
00:12:24,310 --> 00:12:22,260
bad I look I didn't have to kill her I

253
00:12:28,460 --> 00:12:24,320
wanted to

254
00:12:33,980 --> 00:12:28,470
who's angry at me you're angry me you're

255
00:12:36,829 --> 00:12:33,990
angry me stay down how can you still be

256
00:12:43,970 --> 00:12:36,839
alive I better hide I'll hide until the

257
00:12:51,290 --> 00:12:43,980
story so I believe I was a sophomore in

258
00:12:55,130 --> 00:12:51,300
high school and I was in a car with 44

259
00:12:57,769 --> 00:12:55,140
other friends and it was a my friend

260
00:12:59,300 --> 00:12:57,779
Michael was driving and my friend Nick

261
00:13:02,780 --> 00:12:59,310
was riding shotgun I was in the backseat

262
00:13:05,570 --> 00:13:02,790
with a guy named Patrick and we were

263
00:13:09,100 --> 00:13:05,580

just driving down the road it's in the

264

00:13:13,100 --> 00:13:09,110

backwoods backwoods the back roads of

265

00:13:16,760 --> 00:13:13,110

Northeast Ohio and it's pretty hilly as

266

00:13:19,100 --> 00:13:16,770

we're going along um my friend Michael

267

00:13:20,630 --> 00:13:19,110

who was driving gets a little wacky when

268

00:13:22,220 --> 00:13:20,640

he's driving he likes to pull a few like

269

00:13:25,250 --> 00:13:22,230

crazy maneuvers like weave back and

270

00:13:27,320 --> 00:13:25,260

forth and this kind of freak people out

271

00:13:29,000 --> 00:13:27,330

who is riding with he's the freak the

272

00:13:30,829 --> 00:13:29,010

passengers out he used to love it East

273

00:13:33,710 --> 00:13:30,839

to make me laugh like wings jam on the

274

00:13:35,090 --> 00:13:33,720

brakes and everyone's heads which came

275

00:13:39,280 --> 00:13:35,100

into the back of the seized almost at

276

00:13:42,500 --> 00:13:39,290

the windshield his stupid juvenile and

277

00:13:45,440 --> 00:13:42,510

but it may mija let it was made me laugh

278

00:13:49,100 --> 00:13:45,450

all the [h__h] time and so one day

279

00:13:51,980 --> 00:13:49,110

we're driving down this hill and he

280

00:13:54,260 --> 00:13:51,990

starts michael starts jerking the wheel

281

00:13:55,340 --> 00:13:54,270

back and forth like he's like kind of

282

00:13:58,100 --> 00:13:55,350

like doing like a little bit of fish

283

00:14:01,730 --> 00:13:58,110

tail but going down the hill the the car

284

00:14:04,630 --> 00:14:01,740

started to slide and he couldn't control

285

00:14:08,870 --> 00:14:04,640

it any longer and so we want a ramming

286

00:14:10,550 --> 00:14:08,880

straight into a guardrail and my seat

287

00:14:13,550 --> 00:14:10,560

belt i was right in the back my seatbelt

288

00:14:14,900 --> 00:14:13,560

was broke it broke on impact it was

289

00:14:17,480 --> 00:14:14,910

already like nod through he bought the

290

00:14:19,519 --> 00:14:17,490

car used it looked like they were was

291

00:14:21,620 --> 00:14:19,529

the previous owner of the car allow

292

00:14:23,990 --> 00:14:21,630

their dogs in the back seat him they

293

00:14:26,900 --> 00:14:24,000

chewed through half of the seatbelts i

294

00:14:29,420 --> 00:14:26,910

was using an inferior seatbelt it was it

295

00:14:31,670 --> 00:14:29,430

wasn't it was cosmetic it was no safety

296

00:14:35,160 --> 00:14:31,680

purpose at all to wearing it so i

297

00:14:37,500 --> 00:14:35,170

slammed through the seatbelt in

298

00:14:40,019 --> 00:14:37,510

my jaw rammed up against the back seat

299

00:14:42,300 --> 00:14:40,029

the other guy Patrick Mike hit his head

300

00:14:44,310 --> 00:14:42,310

Nick was all red front and of course

301
00:14:49,350 --> 00:14:44,320
Mike was fine we get out the whole front

302
00:14:51,600 --> 00:14:49,360
whole front end of the the cars bashed

303
00:14:53,519 --> 00:14:51,610
in the radiator was broken smoke was

304
00:14:55,110 --> 00:14:53,529
pouring out there's the cars driving by

305
00:14:57,930 --> 00:14:55,120
just kind of galkin rubberneck and

306
00:14:59,430 --> 00:14:57,940
looking at us and I was like holy [h__\h]

307
00:15:02,759 --> 00:14:59,440
be okay we got out of it unscathed

308
00:15:04,230 --> 00:15:02,769
everyone was kind is okay uh beside my

309
00:15:06,090 --> 00:15:04,240
head hurt I made ahead it may have had a

310
00:15:12,350 --> 00:15:06,100
concussion I don't think so but I was

311
00:15:16,230 --> 00:15:12,360
fine it was biker hey nice bike and so

312
00:15:18,480 --> 00:15:16,240
we all get out inspected a car & mike

313
00:15:20,100 --> 00:15:18,490

mike the driver Michael was kind of

314

00:15:22,290 --> 00:15:20,110

freaking out he just wrecked his car he

315

00:15:24,389 --> 00:15:22,300

said we go we gotta we gotta call the

316

00:15:27,300 --> 00:15:24,399

store we got a comp story this is all

317

00:15:30,210 --> 00:15:27,310

say a black dog ran from the car I

318

00:15:33,079 --> 00:15:30,220

swerved to miss it and that's high rent

319

00:15:36,240 --> 00:15:33,089

the car and we were like okay fine and

320

00:15:38,100 --> 00:15:36,250

he's like I gotta go like I gotta go he

321

00:15:39,630 --> 00:15:38,110

ahs back in his car he could stay he

322

00:15:43,470 --> 00:15:39,640

started his car back up it worked fine

323

00:15:46,710 --> 00:15:43,480

like it wasn't completely inoperable he

324

00:15:48,060 --> 00:15:46,720

was able to drive and so he is like I

325

00:15:49,860 --> 00:15:48,070

gotta go I gotta goes like bull yellow

326

00:15:53,130 --> 00:15:49,870

you have a working car can you please

327

00:15:55,439 --> 00:15:53,140

drop us off at our homes or somewhere in

328

00:15:56,699 --> 00:15:55,449

town we're kind of five miles out here

329

00:15:58,980 --> 00:15:56,709

we're kind of like 10 miles out after

330

00:16:01,860 --> 00:15:58,990

you how wasn't it wasn't terribly far

331

00:16:04,019 --> 00:16:01,870

but it was a long [h__h] walk he said

332

00:16:05,250 --> 00:16:04,029

no no no I gotta leave you I just got to

333

00:16:07,259 --> 00:16:05,260

go home I got to go home I got it home

334

00:16:09,389 --> 00:16:07,269

is who he left us there and saw the road

335

00:16:13,050 --> 00:16:09,399

after he wrecked his [h__h] car into a

336

00:16:15,509 --> 00:16:13,060

guardrail bashed it all up dodging a

337

00:16:17,340 --> 00:16:15,519

fake doll a dog just trying to goof

338

00:16:20,699 --> 00:16:17,350

around and make us laugh which I mean he

339

00:16:22,500 --> 00:16:20,709

did first split second uh ditch crabs

340

00:16:25,949 --> 00:16:22,510

crabs in the back in his truck he left

341

00:16:29,100 --> 00:16:25,959

us there on the side of the road to walk

342

00:16:32,350 --> 00:16:29,110

home kind of still shaken up and haven't

343

00:16:36,190 --> 00:16:32,360

had a drill in Russia being in a crash

344

00:16:37,420 --> 00:16:36,200

and so we walked back home and I think I

345

00:16:40,720 --> 00:16:37,430

went home and told my parents was in a

346

00:16:42,340 --> 00:16:40,730

car wreck I was fine and and Michael was

347

00:16:44,470 --> 00:16:42,350

a horrible driver I don't even know if I

348

00:16:46,569 --> 00:16:44,480

mentioned a dog I think I just said he

349

00:16:52,930 --> 00:16:46,579

sucks at driving I think that's what i

350

00:16:54,610 --> 00:16:52,940

said i did wind up getting into the car

351

00:16:59,380 --> 00:16:54,620

with him again he was always a he was a

352

00:17:03,040 --> 00:16:59,390

better driver after that but yeah I

353

00:17:04,870 --> 00:17:03,050

think he learned his lesson all right

354

00:17:09,159 --> 00:17:04,880

well hey guys I'm winding us up one is

355

00:17:11,409 --> 00:17:09,169

gameplay vlog up um thanks a lot for

356

00:17:13,120 --> 00:17:11,419

watching please like and subscribe to
