

**PROJECT**

**ZOMBOID**

**Dead by Dawn**

1  
00:00:08,990 --> 00:00:06,440  
hey everyone welcome back to some

2  
00:00:12,470 --> 00:00:09,000  
project zomboid there's a lot of death

3  
00:00:16,129 --> 00:00:12,480  
in this episode as clown baby and I are

4  
00:00:17,840 --> 00:00:16,139  
discovering the world we're realizing we

5  
00:00:21,380 --> 00:00:17,850  
don't know how to take care of ourselves

6  
00:00:25,700 --> 00:00:21,390  
or each other enjoy the episode and talk

7  
00:00:29,120 --> 00:00:25,710  
to you later bye so you see the house

8  
00:00:30,950 --> 00:00:29,130  
and then the fence and just north of the

9  
00:00:33,530 --> 00:00:30,960  
business offense intersection go over

10  
00:00:35,840 --> 00:00:33,540  
that there's a like a little storage

11  
00:00:37,130 --> 00:00:35,850  
okay yeah yeah there's a you know there

12  
00:00:38,510 --> 00:00:37,140  
could be good stuff and then I hit that

13  
00:00:40,400 --> 00:00:38,520

we should hit that up actually I think

14

00:00:42,530 --> 00:00:40,410

we should go there first actually yeah

15

00:00:44,720 --> 00:00:42,540

we should which means to try and run

16

00:00:47,869 --> 00:00:44,730

their first yeah I think that's the

17

00:00:49,940 --> 00:00:47,879

place to go if not we if not we can make

18

00:00:52,819 --> 00:00:49,950

it back here it's not that far that we

19

00:00:54,560 --> 00:00:52,829

couldn't yeah okay so we're gonna come

20

00:00:58,430 --> 00:00:54,570

out of here take a left go across the

21

00:01:00,170 --> 00:00:58,440

main road and then take a right and then

22

00:01:02,029 --> 00:01:00,180

we'll take a left and see if we can hit

23

00:01:05,750 --> 00:01:02,039

that first like 7-10 so it's daylight

24

00:01:08,120 --> 00:01:05,760

this is good ok let's try to do it

25

00:01:10,609 --> 00:01:08,130

before we get too hungry I'm already I'm

26

00:01:12,050 --> 00:01:10,619

already getting bored I'm hurt so I'm

27

00:01:13,370 --> 00:01:12,060

not gonna be able to run that fast so

28

00:01:17,120 --> 00:01:13,380

let's have a can opener two water

29

00:01:20,030 --> 00:01:17,130

bottles all right I think over here I

30

00:01:27,200 --> 00:01:20,040

yelled something I guess you can yell

31

00:01:28,690 --> 00:01:27,210

stuff let's uh let's do it ready much

32

00:01:33,639 --> 00:01:28,700

better

33

00:01:35,780 --> 00:01:33,649

all right we're gonna go down here yeah

34

00:01:37,160 --> 00:01:35,790

let's not run too fast you're quicker

35

00:01:41,779 --> 00:01:37,170

than I am because well you're skinny

36

00:01:44,919 --> 00:01:41,789

there's a battery I'm grabbing it did

37

00:01:47,719 --> 00:01:44,929

you grab a I got it you got okay good

38

00:01:49,249 --> 00:01:47,729

make a left here not not yet we gotta

39

00:01:53,149 --> 00:01:49,259

cross over the main road is the road

40

00:01:57,490 --> 00:01:53,159

yeah that's can't tell Zoe don't make

41

00:02:00,529 --> 00:01:57,500

everybody not yet this is the main road

42

00:02:01,639 --> 00:02:00,539

okay and then this house and I can next

43

00:02:07,910 --> 00:02:01,649

house on the right we're gonna be taking

44

00:02:09,740 --> 00:02:07,920

a right here Yeah Yeah right up here and

45

00:02:13,940 --> 00:02:09,750

they're gonna go past this house and

46

00:02:16,220 --> 00:02:13,950

then there should be one coming up it

47

00:02:18,559 --> 00:02:16,230

should be a fence yeah there should be

48

00:02:22,460 --> 00:02:18,569

there it is ok there's the fence up here

49

00:02:28,610 --> 00:02:22,470

yeah we can follow that down let's stay

50

00:02:28,620 --> 00:02:32,980

keep an eye out

51  
00:02:41,110 --> 00:02:34,420  
looks like there's some blood on the

52  
00:02:45,220 --> 00:02:41,120  
walls over here make it some noise can't

53  
00:02:50,260 --> 00:02:45,230  
avoid it though he was ok here's the

54  
00:02:52,300 --> 00:02:50,270  
shed ok hey our plan work kind of I just

55  
00:02:57,510 --> 00:02:52,310  
get in here close the door and take our

56  
00:03:02,590 --> 00:02:57,520  
clothes you got inside oh [\h\_\_\h] alright

57  
00:03:06,010 --> 00:03:02,600  
there we go alright so when we got here

58  
00:03:08,770 --> 00:03:06,020  
10 there are ten nails ok there's thread

59  
00:03:12,310 --> 00:03:08,780  
over here three guess I'll take the

60  
00:03:15,760 --> 00:03:12,320  
nails aight the nails you would take

61  
00:03:20,020 --> 00:03:15,770  
them all have a hammer yeah oh this

62  
00:03:22,840 --> 00:03:20,030  
propane not bad hammer and propane and

63  
00:03:25,450 --> 00:03:22,850

wire ok take that hammer for sure yeah

64

00:03:27,400 --> 00:03:25,460

and let's let's actually leave the

65

00:03:28,540 --> 00:03:27,410

propane there because we might be able

66

00:03:33,220 --> 00:03:28,550

to move it into the house and make

67

00:03:35,680 --> 00:03:33,230

something out of it stool so this is

68

00:03:37,990 --> 00:03:35,690

actually I got good storage area it's

69

00:03:39,760 --> 00:03:38,000

not too far with mouse feed boards we

70

00:03:42,280 --> 00:03:39,770

can port up these windows he's like a

71

00:03:45,180 --> 00:03:42,290

panic room be exactly me equip this

72

00:03:48,700 --> 00:03:45,190

hammers primary and my fork and

73

00:03:51,580 --> 00:03:48,710

secondary we go you can have two weapons

74

00:03:53,530 --> 00:03:51,590

going in a primary secondary yeah but I

75

00:03:55,780 --> 00:03:53,540

have two hammers I can only have one

76

00:03:58,600 --> 00:03:55,790

equipped at a time that's gay really I'm

77

00:04:00,310 --> 00:03:58,610

I at two so I do have to but it only

78

00:04:03,880 --> 00:04:00,320

lets be equipped with check out this

79

00:04:08,710 --> 00:04:03,890

house right here the hammer brothers

80

00:04:13,240 --> 00:04:08,720

yeah I'll shut this yeah sure that door

81

00:04:17,170 --> 00:04:13,250

I got it okay scratch infection but not

82

00:04:19,990 --> 00:04:17,180

bad I was mine you're good you're

83

00:04:23,530 --> 00:04:20,000

infected but alright well the deep deep

84

00:04:26,410 --> 00:04:23,540

cuts but I'm over carrying capacity i am

85

00:04:30,700 --> 00:04:26,420

i am pleased heaven i have a fever and

86

00:04:33,220 --> 00:04:30,710

I'm danger of death right now ooh so we

87

00:04:35,460 --> 00:04:33,230

gotta go find some medicine ASAP where's

88

00:04:39,910 --> 00:04:35,470

the pharmacy Lee check the map rope yeah

89

00:04:42,159 --> 00:04:39,920

[h\_\_h] okay so you know we're at yeah

90

00:04:43,480 --> 00:04:42,169

there's actually tattoo shop they may

91

00:04:46,350 --> 00:04:43,490

actually have some antibiotics or

92

00:04:52,060 --> 00:04:49,480

and there's a bunch of other offices

93

00:04:54,820 --> 00:04:52,070

around it so that's our best shot it's

94

00:04:56,110 --> 00:04:54,830

the closest thing tattoo shop yeah let's

95

00:05:01,090 --> 00:04:56,120

just check it out might as well all

96

00:05:09,360 --> 00:05:01,100

right oh [h\_\_h] I died oh that's not good

97

00:05:14,110 --> 00:05:09,370

[h\_\_h] god damn it okay I'm coming back in

98

00:05:17,980 --> 00:05:14,120

how did I die I died I died looking at

99

00:05:19,840 --> 00:05:17,990

the map my god you weren't attacked I

100

00:05:22,659 --> 00:05:19,850

think you just skyped here yeah my fever

101  
00:05:24,310 --> 00:05:22,669  
was too much the problem is you had it

102  
00:05:26,530 --> 00:05:24,320  
you'd severe injury to begin with I only

103  
00:05:27,940 --> 00:05:26,540  
had a scratch that got infected things

104  
00:05:33,670 --> 00:05:27,950  
went downhill after I jumped out that

105  
00:05:35,409 --> 00:05:33,680  
window all right well I'm gonna restart

106  
00:05:39,550 --> 00:05:35,419  
and I'm gonna come try to find you now I

107  
00:05:40,870 --> 00:05:39,560  
knew exactly where you're at um well you

108  
00:05:41,980 --> 00:05:40,880  
get the soon as you spawn you have to

109  
00:05:46,900 --> 00:05:41,990  
figure out where you're at though I'll

110  
00:05:54,960 --> 00:05:46,910  
figure that out I'm okay so i made a mad

111  
00:06:06,700 --> 00:05:58,300  
we take a look at this [h\_\_\h] what it

112  
00:06:08,290 --> 00:06:06,710  
hell's in here okay making a guess I

113  
00:06:12,920 --> 00:06:08,300

think year over here are you in the

114

00:06:21,020 --> 00:06:17,240

there you are hey someone call for a

115

00:06:23,240 --> 00:06:21,030

doctor the black dr. healed on my own

116

00:06:24,920 --> 00:06:23,250

but yet was that was pretty quick when

117

00:06:27,020 --> 00:06:24,930

he found me I guess it still spawn you

118

00:06:30,430 --> 00:06:27,030

Isis find someone close to you Steve

119

00:06:32,360 --> 00:06:30,440

yeah you have dirty bandages right now

120

00:06:33,770 --> 00:06:32,370

take that off it doesn't save any

121

00:06:35,450 --> 00:06:33,780

injuries anymore okay let's just take it

122

00:06:40,010 --> 00:06:35,460

off then they said you have scratches

123

00:06:42,080 --> 00:06:40,020

and infections huh but uh how do you

124

00:06:44,510 --> 00:06:42,090

need rib sheets I can drop drop some

125

00:06:48,020 --> 00:06:44,520

form i need some rib shades all right

126

00:06:51,379 --> 00:06:48,030

back to plan so i have as i have a

127

00:06:54,010 --> 00:06:51,389

zoomed into our house i'm hiding in the

128

00:06:57,710 --> 00:06:54,020

bedroom and you're hiding in the closet

129

00:07:00,260 --> 00:06:57,720

yep i'm in the closet um Kevin pecker

130

00:07:04,939 --> 00:07:00,270

field is dead I've returned as Patrick

131

00:07:06,409 --> 00:07:04,949

London medical guy doctor guy I think

132

00:07:09,589 --> 00:07:06,419

you might be an EMS or doctor I don't

133

00:07:11,659 --> 00:07:09,599

know but legend uh help out Kevin Becker

134

00:07:15,320 --> 00:07:11,669

field lived a surprisingly long amount

135

00:07:17,029 --> 00:07:15,330

of time yeah I did you certainly did

136

00:07:21,890 --> 00:07:17,039

stills the game to a broken leg in the

137

00:07:24,850 --> 00:07:21,900

hint long live Kevin Thacker peel you'll

138

00:07:28,520 --> 00:07:24,860

always be remembered all right I'm and

139

00:07:31,670 --> 00:07:28,530

so what what's our fridge is fine it's

140

00:07:33,890 --> 00:07:31,680

the same what's the plan here so you

141

00:07:38,390 --> 00:07:33,900

said next to pet me talk in this closet

142

00:07:42,700 --> 00:07:38,400

there is a pizza world well go down okay

143

00:07:46,430 --> 00:07:42,710

you see pizza world then go down to look

144

00:07:48,499 --> 00:07:46,440

down and left you'll see the grocery

145

00:07:51,260 --> 00:07:48,509

store I asked that's why you have all

146

00:07:54,110 --> 00:07:51,270

the fridge the food the fridge so you've

147

00:07:55,640 --> 00:07:54,120

been in there yep it's in the haight the

148

00:07:57,140 --> 00:07:55,650

big highway is pretty safe because

149

00:07:59,899 --> 00:07:57,150

there's dead zombies everywhere someone

150

00:08:01,450 --> 00:07:59,909

took care of them yeah the police

151

00:08:08,899 --> 00:08:01,460

station and then hit up the warehouses

152

00:08:11,510 --> 00:08:08,909

yeah all right um see here how do i cure

153

00:08:13,520 --> 00:08:11,520

my characters chronic depression you got

154

00:08:17,270 --> 00:08:13,530

to read something I've been reading [h\_\_h]

155

00:08:20,240 --> 00:08:17,280

tons of stuff maybe if we if we stay

156

00:08:22,700 --> 00:08:20,250

active i think at my help so it's are

157

00:08:26,549 --> 00:08:22,710

you ready to go yeah

158

00:08:29,519 --> 00:08:26,559

okay here we go who's that door that is

159

00:08:32,519 --> 00:08:29,529

not very next business and avoid him and

160

00:08:35,610 --> 00:08:32,529

go out here we're gonna try to avoid all

161

00:08:39,029 --> 00:08:35,620

conflict your left yeah yeah I'm sorry

162

00:08:40,409 --> 00:08:39,039

you should you should probably lead then

163

00:08:42,240 --> 00:08:40,419

we're gonna go left again see there's

164

00:08:46,650 --> 00:08:42,250

one zombie up here let's believe that

165

00:08:48,540 --> 00:08:46,660

those guys alone should be fine yeah we

166

00:08:51,540 --> 00:08:48,550

didn't we can kind of walk we don't want

167

00:08:55,710 --> 00:08:51,550

to use it many more energy than we have

168

00:09:04,110 --> 00:08:55,720

to what's pretty cold out here what's

169

00:09:08,550 --> 00:09:04,120

with these my injuries god damn it we're

170

00:09:12,600 --> 00:09:08,560

cold gonna run a little bit much other

171

00:09:14,519 --> 00:09:12,610

zombies oh [h\_\_h] oh this is the road we

172

00:09:17,069 --> 00:09:14,529

need to go let me go we'd to split the

173

00:09:19,650 --> 00:09:17,079

zombies what do you mean guy go throne

174

00:09:24,199 --> 00:09:19,660

yeah or you can just beat the [h\_\_h] out

175

00:09:40,939 --> 00:09:36,169

Oh get out of there all right run we

176

00:09:45,319 --> 00:09:40,949

183

00:10:28,130 --> 00:10:20,260

184

00:10:38,290 --> 00:10:31,910

185

00:10:48,350 --> 00:10:44,180

I'm trying to there we go upper torso

186

00:10:52,300 --> 00:10:48,360

bleeding okay bleeding's gone okay

187

00:10:56,690 --> 00:10:54,710

everything's just so dark we can't see

188

00:10:58,100 --> 00:10:56,700

in there we need flashlights or candles

189

00:11:01,750 --> 00:10:58,110

or something we have a candle back there

190

00:11:01,760 --> 00:11:06,940

damn is just [h\_\_\h] sheet of paper

191

00:11:17,420 --> 00:11:12,110

socks and tissue oh damn there's Jeff

192

00:11:19,820 --> 00:11:17,430

coming here batteries everything there's

193

00:11:25,520 --> 00:11:19,830

a lot of flashlights get it no diary

194

00:11:29,990 --> 00:11:25,530

jackpot grads three flashlights I'd say

195

00:11:33,380 --> 00:11:30,000

grab them all [h\_\_\h] it I'm a secondary

196

00:11:38,120 --> 00:11:33,390

just saw I have a flashlight now

197

00:11:43,370 --> 00:11:38,130

greeeeat got us all more batteries gonna

198

00:11:48,940 --> 00:11:43,380

take is wire I don't want to fill up on

199

00:11:51,590 --> 00:11:48,950

too much [h\_\_\h] more flashlights more saws

200

00:11:59,870 --> 00:11:51,600

and secret I'm grabbing a few

201

00:12:03,190 --> 00:11:59,880

flashlights five flashes so many

202

00:12:06,980 --> 00:12:03,200

flashlights in here grab ass off you can

203

00:12:10,010 --> 00:12:06,990

attend a pool cue nice others paint and

204

00:12:12,020 --> 00:12:10,020

their sheets tons of paint I'm not sure

205

00:12:17,660 --> 00:12:12,030

the paint is good for well I don't know

206

00:12:23,689 --> 00:12:17,670

either but tent peg why not what's a

207

00:12:32,499 --> 00:12:28,579

Oh trowel it's a shovel oh good nice I

208

00:12:37,999 --> 00:12:32,509

was gardening show yeah I got it as a

209

00:12:39,289 --> 00:12:38,009

second I'm over over capacity um you

210

00:12:42,919 --> 00:12:39,299

drop this bell pepper I don't need that

211

00:12:51,439 --> 00:12:42,929

I guess our Dean weary night have a

212

00:12:55,220 --> 00:12:51,449

trowel you read this book real fast put

213

00:12:59,419 --> 00:12:55,230

in container remove battery quip no one

214

00:13:00,439 --> 00:12:59,429

hold on to that duct tape yep yeah that

215

00:13:05,929 --> 00:13:00,449

take that make sure your night

216

00:13:09,259 --> 00:13:05,939

overcapacity I got a saw that the

217

00:13:14,049 --> 00:13:09,269

battery the battery back at the house I

218

00:13:20,659 --> 00:13:14,059

got I got some wire additional wire um

219

00:13:22,970 --> 00:13:20,669

ok we can dig with the trowel yeah I

220

00:13:25,309 --> 00:13:22,980

just yeah I had that option now so good

221

00:13:31,729 --> 00:13:25,319

well practice digging when we get back

222

00:13:33,529 --> 00:13:31,739

to the house sheet dirty rag so much

223

00:13:34,460 --> 00:13:33,539

there's so much stuff here we should we

224

00:13:38,509 --> 00:13:34,470

should be able to come back and grab

225

00:13:40,579 --> 00:13:38,519

more batteries and there's plenty of

226

00:13:43,900 --> 00:13:40,589

flashlights tons of flashlights the

227

00:13:51,139 --> 00:13:43,910

problems batteries actually needle

228

00:13:54,799 --> 00:13:51,149

subscribe to tent pegs noodles actually

229

00:13:59,359 --> 00:13:54,809

might be helpful or to cheat up stuff

230

00:14:04,009 --> 00:13:59,369

yeah a gas can I think we'll take that

231

00:14:07,729 --> 00:14:04,019

yeah get that are you uh overloaded now

232

00:14:09,650 --> 00:14:07,739

i am okay i might be able to grab some

233

00:14:12,619 --> 00:14:09,660

so i gotta get rid of a i have two vests

234

00:14:14,919 --> 00:14:12,629

on a sweater rip sheets which I do need

235

00:14:22,039 --> 00:14:14,929

i can drop my pencil [h\_\_h] the pencil

236

00:14:24,789 --> 00:14:22,049

yeah Mick milk packages kind of need all

237

00:14:27,769 --> 00:14:24,799

this [h\_\_h] can you put stuff in the bag

238

00:14:30,789 --> 00:14:27,779

ya think so knows it requires me to

239

00:14:38,900 --> 00:14:30,799

carry it's still a box of paperclips I

240

00:14:48,110 --> 00:14:43,650

razor mirror comb bathhouse cotton balls

241

00:14:55,490 --> 00:14:50,879

yeah I'm overcapacity I'm trying to grab

242

00:14:58,620 --> 00:14:55,500

useful [h\_\_h] strawberries all this food

243

00:15:00,600 --> 00:14:58,630

porkchops where yet i'm right around the

244

00:15:02,519 --> 00:15:00,610

corner i got to grab this the food i

245

00:15:04,470 --> 00:15:02,529

want you to eat some of that so i can

246

00:15:07,470 --> 00:15:04,480

start healing there's a bell pepper over

247

00:15:09,600 --> 00:15:07,480

here I don't really see your your I'm

248

00:15:12,540 --> 00:15:09,610

out into the main room where we walked

249

00:15:15,629 --> 00:15:12,550

in oh right around this corner there's

250

00:15:20,189 --> 00:15:15,639

some food lay on the ground there so I'm

251  
00:15:24,420 --> 00:15:20,199  
actually probably gonna eat the meat to

252  
00:15:27,829 --> 00:15:24,430  
strawberries I don't even see where it's

253  
00:15:32,610 --> 00:15:27,839  
at its root wow I got it around around

254  
00:15:34,319 --> 00:15:32,620  
yeah and I want to keep that wire what

255  
00:15:35,850 --> 00:15:34,329  
can I what kind of [h\_\_\h] grave I guess

256  
00:15:41,280 --> 00:15:35,860  
I'm dystrophies paper clips i don't need

257  
00:15:44,189 --> 00:15:41,290  
paper clips so enough i'm cold we need

258  
00:15:47,160 --> 00:15:44,199  
to [h\_\_\h] move i think yeah i'm

259  
00:15:48,780 --> 00:15:47,170  
freezing body in mind obsessed by cold

260  
00:15:52,319 --> 00:15:48,790  
health in danger we got to get back to

261  
00:15:54,420 --> 00:15:52,329  
the [h\_\_\h] house my guys move slow

262  
00:16:01,049 --> 00:15:54,430  
zombies are moving in we gotta move ok

263  
00:16:09,659 --> 00:16:04,769

which is go yeah you know I get back

264

00:16:11,519 --> 00:16:09,669

home yes we gotta go to wire I think

265

00:16:16,519 --> 00:16:11,529

there's a lighter back at the house with

266

00:16:22,379 --> 00:16:18,629

all right let's see if we can get back

267

00:16:33,189 --> 00:16:22,389

there heard where she doesn't with the

268

00:16:45,449 --> 00:16:36,170

ok you still see me I'm nice running I

269

00:16:56,199 --> 00:16:47,460

I guys freeze I'm just even build a fire

270

00:17:03,460 --> 00:16:59,169

if we went this way yeah we went this

271

00:17:08,679 --> 00:17:03,470

way I get back to the access road yep

272

00:17:11,799 --> 00:17:08,689

it's in between here we can try to duck

273

00:17:14,289 --> 00:17:11,809

in here for some warmth I don't know

274

00:17:16,419 --> 00:17:14,299

what this is this is the office okay

275

00:17:20,769 --> 00:17:16,429

let's we're so close to home let's just

276

00:17:22,870 --> 00:17:20,779

try to make it this health in danger not

277

00:17:25,539 --> 00:17:22,880

sure how long we can take that okay well

278

00:17:28,029 --> 00:17:25,549

yeah health is in danger but I think we

279

00:17:30,190 --> 00:17:28,039

should try and duck in here we don't

280

00:17:32,230 --> 00:17:30,200

have anything to make fire with I think

281

00:17:34,330 --> 00:17:32,240

we're out of the elements though there's

282

00:17:49,620 --> 00:17:34,340

an upstairs this [h\_\_h] place check

283

00:17:56,590 --> 00:17:52,240

I'm up there you go outside about the

284

00:18:04,870 --> 00:17:56,600

roof it's the roof okay [h\_\_h] let's just

285

00:18:18,810 --> 00:18:11,100

we check my help file run old is okay

286

00:18:23,340 --> 00:18:22,080

no I think we're good with zombies you

287

00:18:25,529 --> 00:18:23,350

need to get any other side of this fence

288

00:18:27,210 --> 00:18:25,539

slow up I can't uh I can't run anymore I

289

00:18:34,970 --> 00:18:27,220

don't know how you guys can do it he's

290

00:18:41,190 --> 00:18:38,310

well on this side of the fence yeah

291

00:18:44,220 --> 00:18:41,200

we're really close I damn it hold up

292

00:18:46,169 --> 00:18:44,230

here because uh we got catch my breath

293

00:18:48,180 --> 00:18:46,179

cuz we're duck inside we can just see it

294

00:18:57,350 --> 00:18:48,190

outside this is a grocery store yeah

295

00:19:02,840 --> 00:19:00,950

okay don't go too far I mean we're at

296

00:19:06,710 --> 00:19:02,850

the duck inside we can't just i know i'm

297

00:19:09,830 --> 00:19:06,720

gonna i'm getting my my uh you behind me

298

00:19:13,460 --> 00:19:09,840

yeah okay hi guys just I got

299

00:19:17,840 --> 00:19:13,470

short-sighted he can't see this one

300

00:19:20,630 --> 00:19:17,850

zombie up here okay i can i can do a

301  
00:19:22,490 --> 00:19:20,640  
quick i can do a quick step you should

302  
00:19:24,410 --> 00:19:22,500  
be off to our left i'm moderately

303  
00:19:27,470 --> 00:19:24,420  
exerted take a break i'm trying to take

304  
00:19:30,440 --> 00:19:27,480  
a break I only moderately exerted you

305  
00:19:31,640 --> 00:19:30,450  
can still run like I can no I can I can

306  
00:19:39,260 --> 00:19:31,650  
only do this quick walk right here

307  
00:19:45,860 --> 00:19:39,270  
that's what I Connor then we just take

308  
00:19:45,870 --> 00:19:50,240  
right here yep

309  
00:19:56,420 --> 00:19:53,120  
i'm running it go for it seemed to make

310  
00:20:00,560 --> 00:19:56,430  
sure there's no zombies around I crap I

311  
00:20:16,050 --> 00:20:03,230  
I just a zombie is out of her house i'm

312  
00:20:16,060 --> 00:20:21,580  
you hit it

313  
00:20:34,490 --> 00:20:23,930

okay instead all right let's get the

314

00:20:36,250 --> 00:20:34,500

[h\_\_h] out of these LM so cold okay um not

315

00:20:38,690 --> 00:20:36,260

on the widget do we have a lighter I

316

00:20:42,140 --> 00:20:38,700

think we have one somewhere I thought

317

00:20:44,600 --> 00:20:42,150

Kerry Packer field had a lighter his

318

00:20:48,380 --> 00:20:44,610

body south side is it so out there I

319

00:20:52,730 --> 00:20:48,390

don't that if I don't know so what is

320

00:20:55,040 --> 00:20:52,740

the the HUD I have critical injury [h\_\_h]

321

00:21:05,960 --> 00:20:55,050

I got to eat this food did he don't do

322

00:21:08,630 --> 00:21:05,970

it yeah yeah my shorts going on I died I

323

00:21:11,870 --> 00:21:08,640

don't know how I died he died I just

324

00:21:13,370 --> 00:21:11,880

keeled over [h\_\_h] I didn't know his head

325

00:21:16,520 --> 00:21:13,380

critical injuries where's your body

326

00:21:20,330 --> 00:21:16,530

right in front of the fridge Luda

327

00:21:27,440 --> 00:21:20,340

there's good stuff on it I got for water

328

00:21:34,370 --> 00:21:27,450

bottles grab them all um I guess I tried

329

00:21:36,980 --> 00:21:34,380

uh all right well you know where the

330

00:21:39,410 --> 00:21:36,990

house is that so yeah we'll just keep

331

00:21:44,750 --> 00:21:39,420

doing this will just keep dying and

332

00:21:49,910 --> 00:21:47,330

I'll just take the golf club and I think

333

00:21:51,080 --> 00:21:49,920

we should be good okay look there's a

334

00:21:55,430 --> 00:21:51,090

girl right here i'm gonna take a look at

335

00:21:59,810 --> 00:21:55,440

this grill turn on hey we can turn this

336

00:22:04,460 --> 00:21:59,820

grill on that's amazing so ham turn on

337

00:22:06,350 --> 00:22:04,470

the grill oh [h\_\_h] so this grill of

338

00:22:08,420 --> 00:22:06,360

course propane tanks but aaron has a

339

00:22:09,860 --> 00:22:08,430

propane tank so we have one of the house

340

00:22:12,800 --> 00:22:09,870

too is there anything we can cook in

341

00:22:15,920 --> 00:22:12,810

here I don't have anything to cook I

342

00:22:18,980 --> 00:22:15,930

don't think I pork chops but I'm on yeah

343

00:22:26,140 --> 00:22:18,990

this uh put in container I put three in

344

00:22:31,730 --> 00:22:26,150

there ok so reach it okay hold on

345

00:22:34,580 --> 00:22:31,740

dangerously undercooked how long does it

346

00:22:39,080 --> 00:22:34,590

take I think it's cooking right now okay

347

00:22:41,900 --> 00:22:39,090

it's red so I think it's cooking so

348

00:22:45,410 --> 00:22:41,910

let's let it let's let a cook so what

349

352

00:23:07,200 --> 00:23:05,350

353

00:23:11,549 --> 00:23:07,210

even give me slightly well-fed well grab

358

00:23:29,820 --> 00:23:27,610

359

00:23:31,950 --> 00:23:29,830

an eye we have to watch that holy [h\_\_h]

360

00:23:34,650 --> 00:23:31,960

that sucks it's like real grilling yeah

361

00:23:36,390 --> 00:23:34,660

well this thing's on so we can go back

362

00:23:38,490 --> 00:23:36,400

and turn it off and come back and grill

363

00:23:40,320 --> 00:23:38,500

some more [h\_\_\h] yeah well we have a grill

364

00:23:46,060 --> 00:23:40,330

now we have an extra propane tank for it

365

00:23:50,980 --> 00:23:47,830

ok now we know how to grill we just have

366

00:23:54,820 --> 00:23:50,990

to watch it so it was cooking the entire

367

00:23:56,290 --> 00:23:54,830

time he's burned our goddamn food yeah

368

00:23:58,750 --> 00:23:56,300

369

00:24:02,590 --> 00:23:58,760

better that we did that yeah all right

370

00:24:05,050 --> 00:24:02,600

375

00:24:34,630 --> 00:24:30,350
