

**PROJECT**

**ZOMBOS**

**Crowded House**

1  
00:00:10,580 --> 00:00:08,240  
hey everyone in this episode clown baby

2  
00:00:12,290 --> 00:00:10,590  
and I are going to try to take back our

3  
00:00:16,340 --> 00:00:12,300  
house that is currently surrounded by

4  
00:00:18,439 --> 00:00:16,350  
zombies no thanks to me I enjoy the

5  
00:00:21,620 --> 00:00:18,449  
episode and please subscribe and like

6  
00:00:24,470 --> 00:00:21,630  
talk you later bye well after being

7  
00:00:29,570 --> 00:00:24,480  
chased in here by a zombie horde our

8  
00:00:33,440 --> 00:00:29,580  
house was surrounded after I right there

9  
00:00:35,630 --> 00:00:33,450  
a little shooting spree and forgot all

10  
00:00:37,940 --> 00:00:35,640  
the bullets inside we got most of my

11  
00:00:41,780 --> 00:00:37,950  
balls inside the house I was out there

12  
00:00:43,160 --> 00:00:41,790  
dunno doing some skeet shooting and I go

13  
00:00:46,279 --> 00:00:43,170

out there and the zombies are trampling

14

00:00:48,680 --> 00:00:46,289

all over my lovely tomato plants and so

15

00:00:52,459 --> 00:00:48,690

didn't take kindly now we got to figure

16

00:00:57,260 --> 00:00:52,469

out a way to get back there and save our

17

00:01:00,080 --> 00:00:57,270

house you want to get a drink of water

18

00:01:05,420 --> 00:01:00,090

before you leave probably had a bad idea

19

00:01:08,030 --> 00:01:05,430

get hydrated before we get out to you

20

00:01:09,530 --> 00:01:08,040

got anything you can eat i gotta i have

21

00:01:13,490 --> 00:01:09,540

vitamins that will help stave off hunger

22

00:01:15,410 --> 00:01:13,500

yeah might be a good idea i was looking

23

00:01:17,510 --> 00:01:15,420

at the containers i think you can I

24

00:01:19,609 --> 00:01:17,520

think I figured out containers do you

25

00:01:22,820 --> 00:01:19,619

need vitamins i can drop these i'm good

26

00:01:27,910 --> 00:01:22,830

i just had a pepper a red pepper that's

27

00:01:32,539 --> 00:01:27,920

good although i think i need a shirt i

28

00:01:37,010 --> 00:01:32,549

have a vest on ya have you're gonna best

29

00:01:41,630 --> 00:01:37,020

I can't it's summer spring I just can't

30

00:01:43,039 --> 00:01:41,640

see it so here we go won't take a look

31

00:01:48,130 --> 00:01:43,049

through any of these houses over here

32

00:01:56,090 --> 00:01:50,620

check out that one you're close to

33

00:02:00,770 --> 00:01:56,100

stopping here on the ground hmm nice bag

34

00:02:05,120 --> 00:02:00,780

it's all [h\_\_h] towel Forks 24 plastic

35

00:02:07,190 --> 00:02:05,130

bags I'll take a plastic bag as a you

36

00:02:10,100 --> 00:02:07,200

can do as a secondary keep keep stuff in

37

00:02:12,800 --> 00:02:10,110

it yeah so I got to put this put in

38

00:02:19,070 --> 00:02:12,810

container no I want a mousetrap I'll

39

00:02:21,350 --> 00:02:19,080

take that ring here we know we're in

40

00:02:24,560 --> 00:02:21,360

this bathroom right here we know there's

41

00:02:28,400 --> 00:02:24,570

a horde on in on the inside of this

42

00:02:30,650 --> 00:02:28,410

fence by those plastic chairs a hundred

43

00:02:33,440 --> 00:02:30,660

feet away maybe and we have a horde just

44

00:02:35,420 --> 00:02:33,450

north of that on the on the internet

45

00:02:37,640 --> 00:02:35,430

expense now on the other side of the

46

00:02:40,220 --> 00:02:37,650

fence an intersection then there's a

47

00:02:44,480 --> 00:02:40,230

horde that we led away hopefully most of

48

00:02:46,760 --> 00:02:44,490

them from the storage area up the road

49

00:02:49,010 --> 00:02:46,770

and they're blocking off that path but

50

00:02:51,380 --> 00:02:49,020

the only problem is where r dr i mean to

51  
00:02:56,900 --> 00:02:51,390  
the other houses cord standing right

52  
00:02:59,780 --> 00:02:56,910  
there yes in theory we could just dash

53  
00:03:06,350 --> 00:02:59,790  
straight to their but we dash straight

54  
00:03:08,650 --> 00:03:06,360  
into the arms of zombies yeah um when

55  
00:03:11,090 --> 00:03:08,660  
you have it how many were in that horde

56  
00:03:16,370 --> 00:03:11,100  
i'm saying i'm guessing there's at least

57  
00:03:17,990 --> 00:03:16,380  
20 // horde i have ten bullets there's

58  
00:03:20,570 --> 00:03:18,000  
no way we can put 10 to the swordplay

59  
00:03:23,650 --> 00:03:20,580  
bullets will attract more all we want to

60  
00:03:26,900 --> 00:03:23,660  
do is use one or the two bullets to

61  
00:03:28,340 --> 00:03:26,910  
attract attention to one area where

62  
00:03:30,590 --> 00:03:28,350  
these zombies can live out their lives

63  
00:03:32,449 --> 00:03:30,600

give me a second let's think about this

64

00:03:35,030 --> 00:03:32,459

piss real quick we'll be back in 60

65

00:03:40,660 --> 00:03:35,040

seconds yeah I do some thinking here

66

00:03:43,190 --> 00:03:40,670

myself okay i just sent out a message

67

00:03:48,620 --> 00:03:43,200

found a lot of good stuff at the tattoo

68

00:03:52,810 --> 00:03:48,630

shop so our plan right now is to talk

69

00:03:58,460 --> 00:03:52,820

other players into coming down here um

70

00:04:03,290 --> 00:03:58,470

and hopefully we can carry

71

00:04:06,740 --> 00:04:03,300

it's so our plan is to talk other people

72

00:04:10,550 --> 00:04:06,750

in this area to create more confusion so

73

00:04:12,560 --> 00:04:10,560

we can slip past everybody and hopefully

74

00:04:17,120 --> 00:04:12,570

they come from the north they'll come in

75

00:04:22,850 --> 00:04:17,130

to the tattoo shop and then leave and we

76

00:04:32,170 --> 00:04:22,860

can slip right in oh [\h\_\_\h] this yes they

77

00:04:39,420 --> 00:04:34,890

Lacey s

78

00:04:40,950 --> 00:04:39,430

ok follow me I got a plan right there in

79

00:04:43,620 --> 00:04:40,960

the woods right through our right to our

80

00:04:50,100 --> 00:04:43,630

left or inner woods yep so we have to go

81

00:04:51,120 --> 00:04:50,110

up here I hope we got this hard there's

82

00:04:57,399 --> 00:04:51,130

a hole right in front of us so we're

83

00:05:04,339 --> 00:05:01,129

do you see what I see yeah okay this is

84

00:05:05,480 --> 00:05:04,349

bad news bears but it's fine oh look so

85

00:05:08,480 --> 00:05:05,490

we're gonna cut left is in the hole

86

00:05:13,909 --> 00:05:08,490

right there like we're gonna keep going

87

00:05:23,719 --> 00:05:13,919

this way um we have to go up this street

88

00:05:25,689 --> 00:05:23,729

now yep I just equip my pistol okay and

89

00:05:28,869 --> 00:05:25,699

that's gonna be as a defensive weapon oh

90

00:05:32,410 --> 00:05:28,879

look so actually someone hits freed up

91

00:05:34,450 --> 00:05:32,420

this is kind of a boon

92

00:05:38,020 --> 00:05:34,460

want to fire it off now so it draws them

93

00:05:42,250 --> 00:05:38,030

all over here yeah hold on me Jeff don't

94

00:05:47,500 --> 00:05:42,260

go that way hey go damn okay okay to the

95

00:05:48,820 --> 00:05:47,510

south but it's all that they're all

96

00:05:52,330 --> 00:05:48,830

they're all gonna come over here so

97

00:05:54,430 --> 00:05:52,340

that's that's fantastic looking dodge

98

00:05:55,810 --> 00:05:54,440

and weave our way back we're gonna keep

99

00:05:58,180 --> 00:05:55,820

on the south and then we'll cut over

100

00:06:01,530 --> 00:05:58,190

eventually look we could have her the

101  
00:06:04,000 --> 00:06:01,540  
police station of the access road yes

102  
00:06:10,790 --> 00:06:04,010  
that's fine they're gonna come over in

103  
00:06:16,490 --> 00:06:14,180  
you see a sweater this butter yeah the

104  
00:06:27,590 --> 00:06:16,500  
tote bag still being followed by the way

105  
00:06:31,920 --> 00:06:30,170  
see a sweater or anything I'm looking

106  
00:06:37,670 --> 00:06:31,930  
drawn

107  
00:06:40,499 --> 00:06:37,680  
that's keeping the lookout for him I am

108  
00:06:45,240 --> 00:06:40,509  
we're still coming though they certainly

109  
00:06:47,550 --> 00:06:45,250  
are got a sweater and one two three and

110  
00:06:53,049 --> 00:06:47,560  
I got it let's go yeah they're still

111  
00:06:58,860 --> 00:06:56,730  
alright gets wet around I'm good

112  
00:07:01,020 --> 00:06:58,870  
this is the pleat knows not the

113  
00:07:05,339 --> 00:07:01,030

PlayStation go just go further south

114

00:07:10,070 --> 00:07:05,349

it's the market crap they're still

115

00:07:15,020 --> 00:07:12,439

well we got a big [h\_\_h] in front of us

116

00:07:23,510 --> 00:07:15,030

but we're going to turn on the

117

00:07:32,149 --> 00:07:23,520

afterburners ready go got another small

118

00:07:40,760 --> 00:07:32,159

horde walk walk this ready we're at the

119

00:07:42,409 --> 00:07:40,770

cut over soon uh cut now yeah there's

120

00:07:46,909 --> 00:07:42,419

there behind that fence holy [h\_\_h] they

121

00:07:49,610 --> 00:07:46,919

certainly are that's the police station

122

00:07:51,740 --> 00:07:49,620

to [h\_\_h] and we have a horde coming in

123

00:07:56,180 --> 00:07:51,750

from our other area you have to retreat

124

00:07:59,240 --> 00:07:56,190

this way yep I'm there behind you got

125

00:08:06,610 --> 00:07:59,250

this red yep towards the tavern I guess

126

00:08:11,290 --> 00:08:09,159

ok

127

00:08:16,959 --> 00:08:11,300

wallace road then we're going to cut to

128

00:08:21,010 --> 00:08:16,969

our left now these imbeciles just follow

129

00:08:26,230 --> 00:08:21,020

us there slow you let them and then

130

00:08:28,920 --> 00:08:26,240

we're at the cut back up eventually just

131

00:08:31,680 --> 00:08:28,930

keep it around a little bit

132

00:08:33,450 --> 00:08:31,690

this is the road back to her house yeah

133

00:08:39,540 --> 00:08:33,460

it's a cut we can try and cut up like

134

00:08:41,969 --> 00:08:39,550

right here see it's doable you see let's

135

00:08:50,590 --> 00:08:41,979

see if our ploy with a shotgun and I'm

136

00:08:55,269 --> 00:08:53,050

plus if you can line it this way if we

137

00:08:59,970 --> 00:08:55,279

can line is site them to break off their

138

00:09:12,060 --> 00:09:04,410

be careful there's like not as many

139

00:09:25,040 --> 00:09:12,070

there as there were yeah we can get in

140

00:09:33,510 --> 00:09:28,740

get in close door they're out there

141

00:09:37,730 --> 00:09:33,520

though let's wait a minute to make sure

142

00:09:51,150 --> 00:09:42,300

[h\_\_h] what door are they had there's a

143

00:09:52,590 --> 00:09:51,160

lot of them there's a lot let's just log

144

00:09:58,040 --> 00:09:52,600

off and grab the shotgun shells in her

145

00:10:04,380 --> 00:10:01,190

and I'm gonna give myself in a closet

146

00:10:08,970 --> 00:10:04,390

let's do it let me see what else we have

147

00:10:11,870 --> 00:10:08,980

it we can grab me let's see batteries

148

00:10:19,730 --> 00:10:11,880

you have a box of 223 ammo grab that

149

00:10:23,160 --> 00:10:19,740

grab the nails I gotta go get the axe

150

00:10:26,940 --> 00:10:23,170

you can well there any at the other door

151  
00:10:34,390 --> 00:10:26,950  
how many are there out there 33 that's

152  
00:10:39,970 --> 00:10:37,500  
we can kill three if there's only three

153  
00:10:41,950 --> 00:10:39,980  
how we gonna do that in in this room

154  
00:10:44,770 --> 00:10:41,960  
they're all going to come in at once no

155  
00:10:50,740 --> 00:10:44,780  
please leave out the side door they're

156  
00:10:56,230 --> 00:10:50,750  
right behind us over out there hold on a

157  
00:11:02,650 --> 00:10:56,240  
second it doesn't sound good no it

158  
00:11:19,450 --> 00:11:02,660  
doesn't so I got shotgun shells me we

159  
00:11:25,560 --> 00:11:19,460  
can't fire any shots in here let's log

160  
00:11:28,150 --> 00:11:25,570  
off maybe the problem solve itself yes

161  
00:11:31,240 --> 00:11:28,160  
let's log off real fast and then log

162  
00:11:34,080 --> 00:11:31,250  
back on how about that you log off and
