

SMITTE

xBox First
Impressions

1
00:00:16,420 --> 00:00:12,259
hey everybody this is smite or xbox one

2
00:00:21,250 --> 00:00:16,430
it is in beta it is a third-person

3
00:00:25,310 --> 00:00:21,260
action multiplayer online battle arena

4
00:00:28,820 --> 00:00:25,320
much much like League of Legends or

5
00:00:31,700 --> 00:00:28,830
heroes of the storm you pick a character

6
00:00:39,080 --> 00:00:31,710
probably I think one of 50 different

7
00:00:41,660 --> 00:00:39,090
gods such as or Cupid Rob Hercules any

8
00:00:43,910 --> 00:00:41,670
one of those types of characters and you

9
00:00:46,610 --> 00:00:43,920
hop on a team and you battle it out

10
00:00:49,520 --> 00:00:46,620
against another team in an arena setting

11
00:00:53,330 --> 00:00:49,530
and the arena games had they last

12
00:00:56,060 --> 00:00:53,340
anywhere from 15 to 20 minutes and I

13
00:01:00,290 --> 00:00:56,070

play a bunch of those and then I played

14

00:01:04,100 --> 00:01:00,300

a game mode called conquest and that

15

00:01:06,260 --> 00:01:04,110

game mode that match lasted 60 minutes I

16

00:01:08,899 --> 00:01:06,270

don't know if that's typical or normal

17

00:01:12,170 --> 00:01:08,909

of ass might match play I have watched a

18

00:01:17,010 --> 00:01:12,180

few games of League of Legends online

19

00:01:20,999 --> 00:01:17,020

and those can last quite a while overall

20

00:01:24,270 --> 00:01:21,009

this might i didn't think i would like

21

00:01:26,010 --> 00:01:24,280

it as much as i do and i think it's

22

00:01:30,029 --> 00:01:26,020

going to be a free game for the xbox one

23

00:01:32,639 --> 00:01:30,039

and they get money you can do like

24

00:01:34,590 --> 00:01:32,649

in-app purchases or in game and game

25

00:01:37,679 --> 00:01:34,600

purchases you can buy gems and those

26

00:01:40,469 --> 00:01:37,689

gems can buy you additional gods or

27

00:01:42,770 --> 00:01:40,479

skins and I think that's how they're

28

00:01:47,069 --> 00:01:42,780

gonna make money on this overall it does

29

00:01:51,839 --> 00:01:47,079

it does play well but it does feel like

30

00:01:54,899 --> 00:01:51,849

a pc port the user interface does seem

31

00:01:57,749 --> 00:01:54,909

like it was built for pc so it seems a

32

00:02:00,359 --> 00:01:57,759

little clunky i'm big man that it was a

33

00:02:04,319 --> 00:02:00,369

little clunky but the overall gameplay

34

00:02:06,839 --> 00:02:04,329

does does feel responsive although you

35

00:02:08,400 --> 00:02:06,849

can kind of tell where a mouse would

36

00:02:11,160 --> 00:02:08,410

definitely be a little more useful than

37

00:02:13,080 --> 00:02:11,170

a controller I noticed that when you do

38

00:02:16,259 --> 00:02:13,090

certain special abilities we have to

39

00:02:18,449 --> 00:02:16,269

judge the distance using your analog

40

00:02:21,479 --> 00:02:18,459

control stick is a little little clunky

41

00:02:23,180 --> 00:02:21,489

and not as responsive as I would like it

42

00:02:25,949 --> 00:02:23,190

I don't know if that's how it plays on

43

00:02:28,020 --> 00:02:25,959

pc so i really have no comparison for

44

00:02:31,650 --> 00:02:28,030

that only can really comment on what i

45

00:02:36,420 --> 00:02:31,660

played on xbox one the graphics look

46

00:02:39,750 --> 00:02:36,430

good they're slightly above the graphics

47

00:02:42,140 --> 00:02:39,760

uhuh for the neverwinter game that came

48

00:02:45,140 --> 00:02:42,150

out for free on xbox one

49

00:02:47,449 --> 00:02:45,150

and I'm not I don't care about the

50

00:02:50,149 --> 00:02:47,459

graphics so much it plays well it looks

51
00:02:52,729 --> 00:02:50,159
good and it's probably good enough for

52
00:02:56,270 --> 00:02:52,739
me overall first impressions I think

53
00:02:58,250 --> 00:02:56,280
it's a good game innning it could really

54
00:03:01,880 --> 00:02:58,260
get a large community on xbox one and

55
00:03:03,470 --> 00:03:01,890
I'm really surprised that the there's

56
00:03:06,050 --> 00:03:03,480
not a league of legends on xbox one

57
00:03:09,470 --> 00:03:06,060
since that game is so popular and it has

58
00:03:13,580 --> 00:03:09,480
been ported over yet I haven't seen too

59
00:03:16,670 --> 00:03:13,590
many glitches or things that might be a

60
00:03:19,220 --> 00:03:16,680
little game breaking it plays fairly

61
00:03:20,839 --> 00:03:19,230
smoothly as far as I can tell the only a

62
00:03:22,940 --> 00:03:20,849
sticking point for me as the length of

63
00:03:25,190 --> 00:03:22,950

matches of the conquest mode which is

64

00:03:27,259 --> 00:03:25,200

which is about an hour I it was like one

65

00:03:31,490 --> 00:03:27,269

o'clock in the morning and I was just

66

00:03:33,349 --> 00:03:31,500

like let me lose please but I know I if

67

00:03:35,270 --> 00:03:33,359

you jump out of a game if you just

68

00:03:37,089 --> 00:03:35,280

choose to quit and you leave your rest

69

00:03:39,349 --> 00:03:37,099

of your team hanging I hit you be

70

00:03:40,970 --> 00:03:39,359

penalized I know in League of Legends

71

00:03:42,349 --> 00:03:40,980

that if you put a game early you're

72

00:03:45,740 --> 00:03:42,359

penalized I don't know if that works the

73

00:03:48,500 --> 00:03:45,750

same Wayne's might or not if it is a

74

00:03:50,100 --> 00:03:48,510

free game download it's definitely worth

75

00:03:53,760 --> 00:03:50,110

it and you have a

76

00:03:56,700 --> 00:03:53,770

a lot of characters to pick from even if

77

00:03:58,830 --> 00:03:56,710

it's just free and a lot of variety and

78

00:04:01,410 --> 00:03:58,840

they it can be kind of fun although it

79

00:04:03,420 --> 00:04:01,420

is sorry from shaking the table Jacob

80

00:04:07,830 --> 00:04:03,430

Mia camera although can be a bit

81

00:04:09,840 --> 00:04:07,840

grinding this is not a reviews my first

82

00:04:12,570 --> 00:04:09,850

impression so overall I think it's

83

00:04:14,390 --> 00:04:12,580

positive I can see him too I can see

84

00:04:19,050 --> 00:04:14,400

myself playing it for for quite a while

85

00:04:23,390 --> 00:04:19,060

so this game play that I'm about to show

86

00:04:25,710 --> 00:04:23,400

you it was from the hour long match and

87

00:04:28,620 --> 00:04:25,720

not a lot of my teammates were

88

00:04:30,630 --> 00:04:28,630

communicating talking with other guy and

89

00:04:33,360 --> 00:04:30,640

he was very helpful he gave me some

90

00:04:36,870 --> 00:04:33,370

helpful hints um what not to do what to

91

00:04:39,810 --> 00:04:36,880

do but I suck at playing video games I'm

92

00:04:42,720 --> 00:04:39,820

not good and I'm definitely not good in

93

00:04:46,920 --> 00:04:42,730

a competitive environment like this I

94

00:04:48,480 --> 00:04:46,930

goof around too much and I don't know if

95

00:04:51,300 --> 00:04:48,490

I was helping my teammates at all I

96

00:04:53,610 --> 00:04:51,310

wasn't because the routes might put out

97

00:04:55,710 --> 00:04:53,620

each game your character levels within

98

00:04:57,690 --> 00:04:55,720

the match so the quicker you can reach

99

00:04:59,100 --> 00:04:57,700

that that that higher level the more

100

00:05:01,020 --> 00:04:59,110

abilities you have the more damage you

101
00:05:03,690 --> 00:05:01,030
do in the more damage you can take I

102
00:05:05,190 --> 00:05:03,700
wasn't doing that I wasn't leveling up

103
00:05:08,070 --> 00:05:05,200
as quickly as I share that's probably

104
00:05:09,150 --> 00:05:08,080
going around picking flowers and making

105
00:05:12,750 --> 00:05:09,160
fun of the little meetings that run

106
00:05:14,820 --> 00:05:12,760
alongside me so uh

107
00:05:16,290 --> 00:05:14,830
if you can get it download it i think

108
00:05:18,450 --> 00:05:16,300
there's some beta beta keys floating

109
00:05:20,100 --> 00:05:18,460
around still check it out and here's

110
00:05:29,490 --> 00:05:20,110
some gameplay talk to you guys later bye

111
00:05:32,880 --> 00:05:29,500
bye hey i'm thure what should i do what

112
00:05:35,790 --> 00:05:32,890
do you want me to do that ass okay you

113
00:05:42,810 --> 00:05:35,800

god damn this thing's [\h__\h] hard to

156
00:08:50,400 --> 00:08:46,870
kill why are you trying to kill this

157
00:08:52,200 --> 00:08:50,410
thing it killed me all right this time

158
00:08:54,210 --> 00:08:52,210
I'm going back with a vengeance you drew

159
00:08:59,430 --> 00:08:54,220
me into your [\h__\h] war vengeance

160
00:09:00,960 --> 00:08:59,440
against this creature Oh what it does ok

161
00:09:03,440 --> 00:09:00,970
well I'll help you kill it if you don't

162
00:09:12,390 --> 00:09:03,450
know what it does and it's got to die

163
00:09:14,610 --> 00:09:12,400

not gonna find out all right here we go

164

00:09:20,520 --> 00:09:14,620

let's let's do this thing lead the way

165

00:09:28,320 --> 00:09:20,530

to this abomination and will slit or

166

00:09:31,500 --> 00:09:28,330

that where is it yes where are you they

167

00:09:33,180 --> 00:09:31,510

must do something pretty important it

168

00:09:35,610 --> 00:09:33,190

was that hard to kill yeah I agree

169

00:09:38,190 --> 00:09:35,620

because you got down to less than half

170

00:09:40,470 --> 00:09:38,200

health I did all my special moves and

171

00:09:44,500 --> 00:09:40,480

was still alive Eric baby how you doing

172

00:09:50,990 --> 00:09:44,510

what's up uh it's a girl

173

00:09:54,800 --> 00:09:51,000

do my spinny all right back off hey we

174

00:09:57,560 --> 00:09:54,810

got something got some more help oh no

175

00:10:00,800 --> 00:09:57,570

yeah there we go three people on this

176

00:10:05,720 --> 00:10:00,810

piece of [h__h] all right yay what the

177

00:10:07,850 --> 00:10:05,730

hell that do ohkura kill nice i'm

178

00:10:17,240 --> 00:10:07,860

recalling a special I guess I don't need

179

00:10:23,630 --> 00:10:17,250

to recall any more special nice as an

180
