

HEARTHSTONE

HEROES OF WARCRAFT™

Tavern Brawl

Randomonium

1
00:00:10,669 --> 00:00:06,380
hey everybody I'm gonna be playing some

2
00:00:13,430 --> 00:00:10,679
hearthstone today the tavern brawl and

3
00:00:14,900 --> 00:00:13,440
ended the the r and ammonium you don't

4
00:00:16,779 --> 00:00:14,910
know where you're going to get in every

5
00:00:20,179 --> 00:00:16,789
card that's in your hand gets reduced

6
00:00:22,519 --> 00:00:20,189
down and in mana points so it's very

7
00:00:25,460 --> 00:00:22,529
chaotic and that's a good game for me to

8
00:00:27,439 --> 00:00:25,470
play because i suck so bad i'm trying to

9
00:00:46,360 --> 00:00:27,449
win some games with the mage see how

10
00:00:56,900 --> 00:00:52,130
Jane vs I'm doing life shall bring

11
00:01:00,860 --> 00:00:56,910
victory you asked for it so I want to

12
00:01:03,590 --> 00:01:00,870
get as big of mana cards as big as cards

13
00:01:06,550 --> 00:01:03,600

in my hand an ish alee as possible as

14

00:01:11,120 --> 00:01:06,560

you'll see the e to the points go down

15

00:01:13,730 --> 00:01:11,130

will never be uh gonna be larger than

16

00:01:22,969 --> 00:01:13,740

the initial card costs but I didn't get

17

00:01:24,920 --> 00:01:22,979

all right yeah jobs done and I

18

00:01:31,780 --> 00:01:24,930

played against the priest quite a few

19

00:01:34,280 --> 00:01:31,790

times and the priests teams do ok and

20

00:01:37,219 --> 00:01:34,290

but by large I've had the most success

21

00:01:40,780 --> 00:01:37,229

with the hunter but I need to play the

22

00:01:44,410 --> 00:01:40,790

mage to complete my quest look at that

23

00:01:47,110 --> 00:01:44,420

it's got this monstrous card for two and

24

00:01:49,570 --> 00:01:47,120

so what death rattle had three more

25

00:01:52,510 --> 00:01:49,580

copies of arcane missile my hand all

26

00:01:54,160 --> 00:01:52,520

right let's ups dies or in

27

00:02:02,469 --> 00:01:54,170

my language in front of the curse about

28

00:02:08,350 --> 00:02:02,479

that I'll try what's this okay spell

29

00:02:15,790 --> 00:02:08,360

damage freeze all minions secret oh good

30

00:02:19,600 --> 00:02:15,800

god okay well good thing is you'll kill

31

00:02:28,949 --> 00:02:19,610

me I'll kill him I have a death rattle

32

00:02:37,210 --> 00:02:33,640

and that will be handy dandy all right

33

00:02:40,000 --> 00:02:37,220

who can i bring out mmm it's like

34

00:02:42,370 --> 00:02:40,010

control secret do I have a secret I

35

00:02:50,650 --> 00:02:42,380

don't even have a secret let's just go

36

00:02:52,479 --> 00:02:50,660

ahead and get Scylla here we go this

37

00:02:57,670 --> 00:02:52,489

guy's all dark and purple what's going

38

00:02:59,979 --> 00:02:57,680

on I don't know I don't know crime

39

00:03:04,380 --> 00:02:59,989

sorry aren't I like I don't know crap

40

00:03:07,270 --> 00:03:04,390

about hearthstone I play it on my iphone

41

00:03:12,850 --> 00:03:07,280

on a daily basis trying to get better i

42

00:03:15,729 --> 00:03:12,860

watch it on Twitch I'm obsessed with the

43

00:03:17,259 --> 00:03:15,739

game but I'm not very good at it okay so

44

00:03:18,789 --> 00:03:17,269

here are my options and wonder if your

45

00:03:23,680 --> 00:03:18,799

opponent can whenever your opponent cast

46

00:03:25,600 --> 00:03:23,690

a spell summon burly rock salt rock okay

47

00:03:26,740 --> 00:03:25,610

let's do that he's a spell caster so

48

00:03:29,520 --> 00:03:26,750

let's go ahead and get this guy out

49

00:03:41,920 --> 00:03:39,220

and I will attack there we go I still

50

00:03:46,390 --> 00:03:41,930

don't have any secrets to the jack this

51
00:03:49,720 --> 00:03:46,400
guy up that's why I want to do want to

52
00:03:57,580 --> 00:03:49,730
Jack this guy pretty hard it's my goal

53
00:04:01,780 --> 00:03:57,590
now I'll be able to control the board

54
00:04:09,160 --> 00:04:01,790
pretty well if he throws out a lot of

55
00:04:17,099 --> 00:04:09,170
stupid little pissant minions I don't

56
00:04:22,990 --> 00:04:17,109
know okay so I still don't have a secret

57
00:04:28,710 --> 00:04:23,000
hmm if adjacent minions this one let's

58
00:04:38,050 --> 00:04:33,490
so this could be interesting and I think

59
00:04:40,930 --> 00:04:38,060
I'm gonna have to do this let's go ahead

60
00:04:43,030 --> 00:04:40,940
and do this this little this is sean

61
00:04:48,440 --> 00:04:43,040
what's up

62
00:04:52,420 --> 00:04:48,450
awesome fantastic I want to keep this

63
00:04:54,580 --> 00:04:52,430

guy around just in case i have my secret

64

00:05:01,490 --> 00:04:54,590

what's this kill his ass hole right here

65

00:05:06,200 --> 00:05:01,500

why not so I'm sorry I keep Pierce this

66

00:05:10,690 --> 00:05:06,210

guy I wanna so if I happen to have a

67

00:05:14,600 --> 00:05:10,700

secret great are you our next turn

68

00:05:16,580 --> 00:05:14,610

fantastic I'm not counting on it I don't

69

00:05:19,010 --> 00:05:16,590

even know what's I mean the decks until

70

00:05:21,560 --> 00:05:19,020

a randomized so there's really nothing I

71

00:05:30,230 --> 00:05:21,570

can do to really anticipate what I might

72

00:05:37,970 --> 00:05:30,240

have coming up oh my lord oh come on why

73

00:05:44,030 --> 00:05:37,980

is he doing that's not nice but what I

74

00:05:53,250 --> 00:05:44,040

could do oh yeah the squadron's got

75

00:06:01,900 --> 00:06:00,370

so that's fine I can do for damage to

76

00:06:09,940 --> 00:06:01,910

all minions that kind of want to keep

77

00:06:14,740 --> 00:06:09,950

that around all right listen let's go

78

00:06:23,550 --> 00:06:14,750

ahead and do this he already did his

79

00:06:36,040 --> 00:06:29,700

let's start smashing this priest face I

80

00:06:39,880 --> 00:06:36,050

feel pretty positive about that I can

81

00:06:42,400 --> 00:06:39,890

unless he does some sweeping act here

82

00:06:54,480 --> 00:06:42,410

and takes out my minions I'm gonna win

83

00:07:00,380 --> 00:06:54,490

next round let me change your boy no no

84

00:07:00,390 --> 00:07:10,180

I put Ali right Leroy Jenkins no my

85

00:07:21,890 --> 00:07:18,760

wells play thanks buddy oh let's just I

86

00:07:32,900 --> 00:07:21,900

don't need to do this I'm just being a

87

00:07:35,870 --> 00:07:32,910

jerk at this point all right so I

88

00:07:38,120 --> 00:07:35,880

believe it it's got a complete or win

89

00:07:41,200 --> 00:07:38,130

one more match with the mage in order to

90

00:07:45,820 --> 00:07:41,210

complete my quest let's go ahead do that

91

00:07:55,870 --> 00:07:45,830

yeah look at that mmm mmm good for me

92

00:08:01,130 --> 00:07:58,670

actually I'm I'm finding this brought

93

00:08:03,230 --> 00:08:01,140

played for the past few days I actually

94

00:08:06,560 --> 00:08:03,240

enjoy it quite a bit because I'm getting

95

00:08:08,570 --> 00:08:06,570

these cards that i don't own and i get

96

00:08:11,240 --> 00:08:08,580

the kind of understand how they can be

97

00:08:13,700 --> 00:08:11,250

played in a match so if i'm going to

98

00:08:15,560 --> 00:08:13,710

craft a card i have a better

99

00:08:17,420 --> 00:08:15,570

understanding of which card to craft

100

00:08:29,150 --> 00:08:17,430

that might the benefit me in future

101
00:08:38,159 --> 00:08:29,160
games hey we'll stick with it I'll look

102
00:08:46,360 --> 00:08:43,480
okay I don't want to do I can't really

103
00:08:55,900 --> 00:08:46,370
do anything besides this which I don't

104
00:09:09,210 --> 00:08:55,910
want to use just yet they'll never know

105
00:09:30,490 --> 00:09:15,579
okay all right wow this is not gonna go

106
00:09:39,199 --> 00:09:37,790
wonderful the might of O Lord okay I

107
00:09:50,230 --> 00:09:39,209
probably gonna get a little taste my own

108
00:10:05,810 --> 00:09:55,100
okay you okay let's let's let's start

109
00:10:09,079 --> 00:10:05,820
doing some crap sorry so let's go

110
00:10:13,610 --> 00:10:09,089
ahead destroy a minion okay let's should

111
00:10:16,800 --> 00:10:13,620
I I gotta do this I it's not wise to

112
00:10:24,879 --> 00:10:16,810
give them all those arcane missiles but

113
00:10:30,789 --> 00:10:29,079

I just had to get as much damage out

114

00:10:36,579 --> 00:10:30,799

there as possible I don't know its up

115

00:10:48,909 --> 00:10:36,589

her let her know what's up let her know

116

00:11:02,729 --> 00:10:48,919

I'm not messing around here we go here

117

00:11:06,280 --> 00:11:02,739

we go this isn't the same oh and so

118

00:11:12,639 --> 00:11:06,290

buddy the the fireballs are just gonna

119

00:11:24,789 --> 00:11:12,649

rain down okay let's get this guy out

120

00:11:28,780 --> 00:11:24,799

there I don't want that thing out there

121

00:11:30,400 --> 00:11:28,790

but I really don't have a choice um i'm

122

00:11:37,020 --> 00:11:30,410

just gonna try to do some massive

123

00:11:40,960 --> 00:11:39,100

I'm going to pray that she's just going

124

00:11:43,630 --> 00:11:40,970

to use a couple fireballs here there try

125

00:11:49,450 --> 00:11:43,640

to take me down to maybe I don't know

126

00:11:51,340 --> 00:11:49,460

let's say five health 6 health and I

127

00:12:03,880 --> 00:11:51,350

might have to round to do something up

128

00:12:09,040 --> 00:12:03,890

no it's over yeah this is G has full

129

00:12:15,480 --> 00:12:09,050

control of the board cuz everytime she

130

00:12:26,260 --> 00:12:15,490

cast one of those it's another one um

131

00:12:30,250 --> 00:12:26,270

this is crappy okay I got a awesome

132

00:12:35,560 --> 00:12:30,260

invention I might be able to start doing

133

00:12:42,850 --> 00:12:35,570

some stuff here deal to damage or divine

134

00:12:53,320 --> 00:12:42,860

shield um my back's kind of up against

135

00:12:55,180 --> 00:12:53,330

the wall here I don't know I I don't

136

00:13:03,670 --> 00:12:55,190

know if that was good but my goal is

137

00:13:05,740 --> 00:13:03,680

next round is if my guy stay alive which

138

00:13:07,690 --> 00:13:05,750

they're not going to let's just say if

139

00:13:20,380 --> 00:13:07,700

though i'll bring up this guy and do

140

00:13:26,220 --> 00:13:20,390

some damage no cheese this is this is

141

00:13:26,230 --> 00:13:33,110

here we go oh my lord okay

142

00:13:33,120 --> 00:13:54,820

yep here we go I hate this thing

143

00:14:00,910 --> 00:13:57,580

I need something with charge or I need a

144

00:14:08,050 --> 00:14:00,920

spell or I need to silence of this

145

00:14:21,790 --> 00:14:08,060

infernal mage there we go yeah here

146

00:14:36,520 --> 00:14:21,800

comes comes a reign of terror I don't

147

00:14:40,690 --> 00:14:36,530

have any choices and that is probably it

148

00:14:43,570 --> 00:14:40,700

for me folks my hand is too full good

149

00:14:45,250 --> 00:14:43,580

i'm happy about that but you have a

150

00:14:46,840 --> 00:14:45,260

fireball and could take me on one shot

151
00:14:49,889 --> 00:14:46,850
so it really doesn't matter i don't know

152
00:15:03,720 --> 00:14:52,509
she's just playing with me like I'm some

153
00:15:03,730 --> 00:15:19,040
okay

154
00:15:19,050 --> 00:15:51,070
totally unnecessary let's do it again

155
00:16:00,770 --> 00:15:56,930
Jaina vs Gullu dan your soul shall be

156
00:16:02,180 --> 00:16:00,780
mine you asked for it yeah this is good

157
00:16:04,700 --> 00:16:02,190
probably gonna be a little difficult

158
00:16:14,650 --> 00:16:04,710
because the sky can just generate cards

159
00:16:19,640 --> 00:16:14,660
whenever he wants um okay uh only the

160
00:16:36,710 --> 00:16:19,650
only the suit spewer in my hand there we

161
00:16:58,769 --> 00:16:36,720
go all right I can't do it I can't do

162
00:17:10,600 --> 00:17:07,929
my spells cost one less power and I know

163
00:17:14,350 --> 00:17:10,610

a lot I've actually use this guy quite a

164

00:17:16,990 --> 00:17:14,360

bit he's actually pretty powerful as

165

00:17:28,720 --> 00:17:17,000

long as he stays live i think that the

166

00:17:30,159 --> 00:17:28,730

spell damage bonus keeps adding up too

167

00:17:34,480 --> 00:17:30,169

bad i really don't have an arcane

168

00:17:41,139 --> 00:17:34,490

missile gotta get at on out there just

169

00:17:48,370 --> 00:17:41,149

to save my ass and this guy yep the

170

00:17:55,210 --> 00:17:48,380

earth mother is near let's what do they

171

00:17:59,310 --> 00:17:55,220

do win fury and okay i did i get rid of

172

00:18:15,340 --> 00:18:07,600

so here's were wrong and that's it for

173

00:18:42,640 --> 00:18:15,350

me folks please please don't do anything

174

00:18:52,780 --> 00:18:42,650

to my tante oh my lord oh oh peace No hi

175

00:19:00,090 --> 00:18:52,790

Keith don't do that well okay this is

176

00:19:12,970 --> 00:19:07,480

well laid no thanks thank you spells

177

00:19:18,310 --> 00:19:12,980

cost one less and let's just do some

178

00:19:22,290 --> 00:19:18,320

damage to this guy with just found his

179
