00:00:22,070 --> 00:00:19,740
have a Cosmo Kramer made apparently I do

5
00:00:25,759 --> 00:00:22,080
have a Cosmo Kramer made he's just log

6
00:00:28,370 --> 00:00:25,769
in right now and we'll find out where it

7
00:00:40,450 --> 00:00:28,380
is rare to see wheres cosmo kramer gonna

8
00:00:51,139 --> 00:00:45,290
Cosmo Kramer is shirtless and he's in a

9
00:00:53,750 --> 00:00:51,149
room holding a frying pan so things are

10
00:00:55,880 --> 00:00:53,760
not looking good for Cosmo he's woken up

11
00:00:58,580 --> 00:00:55,890
from a drunken blackout he's got a

12
00:01:01,520 --> 00:00:58,590
backpack on with pickles and a glazed

13
00:01:04,910 --> 00:01:01,530

donut and chips definitely a drunken

14

00:01:08,990 --> 00:01:04,920

blackout um holy [\h__\h] there's a giant

15

00:01:12,320 --> 00:01:09,000

hog here where the [\h__\h] are you there's

16

00:01:14,539 --> 00:01:12,330

a rope ladder and a generator really how

17

00:01:16,219 --> 00:01:14,549

did Kramer pass out what's my was my

18

00:01:21,050 --> 00:01:16,229

status I'm okay he's not hurt or

19

00:01:26,030 --> 00:01:21,060

anything man this hog is huge he's a

20

00:01:27,679 --> 00:01:26,040

dead pig all there's boxes here it's

21

00:01:28,850 --> 00:01:27,689

nice Christmas tree me you know what he

22

00:01:31,819 --> 00:01:28,860

says he's probably at the [\h__\h]

23

00:01:35,660 --> 00:01:31,829

warehouse in vulture no no I'm not I'm

24

00:01:39,590 --> 00:01:35,670

know I'm gonna [\h__\h] house dude I'm it

25

00:01:43,910 --> 00:01:39,600

and it's full of rotten food I'm a New

26
00:01:46,550 --> 00:01:43,920
Bedford I think there is no new bedford

27
00:01:53,210 --> 00:01:46,560
there's a new den berg is a bedroom all

28
00:01:59,060 --> 00:01:56,600
what the hell is hog doing here it's a

29
00:02:01,760 --> 00:01:59,070
dead pig I'm gonna try I'm just even

30
00:02:06,710 --> 00:02:01,770
pick up this dead hog I got enough room

31
00:02:10,969 --> 00:02:06,720
I'm taking this thing you know meth labs

32
00:02:12,950 --> 00:02:10,979
gone for good [h__h] are MREs god damn it

33
00:02:14,810 --> 00:02:12,960
now i have a boxing marine you're on the

34
00:02:18,260 --> 00:02:14,820
ground yeah that's not that big of a

35
00:02:21,320 --> 00:02:18,270
deal wait no more MREs our love this

36
00:02:24,170 --> 00:02:21,330
game no you just cut like a morales

37
00:02:30,710 --> 00:02:24,180
somebody finally found the base son of a

38
00:02:33,770 --> 00:02:30,720

[h__h] there's a rope ladder going down

39

00:02:39,800 --> 00:02:33,780

there's a lot of zombies down there mmm

40

00:02:45,260 --> 00:02:39,810

yeah this looks like it's a blowtorch

41

00:02:48,890 --> 00:02:45,270

box of BB some planks pickaxe it's

42

00:02:50,480 --> 00:02:48,900

probably better than my frying pan even

43

00:02:54,410 --> 00:02:50,490

know where you're at no I'm figuring

44

00:02:57,800 --> 00:02:54,420

this out they didn't take the ar-15

45

00:03:07,030 --> 00:02:57,810

though so i'll put those in my backpack

46

00:03:14,630 --> 00:03:07,040

for if we find Cosmo there's another I

47

00:03:18,400 --> 00:03:14,640

don't know where this is going to have a

48

00:03:22,090 --> 00:03:20,380

I literally don't know where I'm at

49

00:03:24,610 --> 00:03:22,100

there's like a rope ladder leading down

50

00:03:28,230 --> 00:03:24,620

somewhere and there doesn't really

51
00:03:32,170 --> 00:03:28,240
appear to appear to be any stairs

52
00:03:34,750 --> 00:03:32,180
there's a lot of zombies out outside red

53
00:03:38,140 --> 00:03:34,760
Boyd official rules so chat rules no

54
00:03:39,730 --> 00:03:38,150
spam spam is considered three or more

55
00:03:42,610 --> 00:03:39,740
messages in a quick succession when not

56
00:03:44,080 --> 00:03:42,620
necessary man okay oh here is the

57
00:03:45,580 --> 00:03:44,090
official server rules want to bring them

58
00:03:48,190 --> 00:03:45,590
up someone can take a look at this [h__h]

59
00:03:50,680 --> 00:03:48,200
no race it racist bigoted or sexist

60
00:03:52,450 --> 00:03:50,690
remarks what profanity is fine as long

61
00:03:54,850 --> 00:03:52,460
as it's not constantly used to

62
00:03:57,130 --> 00:03:54,860
personally attack other players mm-hmm

63
00:03:59,320 --> 00:03:57,140

no advertising of other servers there's

64

00:04:01,270 --> 00:03:59,330

only two [h__h] servers there's Zeke to

65

00:04:03,100 --> 00:04:01,280

this one red red boy I should I knew

66

00:04:05,110 --> 00:04:03,110

that there was new rules up because

67

00:04:09,160 --> 00:04:05,120

Zeke's is back up to like 15 or 20

68

00:04:11,320 --> 00:04:09,170

players no good so in muldrow you can't

69

00:04:15,340 --> 00:04:11,330

barricade traps ledge any buildings

70

00:04:17,470 --> 00:04:15,350

within the Bulger [h__h] town okay so

71

00:04:19,240 --> 00:04:17,480

fresh spawn is horn harmed or killed by

72

00:04:21,490 --> 00:04:19,250

your trap you'll be I think band nah

73

00:04:23,080 --> 00:04:21,500

blah blah blah no placement in

74

00:04:25,210 --> 00:04:23,090

generators buildings or destructive

75

00:04:31,630 --> 00:04:25,220

destruction of safe houses spawn houses

76
00:04:33,070 --> 00:04:31,640
ah you gotta declare your faction status

77
00:04:37,930 --> 00:04:33,080
on reddit if you have a group of four

78
00:04:39,970 --> 00:04:37,940
more and then you gotta claim your area

79
00:04:42,640 --> 00:04:39,980
that you control you can only can

80
00:04:45,220 --> 00:04:42,650
control mrs. if actions cannot own a

81
00:04:52,620 --> 00:04:45,230
territory spend more in two city blocks

82
00:04:56,700 --> 00:04:55,050
section bases are open to PvP meaning

83
00:05:00,000 --> 00:04:56,710
anyone can attack anyone in a faction

84
00:05:01,890 --> 00:05:00,010
base both factions declare war on each

85
00:05:04,080 --> 00:05:01,900
other publicly Kos rules are in effect

86
00:05:06,420 --> 00:05:04,090
anyone the map blah blah blah blah blah

87
00:05:12,030 --> 00:05:06,430
be careful killing innocent bystanders

88
00:05:14,430 --> 00:05:12,040

this is the [h__\h] most strict um be

89

00:05:15,330 --> 00:05:14,440

careful of coating everyone is kind of

90

00:05:19,440 --> 00:05:15,340

mean if you're just hanging around

91

00:05:22,230 --> 00:05:19,450

you're gonna get shot yeah pvp rules no

92

00:05:24,960 --> 00:05:22,240

killing on site must try to hold up

93

00:05:29,730 --> 00:05:24,970

light role playing or start a faction

94

00:05:33,060 --> 00:05:29,740

war between before attacking look I just

95

00:05:34,530 --> 00:05:33,070

know that's not gonna happen it's got to

96

00:05:37,590 --> 00:05:34,540

make a new character and he's gonna be

97

00:05:39,900 --> 00:05:37,600

the Pied Piper who just drags zombies

98

00:05:41,880 --> 00:05:39,910

around with them to eat people yeah so I

99

00:05:43,800 --> 00:05:41,890

guess at this point I I don't know what

100

00:05:46,230 --> 00:05:43,810

to do like I I'm gonna be shot on sight

101
00:05:47,880 --> 00:05:46,240
by suede or middle Devon that's just I

102
00:05:52,440 --> 00:05:47,890
know that's gonna happen well that's

103
00:05:54,420 --> 00:05:52,450
kind of allowable I mean we have a past

104
00:05:55,860 --> 00:05:54,430
history so I mean I don't I don't I have

105
00:05:57,260 --> 00:05:55,870
nothing against metal Devin at all I

106
00:06:00,690 --> 00:05:57,270
just know he will shoot me on sight

107
00:06:03,270 --> 00:06:00,700
there's no been no conversation between

108
00:06:04,920 --> 00:06:03,280
us there's been no like text dialogue

109
00:06:07,050 --> 00:06:04,930
exchange has been meaningful in any way

110
00:06:09,360 --> 00:06:07,060
whatsoever so you did kill him once

111
00:06:14,880 --> 00:06:09,370
though he killed me like five times I

112
00:06:19,050 --> 00:06:14,890
see you have a past history yeah there

113
00:06:21,780 --> 00:06:19,060

is some history a white History yeah at

114

00:06:24,600 --> 00:06:21,790

least one message needs to be sent to

115

00:06:26,220 --> 00:06:24,610

reveal your negative intentions give

116

00:06:28,080 --> 00:06:26,230

your opponent a few seconds to react to

117

00:06:31,350 --> 00:06:28,090

your message do not say I'm going to

118

00:06:33,810 --> 00:06:31,360

shoot you a fire the boy this maegi you

119

00:06:35,640 --> 00:06:33,820

hit enter okay i'm gonna type in i'm

120

00:06:38,250 --> 00:06:35,650

about to kill you baba bhot and you're

121

00:06:39,360 --> 00:06:38,260

in my faction area and he won't see it

122

00:06:42,810 --> 00:06:39,370

cuz he's smoking that I'm gonna shoot

123

00:06:44,970 --> 00:06:42,820

him yeah just come ah any player with

124

00:06:47,880 --> 00:06:44,980

their PvP turned on skull over their

125

00:06:51,480 --> 00:06:47,890

head is open to attack but someone with

126

00:06:55,020 --> 00:06:51,490

pvp cannot indiscriminately attack non

127

00:06:56,370 --> 00:06:55,030

pvv players without a warning first how

128

00:06:58,470 --> 00:06:56,380

is that determined without it there's a

129

00:07:00,300 --> 00:06:58,480

warning so this is a server check and

130

00:07:02,880 --> 00:07:00,310

log to see if there is a text message

131

00:07:04,800 --> 00:07:02,890

you'll see if somebody takes like a

132

00:07:06,279 --> 00:07:04,810

screenshot or complaints to the [h__h]

133

00:07:08,559 --> 00:07:06,289

admins they'll go through the law

134

00:07:10,239 --> 00:07:08,569

folks I look I'm a baby but I'm not that

135

00:07:12,939 --> 00:07:10,249

much of a baby about it I realizes the

136

00:07:16,600 --> 00:07:12,949

apocalypse yeah and this mission happens

137

00:07:18,850 --> 00:07:16,610

it's unfortunate that our our port got

138

00:07:21,579 --> 00:07:18,860

vandalized repeatedly but you know [\h__\h]

139

00:07:23,920 --> 00:07:21,589

happens hacking and cheating I

140

00:07:31,809 --> 00:07:23,930

understand no hacking cheating I get

141

00:07:33,279 --> 00:07:31,819

that so the bloodhounds are not quite a

142

00:07:35,049 --> 00:07:33,289

faction they are where they kind of

143

00:07:36,489 --> 00:07:35,059

leave each other alone and may have a

144

00:07:39,429 --> 00:07:36,499

joint base that they work out of

145

00:07:42,429 --> 00:07:39,439

sometimes and then if some [\h__\h] goes

146

00:07:45,549 --> 00:07:42,439

down they they may bendigo [\h__\h] this is

147

00:07:49,409 --> 00:07:45,559

not good well as long as they don't

148

00:07:53,040 --> 00:07:49,419

shoot us on sight I don't care well

149

00:07:59,679 --> 00:07:53,050

that'll probably happen that's a problem

150

00:08:01,570 --> 00:07:59,689

Kramer's on his way the mall how hard

151

00:08:06,249 --> 00:08:01,580

can it be negotiate not to shoot on

152

00:08:07,749 --> 00:08:06,259

sight yeah I mean Russia and Turkey are

153

00:08:09,999 --> 00:08:07,759

working on right now we can't we can't

154

00:08:12,759 --> 00:08:10,009

negotiate this these terms are pretty

155

00:08:14,409 --> 00:08:12,769

reasonable uh you guys can try and

156

00:08:16,779 --> 00:08:14,419

negotiate but I can't negotiate on your

157

00:08:21,790 --> 00:08:16,789

bath that's fair you are playing two

158

00:08:25,839 --> 00:08:21,800

sides the same coin my friend what are

159

00:08:30,670 --> 00:08:25,849

you the French I'm the Italians yeah I

160

00:08:32,170 --> 00:08:30,680

guess you're right yeah they I don't

161

00:08:34,300 --> 00:08:32,180

hold it against you understand you gotta

162

00:08:45,319 --> 00:08:34,310

keep playing doing your thing and and

163

00:08:51,600 --> 00:08:50,009

you spelled van buren well are you

164

00:09:00,340 --> 00:08:51,610

announcing the van buren boys are back

165

00:09:06,020 --> 00:09:02,360

wait say which one of your characters

166

00:09:09,740 --> 00:09:06,030

pledged allegiance to them uh Marty Oh

167

00:09:15,890 --> 00:09:09,750

Marty st. Morty Seinfeld that's a big

168

00:09:22,430 --> 00:09:15,900

get man that guy's a powerhouse they got

169

00:09:25,010 --> 00:09:22,440

more tea and his alts we have Maria it

170

00:09:29,060 --> 00:09:25,020

did it you have art vandelay on their

171

00:09:31,250 --> 00:09:29,070

side too ah pretty much anybody I log in

172

00:09:33,470 --> 00:09:31,260

this Oh while she totally with him

173

00:09:35,000 --> 00:09:33,480

twenty-four/seven no I'm not I haven't

174

00:09:38,300 --> 00:09:35,010

even been on I just told metal Devon

175

00:09:39,380 --> 00:09:38,310

that I that I joined okay some pretty

176
00:09:41,720 --> 00:09:39,390
much this I know you don't own any gun

177
00:09:45,980 --> 00:09:41,730
maintenance kits Dewey um see if I have

178
00:09:47,270 --> 00:09:45,990
any more on me I just got one I just

179
00:09:57,110 --> 00:09:47,280
wonder who I'm dealing with anymore I

180
