

TOM CLANCY'S

# RAINBOW SIX | SIEGE

Hostage Defend

1  
00:00:12,230 --> 00:00:08,720  
it didn't boats for control rooms

2  
00:00:14,120 --> 00:00:12,240  
actually not too bad acting in the Coast

3  
00:00:16,039 --> 00:00:14,130  
Guard office because I don't know

4  
00:00:18,230 --> 00:00:16,049  
anything about any of these rooms okay

5  
00:00:22,070 --> 00:00:18,240  
then that's the longest name so I'm

6  
00:00:23,540 --> 00:00:22,080  
voting control room done we just got to

7  
00:00:27,080 --> 00:00:23,550  
fortify all the walls you got to

8  
00:00:28,759 --> 00:00:27,090  
reinforce every wall we see and I'm not

9  
00:00:30,769 --> 00:00:28,769  
doing that okay well then we're gonna

10  
00:00:33,139 --> 00:00:30,779  
lose I'm gonna I'm gonna pinch eNOS plan

11  
00:00:36,770 --> 00:00:33,149  
is flawed I'm gonna make you lick it off

12  
00:00:40,869 --> 00:00:36,780  
and you're gonna take it Johnny there

13  
00:00:46,040 --> 00:00:40,879

yeah attention his own nose right now

14

00:00:48,319 --> 00:00:46,050

he's taking a giant recon one you're

15

00:00:52,459 --> 00:00:48,329

gonna drink it to a straw quit finishing

16

00:00:54,830 --> 00:00:52,469

my sentences okay I'm gonna reinforce

17

00:00:57,080 --> 00:00:54,840

this wall you know by the way I have two

18

00:01:01,270 --> 00:00:57,090

left yeah that's fine you can always you

19

00:01:05,359 --> 00:01:01,280

can reload these metal things at the

20

00:01:08,120 --> 00:01:05,369

real a box and old droids we broke in oh

21

00:01:11,090 --> 00:01:08,130

here guys here's some armor armor right

22

00:01:13,520 --> 00:01:11,100

next to the refill box no not that be

23

00:01:16,190 --> 00:01:13,530

careful i can i can get that door I can

24

00:01:19,490 --> 00:01:16,200

I can for you guys or pretty good i have

25

00:01:23,359 --> 00:01:19,500

i have a thing that says um will they

26

00:01:28,880 --> 00:01:23,369

come up guessing grand on the kinks how

27

00:01:35,450 --> 00:01:28,890

they can repel up yeah now they won't do

28

00:01:37,280 --> 00:01:35,460

that that they can't do oh and I already

29

00:01:40,060 --> 00:01:37,290

here I'm hollering yeah this wall is

30

00:01:41,810 --> 00:01:40,070

suspect back here I got one more

31

00:01:45,679 --> 00:01:41,820

reinforcement which when you're talking

32

00:01:47,600 --> 00:01:45,689

about well it's gonna need to that wall

33

00:01:50,600 --> 00:01:47,610

right over yeah we can't do that yeah

34

00:01:54,910 --> 00:01:50,610

but can't we can't retake the colored

35

00:01:59,260 --> 00:01:54,920

dreamer out we're out well i'm reloading

36

00:02:03,859 --> 00:01:59,270

what there's only seven enemies i mean

37

00:02:04,860 --> 00:02:03,869

this round they did one more web

38

00:02:07,440 --> 00:02:04,870

dangerous

39  
00:02:09,870 --> 00:02:07,450  
[h\_\_h] they come John if you come in here

40  
00:02:15,140 --> 00:02:09,880  
and before happen we'll have a hard room

41  
00:02:19,260 --> 00:02:15,150  
in here uh-huh I got it I got it okay

42  
00:02:21,300 --> 00:02:19,270  
getting odd yeah I have to take my time

43  
00:02:24,750 --> 00:02:21,310  
to play that oh wow okay [h\_\_h] there's a

44  
00:02:26,820 --> 00:02:24,760  
hard room well yeah I think so burn

45  
00:02:28,530 --> 00:02:26,830  
through and stuff is there trapdoors no

46  
00:02:30,630 --> 00:02:28,540  
there's no trap doors in here it would

47  
00:02:34,110 --> 00:02:30,640  
happen here you can come to the window

48  
00:02:40,410 --> 00:02:34,120  
here's I'm screaming oh and castle he

49  
00:02:42,300 --> 00:02:40,420  
left arm remember if you get hit

50  
00:02:43,860 --> 00:02:42,310  
basically a couple times are gonna be

51  
00:02:46,940 --> 00:02:43,870  
down is that our explosive right there

52  
00:02:50,010 --> 00:02:46,950  
not as their I think so like I'm really

53  
00:02:52,020 --> 00:02:50,020  
know this is this is mine I just I don't

54  
00:02:58,920 --> 00:02:52,030  
know the helm dose second time I played

55  
00:03:01,440 --> 00:02:58,930  
you did fine reinforce the area get

56  
00:03:03,540 --> 00:03:01,450  
armor I'm like yelling allowed panicky

57  
00:03:12,600 --> 00:03:03,550  
voice so you guys can stay calm when I

58  
00:03:15,360 --> 00:03:12,610  
barricade a window thank you okay I'm

59  
00:03:19,440 --> 00:03:15,370  
gonna watch this electrical room that's

60  
00:03:22,140 --> 00:03:19,450  
what the [h\_\_\h] I'm gonna do that's what

61  
00:03:24,810 --> 00:03:22,150  
I'm gonna do what I was gonna get in

62  
00:03:28,229 --> 00:03:24,820  
here oh you're lucky sorry oh you left

63  
00:03:30,780 --> 00:03:28,239

me apparently he ok I can hear down nike

64

00:03:33,570 --> 00:03:30,790

no don't actually protected me mean here

65

00:03:41,200 --> 00:03:33,580

I deserve whatever I create got him for

66

00:03:48,950 --> 00:03:44,810

where's myself up I'm gonna chase skin

67

00:03:50,990 --> 00:03:48,960

off [h\_\_h] through this preaching

68

00:03:54,380 --> 00:03:51,000

they breached over here in an inner

69

00:03:59,960 --> 00:03:58,340

other heavy out here now I'm stuck tell

70

00:04:01,220 --> 00:03:59,970

71

00:04:02,600 --> 00:04:01,230

through this wall shame behind you

72

00:04:03,920 --> 00:04:02,610

they're breaking through that door or

73

00:04:08,960 --> 00:04:03,930

they were I think you're pretty good

74

00:04:17,900 --> 00:04:11,980

let's check in p 90 is a [h\_\_h]

75

00:04:20,560 --> 00:04:17,910

76

00:04:22,520 --> 00:04:20,570

right here I could remove we're good

77

00:04:25,100 --> 00:04:22,530

waiting for them to crash through all

78

00:04:30,020 --> 00:04:25,110

these windows at the same time bastards

79

00:04:39,310 --> 00:04:30,030

oh yeah yeah they're cutting through

80

00:04:41,480 --> 00:04:39,320

this [h\_\_h] door shoot nice very nice

81

00:04:43,280 --> 00:04:41,490

82

00:04:48,590 --> 00:04:43,290

139

00:08:33,540 --> 00:08:29,469

the pain the ass all right you can't

140

00:08:37,469 --> 00:08:33,550

really secure it how do I know how many

141

00:08:40,980 --> 00:08:37,479

143

00:08:44,519 --> 00:08:42,610

want to stay in there go ahead dig down

144

00:08:49,670 --> 00:08:44,529

I've been killing a lot of guys in here

145

00:08:52,550 --> 00:08:49,680

did it that's a good watch out Johnny

146

00:08:59,400 --> 00:08:52,560

this steak coming from out there John

147

00:09:01,260 --> 00:08:59,410

yeah yep ism let me know if you guys

148

00:09:06,030 --> 00:09:01,270

need help in there there's a lot of guys

149

00:09:10,170 --> 00:09:06,040

grenade [h\_\_h] they killed Halliwell they

150

00:09:13,110 --> 00:09:10,180

killed hasta carne de our hostage they

151

00:09:16,530 --> 00:09:13,120

did that we didn't do that no no they

152

00:09:18,030 --> 00:09:16,540

did that yeah that's kind of a chintzy

153

00:09:20,010 --> 00:09:18,040

that they'd be able to do that yeah it's

154

00:09:21,449 --> 00:09:20,020

kind of [h\_\_h] up dude if we're not

155

00:09:22,800 --> 00:09:21,459

allowed to move the hostage they

156

00:09:24,449 --> 00:09:22,810

shouldn't be able to just Huck a [h\_\_h]

157

00:09:26,280 --> 00:09:24,459

fraggin and killer all right I'm gonna

158

00:09:29,250 --> 00:09:26,290

switch should i switch guys and be the

159

00:09:36,790 --> 00:09:29,260

guy that can pooping Thank You the

160

00:09:45,110 --> 00:09:40,750

are they trying to kill the HAases yes

161

00:09:47,450 --> 00:09:45,120

why I keep our hostage um still tied up

162

00:09:50,030 --> 00:09:47,460

in duct taped oh cuz we don't really

163

00:09:52,940 --> 00:09:50,040

like him he's kind of a dick so we're

164

00:09:54,500 --> 00:09:52,950

just like hey yeah we don't use one of

165

00:09:57,530 --> 00:09:54,510

those mobsters it's kind of like asking

166

00:10:01,190 --> 00:09:57,540

like Oscar Isaacs character in star wars

167

00:10:02,810 --> 00:10:01,200

like howdy just he just appeared later

168

00:10:05,090 --> 00:10:02,820

you know you ask too many questions

169

00:10:08,780 --> 00:10:05,100

you'll go insane all right I'm filling

170

00:10:10,670 --> 00:10:08,790

in so what I'm gonna do is I'm gonna

171

00:10:14,420 --> 00:10:10,680

keep booby-trapping those back windows

172

00:10:16,610 --> 00:10:14,430

too was it they swing through yeah

173

00:10:19,310 --> 00:10:16,620

175

00:10:25,700 --> 00:10:23,310

176

00:10:27,590 --> 00:10:25,710

fine in there you it'll be fine I'm not

177

00:10:29,269 --> 00:10:27,600

200

00:12:21,610 --> 00:12:11,660

came through this window again here run

201  
00:12:24,160 --> 00:12:21,620

202  
00:12:31,629 --> 00:12:24,170  
got the Cobra barricade and the bomb on

203  
00:12:39,269 --> 00:12:31,639  
it all right back back corner earn a

204  
00:12:48,130 --> 00:12:46,150  
she'll go out in the hallway they come

205  
00:12:52,210 --> 00:12:48,140  
through the door I don't know yet not

206  
00:12:54,310 --> 00:12:52,220  
yet or not what's a [h\_\_\h] trying to

207  
00:12:56,860 --> 00:12:54,320  
there's a [h\_\_\h] down guess it glitz the

208  
00:12:59,079 --> 00:12:56,870  
game glitched yep there's one more guy

209  
00:13:04,120 --> 00:12:59,089  
in here i was a dork and did it again

210  
00:13:06,280 --> 00:13:04,130  
the kids [h\_\_\h] kill me all right I shot

211  
00:13:10,780 --> 00:13:06,290  
the bad guy with my doc John that was

212  
00:13:14,560 --> 00:13:10,790  
awesome you just like it executed me is

213  
00:13:16,960 --> 00:13:14,570

that you hit the right bumper and your

214

00:13:19,150 --> 00:13:16,970

doc gun comes out sometimes sometimes

215

00:13:29,019 --> 00:13:19,160

sometimes a pistol comes out it's

216

00:13:35,110 --> 00:13:29,029

actually a glitch okay secure the area

217

00:13:37,360 --> 00:13:35,120

we revived on I revive the hospital I

218

00:13:39,010 --> 00:13:37,370

don't care he's looking at the cameras

219

00:13:40,449 --> 00:13:39,020

right now so if I see any of them i'll

220

00:13:43,090 --> 00:13:40,459

scan them so you guys know where they're

221

00:13:44,860 --> 00:13:43,100

coming from well we know whether they're

222

00:13:48,880 --> 00:13:44,870

gonna come up the stairs I like all

223

00:13:52,540 --> 00:13:48,890

right now I wish I was alive I'm sorry

224

00:13:53,980 --> 00:13:52,550

man is that your fault oh sit seriously

225

00:13:56,500 --> 00:13:53,990

there's a problem because I hit the

226

00:13:59,800 --> 00:13:56,510

right bumper and my pistol pistol that

227

00:14:02,050 --> 00:13:59,810

Judah pullets comes up and you know

228

00:14:05,410 --> 00:14:02,060

usually you are my pistol with the the Y

229

00:14:08,139 --> 00:14:05,420

button and then I have to hit the bumper

230

00:14:18,000 --> 00:14:08,149

again and and the doc dart gun comes out

231

00:14:24,610 --> 00:14:21,610

he got me talk there's a bomb guy coming

232

00:14:26,170 --> 00:14:24,620

coming through the man I think they're

233

00:14:28,420 --> 00:14:26,180

actually learning a lot i hear a bomb

234

00:14:31,330 --> 00:14:28,430

guy yea he's coming up the stairs right

235

00:14:33,070 --> 00:14:31,340

now he's good he's coming through the

236

00:14:39,280 --> 00:14:33,080

door in the back is another with a

237

00:14:42,340 --> 00:14:39,290

239

00:14:46,030 --> 00:14:43,700

just because the area there's the door

240

00:14:48,070 --> 00:14:46,040

they're coming to red marker oh there

241

00:14:51,460 --> 00:14:48,080
