The Brown  
Mountain Lights

1  
00:00:10,910 --> 00:00:08,709  
we miles get into some interesting stuff

2  
00:00:18,050 --> 00:00:10,920  
please climb baby let's talk about the

3  
00:00:20,859 --> 00:00:18,060  
Brown Mountain UFO for UFOs well it's

4  
00:00:23,720 --> 00:00:20,869  
gonna be the Brown Mountain yeah come on

5  
00:00:26,050 --> 00:00:23,730  
who's new to someone last name brown but

6  
00:00:31,370 --> 00:00:26,060  
I dated a girl called the Brown Mountain

7  
00:00:36,170 --> 00:00:31,380  
excuse me that junk of the truck you

8  
00:00:37,760 --> 00:00:36,180  
should play know about that [h\_\_h] I'm not

9  
00:00:39,350 --> 00:00:37,770  
gonna do the girl [h\_\_h] man maybe I would

10  
00:00:41,060 --> 00:00:39,360  
did a girl in the ship likes school

11  
00:00:43,430 --> 00:00:41,070  
debris round mouth yeah I guess you're

12  
00:00:45,590 --> 00:00:43,440  
right okay how's this kind of

13  
00:00:49,720 --> 00:00:45,600

insinuating I was probably dating uh you

14

00:00:56,479 --> 00:00:49,730

know large black one yes that's correct

15

00:00:59,330 --> 00:00:56,489

so that might eat 14 36 so I i sent this

16

00:01:01,549 --> 00:00:59,340

article in jeff it's called the Brown

17

00:01:02,869 --> 00:01:01,559

Mountain UFOs and you read this article

18

00:01:04,240 --> 00:01:02,879

can you give us a little rundown on

19

00:01:06,440 --> 00:01:04,250

what's going on with the Brown Mountain

20

00:01:07,820 --> 00:01:06,450

well there's a brown mountain there's a

21

00:01:09,550 --> 00:01:07,830

there's actually phenomenon that goes

22

00:01:11,810 --> 00:01:09,560

down there some kind of a ghost light

23

00:01:13,130 --> 00:01:11,820

it's actually been recorded you could

24

00:01:14,210 --> 00:01:13,140

actually really great video in the

25

00:01:17,570 --> 00:01:14,220

article see and actually see these

26

00:01:18,950 --> 00:01:17,580

lights that appear but um this is

27

00:01:20,899 --> 00:01:18,960

recovered by this kind of links to

28

00:01:22,850 --> 00:01:20,909

Kentucky goblins to it it kind of the

29

00:01:24,440 --> 00:01:22,860

end of the article but uh there's these

30

00:01:27,080 --> 00:01:24,450

Mountain lights to be recorded by many

31

00:01:28,840 --> 00:01:27,090

people and they're rare unexplained they

32

00:01:31,300 --> 00:01:28,850

occur they still occurred of this day

33

00:01:33,410 --> 00:01:31,310

they've been seen as far back as the

34

00:01:35,569 --> 00:01:33,420

twelve hundreds by Native American

35

00:01:37,609 --> 00:01:35,579

tribes so and we talked about the

36

00:01:41,480 --> 00:01:37,619

Kentucky goblins on the end of the last

37

00:01:43,490 --> 00:01:41,490

podcast after you vacated and we didn't

38

00:01:45,080 --> 00:01:43,500

really dig too deep into the Kentucky

39

00:01:47,090 --> 00:01:45,090

doc goblins I think we that we should

40

00:01:48,590 --> 00:01:47,100

it's pretty a really elaborate story

41

00:01:51,249 --> 00:01:48,600

because there's that one specific

42

00:01:53,929 --> 00:01:51,259

account the family but yeah actually

43

00:01:55,999 --> 00:01:53,939

steers universe episode again today yeah

44

00:01:57,560 --> 00:01:56,009

that's a good one not people through the

45

00:01:58,880 --> 00:01:57,570

Kentucky goblins just bunch of rednecks

46

00:02:02,539 --> 00:01:58,890

down there in the woods making moonshine

47

00:02:04,999 --> 00:02:02,549

but no there's a legitimate stories in

48

00:02:06,530 --> 00:02:05,009

sightings that people it's a one

49

00:02:09,589 --> 00:02:06,540

particular region of the woods in

50

00:02:12,230 --> 00:02:09,599

Kentucky it's on the eastern side and it

51

00:02:14,960 --> 00:02:12,240

has repeated stories of

52

00:02:16,460 --> 00:02:14,970

paranormal activity UFO sightings a

53

00:02:17,900 --> 00:02:16,470

whole bunch of along the storied history

54

00:02:21,830 --> 00:02:17,910

but I'm sorry Jeff please go on about

55

00:02:24,350 --> 00:02:21,840

the Brown Mountain my girlfriend yes so

56

00:02:27,260 --> 00:02:24,360

this guy in the 1960s named Ralph alejo

57

00:02:28,940 --> 00:02:27,270

and he apparently had been investigating

58

00:02:32,060 --> 00:02:28,950

the lights because of he's heard of a

59

00:02:34,850 --> 00:02:32,070

lot of you know stuff going on with the

60

00:02:36,590 --> 00:02:34,860

phenomenon he like got down you know on

61

00:02:40,600 --> 00:02:36,600

the I guess forest floor in the valley

62

00:02:42,830 --> 00:02:40,610

apparently a orb flew over him close his

63

00:02:46,880 --> 00:02:42,840

mesmerised by and he likes canned him

64

00:02:49,730 --> 00:02:46,890

and he followed it back to a cave follow

65

00:02:51,800 --> 00:02:49,740

them back to okay now I'm reading down

66

00:02:53,840 --> 00:02:51,810

the story as your kind of paraphrasing

67

00:02:55,550 --> 00:02:53,850

it and I see a headline here says a

68

00:02:58,090 --> 00:02:55,560

furniture salesman goes to space is

69

00:03:04,400 --> 00:02:58,100

where you get into oh yeah okay good

70

00:03:07,130 --> 00:03:04,410

yeah we have to have that one yeah so I

71

00:03:08,540 --> 00:03:07,140

see we just ease off um you know lah

72

00:03:09,980 --> 00:03:08,550

blah blah there's all these lights he

73

00:03:14,420 --> 00:03:09,990

saw this thing in the forest and he went

74

00:03:17,030 --> 00:03:14,430

back to a cave let's see and we find the

75

00:03:18,800 --> 00:03:17,040

exact thing it was tell 10 or 12 feet

76

00:03:21,320 --> 00:03:18,810

across the object almost perfect circle

77

00:03:25,490 --> 00:03:21,330

a brown center that was touching the

78

00:03:27,020 --> 00:03:25,500

ground was floating luminescent then

79

00:03:28,820 --> 00:03:27,030

after chasing the radiant light through

80

00:03:32,090 --> 00:03:28,830

the valley followed it he watches it

81

00:03:33,920 --> 00:03:32,100

dart into a cave emerging from some gray

82

00:03:36,020 --> 00:03:33,930

yeah darting to a cave emerging from the

83

00:03:37,640 --> 00:03:36,030

base of the mountain and he went inside

84

00:03:41,000 --> 00:03:37,650

the cage he watched the boulder slide

85

00:03:43,700 --> 00:03:41,010

open so the orb pastor this Boulder side

86

00:03:45,320 --> 00:03:43,710

of a cave got like a gate he kept

87

00:03:47,630 --> 00:03:45,330

following it and then he's come up these

88

00:03:50,300 --> 00:03:47,640

crystalline titles kind of very really

89

00:03:51,470 --> 00:03:50,310

said it looks at his cup by laser and he

90

00:03:53,000 --> 00:03:51,480

found the light source he found himself

91

00:03:54,770 --> 00:03:53,010

in a massive chamber where he heard a

92

00:03:57,200 --> 00:03:54,780

voice that said do not fear there's no

93

00:03:58,880 --> 00:03:57,210

danger here apparently he sat down on

94

00:04:01,220 --> 00:03:58,890

some seat provided for him probably a

95

00:04:03,800 --> 00:04:01,230

rock or something who knows and it's the

96

00:04:06,440 --> 00:04:03,810

giant glowing lights it was a gas based

97

00:04:07,790 --> 00:04:06,450

life form from the planet Venus it

98

00:04:09,320 --> 00:04:07,800

shared with him the secret of mankind

99

00:04:10,820 --> 00:04:09,330

that humans were not had not developed

100

00:04:15,230 --> 00:04:10,830

an earth but instead they'd come from a

101  
00:04:16,760 --> 00:04:15,240  
planet hey wom or P WOM and it was

102  
00:04:20,300 --> 00:04:16,770  
destroyed by terrible accident that

103  
00:04:24,620 --> 00:04:20,310  
involves splitting electrons so the

104  
00:04:27,110 --> 00:04:24,630  
Venetians um venetian gas alien

105  
00:04:29,870 --> 00:04:27,120  
which takes the form of light is tell

106  
00:04:34,010 --> 00:04:29,880  
you to be called Venetians ah they're

107  
00:04:35,630 --> 00:04:34,020  
from editions of people from Venice he

108  
00:04:41,240 --> 00:04:35,640  
met some people from Smith some Italian

109  
00:04:46,640 --> 00:04:41,250  
de sus a small Polynesian my cave he's a

110  
00:04:48,830 --> 00:04:46,650  
secret of life not he gay I so Ralph the

111  
00:04:52,460 --> 00:04:48,840  
furniture salesman chases a glowing orb

112  
00:04:54,320 --> 00:04:52,470  
into a cave and talks to gas entities

113  
00:04:57,560 --> 00:04:54,330

from Venus didn't provide him with an

114

00:05:00,020 --> 00:04:57,570

IKEA chair yes and they explained to

115

00:05:03,650 --> 00:05:00,030

them look yeah you guys aren't from here

116

00:05:05,630 --> 00:05:03,660

and actually you guys destroyed

117

00:05:08,660 --> 00:05:05,640

yourselves by creating nuclear weapons

118

00:05:12,500 --> 00:05:08,670

in the past and splitting the atom or

119

00:05:15,400 --> 00:05:12,510

splitting electrons yes add one another

120

00:05:18,020 --> 00:05:15,410

on paywall the humans original Planet ah

121

00:05:19,970 --> 00:05:18,030

no Venusian is what they're called not

122

00:05:28,640 --> 00:05:19,980

in the juicing oven new she is not

123

00:05:31,460 --> 00:05:28,650

Venetians um he said okay he said in the

124

00:05:32,810 --> 00:05:31,470

bean told him to warn he made any about

125

00:05:34,310 --> 00:05:32,820

the danger they're in and if he failed

126

00:05:36,140 --> 00:05:34,320

the new shoes have no choice but to

127

00:05:39,320 --> 00:05:36,150

destroy me and for good for the good of

128

00:05:41,530 --> 00:05:39,330

the planet and they thought those your

129

00:05:44,360 --> 00:05:41,540

salesman has to warn people of what ya

130

00:05:45,710 --> 00:05:44,370

do not split the electron not not the

131

00:05:47,300 --> 00:05:45,720

animal I guess I'll he's putting

132

00:05:49,700 --> 00:05:47,310

electrons is somehow worsen will destroy

133

00:05:51,320 --> 00:05:49,710

a planet have we splitting the electrons

134

00:05:54,620 --> 00:05:51,330

yet isn't that what the electron

135

00:05:59,000 --> 00:05:54,630

collider does it collides electrons to

136

00:06:02,900 --> 00:05:59,010

make them split not sure so are we gonna

137

00:06:06,410 --> 00:06:02,910

get exploded by some gases are we gonna

138

00:06:09,230 --> 00:06:06,420

be attacked by explosive gas hopefully I

139

00:06:14,270 --> 00:06:09,240

mean we I mean cheats a bunch of beans

140

00:06:16,210 --> 00:06:14,280

and attacked by Venetians go to ikea and

141

00:06:18,520 --> 00:06:16,220

warn the people

142

00:06:20,470 --> 00:06:18,530

about the dangers of humanity but I just

143

00:06:25,000 --> 00:06:20,480

elephants could be electron tell the

144

00:06:29,140 --> 00:06:25,010

cash register one the store manager not

145

00:06:31,420 --> 00:06:29,150

to split the atom so here's where

146

00:06:33,490 --> 00:06:31,430

furniture salesman cuz the spazi you

147

00:06:35,080 --> 00:06:33,500

returns second several weeks later on a

148

00:06:37,120 --> 00:06:35,090

second trip to the cave where he was

149

00:06:39,940 --> 00:06:37,130

again met by the mysterious glowing

150

00:06:41,440 --> 00:06:39,950

light had the mysterious numbing

151

00:06:46,420 --> 00:06:41,450

sensation and he heard a voice said

152

00:06:47,770 --> 00:06:46,430

welcome friend welcome friend so his by

153

00:06:51,280 --> 00:06:47,780

keeping the location the Cape seeker

154

00:06:53,170 --> 00:06:51,290

Ralph had passed the voices test I guess

155

00:06:55,210 --> 00:06:53,180

the beam where the lights tested offered

156

00:06:57,280 --> 00:06:55,220

an opportunity of lifetime in return if

157

00:06:58,540 --> 00:06:57,290

you wish the if he wished the Venetians

158

00:07:00,070 --> 00:06:58,550

would allow him to enter one of their

159

00:07:03,310 --> 00:07:00,080

crafts they stored inside the mountain

160

00:07:04,660 --> 00:07:03,320

where safely inside the ship he could be

161

00:07:08,110 --> 00:07:04,670

transported to their home planet of

162

00:07:10,540 --> 00:07:08,120

Venus what though we're taking you to

163

00:07:16,659 --> 00:07:10,550

Venus to enslave you to make furniture

164

00:07:19,510 --> 00:07:16,669

for us and clean our bathrooms what is a

165

00:07:22,480 --> 00:07:19,520

gas platform spaceship like its various

166

00:07:26,680 --> 00:07:22,490

thinks it's not horrible it's just a

167

00:07:33,310 --> 00:07:26,690

glass bubbles it's a fiber carbon porta

168

00:07:34,750 --> 00:07:33,320

potti does it have blue liquid yeah yes

169

00:07:36,070 --> 00:07:34,760

that's it runs off those are actually

170

00:07:38,080 --> 00:07:36,080

spaceship that's actually rocket fuel

171

00:07:39,820 --> 00:07:38,090

Margera p oh that explains the homeless

172

00:07:42,880 --> 00:07:39,830

guy in New York that used to live in the

173

00:07:48,610 --> 00:07:42,890

porta potty he makes a lot more sense

174

00:07:50,320 --> 00:07:48,620

now he asked life-form from Venus so he

175

00:07:52,719 --> 00:07:50,330

without hesitation he climbed in there

176

00:07:54,580 --> 00:07:52,729

and they took him off to Venus hizo when

177

00:07:56,380 --> 00:07:54,590

they reached Venus ralph was greeted by

178

00:07:58,150 --> 00:07:56,390

a group of friendly Venetians but they

179

00:08:00,670 --> 00:07:58,160

looked a bit I'll said he looked a bit

180

00:08:03,159 --> 00:08:00,680

like humans did but more beautiful in

181

00:08:04,960 --> 00:08:03,169

every way so the super beautiful humans

182

00:08:06,280 --> 00:08:04,970

that apparently doesn't they look like

183

00:08:08,980 --> 00:08:06,290

on Venus when they're on their gas

184

00:08:11,130 --> 00:08:08,990

planet is he an article a way they

185

00:08:13,000 --> 00:08:11,140

become human life-forms on Venus

186

00:08:14,200 --> 00:08:13,010

apparently I don't know they said they

187

00:08:16,450 --> 00:08:14,210

look like humans in their own Venus

188

00:08:18,700 --> 00:08:16,460

they're just like nanu nanu we have

189

00:08:20,620 --> 00:08:18,710

bodies now I guess because they're gasps

190

00:08:22,810 --> 00:08:20,630

there's more guests that I did there's

191

00:08:24,550 --> 00:08:22,820

no explanation for that alright sounds

192

00:08:27,370 --> 00:08:24,560

like this furniture salesman was huffing

193

00:08:29,750 --> 00:08:27,380

some [h\_\_h] varnish

194

00:08:33,160 --> 00:08:29,760

like it's better his first resettlement

195

00:08:35,180 --> 00:08:33,170

John Venus say hey this place stinks I

196

00:08:43,340 --> 00:08:35,190

would have been here sooner but I ran

197

00:08:46,400 --> 00:08:43,350

out of gas so he knew his aliens were

198

00:08:47,900 --> 00:08:46,410

eager to study other new friend planet

199

00:08:49,610 --> 00:08:47,910

Earth me notice that they were all male

200

00:08:51,410 --> 00:08:49,620

as he scanned the crowd his eyes caught

201  
00:08:54,800 --> 00:08:51,420  
a glimpse of a bluff yash figure in the

202  
00:08:56,630 --> 00:08:54,810  
distance they're all male uh well

203  
00:08:57,890 --> 00:08:56,640  
there-there was watching in the and

204  
00:08:59,300 --> 00:08:57,900  
commotion one of them was the most

205  
00:09:02,240 --> 00:08:59,310  
beautiful woman he had ever laid eyes on

206  
00:09:04,480 --> 00:09:02,250  
she was hypnotizing oh wow wait a minute

207  
00:09:07,190 --> 00:09:04,490  
this together sounds like a time machine

208  
00:09:11,300 --> 00:09:07,200  
this guy just he just huffed varnish and

209  
00:09:13,280 --> 00:09:11,310  
read The Time Machine now well we maybe

210  
00:09:17,660 --> 00:09:13,290  
could avoid one sanedo men had finished

211  
00:09:19,160 --> 00:09:17,670  
up poking and prodding Ralph rushed to

212  
00:09:22,310 --> 00:09:19,170  
the gorgeous you welcome my friend

213  
00:09:24,470 --> 00:09:22,320

supplements we're excited to see you

214

00:09:26,240 --> 00:09:24,480

what would it be after they poked in

215

00:09:29,690 --> 00:09:26,250

prior to him what did they do to him for

216

00:09:31,640 --> 00:09:29,700

refreshments I know he ran over to the

217

00:09:34,820 --> 00:09:31,650

alien woman and started giving her tons

218

00:09:36,860 --> 00:09:34,830

of compliments what the hell is just

219

00:09:38,690 --> 00:09:36,870

trying to pick up alien babes well I

220

00:09:40,910 --> 00:09:38,700

mean he's the only one there why not I

221

00:09:42,980 --> 00:09:40,920

mean that's what Captain Kirk does it's

222

00:09:45,920 --> 00:09:42,990

true so I this is taught this is the

223

00:09:47,960 --> 00:09:45,930

most humble thing the story racer they

224

00:09:52,850 --> 00:09:47,970

pick up the only single furniture sales

225

00:09:58,310 --> 00:09:52,860

with honor apparently okay boner so what

226

00:09:59,780 --> 00:09:58,320

once okay he uh ok so the shower charter

227

00:10:02,450 --> 00:09:59,790

of compliments he had some poking and

228

00:10:03,680 --> 00:10:02,460

prodding on his mind as well and as it

229

00:10:07,910 --> 00:10:03,690

would happen she took him up on the

230

00:10:10,070 --> 00:10:07,920

offer so I'm so after the lady okay

231

00:10:12,830 --> 00:10:10,080

you're done let's uh let's take a tour

232

00:10:14,300 --> 00:10:12,840

of the city yep exactly you're done we

233

00:10:15,710 --> 00:10:14,310

brought you here to have sexual audits

234

00:10:19,220 --> 00:10:15,720

woman now it's two rooms she's just

235

00:10:21,650 --> 00:10:19,230

smoking a cigarette and they revealed

236

00:10:23,360 --> 00:10:21,660

the that there are many more beans among

237

00:10:25,340 --> 00:10:23,370

stars of many more different alien races

238

00:10:27,020 --> 00:10:25,350

i guess and then the revoke his

239

00:10:29,270 --> 00:10:27,030

intergalactic passport apparently told

240

00:10:31,580 --> 00:10:29,280

me he had to leave wait wait wait with

241

00:10:33,140 --> 00:10:31,590

who issues intergalactic passports i

242

00:10:36,560 --> 00:10:33,150

guess it was more of its kind of instead

243

00:10:38,570 --> 00:10:36,570

a device they used in the story say they

244

00:10:39,850 --> 00:10:38,580

told him he you know the game the Donald

245

00:10:43,780 --> 00:10:39,860

Trump you had they have to go

246

00:10:46,960 --> 00:10:43,790

back Naga oh my gosh look at all of this

247

00:10:48,639 --> 00:10:46,970

is that what he is saying like I he this

248

00:10:52,150 --> 00:10:48,649

has got to be mind-boggling to a person

249

00:10:53,680 --> 00:10:52,160

who's taken to Venus has sex with the

250

00:10:56,050 --> 00:10:53,690

only woman there right the most

251  
00:10:57,970 --> 00:10:56,060  
beautiful woman on the planet saw not

252  
00:11:02,769 --> 00:10:57,980  
only woman he saw didn't mention that

253  
00:11:04,360 --> 00:11:02,779  
the green she had green skin and then

254  
00:11:07,030 --> 00:11:04,370  
they'd shown the city is it oh by the

255  
00:11:08,920 --> 00:11:07,040  
way here's the seekers of the galaxy

256  
00:11:10,389 --> 00:11:08,930  
universe and by the way we're revoking

257  
00:11:13,780 --> 00:11:10,399  
your passport now get the [h\_\_h] out of

258  
00:11:17,800 --> 00:11:13,790  
here why they revoke his passport what'd

259  
00:11:18,850 --> 00:11:17,810  
he do he beggar took a tour of the city

260  
00:11:20,829 --> 00:11:18,860  
they taught him about all the other

261  
00:11:22,930 --> 00:11:20,839  
alien races and he said you gotta go so

262  
00:11:24,069 --> 00:11:22,940  
she basically pulled a George Costanza

263  
00:11:26,740 --> 00:11:24,079

and had sex with somebody wasn't

264

00:11:28,660 --> 00:11:26,750

supposed to sounds like it yeah I mean

265

00:11:30,100 --> 00:11:28,670

Gus away all the other dudes are like

266

00:11:32,620 --> 00:11:30,110

he's just going there to have tea with

267

00:11:36,310 --> 00:11:32,630

her we think about it they bring in

268

00:11:39,100 --> 00:11:36,320

another male have sex with the only

269

00:11:40,509 --> 00:11:39,110

other beautiful Venetian on the planet

270

00:11:42,009 --> 00:11:40,519

maybe the rest of the dudes in the

271

00:11:44,769 --> 00:11:42,019

planner gay there they discover

272

00:11:47,949 --> 00:11:44,779

Venetians an alien race of cuckold I

273

00:11:49,780 --> 00:11:47,959

don't know so so he's on Venus I said

274

00:11:51,790 --> 00:11:49,790

dude you got to get out of your dude

275

00:11:53,680 --> 00:11:51,800

you're hammered you've been drinking

276

00:11:56,860 --> 00:11:53,690

wine all day having sex everything that

277

00:11:58,240 --> 00:11:56,870

you can and but we didn't we only now

278

00:12:00,340 --> 00:11:58,250

found at your fertile salesman we

279

00:12:03,310 --> 00:12:00,350

thought your Obama and so you got to go

280

00:12:05,259 --> 00:12:03,320

you really yeah we know you're someone

281

00:12:10,300 --> 00:12:05,269

more important and there's like you know

282

00:12:13,269 --> 00:12:10,310

we really do have to get going yep we

283

00:12:15,250 --> 00:12:13,279

really do so when they return from space

284

00:12:16,750 --> 00:12:15,260

space adventure he was reminded to

285

00:12:18,910 --> 00:12:16,760

spread the word about the dangers of

286

00:12:21,579 --> 00:12:18,920

electron splitting once again when you

287

00:12:23,740 --> 00:12:21,589

go back like here make sure you clean

288

00:12:25,290 --> 00:12:23,750

the restrooms and inform people not the

289

00:12:28,710 --> 00:12:25,300

slippy Adam

290

00:12:32,190 --> 00:12:28,720

and make better furniture do yeah yeah

291

00:12:34,079 --> 00:12:32,200

yeahs use a hex wrench so as they were

292

00:12:36,690 --> 00:12:34,089

leaving the mountain they he discovered

293

00:12:39,120 --> 00:12:36,700

a mummified body a small body humanoid

294

00:12:40,769 --> 00:12:39,130

creature is only a few feet tall it was

295

00:12:42,449 --> 00:12:40,779

a large round head and when Ralf and

296

00:12:44,910 --> 00:12:42,459

card about the dead being the glowing or

297

00:12:46,350 --> 00:12:44,920

replied that he was free to remove it

298

00:12:48,449 --> 00:12:46,360

take it with him the service proof of

299

00:12:50,880 --> 00:12:48,459

his journey go ahead and clean up the

300

00:12:56,400 --> 00:12:50,890

dead bodies we left here oh oh you want

301  
00:12:59,160 --> 00:12:56,410  
that that um yeah I mean it's trash but

302  
00:13:00,780 --> 00:12:59,170  
yes you can have it if you like it I was

303  
00:13:02,790 --> 00:13:00,790  
just gonna leave it lay there for

304  
00:13:04,949 --> 00:13:02,800  
centuries but if you want to suppose you

305  
00:13:07,019 --> 00:13:04,959  
could take it for a gift and one aliens

306  
00:13:09,300 --> 00:13:07,029  
trash is another alien stretcher I

307  
00:13:12,210 --> 00:13:09,310  
suppose so this is then they show the

308  
00:13:14,160 --> 00:13:12,220  
only known photo of the alien mummy here

309  
00:13:17,670 --> 00:13:14,170  
in this article yes they do that looks

310  
00:13:22,079 --> 00:13:17,680  
like I'm dehydrated like doll it looks

311  
00:13:23,790 --> 00:13:22,089  
like your typical Venetian yeah I like

312  
00:13:25,889 --> 00:13:23,800  
his lovely your typical short Italian

313  
00:13:28,889 --> 00:13:25,899

man so it says right here under this

314

00:13:31,710 --> 00:13:28,899

above this picture the entire trip had

315

00:13:33,990 --> 00:13:31,720

taken ralph only eight hours and soon he

316

00:13:36,090 --> 00:13:34,000

found himself back in the forest at the

317

00:13:38,310 --> 00:13:36,100

base of Brown Mountain this and that's

318

00:13:41,910 --> 00:13:38,320

he woke up with the varnish stains

319

00:13:45,300 --> 00:13:41,920

around the mouth and he was like holy

320

00:13:49,470 --> 00:13:45,310

[h\_\_\h] what happened he was he was passed

321

00:13:53,100 --> 00:13:49,480

down the dumpster taco bell with a large

322

00:13:56,850 --> 00:13:53,110

stretch armstrong life-sized Stretch

323

00:13:58,560 --> 00:13:56,860

Armstrong so you want to wrap this up

324

00:14:00,420 --> 00:13:58,570

and we're gonna yeah so he took the dead

325

00:14:02,340 --> 00:14:00,430

million dead body back place in that

326

00:14:04,889 --> 00:14:02,350

coffin with glass on it head and display

327

00:14:07,500 --> 00:14:04,899

didn't god knows what with it that

328

00:14:10,519 --> 00:14:07,510

private that was his dozens coffee table

329

00:14:12,870 --> 00:14:10,529

yeah like 20 years su bang that thing

330

00:14:16,620 --> 00:14:12,880

Wow what are you doing your fertile

331

00:14:18,449 --> 00:14:16,630

sales so you had to their UFO all just

332

00:14:20,430 --> 00:14:18,459

came to see it in whatever everybody

333

00:14:22,980 --> 00:14:20,440

came by you know take pictures and you

334

00:14:24,540 --> 00:14:22,990

know discovered apparently government

335

00:14:26,069 --> 00:14:24,550

agents or people asking about it come

336

00:14:28,680 --> 00:14:26,079

around and say don't go see it you know

337

00:14:30,300 --> 00:14:28,690

it's just some hoax but perylene secret

338

00:14:33,210 --> 00:14:30,310

that offer large sums of money to buy it

339

00:14:37,050 --> 00:14:33,220

but she always refused don't look at it

340

00:14:38,850 --> 00:14:37,060

hey hey hey buddy hey buddy i got

341

00:14:39,290 --> 00:14:38,860

fifty thousand dollars if you give it to

342

00:14:41,600 --> 00:14:39,300

us

343

00:14:43,670 --> 00:14:41,610

but I guess something to substantiate it

344

00:14:47,960 --> 00:14:43,680

was Alan Greenfield apparently veteran

345

00:14:49,670 --> 00:14:47,970

UFO researcher shared the story in a but

346

00:14:51,889 --> 00:14:49,680

Brown Mountain investigation in 1970 he

347

00:14:53,509 --> 00:14:51,899

said one of my visits there frankly I

348

00:14:55,280 --> 00:14:53,519

don't remember which this nicely dressed

349

00:14:57,470 --> 00:14:55,290

local guy supposedly came to my motel

350

00:15:00,710 --> 00:14:57,480

room for no apparent reason then to warn

351

00:15:02,960 --> 00:15:00,720

me that lale was a local moonshiner at

352

00:15:07,190 --> 00:15:02,970

the time it seemed very normal but if

353

00:15:08,750 --> 00:15:07,200

bit unexpected he identified himself but

354

00:15:10,670 --> 00:15:08,760

his name disappeared from my memory but

355

00:15:14,540 --> 00:15:10,680

it was probably me poking around rural

356

00:15:16,069 --> 00:15:14,550

area that brought him to me to uphold

357

00:15:17,780 --> 00:15:16,079

local pride or whatever who but who

358

00:15:19,460 --> 00:15:17,790

knows maybe he was just a maid in black

359

00:15:21,800 --> 00:15:19,470

a thought that didn't strike me until

360

00:15:24,829 --> 00:15:21,810

years later he knew I was there what I

361

00:15:26,600 --> 00:15:24,839

was there for and wanted in wanted to in

362

00:15:28,759 --> 00:15:26,610

some fashion discredit the local contact

363

00:15:31,160 --> 00:15:28,769

he so he'd really some guy just walked

364

00:15:32,449 --> 00:15:31,170

up his hotel rooms a day you know don't

365

00:15:34,910 --> 00:15:32,459

get to see that guy he's just a crazy

366

00:15:37,699 --> 00:15:34,920

moonshiner yeah the guy [\h\_\_\h] aliens

367

00:15:39,050 --> 00:15:37,709

leave him alone bad news you don't see

368

00:15:44,110 --> 00:15:39,060

what he does it it then he [\h\_\_\h]

369

00:15:47,600 --> 00:15:44,120

phoenicians let me beyond beyond this

370

00:15:49,670 --> 00:15:47,610

insane story which you know it's just

371

00:15:52,460 --> 00:15:49,680

the personal account I'm this is

372

00:15:55,220 --> 00:15:52,470

probably told second third fourth hand

373

00:15:58,300 --> 00:15:55,230

at this point there is a video a night

374

00:16:03,380 --> 00:15:58,310

to night scope video of real quick of

375

00:16:05,329 --> 00:16:03,390

actual you know Brown Mountain lights so

376

00:16:07,819 --> 00:16:05,339

there is paranormal activity going on

377

00:16:09,920 --> 00:16:07,829

around the mountain and we don't know I

378

00:16:11,990 --> 00:16:09,930

mean there's been there's obviously

379

00:16:14,870 --> 00:16:12,000

disinformation that goes on with the UFO

380

00:16:17,510 --> 00:16:14,880

phenomenon this story could be it and

381

00:16:22,400 --> 00:16:17,520

the actual phenomenon could be real so

382

00:16:25,430 --> 00:16:22,410

we don't feel just to wrap it up over

383

00:16:27,650 --> 00:16:25,440

the guy Ralph died um the body is his uh

384

00:16:29,420 --> 00:16:27,660

his his shop his furniture shop was

385

00:16:31,370 --> 00:16:29,430

bulldozed for whatever reason and the

386

00:16:35,269 --> 00:16:31,380

body was lost never seen again of

387

00:16:38,660 --> 00:16:35,279

whatever that got age he did he die of

388

00:16:42,139 --> 00:16:38,670

AIDS or what happened they say why uh

389

00:16:44,990 --> 00:16:42,149

died at age 69 probably in 1978 could

390

00:16:46,790 --> 00:16:45,000

have been early grids yeah what happens

391

00:16:48,809 --> 00:16:46,800

when you have sex unprotected sex on

392

00:16:51,759 --> 00:16:48,819

Venus

393

00:16:53,710 --> 00:16:51,769

venereal diseases yeah you know that

394

00:16:56,199 --> 00:16:53,720

ever actually comes from Venus from

395

00:16:59,680 --> 00:16:56,209

venereal temples us if you think for

396

00:17:01,689 --> 00:16:59,690

that that's a good fun fact okay we

397

00:17:03,850 --> 00:17:01,699

gonna watch the lights videos I will see

398

00:17:05,260 --> 00:17:03,860

some proud lights okay and that that's

399

00:17:07,480 --> 00:17:05,270

from the National Geographic expedition

400

00:17:08,860 --> 00:17:07,490

the author of the story apparently went

401  
00:17:10,750 --> 00:17:08,870  
there and they saw some lights and they

402  
00:17:15,100 --> 00:17:10,760  
found the cave that kind of matched what

403  
00:17:16,809 --> 00:17:15,110  
whatever they had a the ralphie had told

404  
00:17:18,100 --> 00:17:16,819  
and they also apparently guys in

405  
00:17:20,140 --> 00:17:18,110  
government vehicles are taking pictures

406  
00:17:21,159 --> 00:17:20,150  
of them is just better if you read the

407  
00:17:22,899 --> 00:17:21,169  
whole article because we could go on for

408  
00:17:24,370 --> 00:17:22,909  
like ten more minutes just watches

409  
00:17:26,230 --> 00:17:24,380  
National Geographic we we are watching

410  
00:17:28,480 --> 00:17:26,240  
right now it's a night scope you know

411  
00:17:32,049 --> 00:17:28,490  
it's all green but you do see like a

412  
00:17:36,460 --> 00:17:32,059  
blue light pop up or an attorney it's

413  
00:17:38,049 --> 00:17:36,470

moving in weird just like moving weird

414

00:17:40,450 --> 00:17:38,059

shape the same kind of I would say

415

00:17:42,220 --> 00:17:40,460

movement that a lightning bug or a

416

00:17:45,220 --> 00:17:42,230

firefly would move in but a there's some

417

00:17:49,000 --> 00:17:45,230

other weird stuff going on also that

418

00:17:51,159 --> 00:17:49,010

kind of looked like to me anyways lens

419

00:17:54,510 --> 00:17:51,169

flare yeah we're fractions I'd the

420

00:17:56,919 --> 00:17:54,520

lenses otherwise known as lens flare I

421

00:17:58,720 --> 00:17:56,929

don't discount I mean I mean because

422

00:18:02,799 --> 00:17:58,730

especially since the horizon line is

423

00:18:06,640 --> 00:18:02,809

right in line with the lens hey [h\_\_h]

424

00:18:09,279 --> 00:18:06,650

with cameras use a [h\_\_h] tripod or

425

00:18:12,909 --> 00:18:09,289

stand or sit down stop shaking the

426

00:18:14,409 --> 00:18:12,919

goddamn camera so much makes me angry

427

00:18:16,330 --> 00:18:14,419

I'll keep you on how long is this video

428

00:18:18,730 --> 00:18:16,340

it's three hours we're gonna see

429

00:18:23,649 --> 00:18:18,740

something three hours and you're only

430

00:18:25,470 --> 00:18:23,659

about 30 seconds yeah so the event

431

00:18:28,390 --> 00:18:25,480

occurs in the first like minute yeah we

432

00:18:31,720 --> 00:18:28,400

saw that so yeah we saw the event I mean

433

00:18:35,110 --> 00:18:31,730

that without additional that very well

434

00:18:37,180 --> 00:18:35,120

could've just been lens flare it's very

435

00:18:39,750 --> 00:18:37,190

tough time that he's doing it the lens

436

00:18:42,419 --> 00:18:39,760

is tipping down it's at the right angle

437

00:18:45,940 --> 00:18:42,429

you don't know what it is it's very

438

00:18:48,909 --> 00:18:45,950

inconclusive um it's not the same

439

00:18:51,880 --> 00:18:48,919

consistency of light you'd see in a nice

440

00:18:54,130 --> 00:18:51,890

shot where is basically shades of green

441

00:18:56,919 --> 00:18:54,140

is what your Excuse yeah that was like

442

00:18:59,139 --> 00:18:56,929

blue and red yeah so I don't know how

443

00:19:01,440 --> 00:18:59,149

that really I don't know how to make

444

00:19:04,440 --> 00:19:01,450

sense of that other than its

445

00:19:05,820 --> 00:19:04,450

not definitive but I mean yeah there's

446

00:19:08,129 --> 00:19:05,830

probably folklore around this mountain

447

00:19:09,629 --> 00:19:08,139

and there's probably other stories well

448

00:19:11,009 --> 00:19:09,639

there's the Native American sightings

449

00:19:12,690 --> 00:19:11,019

these lights dating back hundreds of

450

00:19:14,850 --> 00:19:12,700

years okay there you go and the lights

451  
00:19:17,250 --> 00:19:14,860  
were seen in the 1800's by you know

452  
00:19:21,690 --> 00:19:17,260  
Western settlers from Europe and stuff

453  
00:19:23,610 --> 00:19:21,700  
so it's definitely not cars or trains so

454  
00:19:26,789 --> 00:19:23,620  
in the Brown Mountain uh the Brown

455  
00:19:29,039 --> 00:19:26,799  
Mountain overlook on NC highway worst is

456  
00:19:30,149 --> 00:19:29,049  
this is a North Carolina yeah I was

457  
00:19:32,279 --> 00:19:30,159  
gonna say we should go there is this

458  
00:19:33,539 --> 00:19:32,289  
parents from September to November's

459  
00:19:34,889 --> 00:19:33,549  
when you can see the lights what we're

460  
00:19:37,289 --> 00:19:34,899  
gonna do we can go to your [h\_\_h] [h\_\_h]

461  
00:19:39,870 --> 00:19:37,299  
then go to Brown Mountain my druthers

462  
00:19:43,169 --> 00:19:39,880  
good at bremen trolley okay I uh is

463  
00:19:44,940 --> 00:19:43,179

there camping site we I mean not go we

464

00:19:48,659 --> 00:19:44,950

have to look into it one do some acid

465

00:19:51,120 --> 00:19:48,669

man UT jumping I got some peyote buttons

466

00:19:53,549 --> 00:19:51,130

bro no man I want to see you might wake

467

00:19:55,169 --> 00:19:53,559

up in a cave though with a Malaysian

468

00:19:56,669 --> 00:19:55,179

snails will take it ask you to take

469

00:20:02,159 --> 00:19:56,679

their garbage with you and want to start

470

00:20:03,960 --> 00:20:02,169

Truman go Venus my do it I like that

471

00:20:05,850 --> 00:20:03,970

story I like these goofy stories uh

472

00:20:07,950 --> 00:20:05,860

they're extra men reading the entire

473

00:20:10,110 --> 00:20:07,960

articles it does tie back into Kentucky

474

00:20:13,409 --> 00:20:10,120

goblins it would be another 10 minutes

475

00:20:16,019 --> 00:20:13,419

at least I uh the Kentucky goblins are

476

00:20:18,960 --> 00:20:16,029

very what what to touch on that more uh

477

00:20:21,299 --> 00:20:18,970

as just did like a whole show like you

478

00:20:23,159 --> 00:20:21,309

did with plan of X yeah we're doing

479

00:20:26,879 --> 00:20:23,169

research parts of it and talk about it

480

00:20:29,610 --> 00:20:26,889

the Kentucky goblins is so storied and

481

00:20:31,620 --> 00:20:29,620

its own eyes into this so this actual

482

00:20:33,149 --> 00:20:31,630

Brown Mountain mailing body can you tell

483

00:20:36,840 --> 00:20:33,159

us briefly how tight the Kentucky

484

00:20:39,450 --> 00:20:36,850

goblins tie into this um in two words

485

00:20:41,909 --> 00:20:39,460

it's same author of the story of Miss

486

00:20:43,620 --> 00:20:41,919

Universe she really likes to use what's

487

00:20:44,940 --> 00:20:43,630

their name this weekend weird they do

488

00:20:46,740 --> 00:20:44,950

what they can where's actually they do

489

00:20:48,720 --> 00:20:46,750

some really interesting articles and

490

00:20:50,370 --> 00:20:48,730

it's probably one the more consistent

491

00:20:53,070 --> 00:20:50,380

websites when it comes to paranormal UFO

492

00:20:54,629 --> 00:20:53,080

in these strange stories they do a great

493

00:20:57,960 --> 00:20:54,639

job I'd live to get one of those people

494

00:21:02,129 --> 00:20:57,970

on the show so the parent of a new

495

00:21:04,710 --> 00:21:02,139

goblin case in 2013 this contact he had

496

00:21:06,120 --> 00:21:04,720

mutual friends Terry risk guy he had no

497

00:21:08,129 --> 00:21:06,130

idea the personalized started digging

498

00:21:11,369 --> 00:21:08,139

found out this Terry risk guy who's a

499

00:21:12,899 --> 00:21:11,379

contact with him on who was a I guess it

500

00:21:14,670 --> 00:21:12,909

informed for his Kentucky goblin

501

00:21:16,230 --> 00:21:14,680

investigation

502

00:21:18,000 --> 00:21:16,240

apparently funded Terry are rescues a

503

00:21:20,130 --> 00:21:18,010

pseudonym an ex-military cultus

504

00:21:22,020 --> 00:21:20,140

interviewed two rather obscure books

505

00:21:24,240 --> 00:21:22,030

printed in the mid-90s a secret cipher

506

00:21:25,440 --> 00:21:24,250

of the univ UFO knots which i think one

507

00:21:28,470 --> 00:21:25,450

of us need to get one of these books and

508

00:21:31,170 --> 00:21:28,480

read it okay bye Wanda right the secret

509

00:21:33,330 --> 00:21:31,180

rituals of men in black these are

510

00:21:36,530 --> 00:21:33,340

particular books are about as fringes

511

00:21:38,910 --> 00:21:36,540

you can get blah blah blah you apology

512

00:21:41,400 --> 00:21:38,920

the sacred site for each party has

513

00:21:43,710 --> 00:21:41,410

interviewed the secret cipher book is

514

00:21:45,240 --> 00:21:43,720

the other interviews so knew about Mike

515

00:21:47,700 --> 00:21:45,250

and he interviews the guy that wrote

516

00:21:49,550 --> 00:21:47,710

that book and he wrote a cipher looks

517

00:21:51,780 --> 00:21:49,560

based off the book of the law were

518

00:21:53,520 --> 00:21:51,790

supposedly you can accurately predict

519

00:21:56,490 --> 00:21:53,530

when the next UFO sightings are based

520

00:22:02,420 --> 00:21:56,500

off different things that are set in the

521

00:22:04,320 --> 00:22:02,430

reports ecology yeah but so in brief the

522

00:22:05,730 --> 00:22:04,330

strange part is that the interviews

523

00:22:07,590 --> 00:22:05,740

dealt in these books with a sip one

524

00:22:09,150 --> 00:22:07,600

contact I'll holywell secret cave bases

525

00:22:10,860 --> 00:22:09,160

and special forces sent to maintain them

526

00:22:13,860 --> 00:22:10,870

which one party skipped was when the

527

00:22:15,300 --> 00:22:13,870

author is at the area or the lodge

528

00:22:16,770 --> 00:22:15,310

Stacey ADA they talked to the owners new

529

00:22:18,180 --> 00:22:16,780

owners gave a bunch of store he said

530

00:22:19,440 --> 00:22:18,190

there's a lot of military presence in

531

00:22:20,580 --> 00:22:19,450

the areas as I said with special forces

532

00:22:22,890 --> 00:22:20,590

training missions but they never

533

00:22:24,840 --> 00:22:22,900

believed it so that's where that ties in

534

00:22:27,050 --> 00:22:24,850

there all right interesting Special

535

00:22:29,160 --> 00:22:27,060

Forces training we get that with this uh

536

00:22:31,530 --> 00:22:29,170

weird phenomenon we get that with

537
