Remote Viewing Secret Bases

1
00:00:04,640 --> 00:00:13,690
underground military bases here we go

2
00:00:13,700 --> 00:00:21,580
tell him to shut up yeah tell me shut up

3
00:00:28,580 --> 00:00:26,599
okay so I was doing a lot of research

4
00:00:31,400 --> 00:00:28,590
there's not there's a lot of information

5
00:00:35,060 --> 00:00:31,410
about deep underground military bases

6
00:00:38,930 --> 00:00:35,070
but a lot of it is conjecture a lot of

7
00:00:42,889 --> 00:00:38,940
it is just the theories there's very

8
00:00:45,950 --> 00:00:42,899
little concrete evidence so I'm gonna

9
00:00:46,910 --> 00:00:45,960
write down some of my thoughts that well

10
00:00:49,880 --> 00:00:46,920
actually I wrote down some of my

11
00:00:50,510 --> 00:00:49,890
thoughts about this and it was it's

12
00:00:53,420 --> 00:00:50,520
pretty out there

13
00:00:57,170 --> 00:00:53,430

it starts off pretty lucid and then it

14

00:01:00,380 --> 00:00:57,180

quickly spirals out of control so as

15

00:01:03,399 --> 00:01:00,390

we've talked about before the military

16

00:01:08,240 --> 00:01:03,409

and CIA ran a remote viewing program

17

00:01:13,250 --> 00:01:08,250

back in the 70s and 80s I think was

18

00:01:17,359 --> 00:01:13,260

called Project Star Gate and there was a

19

00:01:19,969 --> 00:01:17,369

person and remote viewer lieutenant

20

00:01:22,399 --> 00:01:19,979

Atwater and there's also another person

21

00:01:24,020 --> 00:01:22,409

Pat price and they decided to do some

22

00:01:28,370 --> 00:01:24,030

remote viewing to see if there were any

23

00:01:31,100 --> 00:01:28,380

military secrets or underground bases

24

00:01:34,399 --> 00:01:31,110

that they could observe and they did

25

00:01:39,130 --> 00:01:34,409

observe military bases underneath the

26
00:01:42,200 --> 00:01:39,140
ground and this is what they found out

27
00:01:45,469 --> 00:01:42,210
they found it personally found four

28
00:01:48,109 --> 00:01:45,479
different bigger underground military

29
00:01:50,179 --> 00:01:48,119
bases the first one is in the Pyrenees

30
00:01:51,770 --> 00:01:50,189
the Pyrenees Mountains so it's in the

31
00:01:53,679 --> 00:01:51,780
mountains in the mountain range underneath

32
00:01:58,719 --> 00:01:53,689
the mountains it's that they have a

33
00:02:03,289 --> 00:01:58,729
two-mile wide perimeter and it contains

34
00:02:06,530 --> 00:02:03,299
crafts UFOs or some kind of craft that

35
00:02:08,029 --> 00:02:06,540
use electromagnetic field propulsion

36
00:02:10,219 --> 00:02:08,039
systems I don't know how they pick this

37
00:02:11,540 --> 00:02:10,229
up or how they realize that with their

38
00:02:13,430 --> 00:02:11,550

remote viewing but that's what they're

39

00:02:15,800 --> 00:02:13,440

claiming

40

00:02:17,180 --> 00:02:15,810

and this isn't Pyrenees and I think we

41

00:02:19,160 --> 00:02:17,190

actually read a story not too long ago

42

00:02:22,280 --> 00:02:19,170

about the wild man of the Pyrenees Jeff

43

00:02:24,230 --> 00:02:22,290

do you remember that one yeah so

44

00:02:26,240 --> 00:02:24,240

looking that up because I mean a lot of

45

00:02:30,140 --> 00:02:26,250

these military bases there's apparently

46

00:02:33,320 --> 00:02:30,150

sightings of the he's kind of yeah weird

47

00:02:35,540 --> 00:02:33,330

creatures yeah some weird cryptids

48

00:02:37,610 --> 00:02:35,550

always happening and reports around

49

00:02:38,960 --> 00:02:37,620

these military bases so we have the

50

00:02:40,700 --> 00:02:38,970

Wildman the Pyrenees and we have a

51
00:02:42,890 --> 00:02:40,710
report of a deep underground military

52
00:02:49,190 --> 00:02:42,900
base in the Pyrenees Mountains this

53
00:02:50,060 --> 00:02:49,200
specifically is is on Mount / Dido I'm

54
00:02:52,430 --> 00:02:50,070
out / Dido

55
00:02:54,590 --> 00:02:52,440
oh yeah you know about that one Joe

56
00:02:57,350 --> 00:02:54,600
you're good skiing right yeah great

57
00:03:00,110 --> 00:02:57,360
skiing good and you can go snowboarding

58
00:03:01,550 --> 00:03:00,120
with a wild man up the Pyrenees and then

59
00:03:05,240 --> 00:03:01,560
check out the military base yeah

60
00:03:15,350 --> 00:03:10,370
the second base I believe it's in Africa

61
00:03:17,540 --> 00:03:15,360
I'm a type this into the the chat so you

62
00:03:19,610 --> 00:03:17,550
guys maybe you guys could look this up

63
00:03:21,740 --> 00:03:19,620

while I'm while I'm talking about this

64

00:03:25,070 --> 00:03:21,750

it's like if I am Skype

65

00:03:30,260 --> 00:03:25,080

yeah where does go so here it is can you

66

00:03:35,540 --> 00:03:30,270

pronounce this I can't read it that is

67

00:03:39,020 --> 00:03:35,550

Mount in YAG on Mount Union gong

68

00:03:42,979 --> 00:03:39,030

maddening gong I think I'm gonna I'm a

69

00:03:46,910 --> 00:03:42,989

guess that is an Africa it is yes

70

00:03:50,150 --> 00:03:46,920

[h__\h] yeah it's an Africa sure [h__\h] yeah

71

00:03:51,770 --> 00:03:50,160

it's in Africa bro now when they wrote

72

00:03:55,340 --> 00:03:51,780

viewed this one is said to be a

73

00:03:56,660 --> 00:03:55,350

maintenance and tech center he keep

74

00:04:00,229 --> 00:03:56,670

misspelled that looks like it's Mountain

75

00:04:02,000 --> 00:04:00,239

neon Gani okay maybe I did write down

76

00:04:04,490 --> 00:04:02,010

the notes incorrectly which is probably

77

00:04:07,810 --> 00:04:04,500

very plausible since I can't spell their

78

00:04:09,560 --> 00:04:07,820

rate and by the way since I'm Bob way

79

00:04:11,449 --> 00:04:09,570

well apparently there's a deep

80

00:04:14,570 --> 00:04:11,459

underground military base there and it's

81

00:04:17,180 --> 00:04:14,580

used for maintenance and technology a

82

00:04:18,080 --> 00:04:17,190

Tech Center is also according to these

83

00:04:22,790 --> 00:04:18,090

remote viewers

84

00:04:27,200 --> 00:04:22,800

it has equipment to ionize a layer of

85

00:04:30,469 --> 00:04:27,210

the atmosphere it's in the roads inion

86

00:04:32,840 --> 00:04:30,479

or in young National Park Rhodesia

87

00:04:34,159 --> 00:04:32,850

so yeah so you got the the parks right

88

00:04:38,300 --> 00:04:34,169

it's just I think it's called Mountain

89

00:04:40,850 --> 00:04:38,310

the young Gani or something yeah so

90

00:04:42,529 --> 00:04:40,860

that's the second deep underground

91

00:04:45,980 --> 00:04:42,539

military base is the maintenance tech

92

00:04:50,390 --> 00:04:45,990

Center and it has a guess of atmospheric

93

00:04:54,469 --> 00:04:50,400

a modification equipment there and then

94

00:04:56,379 --> 00:04:54,479

we have mount Haynes in Alaska I think

95

00:04:59,860 --> 00:04:56,389

that's what it is I want to make

96

00:05:03,830 --> 00:04:59,870

McDouble sure that this what is called

97

00:05:05,150 --> 00:05:03,840

Mount Haines if you look at it in Google

98

00:05:07,670 --> 00:05:05,160

Maps this is interesting

99

00:05:09,909 --> 00:05:07,680

it's a darkened panel looks like this

100

00:05:12,379 --> 00:05:09,919

shot was taken almost it like dusk

101
00:05:13,790 --> 00:05:12,389
really because if you go one panel over

102
00:05:20,089 --> 00:05:13,800
you can see the rest of the park in

103
00:05:22,490 --> 00:05:20,099
broad daylight that's kind of odd so I'm

104
00:05:28,330 --> 00:05:22,500
sorry this this uh this third military

105
00:05:33,860 --> 00:05:28,340
bases Mount Hayes which is in Alaska and

106
00:05:38,300 --> 00:05:33,870
it's reported to be either the HAARP

107
00:05:40,370 --> 00:05:38,310
station or below the HAARP station and

108
00:05:44,689 --> 00:05:40,380
it's a this they said this is a

109
00:05:47,450 --> 00:05:44,699
monitoring station this base has the has

110
00:05:51,020 --> 00:05:47,460
a good number of personnel and they said

111
00:05:53,659 --> 00:05:51,030
it deployable personnel so I'm not sure

112
00:05:55,760 --> 00:05:53,669
exactly what that means but I can guess

113
00:05:58,129 --> 00:05:55,770

that if there's personnel there they

114

00:06:00,890 --> 00:05:58,139

these personnel can be deployed across

115

00:06:05,180 --> 00:06:00,900

the XCOM yeah yeah exactly sounds like

116

00:06:07,310 --> 00:06:05,190

ESCA XCOM UFO defense and the

117

00:06:11,510 --> 00:06:07,320

responsibility of these people what

118

00:06:13,870 --> 00:06:11,520

their task to do is to infiltrate all

119

00:06:17,230 --> 00:06:13,880

levels of government to stop politically

120

00:06:22,670 --> 00:06:17,240

it's not political action being taken

121

00:06:25,990 --> 00:06:22,680

that could cause disclosure or discovery

122

00:06:32,170 --> 00:06:26,000

of these military bases so these people

123

00:06:37,100 --> 00:06:32,180

infiltrate subvert any action that would

124

00:06:38,659 --> 00:06:37,110

have them be revealed which is one of

125

00:06:40,580 --> 00:06:38,669

those theories that we've always talked

126

00:06:43,160 --> 00:06:40,590

about and a lot of people talk about

127

00:06:46,850 --> 00:06:43,170

comes to the UFO phenomenon that UFOs

128

00:06:48,590 --> 00:06:46,860

and aliens exist and white why can't

129

00:06:49,910 --> 00:06:48,600

they just uh infiltrate our government

130

00:06:50,930 --> 00:06:49,920

if they're so powerful and they kind of

131

00:06:52,360 --> 00:06:50,940

look like us why wouldn't they be

132

00:06:55,160 --> 00:06:52,370

writing the governor at this point and

133

00:06:56,690 --> 00:06:55,170

according to this remote viewer well

134

00:07:02,180 --> 00:06:56,700

they do have people in positions of

135

00:07:05,000 --> 00:07:02,190

power kind of creepy yeah you have a

136

00:07:05,930 --> 00:07:05,010

truck driver talking about dumb that's

137

00:07:09,290 --> 00:07:05,940

what we're talking about right the yeah

138

00:07:10,640 --> 00:07:09,300

yeah exactly yeah I remember this this

139

00:07:13,970 --> 00:07:10,650

video from years ago and I thought it

140

00:07:15,440 --> 00:07:13,980

was pretty interesting yeah we'll play

141

00:07:20,210 --> 00:07:15,450

that let me talk about the 4th military

142

00:07:27,350 --> 00:07:20,220

base according to these according to

143

00:07:29,020 --> 00:07:27,360

these remote viewers of course I didn't

144

00:07:31,970 --> 00:07:29,030

I actually wrote I'm actually using a

145

00:07:34,670 --> 00:07:31,980

pen and paper to write my notes now guys

146

00:07:37,600 --> 00:07:34,680

I get I get all my from remote viewing

147

00:07:44,480 --> 00:07:40,760

and the fourth military base here is not

148

00:07:46,820 --> 00:07:44,490

the zeal in Australia this has the most

149

00:07:51,550 --> 00:07:46,830

personnel this base is used for rest and

150

00:07:56,180 --> 00:07:51,560

relaxation and this is the human

151
00:07:57,740 --> 00:07:56,190
introduction point how much I guess they

152
00:07:59,750 --> 00:07:57,750
kind of go into it a little bit saying

153
00:08:01,910 --> 00:07:59,760
that once you're brought into the

154
00:08:04,520 --> 00:08:01,920
program you're you're sent here first

155
00:08:06,470 --> 00:08:04,530
this is your this is like maybe the

156
00:08:08,780 --> 00:08:06,480
embassy this is where you go to really

157
00:08:13,220 --> 00:08:08,790
get introduced to the whole big plan

158
00:08:16,160 --> 00:08:13,230
it's kind of like when when rowdy rowdy

159
00:08:17,930 --> 00:08:16,170
paper was taken down below and the movie

160
00:08:19,630 --> 00:08:17,940
they live and kind of shown the facility

161
00:08:23,180 --> 00:08:19,640
that's the introduction point I guess

162
00:08:27,770 --> 00:08:23,190
this Basin in Australia that's what it's

163
00:08:28,880 --> 00:08:27,780

used for carry crazy shoot most name of

164

00:08:30,470 --> 00:08:28,890

that base that was in Spain and the

165

00:08:32,990 --> 00:08:30,480

Pyrenees or the mountain it was by

166

00:08:34,310 --> 00:08:33,000

because all these bases we've looked up

167

00:08:39,310 --> 00:08:34,320

since then they're in national parks

168

00:08:41,840 --> 00:08:39,320

okay I'll type it into the chat here oh

169

00:08:43,220 --> 00:08:41,850

man this is the missus that goes back to

170

00:08:45,710 --> 00:08:43,230

the missing for one long oh I think

171

00:08:47,480 --> 00:08:45,720

we're yeah oh yeah you think this can go

172

00:08:49,490 --> 00:08:47,490

just gonna be tied to missing four oh

173

00:08:50,750 --> 00:08:49,500

one they've all been in national parks

174

00:08:54,110 --> 00:08:50,760

everything what I've been looking up on

175

00:09:01,350 --> 00:08:58,560

sucking them down bounce ideas there and

176

00:09:03,060 --> 00:09:01,360

there people are disappearing and they

177

00:09:07,440 --> 00:09:03,070

don't talk about it I wonder why mm-hmm

178

00:09:13,620 --> 00:09:07,450

and [h__h] the Spanish one is in a looks

179

00:09:16,770 --> 00:09:13,630

like Parekh national or the Spanish but

180

00:09:20,570 --> 00:09:16,780

it's a national park in Spain Wow balls

181

00:09:24,060 --> 00:09:20,580

I agree Alex balls Wow that's curious

182

00:09:29,210 --> 00:09:24,070

very was an Australian national park -

183

00:09:34,770 --> 00:09:29,220

kea national park okay the other one

184

00:09:36,470 --> 00:09:34,780

crap Bob Peterson mmm well isn't green

185

00:09:41,460 --> 00:09:36,480

on the map so it's the national parks

186

00:09:45,290 --> 00:09:41,470

well I think I didn't even think about

187

00:09:48,720 --> 00:09:45,300

that angle but that's pretty interesting

188

00:09:50,040 --> 00:09:48,730

and federal property which will give

189

00:09:51,300 --> 00:09:50,050

credence to the theory that there could

190

00:09:53,550 --> 00:09:51,310

actually be a federal military base

191

00:09:56,070 --> 00:09:53,560

there hence why maybe military has been

192

00:09:57,270 --> 00:09:56,080

deployed there because they were already

193

00:09:58,470 --> 00:09:57,280

there yeah

194

00:10:01,200 --> 00:09:58,480

they weren't really deployed they were

195

00:10:03,390 --> 00:10:01,210

just he just came out yeah you're just

196

00:10:06,000 --> 00:10:03,400

hanging out interesting

197

00:10:09,150 --> 00:10:06,010

I know I hadn't considered that angle

198

00:10:12,260 --> 00:10:09,160

but there it is well good find let's

199

00:10:15,720 --> 00:10:12,270

play this truck driver talking about

200

00:10:24,710 --> 00:10:15,730

deep underground military bases do you

201

00:10:24,720 --> 00:10:30,140

it's a little windy out there

202

00:10:39,110 --> 00:10:35,000

okay this cameraman going up to truck

203

00:10:49,379 --> 00:10:39,120

drivers he's taking footage of what

204

00:10:56,769 --> 00:10:52,750

goes all the way to Washington DC

205

00:11:00,160 --> 00:10:56,779

yeah you can homeland security yeah how

206

00:11:08,150 --> 00:11:00,170

far have you taken this down to how far

207

00:11:22,740 --> 00:11:12,019

Carter miles up the mane

208

00:11:26,519 --> 00:11:25,139

man yeah that's unbelievable not to

209

00:11:28,379 --> 00:11:26,529

mention I heard yeah there's one that

210

00:11:31,259 --> 00:11:28,389

goes oh I don't know where they're

211

00:11:34,110 --> 00:11:31,269

filming this at but from what I heard

212

00:11:36,860 --> 00:11:34,120

him say is that that underground tunnel

213

00:11:39,210 --> 00:11:36,870

there's a big you know um 18-wheeler

214

00:11:41,579 --> 00:11:39,220

going into a tunnel and this truck

215

00:11:44,280 --> 00:11:41,589

drivers saying that I think he said

216

00:11:45,829 --> 00:11:44,290

almost 14 1500 miles that's what he

217

00:11:47,069 --> 00:11:45,839

drove and he's turning around

218

00:11:49,439 --> 00:11:47,079

underground

219

00:11:55,949 --> 00:11:49,449

that's pretty nuts that's the same way

220

00:12:01,610 --> 00:11:55,959

to Colorado right unbelievable what do

221

00:12:04,199 --> 00:12:01,620

you think of hauling any idea okay yeah

222

00:12:07,710 --> 00:12:04,209

yes now he said what do you what do you

223

00:12:09,509 --> 00:12:07,720

think you're hauling he said craft craft

224

00:12:11,939 --> 00:12:09,519

makes all kinds of stuff he's home

225

00:12:15,179 --> 00:12:11,949

something for craft craft makes food

226

00:12:17,730 --> 00:12:15,189

they make a lot of different stuff mac

227

00:12:20,610 --> 00:12:17,740

and cheese nature you may want with your

228

00:12:23,119 --> 00:12:20,620

Heinz now they make tons of [h__h] gotta

229

00:12:29,759 --> 00:12:23,129

have your mac and cheese that's for sure

230

00:12:31,319 --> 00:12:29,769

this is a very I know it's been a lot of

231

00:12:36,550 --> 00:12:31,329

military stuff being hauled around

232

00:12:41,300 --> 00:12:39,270

gotcha gotcha

233

00:12:45,980 --> 00:12:41,310

yeah

234

00:12:48,739 --> 00:12:45,990

water supply food supply everything's in

235

00:12:52,840 --> 00:12:48,749

there yeah unbelievable okay very

236

00:12:55,790 --> 00:12:52,850

interesting [h__h] I don't know if this is

237

00:12:58,579 --> 00:12:55,800

the exact underground tunnel system

238

00:13:01,129 --> 00:12:58,589

which is referenced by some other

239

00:13:03,319 --> 00:13:01,139

reports but it's pretty damn close if

240

00:13:05,960 --> 00:13:03,329

this guy has to be believed that he

241

00:13:08,210 --> 00:13:05,970

actually is driving underneath the

242

00:13:11,749 --> 00:13:08,220

underneath the earth in large tunnels

243

00:13:15,710 --> 00:13:11,759

for 1500 miles why wouldn't you just do

244

00:13:17,869 --> 00:13:15,720

that above ground using the the internet

245

00:13:20,840 --> 00:13:17,879

or the interstate highway system I don't

246

00:13:23,900 --> 00:13:20,850

know what's cooler to do it underground

247

00:13:28,400 --> 00:13:23,910

I guess so not unless it's that much

248

00:13:31,999 --> 00:13:28,410

quicker but there's also reports of a

249

00:13:36,999 --> 00:13:32,009

high-speed rail system that connects all

250

00:13:40,939 --> 00:13:37,009

these underground bases that have been

251

00:13:42,889 --> 00:13:40,949

removed of all air so there's no wind

252

00:13:47,299 --> 00:13:42,899

resistance so these things can go super

253

00:13:49,549 --> 00:13:47,309

fast and and there's a electrical you

254

00:13:50,749 --> 00:13:49,559

know of electromagnetic trains that this

255

00:13:52,519 --> 00:13:50,759

kind of float above the tracks a little

256

00:13:54,049 --> 00:13:52,529

bit the kind of trains they have in

257

00:13:56,929 --> 00:13:54,059

every other modern country besides

258

00:13:57,980 --> 00:13:56,939

America well they have them they just

259

00:14:01,220 --> 00:13:57,990

though they're underground

260

00:14:03,439 --> 00:14:01,230

exactly yes yeah we got him so what's

261

00:14:04,790 --> 00:14:03,449

that other clip you sent over Joe it's

262

00:14:06,410 --> 00:14:04,800

another trucker one I don't remember

263

00:14:14,330 --> 00:14:06,420

this video I don't think I've watched it

264

00:14:17,180 --> 00:14:14,340

but I'm curious oh nice cool intro

265

00:14:19,460 --> 00:14:17,190

oh yeah so it starts at 250 go to 250 it

266

00:14:22,070 --> 00:14:19,470

should have gotten to 50 okay thanks

267

00:14:29,710 --> 00:14:22,080

though is that the yeah so it is footage

268

00:14:37,880 --> 00:14:29,720

of a trucker driving up to a large stone

269

00:14:41,329 --> 00:14:37,890

structure a wall and it's a very very

270

00:14:43,340 --> 00:14:41,339

large entrance it looks like it might be

271

00:14:46,190 --> 00:14:43,350

the same place this guy was I'm not sure

272

00:14:49,340 --> 00:14:46,200

though it kind is hard to tell got that

273

00:14:54,260 --> 00:14:49,350

blue sign yeah if that's the same sign

274

00:14:55,880 --> 00:14:54,270

I like the creepy music again here every

275

00:14:59,230 --> 00:14:55,890

video has to have creepy music if it's

276
00:15:02,630 --> 00:14:59,240
about paranormal conspiracy stuff yes

277
00:15:07,670 --> 00:15:02,640
and this guy is a driving into this

278
00:15:09,340 --> 00:15:07,680
tunnel and it looks quite expansive it's

279
00:15:11,660 --> 00:15:09,350
[h__h] large

280
00:15:15,200 --> 00:15:11,670
the car coming out of it

281
00:15:16,300 --> 00:15:15,210
it's [h__h] huge fart but there's other

282
00:15:20,750 --> 00:15:16,310
cars in here

283
00:15:23,120 --> 00:15:20,760
just stop science there's stop signs in

284
00:15:28,670 --> 00:15:23,130
this tunnel and a lot of tractor

285
00:15:37,369 --> 00:15:33,139
yeah I mean what is this what nice this

286
00:15:39,439 --> 00:15:37,379
is [h__h] huge so yeah it's it's a huge

287
00:15:41,509 --> 00:15:39,449
cavernous looking thing but it's done

288
00:15:44,239 --> 00:15:41,519

it's been well constructed I see a lot

289

00:15:47,960 --> 00:15:44,249

of concrete lots of lights it's well lit

290

00:15:51,739 --> 00:15:47,970

- doesn't look there's any basis outside

291

00:15:53,720 --> 00:15:51,749

of it like there's no like check I don't

292

00:15:57,889 --> 00:15:53,730

see any checkpoints I don't see any

293

00:16:00,369 --> 00:15:57,899

guards standing outside we should put

294

00:16:02,389 --> 00:16:00,379

one of these on the facebook page yeah

295

00:16:04,970 --> 00:16:02,399

maybe someone who knows something about

296

00:16:07,790 --> 00:16:04,980

this maybe this is totally benign I

297

00:16:10,449 --> 00:16:07,800

don't know but just I would like to

298

00:16:13,489 --> 00:16:10,459

think that it yet some benign you know

299

00:16:14,840 --> 00:16:13,499

municipal planning or and maybe it's I

300

00:16:16,970 --> 00:16:14,850

don't know I mean just it there's

301
00:16:18,710 --> 00:16:16,980
something nefarious about it like the

302
00:16:21,829 --> 00:16:18,720
fact that you don't see a 2020 episode

303
00:16:24,319 --> 00:16:21,839
on this yeah and the fact that it

304
00:16:29,449 --> 00:16:24,329
probably you know required billions of

305
00:16:32,499 --> 00:16:29,459
dollars to construct I mean that's that

306
00:16:35,530 --> 00:16:32,509
right there you know it's a fun stuff

307
00:16:39,530 --> 00:16:35,540
I'd love to have it underground base

308
00:16:42,019 --> 00:16:39,540
yeah be nice have a mix bunker for

309
00:16:44,989 --> 00:16:42,029
yourself yeah bunkers a big now I mean

310
00:16:47,869 --> 00:16:44,999
we read ports last year about how the

311
00:16:51,439 --> 00:16:47,879
rich are buying these old missile silos

312
00:16:54,439 --> 00:16:51,449
and putting condos in there I love that

313
00:16:59,329 --> 00:16:54,449

idea yeah yeah sleeping next to a

314

00:17:03,290 --> 00:16:59,339

missile yeah yeah damn it

315

00:17:06,949 --> 00:17:03,300

so not included to wrap up this the the

316

00:17:09,889 --> 00:17:06,959

crazy deep underground military base so

317

00:17:13,399 --> 00:17:09,899

I talked about the remote viewing people

318

00:17:15,980 --> 00:17:13,409

who reported on for military bases well

319

00:17:20,840 --> 00:17:15,990

there is another article that I read

320

00:17:22,340 --> 00:17:20,850

that says that there's over 1500 deep

321

00:17:27,110 --> 00:17:22,350

underground military bases all over the

322

00:17:30,740 --> 00:17:27,120

world with 30 of them right here in the

323

00:17:32,299 --> 00:17:30,750

United States which kind of makes more

324

00:17:33,680 --> 00:17:32,309

sense if you're gonna build a large

325

00:17:36,260 --> 00:17:33,690

underground tunnel system

326

00:17:39,890 --> 00:17:36,270

you probably want more than four that

327

00:17:43,400 --> 00:17:39,900

would make more sense and it

328

00:17:46,730 --> 00:17:43,410

says that this is where it starts to

329

00:17:47,840 --> 00:17:46,740

like go off the rails and and just uh

330

00:17:49,580 --> 00:17:47,850

you know is talking about deep

331

00:17:54,890 --> 00:17:49,590

underground military bases now it goes

332

00:17:56,540 --> 00:17:54,900

into talking about depopulation and I'll

333

00:17:57,860 --> 00:17:56,550

read this so all Patriots who are

334

00:17:59,750 --> 00:17:57,870

willing to resist the new order or

335

00:18:03,620 --> 00:17:59,760

should realize the globalist who have

336

00:18:06,920 --> 00:18:03,630

some submitted are not not the only

337

00:18:08,630 --> 00:18:06,930

problem maybe we have sold the rest of

338

00:18:13,040 --> 00:18:08,640

us out thinking that we will survive and

339

00:18:16,010 --> 00:18:13,050

not be enslaved as the remain what if by

340

00:18:18,740 --> 00:18:16,020

2029 the global global the global

341

00:18:21,950 --> 00:18:18,750

population is to be massively reduced

342

00:18:23,630 --> 00:18:21,960

and the remaining subjects enslaved and

343

00:18:28,310 --> 00:18:23,640

hailed off to enter ground slave labor

344

00:18:34,820 --> 00:18:28,320

factories to serve the global elite what

345

00:18:37,420 --> 00:18:34,830

if what if what if the SDI project is in

346

00:18:42,650 --> 00:18:37,430

reality a weapon system to ward off

347

00:18:44,900 --> 00:18:42,660

unwanted guests the SDI is the guy gets

348

00:18:48,860 --> 00:18:44,910

Star Wars defense Defense Initiative

349

00:18:50,150 --> 00:18:48,870

maybe the strategic I'm sorry yesterday

350

00:18:53,030 --> 00:18:50,160

the Star Wars are you talking about

351

00:18:54,830 --> 00:18:53,040

maybe all countries were fighting sickly

352

00:18:57,800 --> 00:18:54,840

a global war against strangers will once

353

00:19:01,760 --> 00:18:57,810

they realized in the late 70s that their

354

00:19:04,250 --> 00:19:01,770

true intentions we're evil beyond belief

355

00:19:08,030 --> 00:19:04,260

what if society can tell the truth what

356

00:19:10,790 --> 00:19:08,040

if I've never decided that the the see

357

00:19:12,710 --> 00:19:10,800

that the secret would prevent mass panic

358

00:19:14,510 --> 00:19:12,720

and became the Torah a Turkey's that's

359

00:19:16,420 --> 00:19:14,520

why Eisenhower didn't release his

360

00:19:20,690 --> 00:19:16,430

information this goes in into all these

361

00:19:23,840 --> 00:19:20,700

what-ifs and the last one is what if

362

00:19:26,690 --> 00:19:23,850

over eight million humans have literally

363

00:19:30,230 --> 00:19:26,700

been devoured by residents of these

364

00:19:33,740 --> 00:19:30,240

bases the majority nourishing themselves

365

00:19:36,410 --> 00:19:33,750

with human glandular secretions I love

366

00:19:37,850 --> 00:19:36,420

it so we've credence to the Machine 401

367

00:19:39,110 --> 00:19:37,860

theory and these bases and national

368

00:19:40,070 --> 00:19:39,120

parks and people going miss in there and

369

00:19:40,820 --> 00:19:40,080

the government being like oh I don't

370

00:19:43,400 --> 00:19:40,830

know

371

00:19:45,260 --> 00:19:43,410

yep it's Dick Cheney eating like

372

00:19:47,960 --> 00:19:45,270

seven-year-old kids hard someone's

373

00:19:50,000 --> 00:19:47,970

gallbladder National Park yeah well I

374

00:19:54,610 --> 00:19:50,010

guess we have to ask the missing for one

375

00:20:01,640 --> 00:19:57,950

secretions missing these people from the

376

00:20:03,230 --> 00:20:01,650

missing 401 cases missing any glance at

377

00:20:05,720 --> 00:20:03,240

least as far as I read in his books I

378

00:20:06,860 --> 00:20:05,730

don't he doesn't go for autopsies so a

379

00:20:08,950 --> 00:20:06,870

lot of the times they just find like

380

00:20:12,409 --> 00:20:08,960

skull fragments and like their pants

381

00:20:14,890 --> 00:20:12,419

well I'm contacted it's pretty hot

382

00:20:17,690 --> 00:20:14,900

yes golf fragments in the pants man nice

383

00:20:22,090 --> 00:20:17,700

you talking about a boner don't knock it

384

00:20:29,659 --> 00:20:26,480

yeah I contacted the news organization

385

00:20:31,310 --> 00:20:29,669

who did the missing 401 report with that

386

00:20:33,169 --> 00:20:31,320

that voicemail that creepy voicemail we

387

00:20:35,919 --> 00:20:33,179

listened to a couple episodes ago and

388

00:20:37,460 --> 00:20:35,929

because some people on the YouTube

389

00:20:39,230 --> 00:20:37,470

YouTube page

390

00:20:42,799 --> 00:20:39,240

when we posted that video there's like

391

00:20:44,390 --> 00:20:42,809

they have some pretty cool theories like

392

00:20:45,710 --> 00:20:44,400

one guy is this like saying that it

393

00:20:48,320 --> 00:20:45,720

sounds like a Taser sounds like these

394

00:20:51,260 --> 00:20:48,330

guys are being tased and that's like

395

00:20:53,570 --> 00:20:51,270

okay it could be a Taser but that isn't

396

00:20:55,880 --> 00:20:53,580

it could explain some weird noises and

397

00:20:58,399 --> 00:20:55,890

maybe why the people are incapacitated

398

00:21:00,950 --> 00:20:58,409

and throw it into the lake but doesn't

399

00:21:03,080 --> 00:21:00,960

explain the high levels of GHB in these

400

00:21:04,370 --> 00:21:03,090

victims bodies that and if I mean a

401
00:21:06,260 --> 00:21:04,380
Taser only blast as long as you're

402
00:21:07,850 --> 00:21:06,270
holding down the button yeah if you were

403
00:21:09,230 --> 00:21:07,860
thrown in the lake and the team either

404
00:21:12,649 --> 00:21:09,240
wasn't engaged you can just swim right

405
00:21:14,630 --> 00:21:12,659
out at least is a theory you know but

406
00:21:17,600 --> 00:21:14,640
then then you got to decide who is

407
00:21:19,580 --> 00:21:17,610
actually doing the tasing yeah why

408
00:21:20,720 --> 00:21:19,590
would they be doing I contacted a news

409
00:21:22,789 --> 00:21:20,730
organization talking about that

410
00:21:26,299 --> 00:21:22,799
voicemail and I asked for them to send

411
00:21:28,580 --> 00:21:26,309
me the voice recording of that 9 alarm

412
00:21:30,140 --> 00:21:28,590
that that of that voicemail hopefully

413
00:21:32,090 --> 00:21:30,150

I'll get the full thing because we

414

00:21:33,770 --> 00:21:32,100

didn't when they played on the news

415

00:21:35,210 --> 00:21:33,780

report they don't play it up in to the

416

00:21:37,220 --> 00:21:35,220

end we don't hear the part at the end

417

00:21:39,740 --> 00:21:37,230

where is they claim the person's young

418

00:21:41,330 --> 00:21:39,750

stop it and I know it's near talking

419

00:21:46,279 --> 00:21:41,340

there for the clip the entire time yeah

420

00:21:48,560 --> 00:21:46,289

it's BS it's [h__\h] yeah by the way I

421

00:21:51,560 --> 00:21:48,570

don't take no orders from no women yep I

422

00:21:53,960 --> 00:21:51,570

don't do that god damn right do you know

423

00:21:56,120 --> 00:21:53,970

ya know so that's all I got in the deep

424

00:21:58,430 --> 00:21:56,130

underground military bases Joe you got

425

00:21:59,630 --> 00:21:58,440

anything else uh no I think the

426

00:22:02,360 --> 00:21:59,640

trucker's are all I got

427

00:22:04,370 --> 00:22:02,370

okay I like a trucker [\h__\h] are great

428

00:22:05,149 --> 00:22:04,380

gotta trust truckers lifeblood of
