dumb mouth you can get it on iTunes or

explicit thank you for listening and

8
00:00:32,569 --> 00:00:24,210
watching here is our missing 411 segment

9
00:00:35,340 --> 00:00:32,579
on theories and conjecture by birth

10
00:00:41,440 --> 00:00:38,590
yes now we're actually into the four one

11
00:00:44,400 --> 00:00:41,450
one segment which will directly relate

12
00:00:48,400 --> 00:00:44,410
to clown babies segment about the

13
00:00:51,160 --> 00:00:48,410

goatman the goatman of Maryland Kentucky

14

00:00:53,560 --> 00:00:51,170

and Wisconsin I'm ready to hear about it

15

00:00:56,079 --> 00:00:53,570

yeah how does it how does it fit in so

16

00:00:58,720 --> 00:00:56,089

puzzle pieces fit I've been reading a

17

00:01:00,549 --> 00:00:58,730

lot of stories about the missing 401 I

18

00:01:03,390 --> 00:01:00,559

listen to a lot of interviews and so

19

00:01:08,469 --> 00:01:03,400

what fits in is a story from the late

20

00:01:09,580 --> 00:01:08,479

1800s of this five year old girl who was

21

00:01:12,670 --> 00:01:09,590

with her father

22

00:01:15,430 --> 00:01:12,680

and she would work on the farm and they

23

00:01:17,940 --> 00:01:15,440

the farm in the farmhouse is know quite

24

00:01:21,820 --> 00:01:17,950

a few yards away from one another and

25

00:01:23,800 --> 00:01:21,830

when she went up to the farm she didn't

26
00:01:27,940 --> 00:01:23,810
return back to her father who's down in

27
00:01:30,040 --> 00:01:27,950
the fields and when that happened got

28
00:01:34,419 --> 00:01:30,050
panicked and started going out looking

29
00:01:37,180 --> 00:01:34,429
for his daughter he looked all day and

30
00:01:39,730 --> 00:01:37,190
all night called whatever neighbors he

31
00:01:42,460 --> 00:01:39,740
could and let everyone know and then

32
00:01:44,710 --> 00:01:42,470
right around dusk it just so happened

33
00:01:49,510 --> 00:01:44,720
that I think three or four hunters were

34
00:01:53,699 --> 00:01:49,520
out and as they were coming up upon the

35
00:01:59,370 --> 00:01:53,709
girl they saw a large hairy bipedal

36
00:02:02,529 --> 00:01:59,380
wolf-like creature scamper and leap off

37
00:02:04,050 --> 00:02:02,539
and which kind of fits into what some

38
00:02:08,169 --> 00:02:04,060

descriptions are about the goatman

39

00:02:10,300 --> 00:02:08,179

that's crazy that is crazy and when the

40

00:02:16,660 --> 00:02:10,310

hunters asked the girl what happened to

41

00:02:19,210 --> 00:02:16,670

her she said the dog ate my hat but yeah

42

00:02:19,839 --> 00:02:19,220

I remember this I've heard this a dog my

43

00:02:26,890 --> 00:02:19,849

hat

44

00:02:29,410 --> 00:02:26,900

her as a dog it could have been an

45

00:02:32,350 --> 00:02:29,420

upright bipedal hairy humanoid

46

00:02:35,320 --> 00:02:32,360

uh let's just go ahead and say a

47

00:02:38,380 --> 00:02:35,330

werewolf kind of creature but is she

48

00:02:41,710 --> 00:02:38,390

viewed isn't no a regular dog and it ate

49

00:02:44,589 --> 00:02:41,720

her hat you know about the werewolf guy

50

00:02:47,320 --> 00:02:44,599

right and I believe in France was like

51
00:02:49,960 --> 00:02:47,330
in the very very early

52
00:02:52,810 --> 00:02:49,970
he was like a crazy guy that like wore a

53
00:02:55,780 --> 00:02:52,820
wolf skin and would like jump around and

54
00:02:58,210 --> 00:02:55,790
like he was kind of insane but he would

55
00:03:00,100 --> 00:02:58,220
steal little boys and kill them and they

56
00:03:05,950 --> 00:03:00,110
eventually found caught him and killed

57
00:03:07,960 --> 00:03:05,960
him Wow I don't yeah so so this goes

58
00:03:09,420 --> 00:03:07,970
into some additional for one one stuff

59
00:03:12,670 --> 00:03:09,430
I've been trying to dig more into

60
00:03:14,140 --> 00:03:12,680
theories possible theories of what is

61
00:03:15,700 --> 00:03:14,150
going on what is causing these

62
00:03:17,730 --> 00:03:15,710
disappearances and I've also been

63
00:03:21,430 --> 00:03:17,740

looking on the other side of stuff of

64

00:03:23,850 --> 00:03:21,440

possible more reasonable explanations

65

00:03:29,260 --> 00:03:23,860

like looking at some detractors is is

66

00:03:31,360 --> 00:03:29,270

the Pallavas data is it valid is it

67

00:03:33,190 --> 00:03:31,370

authentic and from what I see it is

68

00:03:35,800 --> 00:03:33,200

authentic although there are some

69

00:03:38,710 --> 00:03:35,810

detractors out there to say look all

70

00:03:41,710 --> 00:03:38,720

these cases it's probably just animals

71

00:03:43,330 --> 00:03:41,720

mountain lions and but you know I can

72

00:03:45,430 --> 00:03:43,340

understand the Kate mountain lions want

73

00:03:48,100 --> 00:03:45,440

to drag somebody's body to a higher

74

00:03:51,699 --> 00:03:48,110

elevation to where they may live but it

75

00:03:55,840 --> 00:03:51,709

isn't doesn't explain neatly the claw

76

00:03:58,750 --> 00:03:55,850

clothes just shoes being Gahan it

77

00:04:00,430 --> 00:03:58,760

doesn't explain a large portion of these

78

00:04:02,290 --> 00:04:00,440

anomalies that are occurring with these

79

00:04:04,090 --> 00:04:02,300

missing people bodies being found with

80

00:04:07,120 --> 00:04:04,100

their pants on backwards

81

00:04:08,710 --> 00:04:07,130

pants half down half down that doesn't

82

00:04:10,120 --> 00:04:08,720

explain anything in the south because I

83

00:04:12,520 --> 00:04:10,130

don't think they're all healthy lions in

84

00:04:14,410 --> 00:04:12,530

the south what's that Columbia this user

85

00:04:16,750 --> 00:04:14,420

usually missing yeah shoes are missing

86

00:04:19,030 --> 00:04:16,760

it doesn't explain anything about no

87

00:04:22,000 --> 00:04:19,040

damage to bodies with people being found

88

00:04:23,890 --> 00:04:22,010

in lakes or rivers and high amounts of

89

00:04:26,200 --> 00:04:23,900

GHB in the system explains nothing so

90

00:04:29,170 --> 00:04:26,210

those people who think it's just amount

91

00:04:30,940 --> 00:04:29,180

of mountain lions or cats they're

92

00:04:32,650 --> 00:04:30,950

completely stupid and delusional and

93

00:04:35,170 --> 00:04:32,660

haven't read any of this stuff and

94

00:04:37,659 --> 00:04:35,180

they're just trying to pick something

95

00:04:39,550 --> 00:04:37,669

that is sane and realistic in their

96

00:04:42,700 --> 00:04:39,560

everyday life to make sense of this

97

00:04:45,130 --> 00:04:42,710

which is not going to work so we have to

98

00:04:47,080 --> 00:04:45,140

get into some crazy [h__\h] there's no

99

00:04:50,020 --> 00:04:47,090

doubt we actually have to get into some

100

00:04:57,290 --> 00:04:50,030

crazy [h__\h] right now and that is what

101

00:05:03,450 --> 00:04:59,330

let me walk to my door

102

00:05:05,730 --> 00:05:03,460

there we go good man Center alpha one

103

00:05:07,409 --> 00:05:05,740

okay so some crazy [h__\h] means some

104

00:05:09,209 --> 00:05:07,419

things I want to run down and run past

105

00:05:13,649 --> 00:05:09,219

you guys about what possibly could be

106

00:05:16,520 --> 00:05:13,659

going on here I sent out a message with

107

00:05:22,020 --> 00:05:16,530

the map of the missing four one one with

108

00:05:25,890 --> 00:05:22,030

an overlaid map of military command

109

00:05:28,790 --> 00:05:25,900

bases for entrance of new personnel so

110

00:05:32,610 --> 00:05:28,800

all the the bases are marked on the map

111

00:05:35,520 --> 00:05:32,620

and those are bases that would bring in

112

00:05:37,580 --> 00:05:35,530

new personnel to the military and I

113

00:05:41,010 --> 00:05:37,590

don't know if you saw the the actual

114

00:05:44,270 --> 00:05:41,020

JPEG but they they actually those bases

115

00:05:46,200 --> 00:05:44,280

are not too far away from where people

116

00:05:47,459 --> 00:05:46,210

disappear and they actually kind of

117

00:05:49,649 --> 00:05:47,469

follow the pattern because there's no

118

00:05:52,469 --> 00:05:49,659

basis in the middle of the country so a

119

00:05:55,619 --> 00:05:52,479

quick question with the map hmm

120

00:05:57,809 --> 00:05:55,629

bases are the orange docks the white dot

121

00:06:00,839 --> 00:05:57,819

white dots are anything with pointers

122

00:06:02,640 --> 00:06:00,849

around them is evil people yeah I just

123

00:06:04,980 --> 00:06:02,650

find it interesting that you you put the

124

00:06:07,589 --> 00:06:04,990

dots on there right yes he gave you the

125

00:06:09,510 --> 00:06:07,599

map with the arrows yeah exactly

126

00:06:11,550 --> 00:06:09,520

and that came off their website or

127

00:06:13,529 --> 00:06:11,560

correct yeah so I just found it

128

00:06:15,570 --> 00:06:13,539

interesting you put the spaces on there

129

00:06:18,899 --> 00:06:15,580

and all the arrows are pointing into the

130

00:06:21,029 --> 00:06:18,909

bases just like some of the clusters the

131

00:06:23,760 --> 00:06:21,039

arrows are all pointing into the center

132

00:06:26,939 --> 00:06:23,770

circular area where the base is marked

133

00:06:28,649 --> 00:06:26,949

yeah and so I'll bring I'll bring open

134

00:06:31,200 --> 00:06:28,659

the I'll see if I can bring up the map

135

00:06:35,070 --> 00:06:31,210

right now um it's kind of curious how

136

00:06:39,420 --> 00:06:35,080

how it can kind of match so here it is

137

00:06:41,189 --> 00:06:39,430

so I did all the the white dots and so I

138

00:06:43,079 --> 00:06:41,199

didn't do the orange what are the orange

139

00:06:47,189 --> 00:06:43,089

dots the orange dots are the the

140

00:06:49,740 --> 00:06:47,199

clusters okay the white dots are the

141

00:06:52,769 --> 00:06:49,750

base the active cases that are written

142

00:06:55,740 --> 00:06:52,779

in fairly close very close proximity

143

00:06:57,119 --> 00:06:55,750

fairly close proximity if you especially

144

00:06:59,100 --> 00:06:57,129

since you guys were talking about dumped

145

00:07:00,930 --> 00:06:59,110

last time yeah if you take a look at

146

00:07:02,879 --> 00:07:00,940

there's not a lot of bases in the middle

147

00:07:05,879 --> 00:07:02,889

country few here and there in Texas but

148

00:07:08,159 --> 00:07:05,889

it follows a very similar pattern these

149

00:07:09,180 --> 00:07:08,169

bases follow these military entrance

150

00:07:11,610 --> 00:07:09,190

bases follow

151

00:07:14,520 --> 00:07:11,620

a relatively similar on the surface

152

00:07:16,740 --> 00:07:14,530

pattern of the missing 401 cases now

153

00:07:20,340 --> 00:07:16,750

mind you the missing 401 cases I think

154

00:07:23,010 --> 00:07:20,350

he's only examined 1,800 cases there

155

00:07:25,110 --> 00:07:23,020

could be a up and it probably is many

156

00:07:28,050 --> 00:07:25,120

many more and he's only examine cases

157

00:07:30,870 --> 00:07:28,060

that involve national parks now he has

158

00:07:33,930 --> 00:07:30,880

said he's working on a series of people

159

00:07:35,850 --> 00:07:33,940

missing from the cities in metro areas

160

00:07:38,970 --> 00:07:35,860

and I bet you you're going to get some

161

00:07:40,950 --> 00:07:38,980

cases that are you go up in those desert

162

00:07:42,960 --> 00:07:40,960

ll dry areas of the country in the

163

00:07:45,360 --> 00:07:42,970

middle there because you're gonna have

164

00:07:47,580 --> 00:07:45,370

people that can drive to a national park

165

00:07:49,320 --> 00:07:47,590

that is in a desert if they go missing

166

00:07:51,030 --> 00:07:49,330

maybe they didn't tell anybody they were

167

00:07:52,380 --> 00:07:51,040

going to the park that day you did what

168

00:07:54,450 --> 00:07:52,390

they weren't with anybody he doesn't

169

00:07:56,340 --> 00:07:54,460

have good information on Yosemite people

170

00:07:58,110 --> 00:07:56,350

walk into the deserts like they

171

00:08:00,270 --> 00:07:58,120

disappear all the country 270 in his

172

00:08:01,860 --> 00:08:00,280

first book I thought he had a lot of

173

00:08:04,980 --> 00:08:01,870

trouble getting information out of you

174

00:08:07,080 --> 00:08:04,990

somebody I mean he has they're

175

00:08:08,550 --> 00:08:07,090

definitely decent under cases okay well

176

00:08:11,460 --> 00:08:08,560

he also he needs a lawyer

177

00:08:15,750 --> 00:08:11,470

he needs a team yeah there should be

178

00:08:17,130 --> 00:08:15,760

like I don't know there should be a

179

00:08:19,310 --> 00:08:17,140

reddit for it and there should be

180

00:08:21,900 --> 00:08:19,320

hundreds of people willing to

181

00:08:23,640 --> 00:08:21,910

information there's a render for it

182

00:08:25,080 --> 00:08:23,650

needs it needs more popularity if

183

00:08:29,820 --> 00:08:25,090

anybody's listening to this and has

184

00:08:32,040 --> 00:08:29,830

access to David Pilates um lightest

185

00:08:35,190 --> 00:08:32,050

Politis I'm sorry I'm God is not Pilates

186

00:08:36,900 --> 00:08:35,200

it's Politis Politis Politis if you guys

187

00:08:39,390 --> 00:08:36,910

are I mean if you're listening to this

188

00:08:41,040 --> 00:08:39,400

and you're interested email the dude and

189

00:08:42,659 --> 00:08:41,050

tell them you want to make information

190

00:08:44,810 --> 00:08:42,669

requests because he's having problems

191

00:08:47,880 --> 00:08:44,820

getting information requests about cases

192

00:08:49,460 --> 00:08:47,890

he could easily probably slide you ten

193

00:08:52,110 --> 00:08:49,470

cases to exactly

194

00:08:54,480 --> 00:08:52,120

help him out anyway again is very Intune

195

00:08:56,970 --> 00:08:54,490

stuff I want access to the data he said

196

00:08:59,040 --> 00:08:56,980

that he I listened to a show where he

197

00:09:01,140 --> 00:08:59,050

was on that he said there should be a

198

00:09:04,140 --> 00:09:01,150

public database of this stuff if I can

199

00:09:06,510 --> 00:09:04,150

get access to the digital versions of

200

00:09:08,579 --> 00:09:06,520

his books I can turn that all into a

201
00:09:11,850 --> 00:09:08,589
database yeah I definitely think that I

202
00:09:14,700 --> 00:09:11,860
I feel like database should be easy if

203
00:09:16,200 --> 00:09:14,710
you have one one person like you two or

204
00:09:18,810 --> 00:09:16,210
three people if you had the information

205
00:09:21,300 --> 00:09:18,820
in an excel spreadsheet you can turn

206
00:09:22,830 --> 00:09:21,310
that into any kind of data yeah right

207
00:09:24,650 --> 00:09:22,840
there a mint in our new

208
00:09:26,580 --> 00:09:24,660
of our newest for one YouTube video

209
00:09:28,050 --> 00:09:26,590
someone responded saying there were

210
00:09:30,900 --> 00:09:28,060
people there were people do like that

211
00:09:33,990 --> 00:09:30,910
aggregation forum oh yeah well they I

212
00:09:36,210 --> 00:09:34,000
saw that too um where the links I don't

213
00:09:39,210 --> 00:09:36,220

I don't know words accessed online if I

214

00:09:41,310 --> 00:09:39,220

put the links on put them in the YouTube

215

00:09:43,020 --> 00:09:41,320

I have a database right now we want to

216

00:09:45,660 --> 00:09:43,030

link to it on our website that can put

217

00:09:49,170 --> 00:09:45,670

up on the website and each one of those

218

00:09:51,090 --> 00:09:49,180

I can use Google Maps to to do this [h__\h]

219

00:09:54,450 --> 00:09:51,100

the amount of technology that's not

220

00:09:57,630 --> 00:09:54,460

behind this is staggering and I can help

221

00:10:00,810 --> 00:09:57,640

out with it if I have access to the raw

222

00:10:03,530 --> 00:10:00,820

data which I don't have and I haven't

223

00:10:07,440 --> 00:10:03,540

gotten any response back so if anybody

224

00:10:09,360 --> 00:10:07,450

listens and has access to maybe what I

225

00:10:12,120 --> 00:10:09,370

won with would David let him know

226

00:10:15,360 --> 00:10:12,130

there's somebody who can create database

227

00:10:18,210 --> 00:10:15,370

databases and get it online that is

228

00:10:19,190 --> 00:10:18,220

searchable and viewable by a mass

229

00:10:21,810 --> 00:10:19,200

audience

230

00:10:23,220 --> 00:10:21,820

you know we help these cases Murphy and

231

00:10:29,360 --> 00:10:23,230

I talked to my mom about this her

232

00:10:32,700 --> 00:10:29,370

great-uncle went missing from the DA I'm

233

00:10:34,080 --> 00:10:32,710

you seen when he went to bed and then he

234

00:10:35,550 --> 00:10:34,090

had everything laid out for church the

235

00:10:37,440 --> 00:10:35,560

next day he lived the son and his wife

236

00:10:39,540 --> 00:10:37,450

and he was never seen again he was in

237

00:10:41,010 --> 00:10:39,550

his 80s yes right yeah this is a guy

238

00:10:43,440 --> 00:10:41,020

Pennsylvania Southwest Pennsylvania

239

00:10:44,850 --> 00:10:43,450

that's right uh he I think this is one

240

00:10:48,390 --> 00:10:44,860

of the guys that would wake up every day

241

00:10:49,590 --> 00:10:48,400

have a shot of vodka and before he went

242

00:10:51,090 --> 00:10:49,600

to bed every day he had a shot of vodka

243

00:10:54,690 --> 00:10:51,100

and that's how he lived his life and he

244

00:10:56,550 --> 00:10:54,700

was in his 80s and then just one day he

245

00:10:58,470 --> 00:10:56,560

up and went missing and he was never

246

00:11:00,360 --> 00:10:58,480

found again and he's been missing

247

00:11:02,850 --> 00:11:00,370

without his cane which he always had on

248

00:11:04,830 --> 00:11:02,860

him yep and I think it was in the

249

00:11:06,810 --> 00:11:04,840

Uniontown Ron cover and try and see if I

250

00:11:08,460 --> 00:11:06,820

can call the police department seat that

251

00:11:10,860 --> 00:11:08,470

can pick up the old file it was a big

252

00:11:12,840 --> 00:11:10,870

gray at the time I'm trying to I

253

00:11:15,330 --> 00:11:12,850

contacted I contacted a news

254

00:11:17,820 --> 00:11:15,340

organization who did the missing for 11

255

00:11:20,280 --> 00:11:17,830

of voicemail and they haven't gotten

256

00:11:22,230 --> 00:11:20,290

back to me yet um so I'm gonna contact

257

00:11:23,730 --> 00:11:22,240

the actual police department yeah I'd

258

00:11:26,250 --> 00:11:23,740

really like to hear the full voicemail

259

00:11:27,570 --> 00:11:26,260

on that um because it is written in the

260

00:11:31,170 --> 00:11:27,580

description that there's somebody the

261

00:11:34,020 --> 00:11:31,180

end says where do you stop or something

262

00:11:35,960 --> 00:11:34,030

at the end and I really want to hear the

263

00:11:38,059 --> 00:11:35,970

whole message because they only pet play

264

00:11:40,129 --> 00:11:38,069

of it now this could be a case of that

265

00:11:42,439 --> 00:11:40,139

case is not very old its from last year

266

00:11:44,329 --> 00:11:42,449

where the police are not releasing a lot

267

00:11:45,980 --> 00:11:44,339

of information which is part of the case

268

00:11:51,350 --> 00:11:45,990

that I want to present later

269

00:11:52,850 --> 00:11:51,360

yeah um we've seen Jeff did you can't

270

00:11:54,980 --> 00:11:52,860

would you see your with when you

271

00:11:56,689 --> 00:11:54,990

contacted that new station I'd said I

272

00:11:59,059 --> 00:11:56,699

would use my personal email address and

273

00:12:01,280 --> 00:11:59,069

I said I was by myself I didn't sales

274

00:12:03,350 --> 00:12:01,290

with anybody you know I always be like

275

00:12:07,369 --> 00:12:03,360

I'm very interested in the case that

276

00:12:08,990 --> 00:12:07,379

mornign yeah all right Jeff this tell me

277

00:12:13,400 --> 00:12:09,000

like you with independent media or tell

278

00:12:17,030 --> 00:12:13,410

them you're from WOB DM w BDM or

279

00:12:18,499 --> 00:12:17,040

something but let's uh here's a couple

280

00:12:20,960 --> 00:12:18,509

more theories as we talked about the

281

00:12:23,960 --> 00:12:20,970

these some of these cases are taking

282

00:12:29,329 --> 00:12:23,970

place fairly close to some military

283

00:12:33,829 --> 00:12:29,339

bases and the next one is berries and

284

00:12:36,139 --> 00:12:33,839

berries there's a lot of stories about

285

00:12:39,050 --> 00:12:36,149

fairies abducting people and there's

286

00:12:40,999 --> 00:12:39,060

also a lot of reports of people who do

287

00:12:43,670 --> 00:12:41,009

turn up with berries in their possession

288

00:12:47,059 --> 00:12:43,680

people who go out picking berries and

289

00:12:50,329 --> 00:12:47,069

never return something with berries and

290

00:12:53,059 --> 00:12:50,339

that came up a lot for one yeah so

291

00:12:55,549 --> 00:12:53,069

there's some kind of weird connection I

292

00:12:56,869 --> 00:12:55,559

don't know what the fairies mean and I

293

00:13:00,439 --> 00:12:56,879

don't know what the connection is with

294

00:13:02,960 --> 00:13:00,449

these berries um but does it telltale

295

00:13:06,110 --> 00:13:02,970

sign if you're even thinking about going

296

00:13:07,790 --> 00:13:06,120

and picking berries bad idea get that

297

00:13:08,660 --> 00:13:07,800

ready out of your [h__h] head is it's

298

00:13:11,030 --> 00:13:08,670

not worth doing

299

00:13:16,249 --> 00:13:11,040

apparently this Bigfoots turf yeah

300

00:13:19,340 --> 00:13:16,259

big-time um there is someone on the in

301
00:13:21,439 --> 00:13:19,350
the comments section of our video that

302
00:13:22,629 --> 00:13:21,449
said it sounded like the missing four

303
00:13:27,379 --> 00:13:22,639
one one voicemail

304
00:13:28,910 --> 00:13:27,389
sounded like a Taser and some the

305
00:13:31,490 --> 00:13:28,920
high-pitched stuff and it sounded

306
00:13:34,280 --> 00:13:31,500
exactly like a Taser maybe that's the

307
00:13:37,790 --> 00:13:34,290
case maybe these people are tased and

308
00:13:40,189 --> 00:13:37,800
incapacitated in some way by using

309
00:13:43,519 --> 00:13:40,199
electricity but how they're moved from

310
00:13:45,169 --> 00:13:43,529
point A to point B over such a distance

311
00:13:48,319 --> 00:13:45,179
and elevation in a short amount of time

312
00:13:49,769 --> 00:13:48,329
is quite bizarre and mysterious age is

313
00:13:51,920 --> 00:13:49,779

only effective as long as

314

00:13:54,809 --> 00:13:51,930

engaged and batteries not that long

315

00:13:56,489 --> 00:13:54,819

maybe it is a Taser with a bigger

316

00:13:59,670 --> 00:13:56,499

battery source we don't the tasers or

317

00:14:01,619 --> 00:13:59,680

that literal device is hooked up to it's

318

00:14:09,710 --> 00:14:01,629

better way to kill people doggy I

319

00:14:16,619 --> 00:14:09,720

totally agree umm there is also the

320

00:14:20,309 --> 00:14:16,629

theory of Boulder spirits which is uh I

321

00:14:22,259 --> 00:14:20,319

believe that there is native Native

322

00:14:24,420 --> 00:14:22,269

American stories about Boulder spirits

323

00:14:27,600 --> 00:14:24,430

there are people that have warned people

324

00:14:30,780 --> 00:14:27,610

not to go near boulders or or lake beds

325

00:14:33,590 --> 00:14:30,790

with a lot of boulders there is legends

326

00:14:37,199 --> 00:14:33,600

of Icelandic Boulder spirits of

327

00:14:41,699 --> 00:14:37,209

creatures and spirits that live in in

328

00:14:45,809 --> 00:14:41,709

these boulders and that the spirits are

329

00:14:47,369 --> 00:14:45,819

actually the ones that are abducting

330

00:14:50,220 --> 00:14:47,379

people I'll read a little bit here

331

00:14:54,210 --> 00:14:50,230

police said mice land with many farms

332

00:14:56,670 --> 00:14:54,220

having rocks that are not that are not

333

00:14:59,549 --> 00:14:56,680

mowed closely and on which children are

334

00:15:02,340 --> 00:14:59,559

not allowed to play when construction

335

00:15:05,939 --> 00:15:02,350

was about the start on an airbase the

336

00:15:08,999 --> 00:15:05,949

Islamic foreman Dean or dreamed that a

337

00:15:11,819 --> 00:15:09,009

woman came to him asking to delay moving

338

00:15:15,600 --> 00:15:11,829

the border to give her family time to

339

00:15:17,999 --> 00:15:15,610

move out he did so for two weeks over

340

00:15:20,220 --> 00:15:18,009

the over the American objection until

341

00:15:24,329 --> 00:15:20,230

she came to him in another dream telling

342

00:15:26,939 --> 00:15:24,339

him that they were all out so he paid

343

00:15:28,949 --> 00:15:26,949

attention to his dream and basically

344

00:15:30,720 --> 00:15:28,959

this Boulder Speer said hey this give us

345

00:15:34,769 --> 00:15:30,730

time to get out of our Boulder and we'll

346

00:15:36,689 --> 00:15:34,779

move on um very bizarre before they even

347

00:15:40,309 --> 00:15:36,699

attempted Emmylou that bull well I feel

348

00:15:42,600 --> 00:15:40,319

like there's a lot of alien encounters

349

00:15:44,490 --> 00:15:42,610

or like kind of like the Kentucky

350

00:15:48,809 --> 00:15:44,500

goblins in a way in different areas

351
00:15:52,499 --> 00:15:48,819
where people report seeing like creature

352
00:15:54,569 --> 00:15:52,509
silver creatures or men and silver suits

353
00:16:00,470 --> 00:15:54,579
walking into doorways that appear out of

354
00:16:07,850 --> 00:16:04,050
that's I feel like that plays along with

355
00:16:10,290 --> 00:16:07,860
even that store we talked about with a a

356
00:16:12,900 --> 00:16:10,300
few months ago with that kid who was

357
00:16:14,790 --> 00:16:12,910
abducted and recalls seeing his grandma

358
00:16:16,770 --> 00:16:14,800
with sparks shooting out of her head he

359
00:16:20,190 --> 00:16:16,780
was in the cave he was in a boulder I

360
00:16:22,680 --> 00:16:20,200
mean the boulders you know it is instead

361
00:16:25,260 --> 00:16:22,690
of a rock he recalls being the side of a

362
00:16:27,150 --> 00:16:25,270
rock and and having his his grandmother

363
00:16:27,480 --> 00:16:27,160

ask him to take a [\h__\h] or a crap on the

364

00:16:32,760 --> 00:16:27,490

floor

365

00:16:34,740 --> 00:16:32,770

um bizarre Sherri strange bizarre [\h__\h]

366

00:16:36,870 --> 00:16:34,750

on the foodnut there is a gentleman

367

00:16:40,080 --> 00:16:36,880

that's written a book about food taboos

368

00:16:41,460 --> 00:16:40,090

in the paranormal world and I can't I

369

00:16:44,310 --> 00:16:41,470

was trying to look up the name of the

370

00:16:47,790 --> 00:16:44,320

book but it's a book all about the

371

00:16:50,370 --> 00:16:47,800

legend is in almost all folklore in the

372

00:16:52,950 --> 00:16:50,380

fairies the paranormal in all these

373

00:16:55,110 --> 00:16:52,960

different traditions when you interact

374

00:16:57,960 --> 00:16:55,120

with these paranormal creatures if they

375

00:17:00,210 --> 00:16:57,970

offer you food you should not eat it

376

00:17:01,940 --> 00:17:00,220

because if you eat that food you will be

377

00:17:05,130 --> 00:17:01,950

trapped in that world forever

378

00:17:08,670 --> 00:17:05,140

interesting that's actually a running

379

00:17:11,340 --> 00:17:08,680

theme in a lot of anime if it transfers

380

00:17:12,660 --> 00:17:11,350

you another world don't interact or eat

381

00:17:15,570 --> 00:17:12,670

anything from that world because you'll

382

00:17:18,330 --> 00:17:15,580

permanently be there I'll run down just

383

00:17:21,360 --> 00:17:18,340

a few more 4:01 um

384

00:17:23,040 --> 00:17:21,370

notes here that I have and we're kind of

385

00:17:26,280 --> 00:17:23,050

treading on some stuff we talked about

386

00:17:29,820 --> 00:17:26,290

before but I think it's relevant just

387

00:17:32,880 --> 00:17:29,830

the drillers in people's heads people

388

00:17:34,680 --> 00:17:32,890

who tend to spear near people tend to

389

00:17:37,920 --> 00:17:34,690

deer disappeared near Boulder fields

390

00:17:40,620 --> 00:17:37,930

people tend to disappear they're near

391

00:17:44,250 --> 00:17:40,630

berry bushes abrupt weather changes

392

00:17:46,280 --> 00:17:44,260

every person disappears making search

393

00:17:49,080 --> 00:17:46,290

much more difficult and is there's a

394

00:17:51,870 --> 00:17:49,090

inordinate amount of aircraft that have

395

00:17:54,410 --> 00:17:51,880

been down when in search of missing

396

00:18:01,260 --> 00:17:54,420

people you think this is tied to DARPA

397

00:18:03,150 --> 00:18:01,270

weather machine no I don't know I can't

398

00:18:05,130 --> 00:18:03,160

say because you mean just so any

399

00:18:09,920 --> 00:18:05,140

theories just as out as next because you

400

00:18:12,900 --> 00:18:09,930

can't can see you know typically a young

401
00:18:16,290 --> 00:18:12,910
athletic men are taken but there's dogs

402
00:18:16,649 --> 00:18:16,300
children and older people there's a

403
00:18:19,859 --> 00:18:16,659
spell

404
00:18:21,539 --> 00:18:19,869
trim either you're mentally disabled and

405
00:18:24,089 --> 00:18:21,549
not able to communicate very well or

406
00:18:26,639 --> 00:18:24,099
you're fairly intelligent and you're

407
00:18:28,469 --> 00:18:26,649
taken and it looks like whoever's taking

408
00:18:30,149 --> 00:18:28,479
these people want to examine the

409
00:18:33,359 --> 00:18:30,159
extremes of intelligent and not

410
00:18:35,099 --> 00:18:33,369
necessarily the middle of the road so I

411
00:18:38,339 --> 00:18:35,109
think we're okay

412
00:18:40,879 --> 00:18:38,349
I follow excellent we're safe yes yes

413
00:18:44,339 --> 00:18:40,889

keep drinking we'll keep our brain power

414

00:18:47,639 --> 00:18:44,349

people who come back are sometimes in a

415

00:18:49,529 --> 00:18:47,649

state of extreme confusion the biggest

416

00:18:51,930 --> 00:18:49,539

cluster of strange disappearances in the

417

00:18:55,799 --> 00:18:51,940

United States is located in Yosemite

418

00:18:58,919 --> 00:18:55,809

National Park when a child's clothes are

419

00:19:02,879 --> 00:18:58,929

fouled it tends to be bright and again

420

00:19:04,979 --> 00:19:02,889

near water or a dry creek bed people

421

00:19:08,249 --> 00:19:04,989

disappear for days even weeks the weeks

422

00:19:11,339 --> 00:19:08,259

and in the end repair untouched by the

423

00:19:12,930 --> 00:19:11,349

elements which is actually that's what

424

00:19:15,180 --> 00:19:12,940

happened into that skinwalker book the

425

00:19:16,799 --> 00:19:15,190

guy was in skinwalker land what he

426
00:19:18,509 --> 00:19:16,809
thought was ours but apparently he was

427
00:19:21,119 --> 00:19:18,519
found back in that shed after apparently

428
00:19:22,710 --> 00:19:21,129
three days he's found at room

429
00:19:25,289 --> 00:19:22,720
temperatures but despite it being 20

430
00:19:27,119 --> 00:19:25,299
degrees outside in just he had lost 17

431
00:19:29,009 --> 00:19:27,129
pounds and slightly dehydrated so he

432
00:19:32,190 --> 00:19:29,019
kind of a similar experiences to what

433
00:19:34,409 --> 00:19:32,200
you're talking about is Christ people of

434
00:19:40,529 --> 00:19:34,419
European more specifically German

435
00:19:43,560 --> 00:19:40,539
descent tend to disappear um and so the

436
00:19:46,109 --> 00:19:43,570
there's also been rumors that maybe this

437
00:19:50,070 --> 00:19:46,119
has some kind of correlation with the

438
00:19:52,009 --> 00:19:50,080

cattle mutilation um because that's all

439

00:19:54,629 --> 00:19:52,019

so mysterious thing that the

440

00:19:57,539 --> 00:19:54,639

catalyzation where there's various

441

00:20:00,479 --> 00:19:57,549

surgical operations performed on cattle

442

00:20:02,310 --> 00:20:00,489

and there's really been no no

443

00:20:04,680 --> 00:20:02,320

explanation for it some people claim

444

00:20:07,979 --> 00:20:04,690

it's alien or military I think it's

445

00:20:10,919 --> 00:20:07,989

actually personally military but there's

446

00:20:13,379 --> 00:20:10,929

been no surgical operations done on

447

00:20:15,509 --> 00:20:13,389

these taken people whose none that I've

448

00:20:17,310 --> 00:20:15,519

read they've either been you've only

449

00:20:19,200 --> 00:20:17,320

find bits and pieces of them if their

450

00:20:21,450 --> 00:20:19,210

body is found the returned or their

451
00:20:24,379 --> 00:20:21,460
bodies found relatively unharmed or the

452
00:20:26,399 --> 00:20:24,389
return alive relatively unscathed

453
00:20:29,070 --> 00:20:26,409
I've never there's been no indication

454
00:20:30,060 --> 00:20:29,080
that they've been surgically altered in

455
00:20:32,550 --> 00:20:30,070
any way

456
00:20:34,980 --> 00:20:32,560
other than stories where they asked

457
00:20:36,900 --> 00:20:34,990
specifically asked for that that kid to

458
00:20:38,660 --> 00:20:36,910
take a [h__h] on a piece of paper so that

459
00:20:42,900 --> 00:20:38,670
he collected so there might be some

460
00:20:45,360 --> 00:20:42,910
collection of DNA done but not being

461
00:20:49,890 --> 00:20:45,370
removed forcefully like that like in

462
00:20:53,390 --> 00:20:49,900
cattle mutilations so it's kind of

463
00:20:57,780 --> 00:20:53,400

brings me to the connecticut frog folk

464

00:21:01,980 --> 00:20:57,790

the connecticut frog folk okay yes it's

465

00:21:03,630 --> 00:21:01,990

a short passage in the book but said for

466

00:21:05,280 --> 00:21:03,640

years as rumors of an inbred family of

467

00:21:07,020 --> 00:21:05,290

large-eyed freaks that have been

468

00:21:10,950 --> 00:21:07,030

circulating through this town in

469

00:21:12,270 --> 00:21:10,960

Connecticut in Fairfield County and it

470

00:21:14,850 --> 00:21:12,280

said that the mysterious family lives

471

00:21:17,310 --> 00:21:14,860

together together on a decrepit compound

472

00:21:19,590 --> 00:21:17,320

not far from Bethel Center Bethel is a

473

00:21:21,570 --> 00:21:19,600

community in the mem and that members of

474

00:21:23,310 --> 00:21:21,580

a clan have been observing million

475

00:21:24,960 --> 00:21:23,320

around the place spilling from open

476

00:21:27,660 --> 00:21:24,970

doors and windows and performing various

477

00:21:29,460 --> 00:21:27,670

bizarre unspecified acts even venture

478

00:21:33,960 --> 00:21:29,470

into town from time to time we hear for

479

00:21:35,820 --> 00:21:33,970

occasional shopping trip not only so it

480

00:21:37,680 --> 00:21:35,830

says these frog people they have they

481

00:21:40,410 --> 00:21:37,690

have large head small bodies and hair

482

00:21:42,410 --> 00:21:40,420

that tended to uh appear only in patches

483

00:21:44,580 --> 00:21:42,420

all of which enhance the entities look

484

00:21:47,100 --> 00:21:44,590

iowans has went so far as to call one of

485

00:21:48,540 --> 00:21:47,110

them a monster but generally local

486

00:21:50,430 --> 00:21:48,550

consensus seems to be the defrocked

487

00:21:52,650 --> 00:21:50,440

people wear test features are caused by

488

00:21:53,970 --> 00:21:52,660

years of inbreeding in that no one knows

489

00:21:55,470 --> 00:21:53,980

for sure however the inbreeding

490

00:21:57,570 --> 00:21:55,480

explanation also fails to account for

491

00:22:00,660 --> 00:21:57,580

another widespread type of male Mane's

492

00:22:02,340 --> 00:22:00,670

any other stuff but they've eyeballs the

493

00:22:05,760 --> 00:22:02,350

size of their head large eyeballs almost

494

00:22:08,100 --> 00:22:05,770

like grades in phibian like slimy you

495

00:22:10,860 --> 00:22:08,110

know wet skin and they go shopping at

496

00:22:13,170 --> 00:22:10,870

Kroger's well this reminds me mysterious

497

00:22:14,280 --> 00:22:13,180

universe stories of where aliens try and

498

00:22:17,610 --> 00:22:14,290

come to earth they trying to learn about

499

00:22:18,840 --> 00:22:17,620

us and try and fit in yeah like what is

500

00:22:20,490 --> 00:22:18,850

this like oh that's a pen what are you

501
00:22:22,590 --> 00:22:20,500
that you write with it oh I said that

502
00:22:23,940 --> 00:22:22,600
was a fork oh can I run with a fork no

503
00:22:25,170 --> 00:22:23,950
Gary the fork well why not

504
00:22:26,550 --> 00:22:25,180
seems like something like that were

505
00:22:29,250 --> 00:22:26,560
these aliens trying kind of fit in with

506
00:22:31,260 --> 00:22:29,260
us is this how you do it he's impressing

507
00:22:33,450 --> 00:22:31,270
the ladies Lake I'm out it's like is

508
00:22:35,280 --> 00:22:33,460
this half-assed like frog human being

509
00:22:37,650 --> 00:22:35,290
that you see from time to time and then

510
00:22:39,090 --> 00:22:37,660
ceilings are it's like it's like data

511
00:22:41,200 --> 00:22:39,100
getting caught and [h__h] up and

512
00:22:43,360 --> 00:22:41,210
civilization discovers him

513
00:22:47,500 --> 00:22:43,370

yeah it's it's you're trying to learn

514

00:22:48,940 --> 00:22:47,510

how society in humans work which are

515

00:22:49,480 --> 00:22:48,950

already how to behave you're not my

516

00:22:55,139 --> 00:22:49,490

mother

517

00:22:58,240 --> 00:22:55,149

you're right it's bizarre um

518

00:23:00,010 --> 00:22:58,250

Connecticut fraud people you know the

519

00:23:01,720 --> 00:23:00,020

passion kind of I like that uh prepare

520

00:23:04,750 --> 00:23:01,730

graphs along some that one up was good

521

00:23:07,000 --> 00:23:04,760

go um that's all I got for right now I

522

00:23:08,529 --> 00:23:07,010

get most of them have like I like a lot

523

00:23:11,080 --> 00:23:08,539

of note I got notes of notes and notes

524

00:23:13,180 --> 00:23:11,090

and they're like paragraphs yeah anybody

525

00:23:15,580 --> 00:23:13,190

yeah I got a lot of stuff on everything

526

00:23:17,529 --> 00:23:15,590

going okay it's fine let's uh let's go

527

00:23:21,060 --> 00:23:17,539

over to your story all right just delete

528

00:23:27,810 --> 00:23:25,560

winning so we have a local urban missing

529

00:23:29,490 --> 00:23:27,820

for one one kind of nice we have a

530

00:23:32,490 --> 00:23:29,500

really famous one the Brian Schaeffer

531

00:23:35,100 --> 00:23:32,500

case which yeah who disappear from club

532

00:23:38,730 --> 00:23:35,110

he disappeared from the ugly tuna saloon

533

00:23:45,990 --> 00:23:38,740

about ten years ago yeah he was gone he

534

00:23:50,669 --> 00:23:46,000

went missing on March 3rd or 5th I think

535

00:23:54,299 --> 00:23:50,679

in the Jen I double checked because the

536

00:23:57,930 --> 00:23:54,309

this recent one happened on March 15th

537

00:23:59,460 --> 00:23:57,940

of this year and the Arnold Classic was

538

00:24:01,769 --> 00:23:59,470

in town so I double check to see when

539

00:24:03,240 --> 00:24:01,779

the Arnold Classic was when Brian

540

00:24:05,759 --> 00:24:03,250

Schaeffer we missing and it wasn't until

541

00:24:08,100 --> 00:24:05,769

April first athletic people that well

542

00:24:10,139 --> 00:24:08,110

the thing is is thousands is an

543

00:24:13,379 --> 00:24:10,149

international festival it only happens

544

00:24:15,629 --> 00:24:13,389

here in America in Columbus Ohio

545

00:24:17,730 --> 00:24:15,639

there is another branch of it that

546

00:24:19,019 --> 00:24:17,740

they've started doing in Germany that is

547

00:24:21,810 --> 00:24:19,029

I thought it did tour around a little

548

00:24:23,879 --> 00:24:21,820

bit man our okay it is a it's a one time

549

00:24:26,549 --> 00:24:23,889

in America thing so there are lots of

550

00:24:29,639 --> 00:24:26,559

people from out of town here it's a very

551
00:24:32,190 --> 00:24:29,649
busy time this gentleman went missing on

552
00:24:33,570 --> 00:24:32,200
March 15th I believe was the date of it

553
00:24:35,759 --> 00:24:33,580
I had to double check I don't want my

554
00:24:39,930 --> 00:24:35,769
notes I left them in the car dock dammit

555
00:24:43,409 --> 00:24:39,940
Bryce his name is Joey LaBute alright he

556
00:24:46,049 --> 00:24:43,419
was missing for 24 days his body was

557
00:24:47,700 --> 00:24:46,059
found in the Scioto River but during the

558
00:24:49,980 --> 00:24:47,710
time that he was missing is very similar

559
00:24:52,740 --> 00:24:49,990
to Brian Schafer's case last time he was

560
00:24:55,769 --> 00:24:52,750
seen was in a club called the Union Cafe

561
00:24:58,379 --> 00:24:55,779
only a mile away from the ugly tunas

562
00:25:01,919 --> 00:24:58,389
Aluna yeah not very far two mile away

563
00:25:04,379 --> 00:25:01,929

from here it's easy walk uh interesting

564

00:25:07,590 --> 00:25:04,389

things so there's like a timeline he

565

00:25:09,899 --> 00:25:07,600

went to Union to meet some family

566

00:25:12,450 --> 00:25:09,909

friends or some family actually his

567

00:25:14,669 --> 00:25:12,460

cousins and then he went to go get a

568

00:25:17,669 --> 00:25:14,679

drink and never returned

569

00:25:22,680 --> 00:25:17,679

there's video footage of him leaving the

570

00:25:24,269 --> 00:25:22,690

bar interesting sidenote I was like they

571

00:25:27,029 --> 00:25:24,279

kept saying Thurber gate Thurber gate

572

00:25:28,830 --> 00:25:27,039

why do I know Thurber gate Thurber gates

573

00:25:31,169 --> 00:25:28,840

the apartment complex you live in yeah

574

00:25:32,639 --> 00:25:31,179

right next to it and that's where he

575

00:25:34,450 --> 00:25:32,649

parked his car because he used to live

576

00:25:37,420 --> 00:25:34,460

here and he has Park

577

00:25:41,050 --> 00:25:37,430

pastel hmm so his car was left there he

578

00:25:42,760 --> 00:25:41,060

walked to Union cafe and I remember you

579

00:25:44,410 --> 00:25:42,770

talking about you guys seemed very drunk

580

00:25:46,810 --> 00:25:44,420

gentleman with his pants down in the

581

00:25:48,550 --> 00:25:46,820

middle of the street I wasted over here

582

00:25:50,950 --> 00:25:48,560

sure big time they walked back and the

583

00:25:55,360 --> 00:25:50,960

river is very close to here it yes it is

584

00:25:58,270 --> 00:25:55,370

so this gentleman they released a like

585

00:26:00,700 --> 00:25:58,280

about a week or two ago coroner said he

586

00:26:03,490 --> 00:26:00,710

was definitely dead before he was in the

587

00:26:06,610 --> 00:26:03,500

water interesting so he was probably

588

00:26:09,940 --> 00:26:06,620

murdered they're treating it as a

589

00:26:13,000 --> 00:26:09,950

homicide he was missing for 24 days they

590

00:26:16,030 --> 00:26:13,010

have not released the toxicology ma'am

591

00:26:17,500 --> 00:26:16,040

there was no stab wounds or bullet

592

00:26:23,920 --> 00:26:17,510

wounds is the only thing the police have

593

00:26:26,830 --> 00:26:23,930

told us and the my idea is that if they

594

00:26:28,120 --> 00:26:26,840

don't figure out who did it fairly soon

595

00:26:30,790 --> 00:26:28,130

is they're probably gonna release the

596

00:26:33,190 --> 00:26:30,800

toxicology and say get a very high level

597

00:26:35,050 --> 00:26:33,200

of GHB in a system whose jersey was

598

00:26:37,120 --> 00:26:35,060

found in a body of water he was found in

599

00:26:39,670 --> 00:26:37,130

the Scioto River just south of the

600

00:26:43,360 --> 00:26:39,680

confluence of the two rivers Olentangy

601
00:26:46,030 --> 00:26:43,370
in the Scioto so this man was found on

602
00:26:47,260 --> 00:26:46,040
the peninsula there's a peninsula called

603
00:26:48,970 --> 00:26:47,270
the Whittier Peninsula where they

604
00:26:51,610 --> 00:26:48,980
launched boats from the new park they

605
00:26:56,650 --> 00:26:51,620
built of the Audubon Park just south of

606
00:26:58,360 --> 00:26:56,660
height on South High Street and the

607
00:27:01,710 --> 00:26:58,370
other thing that was really curious is

608
00:27:06,340 --> 00:27:01,720
so he parked his car he left the club

609
00:27:08,470 --> 00:27:06,350
there was a phone call from a family

610
00:27:11,140 --> 00:27:08,480
member to him where he picked up the

611
00:27:13,690 --> 00:27:11,150
phone him whoever would had his phone

612
00:27:16,270 --> 00:27:13,700
during the time after he left Union

613
00:27:19,480 --> 00:27:16,280

where he just said I am driving and hung

614

00:27:21,490 --> 00:27:19,490

up and that's it and then there was a

615

00:27:25,020 --> 00:27:21,500

butt-dial text message where it was just

616

00:27:27,610 --> 00:27:25,030

like the four closest letters together

617

00:27:30,660 --> 00:27:27,620

interesting sent to his aunt at like 3

618

00:27:34,450 --> 00:27:30,670

a.m. the day that they went missing Wow

619

00:27:36,280 --> 00:27:34,460

something I want to know that hasn't

620

00:27:39,430 --> 00:27:36,290

been really mentioned I know that I know

621

00:27:43,810 --> 00:27:39,440

that DNA is not released with autopsies

622

00:27:45,490 --> 00:27:43,820

but what one thing we can get is when

623

00:27:46,289 --> 00:27:45,500

were they with these people born I want

624

00:27:48,269 --> 00:27:46,299

to know their sign

625

00:27:50,219 --> 00:27:48,279

oh no Theodore Sagittarius I wanna know

626

00:27:52,469 --> 00:27:50,229

their Gemini I want to know people in

627

00:27:54,089 --> 00:27:52,479

particular signs this guy is 26 years

628

00:27:56,849 --> 00:27:54,099

old which I think was the same age as

629

00:27:57,869 --> 00:27:56,859

Brian Schaeffer also wanna know what day

630

00:27:59,759 --> 00:27:57,879

they're born

631

00:28:01,440 --> 00:27:59,769

I think his birthday is available so I

632

00:28:02,940 --> 00:28:01,450

all these people I want to know if

633

00:28:04,289 --> 00:28:02,950

you're more likely to be inducted if

634

00:28:06,690 --> 00:28:04,299

your Gemini as opposed to Sagittarius

635

00:28:09,629 --> 00:28:06,700

stuff like that again where people

636

00:28:11,759 --> 00:28:09,639

actually fit is is there some kind of

637

00:28:13,979 --> 00:28:11,769

connection there yeah you're you're

638

00:28:16,409 --> 00:28:13,989

looking to Ronna me you're looking at

639

00:28:19,229 --> 00:28:16,419

esoteric yeah approach yeah that's a

640

00:28:20,969 --> 00:28:19,239

very interesting idea and so in if we

641

00:28:23,669 --> 00:28:20,979

can get that information put that into

642

00:28:27,899 --> 00:28:23,679

the database we could very easily see if

643

00:28:29,399 --> 00:28:27,909

there's a pattern um I just I haven't

644

00:28:31,680 --> 00:28:29,409

seen that information any the the for

645

00:28:33,119 --> 00:28:31,690

long books but I know they can't release

646

00:28:35,969 --> 00:28:33,129

didn't I know that they can't release

647

00:28:38,369 --> 00:28:35,979

blood type they can't release the DNA so

648

00:28:39,690 --> 00:28:38,379

let's just go on birth date the other

649

00:28:41,279 --> 00:28:39,700

strange thing about this is this man

650

00:28:43,709 --> 00:28:41,289

looks very similar to Brian Schaeffer

651
00:28:44,399 --> 00:28:43,719
dark hair they're about the same height

652
00:28:48,389 --> 00:28:44,409
and build

653
00:28:51,690 --> 00:28:48,399
both white males white there was not

654
00:28:53,699 --> 00:28:51,700
released what his body was wearing hmm

655
00:28:55,109 --> 00:28:53,709
so I'm also predicting that we're going

656
00:28:59,519 --> 00:28:55,119
to find out that when they found the

657
00:29:06,409 --> 00:28:59,529
body no shoes no shoes yeah possibly

658
00:29:11,639 --> 00:29:09,449
he was in the water for a while that's

659
00:29:14,339 --> 00:29:11,649
why it took them so long Eggman's what's

660
00:29:15,449 --> 00:29:14,349
that Jeff finally am big-bodied kind of

661
00:29:18,749 --> 00:29:15,459
ambiguous they could have just found

662
00:29:21,599 --> 00:29:18,759
fragments we don't know well the body

663
00:29:23,549 --> 00:29:21,609

was in the water for several days they

664

00:29:25,709 --> 00:29:23,559

haven't released how much time the other

665

00:29:28,589 --> 00:29:25,719

curious thing about this so in the Brian

666

00:29:31,919 --> 00:29:28,599

Schaeffer case there was a message left

667

00:29:34,619 --> 00:29:31,929

on a obituary board for his father

668

00:29:36,779 --> 00:29:34,629

because his father died in that freak

669

00:29:38,519 --> 00:29:36,789

storm we had a few years ago even or the

670

00:29:41,009 --> 00:29:38,529

freak storm that blew the power out for

671

00:29:44,299 --> 00:29:41,019

a while yeah his father was killed in

672

00:29:47,849 --> 00:29:44,309

that freak storm and on the obits page

673

00:29:51,869 --> 00:29:47,859

somebody posted as Brian Schaeffer I

674

00:29:56,430 --> 00:29:51,879

miss you dad and they traced the the IP

675

00:29:59,370 --> 00:29:56,440

address back to a either in downtown or

676

00:30:02,460 --> 00:29:59,380

in a note off of hillier in Hilliard

677

00:30:05,340 --> 00:30:02,470

alright so in this case again an

678

00:30:06,980 --> 00:30:05,350

internet-based thing on a comments pages

679

00:30:09,090 --> 00:30:06,990

left on one of the articles where they

680

00:30:10,770 --> 00:30:09,100

mentioned that they found when they

681

00:30:11,159 --> 00:30:10,780

release that they found his body in the

682

00:30:16,200 --> 00:30:11,169

river

683

00:30:19,200 --> 00:30:16,210

and that it was Joey lebu yeah LaBute I

684

00:30:23,370 --> 00:30:19,210

think the comment section somebody

685

00:30:25,740 --> 00:30:23,380

registered an account and said well it

686

00:30:32,100 --> 00:30:25,750

seems he got that drink of water he

687

00:30:35,039 --> 00:30:32,110

wanted and that account was connected to

688

00:30:36,539 --> 00:30:35,049

a fake Facebook that was completely I

689

00:30:39,690 --> 00:30:36,549

don't have all the details in front of

690

00:30:41,720 --> 00:30:39,700

me but that fake facebook is now deleted

691

00:30:44,610 --> 00:30:41,730

the comments were disabled on the page

692

00:30:47,100 --> 00:30:44,620

the person that notified the people that

693

00:30:48,870 --> 00:30:47,110

I heard about this from also notified

694

00:30:51,779 --> 00:30:48,880

the Columbus police about it saying this

695

00:30:54,419 --> 00:30:51,789

is what I I took screenshots I thought

696

00:30:56,700 --> 00:30:54,429

this was really weird and now all that

697

00:30:58,169 --> 00:30:56,710

stuff's been taken down so they're

698

00:30:59,700 --> 00:30:58,179

definitely getting a lead out of it but

699

00:31:02,100 --> 00:30:59,710

this is very strange you have this

700

00:31:03,870 --> 00:31:02,110

internet comment connection again ten

701

00:31:05,970 --> 00:31:03,880

years later it's on the 10-year

702

00:31:10,220 --> 00:31:05,980

anniversary almost this is like a sin

703

00:31:12,570 --> 00:31:10,230

regular well yeah and there's so there's

704

00:31:13,860 --> 00:31:12,580

idea that there might be this have you

705

00:31:15,930 --> 00:31:13,870

ever heard of the smiley face killer

706

00:31:17,549 --> 00:31:15,940

thing yeah there's been rumors of a

707

00:31:18,870 --> 00:31:17,559

Columbus serial killer for a while and

708

00:31:21,810 --> 00:31:18,880

then I think I brought up there's

709

00:31:24,810 --> 00:31:21,820

another one about the Columbus serial

710

00:31:28,919 --> 00:31:24,820

killer thing yeah so you know it could

711

00:31:30,539 --> 00:31:28,929

be that I feel like the person had to be

712

00:31:33,060 --> 00:31:30,549

pretty young if it was both Brian

713

00:31:34,980 --> 00:31:33,070

Schaeffer and yeah young guy I don't

714

00:31:36,570 --> 00:31:34,990

need some dick there's another there's

715

00:31:39,000 --> 00:31:36,580

some other stuff on there too because

716

00:31:42,149 --> 00:31:39,010

the guy was gay yeah the gay community

717

00:31:45,510 --> 00:31:42,159

has been very worried about this his he

718

00:31:47,640 --> 00:31:45,520

was on Grindr and was checked in the

719

00:31:48,299 --> 00:31:47,650

last time he checked in was near Union

720

00:31:49,260 --> 00:31:48,309

cafe

721

00:31:52,200 --> 00:31:49,270

now you could hooked up with somebody

722

00:31:55,799 --> 00:31:52,210

but it doesn't say on the grinder app

723

00:31:57,539 --> 00:31:55,809

what times apparently like what time

724

00:32:00,000 --> 00:31:57,549

exactly when you actually start grinding

725

00:32:04,710 --> 00:32:00,010

I'm sure they have that like timestamp

726
00:32:08,730 --> 00:32:04,720
information yeah but so it's an unsolved

727
00:32:10,830 --> 00:32:08,740
mystery nap it's very local I mean I was

728
00:32:12,640 --> 00:32:10,840
surprised as is looking up I was like

729
00:32:14,350 --> 00:32:12,650
where's this Thurber gate

730
00:32:16,300 --> 00:32:14,360
right next door it's like right near you

731
00:32:18,460 --> 00:32:16,310

732
00:32:22,600 --> 00:32:18,470
so his car was parked between Michigan

733
00:32:24,310 --> 00:32:22,610
and whatever the next street is towards

734
00:32:29,680 --> 00:32:24,320
the river nice to put shaving cream on

735
00:32:31,870 --> 00:32:29,690
that car there's a joke shaped it all
