THEORIES

Submit your thoughts and theories

1
00:00:17,320 --> 00:00:14,949
everyone my name is Mike behind the host

2
00:00:19,630 --> 00:00:17,330
of the our big mouth podcast obdam

3
00:00:21,700 --> 00:00:19,640
videos here on YouTube and we have been

4
00:00:24,880 --> 00:00:21,710
putting up some clips about missing four

5
00:00:26,979 --> 00:00:24,890
one one they have generated numerous

6
00:00:28,450 --> 00:00:26,989
comments and suggestions everyone has

7
00:00:31,179 --> 00:00:28,460
their everyone kind of has their own

8
00:00:33,580 --> 00:00:31,189
theory about what's going on and I I

9
00:00:35,650 --> 00:00:33,590
feel as though we can't get through all

10
00:00:38,229 --> 00:00:35,660
the comments in the YouTube it may not

11
00:00:41,440 --> 00:00:38,239
might not be the best way to do it so

12
00:00:44,230 --> 00:00:41,450
please leave us a voicemail and we'll

13
00:00:47,080 --> 00:00:44,240

play that on air our voicemail is six

14

00:00:49,330 --> 00:00:47,090

one four three eight eight nine 109 I'll

15

00:00:51,370 --> 00:00:49,340

put that in the description of this

16

00:00:54,880 --> 00:00:51,380

video or you can send us an email and

17

00:00:59,050 --> 00:00:54,890

we'll read that on air at our big mouth

18

00:01:01,660 --> 00:00:59,060

at gmail.com and feel free to correct

19

00:01:04,539 --> 00:01:01,670

any speculations we have information we

20

00:01:06,069 --> 00:01:04,549

may have gotten wrong or suggestions of

21

00:01:09,760 --> 00:01:06,079

what you would like to hear in the

22

00:01:13,239 --> 00:01:09,770

future I am actively trying to track

23

00:01:16,989 --> 00:01:13,249

down and get a hold of the missing four

24

00:01:19,809 --> 00:01:16,999

oh one voicemail left by the person I

25

00:01:23,489 --> 00:01:19,819

believe in Wisconsin or Minnesota who

26

00:01:25,899 --> 00:01:23,499

called his wife and he was abducted

27

00:01:28,989 --> 00:01:25,909

while he was on the phone I'm still

28

00:01:31,989 --> 00:01:28,999

trying to get that voicemail I've

29

00:01:34,809 --> 00:01:31,999

contacted the news station several times

30

00:01:36,129 --> 00:01:34,819

I hadn't heard anything back email the

31

00:01:38,410 --> 00:01:36,139

police department haven't heard anything

32

00:01:42,519 --> 00:01:38,420

back and I'm just gonna give the police

33

00:01:45,190 --> 00:01:42,529

department a call and see why or when

34

00:01:50,649 --> 00:01:45,200

this will be made available to the

35

00:01:53,499 --> 00:01:50,659

public I'm not sure that I will I'm also

36

00:01:57,339 --> 00:01:53,509

trying to put together a missing four

37

00:02:00,789 --> 00:01:57,349

one one database that is accessible by

38

00:02:03,459 --> 00:02:00,799

people like you and me so you be able to

39

00:02:06,639 --> 00:02:03,469

log on submit a query to the database

40

00:02:10,240 --> 00:02:06,649

and do some comparing and contrasting of

41

00:02:13,150 --> 00:02:10,250

all the missing for one one data I don't

42

00:02:15,250 --> 00:02:13,160

have access to the raw data that David

43

00:02:17,949 --> 00:02:15,260

Politis has put together I don't know if

44

00:02:19,030 --> 00:02:17,959

he has an Excel spreadsheets but he has

45

00:02:21,260 --> 00:02:19,040

to have it in some kind of digital

46

00:02:24,920 --> 00:02:21,270

format because he has produced

47

00:02:28,220 --> 00:02:24,930

so even if he has a Microsoft Word

48

00:02:30,980 --> 00:02:28,230

document I can write scripts to throw

49

00:02:34,330 --> 00:02:30,990

that into a database and hopefully we

50

00:02:38,240 --> 00:02:34,340

might be able to come up with additional

51
00:02:41,930 --> 00:02:38,250
patterns that might not be obvious to

52
00:02:44,030 --> 00:02:41,940
the Vista glancing over of the Excel

53
00:02:47,240 --> 00:02:44,040
spreadsheet using a database and

54
00:02:48,380 --> 00:02:47,250
possibly some predictive analytics we

55
00:02:51,140 --> 00:02:48,390
might be able to get some additional

56
00:02:53,690 --> 00:02:51,150
information I have reached out to David

57
00:02:55,910 --> 00:02:53,700
I have not heard anything back I don't

58
00:02:57,440 --> 00:02:55,920
want to be overbearing or or bothersome

59
00:03:00,200 --> 00:02:57,450
to them I understand he's a very busy

60
00:03:03,680 --> 00:03:00,210
man but at the same time I think putting

61
00:03:06,710 --> 00:03:03,690
together a database is something that's

62
00:03:08,420 --> 00:03:06,720
necessary or missing for in one

63
00:03:10,370 --> 00:03:08,430

we might actually even be able to

64

00:03:12,980 --> 00:03:10,380

predict where people are most likely to

65

00:03:15,050 --> 00:03:12,990

be abducted from when and where if we

66

00:03:17,000 --> 00:03:15,060

have the dates that the people were

67

00:03:19,220 --> 00:03:17,010

abducted on and when they are found and

68

00:03:21,200 --> 00:03:19,230

possibly even the birth date of these

69

00:03:24,020 --> 00:03:21,210

people who have been abducted and/or

70

00:03:27,220 --> 00:03:24,030

killed those pieces of information I

71

00:03:31,940 --> 00:03:27,230

don't know what we could glean from that

72

00:03:33,890 --> 00:03:31,950

but I believe that might be relevant am

73

00:03:36,800 --> 00:03:33,900

I going to some astrology kind of things

74

00:03:38,690 --> 00:03:36,810

some more metaphysical elements and I

75

00:03:41,000 --> 00:03:38,700

understand that's not pure data science

76

00:03:43,070 --> 00:03:41,010

but sometimes when you're dealing with

77

00:03:45,200 --> 00:03:43,080

these paranormal things you kind of

78

00:03:50,930 --> 00:03:45,210

grasp at straws and you hope something

79

00:03:53,240 --> 00:03:50,940

sticks and with the 411 database we may

80

00:03:57,140 --> 00:03:53,250

below do that so thank you for watching

81

00:04:00,650 --> 00:03:57,150

the missing for one one videos that we

82

00:04:04,520 --> 00:04:02,540

we understand that is a very serious

83

00:04:07,100 --> 00:04:04,530

topic but we we still try to make a

84

00:04:08,720 --> 00:04:07,110

light when you can even though there's

85

00:04:11,480 --> 00:04:08,730

serious topics and people are dying and

86

00:04:13,370 --> 00:04:11,490

going missing we do try to have jokes

87

00:04:15,770 --> 00:04:13,380

when we can we understand that might

88

00:04:16,940 --> 00:04:15,780

upset some people but that's just the

89

00:04:19,760 --> 00:04:16,950

way I run the show

90

00:04:22,340 --> 00:04:19,770

I understand it's serious but what the

91

00:04:24,620 --> 00:04:22,350

hell you gotta you gotta find some humor

92

00:04:29,719 --> 00:04:24,630

in the dark stuff anyways I died who sat

93

00:04:31,810 --> 00:04:29,729

right - thank you for watching and look

94

00:04:39,870 --> 00:04:31,820

at the description

95

00:04:43,660 --> 00:04:39,880

to use the voicemail submit one and

96

00:04:46,720 --> 00:04:43,670

links to email us your ideas of theories

97

00:04:49,090 --> 00:04:46,730

and whatever youth might think about the

98

00:04:50,590 --> 00:04:49,100

for love missing 401 phenomenon thank

99

00:04:53,590 --> 00:04:50,600

you very much for your time I appreciate
