4
00:00:38,209 --> 00:00:34,320
so yeah here again and welcome back to

5
00:00:42,770 --> 00:00:38,219
you monsters talking about go see her

6
00:00:46,790 --> 00:00:42,780
there oh no go-backs thanks old man what

7
00:00:49,190 --> 00:00:46,800
is that Jay monsters talking about them

8
00:00:51,709 --> 00:00:49,200
and this week we have the flatwoods

9
00:00:53,119 --> 00:00:51,719
monster whoever sent it into our feed my

10
00:00:54,799 --> 00:00:53,129
true that was it wasn't me but I took

11
00:00:57,860 --> 00:00:54,809
that up it's a very interesting one I

12
00:01:00,349 --> 00:00:57,870
found out about that Oh from my friend

13
00:01:02,479 --> 00:01:00,359

Kenny bones I didn't interview with them

14

00:01:05,090 --> 00:01:02,489

a few years ago he is a Mason he's in a

15

00:01:06,590 --> 00:01:05,100

legendary stoner rock band called

16

00:01:09,800 --> 00:01:06,600

negative reaction i talked with him on

17

00:01:13,100 --> 00:01:09,810

the phone he mentioned that and he also

18

00:01:14,570 --> 00:01:13,110

invited myself and possibly a few other

19

00:01:16,160 --> 00:01:14,580

people to go Bigfoot hunting on his

20

00:01:18,980 --> 00:01:16,170

property in West Virginia because he

21

00:01:21,590 --> 00:01:18,990

says there are some out there well let's

22

00:01:23,560 --> 00:01:21,600

do that yeah absolutely definitely let's

23

00:01:27,649 --> 00:01:23,570

go on to the flatwoods monster come on

24

00:01:30,020 --> 00:01:27,659

well consequently the flatwoods monster

25

00:01:34,670 --> 00:01:30,030

was seen in Braxton County West Virginia

26
00:01:38,060 --> 00:01:34,680
to cumber 12 in 1952 why West Virginia

27
00:01:40,490 --> 00:01:38,070
[h__h] crib toys I know I guess there's

28
00:01:44,840 --> 00:01:40,500
not much else see no sides hills and

29
00:01:47,300 --> 00:01:44,850
forests but so but about 7 15 p.m. in

30
00:01:49,399 --> 00:01:47,310
September 12 and 19 you too these two

31
00:01:53,960 --> 00:01:49,409
brothers Edward and Fred May and their

32
00:01:55,580 --> 00:01:53,970
one friend Tommy hire who were 13 12 and

33
00:01:58,819 --> 00:01:55,590
10 respectively witnessed a bright

34
00:02:01,819 --> 00:01:58,829
object come across the sky the object

35
00:02:04,280 --> 00:02:01,829
appeared to have it was kind of a

36
00:02:05,810 --> 00:02:04,290
meteorite almost in an appearance and

37
00:02:08,510 --> 00:02:05,820
the object appeared to have come to rest

38
00:02:10,999 --> 00:02:08,520

crash-landed on a nearby farm and the

39

00:02:12,809 --> 00:02:11,009

boys assume they saw it crash they went

40

00:02:15,089 --> 00:02:12,819

home to the may brothers mother

41

00:02:18,690 --> 00:02:15,099

their house Kathleen may where they

42

00:02:21,539 --> 00:02:18,700

reported seeing the quote UFO land crash

43

00:02:23,849 --> 00:02:21,549

land in the hills by the farm from there

44

00:02:26,369 --> 00:02:23,859

Mrs May accompanied by the straight boys

45

00:02:27,360 --> 00:02:26,379

and some other local children and a 17

46

00:02:30,149 --> 00:02:27,370

year old West Virginia National

47

00:02:31,920 --> 00:02:30,159

Guardsmen named Eugene lemon travel

48

00:02:34,379 --> 00:02:31,930

traveled to the farm also known as a

49

00:02:37,440 --> 00:02:34,389

Fisher farm is where an effort to locate

50

00:02:40,679 --> 00:02:37,450

the UFO as were supposedly crash-landed

51
00:02:42,720 --> 00:02:40,689
here now on the soldiers dog ran ahead

52
00:02:44,610 --> 00:02:42,730
out of sight and suddenly began barking

53
00:02:47,039 --> 00:02:44,620
and moments later ran back to the group

54
00:02:48,690 --> 00:02:47,049
with his tail between its legs now we've

55
00:02:50,849 --> 00:02:48,700
seen that a lot of times and different

56
00:02:54,199 --> 00:02:50,859
stories of other dogs refuse to go buy

57
00:02:56,580 --> 00:02:54,209
it or they come back scared absolutely

58
00:02:58,559 --> 00:02:56,590
now after the group child about a

59
00:03:00,089 --> 00:02:58,569
quarter mile here they reached the top

60
00:03:03,750 --> 00:03:00,099
of a hill and from the top of the hill

61
00:03:05,220 --> 00:03:03,760
they saw a large pulsating fireball said

62
00:03:06,420 --> 00:03:05,230
it was about 50 feet that are right

63
00:03:08,250 --> 00:03:06,430

after they got to the top of the hill

64

00:03:10,860 --> 00:03:08,260

and when they got there they smelled a

65

00:03:15,240 --> 00:03:10,870

pungent missed it made their eyes their

66

00:03:17,909 --> 00:03:15,250

eyes and nose as burnt pungent mists hmm

67

00:03:20,460 --> 00:03:17,919

it sounds nice name of my metal band

68

00:03:25,050 --> 00:03:20,470

pungent missed ya unguent missed were

69

00:03:26,849 --> 00:03:25,060

you hired me own but uh the National

70

00:03:28,409 --> 00:03:26,859

Guard has been noticed day two small

71

00:03:30,780 --> 00:03:28,419

lights over to the left of the object

72

00:03:32,429 --> 00:03:30,790

underneath the tree he directed his

73

00:03:36,089 --> 00:03:32,439

flashlight towards them and he revealed

74

00:03:38,039 --> 00:03:36,099

a creature now this creature admitted a

75

00:03:39,780 --> 00:03:38,049

shrill hissing noise before it was

76
00:03:41,339 --> 00:03:39,790
starting to walk towards and kind of but

77
00:03:44,069 --> 00:03:41,349
instead of walking it he glided like

78
00:03:46,740 --> 00:03:44,079
this floating almost kinda get some kind

79
00:03:48,929 --> 00:03:46,750
of propulsion or anti-gravity in and it

80
00:03:50,219 --> 00:03:48,939
went towards them for about 20 feet but

81
00:03:52,830 --> 00:03:50,229
then it began to change direction

82
00:03:55,890 --> 00:03:52,840
immediately back towards the fireball or

83
00:03:57,869 --> 00:03:55,900
the craft the red light now I'm just

84
00:03:59,129 --> 00:03:57,879
gonna make a note here now bring him to

85
00:04:00,719 --> 00:03:59,139
other witness accounts just to give you

86
00:04:02,640 --> 00:04:00,729
the actual description overall from all

87
00:04:05,129 --> 00:04:02,650
these witnesses yeah I want to hear what

88
00:04:06,659 --> 00:04:05,139

this [h__h] looks like now most of

89

00:04:08,879 --> 00:04:06,669

the witnesses agree upon these points

90

00:04:11,249 --> 00:04:08,889

that it was at least seven feet tall it

91

00:04:13,589 --> 00:04:11,259

had a Black Bart the black body in a

92

00:04:16,259 --> 00:04:13,599

dark kind of a glowing face but it was

93

00:04:19,259 --> 00:04:16,269

so dark and elongated head shaped like

94

00:04:22,830 --> 00:04:19,269

the ace of spades okay well right what

95

00:04:25,340 --> 00:04:22,840

about his generals not mentioned trust

96

00:04:28,670 --> 00:04:25,350

me I look for it so that I think that a

97

00:04:31,880 --> 00:04:28,680

inches now we're certainly not goddamn

98

00:04:34,700 --> 00:04:31,890

it so inside the head it was a circular

99

00:04:36,980 --> 00:04:34,710

kind of window it was dark except for

100

00:04:38,780 --> 00:04:36,990

two lights from which a pale blue beams

101
00:04:41,480 --> 00:04:38,790
extended straight ahead so kind of like

102
00:04:43,040 --> 00:04:41,490
eyes or headlights but kind of a kind of

103
00:04:46,370 --> 00:04:43,050
cat helmet kind of head but it was a

104
00:04:48,620 --> 00:04:46,380
spade shaved head a large circular

105
00:04:51,920 --> 00:04:48,630
cowling behind it cut like a hood those

106
00:04:53,690 --> 00:04:51,930
behind his head and the body was

107
00:04:55,580 --> 00:04:53,700
apparently inhumanly shaped it was class

108
00:04:58,520 --> 00:04:55,590
I didn't dark pleated an exoskeleton

109
00:05:00,530 --> 00:04:58,530
later described kind of shadowy some

110
00:05:03,080 --> 00:05:00,540
accounts of on the record the creature

111
00:05:05,090 --> 00:05:03,090
appeared to have no visible arms due to

112
00:05:06,500 --> 00:05:05,100
the incredible speed they couldn't tell

113
00:05:08,510 --> 00:05:06,510

if it had arms or not but it moved very

114

00:05:10,460 --> 00:05:08,520

fast as it was floating in others

115

00:05:12,740 --> 00:05:10,470

reported long stringy arms protruding

116

00:05:15,170 --> 00:05:12,750

from the front and of its bodies it had

117

00:05:17,480 --> 00:05:15,180

kind of like law plot like fingers kind

118

00:05:19,670 --> 00:05:17,490

of like greys and reported to have yeah

119

00:05:22,280 --> 00:05:19,680

you know that description kind of

120

00:05:24,920 --> 00:05:22,290

reminds me of those dick creatures we

121

00:05:28,190 --> 00:05:24,930

saw walking on security camera remember

122

00:05:29,720 --> 00:05:28,200

those yeah but from the drawings I've

123

00:05:32,690 --> 00:05:29,730

seen of this they're not closed this

124

00:05:35,420 --> 00:05:32,700

thing is more of a almost like a

125

00:05:37,070 --> 00:05:35,430

floating space suit yes sounds

126

00:05:40,040 --> 00:05:37,080

futuristic it sounds like this is

127

00:05:42,650 --> 00:05:40,050

actually not much of a monster and more

128

00:05:45,050 --> 00:05:42,660

of like some kind of alien yeah that's I

129

00:05:47,480 --> 00:05:45,060

was like with is it can we confuse this

130

00:05:50,360 --> 00:05:47,490

with Bigfoot know it sounds yeah yeah

131

00:05:53,210 --> 00:05:50,370

this is classed as a either a cryptid /

132

00:05:54,590 --> 00:05:53,220

close encounter of durka okay that's how

133

00:05:56,750 --> 00:05:54,600

was class to all the sites that i looked

134

00:05:59,360 --> 00:05:56,760

at but um now the group fled in panic

135

00:06:00,950 --> 00:05:59,370

after this oh really after after she

136

00:06:04,190 --> 00:06:00,960

change direction towards him and go back

137

00:06:07,310 --> 00:06:04,200

towards the ship [h__\h] how would i

138

00:06:09,380 --> 00:06:07,320

bought the thing thrown down yeah punch

139

00:06:13,700 --> 00:06:09,390

the thing in the head hey alien what are

140

00:06:16,070 --> 00:06:13,710

you gay you come but um so they fled

141

00:06:17,690 --> 00:06:16,080

when they got back home the missus made

142

00:06:20,810 --> 00:06:17,700

the boys had contact the police the

143

00:06:22,430 --> 00:06:20,820

local newspaper hey mister a leash

144

00:06:23,960 --> 00:06:22,440

stewart he was a co-owner of the local

145

00:06:26,410 --> 00:06:23,970

newspaper conducted number of interviews

146

00:06:28,880 --> 00:06:26,420

and returned to the site where the

147

00:06:30,350 --> 00:06:28,890

National Guardsmen oh sorry with the

148

00:06:33,020 --> 00:06:30,360

National Guardsmen lemon who had been

149

00:06:34,490 --> 00:06:33,030

later that night of the crash and he

150

00:06:36,250 --> 00:06:34,500

reported that there was a sickening

151

00:06:39,430 --> 00:06:36,260

burnt metallic odor those

152

00:06:40,870 --> 00:06:39,440

prevailing around the area now the

153

00:06:42,820 --> 00:06:40,880

sheriff and his deputies searched the

154

00:06:44,680 --> 00:06:42,830

area separately but reported finding no

155

00:06:48,220 --> 00:06:44,690

trace of the encounter beside other than

156

00:06:49,890 --> 00:06:48,230

the smell after the event mr. William

157

00:06:51,970 --> 00:06:49,900

and Donna Smith their investigators

158

00:06:56,050 --> 00:06:51,980

associated with civilian saucer

159

00:06:57,130 --> 00:06:56,060

investigation of course before but they

160

00:06:59,740 --> 00:06:57,140

obtained a number of accounts and

161

00:07:01,390 --> 00:06:59,750

witnesses they spoke to a mother and her

162

00:07:03,040 --> 00:07:01,400

21 year old daughter would claim to have

163

00:07:04,810 --> 00:07:03,050

encountered a creature the same

164

00:07:08,350 --> 00:07:04,820

appearance and odor a week prior to the

165

00:07:10,330 --> 00:07:08,360

event prior to this number 12 events the

166

00:07:12,460 --> 00:07:10,340

daughter was so badly affected that she

167

00:07:15,760 --> 00:07:12,470

was confined to the clarksburg hospital

168

00:07:18,550 --> 00:07:15,770

for three weeks mother of a Eugene lemon

169

00:07:21,850 --> 00:07:18,560

said that at the approximate time of the

170

00:07:23,590 --> 00:07:21,860

crash her house shook and the radio crap

171

00:07:25,870 --> 00:07:23,600

for 45 minutes has ever seen more

172

00:07:27,130 --> 00:07:25,880

electronic interference you know I'm

173

00:07:29,290 --> 00:07:27,140

looking at a picture of this flat would

174

00:07:30,910 --> 00:07:29,300

Bob woods monster right now the drawings

175

00:07:35,920 --> 00:07:30,920

and interpretation it almost looks like

176

00:07:38,680 --> 00:07:35,930

a really demented nun or someone dressed

177

00:07:42,040 --> 00:07:38,690

up kind of yeah or almost in colonial

178

00:07:44,020 --> 00:07:42,050

black type where because yeah it's black

179

00:07:46,300 --> 00:07:44,030

and there's some white features on it um

180

00:07:48,610 --> 00:07:46,310

but there's a weird hat like it's almost

181

00:07:51,160 --> 00:07:48,620

like some kind of weird big colonial hat

182

00:07:52,750 --> 00:07:51,170

um there's a lot of times we've seen

183

00:07:55,810 --> 00:07:52,760

these abductions in contact these

184

00:07:58,090 --> 00:07:55,820

stories where it may necessarily the

185

00:07:59,950 --> 00:07:58,100

entity might render us what you think

186

00:08:02,710 --> 00:07:59,960

you're seeing rather than what it

187

00:08:04,480 --> 00:08:02,720

actually is yes there's like some kind

188

00:08:06,340 --> 00:08:04,490

of programming glitch and it goes you

189

00:08:09,100 --> 00:08:06,350

think you're seeing an owl yeah we were

190

00:08:10,810 --> 00:08:09,110

seeing something else yeah there's some

191

00:08:15,220 --> 00:08:10,820

good illustrations that some people have

192

00:08:17,230 --> 00:08:15,230

done yeah very cool very cool so another

193

00:08:18,670 --> 00:08:17,240

interview done by this investigation

194

00:08:20,560 --> 00:08:18,680

here was the director of the local Board

195

00:08:22,330 --> 00:08:20,570

of Education and they claimed to have

196

00:08:23,740 --> 00:08:22,340

seen a flying saucer take off at about

197

00:08:25,210 --> 00:08:23,750

six-thirty in the morning on sep tember

198

00:08:27,940 --> 00:08:25,220

13th which was the morning after

199

00:08:31,510 --> 00:08:27,950

reciting so it's kind of cooperated that

200

00:08:33,339 --> 00:08:31,520

whatever that was was able to get a jump

201
00:08:36,010 --> 00:08:33,349
start the engine and take off again so

202
00:08:37,659 --> 00:08:36,020
came down here did the just rummage

203
00:08:42,610 --> 00:08:37,669
around the neighborhood terrorized some

204
00:08:45,400 --> 00:08:42,620
kids and dogs and then took off so it

205
00:08:47,200 --> 00:08:45,410
seemed ya know after encountering the

206
00:08:49,450 --> 00:08:47,210
creature several members of the group on

207
00:08:50,530 --> 00:08:49,460
September 12 b boy and their mom and

208
00:08:51,850 --> 00:08:50,540
other people

209
00:08:53,560 --> 00:08:51,860
part of suffering from similar symptoms

210
00:08:55,689 --> 00:08:53,570
which persisted for some time they real

211
00:08:58,449 --> 00:08:55,699
all experienced the irritation of the

212
00:08:59,530 --> 00:08:58,459
nose swelling of the throat National

213
00:09:01,680 --> 00:08:59,540

Guardsmen suffered from vomiting

214

00:09:04,389 --> 00:09:01,690

convulsions throughout that same night

215

00:09:06,939 --> 00:09:04,399

had difficulties with his throat for

216

00:09:10,059 --> 00:09:06,949

several weeks afterwards and a doctor

217

00:09:11,620 --> 00:09:10,069

who examined several people is reported

218

00:09:14,650 --> 00:09:11,630

to describe these symptoms as being

219

00:09:19,240 --> 00:09:14,660

similar to mustard gas what about

220

00:09:22,030 --> 00:09:19,250

radiation poisoning that is something

221

00:09:24,460 --> 00:09:22,040

often experience in these events um mean

222

00:09:26,379 --> 00:09:24,470

those are not dissimilar I mean I know

223

00:09:28,780 --> 00:09:26,389

mustard gas radiation poisoning I mean

224

00:09:31,269 --> 00:09:28,790

you do have some vomiting and I mean

225

00:09:34,240 --> 00:09:31,279

ratings poisons has a little I guess

226

00:09:37,180 --> 00:09:34,250

more like a lesions on the skin and some

227

00:09:40,480 --> 00:09:37,190

burning possibly if you're that close to

228

00:09:42,069 --> 00:09:40,490

heat source but I don't know um you can

229

00:09:47,939 --> 00:09:42,079

get any radiation is nausea vomiting

230

00:09:53,379 --> 00:09:50,559

yeah so they said mustard gas I would

231

00:09:55,420 --> 00:09:53,389

put in radiation poisoning because that

232

00:09:58,030 --> 00:09:55,430

is awesome that bit has also been said

233

00:09:59,949 --> 00:09:58,040

very common a lot of UFO side

234

00:10:01,509 --> 00:09:59,959

high-radiation with a lot of close

235

00:10:04,600 --> 00:10:01,519

encounters when you get to that bright

236

00:10:08,559 --> 00:10:04,610

object is putting off a lot of [h__h]

237

00:10:11,370 --> 00:10:08,569

energy yes and so you I want to make a

238

00:10:14,170 --> 00:10:11,380

leap in logical say that that creature

239

00:10:16,660 --> 00:10:14,180

it was wearing a radiation suit of some

240

00:10:18,970 --> 00:10:16,670

sort correct yet crash land and it was

241

00:10:21,189 --> 00:10:18,980

trying to do some [h__h] repair its

242

00:10:25,000 --> 00:10:21,199

engines like I'll fucus leaking radio I

243

00:10:27,069 --> 00:10:25,010

blew a tire and blue attire Midas is not

244

00:10:29,139 --> 00:10:27,079

even open his Sunday nose gonna be

245

00:10:30,519 --> 00:10:29,149

around sunday I'm leaking radiations 100

246

00:10:32,650 --> 00:10:30,529

miles of Chicago a back pack of

247

00:10:38,500 --> 00:10:32,660

cigarettes yeah Triple A ain't gonna

248

00:10:42,009 --> 00:10:38,510

come out this far [h__h] so um years later

249

00:10:44,139 --> 00:10:42,019

we run into john keel here again and he

250

00:10:45,610 --> 00:10:44,149

interviewed a couple who claimed that on

251
00:10:50,019 --> 00:10:45,620
the evening following the original

252
00:10:53,620 --> 00:10:50,029
citing a 10 to 15 sorry that 10 to 15

253
00:10:55,120 --> 00:10:53,630
miles to the southwest of the original

254
00:10:57,370 --> 00:10:55,130
connor they encountered a 10 foot tall

255
00:10:59,259 --> 00:10:57,380
creature committing the foul odor it

256
00:11:01,900 --> 00:10:59,269
approached their stalled car then

257
00:11:03,250 --> 00:11:01,910
returned to the woods sin out of the

258
00:11:04,120 --> 00:11:03,260
woods and the other stall Carla road

259
00:11:05,530 --> 00:11:04,130
they found this

260
00:11:07,210 --> 00:11:05,540
very large creature that approached them

261
00:11:09,490 --> 00:11:07,220
with this similar kind of stinking odor

262
00:11:11,470 --> 00:11:09,500
he said moments later after returned to

263
00:11:13,360 --> 00:11:11,480

the woods a pulsating sphere arose from

264

00:11:15,190 --> 00:11:13,370

the trees in descent into the sky so

265

00:11:20,290 --> 00:11:15,200

perhaps this thing had been visiting the

266

00:11:22,540 --> 00:11:20,300

area for unknown reasons hmm now

267

00:11:24,100 --> 00:11:22,550

skeptics have claimed with the may that

268

00:11:26,230 --> 00:11:24,110

may and her companions had seen a

269

00:11:28,060 --> 00:11:26,240

meteorite in out which I think's

270

00:11:29,530 --> 00:11:28,070

complete [h__h] a meteorite and an owl

271

00:11:32,800 --> 00:11:29,540

they saw a meteor hit the ground there

272

00:11:34,750 --> 00:11:32,810

was an owl there yeah no [h__h] or other

273

00:11:38,170 --> 00:11:34,760

things state mass hysteria things like

274

00:11:39,520 --> 00:11:38,180

that swamp gas without but you have you

275

00:11:41,440 --> 00:11:39,530

know the police and a newspaper

276

00:11:43,240 --> 00:11:41,450

investigators and other people you know

277

00:11:44,950 --> 00:11:43,250

a day later three weeks before

278

00:11:47,320 --> 00:11:44,960

encountering a similar thing that's

279

00:11:50,380 --> 00:11:47,330

meldon had a foul kind of pungent smell

280

00:11:51,940 --> 00:11:50,390

like that kind of gives wouldn't make

281

00:11:54,190 --> 00:11:51,950

you think its mass hysteria especially

282

00:11:56,560 --> 00:11:54,200

when there was stuff before that the

283

00:12:00,190 --> 00:11:56,570

actual incident happened now it was also

284

00:12:02,230 --> 00:12:00,200

curious this was in 1952 in 1952 there

285

00:12:03,130 --> 00:12:02,240

was nineteen fifty two of course I've

286

00:12:05,140 --> 00:12:03,140

had in the same here but there's a

287

00:12:06,430 --> 00:12:05,150

washington DC UFO incident the big one

288

00:12:10,210 --> 00:12:06,440

you have the big woman where they flew

289

00:12:11,890 --> 00:12:10,220

over as kind of a show of force yeah i

290

00:12:14,200 --> 00:12:11,900

guess took it straight out the wiki but

291

00:12:16,630 --> 00:12:14,210

a series of unidentified flying objects

292

00:12:18,730 --> 00:12:16,640

reports from july 12k july twenty ninth

293

00:12:20,650 --> 00:12:18,740

and 1952 over washington DC the most

294

00:12:23,230 --> 00:12:20,660

publicized publicized sightings took

295

00:12:25,660 --> 00:12:23,240

place and on consecutive weekends from

296

00:12:29,050 --> 00:12:25,670

july nineteenth and twentieth and 26 for

297

00:12:30,760 --> 00:12:29,060

the 27 UFO historian Curtis peoples

298

00:12:33,220 --> 00:12:30,770

called the incident the climax of the

299

00:12:35,610 --> 00:12:33,230

nineteen fifty you owe 1952 UFO flap

300

00:12:38,170 --> 00:12:35,620

also UFO window like he'll describe

301
00:12:40,000 --> 00:12:38,180
never before or after did Project Blue

302
00:12:43,150 --> 00:12:40,010
Book and the Air Force undergo such a

303
00:12:45,070 --> 00:12:43,160
tidal wave view of her reports it has

304
00:12:49,540 --> 00:12:45,080
been rumored that that the that flight

305
00:12:52,330 --> 00:12:49,550
over the capital um was actually the

306
00:12:55,480 --> 00:12:52,340
Nazi that they and the Nazi technology

307
00:12:57,520 --> 00:12:55,490
escape and they were in full force and

308
00:12:59,380 --> 00:12:57,530
they decided to fly over to show that

309
00:13:02,470 --> 00:12:59,390
they're still around and the show

310
00:13:06,490 --> 00:13:02,480
they're still around and then they got

311
00:13:08,740 --> 00:13:06,500
adopted into the super secret space

312
00:13:12,310 --> 00:13:08,750
program of United States and this is

313
00:13:14,530 --> 00:13:12,320

where we are today being run by Nazis

314

00:13:17,290 --> 00:13:14,540

and their technology there's some kind

315

00:13:18,970 --> 00:13:17,300

of Nazi shadow government yes that's a

316

00:13:21,970 --> 00:13:18,980

good one that's like the hologram planes

317

00:13:28,210 --> 00:13:21,980

thing that's actually probably more

318

00:13:30,579 --> 00:13:28,220

plausible and longer in flames rare to

319

00:13:32,200 --> 00:13:30,589

hear that man that's the interesting

320

00:13:34,210 --> 00:13:32,210

flatwoods monster which I haven't heard

321

00:13:36,070 --> 00:13:34,220

of before no it's cool music it which

322

00:13:37,120 --> 00:13:36,080

was actually great and we actually wanna

323

00:13:38,620 --> 00:13:37,130

go Bigfoot hunting that guy's property

324

00:13:40,840 --> 00:13:38,630

him down yeah I'm talking with him about

325

00:13:42,490 --> 00:13:40,850

it but yeah it should be fun that we can

326

00:13:44,290 --> 00:13:42,500

do a few days he's got some trail cams

327

00:13:46,540 --> 00:13:44,300

I'm gonna buy one and bring your guns

328

00:13:47,770 --> 00:13:46,550

you said oh for sure i'll bring the sega

329

00:13:50,800 --> 00:13:47,780

it's legal much virginia we can go

330

00:13:55,390 --> 00:13:50,810

because he said the noises he hears this

331

00:13:56,710 --> 00:13:55,400

thing is not friendly yeah Oh we'll get

332

00:13:58,270 --> 00:13:56,720

some GoPros and was a night-vision

333

00:13:59,740 --> 00:13:58,280

goggles will be like [h__\h] aliens and

334

00:14:02,170 --> 00:13:59,750

they go down into the exhaust or the

335

00:14:04,450 --> 00:14:02,180

reactor he said yes my vision already he

336

00:14:06,400 --> 00:14:04,460

just needs some help so should be fun

337

00:14:07,690 --> 00:14:06,410

time um you wanna take a little break

338

00:14:11,140 --> 00:14:07,700

here I'm gonna come back and talk about

339

00:14:15,130 --> 00:14:11,150

the EU all right I'm gonna go yeah I'm

340

00:14:18,280 --> 00:14:15,140

gonna piss real quick Joe uh I've
