

the

DOGMAN OF PENNSYLVANIA

1
00:00:25,009 --> 00:00:15,140
so we're back to you monsters talking

2
00:00:26,990 --> 00:00:25,019
about them now if you listen if you keep

3
00:00:28,550 --> 00:00:27,000
it in the show edit out I played some

4
00:00:30,349 --> 00:00:28,560
dogs barking jingle bells

5
00:00:34,780 --> 00:00:30,359
during our technical difficulties

6
00:00:38,959 --> 00:00:34,790
intermission cuz we're doing the dog man

7
00:00:42,979 --> 00:00:38,969
dog man man dog man wolf wolf man what

8
00:00:44,030 --> 00:00:42,989
have you there's been lots of sightings

9
00:00:45,350 --> 00:00:44,040
that those would be a short part of my

10
00:00:46,700 --> 00:00:45,360
book but it was actually quite long

11
00:00:48,560 --> 00:00:46,710
sighs when I break it up into two parts

12
00:00:50,540 --> 00:00:48,570
now selected the article he said be from

13
00:00:52,069 --> 00:00:50,550

weak and weird from the dog mean of

14

00:00:53,840 --> 00:00:52,079

Pennsylvania which really it was it

15

00:00:55,580 --> 00:00:53,850

seems like it was taken from a post in

16

00:00:58,040 --> 00:00:55,590

their comment section so it wasn't that

17

00:01:00,619 --> 00:00:58,050

great but interesting than the last but

18

00:01:03,039 --> 00:01:00,629

I guess the original Wolfman dog man

19

00:01:05,780 --> 00:01:03,049

called man dog they want to get sued yes

20

00:01:07,789 --> 00:01:05,790

the sea beast of Bray Road I'm not sure

21

00:01:09,580 --> 00:01:07,799

if you've heard of this perhaps the

22

00:01:12,140 --> 00:01:09,590

beast of Bray Road never heard of it no

23

00:01:13,969 --> 00:01:12,150

have some Wisconsin the beast of Bray

24

00:01:17,510 --> 00:01:13,979

Road was first reported to have been

25

00:01:19,969 --> 00:01:17,520

seen in 1936 in a rural road of Elkhorn

26

00:01:21,800 --> 00:01:19,979

Wisconsin it was described in several

27

00:01:23,960 --> 00:01:21,810

ways it was a bear-like creature some

28

00:01:27,289 --> 00:01:23,970

people said I'm head it was a hairy

29

00:01:30,080 --> 00:01:27,299

bipedal organism or life-form resembling

30

00:01:31,760 --> 00:01:30,090

a Bigfoot in some ways it was unusually

31

00:01:34,039 --> 00:01:31,770

large it was 2 to 4 feet one of those

32

00:01:36,069 --> 00:01:34,049

teeny on all fours but when standing by

33

00:01:39,050 --> 00:01:36,079

idly was standing about seven feet tall

34

00:01:41,359 --> 00:01:39,060

it was appeared to be intelligent it was

35

00:01:43,069 --> 00:01:41,369

a very wolf-like creature but it usually

36

00:01:46,069 --> 00:01:43,079

prefer to walk in his hind legs

37

00:01:47,569 --> 00:01:46,079

eyewitness accounts said they estimated

38

00:01:52,100 --> 00:01:47,579

it weighed between four to seven hundred

39

00:01:56,929 --> 00:01:52,110

pounds had first big dog it's big dog

40

00:01:59,990 --> 00:01:56,939

big dog living but uh he said it was

41

00:02:03,380 --> 00:02:00,000

brown brown or brown / gray resembling

42

00:02:04,730 --> 00:02:03,390

that of refer of a dog or a bear and now

43

00:02:06,800 --> 00:02:04,740

me that's where the original council

44

00:02:09,029 --> 00:02:06,810

1936 looked ugh then I found an account

45

00:02:11,789 --> 00:02:09,039

from 1999 in October

46

00:02:15,149 --> 00:02:11,799

on the Bray Road area in Wisconsin a

47

00:02:18,839 --> 00:02:15,159

young woman named Doris Dean Gibson was

48

00:02:21,929 --> 00:02:18,849

driving along Bray Road near Delavan

49

00:02:25,440 --> 00:02:21,939

Wisconsin as she dared the intersection

50

00:02:27,569 --> 00:02:25,450

of hospital Road near she leaned over to

51
00:02:30,030 --> 00:02:27,579
change the station on her radio as she

52
00:02:31,800 --> 00:02:30,040
felt her right front tire jump off the

53
00:02:36,690 --> 00:02:31,810
ground as if it she'd hit something ran

54
00:02:38,130 --> 00:02:36,700
somebody over so she stopped our car and

55
00:02:39,809 --> 00:02:38,140
got out to see what it was she found

56
00:02:41,309 --> 00:02:39,819
nothing on the road behind her car

57
00:02:44,190 --> 00:02:41,319
couldn't see anything on the Bernie then

58
00:02:45,660 --> 00:02:44,200
went back she started to look around and

59
00:02:48,149 --> 00:02:45,670
she peered into the darkness she

60
00:02:51,149 --> 00:02:48,159
suddenly saw a dark hairy form racing

61
00:02:52,770 --> 00:02:51,159
towards her she did not see what the

62
00:02:55,289 --> 00:02:52,780
figure looked like from the distance at

63
00:02:57,479 --> 00:02:55,299

which she was I seems she was about

64

00:02:59,339 --> 00:02:57,489

stated about 250 feet away from it but

65

00:03:00,960 --> 00:02:59,349

she did see the figure was quite bulky

66

00:03:02,849 --> 00:03:00,970

and she would later compare the form to

67

00:03:05,610 --> 00:03:02,859

someone who works out continually with

68

00:03:08,520 --> 00:03:05,620

weight so the big big bulky guy maybe

69

00:03:09,809 --> 00:03:08,530

become like the breasts but not like

70

00:03:15,000 --> 00:03:09,819

this not the shrunken hand big weight

71

00:03:18,479 --> 00:03:15,010

lifter road-raging not gay not gay now

72

00:03:20,009 --> 00:03:18,489

she was startled by the form so uh and

73

00:03:22,349 --> 00:03:20,019

she heard these sounds like really heavy

74

00:03:25,199 --> 00:03:22,359

feet moving through the brush she ran

75

00:03:26,670 --> 00:03:25,209

quickly to her car she jumped in and

76
00:03:28,589 --> 00:03:26,680
when she's attempting to drive away the

77
00:03:32,640 --> 00:03:28,599
beats jumped onto her trunk shirt on the

78
00:03:34,110 --> 00:03:32,650
back of the car apparently uh that had

79
00:03:36,750 --> 00:03:34,120
been raining it was too wet so it kind

80
00:03:38,580 --> 00:03:36,760
of slipped off of as she drove away to

81
00:03:40,949 --> 00:03:38,590
the night she's feel a lot of reports of

82
00:03:43,680 --> 00:03:40,959
these these cryptids attacking people

83
00:03:46,289 --> 00:03:43,690
near their cars or while they're in

84
00:03:47,909 --> 00:03:46,299
their cars yes well it looks like they

85
00:03:49,170 --> 00:03:47,919
have as well see a lot of these

86
00:03:51,240 --> 00:03:49,180
encounters at least from the monitors

87
00:03:52,680 --> 00:03:51,250
have done and for this or a lot of

88
00:03:57,750 --> 00:03:52,690

people counted them out in their car

89

00:03:59,189 --> 00:03:57,760

driving on roads at night yeah so that

90

00:04:01,050 --> 00:03:59,199

leads me to a sighting in McHenry

91

00:04:04,890 --> 00:04:01,060

Illinois which is in northern Illinois a

92

00:04:06,569 --> 00:04:04,900

lot of these um man dog encounters occur

93

00:04:07,680 --> 00:04:06,579

in that area apparently care all over

94

00:04:10,250 --> 00:04:07,690

the country but a lot of them are

95

00:04:12,750 --> 00:04:10,260

northern Illinois and southern Wisconsin

96

00:04:14,339 --> 00:04:12,760

so in McHenry Illinois a husband and

97

00:04:17,729 --> 00:04:14,349

wife were driving back from her funeral

98

00:04:19,409 --> 00:04:17,739

at about 2:00 a.m. on Route 31 I the

99

00:04:20,610 --> 00:04:19,419

driver notice glowing eyes off to the

100

00:04:22,050 --> 00:04:20,620

side of the road as they approached the

101
00:04:24,580 --> 00:04:22,060
residential air

102
00:04:25,870 --> 00:04:24,590
they came to a complete stop as they had

103
00:04:27,850 --> 00:04:25,880
thought it was a deer about the cross

104
00:04:30,100 --> 00:04:27,860
the road a dark sheep rose out of the

105
00:04:31,990 --> 00:04:30,110
gully next to them and it went from its

106
00:04:33,580 --> 00:04:32,000
forelegs and stepped up and kind of you

107
00:04:35,380 --> 00:04:33,590
know so that walking forest went to two

108
00:04:37,120 --> 00:04:35,390
he crossed the road in front of the

109
00:04:38,290 --> 00:04:37,130
headlights and looked at them as if it

110
00:04:40,240 --> 00:04:38,300
were annoyed by their presence and

111
00:04:43,270 --> 00:04:40,250
looked at them and their truck and it's

112
00:04:44,620 --> 00:04:43,280
snarled at them it finished crossing the

113
00:04:47,410 --> 00:04:44,630

road and returned to all fours and

114

00:04:49,000 --> 00:04:47,420

headed into the woods I wish they didn't

115

00:04:50,200 --> 00:04:49,010

proceed to draw keep driving and they

116

00:04:51,850 --> 00:04:50,210

saw through the rearview mirror as he

117

00:04:53,260 --> 00:04:51,860

kept driving away apparently had circled

118

00:04:55,150 --> 00:04:53,270

back through the woods to come back out

119

00:04:56,710 --> 00:04:55,160

to the berm in the side of the road to

120

00:04:58,450 --> 00:04:56,720

watch them lead from the edge of the

121

00:05:05,170 --> 00:04:58,460

road actually have some audio of that

122

00:05:06,700 --> 00:05:05,180

snarl they actually saw Hillary clear

123

00:05:10,810 --> 00:05:06,710

clean yeah I'll get sorry my bad

124

00:05:14,020 --> 00:05:10,820

the description was upright look like a

125

00:05:15,580 --> 00:05:14,030

walking upright wolf and fora but here's

126
00:05:17,440 --> 00:05:15,590
where this is we're gonna freak we said

127
00:05:19,300 --> 00:05:17,450
four arms they have a mission like a

128
00:05:22,570 --> 00:05:19,310
kangaroo and it hops we seen a lot of

129
00:05:25,900 --> 00:05:22,580
kangaroo descriptions for arms its

130
00:05:27,790 --> 00:05:25,910
forums you know like it's the the you

131
00:05:30,010 --> 00:05:27,800
know how your arms about your forearm so

132
00:05:33,960 --> 00:05:30,020
your forearm night okay it didn't have

133
00:05:35,710 --> 00:05:33,970
for like one two three four arms okay

134
00:05:37,240 --> 00:05:35,720
how about in the position like a

135
00:05:39,040 --> 00:05:37,250
kangaroo Annette huh um she's gonna help

136
00:05:40,210 --> 00:05:39,050
them back so kinda like a kangaroo like

137
00:05:43,510 --> 00:05:40,220
perform like we've seen a lot of these

138
00:05:45,940 --> 00:05:43,520

other cryptids that it was a it's very

139

00:05:48,190 --> 00:05:45,950

strong had very thick muscular thighs I

140

00:05:50,080 --> 00:05:48,200

had a canine face with the bushy tail

141

00:05:53,020 --> 00:05:50,090

approximately six feet tall reddish gray

142

00:05:54,909 --> 00:05:53,030

fur and apparently its eyes were a deep

143

00:05:57,190 --> 00:05:54,919

yellow when do you have light shined on

144

00:06:00,070 --> 00:05:57,200

them kind of like a youth feed nocturnal

145

00:06:06,670 --> 00:06:00,080

animals how big were the generals not

146

00:06:09,880 --> 00:06:06,680

mentioned I look trust me again alright

147

00:06:12,340 --> 00:06:09,890

for the right stuff yep so the witness

148

00:06:13,930 --> 00:06:12,350

said they'd seen the witnesses services

149

00:06:16,150 --> 00:06:13,940

said that what seemed like what should

150

00:06:18,040 --> 00:06:16,160

have been for a few seconds for it to

151

00:06:19,480 --> 00:06:18,050

cross the road took much longer they

152

00:06:21,370 --> 00:06:19,490

said to ask if when they were looking at

153

00:06:23,740 --> 00:06:21,380

it like its eyes I said as if like how

154

00:06:25,450 --> 00:06:23,750

much time slowed down it's some kind of

155

00:06:29,710 --> 00:06:25,460

psychological effect on them which is

156

00:06:34,029 --> 00:06:29,720

kind of important okay interesting so

157

00:06:34,850 --> 00:06:34,039

this gives me or leads me to the another

158

00:06:39,290 --> 00:06:34,860

sighting

159

00:06:42,050 --> 00:06:39,300

commentary but this was an employment

160

00:06:43,640 --> 00:06:42,060

West Virginia member that I do know the

161

00:06:46,520 --> 00:06:43,650

name I remember the name from off

162

00:06:47,390 --> 00:06:46,530

minutes from yeah Mothman Randy Savage

163

00:06:51,770 --> 00:06:47,400

yeah

164

00:06:54,170 --> 00:06:51,780

this is a 2014 siding very recent it's

165

00:06:55,640 --> 00:06:54,180

an area resident Glenda was having a

166

00:06:57,920 --> 00:06:55,650

cigarette on her front porch at

167

00:07:00,170 --> 00:06:57,930

approximately 11:00 p.m. her

168

00:07:01,459 --> 00:07:00,180

neighborhood has a railroad track on one

169

00:07:03,860 --> 00:07:01,469

of its borders and they Road

170

00:07:05,600 --> 00:07:03,870

she notice a strange noises outside the

171

00:07:08,029 --> 00:07:05,610

outside her house previous nights before

172

00:07:09,409 --> 00:07:08,039

this encounter on that night the

173

00:07:13,040 --> 00:07:09,419

neighborhood dogs were barking more

174

00:07:15,320 --> 00:07:13,050

frantically than they normally were so

175

00:07:16,519 --> 00:07:15,330

she said she noticed a dark figure near

176

00:07:17,749 --> 00:07:16,529

the railroad tracks and her neighbor

177

00:07:20,119 --> 00:07:17,759

couldn't thought it was someone like in

178

00:07:21,950 --> 00:07:20,129

a dark hoodie just come on homeless guy

179

00:07:24,019 --> 00:07:21,960

hobo heroin addict hanging up a trail of

180

00:07:25,670 --> 00:07:24,029

tricks she realized that stepped into

181

00:07:27,519 --> 00:07:25,680

the streetlight it was actually dark fur

182

00:07:30,019 --> 00:07:27,529

was not something like in a dark hoodie

183

00:07:31,700 --> 00:07:30,029

they had the Issei she described it with

184

00:07:33,709 --> 00:07:31,710

the he said had the Rip's ahead of a

185

00:07:36,260 --> 00:07:33,719

German Shepherd is about six feet tall

186

00:07:37,700 --> 00:07:36,270

walking on his hind legs the creature

187

00:07:40,010 --> 00:07:37,710

knows that if she was observing it and

188

00:07:41,300 --> 00:07:40,020

stared at her a car approached and the

189

00:07:42,890 --> 00:07:41,310

creature ran off into the woods at a

190

00:07:44,269 --> 00:07:42,900

very high speed she said it was a high

191

00:07:47,809 --> 00:07:44,279

speed that would seem very unnatural

192

00:07:49,879 --> 00:07:47,819

that a human be able to reproduce she

193

00:07:52,159 --> 00:07:49,889

said the uh she said she had a strange

194

00:07:54,019 --> 00:07:52,169

feeling when she looked at the eyes of

195

00:07:55,579 --> 00:07:54,029

the creature is said to drew her in and

196

00:07:57,709 --> 00:07:55,589

it prevented her from nose and the other

197

00:07:59,209 --> 00:07:57,719

features as if it will tear we look at

198

00:08:01,790 --> 00:07:59,219

the eyes and like made her draw to the

199

00:08:03,230 --> 00:08:01,800

face and kept it locked she said she

200

00:08:04,730 --> 00:08:03,240

also felt as though she should not be

201
00:08:06,439 --> 00:08:04,740
viewing or witnessing this creature when

202
00:08:08,179 --> 00:08:06,449
she looked into its eyes we I noticed

203
00:08:09,920 --> 00:08:08,189
that was a common theme I'd saw in the

204
00:08:12,800 --> 00:08:09,930
one man bat case from La Crosse

205
00:08:15,589 --> 00:08:12,810
Wisconsin and also there was another

206
00:08:17,600 --> 00:08:15,599
case I camera but it was like they they

207
00:08:20,390 --> 00:08:17,610
could perform some kind of hypnosis on

208
00:08:24,769 --> 00:08:20,400
somebody this or telepathic

209
00:08:26,269 --> 00:08:24,779
communication you know yeah a lot of

210
00:08:28,159 --> 00:08:26,279
other cryptid encounters with these

211
00:08:29,659 --> 00:08:28,169
coming I should plug it again the

212
00:08:31,579 --> 00:08:29,669
American monsters book from Linda

213
00:08:34,100 --> 00:08:31,589

Godfrey you will give the new

214

00:08:37,819 --> 00:08:34,110

Independence Day movie a good review yes

215

00:08:41,089 --> 00:08:37,829

exactly you know what I've noticed a lot

216

00:08:43,100 --> 00:08:41,099

of these encounters in Wisconsin and in

217

00:08:44,900 --> 00:08:43,110

those in New Jersey and we've seen some

218

00:08:46,189 --> 00:08:44,910

of them not so much in Maryland but some

219

00:08:47,960 --> 00:08:46,199

of the governmental stories and this one

220

00:08:51,929 --> 00:08:47,970

they've all occurred by water

221

00:08:55,050 --> 00:08:51,939

the water right is right there on the

222

00:08:56,429 --> 00:08:55,060

hire ever hmm which kind of leads some

223

00:08:58,350 --> 00:08:56,439

you know some credence to you know

224

00:08:59,460 --> 00:08:58,360

perhaps the means lead into missing Pro

225

00:09:00,869 --> 00:08:59,470

on I wouldn't make you a great

226
00:09:01,769 --> 00:09:00,879
correlation but you know the water and

227
00:09:04,139 --> 00:09:01,779
cryptid sightings it's kind of

228
00:09:06,239 --> 00:09:04,149
interesting you know perhaps you know

229
00:09:07,379 --> 00:09:06,249
there's a teaser unknowns there when

230
00:09:08,610 --> 00:09:07,389
they were actually really left alone

231
00:09:10,590 --> 00:09:08,620
with people they just you know suicide

232
00:09:11,730 --> 00:09:10,600
them into the water because yeah it's

233
00:09:12,989 --> 00:09:11,740
uneasy if you end up you know you

234
00:09:15,449 --> 00:09:12,999
shouldn't be seeing this thing kind of

235
00:09:16,799 --> 00:09:15,459
gonna you telepathic result that they

236
00:09:19,980 --> 00:09:16,809
kind of guess you know like how them but

237
00:09:23,280 --> 00:09:19,990
you go drown yourself yeah speaking of

238
00:09:25,369 --> 00:09:23,290

missing 401 I got get a message from the

239

00:09:27,179 --> 00:09:25,379

the remote viewer who does want to come

240

00:09:29,999 --> 00:09:27,189

does want to come on and talk about

241

00:09:30,809 --> 00:09:30,009

remote viewing and missing 401 that

242

00:09:33,660 --> 00:09:30,819

sounds great

243

00:09:35,549 --> 00:09:33,670

now to finish up dog man I mean makes me

244

00:09:38,280 --> 00:09:35,559

the main point wanna because imagine if

245

00:09:39,420 --> 00:09:38,290

like Sun star trek-like with these were

246

00:09:41,009 --> 00:09:39,430

aliens coming down here and killing

247

00:09:43,110 --> 00:09:41,019

people because they see them imagine on

248

00:09:45,030 --> 00:09:43,120

Star Trek like instead of data getting

249

00:09:46,139 --> 00:09:45,040

caught by people in the primitive

250

00:09:48,299 --> 00:09:46,149

planets they don't want people to

251
00:09:50,519 --> 00:09:48,309
observe data just murders all the

252
00:09:53,040 --> 00:09:50,529
village yeah well he makes them all

253
00:09:53,970 --> 00:09:53,050
drought yeah so I mean perhaps is

254
00:09:54,929 --> 00:09:53,980
something like that instead of an EIN

255
00:09:56,069 --> 00:09:54,939
interference well you shouldn't

256
00:09:56,749 --> 00:09:56,079
interfere but if you get caught kill

257
00:10:01,559 --> 00:09:56,759
them all

258
00:10:06,059 --> 00:10:01,569
yeah you can't see this great we'd have

259
00:10:08,970 --> 00:10:06,069
to drown all uh interested man - coming

260
00:10:10,590 --> 00:10:08,980
up next week because I have a lot more

261
00:10:12,210 --> 00:10:10,600
cases which I won't do too many of them

262
00:10:13,829 --> 00:10:12,220
but there's a comes into a lot more of

263
00:10:17,220 --> 00:10:13,839

being able to read your mind in

264

00:10:19,259 --> 00:10:17,230

telepathy and different card kinds of I

265

00:10:23,330 --> 00:10:19,269

guess more extraterrestrial origins will

266

00:10:31,310 --> 00:10:23,340

you talk me into next week

267

00:10:32,780 --> 00:10:31,320

now all right now it's time for the news

268

00:10:34,010 --> 00:10:32,790

and we're gonna do some headlines here

269

00:10:36,140 --> 00:10:34,020

this part of the show where we down some

270

00:10:38,750 --> 00:10:36,150

headlines and you let me know what you

271

00:10:41,150 --> 00:10:38,760

want to talk about you were ready for

272

00:10:45,740 --> 00:10:41,160

this Joe I know you're tired pal oh yeah

273

00:10:47,810 --> 00:10:45,750

Joe's not even there maybe he just yeah

274

00:10:51,050 --> 00:10:47,820

Joe's maybe he checked out I don't know

275

00:10:56,690 --> 00:10:51,060

he said it says he's there well we'll

276

00:11:00,650 --> 00:10:56,700

see I saw I was I was muted I've done

277

00:11:02,930 --> 00:11:00,660

this before on PlayStation and I've been

278

00:11:06,470 --> 00:11:02,940

very upset about people I've been

279

00:11:08,360 --> 00:11:06,480

playing with and I'm like hey why aren't

280

00:11:12,410 --> 00:11:08,370

you listening to what I'm telling you

281

00:11:15,670 --> 00:11:12,420

and then be like yeah I have my whole

282

00:11:19,490 --> 00:11:15,680

thing on mute I'm on mute god damn it

283

00:11:21,710 --> 00:11:19,500

I've done that yogi dumbass all right

284

00:11:23,990 --> 00:11:21,720

before we get to the actual headlines

285

00:11:26,600 --> 00:11:24,000

here is that there is actually a Dogman

286

00:11:29,180 --> 00:11:26,610

symposium happening in Defiance Ohio in

287

00:11:31,100 --> 00:11:29,190

the beginning of August yeah I looked at

288

00:11:31,970 --> 00:11:31,110

that it's on a Saturday is it vital

289

00:11:33,680 --> 00:11:31,980

itself to Toledo

290

00:11:35,960 --> 00:11:33,690

yeah it's about the tune of hours away

291

00:11:38,000 --> 00:11:35,970

from Columbus you might as well go I

292

00:11:39,260 --> 00:11:38,010

tickets are twenty five bucks I'm

293

00:11:41,960 --> 00:11:39,270

actually a thing about cinnamon email

294

00:11:44,300 --> 00:11:41,970

that I will be with the press Oh BDM yes

295

00:11:50,420 --> 00:11:44,310

schedule some interviews I actually make

296

00:11:51,740 --> 00:11:50,430

up a press pass myself like this is

297

00:11:53,090 --> 00:11:51,750

something we should actually do for the

298

00:11:55,750 --> 00:11:53,100

show I think I'm actually do that so

299

00:11:59,210 --> 00:11:55,760

it's three and a half hours for me I

300

00:12:01,580 --> 00:11:59,220

wish I could put all the audio I had as

301
00:12:03,140 --> 00:12:01,590
I was responding to you as you guys were

302
00:12:07,790 --> 00:12:03,150
ignoring me I just figured you were

303
00:12:10,160 --> 00:12:07,800
ignoring me no there's like four I don't

304
00:12:12,650 --> 00:12:10,170
even know how long because I asked Eric

305
00:12:14,840 --> 00:12:12,660
for a drink and Eric brought me a drink

306
00:12:16,910 --> 00:12:14,850
like and I wanted to talk to him and say

307
00:12:19,670 --> 00:12:16,920
thank you and everything else so I put

308
00:12:26,120 --> 00:12:19,680
y'all on mute this seems to me like

309
00:12:31,460 --> 00:12:26,130
[h__\h] lifetimes ago yeah well I want

310
00:12:32,840 --> 00:12:31,470
like two or three wolves something Eric

311
00:12:36,720 --> 00:12:32,850
Servius stiff drink

312
00:12:41,400 --> 00:12:36,730
if one yeah it's not a gay time we

313
00:12:44,519 --> 00:12:41,410

anytime it's super and I've got a stiffy
