

**SILICON VALLEY
SNIPER
ATTACK**

1
00:00:12,790 --> 00:00:08,170
hey everyone this is a podcast clip from

2
00:00:15,090 --> 00:00:12,800
October 2015 it deals with the Silicon

3
00:00:17,710 --> 00:00:15,100
Valley sniper attack it was a fairly

4
00:00:18,940 --> 00:00:17,720
underreported story and this clip is a

5
00:00:22,600 --> 00:00:18,950
follow-up we originally covered a story

6
00:00:25,570 --> 00:00:22,610
in 2014 I'll put a link to the 2014

7
00:00:28,210 --> 00:00:25,580
story in the description we pontificate

8
00:00:30,370 --> 00:00:28,220
speculate and just have our general

9
00:00:33,729 --> 00:00:30,380
bullshitter II thanks for listening and

10
00:00:35,920 --> 00:00:33,739
I will talk to you later bye we got news

11
00:00:43,690 --> 00:00:35,930
to cover and we're gonna move on to some

12
00:00:50,530 --> 00:00:43,700
other topics you murderers you got toys

13
00:00:53,020 --> 00:00:50,540

yeah yeah got a few got a few um ain't

14

00:00:54,850 --> 00:00:53,030

saw apparently yeah if you consider a

15

00:00:58,229 --> 00:00:54,860

chain saw a toy I think they consider

16

00:01:01,569 --> 00:00:58,239

that a toy in the Saul movie series I

17

00:01:04,119 --> 00:01:01,579

want to talk about the Silicon Valley

18

00:01:06,670 --> 00:01:04,129

sniper and it's update we actually

19

00:01:09,310 --> 00:01:06,680

talked about this bound what year and

20

00:01:12,789 --> 00:01:09,320

half go two years ago and the story was

21

00:01:15,850 --> 00:01:12,799

that there was apparently a sniper team

22

00:01:18,969 --> 00:01:15,860

that shot out this is in Silicon Valley

23

00:01:22,930 --> 00:01:18,979

they set up a sniper team and shot out

24

00:01:26,350 --> 00:01:22,940

the oil drums that I guess cooled or

25

00:01:29,320 --> 00:01:26,360

fueled the power stations causing power

26
00:01:32,020 --> 00:01:29,330
shutdown at a large for a large portion

27
00:01:36,580 --> 00:01:32,030
of Silicon Valley and they found shell

28
00:01:39,340 --> 00:01:36,590
casings and evidence of sniper activity

29
00:01:41,020 --> 00:01:39,350
but they really couldn't determine who

30
00:01:44,230 --> 00:01:41,030
it was this wasn't on the news but the

31
00:01:45,640 --> 00:01:44,240
FBI was investigating for a long time

32
00:01:49,060 --> 00:01:45,650
and this is one of those things this is

33
00:01:51,190 --> 00:01:49,070
an actual genuine terrorist event that

34
00:01:53,320 --> 00:01:51,200
could have impacted a lot of large

35
00:01:56,890 --> 00:01:53,330
portion of the of the Internet economy

36
00:01:58,929 --> 00:01:56,900
and there is no real mention of it they

37
00:02:00,880 --> 00:01:58,939
weren't hyping it like they do mass

38
00:02:03,160 --> 00:02:00,890

shootings they weren't hyping it like

39

00:02:05,620 --> 00:02:03,170

all these fake retards that the FBI

40

00:02:08,350 --> 00:02:05,630

ropes in the to be terrorists this is a

41

00:02:10,389 --> 00:02:08,360

real terrorist event and no mention of

42

00:02:13,110 --> 00:02:10,399

it but we did and we have a follow up

43

00:02:17,050 --> 00:02:13,120

and I think clown baby found this one

44

00:02:18,610 --> 00:02:17,060

clown baby take it away I just finished

45

00:02:20,440 --> 00:02:18,620

a clip but um

46

00:02:22,300 --> 00:02:20,450

I really didn't read that much but i

47

00:02:24,520 --> 00:02:22,310

believe the DHS came out said it was

48

00:02:26,470 --> 00:02:24,530

someone that was within that was him

49

00:02:28,509 --> 00:02:26,480

they said it was an inside job yeah

50

00:02:31,539 --> 00:02:28,519

that's what I read they they thought it

51
00:02:34,089 --> 00:02:31,549
was an inside job somebody that was

52
00:02:38,470 --> 00:02:34,099
working at that facility but all of

53
00:02:41,140 --> 00:02:38,480
Silicon Valley didn't yet they were to

54
00:02:43,420 --> 00:02:41,150
blame for the sniper shooting which I

55
00:02:45,130 --> 00:02:43,430
found to be interesting because it is

56
00:02:47,410 --> 00:02:45,140
this sounded like somebody who would

57
00:02:51,009 --> 00:02:47,420
call in a bomb threat to get off of work

58
00:02:52,270 --> 00:02:51,019
like I mean that is that like oh my god

59
00:02:53,559 --> 00:02:52,280
I don't feel like going to work at

60
00:02:56,680 --> 00:02:53,569
dennys today I'm gonna call in a bomb

61
00:02:58,539 --> 00:02:56,690
threat and it but know this guy to go to

62
00:03:00,369 --> 00:02:58,549
the next level I'm gonna actually do a

63
00:03:04,809 --> 00:03:00,379

sniper shooting and take out the entire

64

00:03:07,000 --> 00:03:04,819

power of Silicon Valley oh yeah yeah I

65

00:03:08,619 --> 00:03:07,010

remember this so I don't have to go to

66

00:03:11,770 --> 00:03:08,629

work tomorrow so I don't have to go to

67

00:03:19,210 --> 00:03:11,780

work tomorrow here's a planned yet green

68

00:03:23,199 --> 00:03:19,220

balls that was worth whatever time took

69

00:03:24,879 --> 00:03:23,209

it was that was pretty good I'll

70

00:03:29,379 --> 00:03:24,889

actually read a little bit of snort

71

00:03:32,550 --> 00:03:29,389

story I said Snorri snoring it already

72

00:03:35,680 --> 00:03:32,560

off the rails folks George George Noory

73

00:03:39,610 --> 00:03:35,690

I'm trying to actually find this Snorri

74

00:03:41,369 --> 00:03:39,620

um can anyone give me the link i know

75

00:03:46,659 --> 00:03:41,379

it's in our news feed i know for a fact

76
00:03:50,409 --> 00:03:46,669
it's in our news feed oh there we go I I

77
00:03:54,970 --> 00:03:50,419
had it and so here you go I actually

78
00:03:56,860 --> 00:03:54,980
have it here here it is a senior DHS

79
00:04:00,759 --> 00:03:56,870
official last ones they revealed that

80
00:04:03,990 --> 00:04:00,769
the 2013 sniper on metcalf california

81
00:04:06,520 --> 00:04:04,000
energy grid substation may have been a

82
00:04:08,229 --> 00:04:06,530
mate may have been committed by someone

83
00:04:11,589 --> 00:04:08,239
on the inside tongue right inside yeah

84
00:04:13,599 --> 00:04:11,599
they're the top US electrical utility

85
00:04:14,920 --> 00:04:13,609
regulator has called the most

86
00:04:16,990 --> 00:04:14,930
significant incident of domestic

87
00:04:20,319 --> 00:04:17,000
terrorism involving the grid that has

88
00:04:22,930 --> 00:04:20,329

ever occurred or one or more attacks of

89

00:04:24,279 --> 00:04:22,940

the attacks see these bone ba ba do they

90

00:04:28,450 --> 00:04:24,289

bring up the fact like it happened like

91

00:04:31,390 --> 00:04:28,460

the day after the Boston bombing um it

92

00:04:31,879 --> 00:04:31,400

doesn't look like it no suspects have

93

00:04:34,010 --> 00:04:31,889

been

94

00:04:36,080 --> 00:04:34,020

named and no motive identified but scene

95

00:04:38,360 --> 00:04:36,090

and money reports that's who's on the

96

00:04:39,439 --> 00:04:38,370

case scene in money thank God okay let's

97

00:04:42,200 --> 00:04:39,449

just like they caught that one guy at

98

00:04:44,540 --> 00:04:42,210

HBS BSC rigging the libor-rigging and

99

00:04:46,010 --> 00:04:44,550

the one guy in China yeah they got it

100

00:04:47,480 --> 00:04:46,020

the stock market crash they got both

101
00:04:50,420 --> 00:04:47,490
those guys they found out it's just a

102
00:04:53,689 --> 00:04:50,430
one dode seen in money reports that the

103
00:04:56,420 --> 00:04:53,699
grid second energy industries conference

104
00:04:58,429 --> 00:04:56,430
in philadelphia last week caitlin der

105
00:04:59,869 --> 00:04:58,439
kovitch assistant secretary for interest

106
00:05:01,879 --> 00:04:59,879
infrastructure protection at the

107
00:05:04,760 --> 00:05:01,889
Department of Homeland Security said

108
00:05:06,350 --> 00:05:04,770
that well we have not yet identified the

109
00:05:10,429 --> 00:05:06,360
shooter there's some indication it was

110
00:05:13,399 --> 00:05:10,439
an insider a weird he says he calls an

111
00:05:18,769 --> 00:05:13,409
insider inside who do we know this woman

112
00:05:22,249 --> 00:05:18,779
no insider Oh side her an insider oh you

113
00:05:25,610 --> 00:05:22,259

get your shirts off her there we go it's

114

00:05:30,010 --> 00:05:25,620

like Hulk Hogan they said they fired

115

00:05:33,559 --> 00:05:30,020

more than 100 rounds of 30 caliber rifle

116

00:05:35,480 --> 00:05:33,569

into the radiators at 17 electricity

117

00:05:37,219 --> 00:05:35,490

transformers which caused the radiators

118

00:05:40,029 --> 00:05:37,229

to leak thousands of gallons of oil

119

00:05:43,459 --> 00:05:40,039

which made electronics overheat and shut

120

00:05:46,550 --> 00:05:43,469

down the attack took no more than 19

121

00:05:48,769 --> 00:05:46,560

minutes and caused 15 million dollars in

122

00:05:50,629 --> 00:05:48,779

damage security experts said it was a

123

00:05:54,499 --> 00:05:50,639

wake-up call for the energy providers to

124

00:05:56,570 --> 00:05:54,509

think that not not only uh not only of

125

00:05:58,659 --> 00:05:56,580

cyber security threats to the grid but

126

00:06:02,800 --> 00:05:58,669

good old-fashioned physical security

127

00:06:07,159 --> 00:06:02,810

threats and to power stations as well

128

00:06:08,749 --> 00:06:07,169

guess for from twenty 2003-2006 mr.

129

00:06:12,139 --> 00:06:08,759

kovitch was an associate of booz allen

130

00:06:15,589 --> 00:06:12,149

hamilton hmm so what Snowden was huh oh

131

00:06:18,200 --> 00:06:15,599

really okay yeah I didn't ever Snowden

132

00:06:21,200 --> 00:06:18,210

come out after or before the Boston

133

00:06:22,670 --> 00:06:21,210

bombings it was like two years ago that

134

00:06:24,499 --> 00:06:22,680

he revealed all the information but was

135

00:06:31,269 --> 00:06:24,509

it before or after Ritter on the style

136

00:06:36,920 --> 00:06:31,279

notin yeah yeah was but well none was i

137

00:06:41,839 --> 00:06:36,930

I can't remember um it was absent so I

138

00:06:43,459 --> 00:06:41,849

need to know is hired in 2013 but when

139

00:06:45,020 --> 00:06:43,469

we come up with all this information may

140

00:06:46,940 --> 00:06:45,030

twentieth when he

141

00:06:49,760 --> 00:06:46,950

you flew to hong kong on me 20 okay

142

00:06:51,920 --> 00:06:49,770

that's when it started on all unravel as

143

00:06:54,410 --> 00:06:51,930

hired as a contractor in 20-30 was only

144

00:06:56,480 --> 00:06:54,420

there for like four to five months

145

00:06:59,360 --> 00:06:56,490

that's really kind of weird news there

146

00:07:02,780 --> 00:06:59,370

45 months got out uh balsa by mapping

147

00:07:06,590 --> 00:07:02,790

and then this sniper attack happened two

148

00:07:09,170 --> 00:07:06,600

years ago gene its 2013 and uh yeah it's

149

00:07:10,940 --> 00:07:09,180

a Boston bombing I think as April

150

00:07:14,660 --> 00:07:10,950

fifteenth it was less than a month prior

151
00:07:17,000 --> 00:07:14,670
and then Edward Snowden leaves whoa wait

152
00:07:20,660 --> 00:07:17,010
so Snowden happened less than a month

153
00:07:24,890 --> 00:07:20,670
after the Boston bombing stuff yeah wow

154
00:07:26,840 --> 00:07:24,900
talk about like look over here yeah so

155
00:07:28,400 --> 00:07:26,850
you had boston bombing this is a day

156
00:07:32,090 --> 00:07:28,410
this night / shooting day after then

157
00:07:35,720 --> 00:07:32,100
Edward Snowden um but listen to this so

158
00:07:37,760 --> 00:07:35,730
CNNMoney notes that PG&E has committed

159
00:07:40,070 --> 00:07:37,770
to spend a hundred million dollars to

160
00:07:41,360 --> 00:07:40,080
improve security at the facility the

161
00:07:43,100 --> 00:07:41,370
company has announced a

162
00:07:46,760 --> 00:07:43,110
quarter-million-dollar reward to catch

163
00:07:48,230 --> 00:07:46,770

the attackers sounds like whoever wanted

164

00:07:50,930 --> 00:07:48,240

that's 100 million dollar contract for

165

00:07:53,720 --> 00:07:50,940

security that's that's no chump change

166

00:07:58,730 --> 00:07:53,730

this mr. kovitch is a lot of

167

00:08:01,040 --> 00:07:58,740

cybersecurity back early [h__h] ton um wow

168

00:08:03,740 --> 00:08:01,050

so the attack cost 15 million dollars in

169

00:08:05,240 --> 00:08:03,750

damage and now it is now they're

170

00:08:07,880 --> 00:08:05,250

spending a hundred million dollars in

171

00:08:09,290 --> 00:08:07,890

security to the facility I wonder if

172

00:08:11,990 --> 00:08:09,300

there's me if one of that security is

173

00:08:14,150 --> 00:08:12,000

subsidized apparently this woman used to

174

00:08:15,530 --> 00:08:14,160

be a vice president I defense and

175

00:08:17,450 --> 00:08:15,540

information security firm dedicated

176
00:08:19,100 --> 00:08:17,460
provide early warning intelligence

177
00:08:22,670 --> 00:08:19,110
infrastructure and IT threats and

178
00:08:24,140 --> 00:08:22,680
vulnerabilities she's hooked in what was

179
00:08:27,980 --> 00:08:24,150
she appointed she was appointed in May

180
00:08:29,870 --> 00:08:27,990
2012 she was pointed this is Jack

181
00:08:36,500 --> 00:08:29,880
happened a less than a year if she took

182
00:08:40,430 --> 00:08:36,510
office yeah I wonder if her bruise on

183
00:08:42,800 --> 00:08:40,440
Hamilton buddies hired some pmcs to [h__\h]

184
00:08:44,330 --> 00:08:42,810
up this power station in Silicon Valley

185
00:08:46,700 --> 00:08:44,340
big hey look at all the money we needed

186
00:08:48,560 --> 00:08:46,710
to throw out this I mean we know Silicon

187
00:08:50,630 --> 00:08:48,570
Valley's got a lot of money and they're

188
00:08:53,270 --> 00:08:50,640

not spending it on physical security

189

00:08:55,050 --> 00:08:53,280

this is a good way to do that because we

190

00:08:57,030 --> 00:08:55,060

got a lot of contractors that

191

00:09:00,180 --> 00:08:57,040

need a lot of soldiers coming back from

192

00:09:05,790 --> 00:09:00,190

Iraq and Afghanistan or you need some

193

00:09:07,680 --> 00:09:05,800

jobs yeah good take Wow huh and they're

194

00:09:10,920 --> 00:09:07,690

not gonna catch a sniper I mean this is

195

00:09:12,810 --> 00:09:10,930

not like the DC sniper uh no ma'am hunt

196

00:09:14,610 --> 00:09:12,820

or nothing no they were there was no

197

00:09:16,079 --> 00:09:14,620

advertisement about this fact we didn't

198

00:09:20,160 --> 00:09:16,089

hear about it until a year after it

199

00:09:21,660 --> 00:09:20,170

happened yeah which is pretty maybe

200

00:09:25,019 --> 00:09:21,670

maybe those in local news I don't know

201

00:09:28,079 --> 00:09:25,029

but I'm here about it not until I think

202

00:09:30,210 --> 00:09:28,089

I forget who brought it up maybe um the

203

00:09:32,100 --> 00:09:30,220

client manager on this show we did yeah

204

00:09:34,650 --> 00:09:32,110

and we did it we decide to follow this

205

00:09:37,079 --> 00:09:34,660

is the follow up to it so no real news

206

00:09:38,519 --> 00:09:37,089

other than it looks like they're never

207

00:09:40,320 --> 00:09:38,529

going to find the actual sniper who did

208

00:09:42,630 --> 00:09:40,330

it and it there's a hundred million

209

00:09:44,880 --> 00:09:42,640

dollars being spent on physical scary

210

00:09:49,490 --> 00:09:44,890

person who armed your armed guards

211

00:09:54,420 --> 00:09:49,500

probably in Silicon Valley armed guards

212

00:09:56,310 --> 00:09:54,430

so um let's go ahead and move on to some

213

00:09:58,350 --> 00:09:56,320

other topics Joe take it away to the

214

00:10:05,010 --> 00:09:58,360

topics that we all love to hear about

215

00:10:07,920 --> 00:10:05,020

from you please what are you gay ah the
