

QUANTUM TIME TRAVEL and mysterious booms

1
00:00:16,609 --> 00:00:10,520
alright let us go on to some conspiracy

2
00:00:20,000 --> 00:00:16,619
stuff there we go

3
00:00:23,450 --> 00:00:20,010
we turn down the effects there we go

4
00:00:25,250 --> 00:00:23,460
everything's fine so yeah before we get

5
00:00:26,839 --> 00:00:25,260
through the headline news I'm just gonna

6
00:00:30,950 --> 00:00:26,849
read you down some more conspiratorial

7
00:00:33,950 --> 00:00:30,960
stuff and that's it there's some

8
00:00:37,970 --> 00:00:33,960
paranormal stuff so you know the first

9
00:00:40,670 --> 00:00:37,980
uh headline I have it is a quantum

10
00:00:43,779 --> 00:00:40,680
experiments shows that the present can

11
00:00:47,150 --> 00:00:43,789
change the past and that's not all

12
00:00:50,450 --> 00:00:47,160
according to physicist Andrew Truscott

13
00:00:53,029 --> 00:00:50,460

lead research lead researcher from a

14

00:00:55,580 --> 00:00:53,039

study published by the Australian

15

00:00:58,010 --> 00:00:55,590

National University this experiment

16

00:01:01,459 --> 00:00:58,020

suggests that reality does not exist

17

00:01:04,420 --> 00:01:01,469

unless we are looking at it it suggests

18

00:01:07,580 --> 00:01:04,430

that we are living in a holographic eye

19

00:01:07,880 --> 00:01:07,590

of the universe they have a source for

20

00:01:10,390 --> 00:01:07,890

that

21

00:01:13,490 --> 00:01:10,400

imagine a star a meeting of photon

22

00:01:15,620 --> 00:01:13,500

billions of years ago heading in the

23

00:01:19,640 --> 00:01:15,630

direction of planet Earth in between

24

00:01:21,740 --> 00:01:19,650

there is a galaxy as a result of what is

25

00:01:24,649 --> 00:01:21,750

known as gravitational lensing the light

26
00:01:27,020 --> 00:01:24,659
will have will have to bend around the

27
00:01:32,510 --> 00:01:27,030
galaxy in order for it to reach earth so

28
00:01:36,490 --> 00:01:32,520
we can see it so it has to take one of

29
00:01:39,679 --> 00:01:36,500
two paths you can go left or right

30
00:01:42,319 --> 00:01:39,689
billions of years later if one decides

31
00:01:45,620 --> 00:01:42,329
has set up an apparatus to catch the

32
00:01:47,870 --> 00:01:45,630
photon the resulting pattern would be as

33
00:01:50,929 --> 00:01:47,880
explained above there's like two slits

34
00:01:53,840 --> 00:01:50,939
so you which which slit does the the

35
00:01:55,550 --> 00:01:53,850
photon go through the left or right in

36
00:01:57,980 --> 00:01:55,560
this interference pattern this

37
00:02:01,550 --> 00:01:57,990
demonstrates that the photon took one

38
00:02:03,289 --> 00:02:01,560

way and it could have taken the other

39

00:02:06,109 --> 00:02:03,299

way as well

40

00:02:10,400 --> 00:02:06,119

one could also choose to peek at in

41

00:02:12,890 --> 00:02:10,410

incoming photons setting up a telescope

42

00:02:13,610 --> 00:02:12,900

on either side of the galaxy to

43

00:02:16,390 --> 00:02:13,620

determine

44

00:02:19,670 --> 00:02:16,400

which side the photon was reaching earth

45

00:02:21,949 --> 00:02:19,680

the very act of measuring or watching

46

00:02:24,800 --> 00:02:21,959

which way the photon comes means that it

47

00:02:26,119 --> 00:02:24,810

can only come from one side the pattern

48

00:02:29,869 --> 00:02:26,129

will no longer be an interference

49

00:02:31,550 --> 00:02:29,879

pattern but it will be representing many

50

00:02:34,250 --> 00:02:31,560

of interference pattern it represents

51
00:02:36,289 --> 00:02:34,260
many different possibilities but when

52
00:02:39,020 --> 00:02:36,299
you look at it it becomes a single clump

53
00:02:40,640 --> 00:02:39,030
pattern showing one path so what the

54
00:02:45,140 --> 00:02:40,650
hell does this all mean it means that

55
00:02:46,940 --> 00:02:45,150
how we measure or how we view now

56
00:02:51,110 --> 00:02:46,950
affects what direction is the photon

57
00:02:55,190 --> 00:02:51,120
took billions of years ago our choice in

58
00:02:58,699 --> 00:02:55,200
this present moment affects what has

59
00:03:01,550 --> 00:02:58,709
already happened in the path the past so

60
00:03:04,009 --> 00:03:01,560
looking at the photons now even though

61
00:03:07,699 --> 00:03:04,019
that the light has been emitted billions

62
00:03:11,839 --> 00:03:07,709
of years ago collapses those photons

63
00:03:15,050 --> 00:03:11,849

into one direction this experiment also

64
00:03:17,240 --> 00:03:15,060
suggests that quantum entanglement which

65
00:03:19,460 --> 00:03:17,250
has been verified read more about it

66
00:03:21,920 --> 00:03:19,470
here here's a link exists regardless of

67
00:03:24,650 --> 00:03:21,930
time meaning two bits of matter can

68
00:03:27,530 --> 00:03:24,660
actually be entangled time and time

69
00:03:31,699 --> 00:03:27,540
again over time which is very

70
00:03:33,619 --> 00:03:31,709
interesting meaning the the quantum

71
00:03:35,690 --> 00:03:33,629
level time really doesn't matter if you

72
00:03:38,270 --> 00:03:35,700
go to measure something the observer you

73
00:03:40,879 --> 00:03:38,280
and I it doesn't matter what time period

74
00:03:42,770 --> 00:03:40,889
we're in we're gonna affect it in the

75
00:03:44,240 --> 00:03:42,780
past and I don't know maybe the future

76

00:03:47,659 --> 00:03:44,250

at that point which is $[\hbar _ \hbar]$

77

00:03:51,710 --> 00:03:47,669

interesting so this this this kind of

78

00:03:56,229 --> 00:03:51,720

this observer thing very important in

79

00:03:59,839 --> 00:03:56,239

the the quantum field as I very very

80

00:04:01,909 --> 00:03:59,849

horribly understand well I I love the

81

00:04:05,240 --> 00:04:01,919

quantum theory stuff it's because it

82

00:04:06,830 --> 00:04:05,250

sounds like quantum theory right quantum

83

00:04:10,759 --> 00:04:06,840

theory all this all the stuff that gets

84

00:04:12,199 --> 00:04:10,769

down in this this very small level this

85

00:04:13,759 --> 00:04:12,209

leads me so we're talking about these

86

00:04:14,990 --> 00:04:13,769

observers looking at something to

87

00:04:19,279 --> 00:04:15,000

measuring something this leads me into

88

00:04:21,949 --> 00:04:19,289

my next headline how can we feel when

89

00:04:25,310 --> 00:04:21,959

people are looking at us this comes from

90

00:04:26,690 --> 00:04:25,320

a Mental Floss according to Psychology

91

00:04:29,810 --> 00:04:26,700

Today the brain has

92

00:04:33,830 --> 00:04:29,820

specific systems dedicated to detecting

93

00:04:36,190 --> 00:04:33,840

the gaze of others compared to the other

94

00:04:37,940 --> 00:04:36,200

animals humans have a lot more

95

00:04:40,820 --> 00:04:37,950

visibility

96

00:04:43,220 --> 00:04:40,830

Scarrah the white part of your eyes

97

00:04:46,160 --> 00:04:43,230

making it easier to follow a person's

98

00:04:48,080 --> 00:04:46,170

gaze most animals want to hide where

99

00:04:50,240 --> 00:04:48,090

they are looking to aid when they are

100

00:04:52,520 --> 00:04:50,250

hunting but but humans are social

101
00:04:55,750 --> 00:04:52,530
creatures who depend on the cooperation

102
00:04:59,030 --> 00:04:55,760
in community to survive being able to

103
00:05:02,210 --> 00:04:59,040
detect light contact helps build these

104
00:05:04,240 --> 00:05:02,220
crucial relationships so but doesn't see

105
00:05:06,440 --> 00:05:04,250
how we're able to detect the gaze

106
00:05:09,350 --> 00:05:06,450
because everyone said that that that

107
00:05:11,270 --> 00:05:09,360
kind of creepy feeling when you can tell

108
00:05:13,010 --> 00:05:11,280
where people are looking at you like if

109
00:05:14,240 --> 00:05:13,020
you have you ever been in a bar and felt

110
00:05:16,550 --> 00:05:14,250
someone looking at you and you look at

111
00:05:19,310 --> 00:05:16,560
them and they are looking at you yeah

112
00:05:20,510 --> 00:05:19,320
I've had that Joe have you experienced

113
00:05:21,500 --> 00:05:20,520

that I thought you're talking about

114

00:05:24,350 --> 00:05:21,510

gaydar when you're talking about

115

00:05:29,390 --> 00:05:24,360

detecting gays no no no it's not

116

00:05:31,310 --> 00:05:29,400

detecting gays but gays as with a Z no I

117

00:05:32,750 --> 00:05:31,320

know I have well I'm usually the guy

118

00:05:34,910 --> 00:05:32,760

who's like staring at people

119

00:05:35,300 --> 00:05:34,920

uncomfortably and maybe two they call

120

00:05:36,740 --> 00:05:35,310

the police

121

00:05:39,590 --> 00:05:36,750

not that I'm the creeper at the bar

122

00:05:43,040 --> 00:05:39,600

staring at girls yes someone's gonna do

123

00:05:45,740 --> 00:05:43,050

it yeah it's my job so it leads me on to

124

00:05:50,150 --> 00:05:45,750

another article new research says humans

125

00:05:53,900 --> 00:05:50,160

have a magnetic six a sixth sense which

126
00:05:57,260 --> 00:05:53,910
can detect things we can't even see just

127
00:06:00,890 --> 00:05:57,270
in a recent study published in the

128
00:06:03,500 --> 00:06:00,900
journal journal titled net-net Nature

129
00:06:06,740 --> 00:06:03,510
communications claims that there is a

130
00:06:11,120 --> 00:06:06,750
protein within the human retina when

131
00:06:14,810 --> 00:06:11,130
introduced into if I'm sorry I'm gonna

132
00:06:16,460 --> 00:06:14,820
slow down here I'm ring too fast I'm

133
00:06:17,900 --> 00:06:16,470
trying to bust you're always articles so

134
00:06:22,280 --> 00:06:17,910
we actually can move on to something

135
00:06:25,040 --> 00:06:22,290
else but in a recent study Publix

136
00:06:28,010 --> 00:06:25,050
published in a journal called Nature

137
00:06:30,380 --> 00:06:28,020
communications claims that there is a

138
00:06:32,510 --> 00:06:30,390

protein within the human retina when

139

00:06:35,060 --> 00:06:32,520

introduced into the anatomy of fruit

140

00:06:37,280 --> 00:06:35,070

flies can potentially have the ability

141

00:06:38,879 --> 00:06:37,290

to see magnetic fields the study

142

00:06:42,899 --> 00:06:38,889

suggests that

143

00:06:45,809 --> 00:06:42,909

but potentially a Magneto sensor but

144

00:06:47,969 --> 00:06:45,819

from the way but from the way humans are

145

00:06:50,730 --> 00:06:47,979

able to use it is still unclear so we

146

00:06:53,129 --> 00:06:50,740

possess those proteins to see the

147

00:06:56,939 --> 00:06:53,139

magnetic spectrum but we don't know how

148

00:06:58,529 --> 00:06:56,949

we were actually able to use that so

149

00:07:00,480 --> 00:06:58,539

that's pretty interesting we have we can

150

00:07:03,179 --> 00:07:00,490

see it I don't know if we can impact it

151
00:07:05,670 --> 00:07:03,189
but according to quantum theory up there

152
00:07:07,800 --> 00:07:05,680
our visualization observation does

153
00:07:11,189 --> 00:07:07,810
impact some things at the quantum level

154
00:07:13,890 --> 00:07:11,199
and then we're also able to detect how

155
00:07:15,179 --> 00:07:13,900
how and when possibly people are looking

156
00:07:17,939 --> 00:07:15,189
at us even though we might not be

157
00:07:20,969 --> 00:07:17,949
looking at them very interesting kind of

158
00:07:23,100 --> 00:07:20,979
psychic ESP stuff in those kind of three

159
00:07:25,080 --> 00:07:23,110
headlines and stories it's bait it's

160
00:07:27,390 --> 00:07:25,090
baked into the culture too it's we're

161
00:07:29,189 --> 00:07:27,400
almost like you you think you know

162
00:07:30,480 --> 00:07:29,199
something good is gonna happen to you

163
00:07:32,129 --> 00:07:30,490

but you don't want to tell anybody

164

00:07:35,309 --> 00:07:32,139

because you're afraid you're gonna jinx

165

00:07:37,230 --> 00:07:35,319

it that's yeah true yeah I always say

166

00:07:40,260 --> 00:07:37,240

that don't tell anybody about this

167

00:07:43,499 --> 00:07:40,270

podcast you're gonna jinx it exactly

168

00:07:46,409 --> 00:07:43,509

nobody tell anyone about this we don't

169

00:07:53,100 --> 00:07:46,419

want to just about to get good

170

00:07:54,959 --> 00:07:53,110

don't tell anybody you see it every day

171

00:07:57,689 --> 00:07:54,969

and and I remember being a very

172

00:08:00,149 --> 00:07:57,699

superstitious child and wondering that

173

00:08:01,740 --> 00:08:00,159

you know if I had looked at this at a

174

00:08:04,860 --> 00:08:01,750

certain time or I looked at that at a

175

00:08:06,899 --> 00:08:04,870

certain time and and thinking oh like if

176

00:08:09,510 --> 00:08:06,909

I hadn't looked at it I'm sure it would

177

00:08:13,409 --> 00:08:09,520

have done this instead and you know I

178

00:08:15,119 --> 00:08:13,419

mean it's I love the idea of quantum

179

00:08:18,269 --> 00:08:15,129

physics but then I also feel like that

180

00:08:20,339 --> 00:08:18,279

there's this new age which I hate the

181

00:08:22,730 --> 00:08:20,349

New Age philosophy [h__h] I feel like

182

00:08:25,260 --> 00:08:22,740

it's like this escapism that says

183

00:08:26,879 --> 00:08:25,270

reality isn't real but I feel like

184

00:08:31,230 --> 00:08:26,889

that's exactly what we're dealing and I

185

00:08:33,509 --> 00:08:31,240

don't want to get our emailer upset but

186

00:08:36,300 --> 00:08:33,519

the left likes to deny reality so I feel

187

00:08:39,659 --> 00:08:36,310

like this quantum physics idea it's just

188

00:08:41,939 --> 00:08:39,669

a really great big open door to say well

189

00:08:43,380 --> 00:08:41,949

reality isn't real anyway so we can just

190

00:08:46,410 --> 00:08:43,390

you know deny it all day long

191

00:08:48,600 --> 00:08:46,420

it's yeah well there's perceived reality

192

00:08:49,980 --> 00:08:48,610

I don't want to get into like the

193

00:08:52,030 --> 00:08:49,990

left-right thing there's a perceived

194

00:08:54,160 --> 00:08:52,040

reality that perceived and

195

00:08:56,140 --> 00:08:54,170

and then there's actual reality which

196

00:08:58,750 --> 00:08:56,150

might be fake or generated in some way

197

00:09:01,990 --> 00:08:58,760

or collapsed based upon the viewer um

198

00:09:03,850 --> 00:09:02,000

which is unfortunate it's I don't know

199

00:09:05,230 --> 00:09:03,860

maybe maybe it's unfortunate maybe it's

200

00:09:07,780 --> 00:09:05,240

not unfortunate because therefore your

201

00:09:10,030 --> 00:09:07,790

mind here can create the reality you

202

00:09:12,550 --> 00:09:10,040

want you know yeah like so let me take

203

00:09:15,250 --> 00:09:12,560

it to this idea of like gender-fluid

204

00:09:18,670 --> 00:09:15,260

where it's like today I identify as a

205

00:09:20,590 --> 00:09:18,680

woman and I'm actually still attracted

206

00:09:24,340 --> 00:09:20,600

to man and then so I'm a straight woman

207

00:09:28,720 --> 00:09:24,350

today mm-hmm and so that's just kind of

208

00:09:33,220 --> 00:09:28,730

how I feel well if I you know punch a

209

00:09:36,160 --> 00:09:33,230

horse in the face it [h__h] your mother

210

00:09:38,170 --> 00:09:36,170

right right well and I just say well I

211

00:09:40,480 --> 00:09:38,180

mean yeah exactly I could say well in

212

00:09:42,430 --> 00:09:40,490

you know in my world this horse you know

213

00:09:44,620 --> 00:09:42,440

it was not a horse it was this and they

214

00:09:47,530 --> 00:09:44,630

it's like this quantum physics thing

215

00:09:49,600 --> 00:09:47,540

just opens the door to to reality denial

216

00:09:51,460 --> 00:09:49,610

to me and I think we have a shared

217

00:09:53,590 --> 00:09:51,470

reality we all have a shared reality

218

00:09:56,980 --> 00:09:53,600

like if I get drunk and barf all over

219

00:10:02,470 --> 00:09:56,990

your balls like I mean how many would

220

00:10:05,290 --> 00:10:02,480

have to pay you even if I don't remember

221

00:10:06,940 --> 00:10:05,300

this happening you know I may live in an

222

00:10:09,520 --> 00:10:06,950

alternate reality where I just blacked

223

00:10:12,250 --> 00:10:09,530

out but you've still got barf covered

224

00:10:12,760 --> 00:10:12,260

balls so great everyone wins shitty

225

00:10:15,760 --> 00:10:12,770

balls

226

00:10:18,220 --> 00:10:15,770

yeah good boss I'm just barfing the [h__h]

227

00:10:24,640 --> 00:10:18,230

off your balls here comes old mucky puke

228

00:10:27,850 --> 00:10:24,650

balls right this when it gets to this

229

00:10:30,460 --> 00:10:27,860

quantum quantum theory stuff it is kind

230

00:10:32,320 --> 00:10:30,470

of the the merging of science and

231

00:10:35,320 --> 00:10:32,330

religion in a way and you can almost use

232

00:10:37,510 --> 00:10:35,330

that as a justification for your reality

233

00:10:40,240 --> 00:10:37,520

you want to push on somebody that's what

234

00:10:42,150 --> 00:10:40,250

I worry about yeah I mean it is it gets

235

00:10:44,590 --> 00:10:42,160

a little dicey there certainly can I

236

00:10:46,270 --> 00:10:44,600

love the idea of quantum physics because

237

00:10:47,650 --> 00:10:46,280

it makes for really fun movies in fact I

238

00:10:52,080 --> 00:10:47,660

would say Back to the Future is sort of

239

00:10:54,670 --> 00:10:52,090

a quantum physics type of a reality yeah

240

00:10:57,460 --> 00:10:54,680

like time travel and all this kind of

241

00:11:00,310 --> 00:10:57,470

stuff I I love I love that kind of stuff

242

00:11:01,500 --> 00:11:00,320

and even that first Star Trek movie was

243

00:11:03,380 --> 00:11:01,510

really good with that where they found

244

00:11:06,590 --> 00:11:03,390

Spock on the other

245

00:11:09,110 --> 00:11:06,600

and everything Oh the reboot

246

00:11:11,630 --> 00:11:09,120

yeah the first reboot yeah oh yeah yeah

247

00:11:13,910 --> 00:11:11,640

good stuff new Star Trek movie coming

248

00:11:15,860 --> 00:11:13,920

out that pretty soon I'm excited about I

249

00:11:17,480 --> 00:11:15,870

got a cup where headlines here that

250

00:11:20,360 --> 00:11:17,490

there are kind of linked I think they're

251
00:11:23,030 --> 00:11:20,370
linked so let me know so I have a video

252
00:11:28,130 --> 00:11:23,040
here there is a mystery explosions

253
00:11:29,690 --> 00:11:28,140
baffle people and seismologists here I'm

254
00:11:34,430 --> 00:11:29,700
gonna open up this link and play this

255
00:11:40,520 --> 00:11:34,440
news story and they don't read the other

256
00:11:42,920 --> 00:11:40,530
headline here here we go alright so what

257
00:11:45,560 --> 00:11:42,930
in the world could it be loud noises

258
00:11:47,330 --> 00:11:45,570
that sound like explosions and they have

259
00:11:49,520 --> 00:11:47,340
plagued the Alhambra community for

260
00:11:51,650 --> 00:11:49,530
months now this mystery has baffled

261
00:11:54,170 --> 00:11:51,660
residents who really want some answers

262
00:11:55,640 --> 00:11:54,180
NBC fours Angie Crouch is live in

263
00:11:59,390 --> 00:11:55,650

Alhambra where the mystery only

264

00:12:01,220 --> 00:11:59,400

continues hi Angie hello Robert yeah we

265

00:12:03,430 --> 00:12:01,230

haven't heard any of these sounds today

266

00:12:06,650 --> 00:12:03,440

but la soie she's got a low voice

267

00:12:08,150 --> 00:12:06,660

probably smoke cigs yeah people around

268

00:12:10,160 --> 00:12:08,160

here have reported hearing him over the

269

00:12:12,440 --> 00:12:10,170

past couple of months so far nobody has

270

00:12:13,730 --> 00:12:12,450

recorded audio of them but there's a lot

271

00:12:16,370 --> 00:12:13,740

of speculation about what could be

272

00:12:18,290 --> 00:12:16,380

causing these mysterious booming sounds

273

00:12:21,110 --> 00:12:18,300

people here in Alhambra have speculated

274

00:12:24,440 --> 00:12:21,120

everything from sonic booms to secret

275

00:12:27,640 --> 00:12:24,450

military operations to aliens so we've

276

00:12:30,530 --> 00:12:27,650

talked about these booms over the years

277

00:12:32,870 --> 00:12:30,540

go back these baseball games and all

278

00:12:35,270 --> 00:12:32,880

kinds of yeah this is always it happens

279

00:12:37,820 --> 00:12:35,280

not even just in the US but happens in

280

00:12:40,220 --> 00:12:37,830

parts of Europe especially over England

281

00:12:42,860 --> 00:12:40,230

there's we've had written numerous

282

00:12:45,290 --> 00:12:42,870

stories about the these booms here we go

283

00:12:47,870 --> 00:12:45,300

but what I hear is a kind of a boom but

284

00:12:50,930 --> 00:12:47,880

it's a kaboom it's really big and strong

285

00:12:53,360 --> 00:12:50,940

it does shake the windows I've heard car

286

00:12:56,180 --> 00:12:53,370

alarms be set off that's all right

287

00:12:58,130 --> 00:12:56,190

it certainly is the strange noises being

288

00:13:01,800 --> 00:12:58,140

heard in Northeast el hamra have been

289

00:13:04,410 --> 00:13:01,810

scaring residents here since February

290

00:13:06,360 --> 00:13:04,420

see more than 115 complaints about the

291

00:13:08,400 --> 00:13:06,370

mysterious sounds at all hours of the

292

00:13:10,290 --> 00:13:08,410

day and night and Alhambra Facebook

293

00:13:12,389 --> 00:13:10,300

groups are inundated with posts about it

294

00:13:14,189 --> 00:13:12,399

the entire City Council even heard it

295

00:13:17,850 --> 00:13:14,199

and all of a sudden we hear this loud

296

00:13:19,799 --> 00:13:17,860

sharp explosion very quick we all flinch

297

00:13:21,660 --> 00:13:19,809

now hammers Administrative Services

298

00:13:23,939 --> 00:13:21,670

Director Chris Paulsen says the city has

299

00:13:25,650 --> 00:13:23,949

investigated every possibility but

300

00:13:28,350 --> 00:13:25,660

they've ruled out fireworks and sonic

301
00:13:30,720 --> 00:13:28,360
booms earthquakes construction and power

302
00:13:33,360 --> 00:13:30,730
companies and work on the local railroad

303
00:13:43,199 --> 00:13:33,370
tracks and it turns out Alhambra isn't

304
00:13:45,210 --> 00:13:43,209
the only city hearing explosions YouTube

305
00:13:46,799 --> 00:13:45,220
video show similar reports of booming

306
00:13:49,259 --> 00:13:46,809
noises being heard all around the

307
00:13:51,689 --> 00:13:49,269
country from Tucson Arizona to Panama

308
00:13:53,220 --> 00:13:51,699
City Florida I heard and felt it as of

309
00:13:55,199 --> 00:13:53,230
now there's no official word on the

310
00:13:56,999 --> 00:13:55,209
source however residents say they've

311
00:13:59,129 --> 00:13:57,009
heard all kinds of crazy theories about

312
00:14:01,410 --> 00:13:59,139
what's causing the sounds there's holes

313
00:14:03,720 --> 00:14:01,420

in the atmosphere and the aliens are

314

00:14:05,939 --> 00:14:03,730

trying to speak to us I mean the police

315

00:14:08,040 --> 00:14:05,949

don't know maybe it's something more

316

00:14:08,999 --> 00:14:08,050

secretive beyond us alhambra city

317

00:14:11,369 --> 00:14:09,009

officials say they'll continue

318

00:14:13,769 --> 00:14:11,379

investigating but for now there is

319

00:14:15,150 --> 00:14:13,779

baffled as everyone else yeah so they're

320

00:14:18,210 --> 00:14:15,160

they're baffled they know what the

321

00:14:25,999 --> 00:14:18,220

[h__h] going on it's not Alex Jones so

322

00:14:33,629 --> 00:14:29,249

my next-door that could be relayed Navy

323

00:14:36,990 --> 00:14:33,639

testing likely clot caused a 3.7

324

00:14:41,790 --> 00:14:37,000

magnitude earthquake off Florida yeah I

325

00:14:44,460 --> 00:14:41,800

saw that yeah 3.7 magnitude earthquake

326

00:14:46,290 --> 00:14:44,470

was record recorded off the coast of

327

00:14:49,169 --> 00:14:46,300

Florida and was likely triggered by a

328

00:14:53,150 --> 00:14:49,179

man-made explosion in order to test the

329

00:14:55,980 --> 00:14:53,160

sea worthiness of a new US Navy vessel

330

00:14:59,129 --> 00:14:55,990

that's a pretty goddamn big explosion

331

00:15:01,829 --> 00:14:59,139

it says when North Korea tested Ayers

332

00:15:04,410 --> 00:15:01,839

Underground's they make like 4.5 like

333

00:15:07,470 --> 00:15:04,420

5.5 there appear to be our earthquakes

334

00:15:09,960 --> 00:15:07,480

so and so for me it's still pretty

335

00:15:11,610 --> 00:15:09,970

substantial so you would say okay 3.7

336

00:15:13,379 --> 00:15:11,620

they were testing in the water the

337

00:15:16,640 --> 00:15:13,389

waters gonna absorb some of the shock in

338

00:15:22,070 --> 00:15:19,460

I don't know but the USS Jackson is a

339

00:15:24,710 --> 00:15:22,080

new class of combat ship which will

340

00:15:26,750 --> 00:15:24,720

conduct anti-submarine surface and mine

341

00:15:28,250 --> 00:15:26,760

countermeasure operations around the

342

00:15:30,370 --> 00:15:28,260

globe according to the Navy

343

00:15:32,360 --> 00:15:30,380

they're designed to detect threats and

344

00:15:35,420 --> 00:15:32,370

code in coastal waters where

345

00:15:38,540 --> 00:15:35,430

increasingly capable submarines minds

346

00:15:40,670 --> 00:15:38,550

and swarming small craft operate said

347

00:15:43,690 --> 00:15:40,680

the Navy last week a federal appeals

348

00:15:46,550 --> 00:15:43,700

court in San Francisco ruled the Navy's

349

00:15:49,460 --> 00:15:46,560

sonar levels may harm whales and other

350

00:15:51,850 --> 00:15:49,470

marine mammals in the ocean world's

351
00:15:55,190 --> 00:15:51,860
oceans and they must scale that back

352
00:15:58,190 --> 00:15:55,200
according to the decision by the ninth

353
00:16:00,560 --> 00:15:58,200
US Circuit Court in San Francisco on

354
00:16:02,840 --> 00:16:00,570
Friday UF officials wrongly allow the

355
00:16:05,360 --> 00:16:02,850
Navy to use sonar at levels that harm

356
00:16:08,480 --> 00:16:05,370
marine animals and the Navy would have

357
00:16:11,210 --> 00:16:08,490
to scale back its low-frequency sonar in

358
00:16:14,060 --> 00:16:11,220
the Atlantic Pacific and Indian Oceans

359
00:16:18,140 --> 00:16:14,070
as well as Mediterranean Sea and under

360
00:16:19,580 --> 00:16:18,150
the authority Authority granted in 2012

361
00:16:22,970 --> 00:16:19,590
so that was just that kind of an add-on

362
00:16:25,610 --> 00:16:22,980
at the end of that the Navy testing but

363
00:16:28,300 --> 00:16:25,620

so they're talking about explosions in

364

00:16:31,730 --> 00:16:28,310

the story run in the video of previous

365

00:16:34,010 --> 00:16:31,740

booms explosions and then you have the

366

00:16:36,050 --> 00:16:34,020

Navy testing something they say it's a

367

00:16:40,280 --> 00:16:36,060

new Navy vessel that they're trying to

368

00:16:44,780 --> 00:16:40,290

blow up or test this capability I don't

369

00:16:47,990 --> 00:16:44,790

know if I buy that yeah that's

370

00:16:50,120 --> 00:16:48,000

interesting one I like it I have a story

371

00:16:56,780 --> 00:16:50,130

that maybe kind of connects to this okay

372

00:17:05,620 --> 00:16:56,790

before it voices call devices recently

373

00:17:12,020 --> 00:17:08,990

presented as a conspiracy theory by even

374

00:17:13,429 --> 00:17:12,030

sites that don't even that they're not

375

00:17:16,939 --> 00:17:13,439

even conspiracy theory sites so it's a

376

00:17:20,020 --> 00:17:16,949

it comes from Army dot mil it's like go

377

00:17:23,420 --> 00:17:20,030

go yeah that's usually not a conspiracy

378

00:17:26,060 --> 00:17:23,430

so what's the title this one again voice

379

00:17:27,860 --> 00:17:26,070

to skull devices it was online for a

380

00:17:30,289 --> 00:17:27,870

while and now it's been removed

381

00:17:33,080 --> 00:17:30,299

okay so that's kind of the conspiracy

382

00:17:35,720 --> 00:17:33,090

theory and so I don't know I have voiced

383

00:17:37,940 --> 00:17:35,730

two skull okay I'm gonna I'm gonna read

384

00:17:40,220 --> 00:17:37,950

it it's like with all devices definition

385

00:17:42,890 --> 00:17:40,230

scope non-lethal weapon which includes

386

00:17:45,740 --> 00:17:42,900

one a neuro electromagnetic device which

387

00:17:49,279 --> 00:17:45,750

uses microwave transmission of sound

388

00:17:51,350 --> 00:17:49,289

into the skull of persons or animals by

389

00:17:54,799 --> 00:17:51,360

way of pulse modulated microwave

390

00:17:57,019 --> 00:17:54,809

radiation and to a silent sound device

391

00:18:00,919 --> 00:17:57,029

which can transmit sound into the skull

392

00:18:03,409 --> 00:18:00,929

of person or animals note the sound

393

00:18:06,169 --> 00:18:03,419

modulation maybe voice or audio

394

00:18:09,139 --> 00:18:06,179

subliminal messages one application of

395

00:18:12,169 --> 00:18:09,149

v2 K is what they're calling it is used

396

00:18:14,060 --> 00:18:12,179

as an electronic scarecrow to fight

397

00:18:17,480 --> 00:18:14,070

frightened birds in the vicinity of

398

00:18:19,490 --> 00:18:17,490

airports and so it was online for a

399

00:18:21,320 --> 00:18:19,500

while and it's recently been taken down

400

00:18:25,789 --> 00:18:21,330

and that's kind of a conspiracy theory

401
00:18:29,299 --> 00:18:25,799
on that so I wonder how widespread or

402
00:18:31,010 --> 00:18:29,309
how wide the scope of these projected

403
00:18:33,649 --> 00:18:31,020
sounds could be could they be projecting

404
00:18:35,810 --> 00:18:33,659
a boom to see how effective this is hey

405
00:18:38,720 --> 00:18:35,820
we're getting reports in this town we

406
00:18:40,960 --> 00:18:38,730
the cone of our device is working and

407
00:18:43,310 --> 00:18:40,970
they can air it and test it like that

408
00:18:46,010 --> 00:18:43,320
yeah I mean is there stuff being hidden

409
00:18:48,019 --> 00:18:46,020
in the boom I don't know but I mean if

410
00:18:50,299 --> 00:18:48,029
you wanted to test the the cone of this

411
00:18:55,220 --> 00:18:50,309
you'd have to test it high above shoot

412
00:18:57,860 --> 00:18:55,230
down and see okay we could we can we can

413
00:19:00,159 --> 00:18:57,870

change and dial it in more depending on

414

00:19:03,019 --> 00:19:00,169

the radius and in basically news reports

415

00:19:05,149 --> 00:19:03,029

may be interesting the boom thing it's

416

00:19:07,460 --> 00:19:05,159

like it never gets like one of these

417

00:19:09,200 --> 00:19:07,470

stories where it's like when you hear

418

00:19:10,940 --> 00:19:09,210

that it's actually happening and then

419

00:19:14,060 --> 00:19:10,950

nobody - it's like building seven with

420

00:19:17,029 --> 00:19:14,070

9/11 Council of nine forgiving when

421

00:19:18,830 --> 00:19:17,039

would be like I've known people who I've

422

00:19:20,299 --> 00:19:18,840

said well did you know that there was a

423

00:19:22,220 --> 00:19:20,309

third building and they're like wait

424

00:19:23,720 --> 00:19:22,230

what like they just don't know it so

425

00:19:25,820 --> 00:19:23,730

it's like if it gets coverage or if it

426

00:19:28,639 --> 00:19:25,830

doesn't you know that's like the boom

427

00:19:30,500 --> 00:19:28,649

thing and this is one of these things

428

00:19:33,560 --> 00:19:30,510

where it's like the Navy Yard shooter we

429

00:19:35,870 --> 00:19:33,570

remember that story he said that he was

430

00:19:39,409 --> 00:19:35,880

being hit with electromagnetic or some

431

00:19:41,629 --> 00:19:39,419

low frequency yeah it was LF weapon yes

432

00:19:45,199 --> 00:19:41,639

yeah he was being shot by the

433

00:19:46,729 --> 00:19:45,209

stuff so yeah the sound stuff is I mean

434

00:19:48,549 --> 00:19:46,739

there's definitely some conspiracy stuff
