

ManDog, WereWolves

and GoatMen.

oh my ...

1
00:00:23,820 --> 00:00:17,970
correct monsters talking about for my

2
00:00:27,810 --> 00:00:23,830
man yes for I am a dog man party too so

3
00:00:31,140 --> 00:00:27,820
this is part two of the man dog dog man

4
00:00:33,540 --> 00:00:31,150
okay um the werewolf like creature if

5
00:00:34,950 --> 00:00:33,550
you will now we had talked about number

6
00:00:37,889 --> 00:00:34,960
encounters last week this week only

7
00:00:41,009 --> 00:00:37,899
getting more some of the stranger ones

8
00:00:43,139 --> 00:00:41,019
more aware you see kind of special

9
00:00:47,879 --> 00:00:43,149
abilities and invulnerability

10
00:00:49,500 --> 00:00:47,889
superpowers kind of but more of I guess

11
00:00:53,189 --> 00:00:49,510
not being affected by a ball it would be

12
00:00:55,229 --> 00:00:53,199
a superpower hell yeah man so I'm gonna

13
00:00:57,029 --> 00:00:55,239

be office in these cases let me get a

14

00:00:59,819 --> 00:00:57,039

few min here's might be a little lengthy

15

00:01:02,669 --> 00:00:59,829

but I got a lot of notes but so I mean

16

00:01:05,100 --> 00:01:02,679

off with a 2007 sighting near Selma

17

00:01:06,600 --> 00:01:05,110

Alabama a man was fishing in a shallow

18

00:01:08,520 --> 00:01:06,610

river he like waiters on you know kind

19

00:01:11,310 --> 00:01:08,530

of like fly fishing with his dog was

20

00:01:14,040 --> 00:01:11,320

frolicking about so here's the sound of

21

00:01:16,380 --> 00:01:14,050

a behind him and what he saw was a

22

00:01:17,760 --> 00:01:16,390

upright dog man waiting towards him in

23

00:01:19,410 --> 00:01:17,770

the water and his friend is ready to

24

00:01:24,330 --> 00:01:19,420

attack his dog that was nearby and

25

00:01:26,610 --> 00:01:24,340

Michaela water what he did was he

26

00:01:29,520 --> 00:01:26,620

pulled out in his epistle enemy fired at

27

00:01:31,620 --> 00:01:29,530

the dog man multiple times and he was

28

00:01:33,570 --> 00:01:31,630

close and close enough proximity to it

29

00:01:35,280 --> 00:01:33,580

he was damn near jury hit hit the

30

00:01:39,270 --> 00:01:35,290

creature cuz he departed to fired up the

31

00:01:41,220 --> 00:01:39,280

chest the dog man did was it simply did

32

00:01:43,710 --> 00:01:41,230

an about-face and walk into the woods

33

00:01:45,300 --> 00:01:43,720

while still seeing an upright as far as

34

00:01:46,770 --> 00:01:45,310

a man could tell is that it had no sign

35

00:01:48,480 --> 00:01:46,780

of injury wasn't limping or anything and

36

00:01:51,780 --> 00:01:48,490

you could see no blood in the water or

37

00:01:54,420 --> 00:01:51,790

on the shore did you silver bullets if

38

00:01:57,240 --> 00:01:54,430

ya fired more than once it wasn't

39

00:01:59,460 --> 00:01:57,250

specific silver bullets no I thought he

40

00:02:01,590 --> 00:01:59,470

said did he fire several bullets no not

41

00:02:04,080 --> 00:02:01,600

used silver bullets well then that's his

42

00:02:08,869 --> 00:02:04,090

mistake that's dealt with these

43

00:02:11,040 --> 00:02:08,879

creatures before you used silver go on

44

00:02:14,670 --> 00:02:11,050

yeah that meanness how you put my their

45

00:02:16,500 --> 00:02:14,680

misery right yeah so there was another

46

00:02:18,420 --> 00:02:16,510

encounter but this was in Missouri we

47

00:02:19,630 --> 00:02:18,430

just lots of dog me encounters all over

48

00:02:21,460 --> 00:02:19,640

the country or man dogs

49

00:02:23,170 --> 00:02:21,470

are you sorry don't be sued by yeah we

50

00:02:25,930 --> 00:02:23,180

want to offend them they get triggered

51
00:02:28,960 --> 00:02:25,940
when you calm dog man they're mad dog

52
00:02:31,660 --> 00:02:28,970
yes so this is an eyewitness account of

53
00:02:36,010 --> 00:02:31,670
the Godfrey book American monsters using

54
00:02:38,980 --> 00:02:36,020
a lot of so so apparently two months ago

55
00:02:40,120 --> 00:02:38,990
this is the witnesses writing in we

56
00:02:41,920 --> 00:02:40,130
witnessed what we've come to believe is

57
00:02:44,170 --> 00:02:41,930
a dog man or a skinwalker which I'll

58
00:02:46,810 --> 00:02:44,180
bring up later that once spotted us and

59
00:02:49,510 --> 00:02:46,820
uh interns started hunting these two

60
00:02:51,010 --> 00:02:49,520
witnesses and now that what they saw was

61
00:02:52,479 --> 00:02:51,020
a little over six feet tall with skinny

62
00:02:54,699 --> 00:02:52,489
frames and then it was extremely

63
00:02:57,940 --> 00:02:54,709

aggressive how long dog lights snout on

64

00:03:00,250 --> 00:02:57,950

his face and then it approached they did

65

00:03:01,990 --> 00:03:00,260

shoot at it and they were nearly certain

66

00:03:04,300 --> 00:03:02,000

that they'd hit they carry a sidearm

67

00:03:09,070 --> 00:03:04,310

these two people were out hiking in the

68

00:03:12,040 --> 00:03:09,080

area sorry it was a bar in Missouri now

69

00:03:13,270 --> 00:03:12,050

he paralyzed by the author of the letter

70

00:03:15,340 --> 00:03:13,280

her head said they never dream of

71

00:03:17,259 --> 00:03:15,350

hurting a Bigfoot but both Joe and I

72

00:03:18,520 --> 00:03:17,269

know you're in this we felt they were

73

00:03:20,680 --> 00:03:18,530

prey at this point as it kept coming

74

00:03:24,009 --> 00:03:20,690

towards them even the direction of from

75

00:03:25,660 --> 00:03:24,019

the flashlight even in the direct light

76
00:03:27,880 --> 00:03:25,670
from the flashlight rather limited it

77
00:03:29,590 --> 00:03:27,890
was illuminated and said what the chart

78
00:03:31,990 --> 00:03:29,600
of the smell was a very strong odor of

79
00:03:34,750 --> 00:03:32,000
hey like he had been holed up in a

80
00:03:35,979 --> 00:03:34,760
remote barn we did track it after I shot

81
00:03:38,410 --> 00:03:35,989
it and tracked as far as we could

82
00:03:41,470 --> 00:03:38,420
possibly go without um the track i do to

83
00:03:44,020 --> 00:03:41,480
his blood trail how are they tracking it

84
00:03:45,990 --> 00:03:44,030
um footprints footprint okay broken

85
00:03:49,030 --> 00:03:46,000
branches stuff like that canal your

86
00:03:50,410 --> 00:03:49,040
track a deer a deer trail and apparently

87
00:03:52,120 --> 00:03:50,420
found word filled out twice and must

88
00:03:55,210 --> 00:03:52,130

have reached to grab something sister

89

00:03:57,069 --> 00:03:55,220

leaves or grass they did hear it as it

90

00:03:59,830 --> 00:03:57,079

fell ahead of them but the they found is

91

00:04:01,920 --> 00:03:59,840

very large one and a half a seven and

92

00:04:06,670 --> 00:04:01,930

one-half inch canine tracks in the dirt

93

00:04:08,800 --> 00:04:06,680

hmm seven and a half inch canine tracks

94

00:04:11,110 --> 00:04:08,810

well you know seven seconds seven and a

95

00:04:16,840 --> 00:04:11,120

half inch of buggy footprint yeah that's

96

00:04:18,009 --> 00:04:16,850

a pretty goddamn big dog Wow okay and

97

00:04:22,870 --> 00:04:18,019

then what they did remark it was a

98

00:04:26,370 --> 00:04:22,880

bipedal now I mean just there's some

99

00:04:30,310 --> 00:04:26,380

other unfeeling got two more cases and

100

00:04:32,350 --> 00:04:30,320

but uh the similar incident happened in

101
00:04:33,430 --> 00:04:32,360
the Jefferson Parish Louisiana november

102
00:04:37,030 --> 00:04:33,440
two thousand twelve loss

103
00:04:40,000 --> 00:04:37,040
recently 2013 2012 and another 2012 one

104
00:04:42,220 --> 00:04:40,010
so keeping the eye keep your eyes out

105
00:04:43,780 --> 00:04:42,230
for a dog man out there but there's a

106
00:04:45,880 --> 00:04:43,790
hunter he had taken their dog with them

107
00:04:47,140 --> 00:04:45,890
to a field to look for deer in feral

108
00:04:50,110 --> 00:04:47,150
pigs in the middle of the field was a

109
00:04:52,110 --> 00:04:50,120
broadcast in Tower something like a TV

110
00:04:55,000 --> 00:04:52,120
or cell phone tower was in this field

111
00:04:56,320 --> 00:04:55,010
apparently once there's a decent amount

112
00:04:59,040 --> 00:04:56,330
of paranormal sightings around the

113
00:05:01,420 --> 00:04:59,050

broadcast locations and the wilderness

114

00:05:05,380 --> 00:05:01,430

so what was stated we in right now

115

00:05:07,390 --> 00:05:05,390

Louisiana Louisiana okay so just as the

116

00:05:10,210 --> 00:05:07,400

hunter and his dog reach a tower on the

117

00:05:12,010 --> 00:05:10,220

dog froze tackles and this back stood up

118

00:05:14,050 --> 00:05:12,020

and the dog was trembling and growling

119

00:05:16,360 --> 00:05:14,060

you fall asleep dog shriek out turn

120

00:05:18,370 --> 00:05:16,370

sticks up and they get super aggressive

121

00:05:19,840 --> 00:05:18,380

and they had heard a growl something

122

00:05:21,280 --> 00:05:19,850

growled back and he shined the light in

123

00:05:22,870 --> 00:05:21,290

this direction but he saw was a creature

124

00:05:24,070 --> 00:05:22,880

about 30 feet away from them had bright

125

00:05:26,470 --> 00:05:24,080

yellow eyes if she have seen a lot of

126
00:05:28,870 --> 00:05:26,480
these creatures have talked about seven

127
00:05:32,680 --> 00:05:28,880
feet tall on two legs dark fur with a

128
00:05:34,360 --> 00:05:32,690
few gray spots now the author did note

129
00:05:36,280 --> 00:05:34,370
here this is for you Mike in the refer

130
00:05:37,720 --> 00:05:36,290
two heads him as when the witness wrote

131
00:05:39,550 --> 00:05:37,730
in they refer to the animal as him

132
00:05:42,790 --> 00:05:39,560
because it did have male genitalia talk

133
00:05:46,030 --> 00:05:42,800
yes dude it is about time yeah biggest

134
00:05:49,659 --> 00:05:46,040
question it has some big or how small

135
00:05:53,140 --> 00:05:49,669
but it's there nice that's all I needed

136
00:05:58,480 --> 00:05:53,150
to know it had genitalia ho great inches

137
00:06:00,130 --> 00:05:58,490
at least nice and fat so at this point

138
00:06:05,350 --> 00:06:00,140

the men began to back away slowly and

139

00:06:06,940 --> 00:06:05,360

masturbating furiously that's my own

140

00:06:10,420 --> 00:06:06,950

take McCoy is actually the masturbating

141

00:06:13,780 --> 00:06:10,430

bear but uh so the band back to Andrews

142

00:06:15,190 --> 00:06:13,790

pistol creature then at that point got a

143

00:06:18,070 --> 00:06:15,200

nose full all fours and ran into the

144

00:06:20,170 --> 00:06:18,080

woods and as he began to I guess retreat

145

00:06:21,670 --> 00:06:20,180

back to his vehicle I hear crashing

146

00:06:23,409 --> 00:06:21,680

through the woods and pump out and he

147

00:06:24,909 --> 00:06:23,419

open behind him creature was close

148

00:06:27,460 --> 00:06:24,919

enough that he said he could have left

149

00:06:30,670 --> 00:06:27,470

at him so i'm guessing within ended 15

150

00:06:33,580 --> 00:06:30,680

feet fired off a shot which you certain

151

00:06:35,920 --> 00:06:33,590

that his chest creature stumbled back

152

00:06:37,180 --> 00:06:35,930

and ran into the woods now the man after

153

00:06:39,010 --> 00:06:37,190

this drove home it didn't call the

154

00:06:42,520 --> 00:06:39,020

authorities because as it is illegal to

155

00:06:44,350 --> 00:06:42,530

shine deer or hogs at night in louisiana

156

00:06:45,399 --> 00:06:44,360

shining is hunting by flashlight at

157

00:06:47,659 --> 00:06:45,409

night man

158

00:06:50,110 --> 00:06:47,669

to get another instance of well this

159

00:06:52,490 --> 00:06:50,120

wasn't either one of those creatures

160

00:06:55,040 --> 00:06:52,500

it's totally separate I think you're

161

00:06:56,779 --> 00:06:55,050

allowed to shoot a man dog that's what

162

00:06:58,670 --> 00:06:56,789

at you'd have to probably have it have

163

00:07:00,409 --> 00:06:58,680

to be jury trial had a giant is

164

00:07:02,390 --> 00:07:00,419

coming straight at me yeah you know they

165

00:07:04,339 --> 00:07:02,400

could do with that yeah it'll left on me

166

00:07:07,999 --> 00:07:04,349

you know you mean I won't take him to

167

00:07:10,550 --> 00:07:08,009

the glory hole down down the road how

168

00:07:13,610 --> 00:07:10,560

tall I say this thing was like 7 foot 7

169

00:07:16,550 --> 00:07:13,620

foot yeah counter 6 to 7 feet and a lot

170

00:07:19,490 --> 00:07:16,560

of man bats for that tall yeah the who

171

00:07:22,040 --> 00:07:19,500

else a goat man great men yeah good men

172

00:07:25,689 --> 00:07:22,050

would come in and what else was that

173

00:07:27,950 --> 00:07:25,699

tall that we've covered Bigfoot Bigfoot

174

00:07:31,040 --> 00:07:27,960

obviously a little dog it might have

175

00:07:32,959 --> 00:07:31,050

been around six to five feet yeah also

176

00:07:35,839 --> 00:07:32,969

the flatwoods monster was quite large

177

00:07:38,839 --> 00:07:35,849

yeah they're all abnormally large

178

00:07:41,659 --> 00:07:38,849

creatures that try to terrorize

179

00:07:44,059 --> 00:07:41,669

neighborhoods and this is the same kind

180

00:07:45,469 --> 00:07:44,069

of story very very similar to the ones

181

00:07:47,029 --> 00:07:45,479

we've heard over and over again that

182

00:07:49,249 --> 00:07:47,039

there's some weird creatures out

183

00:07:51,019 --> 00:07:49,259

there and these newest sightings are

184

00:07:54,050 --> 00:07:51,029

they're not old they're fairly recent

185

00:07:56,629 --> 00:07:54,060

within the past 10 years and the I guess

186

00:07:58,939 --> 00:07:56,639

that's best case here i have was a

187

00:08:00,920 --> 00:07:58,949

husband and wife a crap crowsnest pass

188

00:08:04,580 --> 00:08:00,930

in alberta canada has happened in

189

00:08:06,860 --> 00:08:04,590

december 2012 and they're out cross go

190

00:08:09,170 --> 00:08:06,870

cross-country skiing near a remote Road

191

00:08:10,760 --> 00:08:09,180

month i guess the wilderness and they

192

00:08:12,559 --> 00:08:10,770

noticed extremely large wolfstein in

193

00:08:14,480 --> 00:08:12,569

near the tree line where they were at

194

00:08:16,010 --> 00:08:14,490

and the creature stood about three and a

195

00:08:17,600 --> 00:08:16,020

half feet tall and four legs that's

196

00:08:20,719 --> 00:08:17,610

three happy on when it was on four legs

197

00:08:24,559 --> 00:08:20,729

so it's a pretty big dog wolf yeah

198

00:08:25,939 --> 00:08:24,569

it is the creature stood there in the

199

00:08:28,219 --> 00:08:25,949

green nervous as the creature is looking

200

00:08:30,189 --> 00:08:28,229

directly at them and following their

201
00:08:32,719 --> 00:08:30,199
movement along with its kind of hazing

202
00:08:34,069 --> 00:08:32,729
and the husband done slinging is 22

203
00:08:35,480 --> 00:08:34,079
rifle and shot in the creatures

204
00:08:36,829 --> 00:08:35,490
direction he ain to the ground just

205
00:08:41,149 --> 00:08:36,839
trying to scare it off thought it was

206
00:08:42,290 --> 00:08:41,159
just a big wolf big coyote burying the

207
00:08:44,300 --> 00:08:42,300
creature looked at the ground where a

208
00:08:47,000 --> 00:08:44,310
shot and began to growl look at the

209
00:08:48,290 --> 00:08:47,010
creatures face i guess it implied it or

210
00:08:50,090 --> 00:08:48,300
they got the feeling of this that it

211
00:08:51,819 --> 00:08:50,100
knew the rifle was too small a caliber

212
00:08:54,949 --> 00:08:51,829
to kill it in one shot or do much damage

213
00:08:56,840 --> 00:08:54,959

now the husband fired again right next

214

00:08:58,560 --> 00:08:56,850

to it hitting a tree and at this point

215

00:09:00,510 --> 00:08:58,570

the creature stood up on two legs

216

00:09:02,400 --> 00:09:00,520

and the creature began to growl fairly

217

00:09:05,700 --> 00:09:02,410

law loudly inside of the movements job

218

00:09:07,380 --> 00:09:05,710

and down hmm it also places one of its

219

00:09:10,850 --> 00:09:07,390

hands and loans I guess upper you know

220

00:09:13,170 --> 00:09:10,860

leg arms onto the tree that they'd shot

221

00:09:14,550 --> 00:09:13,180

yeah this point the husband cracked off

222

00:09:15,840 --> 00:09:14,560

three shots in quick succession which

223

00:09:17,400 --> 00:09:15,850

appeared he aimed at the creature this

224

00:09:19,140 --> 00:09:17,410

time in which one think he would have

225

00:09:22,490 --> 00:09:19,150

hit it the way how he was aiming where

226

00:09:25,260 --> 00:09:22,500

was the center of mass and at this point

227

00:09:27,390 --> 00:09:25,270

creature how and ran into the woods this

228

00:09:29,640 --> 00:09:27,400

after the creature fled into the woods

229

00:09:31,830 --> 00:09:29,650

the husband-wife began to flee back

230

00:09:33,240 --> 00:09:31,840

towards their vehicle and as they

231

00:09:34,290 --> 00:09:33,250

retreated towards a vehicle they could

232

00:09:38,100 --> 00:09:34,300

hear something coming through the woods

233

00:09:40,350 --> 00:09:38,110

uh in the distance behind them this kind

234

00:09:43,890 --> 00:09:40,360

of reminded me uh near the skinwalker

235

00:09:45,720 --> 00:09:43,900

ranch book while you yeah I remember

236

00:09:47,940 --> 00:09:45,730

when you would went over it he meant

237

00:09:50,550 --> 00:09:47,950

with the skinwalker thing Yeah Yeah

238

00:09:52,380 --> 00:09:50,560

right so in the wolf creatures there

239

00:09:53,550 --> 00:09:52,390

were those giant hug wolf gangly the

240

00:09:55,260 --> 00:09:53,560

wolf creatures of the security guard

241

00:09:59,490 --> 00:09:55,270

shot at and he really didn't faze him oh

242

00:10:01,080 --> 00:09:59,500

yeah now do you remember when I earlier

243

00:10:03,390 --> 00:10:01,090

in that lever they'd find me Oh coyote

244

00:10:05,420 --> 00:10:03,400

tracks outside their bedroom windows and

245

00:10:08,880 --> 00:10:05,430

see paw prints up on the glass and stuff

246

00:10:10,920 --> 00:10:08,890

yeah kind of how they'd go from 4 to 24

247

00:10:14,060 --> 00:10:10,930

legs like that we're talking about a

248

00:10:17,790 --> 00:10:14,070

metamorphosis a changeling in some way

249

00:10:20,870 --> 00:10:17,800

changeling or yak maybe not a changeling

250

00:10:24,210 --> 00:10:20,880

but more like a werewolf werewolf yeah

251
00:10:26,310 --> 00:10:24,220
and also the the guards but before has

252
00:10:29,880 --> 00:10:26,320
overtaken by the presumably skinwalker

253
00:10:33,030 --> 00:10:29,890
said he smelled that dark musky wet you

254
00:10:34,350 --> 00:10:33,040
know dog barn smell which had the case

255
00:10:36,030 --> 00:10:34,360
in our case had talked about earlier had

256
00:10:37,650 --> 00:10:36,040
also smelled that same thing so there is

257
00:10:39,090 --> 00:10:37,660
definitely a lot of there's some

258
00:10:41,160 --> 00:10:39,100
similarities here between as I saw in

259
00:10:42,600 --> 00:10:41,170
skinwalker the skinwalker ranch book

260
00:10:45,510 --> 00:10:42,610
that red and this case here in

261
00:10:47,430 --> 00:10:45,520
particular now to finish that one out

262
00:10:49,440 --> 00:10:47,440
the wife had her cell phone on her and

263
00:10:51,810 --> 00:10:49,450

she thought to take a picture but the

264

00:10:53,160 --> 00:10:51,820

creature she said she thought she know

265

00:10:54,480 --> 00:10:53,170

she thought I'd her she had a feeling

266

00:10:55,820 --> 00:10:54,490

the creature would kill both heard her

267

00:10:58,320 --> 00:10:55,830

husband if she taking a picture

268

00:11:00,570 --> 00:10:58,330

apparently this is a common feeling that

269

00:11:03,140 --> 00:11:00,580

happens to witnesses of the dogmen and

270

00:11:05,310 --> 00:11:03,150

also have his witnesses of other

271

00:11:06,480 --> 00:11:05,320

cryptids I've read about so far or

272

00:11:08,820 --> 00:11:06,490

they've gotten that an uneasy feeling

273

00:11:10,590 --> 00:11:08,830

where they shouldn't be watching this

274

00:11:11,650 --> 00:11:10,600

like that happened with I guess the

275

00:11:14,610 --> 00:11:11,660

mockmen or

276

00:11:16,990 --> 00:11:14,620

no who today dude was that Mothman

277

00:11:18,880 --> 00:11:17,000

Ornelas dog man the last time I did dog

278

00:11:20,530 --> 00:11:18,890

man the West Virginia one I talked about

279

00:11:24,100 --> 00:11:20,540

they got the uneasy feeling and same

280

00:11:25,390 --> 00:11:24,110

with the Batman baton Wisconsin also he

281

00:11:26,800 --> 00:11:25,400

looked up and kind of like creature

282

00:11:31,030 --> 00:11:26,810

implied Tim's like you shouldn't be

283

00:11:32,710 --> 00:11:31,040

seeing this and many other witnesses

284

00:11:35,170 --> 00:11:32,720

also implied that they thought you know

285

00:11:36,820 --> 00:11:35,180

he thought that this creature could jump

286

00:11:40,990 --> 00:11:36,830

into their vehicle at any times if it's

287

00:11:43,450 --> 00:11:41,000

so desired and it is also described

288

00:11:45,010 --> 00:11:43,460

guess many Bigfoot cases as well and

289

00:11:46,630 --> 00:11:45,020

there's also many accounts of Enoch

290

00:11:48,700 --> 00:11:46,640

contact easy lane abductees who receive

291

00:11:50,410 --> 00:11:48,710

these club till telepathic messages and

292

00:11:52,930 --> 00:11:50,420

communication from extraterrestrials and

293

00:11:54,760 --> 00:11:52,940

just end I guess in the extra truck kill

294

00:11:56,680 --> 00:11:54,770

note I have one little abduction story

295

00:12:02,380 --> 00:11:56,690

it's way better hold on how does that

296

00:12:03,910 --> 00:12:02,390

relate to this man dog or anything well

297

00:12:05,410 --> 00:12:03,920

just a commonality across I guess

298

00:12:06,760 --> 00:12:05,420

cryptids that I we've read about are

299

00:12:09,370 --> 00:12:06,770

discussing the show they've had kind of

300

00:12:11,200 --> 00:12:09,380

this telepathic abilities or able to

301
00:12:13,300 --> 00:12:11,210
make you feel these feelings like you

302
00:12:17,440 --> 00:12:13,310
shouldn't be watching them yes okay yeah

303
00:12:19,300 --> 00:12:17,450
power us again stir things like that but

304
00:12:23,740 --> 00:12:19,310
how I guess the dogmen might tie in with

305
00:12:28,380 --> 00:12:23,750
ETS now this was the 1978 abduction of

306
00:12:30,550 --> 00:12:28,390
John and Elaine Avis and they were

307
00:12:33,430 --> 00:12:30,560
abducted from their family car while

308
00:12:35,560 --> 00:12:33,440
driving near even in your Essex in

309
00:12:36,730 --> 00:12:35,570
England and they described what had

310
00:12:39,490 --> 00:12:36,740
adducted them that the creatures

311
00:12:41,110 --> 00:12:39,500
described both by John and Elaine you

312
00:12:42,760 --> 00:12:41,120
not fit the classic gray category in

313
00:12:44,770 --> 00:12:42,770

fact both the abductees reported that

314

00:12:46,450 --> 00:12:44,780

the work was done by a small hairy

315

00:12:50,850 --> 00:12:46,460

little beast that is more reminiscent of

316

00:12:57,340 --> 00:12:53,740

now we have alien werewolf lying around

317

00:12:59,610 --> 00:12:57,350

abducting people son of a I know

318

00:13:02,740 --> 00:12:59,620

with all the earth going around please

319

00:13:06,580 --> 00:13:02,750

do these werewolves care that milana

320

00:13:08,290 --> 00:13:06,590

Trump plagiarized for speech um the mall

321

00:13:10,330 --> 00:13:08,300

these stories were from 2012 okay they

322

00:13:13,600 --> 00:13:10,340

don't know about it yet clear in 2008 i

323

00:13:15,510 --> 00:13:13,610

moind bet if we have finds in

324

00:13:17,920 --> 00:13:15,520

2016 sightings here from the last week

325

00:13:20,530 --> 00:13:17,930

probably be pretty pissed yeah sure they

326

00:13:23,680 --> 00:13:20,540

would be stealing our jobs is that the

327

00:13:24,519 --> 00:13:23,690

last thing you got that's it form and

328

00:13:29,810 --> 00:13:24,529

all

329

00:13:32,840 --> 00:13:29,820

alright well thank you very much we

330

00:13:34,550 --> 00:13:32,850

kitchen stories let's take a little

331

00:13:38,090 --> 00:13:34,560

break here them to come back with some

332

00:13:39,710 --> 00:13:38,100

conspiracy run down and then we can get
