00:00:16,580 --> 00:00:14,030

or this vlog i'll be talking about the

5
00:00:27,410 --> 00:00:24,449
our big dumb mouth podcast a video game

6
00:00:29,900 --> 00:00:27,420
i have recently blade and a television

7
00:00:33,100 --> 00:00:29,910
series or i don't know the television

8
00:00:36,380 --> 00:00:33,110
series it's a streaming series on hulu

9
00:00:39,530 --> 00:00:36,390
for those of you who have subscribed to

10
00:00:41,780 --> 00:00:39,540
channel happen by this video I hosts a

11
00:00:45,229 --> 00:00:41,790
podcast called our big dumb mouth we

12
00:00:50,000 --> 00:00:45,239
cover news conspiracies paranormal stuff

13
00:00:51,939 --> 00:00:50,010

all the like crazy crap and what we've

14

00:00:54,910 --> 00:00:51,949

been doing it for about 10 years and

15

00:00:56,930 --> 00:00:54,920

recently I would say probably the past

16

00:00:59,599 --> 00:00:56,940

what that maybe three or four months

17

00:01:01,760 --> 00:00:59,609

we've had a lot more skype guest people

18

00:01:04,219 --> 00:01:01,770

would call in rape james evan pilato

19

00:01:05,570 --> 00:01:04,229

from New World next week media monarchy

20

00:01:08,210 --> 00:01:05,580

called in we had a nice hour-long

21

00:01:10,820 --> 00:01:08,220

conversation we had a person who runs

22

00:01:14,660 --> 00:01:10,830

the mocs news on youtube channel he does

23

00:01:17,149 --> 00:01:14,670

a lot of archival stuff will comb news

24

00:01:18,620 --> 00:01:17,159

footage and CNN seeing him footage and

25

00:01:20,240 --> 00:01:18,630

all that kind of stuff and repost it to

26

00:01:22,820 --> 00:01:20,250

youtube a lot of interesting

27

00:01:25,730 --> 00:01:22,830

conversations and if you listen to the

28

00:01:28,850 --> 00:01:25,740

past few podcast we've had very little

29

00:01:31,190 --> 00:01:28,860

call in a lot of very few interviews and

30

00:01:32,810 --> 00:01:31,200

I it's it's not like it's we couldn't

31

00:01:34,999 --> 00:01:32,820

find any more people to talk to you we

32

00:01:37,880 --> 00:01:35,009

just kind of decided to roll back the

33

00:01:40,819 --> 00:01:37,890

interviews a little bit because I feel

34

00:01:42,740 --> 00:01:40,829

as though some of our stronger shows are

35

00:01:45,319 --> 00:01:42,750

when we don't have anybody on it's just

36

00:01:47,450 --> 00:01:45,329

when it is myself Joe and clown baby

37

00:01:49,069 --> 00:01:47,460

talking about the news goofing around

38

00:01:51,020 --> 00:01:49,079

and trying to make each other laugh I

39

00:01:54,170 --> 00:01:51,030

think some of those are our strongest

40

00:01:56,840 --> 00:01:54,180

shows and that why is why we haven't

41

00:01:58,760 --> 00:01:56,850

asked a any more people on early it's a

42

00:02:01,580 --> 00:01:58,770

it's not like that the interviews are

43

00:02:03,350 --> 00:02:01,590

boring or not informative it's just it's

44

00:02:05,840 --> 00:02:03,360

a dramatic turn from what we've done in

45

00:02:09,550 --> 00:02:05,850

the past 10 years having people come on

46

00:02:12,170 --> 00:02:09,560

to talk about a specific item of news

47

00:02:13,550 --> 00:02:12,180

interesting that might be something like

48

00:02:16,490 --> 00:02:13,560

a different podcast

49

00:02:18,740 --> 00:02:16,500

and that may be a separate show I would

50

00:02:21,229 --> 00:02:18,750

definitely have a second show if the

51
00:02:23,420 --> 00:02:21,239
downloads worn it but as of right now is

52
00:02:27,800 --> 00:02:23,430
it's good it looks like we're gonna have

53
00:02:31,250 --> 00:02:27,810
a lot fewer skypeing guests with that

54
00:02:35,780 --> 00:02:31,260
being said though um I've been holding

55
00:02:37,670 --> 00:02:35,790
this drink I probably should drink it I

56
00:02:42,979 --> 00:02:37,680
got a little boogie hair down there my

57
00:02:46,160 --> 00:02:42,989
dog with that being said I am talking to

58
00:02:49,070 --> 00:02:46,170
Greg Carl would of higher side chats the

59
00:02:52,940 --> 00:02:49,080
higher sides chance the podcast a very

60
00:02:55,910 --> 00:02:52,950
popular podcast about paranormal topics

61
00:03:01,370 --> 00:02:55,920
conspiracy theories secret societies

62
00:03:03,710 --> 00:03:01,380
magic rituals all that crazy [h__h] and he

63
00:03:07,400 --> 00:03:03,720

goes Greg he goes pretty deep with it he

64

00:03:09,229 --> 00:03:07,410

uh he has a lot of people on issue he

65

00:03:10,430 --> 00:03:09,239

does he is primarily from what I've

66

00:03:13,430 --> 00:03:10,440

heard I've listened to quite a few

67

00:03:16,520 --> 00:03:13,440

episodes it's an interview show and so

68

00:03:18,229 --> 00:03:16,530

he can spend that an hour hour and a

69

00:03:20,539 --> 00:03:18,239

half talking about one particular

70

00:03:23,390 --> 00:03:20,549

subject and he does it very well and he

71

00:03:25,610 --> 00:03:23,400

tends to go very deep which with each

72

00:03:28,130 --> 00:03:25,620

subject that he tackles I think the one

73

00:03:29,990 --> 00:03:28,140

of the most recent episodes he had a

74

00:03:33,949 --> 00:03:30,000

fellow Ondine remember his name he had a

75

00:03:36,770 --> 00:03:33,959

fella and they're talking about the the

76
00:03:39,170 --> 00:03:36,780
entertainment business the entertainment

77
00:03:41,900 --> 00:03:39,180
industry and some of the conspiracies

78
00:03:45,319 --> 00:03:41,910
around that and and the the nefarious

79
00:03:47,210 --> 00:03:45,329
nature of doing business with the

80
00:03:49,220 --> 00:03:47,220
entertainer industry pretty interesting

81
00:03:51,530 --> 00:03:49,230
so I'm looking forward to talking to

82
00:03:54,170 --> 00:03:51,540
Greg and hopefully we'll be able to line

83
00:03:56,090 --> 00:03:54,180
that up this next month in September

84
00:03:58,849 --> 00:03:56,100
after that maybe we'll have one

85
00:04:05,960 --> 00:03:58,859
interview a month oh no it depends on

86
00:04:08,780 --> 00:04:05,970
what we feel like I downloaded titanfall

87
00:04:11,629 --> 00:04:08,790
to the tech test I guess is testing the

88
00:04:13,670 --> 00:04:11,639

network stress and how well it performs

89

00:04:16,220 --> 00:04:13,680

on people's councils it you can only

90

00:04:19,190 --> 00:04:16,230

download I believe for Xbox one

91

00:04:22,310 --> 00:04:19,200

and ps4 and I download it because I was

92

00:04:25,850 --> 00:04:22,320

a big fan okay not a big fan I was a

93

00:04:28,280 --> 00:04:25,860

lukewarm band of titanfall one this is a

94

00:04:30,710 --> 00:04:28,290

game where you're a pilot you can jump

95

00:04:32,120 --> 00:04:30,720

into a giant mech kind of like robotech

96

00:04:35,330 --> 00:04:32,130

or mechwarrior and then you can go

97

00:04:37,970 --> 00:04:35,340

around the map and try to destroy your

98

00:04:39,710 --> 00:04:37,980

enemies it's like its exact like hall

99

00:04:41,180 --> 00:04:39,720

duty but with robots and there's some

100

00:04:42,800 --> 00:04:41,190

there's some more dynamic gameplay

101
00:04:45,410 --> 00:04:42,810
because your characters gonna run and

102
00:04:48,320 --> 00:04:45,420
jump and all that kind of stuff now I

103
00:04:49,970 --> 00:04:48,330
like titanfall one but then the dlc came

104
00:04:52,730 --> 00:04:49,980
out I couldn't keep up and the sooner or

105
00:04:54,140 --> 00:04:52,740
later I you can't do to you can't play

106
00:04:56,030 --> 00:04:54,150
with people because you don't have you

107
00:04:57,320 --> 00:04:56,040
didn't have the newest maps I think

108
00:05:01,160 --> 00:04:57,330
they're fixing it this time around in

109
00:05:04,730 --> 00:05:01,170
titanfall 2 now during this test of

110
00:05:06,710 --> 00:05:04,740
titanfall 2 I was hoping that I would

111
00:05:09,680 --> 00:05:06,720
see some stuff that I wish they had in

112
00:05:12,800 --> 00:05:09,690
the first one mainly these mechs these

113
00:05:16,280 --> 00:05:12,810

giant robots that you're in should be

114

00:05:19,220 --> 00:05:16,290

able to destroy any person any other

115

00:05:21,620 --> 00:05:19,230

little pilot or guy on the screen in one

116

00:05:23,420 --> 00:05:21,630

to two shots it's like if you're if

117

00:05:25,040 --> 00:05:23,430

you're sitting in a battleship and if

118

00:05:27,740 --> 00:05:25,050

your battleship had legs and walking

119

00:05:30,230 --> 00:05:27,750

around firing giant 30 millimeter

120

00:05:32,750 --> 00:05:30,240

cannons at people would obliterate them

121

00:05:35,330 --> 00:05:32,760

but I'm like I didn't get that sense of

122

00:05:38,030 --> 00:05:35,340

destruction and complete overall niall

123

00:05:40,100 --> 00:05:38,040

ation in titanfall one I certain I'm not

124

00:05:43,400 --> 00:05:40,110

getting in titanfall 2 i'm not seeing

125

00:05:45,170 --> 00:05:43,410

that that scale of destruction it should

126

00:05:46,880 --> 00:05:45,180

be almost complete that should be part

127

00:05:48,950 --> 00:05:46,890

of the challenge of the game the APNIC

128

00:05:51,380 --> 00:05:48,960

getting along these badass max should be

129

00:05:53,540 --> 00:05:51,390

able to wall up and destroy anything you

130

00:05:56,330 --> 00:05:53,550

see yeah I don't see it happening I

131

00:05:58,550 --> 00:05:56,340

understand they have to worry about game

132

00:06:00,860 --> 00:05:58,560

balance and that kind of stuff I just

133

00:06:02,720 --> 00:06:00,870

haven't seen it yet another issue I had

134

00:06:04,610 --> 00:06:02,730

with titanfall one that I was hoping

135

00:06:07,370 --> 00:06:04,620

that they would address in titanfall 2

136

00:06:09,080 --> 00:06:07,380

is the fact that these these mix like I

137

00:06:12,570 --> 00:06:09,090

said they're giant their mammoth I'm

138

00:06:14,850 --> 00:06:12,580

gonna say they will they weigh well over

139

00:06:18,990 --> 00:06:14,860

two pounds well over that secret giant

140

00:06:21,809 --> 00:06:19,000

and with an enormous size if they happen

141

00:06:23,850 --> 00:06:21,819

to run into a wall or building it should

142

00:06:27,179 --> 00:06:23,860

create some kind of structural damage

143

00:06:29,339 --> 00:06:27,189

and that structural damage to building

144

00:06:31,140 --> 00:06:29,349

they can fall they would rearrange the

145

00:06:33,510 --> 00:06:31,150

map kind of like what happens in

146

00:06:35,249 --> 00:06:33,520

battlefield when they're you can blow up

147

00:06:37,920 --> 00:06:35,259

buildings in battlefield especially in

148

00:06:40,800 --> 00:06:37,930

in bad company 2 you can completely

149

00:06:45,149 --> 00:06:40,810

level the map if you wanted to I'm not

150

00:06:47,760 --> 00:06:45,159

seeing that in titanfall 2 I understand

151

00:06:49,170 --> 00:06:47,770

that they're using a different gaming

152

00:06:51,659 --> 00:06:49,180

engine I think you're still using the

153

00:06:53,850 --> 00:06:51,669

source engine battlefield have the

154

00:06:56,939 --> 00:06:53,860

Frostbite engine I just think it's a

155

00:06:58,860 --> 00:06:56,949

misstep when when they had a couple

156

00:07:01,110 --> 00:06:58,870

years to develop this and they're not

157

00:07:04,439 --> 00:07:01,120

adding that level of destruction into

158

00:07:07,980 --> 00:07:04,449

the game it still feels and it kind of

159

00:07:10,230 --> 00:07:07,990

plays like it's a like it was the very

160

00:07:11,640 --> 00:07:10,240

first day and they put out two years ago

161

00:07:14,159 --> 00:07:11,650

there's not that much difference they

162

00:07:16,920 --> 00:07:14,169

would it add a grappling hook okay that

163

00:07:19,100 --> 00:07:16,930

is some more weapons all right is it

164

00:07:21,930 --> 00:07:19,110

warrant sixty dollars from me to play

165

00:07:24,360 --> 00:07:21,940

probably not this point that guy I know

166

00:07:28,260 --> 00:07:24,370

I'm judging it on the two maps and the

167

00:07:30,450 --> 00:07:28,270

three modes that I played thus far yeah

168

00:07:31,839 --> 00:07:30,460

maybe that's unfair for me to do but

169

00:07:34,419 --> 00:07:31,849

this is all I have

170

00:07:36,549 --> 00:07:34,429

and I'm critiquing it as such I

171

00:07:40,029 --> 00:07:36,559

understand they said up front all the

172

00:07:42,189 --> 00:07:40,039

features and and little elements in this

173

00:07:44,320 --> 00:07:42,199

tech tests are not indicative of the

174

00:07:46,439 --> 00:07:44,330

final game so please don't judge it well

175

00:07:48,519 --> 00:07:46,449

guess what [\h__\h] I'm judging it

176

00:07:53,079 --> 00:07:48,529

because I'm disappointed just in the

177

00:07:55,959 --> 00:07:53,089

lack of destruction and the lack I'm

178

00:07:59,320 --> 00:07:55,969

disappointed with how easily if your

179

00:08:01,029 --> 00:07:59,330

Titan can be taken out by a stupid

180

00:08:03,699 --> 00:08:01,039

little man with a grappling hook it's on

181

00:08:06,040 --> 00:08:03,709

to a few takes out your you're exposed

182

00:08:07,749 --> 00:08:06,050

reactor core or your energy core and

183

00:08:10,119 --> 00:08:07,759

then throws a grenade in there you're

184

00:08:12,279 --> 00:08:10,129

your max it's almost better off like you

185

00:08:14,589 --> 00:08:12,289

don't have one so it seems like they're

186

00:08:16,929 --> 00:08:14,599

slow they're cumbersome they don't kill

187

00:08:18,850 --> 00:08:16,939

anything right away they can take a few

188

00:08:21,219 --> 00:08:18,860

damage but if you get teamed up on your

189

00:08:22,600 --> 00:08:21,229

[h__\h] I don't get I don't know that I

190

00:08:27,639 --> 00:08:22,610

don't know what the point of this game

191

00:08:29,350 --> 00:08:27,649

is I don't know what additional content

192

00:08:31,480 --> 00:08:29,360

they're bringing in titanfall to that

193

00:08:34,209 --> 00:08:31,490

wasn't really dressed in in titanfall

194

00:08:37,209 --> 00:08:34,219

one is this is titanfall to ten percent

195

00:08:40,779 --> 00:08:37,219

better twenty percent better maybe it

196

00:08:43,439 --> 00:08:40,789

could be but is it worth sixty dollars

197

00:08:46,360 --> 00:08:43,449

well they're adding a campaign this time

198

00:08:47,949 --> 00:08:46,370

last time they charged 60 bucks but

199

00:08:50,620 --> 00:08:47,959

maybe it was 50 bucks and they didn't

200

00:08:53,050 --> 00:08:50,630

have a single player campaign we'll see

201
00:08:57,019 --> 00:08:53,060

I'm just frustrated

202
00:09:00,110 --> 00:08:57,029

because I like the people at respawn I

203
00:09:01,960 --> 00:09:00,120

don't got one person but I like what

204
00:09:07,780 --> 00:09:01,970

they did with the call of duty series

205
00:09:10,910 --> 00:09:07,790

and I'm I'm hoping to get some of that

206
00:09:12,769 --> 00:09:10,920

innovation yeah in an innovation that

207
00:09:14,329 --> 00:09:12,779

they had with it with that series over

208
00:09:16,519 --> 00:09:14,339

here in titanfall but I'm not seeing

209
00:09:18,800 --> 00:09:16,529

that I'm seeing it's called duty but

210
00:09:20,690 --> 00:09:18,810

with the robots and a few other things

211
00:09:23,630 --> 00:09:20,700

is I understand they're trying to make

212
00:09:27,140 --> 00:09:23,640

it our arcade shooter and they want to

213
00:09:31,120 --> 00:09:27,150

make it fast and fun but I didn't find

214

00:09:37,820 --> 00:09:31,130

it fun it's not fun it's it's not funny

215

00:09:42,230 --> 00:09:37,830

didn't have a good time okay the last

216

00:09:48,829 --> 00:09:42,240

thing I want to talk about is a series

217

00:09:53,870 --> 00:09:48,839

on hulu called 11 22 63 it is an

218

00:09:56,390 --> 00:09:53,880

eight-part series 8 29 part series that

219

00:09:59,600 --> 00:09:56,400

is based after a Stephen King book named

220

00:10:04,100 --> 00:09:59,610

the same thing 11 22 63 it is about a

221

00:10:08,690 --> 00:10:04,110

man who finds a time portal in a diner

222

00:10:14,570 --> 00:10:08,700

that takes them back to the 1960s or

223

00:10:18,079 --> 00:10:14,580

specifically October 1960 now every time

224

00:10:19,970 --> 00:10:18,089

you go back to october 1960 you have to

225

00:10:22,190 --> 00:10:19,980

live out your life and you can stay

226
00:10:23,660 --> 00:10:22,200
there as long as you want but every time

227
00:10:24,890 --> 00:10:23,670
you decide to come back to the present

228
00:10:26,750 --> 00:10:24,900
you let's say you stay back in nineteen

229
00:10:28,699 --> 00:10:26,760
sixty for one year when you come back

230
00:10:30,740 --> 00:10:28,709
next time only two minutes will have

231
00:10:32,390 --> 00:10:30,750
passed in the present and then when you

232
00:10:34,780 --> 00:10:32,400
go back again everything resets you go

233
00:10:38,660 --> 00:10:34,790
back to the exact same time in october

234
00:10:40,550 --> 00:10:38,670
1960 and this this whole series takes

235
00:10:42,050 --> 00:10:40,560
place around trying to stop the JFK

236
00:10:44,090 --> 00:10:42,060
assassination and i think this is the

237
00:10:47,720 --> 00:10:44,100
first time that the Stephen King has

238
00:10:49,490 --> 00:10:47,730

tried to address time travel I think

239

00:10:51,560 --> 00:10:49,500

he's going to be the last but it's a

240

00:10:53,240 --> 00:10:51,570

very very interesting series if you're

241

00:10:57,829 --> 00:10:53,250

I'm a huge fan of time travel this what

242

00:10:59,390 --> 00:10:57,839

attracted me to watch this James Franco

243

00:11:02,240 --> 00:10:59,400

stars and I think he does actually a

244

00:11:04,220 --> 00:11:02,250

pretty good job it's a very compelling

245

00:11:05,610 --> 00:11:04,230

that they do a hell of a job with all

246

00:11:09,000 --> 00:11:05,620

the costumes

247

00:11:10,290 --> 00:11:09,010

the cars environments music everything

248

00:11:12,300 --> 00:11:10,300

you actually kind of feel like you're

249

00:11:16,760 --> 00:11:12,310

it's in the 1960s is actually a really

250

00:11:18,900 --> 00:11:16,770

nice period piece for the 1960s and I

251
00:11:22,170 --> 00:11:18,910
there's some pretty interesting things

252
00:11:24,690 --> 00:11:22,180
that go on in this series and how hard

253
00:11:27,300 --> 00:11:24,700
it is the character that james franco

254
00:11:29,490 --> 00:11:27,310
plays how hard he finds it that

255
00:11:32,070 --> 00:11:29,500
sometimes when you change trains passed

256
00:11:34,500 --> 00:11:32,080
the past kind of pushes back in in a

257
00:11:36,690 --> 00:11:34,510
certain way there's a lot of cursing

258
00:11:39,090 --> 00:11:36,700
they're not a lot not as much as I curse

259
00:11:40,860 --> 00:11:39,100
there's some cursing infrequent cursing

260
00:11:44,280 --> 00:11:40,870
compared to me alright well I think

261
00:11:51,269 --> 00:11:44,290
that's all I have time for remember you

262
00:11:55,110 --> 00:11:51,279
have nine hours this show 11 22 63 may

263
00:11:56,550 --> 00:11:55,120

be worth it kind of almost I am NOT

264

00:11:58,530 --> 00:11:56,560

going to say either way if you should

265

00:12:02,550 --> 00:11:58,540

see it if you're if you like time travel

266

00:12:04,890 --> 00:12:02,560

watch it if not then maybe you should

267

00:12:06,750 --> 00:12:04,900

watch something else that's on TV and

268

00:12:08,390 --> 00:12:06,760

I'm not going to tell you what my can

269

00:12:11,250 --> 00:12:08,400

make any suggestions to you and

270

00:12:12,570 --> 00:12:11,260

titanfall 2 i'm pitching him a lot about

271

00:12:15,829 --> 00:12:12,580

nothing because it's not even not yet

272

00:12:18,000 --> 00:12:15,839

and i'm totally jumping the gun on

273

00:12:19,170 --> 00:12:18,010

complaining about it I'll wait till

274

00:12:21,690 --> 00:12:19,180

October when it comes out I'll

275

00:12:24,030 --> 00:12:21,700

complaining about again there okay all

276

00:12:30,480 --> 00:12:24,040

right bye guys and I will talk to you
