

# THE SECRET SPACE PROGRAM

---

The Vril Society • Solar Warden • Alien Alliances

1  
00:00:07,040 --> 00:00:14,079  
from WikiLeaks to public talk to UFOs

2  
00:00:20,420 --> 00:00:18,529  
Gerta little people you want a woowoo

3  
00:00:23,090 --> 00:00:20,430  
well if you want a woowoo you can give a

4  
00:00:25,970 --> 00:00:23,100  
call in two six one four three eight

5  
00:00:28,040 --> 00:00:25,980  
eight nine 109 and we will take your

6  
00:00:30,919 --> 00:00:28,050  
call if you have any questions comments

7  
00:00:32,930 --> 00:00:30,929  
or concerns we will talk to you live

8  
00:00:36,740 --> 00:00:32,940  
tonight that's right

9  
00:00:40,340 --> 00:00:36,750  
pickles pickles pickles all right

10  
00:00:45,020 --> 00:00:40,350  
so episodes ago I started talking about

11  
00:00:48,020 --> 00:00:45,030  
the secret space program how it started

12  
00:00:51,110 --> 00:00:48,030  
with the Vrill society and the Third

13  
00:00:53,650 --> 00:00:51,120

Reich during and before World War two

14

00:00:57,350 --> 00:00:53,660

how the u.s. kind of got involved after

15

00:01:00,040 --> 00:00:57,360

adopting adopting taking all the Nazi

16

00:01:04,910 --> 00:01:00,050

scientists when the war was concluded

17

00:01:09,289 --> 00:01:04,920

and that spawned a couple of secret

18

00:01:11,390 --> 00:01:09,299

space programs on our side and I'll go

19

00:01:12,800 --> 00:01:11,400

ahead and name some of those secret

20

00:01:19,010 --> 00:01:12,810

space programs right now there's like

21

00:01:22,670 --> 00:01:19,020

there's rumors that there's not just one

22

00:01:24,679 --> 00:01:22,680

secret space program but multiple this

23

00:01:26,330 --> 00:01:24,689

is I'm gonna say this okay I know it

24

00:01:28,460 --> 00:01:26,340

stopped me at any time Jeff if you have

25

00:01:30,770 --> 00:01:28,470

any questions stop me at any time Bryce

26

00:01:32,780 --> 00:01:30,780

if you have any questions stop me at any

27

00:01:35,929 --> 00:01:32,790

time and I will try to answer these

28

00:01:37,789 --> 00:01:35,939

questions as best as I can because I

29

00:01:42,289 --> 00:01:37,799

know we're gonna start going into some

30

00:01:43,670 --> 00:01:42,299

really weird territory here and I don't

31

00:01:45,319 --> 00:01:43,680

know if I can provide any evidence to

32

00:01:47,480 --> 00:01:45,329

back up what I'm saying now I'm just

33

00:01:49,340 --> 00:01:47,490

this is what I've been reading books

34

00:01:51,010 --> 00:01:49,350

I've been going through like old like

35

00:01:52,730 --> 00:01:51,020

so-called testimonies from

36

00:01:57,170 --> 00:01:52,740

whistleblowers and that kind of stuff

37

00:02:00,560 --> 00:01:57,180

and I've written notes and hopefully

38

00:02:06,969 --> 00:02:00,570

this will all make sense to be okay

39

00:02:11,029 --> 00:02:06,979

alright this is the secret space program

40

00:02:12,570 --> 00:02:11,039

as told by me midnight Mike okay thank

41

00:02:16,960 --> 00:02:12,580

you

42

00:02:22,630 --> 00:02:16,970

okay so where we left off is right or

43

00:02:24,790 --> 00:02:22,640

right after war world war ii and we we

44

00:02:27,820 --> 00:02:24,800

actually we the united states government

45

00:02:31,090 --> 00:02:27,830

came into contact with some nazi flying

46

00:02:33,220 --> 00:02:31,100

discs and the the Nazis got that

47

00:02:37,510 --> 00:02:33,230

technology from the Verl society and the

48

00:02:39,400 --> 00:02:37,520

Vril society is the the arm of the Third

49

00:02:41,830 --> 00:02:39,410

Reich that was more into the occult it

50

00:02:43,660 --> 00:02:41,840

was they were into the magic and the

51  
00:02:46,810 --> 00:02:43,670  
weird psychic stuff in the virile

52  
00:02:48,370 --> 00:02:46,820  
Society hey they're channelers they can

53  
00:02:50,500 --> 00:02:48,380  
channel people and the virile Society

54  
00:02:53,500 --> 00:02:50,510  
was channeling and communicating with

55  
00:02:55,509 --> 00:02:53,510  
the race called the draconians which was

56  
00:02:58,570 --> 00:02:55,519  
60 light years away and they actually

57  
00:03:01,270 --> 00:02:58,580  
got the blueprints for a UFO that way

58  
00:03:04,000 --> 00:03:01,280  
and said when the world society got it

59  
00:03:05,860 --> 00:03:04,010  
they went on to the third reich after

60  
00:03:10,990 --> 00:03:05,870  
the third reich we got that stuff and

61  
00:03:13,120 --> 00:03:11,000  
that got rolled into area 51 and that's

62  
00:03:16,300 --> 00:03:13,130  
where they started testing these UFOs do

63  
00:03:18,720 --> 00:03:16,310

not see UFOs out on the american side so

64

00:03:21,100 --> 00:03:18,730

as soon as that technology rolled over

65

00:03:21,729 --> 00:03:21,110

onto the american side obviously yeah go

66

00:03:25,270 --> 00:03:21,739

ahead

67

00:03:26,890 --> 00:03:25,280

so did you talk about how the members

68

00:03:29,890 --> 00:03:26,900

the surviving members of the rural

69

00:03:32,740 --> 00:03:29,900

society have never been seen again

70

00:03:36,600 --> 00:03:32,750

yeah so this goes into the different

71

00:03:40,120 --> 00:03:36,610

aspects of there's multiple different

72

00:03:43,120 --> 00:03:40,130

secret space programs so at that time in

73

00:03:46,390 --> 00:03:43,130

the 50s the united states were building

74

00:03:49,660 --> 00:03:46,400

a secret space program there were now

75

00:03:52,599 --> 00:03:49,670

corporations that were being contracted

76  
00:03:56,440 --> 00:03:52,609  
out to look at this new technology so we

77  
00:04:00,099 --> 00:03:56,450  
have the US government Air Force the Air

78  
00:04:03,490 --> 00:04:00,109  
Force we have corporations you have the

79  
00:04:05,920 --> 00:04:03,500  
former Vril and Nazis who are still

80  
00:04:07,780 --> 00:04:05,930  
alive that access to tennis technology

81  
00:04:11,020 --> 00:04:07,790  
and then whatever may be aliens that are

82  
00:04:12,880 --> 00:04:11,030  
out there and then whatever

83  
00:04:16,390 --> 00:04:12,890  
civilizations that came before us so

84  
00:04:20,320 --> 00:04:16,400  
many different variables here but the

85  
00:04:22,540 --> 00:04:20,330  
ones that are said to actually be in

86  
00:04:24,360 --> 00:04:22,550  
existence right now the the competing

87  
00:04:30,999 --> 00:04:24,370  
space programs is

88  
00:04:34,270 --> 00:04:31,009

1 the solar warden which is a u.s. Navy

89

00:04:35,860 --> 00:04:34,280

run solar system protector think about

90

00:04:37,600 --> 00:04:35,870

it as they have battleships they have

91

00:04:41,700 --> 00:04:37,610

aircraft carriers it's called solar

92

00:04:43,930 --> 00:04:41,710

warden and these guys are true blue

93

00:04:46,450 --> 00:04:43,940

all-american Patriots they live by the

94

00:04:49,300 --> 00:04:46,460

Constitution and their job is to protect

95

00:04:52,480 --> 00:04:49,310

the solar system then you have the Vrill

96

00:04:54,670 --> 00:04:52,490

society which is called the dark fleet

97

00:04:58,240 --> 00:04:54,680

these are the the psychics the

98

00:05:00,610 --> 00:04:58,250

Chandler's more of a Nazi philosophy

99

00:05:02,860 --> 00:05:00,620

these guys are aligned with the

100

00:05:05,320 --> 00:05:02,870

draconian Empire which is 60 light years

101  
00:05:09,370 --> 00:05:05,330  
away and the draconians are a very large

102  
00:05:12,219 --> 00:05:09,380  
wizard race anywhere from 12 to 18 feet

103  
00:05:13,960 --> 00:05:12,229  
tall they're bad dudes they're not like

104  
00:05:15,400 --> 00:05:13,970  
bad isn't they'll straight-up kill you

105  
00:05:17,290 --> 00:05:15,410  
but they're malicious and they're

106  
00:05:18,839 --> 00:05:17,300  
they're selfish and the virile Society

107  
00:05:22,990 --> 00:05:18,849  
has decided to align themselves with

108  
00:05:25,779 --> 00:05:23,000  
them and then you have the ICC which is

109  
00:05:29,080 --> 00:05:25,789  
the interplanetary corporate

110  
00:05:31,570 --> 00:05:29,090  
conglomerate which is people like Boeing

111  
00:05:34,810 --> 00:05:31,580  
you have a North or Grumman you have

112  
00:05:36,460 --> 00:05:34,820  
like the large corporations that we're

113  
00:05:38,140 --> 00:05:36,470

working on this technology and decided

114

00:05:40,450 --> 00:05:38,150

to appropriate it for themselves a

115

00:05:42,370 --> 00:05:40,460

little bit and say hey you know what why

116

00:05:43,719 --> 00:05:42,380

does the US military get to have all

117

00:05:46,659 --> 00:05:43,729

this fun we could use it for ourselves

118

00:05:49,839 --> 00:05:46,669

so they're mixed in the game and they

119

00:05:51,100 --> 00:05:49,849

get involved in trading and mining and

120

00:05:54,490 --> 00:05:51,110

stuff like that go into that a little

121

00:05:57,430 --> 00:05:54,500

bit later and and then you have you also

122

00:06:00,640 --> 00:05:57,440

have ancient civilizations so

123

00:06:04,990 --> 00:06:00,650

civilizations that were here before us

124

00:06:07,659 --> 00:06:05,000

so think of the Sumerians you know I

125

00:06:10,540 --> 00:06:07,669

think of like ancient civilizations like

126

00:06:13,719 --> 00:06:10,550

that who you see hieroglyphics of them

127

00:06:15,700 --> 00:06:13,729

you know in rockets and that kind of

128

00:06:17,469 --> 00:06:15,710

stuff and this would be the breakaway

129

00:06:20,680 --> 00:06:17,479

yeah the breakaway civilizations that

130

00:06:22,240 --> 00:06:20,690

have come and gone I mean how many who

131

00:06:24,159 --> 00:06:22,250

really knows how many civilizations have

132

00:06:27,490 --> 00:06:24,169

been here on earth before us it's it's

133

00:06:28,779 --> 00:06:27,500

tough to tell but it so-called breakaway

134

00:06:32,379 --> 00:06:28,789

civilizations are out there too

135

00:06:36,129 --> 00:06:32,389

interacting with us and some of those

136

00:06:37,180 --> 00:06:36,139

breakaway civilizations claim to be when

137

00:06:39,580 --> 00:06:37,190

they come in coming

138

00:06:43,230 --> 00:06:39,590

when they encounter with a they come

139

00:06:45,850 --> 00:06:43,240

into contact with US government or other

140

00:06:47,890 --> 00:06:45,860

space seeker space programs they some of

141

00:06:50,080 --> 00:06:47,900

these breakaway civilizations claim to

142

00:06:51,520 --> 00:06:50,090

be alien and next nature or

143

00:06:54,970 --> 00:06:51,530

extraterrestrial so they represent

144

00:06:56,950 --> 00:06:54,980

themselves kind of falsely that's the

145

00:07:02,020 --> 00:06:56,960

breakdown those are those are the major

146

00:07:04,780 --> 00:07:02,030

players in the basically the groups of

147

00:07:07,510 --> 00:07:04,790

people who are operating within our

148

00:07:10,270 --> 00:07:07,520

solar system at this point in time does

149

00:07:13,840 --> 00:07:10,280

this include the grays and the Pelagians

150

00:07:15,910 --> 00:07:13,850

this is pleasure ins and all phrases

151

00:07:21,880 --> 00:07:15,920

I'll read down all the races that have

152

00:07:23,560 --> 00:07:21,890

been catalogues thus far okay no one

153

00:07:26,320 --> 00:07:23,570

let's all take a drink yeah I'm actually

154

00:07:28,270 --> 00:07:26,330

gonna have a drink right now because

155

00:07:29,380 --> 00:07:28,280

this is it's gonna start getting even

156

00:07:34,540 --> 00:07:29,390

more and more crazy I'm gonna play a

157

00:08:19,959 --> 00:07:34,550

little elevator music here everything is

158

00:08:27,639 --> 00:08:23,259

I just I just pour myself a drink I

159

00:08:47,350 --> 00:08:27,649

think I should be good I think we're

160

00:08:49,030 --> 00:08:47,360

actually ten loops deep right now I'm

161

00:08:54,939 --> 00:08:49,040

saying I'm hearing [h\_\_h] yeah you are

162

00:09:01,019 --> 00:08:54,949

hearing [h\_\_h] just one more minute we're

163

00:09:10,350 --> 00:09:01,029

almost through this people yeah you are

164

00:09:13,360 --> 00:09:10,360

okay there we go we can save me daddy

165

00:09:15,760 --> 00:09:13,370

that's right all right back you know is

166

00:09:19,090 --> 00:09:15,770

half time that was half time for the UFO

167

00:09:24,269 --> 00:09:19,100

experience I'm actually drinking Crown

168

00:09:28,720 --> 00:09:24,279

Royal Crown Royal northern Northern rye

169

00:09:31,060 --> 00:09:28,730

parvis whiskey straight I'm drinking it

170

00:09:33,160 --> 00:09:31,070

straight the son of rocks you know Wow

171

00:09:35,860 --> 00:09:33,170

yeah big time I'm a real man I'm a man

172

00:09:38,350 --> 00:09:35,870

that drinking that too but I have some

173

00:09:43,990 --> 00:09:38,360

RC Cola Crown Royal in royal crown Cola

174

00:09:46,420 --> 00:09:44,000

nice royal crown Cola Oh Bryce what are

175

00:09:50,110 --> 00:09:46,430

nice I'm an where they like it next year

177  
00:09:55,600 --> 00:09:53,510  
two cents off from the Pabst no this I

178  
00:09:57,370 --> 00:09:55,610  
don't like absolutely ripping I can give

179  
00:10:00,300 --> 00:09:57,380  
you some of this one sick one take a

180  
00:10:04,120 --> 00:10:00,310  
little swig yeah sure I'd be down here

181  
00:10:04,600 --> 00:10:04,130  
Bush that's like a like a bass efficient

182  
00:10:08,050 --> 00:10:04,610  
beer

183  
00:10:13,000 --> 00:10:08,060  
it is drinkers all day yeah they're

184  
00:10:16,120 --> 00:10:13,010  
pretty much water okay let's get back

185  
00:10:20,250 --> 00:10:16,130  
into this I'm going to start naming

186  
00:10:23,440 --> 00:10:20,260  
names of all the different alien races

187  
00:10:27,430 --> 00:10:23,450  
that is delicious whisky is not a nice

188  
00:10:32,200 --> 00:10:27,440

whiskey yeah it's good very smooth

189

00:10:34,870 --> 00:10:32,210

yeah it's good um do four quick shots of

190

00:10:36,540 --> 00:10:34,880

that yeah well you know it's a it goes

191

00:10:42,329 --> 00:10:36,550

down pretty smooth it's a very good

192

00:10:47,079 --> 00:10:42,339

whiskey I think it goes for like \$35 and

193

00:10:50,079 --> 00:10:47,089

I got mom mine was like it's 2699 oh

194

00:10:54,820 --> 00:10:50,089

good for you guys is that much more

195

00:10:56,860 --> 00:10:54,830

marked up in Ohio go to the Chinese or

196

00:10:58,810 --> 00:10:56,870

join you right down the street he's made

197

00:11:00,490 --> 00:10:58,820

for convenience Jeff I always be

198

00:11:02,350 --> 00:11:00,500

convenient say you know at the other

199

00:11:04,990 --> 00:11:02,360

liquor store we have in town you get to

200

00:11:06,610 --> 00:11:05,000

pay like a dollar to use your card

201  
00:11:08,949 --> 00:11:06,620  
anyways of course

202  
00:11:11,199 --> 00:11:08,959  
boys the scam somewhere Kaley's won't do

203  
00:11:12,670 --> 00:11:11,209  
this to this no international the

204  
00:11:13,360 --> 00:11:12,680  
interplanetary corporate conglomerate

205  
00:11:16,449 --> 00:11:13,370  
won't do this to us

206  
00:11:18,040 --> 00:11:16,459  
what are you have zero point energy we

207  
00:11:22,570 --> 00:11:18,050  
can brew all the liquor we want at home

208  
00:11:25,480 --> 00:11:22,580  
the aliens won't care so here are the

209  
00:11:28,060 --> 00:11:25,490  
here's a list of aliens detective aliens

210  
00:11:31,780 --> 00:11:28,070  
that are in our solar system and could

211  
00:11:35,530 --> 00:11:31,790  
be part of one faction or another so we

212  
00:11:37,210 --> 00:11:35,540  
have the short grace

213  
00:11:39,329 --> 00:11:37,220

their main activities abducting

214

00:11:42,030 --> 00:11:39,339

civilians genetic experiment

215

00:11:44,620 --> 00:11:42,040

experimentation mind programming

216

00:11:47,829 --> 00:11:44,630

monitoring humans through implants

217

00:11:49,150 --> 00:11:47,839

cloning creation of human Grey hybrids

218

00:11:52,840 --> 00:11:49,160

that kind of stuff all the kind of stuff

219

00:11:56,410 --> 00:11:52,850

we see in the movies the short greys are

220

00:12:00,509 --> 00:11:56,420

doing that and then we have the tall

221

00:12:03,579 --> 00:12:00,519

greys or tall White's these guys do

222

00:12:09,699 --> 00:12:03,589

genetic experimentation they have

223

00:12:13,360 --> 00:12:09,709

created hybrid human and in greys these

224

00:12:16,000 --> 00:12:13,370

are also the aliens who have diplomatic

225

00:12:18,730 --> 00:12:16,010

agreements with the shadow government in

226

00:12:21,069 --> 00:12:18,740

our you know our our secret government

227

00:12:23,290 --> 00:12:21,079

they have part of the Grady 'try tea

228

00:12:27,460 --> 00:12:23,300

yeah and they actually made an agreement

229

00:12:29,410 --> 00:12:27,470

to be part of the galactic slave trade

230

00:12:31,960 --> 00:12:29,420

which we'll get into a little later mmm

231

00:12:33,639 --> 00:12:31,970

these guys are galactic slave traders

232

00:12:36,460 --> 00:12:33,649

that's all whites now they're the Dutch

233

00:12:42,210 --> 00:12:36,470

of space yes the Dutch of space

234

00:12:45,360 --> 00:12:42,220

how glorious how luxurious then we have

235

00:12:49,120 --> 00:12:45,370

something is called the praying mantis

236

00:12:51,160 --> 00:12:49,130

these are insectoids the insectoids yeah

237

00:12:53,110 --> 00:12:51,170

these are overseer of genetic

238

00:12:57,190 --> 00:12:53,120

experimentations they help control

239

00:12:58,960 --> 00:12:57,200

humans resisting the greys they also get

240

00:13:00,880 --> 00:12:58,970

involved with the diplomatic agreements

241

00:13:05,460 --> 00:13:00,890

and they are also part of the Galactic

242

00:13:11,100 --> 00:13:05,470

slave trade then you have the indigenous

243

00:13:13,750 --> 00:13:11,110

reptilians they have agreements with

244

00:13:16,569 --> 00:13:13,760

national security agencies involving

245

00:13:19,240 --> 00:13:16,579

human rights abuses manipulating human

246

00:13:22,000 --> 00:13:19,250

elites influencing religious belief

247

00:13:24,519 --> 00:13:22,010

systems and they're also involved in the

248

00:13:25,660 --> 00:13:24,529

Galactic slave trade they've also been

249

00:13:28,740 --> 00:13:25,670

here for forever

250

00:13:31,120 --> 00:13:28,750

they are the leftovers from the Anunnaki

251  
00:13:33,129 --> 00:13:31,130  
draconians that were left on the planet

252  
00:13:35,979 --> 00:13:33,139  
Earth and they live in

253  
00:13:37,599 --> 00:13:35,989  
world the only reason that we have to

254  
00:13:39,669 --> 00:13:37,609  
interact with them is because we have a

255  
00:13:42,039 --> 00:13:39,679  
bunch of bases underground so the notes

256  
00:13:44,470 --> 00:13:42,049  
I have here for the indigenous reptiles

257  
00:13:47,169 --> 00:13:44,480  
is that they're intra terrestrial

258  
00:13:48,639 --> 00:13:47,179  
meaning that the they're from Earth I

259  
00:13:49,900 --> 00:13:48,649  
mean they're like you said they're part

260  
00:13:51,729 --> 00:13:49,910  
of leftovers but I'm not sure if they're

261  
00:13:53,619 --> 00:13:51,739  
part of the that they live on the

262  
00:13:56,439 --> 00:13:53,629  
interior because there is another race

263  
00:13:58,419 --> 00:13:56,449

called it draconian reptiles which is

264

00:14:01,509 --> 00:13:58,429

much like the indigenous reptiles but

265

00:14:04,780 --> 00:14:01,519

the draconians they control human elites

266

00:14:07,090 --> 00:14:04,790

and they have very spies and controlling

267

00:14:10,859 --> 00:14:07,100

aspects to institutions and secret

268

00:14:13,179 --> 00:14:10,869

societies the financial systems and

269

00:14:17,409 --> 00:14:13,189

various aspects of the military they

270

00:14:19,509 --> 00:14:17,419

also they do something with a by

271

00:14:22,239 --> 00:14:19,519

influencing and manipulate they also

272

00:14:23,819 --> 00:14:22,249

influence and maple it the greys and the

273

00:14:26,710 --> 00:14:23,829

earth reptilians the indigenous

274

00:14:28,900 --> 00:14:26,720

reptilians as well so they have power

275

00:14:32,139 --> 00:14:28,910

over to the our indigenous reptilians

276

00:14:34,749 --> 00:14:32,149

then you have these the sergeant's or a

277

00:14:39,639 --> 00:14:34,759

series it's almost come upon Syrians so

278

00:14:43,479 --> 00:14:39,649

it might be that si RI ans are near

279

00:14:46,239 --> 00:14:43,489

serious serious be serious be yeah so

280

00:14:48,369 --> 00:14:46,249

these guys participate in technology

281

00:14:51,549 --> 00:14:48,379

exchange program that promotes military

282

00:14:53,530 --> 00:14:51,559

cooperation to potential

283

00:14:56,739 --> 00:14:53,540

extraterrestrial threats so these guys

284

00:14:59,919 --> 00:14:56,749

okay this this exchange technology you

285

00:15:03,299 --> 00:14:59,929

scratch my back I'll jerk you off that's

286

00:15:05,799 --> 00:15:03,309

what they're into that's the deal

287

00:15:08,069 --> 00:15:05,809

they've given us more fleshlight

288

00:15:10,809 --> 00:15:08,079

technology than any other space race

289

00:15:12,909 --> 00:15:10,819

exactly that's less less like technology

290

00:15:14,499 --> 00:15:12,919

this is not happen overnight people what

291

00:15:15,939 --> 00:15:14,509

if we did do that what if he lands gave

292

00:15:21,519 --> 00:15:15,949

us technology and we just turn it into

293

00:15:23,019 --> 00:15:21,529

sex toys the great industry man that if

294

00:15:24,519 --> 00:15:23,029

we could if we could do like the the

295

00:15:27,039 --> 00:15:24,529

holo-room from Star Trek wouldn't you

296

00:15:29,409 --> 00:15:27,049

want to do that the holodeck dollar down

297

00:15:31,239 --> 00:15:29,419

[h\_\_h] you dude I don't think we're that

298

00:15:33,129 --> 00:15:31,249

far away from that though I mean we're

299

00:15:35,289 --> 00:15:33,139

getting closer and closer you're gonna

300

00:15:37,509 --> 00:15:35,299

want that friction we have the friction

301

00:15:39,069 --> 00:15:37,519

the force I'm feeling robbers yeah

302

00:15:42,909 --> 00:15:39,079

you're gonna want that friction make

303

00:15:45,730 --> 00:15:42,919

sure the Safety's are on yeah I guess so

304

00:15:52,660 --> 00:15:45,740

you got toys yeah

305

00:16:01,310 --> 00:15:56,530

and then you have we have the anunnaki

306

00:16:03,260 --> 00:16:01,320

these are the the they're mentioned in

307

00:16:05,990 --> 00:16:03,270

the Bible and then they're they're

308

00:16:07,370 --> 00:16:06,000

they're cataloged with a dimension the

309

00:16:09,440 --> 00:16:07,380

Bible with of they're mentioned in the

310

00:16:10,730 --> 00:16:09,450

Sumerian text Sumerian yeah maybe some

311

00:16:12,650 --> 00:16:10,740

I'm sorry Centurion texts and they're

312

00:16:16,670 --> 00:16:12,660

also they also are mentioned in the same

313

00:16:18,860 --> 00:16:16,680

breath as Nibiru yes what is the guy's

314

00:16:21,260 --> 00:16:18,870

name that translated these zecharia

315

00:16:25,640 --> 00:16:21,270

sitchin and his translations have been

316

00:16:28,430 --> 00:16:25,650

found to be incorrect yeah all of them

317

00:16:31,460 --> 00:16:28,440

have been correct but there are majority

318

00:16:34,730 --> 00:16:31,470

of yeah so says this this part of this

319

00:16:39,160 --> 00:16:34,740

the lore is kind of evolving mm-hmm at

320

00:16:41,810 --> 00:16:39,170

the moment and so the Anunnaki they

321

00:16:44,060 --> 00:16:41,820

control long-term human evolution

322

00:16:46,190 --> 00:16:44,070

through elite groups systems and

323

00:16:48,860 --> 00:16:46,200

institutions and maybe plating human

324

00:16:51,850 --> 00:16:48,870

consciousness they compete with the

325

00:16:55,550 --> 00:16:51,860

draconians for control of Earth okay

326

00:16:56,870 --> 00:16:55,560

well great we're a battleground for all

327

00:17:03,740 --> 00:16:56,880

these other [h\_\_h] and then there's

328

00:17:06,590 --> 00:17:03,750

the the the owl of the barian the outer

329

00:17:08,420 --> 00:17:06,600

barians they they work with the Royal

330

00:17:11,620 --> 00:17:08,430

Society and other secret societies

331

00:17:16,160 --> 00:17:11,630

promoting eugenics racial purity and

332

00:17:24,710 --> 00:17:16,170

advanced technologies yay we have Nazis

333

00:17:28,640 --> 00:17:24,720

from space fantastic and then there are

334

00:17:30,110 --> 00:17:28,650

just so many other groups this is one I

335

00:17:32,390 --> 00:17:30,120

can go through them all if you want

336

00:17:34,370 --> 00:17:32,400

that's like one section of them that's

337

00:17:36,080 --> 00:17:34,380

one section right there good like maybe

338

00:17:39,980 --> 00:17:36,090

ten right eh

339

00:17:44,540 --> 00:17:39,990

they're our own there's eight right

340

00:17:46,820 --> 00:17:44,550

there and there are probably about ten

341

00:17:49,460 --> 00:17:46,830

more is this all from the secret space

342

00:17:51,640 --> 00:17:49,470

program solutely absolutely a very

343

00:17:54,230 --> 00:17:51,650

detailed notes here okay

344

00:17:57,900 --> 00:17:54,240

Jeff can you can you buckle in can you

345

00:18:00,820 --> 00:17:57,910

hang on with this no it's just there

346

00:18:03,580 --> 00:18:00,830

Joe is definitely jettted jettisoned

347

00:18:06,669 --> 00:18:03,590

himself if he was here I chose not there

348

00:18:09,640 --> 00:18:06,679

Jeff may have mail left to but uh you

349

00:18:10,240 --> 00:18:09,650

had to go smoke probably alright while

350

00:18:14,260 --> 00:18:10,250

I'm here

351

00:18:15,850 --> 00:18:14,270

yes I'm picking up with you're laying

352

00:18:18,669 --> 00:18:15,860

down okay let's keep moving

353

00:18:20,110 --> 00:18:18,679

sure any yes oh he's back oh he's back

354

00:18:21,700 --> 00:18:20,120

we were just asking if you could take a

355

00:18:25,419 --> 00:18:21,710

drink real quick I go away for 45

356

00:18:29,169 --> 00:18:25,429

seconds in Lake Frank [h\_\_h] radar goes

357

00:18:31,990 --> 00:18:29,179

off every time then he walks away look

358

00:18:35,200 --> 00:18:32,000

Jeff where are you where are you

359

00:18:37,480 --> 00:18:35,210

I've gone for less than a minute did you

360

00:18:39,460 --> 00:18:37,490

guys share about I'm like wow he's like

361

00:18:42,630 --> 00:18:39,470

he's reading off a list aliens I'll have

362

00:18:44,950 --> 00:18:42,640

plenty of time what is all this stuff

363

00:18:45,970 --> 00:18:44,960

yes usual if I felt it have fun a

364

00:18:47,470 --> 00:18:45,980

disturbance in the force

365

00:18:50,620 --> 00:18:47,480

no I don't think Jeff that we ever share

366

00:18:52,930 --> 00:18:50,630

a room growing up no I don't think so

367

00:18:56,409 --> 00:18:52,940

not that I know no my older brother and

368

00:19:00,430 --> 00:18:56,419

I shared a room hmm but Jeff and I never

369

00:19:02,080 --> 00:19:00,440

never did all right so I'm gonna read

370

00:19:04,330 --> 00:19:02,090

down some the rest of these alien grips

371

00:19:06,490 --> 00:19:04,340

were here we're queer and we're getting

372

00:19:08,919 --> 00:19:06,500

loose here we are

373

00:19:10,149 --> 00:19:08,929

so did I just walk away and mute and

374

00:19:11,590 --> 00:19:10,159

walk away and you asked if I was there

375

00:19:12,760 --> 00:19:11,600

and then you just complained about it

376  
00:19:16,659 --> 00:19:12,770  
while I was gone and now you're back

377  
00:19:19,960 --> 00:19:16,669  
that's right yeah that's exactly what

378  
00:19:21,970 --> 00:19:19,970  
happened we also have another group

379  
00:19:25,510 --> 00:19:21,980  
called these are eg groups at this point

380  
00:19:25,960 --> 00:19:25,520  
not so not specifically just ETS but et

381  
00:19:27,430 --> 00:19:25,970  
groups

382  
00:19:29,640 --> 00:19:27,440  
I guess they might be filled with other

383  
00:19:34,210 --> 00:19:29,650  
people so these are the the intra

384  
00:19:36,039 --> 00:19:34,220  
terrestrials the internals are human

385  
00:19:39,070 --> 00:19:36,049  
earth they're helping surface humanity

386  
00:19:41,020 --> 00:19:39,080  
learn of its ancient Earth history

387  
00:19:44,080 --> 00:19:41,030  
restoring human longevity developing

388  
00:19:46,870 --> 00:19:44,090

psychic abilities ending militarism and

389

00:19:49,870 --> 00:19:46,880

protecting the environment then we have

390

00:19:52,330 --> 00:19:49,880

the Solarians assisting in the evolution

391

00:19:54,520 --> 00:19:52,340

of human consciousness discouraging the

392

00:19:56,529 --> 00:19:54,530

use of destructive military technology

393

00:19:59,680 --> 00:19:56,539

advising political leaders helping

394

00:20:02,110 --> 00:19:59,690

introduce new technologies and great

395

00:20:04,630 --> 00:20:02,120

respect for all forms of sentient life

396

00:20:07,090 --> 00:20:04,640

so the Silurian sound pretty goddamn

397

00:20:08,680 --> 00:20:07,100

cool to me they sound like the the most

398

00:20:09,880 --> 00:20:08,690

reasonable people thus far they're

399

00:20:12,669 --> 00:20:09,890

pretty new age

400

00:20:14,680 --> 00:20:12,679

yeah sound like pretty new-age salarians

401  
00:20:17,799 --> 00:20:14,690  
that they're associated with Venus Mars

402  
00:20:22,299 --> 00:20:17,809  
and Saturn so are the Venetians in this

403  
00:20:23,860 --> 00:20:22,309  
I haven't seen them just yet or anybody

404  
00:20:26,049 --> 00:20:23,870  
doesn't know we do have a story about

405  
00:20:28,030 --> 00:20:26,059  
the Venetians their Venetians as I like

406  
00:20:31,120 --> 00:20:28,040  
to call them we read that once about the

407  
00:20:33,910 --> 00:20:31,130  
guy that was the brown mountain up and

408  
00:20:36,669 --> 00:20:33,920  
he wants to bang one of their women yeah

409  
00:20:37,810 --> 00:20:36,679  
the brown mountain UFO please go back

410  
00:20:39,160 --> 00:20:37,820  
and take a listen to that if you want to

411  
00:20:41,620 --> 00:20:39,170  
listen about what happens when the guy

412  
00:20:43,690 --> 00:20:41,630  
gets abducted by people from Venus turns

413  
00:20:45,310 --> 00:20:43,700

out they literally I think they wanted

414

00:20:48,190 --> 00:20:45,320

that they wanted to have sex them right

415

00:20:51,100 --> 00:20:48,200

that's what I got it they wanted to bang

416

00:20:53,919 --> 00:20:51,110

him they want to [h\_\_h] his face he did

417

00:20:55,930 --> 00:20:53,929

have a powerful mustache yeah Andy was

418

00:20:58,360 --> 00:20:55,940

the furniture salesman or build that's

419

00:21:02,320 --> 00:20:58,370

right yeah he's a furniture really just

420

00:21:05,200 --> 00:21:02,330

needed chairs uh yeah you know energy

421

00:21:07,960 --> 00:21:05,210

collected chair advisor so in the quit

422

00:21:10,120 --> 00:21:07,970

in the chat does very interesting but do

423

00:21:12,730 --> 00:21:10,130

I guess he said do you really believe

424

00:21:14,680 --> 00:21:12,740

all these things exist I don't know yet

425

00:21:16,900 --> 00:21:14,690

I'm just going down what I've read about

426

00:21:18,640 --> 00:21:16,910

the seeker space program these are the

427

00:21:21,549 --> 00:21:18,650

aliens we're talking about we haven't

428

00:21:24,880 --> 00:21:21,559

gotten to what they're doing yet let's

429

00:21:26,590 --> 00:21:24,890

keep forging on we're gonna forage on if

430

00:21:28,350 --> 00:21:26,600

you have any questions call in six one

431

00:21:31,870 --> 00:21:28,360

four three eight eight nine one oh nine

432

00:21:33,430 --> 00:21:31,880

we have the Alpha Centauri ins in studio

433

00:21:35,530 --> 00:21:33,440

with us and they are promoting world

434

00:21:37,659 --> 00:21:35,540

peace social justice human rights

435

00:21:38,289 --> 00:21:37,669

freedom and responsible use of advanced

436

00:21:41,909 --> 00:21:38,299

technology

437

00:21:44,320 --> 00:21:41,919

then there's the Larry ins which are

438

00:21:46,419 --> 00:21:44,330

disseminating the unique history of the

439

00:21:47,799 --> 00:21:46,429

Nordic human race in the galaxy and

440

00:21:50,560 --> 00:21:47,809

assisting in understanding human

441

00:21:52,720 --> 00:21:50,570

motivations and potentials then

442

00:21:55,020 --> 00:21:52,730

something called the vegans which is

443

00:21:58,000 --> 00:21:55,030

really here it's called vegans vegans

444

00:22:03,610 --> 00:21:58,010

give me Vegas so they the vegans like

445

00:22:05,230 --> 00:22:03,620

they yeah yeah Vegas the commies are

446

00:22:06,909 --> 00:22:05,240

they refuse to eat meat they make you

447

00:22:08,560 --> 00:22:06,919

feel bad when used when you do it I

448

00:22:11,230 --> 00:22:08,570

think plants have feelings

449

00:22:12,460 --> 00:22:11,240

yes hair they actually all starved it

450

00:22:14,260 --> 00:22:12,470

from the waiter that's why we call them

451  
00:22:16,720 --> 00:22:14,270  
the vegans these guys are just amending

452  
00:22:19,030 --> 00:22:16,730  
the unique history of the dark blue

453  
00:22:21,180 --> 00:22:19,040  
skinned human race in the galaxy and

454  
00:22:23,009 --> 00:22:21,190  
assisting in understanding the human

455  
00:22:26,879 --> 00:22:23,019  
human motivations and potentials must

456  
00:22:30,149 --> 00:22:26,889  
like the the Aryans and then you have

457  
00:22:32,009 --> 00:22:30,159  
the the Pleiadians helping humanity find

458  
00:22:34,320 --> 00:22:32,019  
freedom from oppressive structures

459  
00:22:39,299 --> 00:22:34,330  
through raising consciousness and

460  
00:22:41,460 --> 00:22:39,309  
granting colonial refugees so I don't

461  
00:22:43,950 --> 00:22:41,470  
know so I knew about the platings I

462  
00:22:46,169 --> 00:22:43,960  
don't know they actually help give

463  
00:22:46,649 --> 00:22:46,179

refugee status to certain humans that'd

464

00:22:48,389 --> 00:22:46,659

be awesome

465

00:22:52,409 --> 00:22:48,399

take me away please get me out of here

466

00:22:54,210 --> 00:22:52,419

not damn it I don't know how do you

467

00:22:59,639 --> 00:22:54,220

claim refugee status with the plate

468

00:23:01,889 --> 00:22:59,649

lan's I don't know galaxy

469

00:23:04,200 --> 00:23:01,899

nobody's gonna burn our earth passport

470

00:23:07,379 --> 00:23:04,210

and tell them we're Syrian yeah I just

471

00:23:11,849 --> 00:23:07,389

migrator in or see it from Sirius B sir

472

00:23:15,180 --> 00:23:11,859

oh you're serious and Syrian that's it

473

00:23:18,060 --> 00:23:15,190

we're Seri i ya want to migrate to the

474

00:23:19,649 --> 00:23:18,070

Palladian it doesn't say they're from oh

475

00:23:21,450 --> 00:23:19,659

please yes

476  
00:23:25,200 --> 00:23:21,460  
defend the Pleiades Mountains not a very

477  
00:23:27,210 --> 00:23:25,210  
far away okay so there's even more but

478  
00:23:29,190 --> 00:23:27,220  
I'm not gonna go into it so that's what

479  
00:23:31,619 --> 00:23:29,200  
are these guys doing this is like a lot

480  
00:23:33,499 --> 00:23:31,629  
of groups and this is the part of the

481  
00:23:41,729 --> 00:23:33,509  
whole thing that I have a lot of trouble

482  
00:23:45,509 --> 00:23:41,739  
swallowing oh yeah I think that there's

483  
00:23:48,899 --> 00:23:45,519  
less there's like maybe four groups I

484  
00:23:52,259 --> 00:23:48,909  
don't think there's like 12 all right go

485  
00:23:56,430 --> 00:23:52,269  
go all right well um all these people

486  
00:23:59,759 --> 00:23:56,440  
groups they're part of alliances the

487  
00:24:01,879 --> 00:23:59,769  
space program Alliance is like I said

488  
00:24:04,440 --> 00:24:01,889

before we have the special access of

489

00:24:06,330 --> 00:24:04,450

Alliance which is basically the

490

00:24:08,129 --> 00:24:06,340

corporations who are building out

491

00:24:09,749 --> 00:24:08,139

technologies for that we found through

492

00:24:12,299 --> 00:24:09,759

the Nazis in the rural society thing we

493

00:24:13,979 --> 00:24:12,309

have the solar warden just recap that as

494

00:24:19,080 --> 00:24:13,989

a u.s. Navy then we have the dark fleet

495

00:24:20,460 --> 00:24:19,090

which is the Vrill and then you have the

496

00:24:24,269 --> 00:24:20,470

ancient civilizations and all these

497

00:24:26,070 --> 00:24:24,279

other extraterrestrial influences in the

498

00:24:29,999 --> 00:24:26,080

solar system so and then we have these

499

00:24:33,940 --> 00:24:30,009

alliances so there is a big Alliance

500

00:24:39,220 --> 00:24:33,950

called the sphere being

501  
00:24:41,560 --> 00:24:39,230  
Alliance oh and oh yeah this is the blue

502  
00:24:42,070 --> 00:24:41,570  
avians these are some big dudes go ahead

503  
00:24:45,460 --> 00:24:42,080  
Jeff

504  
00:24:47,620 --> 00:24:45,470  
now in this whole theory do do we in the

505  
00:24:50,200 --> 00:24:47,630  
secret space program have the ability to

506  
00:24:52,660 --> 00:24:50,210  
travel within stars in the galaxy yes we

507  
00:24:55,390 --> 00:24:52,670  
already have the technical because if we

508  
00:24:57,580 --> 00:24:55,400  
didn't it'd be like us as modern humans

509  
00:25:00,190 --> 00:24:57,590  
like going in like you know making

510  
00:25:01,810 --> 00:25:00,200  
alliances with chimpanzees okay so the

511  
00:25:03,100 --> 00:25:01,820  
ability right another spacefaring race

512  
00:25:05,380 --> 00:25:03,110  
makes sense now

513  
00:25:07,720 --> 00:25:05,390

basically the premises and when the

514

00:25:11,350 --> 00:25:07,730

Roswell crash happened a treaty happened

515

00:25:13,480 --> 00:25:11,360

with Eisenhower office also ghosted the

516

00:25:15,640 --> 00:25:13,490

White House and said hey we're the Vrill

517

00:25:17,830 --> 00:25:15,650

society we got this technology

518

00:25:19,810 --> 00:25:17,840

[h\_\_\h] don't [h\_\_\h] with us the

519

00:25:22,180 --> 00:25:19,820

greys came to Eisenhower said we'll give

520

00:25:24,670 --> 00:25:22,190

you technology to be like this but you

521

00:25:28,180 --> 00:25:24,680

got to give us people and he said okay

522

00:25:30,580 --> 00:25:28,190

and then we have the technology the Navy

523

00:25:32,800 --> 00:25:30,590

took it over and they have these space

524

00:25:35,230 --> 00:25:32,810

vessels and have what was it the yeah

525

00:25:38,680 --> 00:25:35,240

I'm a solar warden so a warden yes so

526  
00:25:40,810 --> 00:25:38,690  
basically the Navy since its independent

527  
00:25:43,660 --> 00:25:40,820  
technically in a way from the US

528  
00:25:47,470 --> 00:25:43,670  
government is like we are gonna be the

529  
00:25:51,160 --> 00:25:47,480  
the solar protectors the protectors and

530  
00:25:54,850 --> 00:25:51,170  
they don't engage in slave trade the

531  
00:25:58,360 --> 00:25:54,860  
Federation yes kind of yes and then we

532  
00:26:02,370 --> 00:25:58,370  
have in line is called the sphere being

533  
00:26:04,540 --> 00:26:02,380  
Alliance and the sphere beings are a

534  
00:26:06,340 --> 00:26:04,550  
highly advanced civilization we're

535  
00:26:08,440 --> 00:26:06,350  
talking like a type three civilization

536  
00:26:10,690 --> 00:26:08,450  
was they can fully utilize an elastic

537  
00:26:12,360 --> 00:26:10,700  
energy and these guys are fairly

538  
00:26:15,700 --> 00:26:12,370

peaceful and they don't put up with

539

00:26:18,730 --> 00:26:15,710

[h\_\_h] they're currently working with

540

00:26:20,170 --> 00:26:18,740

the Special Projects Alliance the the

541

00:26:21,550 --> 00:26:20,180

some of the corporations who've

542

00:26:24,850 --> 00:26:21,560

developed an hour outside of solar

543

00:26:28,000 --> 00:26:24,860

warden control and they're they're

544

00:26:29,950 --> 00:26:28,010

working together to in control of the

545

00:26:32,680 --> 00:26:29,960

trickster gods that have taken over

546

00:26:36,420 --> 00:26:32,690

humanity they said this trickster gods

547

00:26:39,880 --> 00:26:36,430

and this refers back to the Babylonian

548

00:26:41,320 --> 00:26:39,890

money magic system which is the new

549

00:26:43,630 --> 00:26:41,330

money mechanics that we all know

550

00:26:46,300 --> 00:26:43,640

fractional reserve banking how everyone

551  
00:26:49,240 --> 00:26:46,310  
is forever and always in debt no matter

552  
00:26:50,890 --> 00:26:49,250  
yes you can't get out of it um that's a

553  
00:26:52,600 --> 00:26:50,900  
form of enslavement as soon as you are

554  
00:26:54,250 --> 00:26:52,610  
put into debt its enslavement because

555  
00:26:55,570 --> 00:26:54,260  
you're working forever to get off and to

556  
00:26:58,740 --> 00:26:55,580  
get out of debt and this is no way so

557  
00:27:01,150 --> 00:26:58,750  
the sphere being the sphere being aligns

558  
00:27:02,740 --> 00:27:01,160  
they're claiming to help us get out of

559  
00:27:05,170 --> 00:27:02,750  
this whatever they're doing is taking a

560  
00:27:06,400 --> 00:27:05,180  
goddamn long time and all these

561  
00:27:09,040 --> 00:27:06,410  
alliances that are claiming to help

562  
00:27:10,930 --> 00:27:09,050  
humanity well we're at right now what's

563  
00:27:12,130 --> 00:27:10,940

going on where are you with Donald Trump

564

00:27:13,900 --> 00:27:12,140

worried with Hillary Clinton what's

565

00:27:16,570 --> 00:27:13,910

going on they've got whistleblowers out

566

00:27:20,890 --> 00:27:16,580

there Corey Goode is touring the the

567

00:27:22,900 --> 00:27:20,900

different UFO societies this this sphere

568

00:27:24,970 --> 00:27:22,910

being Alliance has given us they

569

00:27:27,580 --> 00:27:24,980

provided us with defensive technology

570

00:27:30,460 --> 00:27:27,590

and I'm not gonna give us any offensive

571

00:27:34,930 --> 00:27:30,470

stuff and they've also created an outer

572

00:27:37,120 --> 00:27:34,940

barrier to quarantine our solar system

573

00:27:40,210 --> 00:27:37,130

to keep some of the baddies out like the

574

00:27:42,190 --> 00:27:40,220

draconians so there's also prevents us

575

00:27:44,800 --> 00:27:42,200

from traveling outside the solar system

576  
00:27:46,390 --> 00:27:44,810  
so for whatever reason the sphere being

577  
00:27:48,580 --> 00:27:46,400  
alliance fuels as though they have the

578  
00:27:50,380 --> 00:27:48,590  
complete authority to just shut off our

579  
00:27:52,180 --> 00:27:50,390  
swar system and they're the ones that

580  
00:27:53,910 --> 00:27:52,190  
are basically creating the checkpoints

581  
00:27:57,820 --> 00:27:53,920  
who's allowed to come in and who's not

582  
00:28:01,180 --> 00:27:57,830  
those bastards and then you have the

583  
00:28:04,600 --> 00:28:01,190  
draconian Federation Alliance these guys

584  
00:28:06,040 --> 00:28:04,610  
the draconians they're 14 foot tall they

585  
00:28:09,010 --> 00:28:06,050  
have psychic abilities they appear

586  
00:28:10,930 --> 00:28:09,020  
dragon-like and these guys are sinister

587  
00:28:15,300 --> 00:28:10,940  
these are these are the baddies and get

588  
00:28:18,850 --> 00:28:15,310

involved with galactic slave trade okay

589

00:28:22,780 --> 00:28:18,860

then you have aspects like the Moon and

590

00:28:24,670 --> 00:28:22,790

Mars okay and you know as soon as we the

591

00:28:27,400 --> 00:28:24,680

Apollo missions went to the moon there's

592

00:28:29,590 --> 00:28:27,410

rumors that hey they saw some activity

593

00:28:32,140 --> 00:28:29,600

on the moon and they there was rumors

594

00:28:35,260 --> 00:28:32,150

that they saw a lion spacecraft on a

595

00:28:36,970 --> 00:28:35,270

crater and there's always been questions

596

00:28:39,430 --> 00:28:36,980

why didn't why haven't we been back to

597

00:28:41,620 --> 00:28:39,440

the moon one rumor is that we were told

598

00:28:45,090 --> 00:28:41,630

never to come back and we haven't been

599

00:28:49,600 --> 00:28:45,100

back there since the seventies and so

600

00:28:52,240 --> 00:28:49,610

according to the book that I read the

601  
00:28:54,700 --> 00:28:52,250  
moon is a neutral zone at this point is

602  
00:28:57,820 --> 00:28:54,710  
a diplomatic zone conflicts are not

603  
00:28:58,940 --> 00:28:57,830  
allowed there so when they saw us laying

604  
00:29:00,230 --> 00:28:58,950  
down there

605  
00:29:01,970 --> 00:29:00,240  
they're like we don't have an agreement

606  
00:29:04,280 --> 00:29:01,980  
with these people they're landing in

607  
00:29:06,920 --> 00:29:04,290  
basically an embassy area we don't know

608  
00:29:08,240 --> 00:29:06,930  
these [h\_\_\h] are so they set up UFOs to

609  
00:29:11,690 --> 00:29:08,250  
watch us to make sure we weren't up to

610  
00:29:13,670 --> 00:29:11,700  
anything weird and they let us go but we

611  
00:29:16,700 --> 00:29:13,680  
are sold told not to come back until you

612  
00:29:19,070 --> 00:29:16,710  
have an agreement with us but we have

613  
00:29:21,320 --> 00:29:19,080

our secret space program we have the the

614

00:29:22,640 --> 00:29:21,330

public space program which is NASA so

615

00:29:24,500 --> 00:29:22,650

who knows there's so many different

616

00:29:28,570 --> 00:29:24,510

players here who knows who's in charge

617

00:29:32,720 --> 00:29:28,580

of what I'm sorry were you saying price

618

00:29:34,340 --> 00:29:32,730

we're the real people already there do

619

00:29:36,620 --> 00:29:34,350

they already have it's rumored that the

620

00:29:40,820 --> 00:29:36,630

Nazis and the rolls have have bases on

621

00:29:44,810 --> 00:29:40,830

the moon okay absolutely

622

00:29:46,370 --> 00:29:44,820

please that's a given Bryce duh what do

623

00:29:47,450 --> 00:29:46,380

you think they had to make parts of the

624

00:29:51,490 --> 00:29:47,460

moon landing because as soon as we got

625

00:29:57,200 --> 00:29:54,050

there's a movie came out a few years ago

626

00:29:59,600 --> 00:29:57,210

called iron sky yeah I saw that yeah the

627

00:30:01,370 --> 00:29:59,610

Seawolves out I believe about that Nazis

628

00:30:04,790 --> 00:30:01,380

who live within the moon and inside you

629

00:30:09,470 --> 00:30:04,800

attack again once the time is right cool

630

00:30:11,390 --> 00:30:09,480

no they catch Earth again though they

631

00:30:13,010 --> 00:30:11,400

they they're not attacking there at

632

00:30:14,810 --> 00:30:13,020

first they're going back because they

633

00:30:17,390 --> 00:30:14,820

assumed that the Third Reich has been

634

00:30:20,330 --> 00:30:17,400

successful oh okay but they're confused

635

00:30:22,820 --> 00:30:20,340

about why they sent a black astronaut to

636

00:30:23,240 --> 00:30:22,830

the moon oh I bleached his skin that's

637

00:30:29,450 --> 00:30:23,250

funny

638

00:30:31,370 --> 00:30:29,460

and then he's upset but they're like

639

00:30:33,560 --> 00:30:31,380

super peaceful Nazis like they don't

640

00:30:35,210 --> 00:30:33,570

even understand peaceful Nazis because

641

00:30:37,220 --> 00:30:35,220

the only part of there's no one left to

642

00:30:39,530 --> 00:30:37,230

conquer genocide well that's right well

643

00:30:40,880 --> 00:30:39,540

also the only part of the movie the only

644

00:30:43,870 --> 00:30:40,890

thing they know about Hitler is they

645

00:30:46,730 --> 00:30:43,880

have the movie of Charlie Chaplin

646

00:30:48,530 --> 00:30:46,740

dancing with the globe and so they

647

00:30:51,170 --> 00:30:48,540

that's the only part of that movie they

648

00:30:52,640 --> 00:30:51,180

have the Great Dictator or whatever so

649

00:30:54,830 --> 00:30:52,650

they just assume that like that was

650

00:30:55,430 --> 00:30:54,840

added of Hitler and how much he loved

651  
00:31:02,330 --> 00:30:55,440  
the world

652  
00:31:03,800 --> 00:31:02,340  
she's Christ it's pretty good so this is

653  
00:31:05,630 --> 00:31:03,810  
everything I've just been describing

654  
00:31:08,900 --> 00:31:05,640  
this far with the secret space program

655  
00:31:10,580 --> 00:31:08,910  
and trust me I've left out a lot it's

656  
00:31:12,290 --> 00:31:10,590  
all leading up to these are just the

657  
00:31:12,799 --> 00:31:12,300  
footnotes yeah it's all leading up to

658  
00:31:16,039 --> 00:31:12,809  
the

659  
00:31:20,720 --> 00:31:16,049  
galactic human slave trade and I think

660  
00:31:25,460 --> 00:31:20,730  
about this goes into the Mars Defense

661  
00:31:29,600 --> 00:31:25,470  
Force which there are reports that there

662  
00:31:32,749 --> 00:31:29,610  
are bases on Mars and that Mars does

663  
00:31:35,749 --> 00:31:32,759

have activity on it there's been reports

664

00:31:37,639 --> 00:31:35,759

that we've we've lost we've lost a lot

665

00:31:39,980 --> 00:31:37,649

of satellites trying to go to Mars and

666

00:31:42,320 --> 00:31:39,990

there's the speculation that they've

667

00:31:44,590 --> 00:31:42,330

been shot down that Mars does not want

668

00:31:47,659 --> 00:31:44,600

to be observed as much as it it has been

669

00:31:49,340 --> 00:31:47,669

Russian satellites have been shot down

670

00:31:52,960 --> 00:31:49,350

ours have gone off course and never made

671

00:31:54,919 --> 00:31:52,970

it there and there's been I think

672

00:31:57,379 --> 00:31:54,929

whistleblowers I think one called

673

00:31:59,389 --> 00:31:57,389

Captain K that came back and said yeah I

674

00:32:01,430 --> 00:31:59,399

was part of the the Martian Defense

675

00:32:08,049 --> 00:32:01,440

Force there's people who claim to have

676  
00:32:12,169 --> 00:32:08,059  
gone to Mars with President Obama yes

677  
00:32:14,480 --> 00:32:12,179  
Google President Obama Mars mission I

678  
00:32:17,690 --> 00:32:14,490  
think I've heard about this and under

679  
00:32:20,960 --> 00:32:17,700  
like years ago this involves time travel

680  
00:32:24,289 --> 00:32:20,970  
and age yeah yeah you're talking with a

681  
00:32:26,210 --> 00:32:24,299  
time travelers thing yes so wait this

682  
00:32:28,460 --> 00:32:26,220  
book covers all of this covers a lot of

683  
00:32:31,450 --> 00:32:28,470  
[h\_\_h] this is a [h\_\_h] dense book it's a

684  
00:32:34,489 --> 00:32:31,460  
pretty big boy yeah it's like a anxious

685  
00:32:37,430 --> 00:32:34,499  
so you know that the product the primary

686  
00:32:39,710 --> 00:32:37,440  
mission of the Mars Defense Force is to

687  
00:32:42,680 --> 00:32:39,720  
defend the five civilian colonies owned

688  
00:32:46,789 --> 00:32:42,690

by the Mars colony corporation which is

689

00:32:48,859 --> 00:32:46,799

a conglomerate of all the corporations

690

00:32:54,649 --> 00:32:48,869

on on earth who are working on special

691

00:32:56,389 --> 00:32:54,659

access project like Boeing yeah oh yeah

692

00:32:58,999 --> 00:32:56,399

all that ran corporation they all have

693

00:33:00,799 --> 00:32:59,009

like a general a general interest in in

694

00:33:02,840 --> 00:33:00,809

the mall Mars the only corporation

695

00:33:03,859 --> 00:33:02,850

corporation is in on the Mars thing

696

00:33:06,430 --> 00:33:03,869

because aren't they like heavily

697

00:33:09,259 --> 00:33:06,440

involved in the underground base thing

698

00:33:12,889 --> 00:33:09,269

the RAND Corporation has been having his

699

00:33:14,930 --> 00:33:12,899

hand in a lot of US government

700

00:33:18,129 --> 00:33:14,940

intelligence and weird senior stuff for

701  
00:33:20,389 --> 00:33:18,139  
a long time so they very well could be

702  
00:33:22,700 --> 00:33:20,399  
involved with in with anything I

703  
00:33:24,669 --> 00:33:22,710  
wouldn't surprise me one bit I mean I

704  
00:33:27,049 --> 00:33:24,679  
guess they have to take the

705  
00:33:28,820 --> 00:33:27,059  
nuclear-powered underground

706  
00:33:30,889 --> 00:33:28,830  
machine damar so they can set up the

707  
00:33:32,930 --> 00:33:30,899  
basis underneath the surface so we can't

708  
00:33:34,460 --> 00:33:32,940  
see them yes so they would definitely

709  
00:33:37,220 --> 00:33:34,470  
need RAND Corporation for that

710  
00:33:39,230 --> 00:33:37,230  
absolutely they probably need an Arnold

711  
00:33:44,289 --> 00:33:39,240  
Schwarzenegger for that as well two nuns

712  
00:33:46,909 --> 00:33:44,299  
happening without em so what is the

713  
00:33:49,100 --> 00:33:46,919

primary mission of these colonies well

714

00:33:50,629 --> 00:33:49,110

it's mining their mining on Mars kind of

715

00:33:52,820 --> 00:33:50,639

like what they did until a recall they

716

00:33:54,560 --> 00:33:52,830

had minds they knows Natural Resources

717

00:33:56,629 --> 00:33:54,570

up there so they're mining the [h\_\_\h] out

718

00:33:59,649 --> 00:33:56,639

of Mars man and that's kind of what they

719

00:34:03,499 --> 00:33:59,659

were doing to earth isn't it the plot of

720

00:34:07,039 --> 00:34:03,509

Total Recall yes yes Red Faction

721

00:34:09,409 --> 00:34:07,049

the video game according to the a lot of

722

00:34:12,409 --> 00:34:09,419

the theories around centered around the

723

00:34:14,899 --> 00:34:12,419

Anunnaki is that they were here to mine

724

00:34:17,210 --> 00:34:14,909

gold from the planet I've heard that a

725

00:34:19,399 --> 00:34:17,220

lot in ancient aliens gold is one the

726

00:34:21,589 --> 00:34:19,409

best or best conductors electricity yeah

727

00:34:24,680 --> 00:34:21,599

so maybe this planet was so covered in

728

00:34:27,800 --> 00:34:24,690

gold that they created a hybrid race

729

00:34:29,690 --> 00:34:27,810

with the chimpanzees that were running

730

00:34:31,280 --> 00:34:29,700

around that were smart enough to mine

731

00:34:35,990 --> 00:34:31,290

for them and then they love this here

732

00:34:38,270 --> 00:34:36,000

that's right that's I mean that's one of

733

00:34:41,540 --> 00:34:38,280

the new breed zecharia sitchin it is

734

00:34:45,319 --> 00:34:41,550

like the alien theorists that's one of

735

00:34:47,540 --> 00:34:45,329

the what's his name Erich von Daniken's

736

00:34:55,339 --> 00:34:47,550

really big unstuff something those kind

737

00:34:59,870 --> 00:34:55,349

of theories yeah [h\_\_h] yes and so there

738

00:35:01,910 --> 00:34:59,880

are money operations on on Mars and it

739

00:35:07,970 --> 00:35:01,920

turns out most of these corporations are

740

00:35:10,160 --> 00:35:07,980

run with a Nazi influence okay and that

741

00:35:13,190 --> 00:35:10,170

almost seems logical like that aspect of

742

00:35:15,920 --> 00:35:13,200

it like we've adopted the US government

743

00:35:18,920 --> 00:35:15,930

adopted a lot of the Nazi scientists and

744

00:35:22,190 --> 00:35:18,930

even intelligence officers to Hulk

745

00:35:24,140 --> 00:35:22,200

construct the space program and even our

746

00:35:26,690 --> 00:35:24,150

intelligence agencies like how you guys

747

00:35:29,359 --> 00:35:26,700

did so well please help us set up her

748

00:35:31,730 --> 00:35:29,369

own and you could almost see that Nazi

749

00:35:34,670 --> 00:35:31,740

philosophy stop thinking about Nazi as

750

00:35:37,190 --> 00:35:34,680

like complete genocide and think about

751  
00:35:37,970 --> 00:35:37,200  
it as the National Socialist Movement

752  
00:35:40,280 --> 00:35:37,980  
that

753  
00:35:44,660 --> 00:35:40,290  
is where he's efficient yeah its

754  
00:35:47,359 --> 00:35:44,670  
efficiency it is pride nationalism yeah

755  
00:35:49,340 --> 00:35:47,369  
it's a get get things done at any and

756  
00:35:50,990 --> 00:35:49,350  
all costs put it in a national security

757  
00:35:54,740 --> 00:35:51,000  
state spying everybody

758  
00:35:56,349 --> 00:35:54,750  
Stasi kind of [h\_\_h] and so one that yeah

759  
00:36:00,109 --> 00:35:56,359  
so I can see that mean

760  
00:36:01,820 --> 00:36:00,119  
keep the Nazis involved right away and

761  
00:36:03,740 --> 00:36:01,830  
that mentality permeates throughout all

762  
00:36:06,410 --> 00:36:03,750  
the corporations sure another big part

763  
00:36:08,210 --> 00:36:06,420

of that was a return of naturalism and

764

00:36:09,440 --> 00:36:08,220

being healthy and athletic which would

765

00:36:15,440 --> 00:36:09,450

definitely help if you need a bunch of

766

00:36:19,730 --> 00:36:15,450

people to mind all the time so the idea

767

00:36:21,770 --> 00:36:19,740

is if you're to work here so uh who

768

00:36:27,340 --> 00:36:21,780

works for these these corporations who

769

00:36:31,220 --> 00:36:27,350

works in the mines you're picked out and

770

00:36:34,190 --> 00:36:31,230

you will experience a couple things

771

00:36:36,290 --> 00:36:34,200

you'll be taken away and you will work

772

00:36:40,490 --> 00:36:36,300

for anywhere from four to six years

773

00:36:45,040 --> 00:36:40,500

where your contract is and when you're

774

00:36:48,980 --> 00:36:45,050

done you will go through each regression

775

00:36:51,170 --> 00:36:48,990

in conjunction with time travel to put

776

00:36:52,490 --> 00:36:51,180

you back exactly where you started so

777

00:36:53,980 --> 00:36:52,500

you and you look no different than when

778

00:36:56,870 --> 00:36:53,990

you left

779

00:36:58,700 --> 00:36:56,880

it's our theory I know but and also your

780

00:37:00,950 --> 00:36:58,710

memory is erased your memories are us

781

00:37:04,160 --> 00:37:00,960

yeah but sometimes they come flooding

782

00:37:07,400 --> 00:37:04,170

back like with Captain K commander X all

783

00:37:09,310 --> 00:37:07,410

these whistleblowers here the first time

784

00:37:14,240 --> 00:37:09,320

Mars colony corporation was set up in

785

00:37:18,470 --> 00:37:14,250

1974 and these these Martian colonies do

786

00:37:20,020 --> 00:37:18,480

utilize slave labor kind of sounds like

787

00:37:23,359 --> 00:37:20,030

the East India Company

788

00:37:27,710 --> 00:37:23,369

maybe Mars not that far off yeah not

789

00:37:29,900 --> 00:37:27,720

that far off so when it comes to the

790

00:37:33,020 --> 00:37:29,910

Galactic human slave trade this is a big

791

00:37:35,599 --> 00:37:33,030

issue this is like this is like a civil

792

00:37:38,150 --> 00:37:35,609

war ish you know it could be this is a

793

00:37:40,340 --> 00:37:38,160

this is a big one there are special

794

00:37:42,080 --> 00:37:40,350

operator groups who have specific

795

00:37:44,300 --> 00:37:42,090

shopping list and we'll go through a

796

00:37:46,670 --> 00:37:44,310

great deal of trouble in personal risk

797

00:37:49,130 --> 00:37:46,680

to obtain certain types of individuals

798

00:37:50,250 --> 00:37:49,140

that are on the list the secret

799

00:37:52,890 --> 00:37:50,260

government knows what

800

00:37:56,070 --> 00:37:52,900

going on and are trying to profit from

801

00:37:57,840 --> 00:37:56,080

it the tall whites are one of them and

802

00:37:58,710 --> 00:37:57,850

they're working closely with the United

803

00:38:00,990 --> 00:37:58,720

States Air Force

804

00:38:05,310 --> 00:38:01,000

but there's other various alien races

805

00:38:08,040 --> 00:38:05,320

who are engaged in this galactic slave

806

00:38:11,160 --> 00:38:08,050

trade who are taking humans and using

807

00:38:12,450 --> 00:38:11,170

them now why are they taking humans what

808

00:38:14,880 --> 00:38:12,460

will makes them such good workers well

809

00:38:17,310 --> 00:38:14,890

like what Bryce was saying there are

810

00:38:20,430 --> 00:38:17,320

rumors like that we were bred to be

811

00:38:22,680 --> 00:38:20,440

pretty goddamn good slaves pretty hearty

812

00:38:26,070 --> 00:38:22,690

good with technical stuff can learn very

813

00:38:27,800 --> 00:38:26,080

quickly can adapt to situations and I

814

00:38:30,990 --> 00:38:27,810

guess if you're gonna work with machines

815

00:38:33,600 --> 00:38:31,000

get a human slave and that's the

816

00:38:37,800 --> 00:38:33,610

philosophy here and this one kind of

817

00:38:39,480 --> 00:38:37,810

lead back like people enslave enslave

818

00:38:41,610 --> 00:38:39,490

world wouldn't people know if they go

819

00:38:43,500 --> 00:38:41,620

missing well look at the missing 401

820

00:38:45,240 --> 00:38:43,510

stock plenty of people go missing and

821

00:38:47,160 --> 00:38:45,250

never found again or I was thinking

822

00:38:48,960 --> 00:38:47,170

about even the other book he's doing now

823

00:38:50,940 --> 00:38:48,970

that's the people found in urban

824

00:38:53,940 --> 00:38:50,950

environments in small puddles of water

825

00:38:57,090 --> 00:38:53,950

who are dead maybe that's before being

826

00:38:58,590 --> 00:38:57,100

returned from their contract and you

827

00:39:00,840 --> 00:38:58,600

want to go if you're in if we're gonna

828

00:39:03,360 --> 00:39:00,850

buy if we're gonna go all in with this

829

00:39:04,980 --> 00:39:03,370

stuff then yeah yeah I'm saying if if

830

00:39:06,480 --> 00:39:04,990

you want to fully believe this like

831

00:39:09,630 --> 00:39:06,490

maybe there's some accidents when they

832

00:39:13,020 --> 00:39:09,640

drop people off oops we dropped him in a

833

00:39:16,020 --> 00:39:13,030

shallow body of water really Dan to be

834

00:39:18,690 --> 00:39:16,030

dropping off cattles yes cattle they're

835

00:39:20,580 --> 00:39:18,700

really bad at cattle yeah and that horse

836

00:39:23,580 --> 00:39:20,590

turned them inside out that 411

837

00:39:26,250 --> 00:39:23,590

voicemail that we heard yes was a person

838

00:39:29,700 --> 00:39:26,260

being abducted and then he was returned

839

00:39:32,340 --> 00:39:29,710

six days later in a lake dead his

840

00:39:35,010 --> 00:39:32,350

contract was up and you know this

841

00:39:36,480 --> 00:39:35,020

there's like a good portion of people

842

00:39:39,090 --> 00:39:36,490

that go missing every year probably

843

00:39:41,850 --> 00:39:39,100

close to 900,000 people go missing but

844

00:39:44,430 --> 00:39:41,860

those are mostly resolved in the globe

845

00:39:46,590 --> 00:39:44,440

globally yeah but those are mostly

846

00:39:49,200 --> 00:39:46,600

resolved actually that might be the us

847

00:39:51,150 --> 00:39:49,210

but those are mostly resolved in 24 to

848

00:39:54,000 --> 00:39:51,160

48 hours where people are mistaken that

849

00:39:56,310 --> 00:39:54,010

they've gone missing or like era

850

00:39:58,980 --> 00:39:56,320

completely found everything's everything

851  
00:40:02,490 --> 00:39:58,990  
is fine from the numbers that I've seen

852  
00:40:04,050 --> 00:40:02,500  
from the FBI every year 2,000 people

853  
00:40:06,360 --> 00:40:04,060  
have gone missing

854  
00:40:08,220 --> 00:40:06,370  
their body has not been found and their

855  
00:40:10,850 --> 00:40:08,230  
body has not been recovered and they

856  
00:40:13,530 --> 00:40:10,860  
have no idea where they've gone mm-hmm

857  
00:40:15,720 --> 00:40:13,540  
worldwide could be even greater oh yeah

858  
00:40:18,500 --> 00:40:15,730  
for the u.s. if that includes people who

859  
00:40:21,330 --> 00:40:18,510  
are found within 24 to 48 hours yeah

860  
00:40:23,790 --> 00:40:21,340  
case of mistakenly you know mistaken

861  
00:40:26,340 --> 00:40:23,800  
idea yes exactly but right now it's

862  
00:40:27,990 --> 00:40:26,350  
about 2,000 people that well all the

863  
00:40:30,630 --> 00:40:28,000

numbers like I couldn't even find it

864

00:40:32,750 --> 00:40:30,640

great FBI statistics on people who could

865

00:40:34,830 --> 00:40:32,760

not be found

866

00:40:37,560 --> 00:40:34,840

so let's completely posit you're gonna

867

00:40:41,670 --> 00:40:37,570

go down this galactic slave trade route

868

00:40:44,580 --> 00:40:41,680

and all these this crazy space program

869

00:40:48,330 --> 00:40:44,590

the crazy secret space program why not

870

00:40:50,190 --> 00:40:48,340

enslave humans at that point um sorry

871

00:40:52,020 --> 00:40:50,200

sidenote Politis just put out a new book

872

00:40:55,710 --> 00:40:52,030

above my c4 and one for hunters and I

873

00:40:57,390 --> 00:40:55,720

haven't ordered it's on the way don't

874

00:41:00,090 --> 00:40:57,400

worry do that in the future should be

875

00:41:03,750 --> 00:41:00,100

pretty good but I mean the reason why I

876

00:41:06,560 --> 00:41:03,760

started on this down this route before

877

00:41:09,150 --> 00:41:06,570

the Podesta leaks but now that the the

878

00:41:12,390 --> 00:41:09,160

newest Podesta WikiLeaks came out where

879

00:41:14,670 --> 00:41:12,400

he's talking about UFOs Tom DeLonge from

880

00:41:17,010 --> 00:41:14,680

blink 182 is talking about UFOs Edgar

881

00:41:21,690 --> 00:41:17,020

Mitchell former astronaut talking about

882

00:41:25,290 --> 00:41:21,700

UFOs it's more relevant than ever and if

883

00:41:28,950 --> 00:41:25,300

they do have this zero-point energy that

884

00:41:31,470 --> 00:41:28,960

can change the world and a protecting

885

00:41:34,050 --> 00:41:31,480

environment and get us off this

886

00:41:38,880 --> 00:41:34,060

Babylonia money magic system clown baby

887

00:41:42,120 --> 00:41:38,890

let's do it it is time and it is time to

888

00:41:43,980 --> 00:41:42,130

go into the Star Trek future which is

889

00:41:45,810 --> 00:41:43,990

actually mentioned in this book one of

890

00:41:47,400 --> 00:41:45,820

the reasons why the the sphere being

891

00:41:50,130 --> 00:41:47,410

Alliance wants to help us is that they

892

00:41:53,670 --> 00:41:50,140

believe that humans can transition into

893

00:41:56,700 --> 00:41:53,680

that Star Trek like Federation and do

894

00:42:02,730 --> 00:41:56,710

good once we get past this resource

895

00:42:08,510 --> 00:42:02,740

description that we have yes you talk

896

00:42:11,310 --> 00:42:08,520

about like a post post post post yes yes

897

00:42:14,309 --> 00:42:11,320

well in order to do that we need to

898

00:42:15,870 --> 00:42:14,319

break our dependency on oil whose

899

00:42:17,609 --> 00:42:15,880

kick from the chat someone say kick him

900

00:42:19,949 --> 00:42:17,619

from the chat who said from the chat

901  
00:42:21,799 --> 00:42:19,959  
I think I think it's a joke no I'll kick

902  
00:42:23,849 --> 00:42:21,809  
everybody from a chat you're all gone

903  
00:42:25,589 --> 00:42:23,859  
toodles said wouldn't the spacefaring

904  
00:42:27,870 --> 00:42:25,599  
race just build robots or androids

905  
00:42:30,630 --> 00:42:27,880  
instead of using slaves you need to feed

906  
00:42:33,589 --> 00:42:30,640  
them or they don't need sleep I guess

907  
00:42:36,239 --> 00:42:33,599  
that's good well they have Gray's yes

908  
00:42:38,609 --> 00:42:36,249  
mr. logic one of the chat one now that

909  
00:42:41,039 --> 00:42:38,619  
there are rumors that the small greys

910  
00:42:42,539 --> 00:42:41,049  
are actually robot biological androids

911  
00:42:44,969 --> 00:42:42,549  
that's correct yeah yes a few times

912  
00:42:48,150 --> 00:42:44,979  
quite a few so they're obviously not

913  
00:42:50,549 --> 00:42:48,160

very good at mining look at them they're

914

00:42:53,429 --> 00:42:50,559

weak and stupid I know you can break him

915

00:42:57,209 --> 00:42:53,439

in two it wouldn't last 10 seconds in

916

00:42:59,159 --> 00:42:57,219

bed with Trump Oh - to answer JB

917

00:43:01,140 --> 00:42:59,169

listen not actually toodles is not

918

00:43:03,179 --> 00:43:01,150

turtle that you're thinking of toodles

919

00:43:06,120 --> 00:43:03,189

as a guy we played Zomboid with he's not

920

00:43:08,279 --> 00:43:06,130

uh not the famous Nebraskan slash

921

00:43:08,789 --> 00:43:08,289

Nevadan turtle yeah it's a different

922

00:43:12,689 --> 00:43:08,799

dude

923

00:43:19,799 --> 00:43:12,699

I mean Turtles a good guy but is it ever

924

00:43:21,479 --> 00:43:19,809

dude yeah warning subtract yeah you all

925

00:43:23,569 --> 00:43:21,489

right you're gonna get you are you gonna

926

00:43:29,339 --> 00:43:23,579

grab some ice

927

00:43:32,609 --> 00:43:29,349

some ice thank you Bryce is going to get

928

00:43:34,109 --> 00:43:32,619

some ice no Bryce Bryce where's Briscoe

929

00:43:37,019 --> 00:43:34,119

where Bryce go left what do you do oh my

930

00:43:39,749 --> 00:43:37,029

god oh my god oh my god oh my god so

931

00:43:44,489 --> 00:43:39,759

that's what I have for the secret space

932

00:43:47,969 --> 00:43:44,499

program um I knows a lot take in I'm not

933

00:43:51,749 --> 00:43:47,979

saying that it's real I'm not saying

934

00:43:54,749 --> 00:43:51,759

that any of its real but if parts like

935

00:43:56,969 --> 00:43:54,759

if 10% is real meaning that I want this

936

00:43:59,390 --> 00:43:56,979

to be real I wanted to be real - but

937

00:44:02,880 --> 00:43:59,400

it's like 10% like we did get some

938

00:44:04,309 --> 00:44:02,890

flying saucer technology from the Nazis

939

00:44:06,870 --> 00:44:04,319

great it's great

940

00:44:11,039 --> 00:44:06,880

or maybe we do have some kind of treaty

941

00:44:13,799 --> 00:44:11,049

with some things out there but it was

942

00:44:15,209 --> 00:44:13,809

this treaty sign hey don't go outside

943

00:44:17,969 --> 00:44:15,219

the solar system and you'll be fine

944

00:44:20,009 --> 00:44:17,979

don't start launching nukes into space

945

00:44:22,829 --> 00:44:20,019

and we'll be good all that kind of stuff

946

00:44:24,749 --> 00:44:22,839

I with any of this this information our

947

00:44:26,729 --> 00:44:24,759

information that comes out about UFOs

948

00:44:27,730 --> 00:44:26,739

yet that you absolutely have think with

949

00:44:31,240 --> 00:44:27,740

a grain of salt

950

00:44:32,800 --> 00:44:31,250

because in the documentary called Mirage

951  
00:44:36,640 --> 00:44:32,810  
man which I brought many times is that

952  
00:44:41,320 --> 00:44:36,650  
the CIA is very interested in the USA

953  
00:44:41,650 --> 00:44:41,330  
once he has and I think continues to do

954  
00:44:44,530 --> 00:44:41,660  
so

955  
00:44:46,060 --> 00:44:44,540  
infiltrate these UFO groups and mislead

956  
00:44:47,830 --> 00:44:46,070  
them give them different different

957  
00:44:49,450 --> 00:44:47,840  
disinformation lead them down the wrong

958  
00:44:52,630 --> 00:44:49,460  
path give him a bunch of [h\_\_h] and

959  
00:44:55,180 --> 00:44:52,640  
this book could be entirely filled with

960  
00:44:58,780 --> 00:44:55,190  
it but I found it to be so compelling

961  
00:45:02,859 --> 00:44:58,790  
and so detailed there I had to take

962  
00:45:05,440 --> 00:45:02,869  
notes and I had to talk about it it's so

963  
00:45:07,930 --> 00:45:05,450

bizarre because it goes in like it goes

964

00:45:10,960 --> 00:45:07,940

into the alliances it goes into specific

965

00:45:13,540 --> 00:45:10,970

alien races it's stupid goes in a human

966

00:45:16,600 --> 00:45:13,550

slave trade and then you have the the

967

00:45:20,680 --> 00:45:16,610

the spear sphere being Alliance which is

968

00:45:22,630 --> 00:45:20,690

a stupid [h\_\_h] name spear being yeah

969

00:45:26,700 --> 00:45:22,640

why can't they be like you know I don't

970

00:45:29,170 --> 00:45:26,710

know night dragon Alliance the night

971

00:45:33,190 --> 00:45:29,180

dragon Alliance come on

972

00:45:35,950 --> 00:45:33,200

the prune squad the prune Alliance of a

973

00:45:37,750 --> 00:45:35,960

galactic prune Federation yes fighting

974

00:45:40,780 --> 00:45:37,760

constipation across the gallery here we

975

00:45:45,390 --> 00:45:40,790

go start it up prune fruit Alliance

976

00:45:52,090 --> 00:45:48,330

much above [h\_\_h]

977

00:45:54,220 --> 00:45:52,100

could be maybe we can brace a shirt

978

00:45:55,750 --> 00:45:54,230

taking sweet time get nice yeah we're

979

00:45:59,050 --> 00:45:55,760

gonna do some headlines I have a few

980

00:46:02,470 --> 00:45:59,060

headlines yes we'll do a few headlines

981

00:46:03,880 --> 00:46:02,480

and get the hay out of here we're

982

00:46:06,550 --> 00:46:03,890

already over an hour

983

00:46:10,309 --> 00:46:06,560

so yeah an hour and 20 an hour 30 or

984

00:46:14,179 --> 00:46:10,319

something I am all in

985

00:46:17,329 --> 00:46:14,189

yeah well we are still alive 6 1 4 3 8 8

986

00:46:20,329 --> 00:46:17,339

9 1 o die and if you want to give a call

987

00:46:23,120 --> 00:46:20,339

in and say hi you are more than welcome

988

00:46:24,650 --> 00:46:23,130

989

don't know no no people asked for a live

991

00:46:36,019 --> 00:46:34,619

feed stock did it stop with this chat I

992

00:46:52,579 --> 00:46:36,029

don't think so

993

00:46:53,599 --> 00:46:52,589

these are live feed stop me check check

994

00:46:59,559 --> 00:46:53,609

no thank you

995

00:47:05,089 --> 00:47:03,799

that's better keep checking yep it's

996

00:47:07,249 --> 00:47:05,099

still going we're gonna do some

997

00:47:10,549 --> 00:47:07,259

headlines here Bryce and then we're

998

00:47:12,019 --> 00:47:10,559

going on with the the what is this eager

999

00:47:15,169 --> 00:47:12,029

space program yeah

1000

00:47:18,049 --> 00:47:15,179

no I thought it was the spear spear beam

1001

00:47:23,569 --> 00:47:18,059

alliance yes that Oh Mars Mars County

1002

00:47:25,909 --> 00:47:23,579

but also the Sumerian Bonnie magic honey

1003

00:47:30,829 --> 00:47:25,919

money magic system yeah money magically

1004

00:47:32,620 --> 00:47:30,839

stopped pumping I yeah that's where my
