ZOMBIE EP. 5

1
00:00:10,900 --> 00:00:08,440
hey everyone we are back in project

2
00:00:13,060 --> 00:00:10,910
zomboid we're traveling around bedford

3
00:00:14,740 --> 00:00:13,070
checking out other people's basis making

4
00:00:17,140 --> 00:00:14,750
sure that they're up to code we're

5
00:00:20,050 --> 00:00:17,150
building bridges in the community trying

6
00:00:22,710 --> 00:00:20,060
to make sure everyone is safe thanks for

7
00:00:27,400 --> 00:00:22,720
watching subscribe and like the video

8
00:00:31,179 --> 00:00:27,410
doc you later there is this man dead

9
00:00:37,899 --> 00:00:31,189
yeah I'd like to see this mansion the

10
00:00:41,740 --> 00:00:37,909
resident evil mention a nice that's in

11
00:00:44,160 --> 00:00:41,750
that big area the bottom of the huge

12
00:00:47,049 --> 00:00:44,170
field that's south of a military base

13
00:00:49,420 --> 00:00:47,059

likewise out by the apartments okay well

14

00:00:51,939 --> 00:00:49,430

we're pretty close to that we're south

15

00:00:54,250 --> 00:00:51,949

of the military base so if you go

16

00:00:55,899 --> 00:00:54,260

Dorothy should run into it and know

17

00:01:00,310 --> 00:00:55,909

where we're I can we check the map from

18

00:01:02,460 --> 00:01:00,320

Jeff watch I got ya fire away in fact

19

00:01:06,100 --> 00:01:02,470

i'm so confident i'll get on my map to

20

00:01:08,410 --> 00:01:06,110

the last words you ever hear is mike

21

00:01:10,120 --> 00:01:08,420

saying I got you back don't worry about

22

00:01:12,180 --> 00:01:10,130

this I got your garden I definitely

23

00:01:20,360 --> 00:01:12,190

won't just run around in a circle and

24

00:01:29,840 --> 00:01:22,070

don't worry I've gotten much better

25

00:01:38,810 --> 00:01:31,220

okay I think

26

00:01:38,820 --> 00:01:44,360

because this place

27

00:01:44,370 --> 00:01:47,600

you know where it's at

28

00:01:55,850 --> 00:01:49,520

just trying to see okay I know where

29

00:02:00,830 --> 00:01:55,860

we're at yah its way south the military

30

00:02:06,460 --> 00:02:00,840

base it's ginormous on the map and a

31

00:02:17,760 --> 00:02:10,960

mansion whoa I have found something

32

00:02:21,480 --> 00:02:19,770

the place that has the dirt road going

33

00:02:24,480 --> 00:02:21,490

up to it and is the fella fenced off and

34

00:02:25,920 --> 00:02:24,490

a third manners yeah I'd press found a

35

00:02:29,040 --> 00:02:25,930

huge base but I don't know if we can get

36

00:02:30,000 --> 00:02:29,050

into it okay we're yeah let's let's go

37

00:02:36,020 --> 00:02:30,010

to where you're at you found a base

38

00:02:40,800 --> 00:02:36,030

where yet i am at thirteen to eight nine

39

00:02:41,880 --> 00:02:40,810

ten 835 okay what I don't think we're

40

00:02:43,370 --> 00:02:41,890

gonna be able to get into it because

41

00:02:45,810 --> 00:02:43,380

we're going to need some carpentry level

42

00:02:49,890 --> 00:02:45,820

because they surrounded the whole place

43

00:02:52,440 --> 00:02:49,900

with bushes Jeff you follow me yeah

44

00:02:53,790 --> 00:02:52,450

you're I mean I guess if we can't get in

45

00:02:58,590 --> 00:02:53,800

there's no point in going there let's go

46

00:03:01,890 --> 00:02:58,600

see it let's go check it out oh yeah

47

00:03:04,560 --> 00:03:01,900

here it is hmm are you there yeah we're

48

00:03:07,410 --> 00:03:04,570

here all right I'm in the hardware store

49

00:03:09,750 --> 00:03:07,420

down the street from look at your saw so

50

00:03:13,380 --> 00:03:09,760

if we gonna get this is the okay yeah we

51
00:03:22,430 --> 00:03:13,390
marked about this we're just because if

52
00:03:26,280 --> 00:03:24,330
alright we can go in the building across

53
00:03:30,660 --> 00:03:26,290
the street or find one that's even

54
00:03:34,170 --> 00:03:30,670
closer that has a second floor and make

55
00:03:36,720 --> 00:03:34,180
a walkway to get in which will lead into

56
00:03:39,240 --> 00:03:36,730
all of us breaking our legs I think so

57
00:03:43,410 --> 00:03:39,250
yeah it's gonna happen you can make it

58
00:03:46,680 --> 00:03:43,420
double wide oh good why don't I just

59
00:03:49,949 --> 00:03:46,690
shoot defense you can't now that you can

60
00:03:52,500 --> 00:03:49,959
shoot away the hedge let me move to

61
00:03:55,949 --> 00:03:52,510
hedge where you fools that I'm here oh

62
00:03:58,860 --> 00:03:55,959
they are okay so do you want to go

63
00:04:01,260 --> 00:03:58,870

across the street from this building or

64

00:04:04,199 --> 00:04:01,270

is it closer to go next door I think

65

00:04:08,270 --> 00:04:04,209

this house is oh yeah we go to this

66

00:04:14,940 --> 00:04:11,610

which we're not you talking about we

67

00:04:16,979 --> 00:04:14,950

toss so if we go in this apartment

68

00:04:19,229 --> 00:04:16,989

complex here oh yeah yeah get to the

69

00:04:22,590 --> 00:04:19,239

second floor break a window and build a

70

00:04:26,250 --> 00:04:22,600

walk way over into it he has a street

71

00:04:28,110 --> 00:04:26,260

shot oh and they maybe they've got a

72

00:04:32,400 --> 00:04:28,120

walk I right there perfect now let's go

73

00:04:48,310 --> 00:04:32,410

from here time to clear the building

74

00:04:55,000 --> 00:04:50,320

just removing some broken glass aslam

75

00:05:04,480 --> 00:04:55,010

doing husband going in I let's go clear

76

00:05:25,180 --> 00:05:04,490

this [h__h] the bottom floor is pretty

77

00:05:31,330 --> 00:05:28,540

the floor looks good someone keeps

78

00:05:37,570 --> 00:05:31,340

breaking windows in I don't know what

79

00:05:39,340 --> 00:05:37,580

that would be all right I'm gonna drop

80

00:05:44,130 --> 00:05:39,350

the saw in here oh my goodness you're

81

00:05:57,250 --> 00:05:44,140

gonna cut yourself what no way dude yeah

82

00:06:01,870 --> 00:05:57,260

you def again all right saws in here go

83

00:06:05,770 --> 00:06:01,880

to wear a carpenter you don't think my

84

00:06:08,440 --> 00:06:05,780

carpentry skills are the par I'll drink

85

00:06:11,620 --> 00:06:08,450

this disk it definitely need planks I

86

00:06:17,350 --> 00:06:11,630

can get some wood for you there's some

87

00:06:20,020 --> 00:06:17,360

leg up some blogs out front yeah I'll go

88

00:06:21,220 --> 00:06:20,030

I'll go haul some logs for you I'll see

89

00:06:25,440 --> 00:06:21,230

do something productive how about that

90

00:06:29,290 --> 00:06:25,450

oh and I got a sledge too so perfect

91

00:06:31,420 --> 00:06:29,300

I'll knock out this window here okay

92

00:06:37,570 --> 00:06:31,430

that'll work perfectly and then I'll

93

00:06:41,860 --> 00:06:37,580

help midnight Mike in law center boards

94

00:06:53,140 --> 00:06:41,870

were there cut logs by there uh but I

95

00:06:53,150 --> 00:07:50,380

[Music]

96

00:07:50,390 --> 00:07:52,710

you

97

00:08:28,510 --> 00:08:21,990

[Music]

98

00:08:32,740 --> 00:08:30,700

and you got those sheet ropes put them

99

00:08:34,600 --> 00:08:32,750

down here this is how they get in and

100

00:08:38,110 --> 00:08:34,610

out just in case something happens all

101
00:08:43,209 --> 00:08:38,120
right well you can get all the line like

102
00:08:45,340 --> 00:08:43,219
right here in this / k and get me to

103
00:08:56,140 --> 00:08:45,350
look so cute yeah that's like oh [h__h]

104
00:09:19,840 --> 00:09:03,550
okay like dump my planks keep doing it

105
00:09:24,400 --> 00:09:19,850
breaking their windows no I can't

106
00:09:32,290 --> 00:09:24,410
replace those I don't orange soda hell

107
00:09:36,400 --> 00:09:32,300
yeah I chocolate Danny Tanner love some

108
00:09:40,420 --> 00:09:36,410
orange soda it's walking through leaving

109
00:09:42,550 --> 00:09:40,430
trash everywhere listen believe trash

110
00:09:44,680 --> 00:09:42,560
everywhere and we can go downstairs

111
00:09:46,930 --> 00:09:44,690
right here I don't know if we want to go

112
00:09:53,170 --> 00:09:46,940
downstairs then knock out these stairs I

113
00:09:54,640 --> 00:09:53,180

can't tell another stairs they just be

114

00:09:57,040 --> 00:09:54,650

careful one side there's not stairs on

115

00:09:58,540 --> 00:09:57,050

the north side there stairs yeah I'm

116

00:10:03,190 --> 00:09:58,550

kind of you have to go about going down

117

00:10:05,620 --> 00:10:03,200

there okay the stairs right here again

118

00:10:09,400 --> 00:10:05,630

the interns gonna investigate get the

119

00:10:12,490 --> 00:10:09,410

stairs okay so all the floor right there

120

00:10:14,020 --> 00:10:12,500

now I'm gonna like it no it looks like

121

00:10:22,269 --> 00:10:14,030

it but there's there stairs they didn't

122

00:10:22,279 --> 00:10:28,769

it could be

123

00:10:37,900 --> 00:10:34,720

safety of ground floor can find out real

124

00:10:42,009 --> 00:10:37,910

quickly goods that hmm where's their

125

00:10:48,780 --> 00:10:42,019

stuff yeah I guess this is not on the

126

00:11:00,129 --> 00:10:51,519

actually this doors open back here and

127

00:11:02,139 --> 00:11:00,139

this is knowledge bathrooms they just

128

00:11:16,090 --> 00:11:02,149

make this awesome wall and then call it

129

00:11:19,809 --> 00:11:16,100

quits I have size limited version around

130

00:11:22,540 --> 00:11:19,819

that turmeric I think it's more than two

131

00:11:29,829 --> 00:11:22,550

stories isn't it oh yeah like three or

132

00:11:32,889 --> 00:11:29,839

four if i remember correctly lovely

133

00:11:34,629 --> 00:11:32,899

place absolutely breathtaking here that

134

00:11:35,799 --> 00:11:34,639

is I think that the top of a pillar if

135

00:11:45,939 --> 00:11:35,809

you look over here is in there square

136

00:11:53,720 --> 00:11:45,949

yeah yeah makes sense but where's the

137

00:12:03,530 --> 00:11:57,860

that's the question I have looking at

138

00:12:08,900 --> 00:12:03,540

map data right now okay yeah my bridge

139

00:12:11,090 --> 00:12:08,910

just came in a couple stories too low we

140

00:12:13,759 --> 00:12:11,100

could go back and make it yeah we can

141

00:12:15,139 --> 00:12:13,769

take another bridge it's probably

142

00:12:18,560 --> 00:12:15,149

quicker than getting the level 6

143

00:12:20,930 --> 00:12:18,570

carpentry yeah yeah there should be some

144

00:12:24,050 --> 00:12:20,940

here they knock them out those crafty

145

00:12:26,720 --> 00:12:24,060

bastards whatever hiding gotta trust

146

00:12:28,250 --> 00:12:26,730

their daughters crack is us must be some

147

00:12:29,420 --> 00:12:28,260

pretty good that they're hiding I'm

148

00:12:42,550 --> 00:12:29,430

gonna go back and start chopping some

149

00:12:50,769 --> 00:12:44,019

we're going to go to the third floor

150

00:12:57,070 --> 00:12:50,779

ensleg out our window okay look we

151
00:13:04,519 --> 00:12:57,080
didn't take it will stare before time to

152
00:13:07,889 --> 00:13:06,269
and this is where they're definitely

153
00:13:09,960 --> 00:13:07,899
keep chicks I can see inside there's a

154
00:13:13,829 --> 00:13:09,970
room and there's like hand dollies and

155
00:13:15,300 --> 00:13:13,839
[h__h] in the ground oh god it's just

156
00:13:19,379 --> 00:13:15,310
really nice of them that they left out

157
00:13:22,199 --> 00:13:19,389
there for us we hit the jackpot boys may

158
00:13:23,400 --> 00:13:22,209
be okay is there another platform out

159
00:13:26,129 --> 00:13:23,410
there boo can all sit well I'm just

160
00:13:31,079 --> 00:13:26,139
gonna let g be go out there smash it so

161
00:13:35,689 --> 00:13:31,089
we're not log jam in the air bridge I'm

162
00:13:47,910 --> 00:13:35,699
all the way up thanks just need to grab

163
00:13:53,590 --> 00:13:51,130

pickles on the ground yeah yeah those

164

00:13:58,800 --> 00:13:53,600

are just ground pickles you can have one

165

00:14:06,550 --> 00:13:58,810

if you want Kentucky grab pickles

166

00:14:11,860 --> 00:14:06,560

pickles just tough for Michelle she's

167

00:14:15,820 --> 00:14:11,870

afraid of heights you get that trade in

168

00:14:17,950 --> 00:14:15,830

the game get wobbly that would [h__h]

169

00:14:23,800 --> 00:14:17,960

suck you should start moving erratically

170

00:14:27,040 --> 00:14:23,810

deeds aside occasional I get a big

171

00:14:30,940 --> 00:14:27,050

enough platform just some mighty fine

172

00:14:34,090 --> 00:14:30,950

construction totally defies the laws of

173

00:14:35,830 --> 00:14:34,100

physics but you just keep stacking two

174

00:14:41,230 --> 00:14:35,840

by fours in front of each other keep

175

00:14:45,010 --> 00:14:41,240

going it up so like some plugin all

176

00:14:47,110 --> 00:14:45,020

right you smashed that [h__\h] it's already

177

00:14:48,460 --> 00:14:47,120

[h__\h] slash perl you smash that ass

178

00:14:52,120 --> 00:14:48,470

each other i think you just have to

179

00:15:00,590 --> 00:14:52,130

remove the wall actually it's not

180

00:15:09,019 --> 00:15:04,579

well you can just hop right in uh-huh

181

00:15:10,930 --> 00:15:09,029

okay well Danny is it only it's not

182
