00:00:41,709 --> 00:00:38,129

content so if you're easily offended

18

00:00:49,010 --> 00:00:45,120

thanks for listening and commenting duck

19

00:00:55,910 --> 00:00:49,020

your letter do this come on come on

20

00:00:59,139 --> 00:00:55,920

everybody let's do this as you can see

21

00:01:04,429 --> 00:00:59,149

we're very weird all right back for

22

00:01:08,660 --> 00:01:04,439

another fantastic paranormal conspiracy

23

00:01:12,050 --> 00:01:08,670

segment I've taken the time my vacation

24

00:01:14,179 --> 00:01:12,060

time to do some researching on various

25

00:01:16,580 --> 00:01:14,189

topics that some of our youtube comments

26

00:01:19,870 --> 00:01:16,590

have suggested that I do besides kill

27

00:01:24,380 --> 00:01:22,820

the there have been a few YouTube

28

00:01:26,390 --> 00:01:24,390

comments that hey won't you go ahead and

29

00:01:29,390 --> 00:01:26,400

read this book this or here's a

30

00:01:31,399 --> 00:01:29,400

suggestion of what to read about for

31

00:01:32,660 --> 00:01:31,409

missing for one stop or aliens or

32

00:01:35,270 --> 00:01:32,670

Bigfoot and I've actually you know

33

00:01:38,539 --> 00:01:35,280

downloaded some Kindle books in peruse

34

00:01:42,740 --> 00:01:38,549

them and I've decided to take on the

35

00:01:44,840 --> 00:01:42,750

topic of invisible creatures because in

36

00:01:46,300 --> 00:01:44,850

some of the missing 4:01 stuff that Jeff

37

00:01:49,130 --> 00:01:46,310

and I have been reading and that we've

38

00:01:50,810 --> 00:01:49,140

told you about is that there's creatures

39

00:01:53,050 --> 00:01:50,820

that that might be invisible is actually

40

00:01:56,149 --> 00:01:53,060

you know purported video out there of

41

00:01:58,700 --> 00:01:56,159

like these translucent creatures that

42

00:02:01,940 --> 00:01:58,710

are that are moving yet could be optical

43

00:02:04,100 --> 00:02:01,950

illusion it could be a lens flare or

44

00:02:07,580 --> 00:02:04,110

some kind of compression distortion

45

00:02:10,100 --> 00:02:07,590

happens but that's one of the one of the

46

00:02:12,370 --> 00:02:10,110

things that keeps popping up in a lot of

47

00:02:14,500 --> 00:02:12,380

these books that I've read is that

48

00:02:18,220 --> 00:02:14,510

are some kind of transparent translucent

49

00:02:21,120 --> 00:02:18,230

creatures or completely dark black

50

00:02:24,850 --> 00:02:21,130

creatures that are start stalking people

51
00:02:27,340 --> 00:02:24,860
preying on them or are just interacting

52
00:02:29,050 --> 00:02:27,350
and confronting humans in a certain way

53
00:02:30,160 --> 00:02:29,060
I've been skating through a bunch of

54
00:02:31,240 --> 00:02:30,170
different books and I'm gonna pick up oh

55
00:02:34,870 --> 00:02:31,250
I'll give you the name of the book

56
00:02:36,610 --> 00:02:34,880
before I read the passage and uh because

57
00:02:38,800 --> 00:02:36,620
I know I think I think

58
00:02:43,420 --> 00:02:38,810
passively Jeff correct me if I'm wrong I

59
00:02:44,890 --> 00:02:43,430
think that we can maybe agree on that a

60
00:02:46,570 --> 00:02:44,900
lot of the stuff we talk about when it

61
00:02:48,310 --> 00:02:46,580
comes to paranormal stuff or UFOs or

62
00:02:51,070 --> 00:02:48,320
Bigfoot it kind of all leads back the

63
00:02:55,570 --> 00:02:51,080

missing 4:01 some way you could

64

00:02:58,840 --> 00:02:55,580

definitely tie it in I think so I think

65

00:03:02,890 --> 00:02:58,850

that's the missing for one is a result

66

00:03:06,790 --> 00:03:02,900

of a lot of incidents and some people

67

00:03:08,470 --> 00:03:06,800

get away or some people forget I think

68

00:03:10,300 --> 00:03:08,480

missing the missing for one

69

00:03:13,800 --> 00:03:10,310

documentation - all those books those

70

00:03:18,340 --> 00:03:13,810

are the end result of people interacting

71

00:03:20,320 --> 00:03:18,350

with the paranormal and so I'm doing my

72

00:03:22,390 --> 00:03:20,330

best to dig through and yeah I'm gonna

73

00:03:25,780 --> 00:03:22,400

be making some leaps and logic here and

74

00:03:27,610 --> 00:03:25,790

making some assumptions I'm doing the

75

00:03:29,470 --> 00:03:27,620

dirty work that they've playtest refuses

76

00:03:31,660 --> 00:03:29,480

to do I'm sure he has his theories I

77

00:03:34,780 --> 00:03:31,670

think actually the Politis is leaning

78

00:03:35,980 --> 00:03:34,790

towards I think that you play this for

79

00:03:37,420 --> 00:03:35,990

when it comes to missing for one I think

80

00:03:41,740 --> 00:03:37,430

I think is actually leaning towards

81

00:03:43,840 --> 00:03:41,750

aliens and UFOs mm-hmm why don't we just

82

00:03:46,330 --> 00:03:43,850

blow my brains out now and save yourself

83

00:03:49,270 --> 00:03:46,340

some time okay

84

00:03:50,830 --> 00:03:49,280

this Carl hmm no you need you needed

85

00:03:51,520 --> 00:03:50,840

when he says this don't matter none of

86

00:03:53,740 --> 00:03:51,530

this matters

87

00:03:59,500 --> 00:03:53,750

I love that that's what I go on thanks

88

00:04:03,220 --> 00:03:59,510

Joe I actually know I do agree with you

89

00:04:04,960 --> 00:04:03,230

I think and then all the stories they do

90

00:04:08,020 --> 00:04:04,970

tend to relate like all the goat man's

91

00:04:10,960 --> 00:04:08,030

the dog the dog that all the things that

92

00:04:12,370 --> 00:04:10,970

happen before people go missing or

93

00:04:14,800 --> 00:04:12,380

somebody has the you know one of these

94

00:04:17,170 --> 00:04:14,810

paranormal incidents they all tend to

95

00:04:19,660 --> 00:04:17,180

relate I in people described stuff in

96

00:04:21,670 --> 00:04:19,670

different ways like who knows if there's

97

00:04:24,969 --> 00:04:21,680

a lot more confluence with what's

98

00:04:25,730 --> 00:04:24,979

happening or if it's if it's all manner

99

00:04:28,550 --> 00:04:25,740

of

100

00:04:31,339 --> 00:04:28,560

you know you got Bigfoot dog man and an

101
00:04:33,140 --> 00:04:31,349
alien and all this other Simon could it

102
00:04:35,300 --> 00:04:33,150
be all of them or is it like one thing

103
00:04:39,110 --> 00:04:35,310
that people are just misrepresenting or

104
00:04:40,370 --> 00:04:39,120
something that's that's the \$10,000

105
00:04:44,719 --> 00:04:40,380
question that's not a lot of money

106
00:04:48,529 --> 00:04:44,729
anymore but it's a lot to mean you got

107
00:04:49,969 --> 00:04:48,539
them I could pay at least like yeah so

108
00:04:51,260 --> 00:04:49,979
here I'm a recent passages from these

109
00:04:53,450 --> 00:04:51,270
books is this first book that I'm gonna

110
00:04:56,120 --> 00:04:53,460
read from is called predator in the

111
00:04:59,839 --> 00:04:56,130
woods this was actually recommended to

112
00:05:02,570 --> 00:04:59,849
us up on YouTube and someone read from

113
00:05:05,210 --> 00:05:02,580

this passage I found this and I found

114

00:05:07,219 --> 00:05:05,220

this to be kind of interesting so this

115

00:05:08,960 --> 00:05:07,229

is about a guy that is going in the

116

00:05:10,640 --> 00:05:08,970

woods he's hunting and fishing Jesus you

117

00:05:12,379 --> 00:05:10,650

know dealing with the environment I

118

00:05:15,529 --> 00:05:12,389

guess you know being one of the woods

119

00:05:18,649 --> 00:05:15,539

and it starts off here I made some whoop

120

00:05:21,230 --> 00:05:18,659

sounds while fishing just joking around

121

00:05:22,820 --> 00:05:21,240

then something intimidating came

122

00:05:26,089 --> 00:05:22,830

crashing through the trees breaking

123

00:05:28,399 --> 00:05:26,099

branches as it came it began it this

124

00:05:29,600 --> 00:05:28,409

began my fascination with Bigfoot and

125

00:05:31,879 --> 00:05:29,610

studying the existence of it

126

00:05:35,029 --> 00:05:31,889

particularly in the national parks he

127

00:05:37,219 --> 00:05:35,039

believes he had an encounter only this

128

00:05:41,420 --> 00:05:37,229

time it was much closer and he claims a

129

00:05:44,300 --> 00:05:41,430

creature was in stealth mode and he goes

130

00:05:46,760 --> 00:05:44,310

on say it squatted down I could barely

131

00:05:48,860 --> 00:05:46,770

make out his eyes and body shape it was

132

00:05:52,399 --> 00:05:48,870

dark green it was reflecting the foliage

133

00:05:54,439 --> 00:05:52,409

surrounding it is he didn't see this at

134

00:05:56,510 --> 00:05:54,449

the time he discovered when watching

135

00:05:58,700 --> 00:05:56,520

back at the video that he recorded as he

136

00:06:01,820 --> 00:05:58,710

walked through the woods after a pass it

137

00:06:04,490 --> 00:06:01,830

turned back to black that's when it came

138

00:06:08,990 --> 00:06:04,500

out of stealth mode he posted the images

139

00:06:10,370 --> 00:06:09,000

online to be a feed bf journal dot-com I

140

00:06:12,320 --> 00:06:10,380

think this is blogs I'll find the

141

00:06:14,749 --> 00:06:12,330

pictures and post them up so this guy

142

00:06:17,469 --> 00:06:14,759

fascinated with Bigfoot good equipment

143

00:06:20,180 --> 00:06:17,479

out there capture some images of

144

00:06:23,600 --> 00:06:20,190

translucent creatures he claims it has a

145

00:06:25,249 --> 00:06:23,610

stealth mode I don't know it kind of

146

00:06:29,180 --> 00:06:25,259

goes along with the invisible stuff that

147

00:06:30,950 --> 00:06:29,190

we've talked busbar yeah some hyper

148

00:06:33,469 --> 00:06:30,960

phasing or whatever the hell you wanna

149

00:06:35,990 --> 00:06:33,479

call it I don't know if you remember

150

00:06:37,189 --> 00:06:36,000

Jeff I read that incident from the

151

00:06:42,709 --> 00:06:37,199

pennsylvania book

152

00:06:45,649 --> 00:06:42,719

there are two gym walking down the road

153

00:06:47,119 --> 00:06:45,659

tracks swearing to God that they saw

154

00:06:50,390 --> 00:06:47,129

something kind of phased in and on

155

00:06:52,550 --> 00:06:50,400

existence right in front of them yes

156

00:06:55,159 --> 00:06:52,560

what was that website again you said

157

00:06:58,399 --> 00:06:55,169

where the person posted photos oh oh one

158

00:07:00,409 --> 00:06:58,409

second here um it gives the location

159

00:07:04,790 --> 00:07:00,419

yeah I want you to look it up why Alya

160

00:07:07,249 --> 00:07:04,800

Riordan next passage bf - field Journal

161

00:07:11,869 --> 00:07:07,259

Bigfoot field Journal okay dot blog

162

00:07:14,209 --> 00:07:11,879

spot.com make I'll take take a look at

163

00:07:17,390 --> 00:07:14,219

that give it a take a look at Bigfoot

164

00:07:18,529 --> 00:07:17,400

field Journal and blog spot.com and see

165

00:07:20,450 --> 00:07:18,539

if you can take a look at this

166

00:07:23,749 --> 00:07:20,460

translucent creature that he was

167

00:07:26,360 --> 00:07:23,759

referring to in that not passage it was

168

00:07:28,309 --> 00:07:26,370

um yeah I got to look forward yeah we

169

00:07:29,989 --> 00:07:28,319

got to find it I'm on the site but it

170

00:07:34,969 --> 00:07:29,999

kind of goes everywhere I see dog man

171

00:07:40,100 --> 00:07:34,979

right away okay hello I'll read from

172

00:07:45,469 --> 00:07:40,110

this this next passage so this also

173

00:07:47,510 --> 00:07:45,479

comes from the same book and this this

174

00:07:51,350 --> 00:07:47,520

book takes a lot of different sources it

175

00:07:54,589 --> 00:07:51,360

takes a lot of different accounts and it

176

00:07:56,570 --> 00:07:54,599

kind of creates a whole different kind

177

00:07:58,420 --> 00:07:56,580

of feel of what we're dealing with here

178

00:08:03,230 --> 00:07:58,430

when it comes to invisible creatures and

179

00:08:07,010 --> 00:08:03,240

in this passage it goes on sin' there

180

00:08:08,869 --> 00:08:07,020

may be there may exist many races in the

181

00:08:10,969 --> 00:08:08,879

interior of the earth of different

182

00:08:12,619 --> 00:08:10,979

densities depending on their plane of

183

00:08:14,570 --> 00:08:12,629

vibration definitely some of these

184

00:08:16,820 --> 00:08:14,580

underground races can ship between third

185

00:08:18,939 --> 00:08:16,830

and fourth dimensions so that sometimes

186

00:08:21,889 --> 00:08:18,949

they are visible to human sight and

187

00:08:26,089 --> 00:08:21,899

invisible at other one times this comes

188

00:08:29,179 --> 00:08:26,099

from Wiley the editor of Borderlands

189

00:08:31,730 --> 00:08:29,189

science Riley's conclusions also come

190

00:08:36,350 --> 00:08:31,740

from studying among other other works of

191

00:08:38,870 --> 00:08:36,360

Mike Mac's title the resolution cosmos

192

00:08:41,719 --> 00:08:38,880

conception which in hyde haidle writes

193

00:08:43,850 --> 00:08:41,729

our handle writes the first steps

194

00:08:46,009 --> 00:08:43,860

towards occultism is the study of the

195

00:08:48,769 --> 00:08:46,019

invisible world nonexistent and

196

00:08:50,769 --> 00:08:48,779

incomprehensible because we lack the

197

00:08:55,449 --> 00:08:50,779

sight to perceive them the mister

198

00:08:56,949 --> 00:08:55,459

forces forces which causes I'm sorry I

199

00:08:59,610 --> 00:08:56,959

have to put through my candle causes

200

00:09:02,710 --> 00:08:59,620

phenomena remains invisible to us but if

201
00:09:06,340 --> 00:09:02,720
with methods of our higher senses are

202
00:09:10,059 --> 00:09:06,350
awakened we are able to behold the

203
00:09:11,559 --> 00:09:10,069
world's hidden so this goes on to say

204
00:09:15,610 --> 00:09:11,569
that there are hidden worlds it doesn't

205
00:09:18,189 --> 00:09:15,620
like in the interior idea like there's a

206
00:09:19,869 --> 00:09:18,199
not necessarily hollow earthy they're

207
00:09:22,389 --> 00:09:19,879
not saying Hollow Earth here they're

208
00:09:24,100 --> 00:09:22,399
saying the interior of the earth it

209
00:09:25,889 --> 00:09:24,110
could be caverns it could be caves it

210
00:09:28,299 --> 00:09:25,899
could be something else

211
00:09:32,170 --> 00:09:28,309
yeah the Hollow Earth stuff was always

212
00:09:34,540 --> 00:09:32,180
very very bold like oh underneath the

213
00:09:37,030 --> 00:09:34,550

surface it's all empty and there's a

214

00:09:41,049 --> 00:09:37,040

whole thing upside down bottle super

215

00:09:42,819 --> 00:09:41,059

sci-fi in this book the the Predators in

216

00:09:44,920 --> 00:09:42,829

the woods is full of like different kind

217

00:09:47,530 --> 00:09:44,930

of ideas like this kind of put it

218

00:09:49,809 --> 00:09:47,540

together to try to create an ASUS around

219

00:09:51,460 --> 00:09:49,819

this which I like it gets a nice

220

00:09:54,850 --> 00:09:51,470

compendium of different accounts and

221

00:09:58,809 --> 00:09:54,860

ideas and I noticed a - I picked out of

222

00:10:02,530 --> 00:09:58,819

that book to kind of underlie what I'm

223

00:10:05,350 --> 00:10:02,540

talking about here this next thing comes

224

00:10:07,840 --> 00:10:05,360

from a book called cauldrons or I'm

225

00:10:11,470 --> 00:10:07,850

sorry caverns cauldrons and concealed

226

00:10:13,179 --> 00:10:11,480

creatures which I like and you can pick

227

00:10:16,389 --> 00:10:13,189

these up on my Kindle and we're not

228

00:10:17,829 --> 00:10:16,399

selling these at all we're not under

229

00:10:21,639 --> 00:10:17,839

written by Kindle at all

230

00:10:23,650 --> 00:10:21,649

already heating ghosts right these no no

231

00:10:25,420 --> 00:10:23,660

I'm on nothing that we talk about here

232

00:10:27,460 --> 00:10:25,430

we're not being paid to talk about any

233

00:10:30,970 --> 00:10:27,470

of this [h__h] this is this stuff we like

234

00:10:33,129 --> 00:10:30,980

to talk about fish but you know let me

235

00:10:34,960 --> 00:10:33,139

pay by kindling these guys yeah sure so

236

00:10:36,579 --> 00:10:34,970

this one is a like I said comes from

237

00:10:39,460 --> 00:10:36,589

caverns cauldrons and concealed

238

00:10:42,850 --> 00:10:39,470

creatures this passage is about hairy

239

00:10:44,889 --> 00:10:42,860

humanoids many eyewitnesses many

240

00:10:46,329 --> 00:10:44,899

eyewitness accounts of hairy covered

241

00:10:48,489 --> 00:10:46,339

humanoids have been reported in

242

00:10:50,049 --> 00:10:48,499

documented over the years by people from

243

00:10:51,759 --> 00:10:50,059

a wide range of backgrounds and

244

00:10:54,910 --> 00:10:51,769

professionals while Bigfoot or Sasquatch

245

00:10:58,030 --> 00:10:54,920

is the type who whose description is

246

00:11:00,430 --> 00:10:58,040

known to most people perhaps equal by

247

00:11:02,680 --> 00:11:00,440

the Yeti in the Himalayas

248

00:11:05,430 --> 00:11:02,690

and aleeah's the literature would

249

00:11:07,480 --> 00:11:05,440

indicate that not only are these living

250

00:11:08,860 --> 00:11:07,490

flesh-and-blood creatures but they also

251
00:11:11,980 --> 00:11:08,870
come in a wide variety of physical

252
00:11:14,170 --> 00:11:11,990
configurations yet like the Lake

253
00:11:16,480 --> 00:11:14,180
Monsters they seem to pop in and out of

254
00:11:18,430 --> 00:11:16,490
our surface world reality and are

255
00:11:21,250 --> 00:11:18,440
amazingly difficult to track for

256
00:11:25,030 --> 00:11:21,260
creatures so large in addition to the

257
00:11:28,030 --> 00:11:25,040
tiring Bigfoot Bigfoot form witnesses

258
00:11:30,370 --> 00:11:28,040
have reported stunted clawed versions of

259
00:11:33,160 --> 00:11:30,380
the savage dispositions Blackwing

260
00:11:35,620 --> 00:11:33,170
varieties screeching Horrors with shaggy

261
00:11:37,900 --> 00:11:35,630
hair covered faces joining gigantic

262
00:11:41,560 --> 00:11:37,910
varieties which would dwarf the

263
00:11:44,800 --> 00:11:41,570

sasquatch in addition they also have

264

00:11:47,260 --> 00:11:44,810

rotting egg or skunk like odors often

265

00:11:50,680 --> 00:11:47,270

accompanying most of these forms these

266

00:11:53,710 --> 00:11:50,690

creatures come into our world usually by

267

00:11:57,310 --> 00:11:53,720

night and then retreat into an invisible

268

00:12:00,010 --> 00:11:57,320

cavern or subterranean world about which

269

00:12:03,660 --> 00:12:00,020

only they know vanishing without a trace

270

00:12:07,090 --> 00:12:03,670

this does not have a connotation of the

271

00:12:10,980 --> 00:12:07,100

supernatural but has the connotation of

272

00:12:13,570 --> 00:12:10,990

a natural phenomenon and is logically

273

00:12:15,910 --> 00:12:13,580

conclusive not only does it indicate an

274

00:12:18,790 --> 00:12:15,920

underworld connection but also indicates

275

00:12:21,550 --> 00:12:18,800

intelligent covering of tracks and

276

00:12:24,990 --> 00:12:21,560

evidence in which is a beyond the

277

00:12:27,910 --> 00:12:25,000

ordinary animal it can only equate to

278

00:12:31,000 --> 00:12:27,920

premeditated and well-planned actions of

279

00:12:34,450 --> 00:12:31,010

human beings or something at least as

280

00:12:36,340 --> 00:12:34,460

clever which completely makes sense so

281

00:12:37,720 --> 00:12:36,350

how many how many Bigfoot sightings have

282

00:12:40,870 --> 00:12:37,730

there been and then how many have been

283

00:12:43,990 --> 00:12:40,880

shown live on TV in a cage zero have

284

00:12:46,780 --> 00:12:44,000

been seen seen on tv live in a cage that

285

00:12:48,340 --> 00:12:46,790

our judgment play hopes is out there so

286

00:12:52,000 --> 00:12:48,350

it would seem that these [h__\h] are

287

00:12:54,160 --> 00:12:52,010

covering their tracks and they're and

288

00:12:57,490 --> 00:12:54,170

they're doing it willfully with

289

00:12:59,680 --> 00:12:57,500

knowledge or like in the Predators in

290

00:13:02,560 --> 00:12:59,690

the woods version that they have some

291

00:13:06,100 --> 00:13:02,570

sort of cloaking ability and that's not

292

00:13:07,690 --> 00:13:06,110

without precedent in in nature I mean if

293

00:13:10,240 --> 00:13:07,700

you look at nature there are plenty of

294

00:13:11,769 --> 00:13:10,250

sea creatures that are able to turn

295

00:13:13,750 --> 00:13:11,779

themselves in vetal

296

00:13:15,540 --> 00:13:13,760

I'm [h__\h] we have lizards a dog like

297

00:13:19,569 --> 00:13:15,550

chameleons that can change their color

298

00:13:23,189 --> 00:13:19,579

now I like the idea the the whole notion

299

00:13:25,629 --> 00:13:23,199

of well there was that Canadian

300

00:13:27,160 --> 00:13:25,639

government minister or whatever he was

301

00:13:31,810 --> 00:13:27,170

talking about how there's multiple races

302

00:13:34,120 --> 00:13:31,820

of these aliens and so forth and some of

303

00:13:36,879 --> 00:13:34,130

the governments have had deals made with

304

00:13:38,769 --> 00:13:36,889

them like what if they have technology

305

00:13:40,720 --> 00:13:38,779

what if they have access what if they

306

00:13:45,189 --> 00:13:40,730

can say look we need these people down

307

00:13:47,110 --> 00:13:45,199

here to do this thing and if you want to

308

00:13:49,150 --> 00:13:47,120

make it look like something else

309

00:13:52,870 --> 00:13:49,160

happened this whole Bigfoot thing hasn't

310

00:13:54,340 --> 00:13:52,880

gone away yet just fake that yeah I

311

00:13:56,740 --> 00:13:54,350

don't I don't know if it's a

312

00:13:58,660 --> 00:13:56,750

technological or if is a natural

313

00:14:01,629 --> 00:13:58,670

biological defense mechanism that they

314

00:14:06,040 --> 00:14:01,639

have that they use for hunting I'm open

315

00:14:10,150 --> 00:14:06,050

to either or all I know is if this does

316

00:14:13,030 --> 00:14:10,160

exist the military wants it and if it's

317

00:14:14,889 --> 00:14:13,040

like a personal stealth suit that is

318

00:14:17,860 --> 00:14:14,899

this or if it's naturally occurring in

319

00:14:21,069 --> 00:14:17,870

human or creatures the military wants it

320

00:14:24,850 --> 00:14:21,079

to be used as a weapon there's no doubt

321

00:14:26,139 --> 00:14:24,860

about that they want it sure what's that

322

00:14:28,090 --> 00:14:26,149

means I think if they can communicate

323

00:14:30,400 --> 00:14:28,100

with these creatures if they've

324

00:14:32,139 --> 00:14:30,410

established something like when you

325

00:14:34,059 --> 00:14:32,149

watch a rival you know it's all about

326

00:14:36,250 --> 00:14:34,069

first contact when you watch that if

327

00:14:40,540 --> 00:14:36,260

they've been able to establish some sort

328

00:14:41,949 --> 00:14:40,550

of a communication system and their

329

00:14:43,900 --> 00:14:41,959

allied with each other they can

330

00:14:45,460 --> 00:14:43,910

manipulate all kinds of things just

331

00:14:47,769 --> 00:14:45,470

based on the different technology that

332

00:14:49,769 --> 00:14:47,779

we've established here on earth they

333

00:14:52,389 --> 00:14:49,779

always talk about alien technology and

334

00:14:54,639 --> 00:14:52,399

what's been happening you know we we got

335

00:14:57,129 --> 00:14:54,649

these you know stealth technology from

336

00:14:59,920 --> 00:14:57,139

you know the extraterrestrials and so

337

00:15:01,689 --> 00:14:59,930

forth just e to think that these

338

00:15:03,879 --> 00:15:01,699

alliances that the Canadian like

339

00:15:05,680 --> 00:15:03,889

Canadian government people are saying

340

00:15:08,050 --> 00:15:05,690

are out there and other people have said

341

00:15:09,670 --> 00:15:08,060

before and like the aliens where we're

342

00:15:10,990 --> 00:15:09,680

dealing with them like you know they

343

00:15:12,730 --> 00:15:11,000

could be planning all kinds of random

344

00:15:16,420 --> 00:15:12,740

stuff you could be gaslighting the

345

00:15:18,670 --> 00:15:16,430

entire population of Earth kind of funny

346

00:15:21,130 --> 00:15:18,680

it is it's it's incredible to believe

347

00:15:22,960 --> 00:15:21,140

and to consider but I think we should

348

00:15:24,060 --> 00:15:22,970

consider how many eyewitness accounts

349

00:15:25,680 --> 00:15:24,070

are are we

350

00:15:27,150 --> 00:15:25,690

can't claim to know exactly what's going

351

00:15:29,670 --> 00:15:27,160

on but I think we can kind of piece

352

00:15:32,730 --> 00:15:29,680

together a few things here so in this

353

00:15:37,230 --> 00:15:32,740

last passage that I will read this comes

354

00:15:40,139 --> 00:15:37,240

from a book on Mount Shasta and this is

355

00:15:42,900 --> 00:15:40,149

in chapter 5 from yeah you going to

356

00:15:45,210 --> 00:15:42,910

Mount Shasta right yeah oh yeah oh yeah

357

00:15:46,410 --> 00:15:45,220

I hope that you encounter something

358

00:15:49,590 --> 00:15:46,420

weird I don't want you to get

359

00:15:51,449 --> 00:15:49,600

disappeared well if I could disappear

360

00:15:53,670 --> 00:15:51,459

you know it's real I guess you're right

361

00:15:55,559 --> 00:15:53,680

so let's let's pray that you never come

362

00:15:59,780 --> 00:15:55,569

back

363

00:16:02,689 --> 00:15:59,790

well I want you to like GoPro livestream

364

00:16:05,610 --> 00:16:02,699

you getting banged by whatever

365

00:16:07,680 --> 00:16:05,620

mysterious creature decides to hook up

366

00:16:09,629 --> 00:16:07,690

with you because apparently swipe left

367

00:16:10,800 --> 00:16:09,639

and swipe right all that stuff like that

368

00:16:13,949 --> 00:16:10,810

is that what's taking you to Mount

369

00:16:16,740 --> 00:16:13,959

Shasta what's the with phones my buddy's

370

00:16:19,410 --> 00:16:16,750

like my buddies out there in a graduate

371

00:16:20,910 --> 00:16:19,420

program that's his Spring Break so like

372

00:16:22,290 --> 00:16:20,920

hey let's go to Northern California into

373

00:16:25,290 --> 00:16:22,300

the redwoods and by the way I would stop

374

00:16:28,470 --> 00:16:25,300

at much stuff there's some pretty cool

375

00:16:31,500 --> 00:16:28,480

yes southern chess went out I hope you

376

00:16:33,210 --> 00:16:31,510

get fisted by a Bigfoot so bad yeah make

377

00:16:35,840 --> 00:16:33,220

sure buy something to record it and Jeff

378

00:16:38,400 --> 00:16:35,850

remember if you see anything like

379

00:16:40,949 --> 00:16:38,410

cryptozoological in nature look at the

380

00:16:43,259 --> 00:16:40,959

gentles please immediately yeah good

381

00:16:44,970 --> 00:16:43,269

point at crotch ring like one of those

382

00:16:47,009 --> 00:16:44,980

like waist measuring things that they

383

00:16:49,199 --> 00:16:47,019

have it like tailors and stuff like that

384

00:16:51,720 --> 00:16:49,209

you could just just a tape measure

385

00:16:54,949 --> 00:16:51,730

I need to get an inseam from Big Foot

386

00:16:57,090 --> 00:16:54,959

please let me get him a tux

387

00:16:59,850 --> 00:16:57,100

alright nasaw this last little section

388

00:17:02,269 --> 00:16:59,860

here that I read is chapter 5 from Mount

389

00:17:06,659 --> 00:17:02,279

Shasta is forgotten history and legends

390

00:17:08,909 --> 00:17:06,669

in 1925 an article link linking Mount

391

00:17:11,250 --> 00:17:08,919

Shasta to Lemuria first appeared in the

392

00:17:14,909 --> 00:17:11,260

resolution publication called the mystic

393

00:17:17,130 --> 00:17:14,919

triangle entitled descendants of Lemuria

394

00:17:20,789 --> 00:17:17,140

a description of the ancient cult in

395

00:17:23,610 --> 00:17:20,799

California written by the personage who

396

00:17:26,220 --> 00:17:23,620

went by the name of fraktur tavella's

397

00:17:27,960 --> 00:17:26,230

the article goes into detail a mystic

398

00:17:30,120 --> 00:17:27,970

village hidden on the slopes of Mount

399

00:17:32,910 --> 00:17:30,130

Shasta protected by an invisible barrier

400

00:17:35,630 --> 00:17:32,920

and inhabited by a particular

401
00:17:38,370 --> 00:17:35,640
white-robed people described as being

402
00:17:40,920 --> 00:17:38,380
descendants of the ancient loom Aryans

403
00:17:43,650 --> 00:17:40,930
but shy in secret of people they

404
00:17:46,110 --> 00:17:43,660
sometimes reported to be seen along

405
00:17:48,540 --> 00:17:46,120
highways and streets near downtown or

406
00:17:52,920 --> 00:17:48,550
near the town and were known to purchase

407
00:17:55,320 --> 00:17:52,930
unusual commodities in shops with gold

408
00:17:58,260 --> 00:17:55,330
nuggets whose values far exceeded the

409
00:17:59,850 --> 00:17:58,270
worth of the goods he went on the right

410
00:18:01,260 --> 00:17:59,860
that the locals and travelers often

411
00:18:03,690 --> 00:18:01,270
witnessed mysterious lights which

412
00:18:06,600 --> 00:18:03,700
illuminated the whole southern side of

413
00:18:09,780 --> 00:18:06,610

mush out the sash chest at times which

414

00:18:13,140 --> 00:18:09,790

he purported to be ancient Seminary

415

00:18:15,150 --> 00:18:13,150

cemeteries I'm sorry ancient ceremonies

416

00:18:17,550 --> 00:18:15,160

practiced by loom Aryans in their mystic

417

00:18:20,580 --> 00:18:17,560

village among the mini var and marvels

418

00:18:23,630 --> 00:18:20,590

he talked about in the article he claims

419

00:18:25,050 --> 00:18:23,640

that the Lemurian temple off made of

420

00:18:29,250 --> 00:18:25,060

Dedic

421

00:18:31,710 --> 00:18:29,260

delicately carved marble and onyx could

422

00:18:33,810 --> 00:18:31,720

be found in the village and has

423

00:18:36,870 --> 00:18:33,820

withstood all the tremors and

424

00:18:38,580 --> 00:18:36,880

earthquakes of california for ages his

425

00:18:40,560 --> 00:18:38,590

loom Aryans who have been seen on some

426

00:18:43,110 --> 00:18:40,570

of the roads in broad daylight only to

427

00:18:45,690 --> 00:18:43,120

disappear completely in a few seconds as

428

00:18:49,610 --> 00:18:45,700

they have an uncanny ability to turn

429

00:18:53,310 --> 00:18:49,620

themselves invisible at will they also

430

00:18:56,850 --> 00:18:53,320

that many testify to have seen strange

431

00:19:00,120 --> 00:18:56,860

boats which sail the Pacific Ocean and

432

00:19:02,910 --> 00:19:00,130

then rise at rate rise at its shores and

433

00:19:07,590 --> 00:19:02,920

the sails through the air drop out again

434

00:19:09,350 --> 00:19:07,600

in the vicinity of Mount Shasta so there

435

00:19:12,780 --> 00:19:09,360

you go some more invisible stuff

436

00:19:14,730 --> 00:19:12,790

Marion's having whole village paying for

437

00:19:16,500 --> 00:19:14,740

god knows what in the town with gold

438

00:19:19,200 --> 00:19:16,510

nuggets far exceeding their goods and

439

00:19:24,330 --> 00:19:19,210

value and then walking down the road and

440

00:19:25,920 --> 00:19:24,340

they can turn themselves invisible I can

441

00:19:27,810 --> 00:19:25,930

do that a couple different things going

442

00:19:28,800 --> 00:19:27,820

on there we talked about predators in

443

00:19:32,610 --> 00:19:28,810

the wood turn themselves invisible

444

00:19:34,380 --> 00:19:32,620

talking about the the idea of Bigfoot

445

00:19:36,210 --> 00:19:34,390

being able to cover his tracks or

446

00:19:38,190 --> 00:19:36,220

sasquatch meal cover to cover tracks or

447

00:19:41,610 --> 00:19:38,200

camouflage itself in some way so it's

448

00:19:43,530 --> 00:19:41,620

undetectable either by doing some track

449

00:19:45,880 --> 00:19:43,540

covering or camouflage himself like a

450

00:19:48,970 --> 00:19:45,890

chameleon or hiding in caverns

451
00:19:54,160 --> 00:19:48,980
then we have blue Marines who can have

452
00:19:56,710 --> 00:19:54,170
an invisible city and turn themselves

453
00:20:00,480 --> 00:19:56,720
invisible I will a couple different

454
00:20:07,120 --> 00:20:04,840
Bazar is [h__h] want to be invisible I

455
00:20:08,710 --> 00:20:07,130
don't know the invisibility is pretty

456
00:20:10,840 --> 00:20:08,720
cool that's pretty rad you could jack

457
00:20:12,250 --> 00:20:10,850
off in all the right places but you

458
00:20:14,710 --> 00:20:12,260
would be the best peeping tom in the

459
00:20:16,480 --> 00:20:14,720
world yeah you steal a lot of money

460
00:20:18,190 --> 00:20:16,490
probably and it'd be probably good

461
00:20:19,870 --> 00:20:18,200
I think the flying thing is still pretty

462
00:20:21,280 --> 00:20:19,880
epic to me cuz you'd be like [h__h] you

463
00:20:23,140 --> 00:20:21,290

[h__h] I stole your money I don't give a

464

00:20:24,940 --> 00:20:23,150

[h__h] if you saw me yeah Matt kind of

465

00:20:26,890 --> 00:20:24,950

would rather fly than be invisible but

466

00:20:28,360 --> 00:20:26,900

invisible and this note it would be

467

00:20:30,640 --> 00:20:28,370

great what do you think about this stuff

468

00:20:33,700 --> 00:20:30,650

uh I know I didn't go into a great deal

469

00:20:36,120 --> 00:20:33,710

but these are only little tidbits of a

470

00:20:39,460 --> 00:20:36,130

much deeper subject you can read about

471

00:20:41,050 --> 00:20:39,470

but it's fairly intriguing I mean I like

472

00:20:41,650 --> 00:20:41,060

these these legends especially about

473

00:20:43,840 --> 00:20:41,660

lumeria

474

00:20:46,450 --> 00:20:43,850

I like personal encounters when it comes

475

00:20:48,940 --> 00:20:46,460

to Sasquatch and I like theories about

476

00:20:51,040 --> 00:20:48,950

what Sasquatch could be or what their

477

00:20:54,970 --> 00:20:51,050

intent are all kind of fits together

478

00:20:57,390 --> 00:20:54,980

here especially take into account they

479

00:20:59,700 --> 00:20:57,400

take into people's accounts in the woods

480

00:21:02,950 --> 00:20:59,710

encountering weird [h__h]

481

00:21:05,650 --> 00:21:02,960

yep put that in there put it in there I

482

00:21:08,710 --> 00:21:05,660

I don't know I'm at the reader more

483

00:21:10,600 --> 00:21:08,720

about the Lemurian ancient civilization

484

00:21:12,730 --> 00:21:10,610

that isn't as well to read more about

485

00:21:14,470 --> 00:21:12,740

about that in this mount shasta book and

486

00:21:17,470 --> 00:21:14,480

I wouldn't Ellie know what I find out my

487

00:21:18,910 --> 00:21:17,480

baby before you go sounds good we'll

488

00:21:20,500 --> 00:21:18,920

keep covering it I definitely to bring

489

00:21:22,270 --> 00:21:20,510

back monster the week next week I just

490

00:21:24,130 --> 00:21:22,280

need more time I won't be as busy at

491

00:21:27,190 --> 00:21:24,140

work so it'll it'll segment we'll come

492

00:21:30,520 --> 00:21:27,200

back alright well um that's all I got

493

00:21:32,740 --> 00:21:30,530

for some paranormal and weird stuff I

494

00:21:35,770 --> 00:21:32,750

think we can move on and do something

495

00:21:40,150 --> 00:21:35,780

lines yeah let's do that come on now

496

00:21:48,900 --> 00:21:43,440

[Music]
