

Missing 411

Missing boy in Aurora Colorado
& Fairies that abduct people

1
00:00:02,550 --> 00:00:07,039

[Music]

2
00:00:11,299 --> 00:00:09,919

maybe the YouTube comments I do like

3
00:00:14,289 --> 00:00:11,309

talking about the YouTube comments

4
00:00:16,849 --> 00:00:14,299

because those are people who have never

5
00:00:20,060 --> 00:00:16,859

otherwise heard us those are new

6
00:00:22,910 --> 00:00:20,070

listeners yeah and I do understand that

7
00:00:24,429 --> 00:00:22,920

our show must be very jarring to people

8
00:00:26,720 --> 00:00:24,439

who are one you probably used to

9
00:00:28,670 --> 00:00:26,730

conspiratorial talk or paranoia talk

10
00:00:40,190 --> 00:00:28,680

where it's very serious and we're

11
00:00:40,970 --> 00:00:40,200

talking about gay porn films the hell is

12
00:00:42,650 --> 00:00:40,980

going on

13
00:00:45,889 --> 00:00:42,660

I this is like nothing I've ever heard

14

00:00:48,080 --> 00:00:45,899

before these guys suck they're just

15

00:00:50,209 --> 00:00:48,090

they're playing around on the radio and

16

00:00:53,660 --> 00:00:50,219

we are playing around on the radio we're

17

00:00:56,229 --> 00:00:53,670

doing basically a show that is a cross

18

00:00:58,580 --> 00:00:56,239

between Howard Stern and Costa Coast AM

19

00:01:01,700 --> 00:00:58,590

that's the kind of show that we're doing

20

00:01:03,560 --> 00:01:01,710

I think that it's fun to do a kind of

21

00:01:08,260 --> 00:01:03,570

show like that and I think other people

22

00:01:12,280 --> 00:01:10,940

I'll do all the people out there who are

23

00:01:15,410 --> 00:01:12,290

new to show

24

00:01:18,020 --> 00:01:15,420

there you go [\h__\h] you welcome to the

25

00:01:25,030 --> 00:01:18,030

show yeah

26

00:01:30,350 --> 00:01:25,040

deal with it Radio this isn't book radio

27

00:01:32,539 --> 00:01:30,360

book radio you know no radio hey do we

28

00:01:37,429 --> 00:01:32,549

got some paranoid stuff we can talk

29

00:01:40,490 --> 00:01:37,439

about Bobby yeah I'm gonna dump this one

30

00:01:43,960 --> 00:01:40,500

here in slack and the carrot shop so you

31

00:01:46,429 --> 00:01:43,970

can just a video news thing and we can

32

00:01:47,149 --> 00:01:46,439

get into this missing boy in Aurora

33

00:01:49,310 --> 00:01:47,159

Colorado

34

00:01:53,560 --> 00:01:49,320

let me [h__h] on over there come on

35

00:02:02,149 --> 00:01:58,870

excuse me he's a man all right this is a

36

00:02:04,040 --> 00:02:02,159

segment about a missing boy where's this

37

00:02:07,940 --> 00:02:04,050

boy at Jeff where was he

38

00:02:10,880 --> 00:02:07,950

the aurora colorado okay didn't place

39

00:02:13,750 --> 00:02:10,890

the theory shut up right by Denver okay

40

00:02:16,699 --> 00:02:13,760

and I should play this CBS but right now

41

00:02:21,290 --> 00:02:16,709

sure I will just give us a little

42

00:02:22,940 --> 00:02:21,300

background what's going on I think now

43

00:02:25,190 --> 00:02:22,950

it's been more than 24 hours it's a

44

00:02:26,720 --> 00:02:25,200

six-year-old boy in Aurora disappeared

45

00:02:28,610 --> 00:02:26,730

and there's still no sign of David

46

00:02:30,590 --> 00:02:28,620

Puckett after apparently wandered off

47

00:02:33,320 --> 00:02:30,600

from amherst place near Jasper Street

48

00:02:35,150 --> 00:02:33,330

today volunteers and search teams combed

49

00:02:36,920 --> 00:02:35,160

through neighborhoods at a park the

50

00:02:38,630 --> 00:02:36,930

boy's mother is now pleading for the

51
00:02:40,970 --> 00:02:38,640
community to help find her little boy

52
00:02:43,699 --> 00:02:40,980
CBS 4s Dylan Thomas joins us live from

53
00:02:47,480 --> 00:02:43,709
Olympic Park in Aurora and Dylan David's

54
00:02:50,840 --> 00:02:49,490
well Tom that's because for the second

55
00:02:52,280 --> 00:02:50,850
night in a row authorities here at

56
00:02:54,320 --> 00:02:52,290
Olympic Park have called off their

57
00:02:55,850 --> 00:02:54,330
search for that young boy the Aurora

58
00:02:57,230 --> 00:02:55,860
Police Department telling us this is

59
00:02:58,940 --> 00:02:57,240
their top priority throughout their

60
00:03:00,800 --> 00:02:58,950
force but tonight that six year old

61
00:03:02,570 --> 00:03:00,810
David Puckett remains missing and as

62
00:03:04,610 --> 00:03:02,580
temperatures begin to dip below freezing

63
00:03:06,080 --> 00:03:04,620

for the second night in a row his mother

64

00:03:11,080 --> 00:03:06,090

tells us she's getting increasingly

65

00:03:15,800 --> 00:03:13,730

Sunday night Stephanie Puckett pleaded

66

00:03:27,200 --> 00:03:15,810

before cameras for help finding her son

67

00:03:34,580 --> 00:03:27,210

six year old David Puckett black boots

68

00:03:38,120 --> 00:03:34,590

hmm yeah I'm trying to go back and when

69

00:03:40,220 --> 00:03:38,130

I was looking at her cry Sunday night

70

00:03:42,230 --> 00:03:40,230

Stephanie Puckett pleaded before camera

71

00:03:44,900 --> 00:03:42,240

I was trying to see if there's again to

72

00:03:47,210 --> 00:03:44,910

dip below these are kind of weird ears

73

00:03:48,440 --> 00:03:47,220

she's getting increasingly nervous about

74

00:03:54,110 --> 00:03:48,450

the outcome of maybe I'm being too

75

00:03:56,620 --> 00:03:54,120

skeptical here she's crying yeah we got

76

00:03:59,420 --> 00:03:56,630

to be skeptical about this stuff but

77

00:04:00,110 --> 00:03:59,430

hold their toes to the fire yeah

78

00:04:02,380 --> 00:04:00,120

literally

79

00:04:05,240 --> 00:04:02,390

so when this kid went missing and

80

00:04:07,070 --> 00:04:05,250

between the time that he went missing in

81

00:04:09,080 --> 00:04:07,080

that there was a search-and-rescue team

82

00:04:12,950 --> 00:04:09,090

going out to find was there reports of

83

00:04:14,900 --> 00:04:12,960

bad weather it was cold

84

00:04:17,870 --> 00:04:14,910

whichever classify his [h__h] bad

85

00:04:19,580 --> 00:04:17,880

weather and cataract Colorado right I

86

00:04:20,870 --> 00:04:19,590

believe there was some snow I'd have to

87

00:04:22,430 --> 00:04:20,880

go back I actually wish I would check

88

00:04:23,840 --> 00:04:22,440

the weather but it's kind of hard to

89

00:04:26,000 --> 00:04:23,850

write to actually [h__h] check weather

90

00:04:31,040 --> 00:04:26,010

unless I'm missing some kind of awesome

91

00:04:35,600 --> 00:04:31,050

website like what was the weather like a

92

00:04:38,420 --> 00:04:35,610

month ago I know Joe check for the

93

00:04:40,490 --> 00:04:38,430

weather in Aurora Colorado on Year's Eve

94

00:04:43,610 --> 00:04:40,500

or New Year's Day yeah Joe can you

95

00:04:46,880 --> 00:04:43,620

[h__h] do that dude describe this to

96

00:04:50,150 --> 00:04:46,890

use last seen around 4:00 p.m. on New

97

00:04:52,670 --> 00:04:50,160

Year's Eve in the East Amherst place an

98

00:04:55,460 --> 00:04:52,680

apartment block apparently hit a fight

99

00:04:56,990 --> 00:04:55,470

with a sibling and he has they described

100

00:04:58,580 --> 00:04:57,000

the mild learning disabilities so I'm

101
00:04:59,879 --> 00:04:58,590
assuming the kid has mild autism or

102
00:05:01,469 --> 00:04:59,889
something like that

103
00:05:02,670 --> 00:05:01,479
and so apparently his family search for

104
00:05:08,850 --> 00:05:02,680
an hour before they called the police

105
00:05:10,800 --> 00:05:08,860
and the authorities came and said that

106
00:05:13,679 --> 00:05:10,810
they're so vet law this is an older

107
00:05:16,409 --> 00:05:13,689
article about it but what it came down

108
00:05:18,570 --> 00:05:16,419
to is they were searching this area for

109
00:05:20,070 --> 00:05:18,580
days they said they kind of did a whole

110
00:05:23,939 --> 00:05:20,080
radius but it's called the area around

111
00:05:25,920 --> 00:05:23,949
Olympic Park which is I don't know tell

112
00:05:29,580 --> 00:05:25,930
you my google map estimate I get you had

113
00:05:31,320 --> 00:05:29,590

a from the pond to the housing area it's

114

00:05:34,290 --> 00:05:31,330

about 500 feet to the park and then the

115

00:05:37,589 --> 00:05:34,300

pond is 2,500 feet from their house

116

00:05:39,869 --> 00:05:37,599

their housing area and so the police

117

00:05:42,779 --> 00:05:39,879

were searching for days around this Park

118

00:05:45,390 --> 00:05:42,789

in by the way the Amber Alert was not

119

00:05:48,839 --> 00:05:45,400

issued until 48 hours after the fact and

120

00:05:50,879 --> 00:05:48,849

so this boy's body was discovered in a

121

00:05:54,540 --> 00:05:50,889

pond in some limpid Park not 2,500 feet

122

00:05:57,170 --> 00:05:54,550

from his home so I mean what is that a

123

00:06:00,600 --> 00:05:57,180

little under half mile from his home

124

00:06:02,670 --> 00:06:00,610

found a body of water under the ice in a

125

00:06:04,680 --> 00:06:02,680

body of water now the police had already

126
00:06:05,790 --> 00:06:04,690
been searching there so you think they

127
00:06:08,129 --> 00:06:05,800
would have checked and looked at the ice

128
00:06:10,170 --> 00:06:08,139
for broken ice so absolutely like right

129
00:06:12,540 --> 00:06:10,180
off the bat please yeah when the police

130
00:06:14,430 --> 00:06:12,550
were there it must've mean he hadn't had

131
00:06:15,659 --> 00:06:14,440
been in that pond yet I'm just assuming

132
00:06:18,360 --> 00:06:15,669
that I'm gonna have so you'd have to I

133
00:06:20,850 --> 00:06:18,370
don't know call get more details on the

134
00:06:21,959 --> 00:06:20,860
investigation or the case but I'm

135
00:06:25,379 --> 00:06:21,969
assuming they would have checked that

136
00:06:27,510 --> 00:06:25,389
pond for broken ice and it might not

137
00:06:30,529 --> 00:06:27,520
have been there which would have mean it

138
00:06:33,839 --> 00:06:30,539

on the first day he was somewhere else

139

00:06:36,510 --> 00:06:33,849

here's a quick side of who was involved

140

00:06:38,579 --> 00:06:36,520

several agencies including the FBI did

141

00:06:40,890 --> 00:06:38,589

the Aurora Police Department in surgeon

142

00:06:43,170 --> 00:06:40,900

with 200 more than 200 volunteers

143

00:06:45,450 --> 00:06:43,180

that's dozen four I have like three

144

00:06:47,510 --> 00:06:45,460

articles open but remember we heard read

145

00:06:49,860 --> 00:06:47,520

out of the Politis books the FBI is

146

00:06:54,629 --> 00:06:49,870

never involved I believe unless foul

147

00:06:55,980 --> 00:06:54,639

play suspected yeah hmm and specifically

148

00:06:58,230 --> 00:06:55,990

in one of these articles as if I think

149

00:07:00,029 --> 00:06:58,240

was on from New Year's Eve or Monday

150

00:07:03,809 --> 00:07:00,039

they said foul play was not suspected at

151

00:07:09,019 --> 00:07:03,819

a time but in the one article that I did

152

00:07:11,550 --> 00:07:09,029

see they did read here they stated that

153

00:07:12,719 --> 00:07:11,560

lucky if foul play was not suspected but

154

00:07:13,159 --> 00:07:12,729

they said they have registered sex

155

00:07:15,709 --> 00:07:13,169

offenders

156

00:07:17,709 --> 00:07:15,719

in the area but police also revealed at

157

00:07:19,820 --> 00:07:17,719

Monday's article from Monday from Fox

158

00:07:21,350 --> 00:07:19,830

Monday evening that someone outside the

159

00:07:24,170 --> 00:07:21,360

family had seen the boy the day he

160

00:07:27,110 --> 00:07:24,180

disappeared but they didn't elaborate so

161

00:07:31,700 --> 00:07:27,120

they didn't elaborate wow that's perfect

162

00:07:35,330 --> 00:07:31,710

time to elaborate yeah you think so

163

00:07:40,369 --> 00:07:35,340

yeah the FBI said they assigned 50

164

00:07:41,749 --> 00:07:40,379

agents to the case Wow oh yeah one who

165

00:07:43,850 --> 00:07:41,759

is highly specialised in missing

166

00:07:45,379 --> 00:07:43,860

children searches you think do to check

167

00:07:48,529 --> 00:07:45,389

that [h__h] pond you're right you know

168

00:07:51,800 --> 00:07:48,539

the first thing absolutely that would be

169

00:07:53,269 --> 00:07:51,810

the first place that I would go to what

170

00:07:55,730 --> 00:07:53,279

day are we looking for for temperatures

171

00:07:58,339 --> 00:07:55,740

New Year's Eve yeah yeah or New Year's

172

00:08:03,260 --> 00:07:58,349

Day both okay so the high on New Year's

173

00:08:08,839 --> 00:08:03,270

Eve was 41 the low was 21 yeah the high

174

00:08:14,360 --> 00:08:12,230

I saw 18 on one graph this one's saying

175

00:08:17,719 --> 00:08:14,370

it wasn't well let's go let's go ahead

176

00:08:21,079 --> 00:08:17,729

and say in the the temperature was 25

177

00:08:23,179 --> 00:08:21,089

degrees you survived 25 degrees outside

178

00:08:28,639 --> 00:08:23,189

overnight if you're like a six-year-old

179

00:08:30,619 --> 00:08:28,649

kid in a lighter jacket so I'm assuming

180

00:08:34,069 --> 00:08:30,629

it's not a parka so no I would imagine

181

00:08:36,230 --> 00:08:34,079

not mm-hmm so since either he fell into

182

00:08:38,990 --> 00:08:36,240

the pond immediately and they blew and

183

00:08:42,469 --> 00:08:39,000

they blew it because at 40 odd degrees

184

00:08:45,110 --> 00:08:42,479

uh it was on New Year's Eve wouldn't

185

00:08:46,220 --> 00:08:45,120

they have seen the body floating well I

186

00:08:48,680 --> 00:08:46,230

would have already but I don't know how

187

00:08:50,150 --> 00:08:48,690

exactly the mother had been going there

188

00:08:52,730 --> 00:08:50,160

so maybe he'd been frozen over started

189

00:08:54,319 --> 00:08:52,740

the melt but wouldn't you seem to blot

190

00:08:57,309 --> 00:08:54,329

any other service if it was frozen not

191

00:08:59,540 --> 00:08:57,319

frozen yet at that time I'm not this

192

00:09:02,840 --> 00:08:59,550

discounting like me things can get

193

00:09:04,670 --> 00:09:02,850

missed obviously the end you know

194

00:09:06,500 --> 00:09:04,680

definitely this kid could have been

195

00:09:07,939 --> 00:09:06,510

chased into the pond you know I remember

196

00:09:09,319 --> 00:09:07,949

when I was growing up I was bullied I

197

00:09:10,939 --> 00:09:09,329

got chased into a pond

198

00:09:15,519 --> 00:09:10,949

I was actually thrown into a pond

199

00:09:19,879 --> 00:09:18,470

I remember being picked up and being

200

00:09:22,039 --> 00:09:19,889

tossed into

201
00:09:25,009 --> 00:09:22,049
the pond right close to my house and it

202
00:09:26,780 --> 00:09:25,019
was not a good experience I had that

203
00:09:29,119 --> 00:09:26,790
private info I probably would have been

204
00:09:30,859 --> 00:09:29,129
done I pry what who died he's that

205
00:09:34,249 --> 00:09:30,869
scummy a swampy pond yeah yeah

206
00:09:35,359 --> 00:09:34,259
absolutely and those boys that I hung

207
00:09:37,519 --> 00:09:35,369
around with cuz I thought they were my

208
00:09:39,559 --> 00:09:37,529
friends would probably in hindsight

209
00:09:42,859 --> 00:09:39,569
looking back at they probably would have

210
00:09:44,059 --> 00:09:42,869
killed me for fun sure so that probably

211
00:09:45,499 --> 00:09:44,069
could definitely happened to this kid

212
00:09:46,489 --> 00:09:45,509
but he got in an argument with the

213
00:09:48,289 --> 00:09:46,499

sibling and the sibling could have

214

00:09:49,609 --> 00:09:48,299

chased him into the pond he was frozen

215

00:09:52,340 --> 00:09:49,619

he could slip and fell underneath the

216

00:09:54,710 --> 00:09:52,350

surface I would assume the rescuers

217

00:09:58,280 --> 00:09:54,720

would be they would absolutely be

218

00:10:01,519 --> 00:09:58,290

tearing up that pond he left the house

219

00:10:03,530 --> 00:10:01,529

after an argument so I'm assuming the

220

00:10:05,359 --> 00:10:03,540

mother would know unless she tried to

221

00:10:06,949 --> 00:10:05,369

cover up for the kid that killed her son

222

00:10:08,299 --> 00:10:06,959

but you think they would have just kind

223

00:10:11,569 --> 00:10:08,309

of like you know went over to the pond

224

00:10:14,329 --> 00:10:11,579

immediately to try and save him if she

225

00:10:15,739 --> 00:10:14,339

knew you'd say yeah I would I would do

226

00:10:17,650 --> 00:10:15,749

that I'd be out there searching I would

227

00:10:19,970 --> 00:10:17,660

be searching all around the pond you

228

00:10:22,159 --> 00:10:19,980

know they'd probably go there fishing so

229

00:10:27,079 --> 00:10:22,169

that's probably ought ISM or something

230

00:10:29,359 --> 00:10:27,089

and you know did not obviously if he ran

231

00:10:30,650 --> 00:10:29,369

in the tree hit by a car be a quick case

232

00:10:32,259 --> 00:10:30,660

but you know something like that the

233

00:10:34,460 --> 00:10:32,269

kids disappearing his autism and need

234

00:10:36,799 --> 00:10:34,470

there's not many places a six-year-old

235

00:10:38,509 --> 00:10:36,809

can go they're not gonna go you know

236

00:10:40,489 --> 00:10:38,519

catch a bus and go to downtown and go to

237

00:10:42,819 --> 00:10:40,499

a nightclub yeah they're not gonna go

238

00:10:46,759 --> 00:10:42,829

drinking you know well they shouldn't be

239

00:10:48,739 --> 00:10:46,769

there's no indication it's so ambiguous

240

00:10:50,359 --> 00:10:48,749

what what's going on here that you can

241

00:10:52,039 --> 00:10:50,369

go any which way that yeah there's I

242

00:10:55,400 --> 00:10:52,049

don't think we didn't know if the the

243

00:10:57,799 --> 00:10:55,410

telltale markers of a missing 411 case

244

00:10:59,960 --> 00:10:57,809

are here meaning that his clothes had

245

00:11:02,989 --> 00:10:59,970

been possibly been removed or his shoes

246

00:11:05,419 --> 00:11:02,999

have been removed in a certain way or if

247

00:11:07,639 --> 00:11:05,429

there are raised levels of GHB in a

248

00:11:10,639 --> 00:11:07,649

system we don't know we don't even know

249

00:11:14,210 --> 00:11:10,649

if GHB is administered to children who

250

00:11:15,769 --> 00:11:14,220

belonged to the mrs. 411 profile maybe

251
00:11:16,999 --> 00:11:15,779
it's just a miniature administer to

252
00:11:18,889 --> 00:11:17,009
adults who become a little too

253
00:11:23,359 --> 00:11:18,899
rambunctious and are trying to fight

254
00:11:25,429 --> 00:11:23,369
their abductors we don't know because

255
00:11:27,739 --> 00:11:25,439
you read a story not too long ago Jeff

256
00:11:29,700 --> 00:11:27,749
about a two-year-old who was part of the

257
00:11:31,190 --> 00:11:29,710
missing 4 or 1 1

258
00:11:34,260 --> 00:11:31,200
[Music]

259
00:11:36,450 --> 00:11:34,270
phenomenon and that two-year-old

260
00:11:38,880 --> 00:11:36,460
recounted walking through the woods with

261
00:11:39,510 --> 00:11:38,890
tree people and very large creatures

262
00:11:41,100 --> 00:11:39,520
correct

263
00:11:43,800 --> 00:11:41,110

oh he wound up in the middle of a swamp

264

00:11:47,610 --> 00:11:43,810

somehow by the island in the middle of a

265

00:11:49,530 --> 00:11:47,620

swamp it's very I found him yes yes

266

00:11:50,850 --> 00:11:49,540

Pennsylvania yeah is when I was done a

267

00:11:53,430 --> 00:11:50,860

couple weeks ago so we don't know if

268

00:11:57,090 --> 00:11:53,440

this is part of missing for one one but

269

00:11:59,220 --> 00:11:57,100

as always we try to make some leaps and

270

00:12:03,660 --> 00:11:59,230

logic here because that's what we're

271

00:12:06,900 --> 00:12:03,670

kind of forced to do and I've been

272

00:12:11,390 --> 00:12:06,910

reading through the book caverns

273

00:12:14,280 --> 00:12:11,400

cauldrons and underground creatures and

274

00:12:18,090 --> 00:12:14,290

throughout this book this it starts off

275

00:12:20,040 --> 00:12:18,100

with talking about this book starts out

276

00:12:22,470 --> 00:12:20,050

talking about like the underworld

277

00:12:24,240 --> 00:12:22,480

talking about Gilgamesh and the Chinese

278

00:12:26,670 --> 00:12:24,250

version of hell and the parallels

279

00:12:30,470 --> 00:12:26,680

between some of those ancient stories

280

00:12:33,840 --> 00:12:30,480

and Sumerian texts and it evolves into

281

00:12:37,280 --> 00:12:33,850

kind of more modern I guess modern-day

282

00:12:39,900 --> 00:12:37,290

stories of faeries and fairy tales of

283

00:12:44,910 --> 00:12:39,910

goblins hobgoblins dwarves and trolls

284

00:12:48,960 --> 00:12:44,920

that interact with people and there are

285

00:12:51,770 --> 00:12:48,970

stories in in this book that directly

286

00:12:56,640 --> 00:12:51,780

state that people who encounter faeries

287

00:13:00,030 --> 00:12:56,650

wind up being kidnapped and that these

288

00:13:03,390 --> 00:13:00,040

fairies they're willing to kidnap

289

00:13:05,520 --> 00:13:03,400

infants and young people and fertile

290

00:13:09,480 --> 00:13:05,530

young people of both sexes for

291

00:13:11,970 --> 00:13:09,490

crossbreeding purposes that said so I

292

00:13:15,390 --> 00:13:11,980

don't know what the fairies you know we

293

00:13:19,080 --> 00:13:15,400

have is this common probably mental

294

00:13:21,530 --> 00:13:19,090

image of what a fairy is and it may look

295

00:13:27,330 --> 00:13:21,540

like a gay guy from Georgia named Joe or

296

00:13:31,790 --> 00:13:27,340

it could look I didn't I yeah I like it

297

00:13:36,480 --> 00:13:31,800

sorry or it could look like Tinkerbell

298

00:13:41,040 --> 00:13:36,490

from the movie over the Peter Pan with a

299

00:13:43,780 --> 00:13:41,050

Peter Pan stories yeah and the fairies

300

00:13:49,340 --> 00:13:43,790

things George Michael

301
00:13:50,840 --> 00:13:49,350
Jordan Lord Michael no not at all and I

302
00:13:51,860 --> 00:13:50,850
apologize for that joke joke I just said

303
00:13:59,810 --> 00:13:51,870
make sure you're paying attention and

304
00:14:03,500 --> 00:13:59,820
listening was it Joe I I said I

305
00:14:05,480 --> 00:14:03,510
appreciate that yeah very so you mean

306
00:14:08,690 --> 00:14:05,490
you're stepping on my dick man that's my

307
00:14:11,870 --> 00:14:08,700
department is it really yeah the fire

308
00:14:14,840 --> 00:14:11,880
department yeah yeah I didn't I didn't

309
00:14:18,910 --> 00:14:14,850
know but I didn't know that that was

310
00:14:21,380 --> 00:14:18,920
your department department yeah so

311
00:14:23,450 --> 00:14:21,390
here's a little passage Jeff hold up

312
00:14:28,040 --> 00:14:23,460
here's a little passage from from this

313
00:14:31,519 --> 00:14:28,050

concerning Perry's much like their

314

00:14:33,470 --> 00:14:31,529

modern counterparts the goofy dots the

315

00:14:37,130 --> 00:14:33,480

snide or I'm sorry last night it's

316

00:14:40,820 --> 00:14:37,140

called the she which is I guess a breed

317

00:14:42,530 --> 00:14:40,830

or species of fairy often used an

318

00:14:45,110 --> 00:14:42,540

indestructible power of flight as their

319

00:14:47,720 --> 00:14:45,120

means of locomotion and their swift

320

00:14:50,060 --> 00:14:47,730

abduction of victims often the fairies

321

00:14:53,060 --> 00:14:50,070

would sweep through a region in a storm

322

00:14:55,310 --> 00:14:53,070

or a whirlwind abducting as they go the

323

00:14:57,170 --> 00:14:55,320

Highland Gaelic people believe in two

324

00:14:59,990 --> 00:14:57,180

distinct groups of kidnapping fairies

325

00:15:02,810 --> 00:15:00,000

the she who were encountered walking on

326

00:15:08,360 --> 00:15:02,820

the ground after sunset even as early as

327

00:15:12,050 --> 00:15:08,370

twilight who could still be fuddle in

328

00:15:15,590 --> 00:15:12,060

abduct the unwarily moral and the sloshy

329

00:15:17,390 --> 00:15:15,600

i'm 11 the fairy which Harry hosts which

330

00:15:20,810 --> 00:15:17,400

travelled through the air by night and

331

00:15:21,710 --> 00:15:20,820

was known to take mortals with them for

332

00:15:23,960 --> 00:15:21,720

a ride

333

00:15:27,620 --> 00:15:23,970

so a different type of she or fairies

334

00:15:31,900 --> 00:15:27,630

that would abduct people one more likely

335

00:15:33,620 --> 00:15:31,910

to abduct people during storms using the

336

00:15:35,990 --> 00:15:33,630

transportation and look emotion to

337

00:15:39,430 --> 00:15:36,000

flight the other just picking up people

338

00:15:44,000 --> 00:15:39,440

and taking it for a joyride basically

339

00:15:46,490 --> 00:15:44,010

this is an old fairy tale I'm talking

340

00:15:48,890 --> 00:15:46,500

about these fairies if you think about

341

00:15:52,640 --> 00:15:48,900

it every time that the one of these

342

00:15:55,830 --> 00:15:52,650

people and missing 4:01 that belongs to

343

00:15:58,920 --> 00:15:55,840

that criteria was missing the

344

00:16:03,810 --> 00:15:58,930

a giant storm erupts or a storm happens

345

00:16:07,920 --> 00:16:03,820

as they go missing yeah I don't know

346

00:16:09,750 --> 00:16:07,930

I like listen I like going back in in

347

00:16:13,170 --> 00:16:09,760

hearing about this old stuff and reading

348

00:16:15,360 --> 00:16:13,180

about these older of fairy tales and

349

00:16:18,930 --> 00:16:15,370

myths and putting it all together

350

00:16:20,700 --> 00:16:18,940

because it's somehow connected in some

351

00:16:22,920 --> 00:16:20,710

way there's a lot of our YouTube

352

00:16:24,600 --> 00:16:22,930

comments when it comes to missing four

353

00:16:27,000 --> 00:16:24,610

oh one one where says look there's an

354

00:16:28,680 --> 00:16:27,010

underground tunnel system and that's how

355

00:16:30,780 --> 00:16:28,690

people are being abducted and then some

356

00:16:32,550 --> 00:16:30,790

other people say no less UFOs I'm

357

00:16:36,360 --> 00:16:32,560

beginning to believe that there's some

358

00:16:39,570 --> 00:16:36,370

kind of not necessarily underworld but

359

00:16:42,660 --> 00:16:39,580

definitely cavernous creatures that we

360

00:16:45,150 --> 00:16:42,670

don't know about and they could have

361

00:16:46,950 --> 00:16:45,160

stealth technology meaning that they

362

00:16:49,380 --> 00:16:46,960

have a natural defense mechanism that

363

00:16:52,020 --> 00:16:49,390

allows them to act much like a chameleon

364

00:16:55,280 --> 00:16:52,030

but that chameleon is just seven to

365

00:17:00,690 --> 00:16:56,850

it's tough to wrap your head around

366

00:17:02,490 --> 00:17:00,700

sometimes I gotta come back to reality I

367

00:17:04,470 --> 00:17:02,500

got a tomorrow I got to go back and

368

00:17:07,560 --> 00:17:04,480

program computers and write scripts and

369

00:17:10,110 --> 00:17:07,570

use logic to create these kind of

370

00:17:13,020 --> 00:17:10,120

computer programming scripts but now I'm

371

00:17:15,320 --> 00:17:13,030

forced to exercise some abstract

372

00:17:18,090 --> 00:17:15,330

thinking and talk about the what-ifs

373

00:17:20,640 --> 00:17:18,100

which is real it's hard to determine

374

00:17:24,120 --> 00:17:20,650

sometimes eggs using underground tunnels

375

00:17:26,520 --> 00:17:24,130

to you know kidnap the Bigfoots that the

376

00:17:30,470 --> 00:17:26,530

aliens are dropping down on this planet

377

00:17:34,380 --> 00:17:30,480

to do their dirty work I know it know

378

00:17:36,420 --> 00:17:34,390

difficult to keep track of the story is

379

00:17:37,980 --> 00:17:36,430

so convoluted because there's so many

380

00:17:39,360 --> 00:17:37,990

different players are we talking about

381

00:17:41,940 --> 00:17:39,370

fairies we're talking about Bigfoot we

382

00:17:45,120 --> 00:17:41,950

talk about UFOs are or are they all the

383

00:17:47,160 --> 00:17:45,130

same thing I love everything being can I

384

00:17:49,920 --> 00:17:47,170

try to put everything in context with

385

00:17:52,350 --> 00:17:49,930

everything else so if we're taking that

386

00:17:54,720 --> 00:17:52,360

one of them we got to take them all and

387

00:17:55,590 --> 00:17:54,730

how do they all fit together it's like a

388

00:17:57,540 --> 00:17:55,600

puzzle

389

00:18:01,520 --> 00:17:57,550

there's another little paragraph from

390

00:18:04,380 --> 00:18:01,530

this because this is probably pertinent

391

00:18:06,030 --> 00:18:04,390

Campbell and other well-known crackers

392

00:18:07,139 --> 00:18:06,040

of the oral traditions recounted

393

00:18:10,229 --> 00:18:07,149

numerous history

394

00:18:13,259 --> 00:18:10,239

they recounted accounts as of the time

395

00:18:16,049 --> 00:18:13,269

that's writing some seen by witnesses of

396

00:18:17,969 --> 00:18:16,059

very kidnappings kidnappings of men

397

00:18:20,070 --> 00:18:17,979

women and children and animals sometimes

398

00:18:22,979 --> 00:18:20,080

the victims are returned sometimes they

399

00:18:25,529 --> 00:18:22,989

are not there is often an element of

400

00:18:27,779 --> 00:18:25,539

missing time experienced by those who

401
00:18:30,989 --> 00:18:27,789
are taken into the subterranean realm

402
00:18:34,829 --> 00:18:30,999
time spent as far as they can recall is

403
00:18:38,009 --> 00:18:34,839
in dancing feasting singing or attending

404
00:18:41,279 --> 00:18:38,019
to fairy births or fairy children some

405
00:18:46,049 --> 00:18:41,289
of these memories may or may not be in

406
00:18:47,879 --> 00:18:46,059
fabulous confabulations the aspect to

407
00:18:51,269 --> 00:18:47,889
the missing time is a condition that is

408
00:18:54,299 --> 00:18:51,279
familiar to researchers into UFOs and

409
00:18:57,450 --> 00:18:54,309
abductions which have also had a theme

410
00:19:01,940 --> 00:18:57,460
of theft of genetics and exploitation of

411
00:19:13,320 --> 00:19:12,329
no bizarre but yeah talk gene harvesting

412
00:19:17,009 --> 00:19:13,330
so here's an abduction

413
00:19:20,159 --> 00:19:17,019

I mean you look at the missing for one

414

00:19:22,259 --> 00:19:20,169

one victims they're not really damaged

415

00:19:24,529 --> 00:19:22,269

in any way they're not you know they're

416

00:19:28,349 --> 00:19:24,539

not killed they're not beheaded and

417

00:19:30,149 --> 00:19:28,359

they're usually found in intact pretty

418

00:19:34,829 --> 00:19:30,159

much if they correct me if I'm wrong and

419

00:19:37,649 --> 00:19:34,839

so what's what's taken from them their

420

00:19:45,229 --> 00:19:37,659

DNA most likely in some way their life

421

00:20:08,310 --> 00:19:59,099

come on man dude I don't I don't know

422

00:20:09,690 --> 00:20:08,320

sound pretty Gail no yeah duties well I

423

00:20:12,539 --> 00:20:09,700

think we should get off the other

424

00:20:14,440 --> 00:20:12,549

mission for one one subject and I move

425

00:20:19,350 --> 00:20:14,450

on to Sam else please come on

426

00:20:21,300 --> 00:20:19,360

hey what are you gay excuse me excuse me
