1
00:00:02,550 --> 00:00:11,499

[Music]

2
00:00:17,930 --> 00:00:15,110

can you handle that welcome back to

3
00:00:19,810 --> 00:00:17,940

monsters talking about them in about I

4
00:00:23,960 --> 00:00:19,820

don't know probably since August but

5
00:00:26,750 --> 00:00:23,970

finally we're back with something out of

6
00:00:29,480 --> 00:00:26,760

Ohio and of Loveland Ohio it's called

7
00:00:32,120 --> 00:00:29,490

the Loveland frogman also known as the

8
00:00:33,530 --> 00:00:32,130

Loveland lizard we did this one though

9
00:00:35,410 --> 00:00:33,540

he did not do the Loveland frogman we

10
00:00:40,639 --> 00:00:35,420

talked about the Frog men of Connecticut

11
00:00:41,840 --> 00:00:40,649

okay well go ahead good Mike sorry come

12
00:00:43,400 --> 00:00:41,850

up there's so many cut there's so many

13
00:00:45,650 --> 00:00:43,410

goddamn frogmen out there it's called

14

00:00:47,389 --> 00:00:45,660

the Connecticut frog fall cos and if I

15

00:00:51,200 --> 00:00:47,399

ever did this is completely different so

16

00:00:53,000 --> 00:00:51,210

Loveland Ohio frogman is spotted decided

17

00:00:56,479 --> 00:00:53,010

on several occasions over multiple

18

00:00:59,439 --> 00:00:56,489

decades now Loveland a small town north

19

00:01:02,470 --> 00:00:59,449

of Cincinnati Ohio I believe it's like

20

00:01:05,359 --> 00:01:02,480

20 miles or so north of the city and

21

00:01:07,850 --> 00:01:05,369

these creatures have been spotted

22

00:01:09,320 --> 00:01:07,860

humanoid bipedal frogs that stand about

23

00:01:12,560 --> 00:01:09,330

four feet high so kind of your typical

24

00:01:15,620 --> 00:01:12,570

gray height mean little taller and now

25

00:01:16,969 --> 00:01:15,630

the first sighting was in May 1955 and

26

00:01:20,480 --> 00:01:16,979

apparently there's three different

27

00:01:22,820 --> 00:01:20,490

versions of this account and that only

28

00:01:25,340 --> 00:01:22,830

differ slightly from each other

29

00:01:26,359 --> 00:01:25,350

the three stories that start in this

30

00:01:27,740 --> 00:01:26,369

interesting way this starts that

31

00:01:30,020 --> 00:01:27,750

businessman or a traveling salesman

32

00:01:32,749 --> 00:01:30,030

driving along an unnamed road late at

33

00:01:35,060 --> 00:01:32,759

night the stories here they start to

34

00:01:37,880 --> 00:01:35,070

diverge in one story the driver was

35

00:01:39,530 --> 00:01:37,890

heading out to branch Hill neighborhood

36

00:01:42,289 --> 00:01:39,540

when he spotted three figures standing

37

00:01:43,940 --> 00:01:42,299

erect on their hind legs along the side

38

00:01:45,289 --> 00:01:43,950

of the road each of them so it

39

00:01:48,440 --> 00:01:45,299

approximately three to four feet high

40

00:01:52,460 --> 00:01:48,450

and had leathery skin with frog faces

41

00:01:55,039 --> 00:01:52,470

you know in the other two accounts the

42

00:01:57,260 --> 00:01:55,049

creatures were spotted under and over

43

00:01:59,060 --> 00:01:57,270

under or over depending the well you say

44

00:02:00,980 --> 00:01:59,070

they're either under an underpass or on

45

00:02:03,600 --> 00:02:00,990

top of an underpass in a part of the

46

00:02:05,100 --> 00:02:03,610

bridge and the pair

47

00:02:06,810 --> 00:02:05,110

number of bridges in Loveland because

48

00:02:09,840 --> 00:02:06,820

it's right on the Little Miami River so

49

00:02:13,380 --> 00:02:09,850

John what that you'll see the frogman is

50

00:02:15,090 --> 00:02:13,390

sited near water in every instance now

51
00:02:17,160 --> 00:02:15,100
the story tells of the businessman

52
00:02:20,010 --> 00:02:17,170
watching these figures converse for a

53
00:02:21,990 --> 00:02:20,020
while until one of the creatures a held

54
00:02:24,990 --> 00:02:22,000
a wand over its head and fired a spray

55
00:02:29,640 --> 00:02:25,000
of sparks startling the observer and he

56
00:02:32,040 --> 00:02:29,650
fled the scene now I guess sparks over

57
00:02:34,110 --> 00:02:32,050
his head Wright had some kind of

58
00:02:37,890 --> 00:02:34,120
metallic wanna leg thing that fired out

59
00:02:38,280 --> 00:02:37,900
sparks okay okay what's creature called

60
00:02:40,620 --> 00:02:38,290
again

61
00:02:42,810 --> 00:02:40,630
this is the Connecticut Frog folk that

62
00:02:44,490 --> 00:02:42,820
was a Connecticut frog focus what I

63
00:02:46,740 --> 00:02:44,500

covered probably the first time I ever

64

00:02:48,930 --> 00:02:46,750

did Monster is talking about this one's

65

00:02:50,970 --> 00:02:48,940

called what now the Loveland frog and

66

00:02:52,920 --> 00:02:50,980

the Loveland frog man or the Loveland

67

00:02:55,590 --> 00:02:52,930

lizard it has about as many nicknames as

68

00:02:57,260 --> 00:02:55,600

Mike Bettes here in Ohio in Loveland

69

00:03:01,170 --> 00:02:57,270

Ohio yes

70

00:03:04,229 --> 00:03:01,180

now the next incident was reported it

71

00:03:07,080 --> 00:03:04,239

was on March I believe it's the third in

72

00:03:09,360 --> 00:03:07,090

1970 to the present one am as a very

73

00:03:12,720 --> 00:03:09,370

early morning sighting that's from a

74

00:03:13,979 --> 00:03:12,730

police officer named Ray shocky claimed

75

00:03:16,970 --> 00:03:13,989

to have been traveling along the

76

00:03:19,979 --> 00:03:16,980

Riverside Drive heading into Loveland

77

00:03:23,180 --> 00:03:19,989

mister shocky I'm officer shocky over

78

00:03:33,780 --> 00:03:23,190

here I just saw this craziest thing

79

00:03:35,729 --> 00:03:33,790

hey it's rish Aki Aki reference as

80

00:03:37,830 --> 00:03:35,739

opposed to good it's a I'm just trying

81

00:03:39,780 --> 00:03:37,840

to do a Midwestern sort of like you know

82

00:03:44,460 --> 00:03:39,790

near Chicago kind of an accent ray

83

00:03:49,140 --> 00:03:44,470

Schalk near Chicago yeah but they have

84

00:03:51,600 --> 00:03:49,150

the same a similar accident shut up so

85

00:03:55,470 --> 00:03:51,610

ray Schalk is heading back to town

86

00:04:03,020 --> 00:03:55,480

towards Loveland I'm Jackee a that's

87

00:04:05,850 --> 00:04:03,030

what he did I'm Carl from [h__\h] [h__\h]

88

00:04:08,300 --> 00:04:05,860

so he saw a creature scurried across the

89

00:04:10,560 --> 00:04:08,310

road in front of his vehicle

90

00:04:12,690 --> 00:04:10,570

crane was fully illuminated the vehicles

91

00:04:14,130 --> 00:04:12,700

headlights he described it as three to

92

00:04:16,340 --> 00:04:14,140

four feet tall again and straight across

93

00:04:18,110 --> 00:04:16,350

running on two legs

94

00:04:20,960 --> 00:04:18,120

estimated its weight between 50 and 75

95

00:04:23,360 --> 00:04:20,970

pounds and this also with leathery skin

96

00:04:25,730 --> 00:04:23,370

he described the creature as being a

97

00:04:28,400 --> 00:04:25,740

kind of crouched like having the gait of

98

00:04:29,980 --> 00:04:28,410

a two legged frog leg creature most

99

00:04:32,420 --> 00:04:29,990

crouched down but then it stood up and

100

00:04:35,980 --> 00:04:32,430

began to stare back at him directly as

101
00:04:38,540 --> 00:04:35,990
across the road or into the other side

102
00:04:39,980 --> 00:04:38,550
in that would look back at a head before

103
00:04:41,780 --> 00:04:39,990
climbing over the guardrail and back

104
00:04:44,240 --> 00:04:41,790
down towards river there's out of the

105
00:04:45,860 --> 00:04:44,250
guardrail an investigation by Jacques

106
00:04:47,390 --> 00:04:45,870
E's fellow officer scratch marks or

107
00:04:49,700 --> 00:04:47,400
abrasions on the guardrail apparently

108
00:04:53,120 --> 00:04:49,710
where the incident had a curb reported

109
00:04:54,920 --> 00:04:53,130
to have found those marks now two weeks

110
00:04:57,290 --> 00:04:54,930
after this incident police officer named

111
00:04:58,760 --> 00:04:57,300
mark Matthews had another encounter with

112
00:05:02,060 --> 00:04:58,770
the creature he reported seeing

113
00:05:03,920 --> 00:05:02,070

something crouched along the ice while

114

00:05:05,390 --> 00:05:03,930

driving and thought it was an injured or

115

00:05:06,560 --> 00:05:05,400

dead animal he intended to remove it

116

00:05:08,360 --> 00:05:06,570

from the road but claims the creature

117

00:05:09,130 --> 00:05:08,370

stood erect on its hind legs as he

118

00:05:11,270 --> 00:05:09,140

approached

119

00:05:13,160 --> 00:05:11,280

now he's recounted shooting up the

120

00:05:15,380 --> 00:05:13,170

creature which then hold over the

121

00:05:16,790 --> 00:05:15,390

guardrail and into the river he's giving

122

00:05:19,340 --> 00:05:16,800

a similar physical description of the

123

00:05:22,580 --> 00:05:19,350

creature as shock he had except for the

124

00:05:26,510 --> 00:05:22,590

addition that it had it's hell frog had

125

00:05:28,370 --> 00:05:26,520

a tail allegedly maybe it was not fully

126

00:05:29,840 --> 00:05:28,380

frog grown yet married a tadpoles they

127

00:05:32,060 --> 00:05:29,850

kind of keep their tails frogs do

128

00:05:35,060 --> 00:05:32,070

evident for a while that's true that's

129

00:05:36,410 --> 00:05:35,070

true now the officer Mathews later

130

00:05:38,540 --> 00:05:36,420

changed his story claiming that he had

131

00:05:40,070 --> 00:05:38,550

only seen a large lizard and possibly an

132

00:05:43,430 --> 00:05:40,080

escaped pet iguana he tried to capture

133

00:05:44,870 --> 00:05:43,440

it wait a second you don't confuse an

134

00:05:47,390 --> 00:05:44,880

iguana with like something to weighs

135

00:05:50,780 --> 00:05:47,400

like 70 pounds right that can whomp I

136

00:05:53,840 --> 00:05:50,790

feel frog yeah you don't confuse an

137

00:05:56,060 --> 00:05:53,850

iguana with a living breathing Pepe hate

138

00:05:58,790 --> 00:05:56,070

frog in front of you not unless you're

139

00:06:00,440 --> 00:05:58,800

extremely enumerator but even then like

140

00:06:02,570 --> 00:06:00,450

I don't care how drunk am I can i can

141

00:06:04,850 --> 00:06:02,580

compare size I might see two or three of

142

00:06:07,850 --> 00:06:04,860

something but I don't just I don't

143

00:06:11,330 --> 00:06:07,860

mistakenly see a poodle and think it's a

144

00:06:12,920 --> 00:06:11,340

lion right and then he goes on to say

145

00:06:14,630 --> 00:06:12,930

that he tried to capture to support

146

00:06:17,840 --> 00:06:14,640

officer Shakti's story the other guy

147

00:06:19,490 --> 00:06:17,850

that saw it two weeks prior to support

148

00:06:21,440 --> 00:06:19,500

his story because others department

149

00:06:23,570 --> 00:06:21,450

didn't really believe it I don't know

150

00:06:25,100 --> 00:06:23,580

maybe he saw something and then he came

151
00:06:29,090 --> 00:06:25,110
back and later changed his story because

152
00:06:32,630 --> 00:06:31,010
I wouldn't wanna be doing out alive in

153
00:06:34,550 --> 00:06:32,640
the middle of winter city roads I see I

154
00:06:35,990 --> 00:06:34,560
wanted to be dead as [h__h] yes doesn't

155
00:06:38,110 --> 00:06:36,000
have a curfew doesn't have school

156
00:06:40,580 --> 00:06:38,120
tomorrow

157
00:06:42,980 --> 00:06:40,590
tropical reptilians in the Ohio winter

158
00:06:45,460 --> 00:06:42,990
they would die in hours yes that's cool

159
00:06:47,180 --> 00:06:45,470
what's that iguana doing that alone

160
00:06:51,830 --> 00:06:47,190
sorry go ahead

161
00:06:54,770 --> 00:06:51,840
now this was an August 2016 next

162
00:06:57,620 --> 00:06:54,780
sighting August 3rd two teenagers were

163
00:07:00,410 --> 00:06:57,630

playing Pokemon go-between loved one my

164

00:07:02,150 --> 00:07:00,420

diary road and Lake Isabella and they

165

00:07:04,370 --> 00:07:02,160

reported seeing a giant frog near the

166

00:07:05,750 --> 00:07:04,380

lake she stood up and walked on its hind

167

00:07:08,840 --> 00:07:05,760

legs and that was the most recent

168

00:07:12,860 --> 00:07:08,850

sighting that I found now in the

169

00:07:15,590 --> 00:07:12,870

American monsters book I guess the

170

00:07:17,330 --> 00:07:15,600

author and she also cites ed or Meghan

171

00:07:19,490 --> 00:07:17,340

says in this article on aquatic

172

00:07:22,010 --> 00:07:19,500

humanoids is any open-minded analysis

173

00:07:24,410 --> 00:07:22,020

and humanoid folklore will show that the

174

00:07:25,880 --> 00:07:24,420

fish or public extraterrestrial are far

175

00:07:28,670 --> 00:07:25,890

more numerous in the gray type of alien

176

00:07:31,850 --> 00:07:28,680

a creature invented by UF ologists and

177

00:07:34,730 --> 00:07:31,860

then Fortin precipitants and recipients

178

00:07:36,560 --> 00:07:34,740

minds via hypnotic regression as an

179

00:07:38,570 --> 00:07:36,570

example in support of his UFO opinion he

180

00:07:40,400 --> 00:07:38,580

cites that case from an unnamed book on

181

00:07:42,700 --> 00:07:40,410

UFO abductees I mean I was real good

182

00:07:46,070 --> 00:07:42,710

help I tried to look this case up but a

183

00:07:49,700 --> 00:07:46,080

nice unnamed book but a frog-leg aliens

184

00:07:51,850 --> 00:07:49,710

abducted a cattle hand in the Sangre de

185

00:07:54,320 --> 00:07:51,860

Cristo Mountains in southern Colorado

186

00:07:56,150 --> 00:07:54,330

they hauled the cowboy aboard their

187

00:07:58,730 --> 00:07:56,160

craft and he soon found himself in the

188

00:08:01,070 --> 00:07:58,740

usual Spartan UFO examination room where

189

00:08:04,960 --> 00:08:01,080

keep an ample opportunity to observe the

190

00:08:14,330 --> 00:08:04,970

characteristics of his abductors cowboy

191

00:08:16,160 --> 00:08:14,340

essentially yes ranching a cowboy he

192

00:08:17,960 --> 00:08:16,170

said there were five of them three males

193

00:08:21,170 --> 00:08:17,970

and two females apparently there were

194

00:08:24,230 --> 00:08:21,180

genitalia were visible and they had

195

00:08:26,170 --> 00:08:24,240

lizard-like arms and legs hands that he

196

00:08:29,180 --> 00:08:26,180

could describe his greasy and fish-like

197

00:08:30,580 --> 00:08:29,190

with horses in private parts that's

198

00:08:35,050 --> 00:08:30,590

right here it isn't meant to genitalia

199

00:08:39,050 --> 00:08:35,060

you're talking about genteelly finally

200

00:08:41,240 --> 00:08:39,060

forty-six exactly what do their

201
00:08:42,079 --> 00:08:41,250
genitalia look like I just said - he

202
00:08:43,909 --> 00:08:42,089
said they humanoid

203
00:08:47,379 --> 00:08:43,919
horses and private parts imagine they'd

204
00:08:52,189 --> 00:08:47,389
look like they had a penis and vagina

205
00:08:54,790 --> 00:08:52,199
sauce so frog body but humanoid like

206
00:08:57,860 --> 00:08:54,800
lower mid torso and genitalia

207
00:09:01,360 --> 00:08:57,870
looks like it yes but frog kind of like

208
00:09:04,939 --> 00:09:01,370
you know head and slimy skin like that

209
00:09:06,860 --> 00:09:04,949
nice in fact apparently yeah katal hand

210
00:09:08,509 --> 00:09:06,870
endured the usual intrusive medical exam

211
00:09:09,920 --> 00:09:08,519
that is so often a part of alien

212
00:09:11,090 --> 00:09:09,930
abduction reports but he survived to

213
00:09:13,759 --> 00:09:11,100

tell the tale

214

00:09:15,290 --> 00:09:13,769

Megan believes this type of report is

215

00:09:17,210 --> 00:09:15,300

not so different from older traditional

216

00:09:19,489 --> 00:09:17,220

tales of amphibious humanoids our merman

217

00:09:21,259 --> 00:09:19,499

he thinks that the ancient lore and

218

00:09:22,840 --> 00:09:21,269

modern sightings have both served some

219

00:09:25,369 --> 00:09:22,850

type of primal poorly understood

220

00:09:27,790 --> 00:09:25,379

psychological mechanism and human beings

221

00:09:32,569 --> 00:09:27,800

that deserves scientific exploration so

222

00:09:37,549 --> 00:09:32,579

that is that for the living breathing

223

00:09:40,749 --> 00:09:37,559

hate frog hateful you said that there's

224

00:09:45,379 --> 00:09:40,759

actually more reports of these types of

225

00:09:48,619 --> 00:09:45,389

ETS then actually the grey aliens that's

226

00:09:50,809 --> 00:09:48,629

what the author of this article said in

227

00:09:53,629 --> 00:09:50,819

this American monsters book and I can

228

00:09:59,210 --> 00:09:53,639

try dig deeper I guess next time names

229

00:10:00,769 --> 00:09:59,220

aurash Magan Magan M agin yeah I know

230

00:10:03,350 --> 00:10:00,779

more about that and like how he came to

231

00:10:06,679 --> 00:10:03,360

that conclusion because you know we know

232

00:10:08,509 --> 00:10:06,689

about the the stereotypical gray alien

233

00:10:10,759 --> 00:10:08,519

large head abducting people we've seen

234

00:10:13,579 --> 00:10:10,769

that in every [h__h] movie just about

235

00:10:16,040 --> 00:10:13,589

this come out recently even back in the

236

00:10:17,809 --> 00:10:16,050

90s past thirty years that's been the

237

00:10:20,449 --> 00:10:17,819

look of aliens and this is what we

238

00:10:24,710 --> 00:10:20,459

expect so I don't know if that comes

239

00:10:27,559 --> 00:10:24,720

from personal accounts and but I rarely

240

00:10:29,449 --> 00:10:27,569

hear of frogman stories are that is

241

00:10:31,249 --> 00:10:29,459

lumping frogmen in with other lizard

242

00:10:35,059 --> 00:10:31,259

people and other stuff like I gotta know

243

00:10:37,790 --> 00:10:35,069

exactly what they mean by that because

244

00:10:41,679 --> 00:10:37,800

in my mind there's far more sightings of

245

00:10:43,970 --> 00:10:41,689

the stereotypical gray then the frogman

246

00:10:46,040 --> 00:10:43,980

some of these images are the frogman

247

00:10:48,710 --> 00:10:46,050

have like a grey eye like an artist

248

00:10:50,900 --> 00:10:48,720

rendering looks like a gray aliens thing

249

00:10:55,190 --> 00:10:50,910

but a lot of the renderings do look like

250

00:10:58,699 --> 00:10:55,200

legit ass frogs just big ol ass frogs

251
00:11:12,500 --> 00:10:58,709
dude hey hey Ritu they look the most of

252
00:11:16,090 --> 00:11:12,510
them look angry for some reason probably

253
00:11:18,980 --> 00:11:16,100
are angry because they're alright hate

254
00:11:21,710 --> 00:11:18,990
Nazis Aaron these they say these are

255
00:11:25,519 --> 00:11:21,720
frogmen or Nazis or like Donald Trump

256
00:11:29,120 --> 00:11:25,529
supporters Trump supporting frogmen

257
00:11:30,710 --> 00:11:29,130
spotted the little Ohio town they come

258
00:11:33,829 --> 00:11:30,720
out and they put little Trump signs out

259
00:11:36,740 --> 00:11:33,839
this is uh SPLC footage from a frog

260
00:11:42,829 --> 00:11:36,750
rally deep in a swamp oh my god

261
00:11:46,340 --> 00:11:42,839
achieve a fly burning flies then flies

262
00:11:48,019 --> 00:11:46,350
are black you know exactly that's what

263
00:11:49,939 --> 00:11:48,029

they do it in their hate frogs yeah

264

00:11:59,360 --> 00:11:49,949

they're bring an average if Hillary

265

00:12:02,900 --> 00:11:59,370

croakin I was just downloading they're

266

00:12:05,569 --> 00:12:02,910

loving it the clip today with Hillary in
