listening and commenting I'll talk you

12
00:00:48,459 --> 00:00:42,210

later all right I have some topics from

13
00:00:50,750 --> 00:00:48,469

the CIA and they are about the

14

00:00:55,330 --> 00:00:50,760

declassified documents that they dumped

15

00:00:59,240 --> 00:00:55,340

they dumped about 13 million files on

16

00:01:02,599 --> 00:00:59,250

everyone is to comb through just to kind

17

00:01:04,340 --> 00:01:02,609

of rifle through and I've been going

18

00:01:07,310 --> 00:01:04,350

through i'm trying to find some more

19

00:01:10,730 --> 00:01:07,320

interesting things and if i found plenty

20

00:01:12,950 --> 00:01:10,740

of things like on Project Star Gate for

21

00:01:16,850 --> 00:01:12,960

anybody there's no project Stargate was

22

00:01:18,350 --> 00:01:16,860

the CIA program to use and home psychic

23

00:01:20,679 --> 00:01:18,360

abilities they actually made a whole

24

00:01:25,280 --> 00:01:20,689

movie about it called staring a cheap

25

00:01:27,800 --> 00:01:25,290

and does staring at goats my bad the men

26

00:01:29,090 --> 00:01:27,810

who stare at goats yes I really

27

00:01:32,060 --> 00:01:29,100

butchered that name they made a movie

28

00:01:33,469 --> 00:01:32,070

huh they made a movie about goats as

29

00:01:37,069 --> 00:01:33,479

you're dealing with the death in the

30

00:01:39,080 --> 00:01:37,079

family so I can understand yes I mean a

31

00:01:43,660 --> 00:01:39,090

movie about sheep my bad thanks for

32

00:01:46,370 --> 00:01:43,670

correcting me Joe Minister Sheikh yeah

33

00:01:48,319 --> 00:01:46,380

yes that's what you go that's Facebook

34

00:01:50,210 --> 00:01:48,329

just the men who stare cheap i'm

35

00:01:51,590 --> 00:01:50,220

scrolling i'm scrolling oh my god I

36

00:01:54,410 --> 00:01:51,600

can't even believe these people won't

37

00:01:56,450 --> 00:01:54,420

stop it's true gonna be a good Jew up

38

00:01:58,399 --> 00:01:56,460

that mean it's not it's not a great job

39

00:02:02,990 --> 00:01:58,409

but it's a pretty good joke again done

40

00:02:05,840 --> 00:02:03,000

alright so here we go miss miss uh miss

41

00:02:08,089 --> 00:02:05,850

little articles entitled new CIA

42

00:02:10,249 --> 00:02:08,099

documents reveal black-budget projects

43

00:02:13,520 --> 00:02:10,259

are gates who studies supernatural

44

00:02:18,490 --> 00:02:13,530

abilities one of the processes process

45

00:02:21,890 --> 00:02:18,500

described called psycho new genex or

46

00:02:23,809 --> 00:02:21,900

psycho energetics it's really weird they

47

00:02:26,630 --> 00:02:23,819

have all these newly goes they put into

48

00:02:28,730 --> 00:02:26,640

these documents that are creating a

49

00:02:31,130 --> 00:02:28,740

whole new vocabulary for these psionics

50

00:02:34,340 --> 00:02:31,140

describe a mental process where a person

51
00:02:37,190 --> 00:02:34,350
can view or communicate or alter objects

52
00:02:39,680 --> 00:02:37,200
that are located in different space or

53
00:02:41,570 --> 00:02:39,690
time away from the subject it also

54
00:02:43,520 --> 00:02:41,580
describes things such as remote viewing

55
00:02:45,470 --> 00:02:43,530
where people can see objects that are

56
00:02:47,449 --> 00:02:45,480
located in another place as well as

57
00:02:49,670 --> 00:02:47,459
telekinesis which is the ability for

58
00:02:51,860 --> 00:02:49,680
someone to move objects they're not

59
00:02:53,870 --> 00:02:51,870
physically in contact with the

60
00:02:56,360 --> 00:02:53,880
classified files suggest that the cia's

61
00:02:58,250 --> 00:02:56,370
of the CIA officials in charge a project

62
00:03:00,170 --> 00:02:58,260
Stargate believed that they had some

63
00:03:03,140 --> 00:03:00,180

success utilizing and harnessing these

64

00:03:05,870 --> 00:03:03,150

amazing extrasensory abilities but noted

65

00:03:08,330 --> 00:03:05,880

perceived limitations reports revealed

66

00:03:10,550 --> 00:03:08,340

that remote viewing was only to be used

67

00:03:13,130 --> 00:03:10,560

to collect information in conjunction

68

00:03:15,650 --> 00:03:13,140

with other methods and not intelligence

69

00:03:19,670 --> 00:03:15,660

gained through remote viewing should not

70

00:03:21,259 --> 00:03:19,680

be used as a standalone project the

71

00:03:25,190 --> 00:03:21,269

project Stargate was officially

72

00:03:26,509 --> 00:03:25,200

concluded in 1985 13 1995 where the

73

00:03:28,520 --> 00:03:26,519

existence of the program was

74

00:03:31,460 --> 00:03:28,530

Declassified with the CIA reporting it

75

00:03:33,770 --> 00:03:31,470

hadn't proven useful enough and that

76
00:03:35,990 --> 00:03:33,780
previous results seem to show veracity

77
00:03:38,360 --> 00:03:36,000
of the telepathic powers had been

78
00:03:40,759 --> 00:03:38,370
doctored and I've read conflicting

79
00:03:42,560 --> 00:03:40,769
reports about this there's a whole book

80
00:03:44,990 --> 00:03:42,570
written on this called the Sorcerer's

81
00:03:48,470 --> 00:03:45,000
Apprentice Project Star Gate which I

82
00:03:50,960 --> 00:03:48,480
read some excerpts from a couple months

83
00:03:53,210 --> 00:03:50,970
ago actually and it goes over this whole

84
00:03:55,250 --> 00:03:53,220
entire program and the test suitability

85
00:03:57,560 --> 00:03:55,260
what they saw look what the groups were

86
00:03:59,810 --> 00:03:57,570
like what the training was about in some

87
00:04:01,849 --> 00:03:59,820
of the more interesting things that they

88
00:04:03,470 --> 00:04:01,859

saw when they went on these remote

89

00:04:05,960 --> 00:04:03,480

viewing missions may be multiple people

90

00:04:08,690 --> 00:04:05,970

going to these these targets that they

91

00:04:11,780 --> 00:04:08,700

would would imagine or think about and

92

00:04:15,349 --> 00:04:11,790

they would then sketch or write down the

93

00:04:18,650 --> 00:04:15,359

results of what they saw now this a is

94

00:04:23,000 --> 00:04:18,660

then I think over 20 million dollars on

95

00:04:25,430 --> 00:04:23,010

this project and then 1990 this up and

96

00:04:26,860 --> 00:04:25,440

said no I don't so I've heard

97

00:04:29,260 --> 00:04:26,870

conflicting report

98

00:04:31,390 --> 00:04:29,270

about what really happened labas remote

99

00:04:32,980 --> 00:04:31,400

viewers after the the program got shut

100

00:04:35,620 --> 00:04:32,990

down they went to the private sector and

101
00:04:38,770 --> 00:04:35,630
they work for companies they work for

102
00:04:41,110 --> 00:04:38,780
big business we want to gain every sort

103
00:04:43,629 --> 00:04:41,120
of business advantage even if there is

104
00:04:45,490 --> 00:04:43,639
employing you know astrology know

105
00:04:46,810 --> 00:04:45,500
they'll do that dole employ remote

106
00:04:49,900 --> 00:04:46,820
viewers they'll do anything to get that

107
00:04:51,790 --> 00:04:49,910
one up on their their competition in

108
00:04:55,000 --> 00:04:51,800
business and that's where these remote

109
00:04:57,100 --> 00:04:55,010
viewers have gone so what do you think

110
00:04:57,939 --> 00:04:57,110
about this [h__\h] I must say [h__\h]

111
00:05:00,340 --> 00:04:57,949
but what do you think about this

112
00:05:01,840 --> 00:05:00,350
[h__\h] understand right now well I'd

113
00:05:03,600 --> 00:05:01,850

like in fact if they're going to be

114

00:05:06,700 --> 00:05:03,610

gathering attention or attention

115

00:05:08,140 --> 00:05:06,710

intelligence from remote viewing that

116

00:05:10,629 --> 00:05:08,150

they're kind of checking their work by

117

00:05:12,730 --> 00:05:10,639

saying yeah we need to double sources

118

00:05:15,189 --> 00:05:12,740

using more conventional methods as well

119

00:05:19,629 --> 00:05:15,199

if this is something that they do the

120

00:05:22,210 --> 00:05:19,639

fact that it what's a face a Clooney was

121

00:05:25,080 --> 00:05:22,220

in that movie men who stare at goats and

122

00:05:27,520 --> 00:05:25,090

I believe he is a non-official cover

123

00:05:30,879 --> 00:05:27,530

with the CIA I mean he's with

124

00:05:32,830 --> 00:05:30,889

intelligence somehow probably CIA I you

125

00:05:34,510 --> 00:05:32,840

know they don't make movies out of stuff

126

00:05:36,760 --> 00:05:34,520

that they're trying to hide or is

127

00:05:38,469 --> 00:05:36,770

relevant or you know they're worried

128

00:05:40,779 --> 00:05:38,479

about getting out some way sometimes

129

00:05:42,400 --> 00:05:40,789

they signal it and they you know

130

00:05:44,500 --> 00:05:42,410

predictive programming they have a lot

131

00:05:46,990 --> 00:05:44,510

of that kind of stuff but I I just don't

132

00:05:48,879 --> 00:05:47,000

see that there's a whole lot of oh yeah

133

00:05:50,529 --> 00:05:48,889

I do you buy it you think people were

134

00:05:52,629 --> 00:05:50,539

able to kind of put themselves other

135

00:05:54,279 --> 00:05:52,639

places i love the idea first of all much

136

00:05:57,129 --> 00:05:54,289

crackers he was called the men who look

137

00:05:59,200 --> 00:05:57,139

at sheep yes another fresh cement see

138

00:06:02,310 --> 00:05:59,210

the sequel we all right the men who look

139

00:06:05,400 --> 00:06:02,320

a cheap i got what i buy into yourself

140

00:06:07,600 --> 00:06:05,410

please please play to play more the

141

00:06:12,480 --> 00:06:07,610

sheep oh you're here the screaming dirt

142

00:06:14,800 --> 00:06:12,490

or whatever to keep it comin' thank you

143

00:06:16,839 --> 00:06:14,810

put in the background over and over as

144

00:06:19,439 --> 00:06:16,849

we talk yeah I believe this is up I've

145

00:06:22,480 --> 00:06:19,449

read you know I'm pretty deep into some

146

00:06:24,279 --> 00:06:22,490

UFO books are now and the remote viewing

147

00:06:27,060 --> 00:06:24,289

things keeps popping up over and over

148

00:06:32,040 --> 00:06:27,070

again project Stargate is pointed at

149

00:06:34,959 --> 00:06:32,050

repeatedly as some sort of a cornerstone

150

00:06:37,029 --> 00:06:34,969

like it's some sort of proof about what

151
00:06:38,350 --> 00:06:37,039
is possible with the human mind I think

152
00:06:40,629 --> 00:06:38,360
there's something to the remote viewing

153
00:06:43,390 --> 00:06:40,639
I don't know how

154
00:06:46,929 --> 00:06:43,400
useful it is I saw a live demonstration

155
00:06:50,920 --> 00:06:46,939
with it on TV and no TVs real I know but

156
00:06:53,189 --> 00:06:50,930
but I saw it on TV so and they had this

157
00:06:56,830 --> 00:06:53,199
remote viewers like sit up on stage and

158
00:06:57,969 --> 00:06:56,840
they gave in certain coordinates and how

159
00:07:00,909 --> 00:06:57,979
does these coordinates work they

160
00:07:02,860 --> 00:07:00,919
basically my understanding from reading

161
00:07:04,390 --> 00:07:02,870
this they have a set of coordinates like

162
00:07:06,999 --> 00:07:04,400
the person writes out the coordinates

163
00:07:08,890 --> 00:07:07,009

like these numbers already knows what

164

00:07:10,839 --> 00:07:08,900

they're trying what he's going to be

165

00:07:13,089 --> 00:07:10,849

asking the remote viewers to look at or

166

00:07:14,230 --> 00:07:13,099

try to find so he already hasn't the the

167

00:07:15,700 --> 00:07:14,240

person who's writing the coordinates

168

00:07:17,290 --> 00:07:15,710

already has a kind of a mental image of

169

00:07:18,670 --> 00:07:17,300

what this is supposed to be kind of and

170

00:07:20,619 --> 00:07:18,680

so when he writes it down the piece of

171

00:07:22,059 --> 00:07:20,629

paper that's not somehow solidifies it

172

00:07:23,800 --> 00:07:22,069

in the ether he gives those coordinates

173

00:07:25,809 --> 00:07:23,810

to the remote viewer the remote viewer

174

00:07:28,059 --> 00:07:25,819

grabs those coordinates and starts to

175

00:07:30,879 --> 00:07:28,069

dwell on those coordinates they did this

176
00:07:35,730 --> 00:07:30,889
live on TV and the coordinates were

177
00:07:38,619 --> 00:07:35,740
actually a like a waterfall with some

178
00:07:41,529 --> 00:07:38,629
industrial piping alongside of it it's a

179
00:07:44,860 --> 00:07:41,539
piece of scenery and the remote viewer

180
00:07:48,219 --> 00:07:44,870
on stage drew lines that look like a

181
00:07:50,529 --> 00:07:48,229
waterfall and some industrial piping

182
00:07:54,089 --> 00:07:50,539
along it wasn't exact but it was a

183
00:07:56,350 --> 00:07:54,099
pretty good approximation of what those

184
00:07:58,149 --> 00:07:56,360
coordinates represented and the actual

185
00:08:01,300 --> 00:07:58,159
picture in scenery so there was it

186
00:08:03,610 --> 00:08:01,310
looked to be pretty good like not not a

187
00:08:05,619 --> 00:08:03,620
hundred percent probably fifty percent

188
00:08:08,740 --> 00:08:05,629

and I think that's why this article said

189

00:08:10,749 --> 00:08:08,750

look it's somewhat real but the CIA had

190

00:08:12,879 --> 00:08:10,759

to have other intelligence gathering

191

00:08:16,029 --> 00:08:12,889

methods to confirm what the remote

192

00:08:21,760 --> 00:08:16,039

viewers were seen so it may have been a

193

00:08:24,429 --> 00:08:21,770

good first glance at let's say they

194

00:08:26,320 --> 00:08:24,439

wanted to Remote View a Russian

195

00:08:28,300 --> 00:08:26,330

submarine they would get an

196

00:08:30,760 --> 00:08:28,310

approximation of what it may look might

197

00:08:32,920 --> 00:08:30,770

look like or maybe where it is and then

198

00:08:35,019 --> 00:08:32,930

the ca would have to go in with spies on

199

00:08:36,399 --> 00:08:35,029

the ground there and actually confirm it

200

00:08:39,000 --> 00:08:36,409

but it might actually might be a useful

201
00:08:41,439 --> 00:08:39,010
tool for narrowing narrowing down

202
00:08:49,420 --> 00:08:41,449
targets that they wanted to find I think

203
00:08:55,280 --> 00:08:52,760
I was gonna let Jeff take that one

204
00:08:59,540 --> 00:08:55,290
because I I mean I want it I you know I

205
00:09:01,250 --> 00:08:59,550
want you I just I know I mean I have you

206
00:09:02,630 --> 00:09:01,260
have you ever experienced this kind of a

207
00:09:05,360 --> 00:09:02,640
thing that personally have you ever been

208
00:09:07,310 --> 00:09:05,370
like if you've ever really sat and

209
00:09:08,840 --> 00:09:07,320
focused and you ever been able to put

210
00:09:12,650 --> 00:09:08,850
yourself anywhere other than where you

211
00:09:16,580 --> 00:09:12,660
were I tried um I seriously tried to

212
00:09:18,650 --> 00:09:16,590
like do some e actual projection you

213
00:09:20,270 --> 00:09:18,660

know he's laying your bed and you think

214

00:09:23,000 --> 00:09:20,280

about you know your body floating house

215

00:09:28,540 --> 00:09:23,010

where and I try that like back in 2001

216

00:09:31,120 --> 00:09:28,550

and in 2002 and I got like a floating

217

00:09:33,290 --> 00:09:31,130

experience like I felt like I was more

218

00:09:35,600 --> 00:09:33,300

hypnotizing myself or you're doing

219

00:09:37,420 --> 00:09:35,610

something like that I didn't get any

220

00:09:41,150 --> 00:09:37,430

sort of out-of-body experience I

221

00:09:43,010 --> 00:09:41,160

obviously I didn't read any exact books

222

00:09:46,100 --> 00:09:43,020

on how to do this uh I'm a complete

223

00:09:47,810 --> 00:09:46,110

failure at being a psychic spy so and

224

00:09:52,540 --> 00:09:47,820

this is why you sleep with plastic over

225

00:09:55,010 --> 00:09:52,550

your sheet that's correct yeah very wet

226

00:09:57,440 --> 00:09:55,020

yeah I try to do remote viewing end up

227

00:09:59,330 --> 00:09:57,450

just pissing the bed yeah man we got

228

00:10:02,090 --> 00:09:59,340

drunk or dope remote dude myself to the

229

00:10:05,440 --> 00:10:02,100

bathroom wasn't the bathroom nope my bed

230

00:10:07,490 --> 00:10:05,450

is it a couple times in college earrings

231

00:10:10,430 --> 00:10:07,500

repeat myself right to the Year

232

00:10:12,020 --> 00:10:10,440

everybody it's great that when you're

233

00:10:14,030 --> 00:10:12,030

just like you're in a dream and you're

234

00:10:15,800 --> 00:10:14,040

like peeing on a tree or doing something

235

00:10:18,890 --> 00:10:15,810

like that and then you like wake up and

236

00:10:22,370 --> 00:10:18,900

you're like oh [h__\h] that wasn't a tree

237

00:10:23,870 --> 00:10:22,380

I've never had that I you never had that

238

00:10:25,400 --> 00:10:23,880

was like you're he's like you finally

239

00:10:26,960 --> 00:10:25,410

realize add that where I've been like

240

00:10:28,430 --> 00:10:26,970

having a dream and I'm really you

241

00:10:30,710 --> 00:10:28,440

because I finally got to the bathroom

242

00:10:32,960 --> 00:10:30,720

and then I wake up years ago but I mean

243

00:10:35,480 --> 00:10:32,970

like did couple days ago but you know

244

00:10:39,290 --> 00:10:35,490

what she's actually before I got off the

245

00:10:41,420 --> 00:10:39,300

air that's why I was a little late so I

246

00:10:44,240 --> 00:10:41,430

accidentally took a nap of them

247

00:10:47,780 --> 00:10:44,250

basically I'm on a you know 10-year

248

00:10:50,960 --> 00:10:47,790

bender and the consciousness is not a

249

00:10:53,360 --> 00:10:50,970

fairly uh one of my strong things you

250

00:10:54,560 --> 00:10:53,370

peed yourself it's well you always know

251
00:10:56,810 --> 00:10:54,570
it immediately in the morning when you

252
00:10:59,810 --> 00:10:56,820
wake up cuz i can tonight a shower of

253
00:11:03,320 --> 00:10:59,820
all my clothes on no puppet

254
00:11:08,120 --> 00:11:03,330
haha but you know you sleep at your

255
00:11:11,900 --> 00:11:08,130
husband right yeah yeah yeah did you pee

256
00:11:14,150 --> 00:11:11,910
on them oh no they're did I never tell

257
00:11:16,940 --> 00:11:14,160
the the time we experimented with golden

258
00:11:18,730 --> 00:11:16,950
showers no not really I I guess this is

259
00:11:22,280 --> 00:11:18,740
the time this is good as time as any I

260
00:11:23,990 --> 00:11:22,290
mean it's a I feel like I may have told

261
00:11:26,030 --> 00:11:24,000
this story before but I could tell us if

262
00:11:30,260 --> 00:11:26,040
you want Rana this is pita go ahead

263
00:11:33,860 --> 00:11:30,270

don't like okay so um well it started

264

00:11:38,210 --> 00:11:33,870

out with erica was cleaning his ears out

265

00:11:41,810 --> 00:11:38,220

well there I was yeah cleaning his ears

266

00:11:46,520 --> 00:11:41,820

out with a q-tip and he's done with that

267

00:11:50,150 --> 00:11:46,530

q-tip and i'm there at the toilet taking

268

00:11:54,020 --> 00:11:50,160

a leak Erik goes to throw the q-tip in

269

00:11:56,240 --> 00:11:54,030

the trash and he misses and you know

270

00:12:01,220 --> 00:11:56,250

just to be tidy he decides he's going to

271

00:12:02,570 --> 00:12:01,230

pick the q-tip up off the ground or up

272

00:12:05,390 --> 00:12:02,580

the floor and then throw it in the trash

273

00:12:09,530 --> 00:12:05,400

and some peace batter hit him in the

274

00:12:10,940 --> 00:12:09,540

face oh good it's pretty hot it doesn't

275

00:12:13,340 --> 00:12:10,950

sound that hot you're not really selling

276

00:12:15,290 --> 00:12:13,350

it for me but I mean that's a golden

277

00:12:17,480 --> 00:12:15,300

shower right as close as I've ever got

278

00:12:18,950 --> 00:12:17,490

close if you got that's more like a

279

00:12:21,410 --> 00:12:18,960

golden deflection yeah it was an

280

00:12:25,490 --> 00:12:21,420

accidental shower that right wasn't he

281

00:12:27,620 --> 00:12:25,500

didn't get full stream there hello I'm

282

00:12:29,720 --> 00:12:27,630

acting kind of disappointed in the story

283

00:12:35,030 --> 00:12:29,730

thank God I was drunk before I didn't

284

00:12:37,760 --> 00:12:35,040

have to remember yeah hey look you know

285

00:12:40,100 --> 00:12:37,770

what you didn't goldenshower anybody

286

00:12:43,370 --> 00:12:40,110

that's correct though but I'm purpose

287

00:12:45,500 --> 00:12:43,380

that I may have in the past but I'm

288

00:12:47,240 --> 00:12:45,510

closer than they all come on golden

289

00:12:48,530 --> 00:12:47,250

showers somebody boom I get a merit

290

00:12:50,090 --> 00:12:48,540

badge or something that's fine let's

291

00:12:57,980 --> 00:12:50,100

roll back into the CIA stuff how about

292

00:13:01,880 --> 00:12:57,990

this money oh gosh oh ok so this project

293

00:13:03,950 --> 00:13:01,890

Stargate now I as I mentioned there's a

294

00:13:06,380 --> 00:13:03,960

book all about this called the

295

00:13:10,790 --> 00:13:06,390

Sorcerer's Apprentice project Stargate

296

00:13:12,710 --> 00:13:10,800

this whole thing and I have a second

297

00:13:13,519 --> 00:13:12,720

here that I would like to read for you

298

00:13:16,670 --> 00:13:13,529

although

299

00:13:19,100 --> 00:13:16,680

I do have a new year's resolution that

300

00:13:22,519 --> 00:13:19,110

I'm not reading anymore so I don't know

301
00:13:24,110 --> 00:13:22,529
why I'm doing this yeah yeah you're not

302
00:13:26,360 --> 00:13:24,120
going to read anymore well forever

303
00:13:27,439 --> 00:13:26,370
that's that's my new year's resolution

304
00:13:31,009 --> 00:13:27,449
so I don't know I'm on the commonly a

305
00:13:32,540 --> 00:13:31,019
passive segment I like this resolution

306
00:13:35,569 --> 00:13:32,550
did you talk about this all right no

307
00:13:37,879 --> 00:13:35,579
this is brand-new I love it yeah [h__h]

308
00:13:42,530 --> 00:13:37,889
reading I am a fourth people I'm almost

309
00:13:46,100 --> 00:13:42,540
40 having it read enough yeah exactly my

310
00:13:47,720 --> 00:13:46,110
letters but we get it the audio books so

311
00:13:49,579 --> 00:13:47,730
I think the only way I'm going to be

312
00:13:55,429 --> 00:13:49,589
able to get around this is by peering

313
00:13:58,189 --> 00:13:55,439

and glancing and I'm gonna do my best to

314

00:14:01,309 --> 00:13:58,199

not read I'm just going to casually

315

00:14:03,530 --> 00:14:01,319

glanced at the screen and if I happen to

316

00:14:06,679 --> 00:14:03,540

absorb summers and speak them back out

317

00:14:08,239 --> 00:14:06,689

so be it okay you are never really good

318

00:14:11,629 --> 00:14:08,249

at reading anyway that's why I'm giving

319

00:14:13,069 --> 00:14:11,639

it up oh yeah you ain't gonna get it you

320

00:14:15,290 --> 00:14:13,079

haven't got it yet you ain't gonna get

321

00:14:16,939 --> 00:14:15,300

it so just [h__h] it yeah that's what I'm

322

00:14:18,470 --> 00:14:16,949

trying to say here people manto don't

323

00:14:27,290 --> 00:14:18,480

read this they'll read this let's move

324

00:14:31,939 --> 00:14:27,300

up okay so this is um okay I'm gonna try

325

00:14:34,069 --> 00:14:31,949

here let's try not to read trying that

326

00:14:36,949 --> 00:14:34,079

I'm driving to absorb the information on

327

00:14:41,960 --> 00:14:36,959

the screen without reading that sounds

328

00:14:44,329 --> 00:14:41,970

like reading I know it's hard send it to

329

00:14:48,049 --> 00:14:44,339

Jeff he can read it it's unlike my

330

00:14:49,240 --> 00:14:48,059

online kindle all right here we go you

331

00:14:52,369 --> 00:14:49,250

know I'm just going to go ahead and

332

00:14:55,160 --> 00:14:52,379

peruse this here we go and this is this

333

00:14:57,860 --> 00:14:55,170

is from Project Star Gate the book The

334

00:15:00,079 --> 00:14:57,870

Sorcerer's Apprentice and this is about

335

00:15:01,879 --> 00:15:00,089

one of these crazy remote viewing

336

00:15:04,879 --> 00:15:01,889

exercises where they gave coordinates to

337

00:15:08,150 --> 00:15:04,889

is a group to go out to some weird

338

00:15:11,449 --> 00:15:08,160

random location and its report back what

339

00:15:13,280 --> 00:15:11,459

you see and this is that story as I

340

00:15:15,110 --> 00:15:13,290

looked around I didn't realize I didn't

341

00:15:17,360 --> 00:15:15,120

know how far away from the earth I was I

342

00:15:18,799 --> 00:15:17,370

didn't recognize any consolation I had a

343

00:15:21,319 --> 00:15:18,809

feeling that I was nowhere near our

344

00:15:23,660 --> 00:15:21,329

solar system this was a there was a

345

00:15:25,669 --> 00:15:23,670

strong globe coming from my position the

346

00:15:27,250 --> 00:15:25,679

heavens revolved around me as I oriented

347

00:15:31,280 --> 00:15:27,260

to the view what

348

00:15:34,190 --> 00:15:31,290

was beneath me what I saw took my breath

349

00:15:36,260 --> 00:15:34,200

away he was difficult to assess its true

350

00:15:39,350 --> 00:15:36,270

size because there was nothing to gauge

351
00:15:41,900 --> 00:15:39,360
it against but my kinetic sense was that

352
00:15:45,230 --> 00:15:41,910
the object before me was approximately a

353
00:15:48,710 --> 00:15:45,240
kilometer or two in diameter it was an

354
00:15:51,530 --> 00:15:48,720
oblong it was oblong shaped sphere like

355
00:15:54,620 --> 00:15:51,540
a beach ball or something like that was

356
00:15:57,650 --> 00:15:54,630
sitting on the equatorial region was

357
00:15:59,960 --> 00:15:57,660
bulged out word and the poles flattened

358
00:16:01,790 --> 00:15:59,970
the object appeared to be spinning with

359
00:16:04,639 --> 00:16:01,800
a predominant dimensional of heavy

360
00:16:06,920 --> 00:16:04,649
weight in density it really sounds like

361
00:16:08,630 --> 00:16:06,930
I'm reading here doesn't it David going

362
00:16:11,930 --> 00:16:08,640
to say it sounds a lot like reading to

363
00:16:13,880 --> 00:16:11,940

know it was also glowing like a star but

364

00:16:17,090 --> 00:16:13,890

unlike a star it glowed varied in

365

00:16:19,280 --> 00:16:17,100

equatorial regions from a bright pink to

366

00:16:21,440 --> 00:16:19,290

a cooler red occasionally there was a

367

00:16:23,750 --> 00:16:21,450

bright flash from deep inside the object

368

00:16:25,790 --> 00:16:23,760

even more astounding I could see bands

369

00:16:28,579 --> 00:16:25,800

of energy sliding across the surface

370

00:16:30,280 --> 00:16:28,589

like snakes be flattened object but if

371

00:16:32,860 --> 00:16:30,290

I'm started flattened shape and

372

00:16:35,960 --> 00:16:32,870

convulsions of these bands of energy

373

00:16:38,510 --> 00:16:35,970

rising across it sir rising across the

374

00:16:41,000 --> 00:16:38,520

surface reminding me of a giant brain I

375

00:16:44,300 --> 00:16:41,010

was thinking that it might be a neutron

376

00:16:47,540 --> 00:16:44,310

star but the surface was a plasma not

377

00:16:49,760 --> 00:16:47,550

just not degenerated matter yet it was

378

00:16:51,500 --> 00:16:49,770

the size of a neutron star there had

379

00:16:54,050 --> 00:16:51,510

there had to be something holding it

380

00:16:57,139 --> 00:16:54,060

together hidden by the glowing gases of

381

00:17:00,620 --> 00:16:57,149

plasma otherwise centrifugal centrifugal

382

00:17:03,460 --> 00:17:00,630

forces would pull it apart opening my

383

00:17:07,449 --> 00:17:03,470

mind to the object was it centrifugal

384

00:17:09,799 --> 00:17:07,459

centripetal centripetal no centrifugal

385

00:17:11,179 --> 00:17:09,809

I'm not going to beat you on this i know

386

00:17:14,150 --> 00:17:11,189

i'm looking at i might not be a good

387

00:17:17,870 --> 00:17:14,160

reader but i can interpret words that

388

00:17:20,829 --> 00:17:17,880

I'm seeing okay I thought you weren't

389

00:17:23,809 --> 00:17:20,839

reading this you're right i'm perusing

390

00:17:25,429 --> 00:17:23,819

opening my mind are you a real quick

391

00:17:27,890 --> 00:17:25,439

real quick real quick he skips like half

392

00:17:29,150 --> 00:17:27,900

works yeah let me let me just play this

393

00:17:30,650 --> 00:17:29,160

real quick and I'm gonna I'm going to

394

00:17:34,430 --> 00:17:30,660

turn up my thing because I have to

395

00:17:38,520 --> 00:17:34,440

remember to do this now here we go did

396

00:17:40,710 --> 00:17:38,530

it work no you hear that no no [\h__\h]

397

00:17:43,230 --> 00:17:40,720

all right go on I'm going to play as in

398

00:17:46,200 --> 00:17:43,240

second opening my mind to the object I

399

00:17:49,260 --> 00:17:46,210

intended to probe its structure when a

400

00:17:51,090 --> 00:17:49,270

sudden impressive wash sudden impression

401
00:17:56,790 --> 00:17:51,100
washed over me rocking me with its

402
00:17:59,880 --> 00:17:56,800
implications this was not in it it was a

403
00:18:03,990 --> 00:17:59,890
beam the impression was of intelligence

404
00:18:08,850 --> 00:18:04,000
alien most assuredly there was a there

405
00:18:11,400 --> 00:18:08,860
was a next page a computation of there

406
00:18:14,310 --> 00:18:11,410
was a computation going this was curious

407
00:18:17,180 --> 00:18:14,320
it wanted to know no knowledge okay Joe

408
00:18:20,510 --> 00:18:17,190
what the hell's going on centrifugal

409
00:18:25,830 --> 00:18:20,520
okay that's not the word i saw

410
00:18:31,020 --> 00:18:25,840
centrifugal i hear the word DNT RI f ug

411
00:18:33,660 --> 00:18:31,030
al fu GL critical force and critical

412
00:18:38,100 --> 00:18:33,670
yeah yes and difficult re oh I'm sorry

413
00:18:40,440 --> 00:18:38,110

Kendra vehicle thanks Microsoft Sally or

414

00:18:43,380 --> 00:18:40,450

ever that is bring him what you're right

415

00:18:46,020 --> 00:18:43,390

you're right always right in the new

416

00:18:49,980 --> 00:18:46,030

Jeff Martin on the show you're right

417

00:18:52,020 --> 00:18:49,990

you're right ok I can admit it I got a

418

00:18:56,270 --> 00:18:52,030

minute you are you can't admit you were

419

00:18:58,350 --> 00:18:56,280

wrong I I just did I'm wrong not good

420

00:19:00,750 --> 00:18:58,360

apparently China was in World War two

421

00:19:03,270 --> 00:19:00,760

yes it was true I learned something

422

00:19:06,600 --> 00:19:03,280

there too I didn't really know during

423

00:19:09,240 --> 00:19:06,610

I'll go on with the story I was struck

424

00:19:11,550 --> 00:19:09,250

by the incongruity of our two life forms

425

00:19:14,100 --> 00:19:11,560

so different in appearance he is so

426

00:19:17,130 --> 00:19:14,110

similar and desire here was a total

427

00:19:19,410 --> 00:19:17,140

totally alien creation born Abdul space

428

00:19:21,180 --> 00:19:19,420

under incomprehensible conditions

429

00:19:23,520 --> 00:19:21,190

immensely old another impression

430

00:19:26,930 --> 00:19:23,530

flooding in and yet it was no different

431

00:19:31,700 --> 00:19:26,940

for me it goes on to say that this was

432

00:19:35,100 --> 00:19:31,710

giant brain like alien sitting in space

433

00:19:37,650 --> 00:19:35,110

was acknowledging him in his remote

434

00:19:40,520 --> 00:19:37,660

viewing state and that other smaller

435

00:19:43,770 --> 00:19:40,530

little objects would come up trade

436

00:19:46,320 --> 00:19:43,780

information with this giant pulsing

437

00:19:48,300 --> 00:19:46,330

brain thing and then go about their

438

00:19:50,610 --> 00:19:48,310

business across the solar system or

439

00:19:51,890 --> 00:19:50,620

galaxies and this guy was just observing

440

00:19:55,820 --> 00:19:51,900

this interaction

441

00:19:58,640 --> 00:19:55,830

and he when he got done with his remote

442

00:20:01,280 --> 00:19:58,650

viewing study went back reported what he

443

00:20:03,200 --> 00:20:01,290

saw and it was remarkably similar to

444

00:20:06,590 --> 00:20:03,210

what the other remote viewers had

445

00:20:09,890 --> 00:20:06,600

experienced and this is the probably one

446

00:20:12,410 --> 00:20:09,900

of the more bizarre stories that comes

447

00:20:13,910 --> 00:20:12,420

out of this book this is not proof of

448

00:20:15,320 --> 00:20:13,920

anything it's not even for a second

449

00:20:17,510 --> 00:20:15,330

reading that's obviously not proof that

450

00:20:21,320 --> 00:20:17,520

I can read there's obvious it's obvious

451

00:20:24,440 --> 00:20:21,330

it is proof I can't read but I it's a

452

00:20:25,820 --> 00:20:24,450

fun read it has a different remove

453

00:20:30,320 --> 00:20:25,830

reading stories like this this has

454

00:20:32,360 --> 00:20:30,330

improved the CIA's connection to having

455

00:20:33,860 --> 00:20:32,370

psychic warriors or anything like that

456

00:20:36,650 --> 00:20:33,870

they'd probably have they'd probably

457

00:20:38,630 --> 00:20:36,660

still employed psychic spies like this

458

00:20:41,230 --> 00:20:38,640

probably probably contractors at this

459

00:20:43,310 --> 00:20:41,240

point they don't probably run their own

460

00:20:46,190 --> 00:20:43,320

program they produce contract these

461

00:20:49,280 --> 00:20:46,200

people out so like there's great Free

462

00:20:53,150 --> 00:20:49,290

Lance remote viewers yeah like

463

00:20:56,710 --> 00:20:53,160

Blackwater guys interested I guess I

464

00:20:59,720 --> 00:20:56,720

mean the NSA and they've got all the

465

00:21:01,490 --> 00:20:59,730

sort of contractor companies that do the

466

00:21:05,390 --> 00:21:01,500

intelligence was the one thats known

467

00:21:08,810 --> 00:21:05,400

work for was a well what the hell is he

468

00:21:10,580 --> 00:21:08,820

working for doing work for the NSA yeah

469

00:21:13,510 --> 00:21:10,590

but it was a contracting company I don't

470

00:21:17,380 --> 00:21:13,520

know contractor for I don't remember oh

471

00:21:19,790 --> 00:21:17,390

I don't know but yeah I mean most I mean

472

00:21:23,210 --> 00:21:19,800

has a government jobs are contracted

473

00:21:24,800 --> 00:21:23,220

away you know biggest big money dude

474

00:21:28,970 --> 00:21:24,810

let's get into it could we be a

475

00:21:32,630 --> 00:21:28,980

government contracted podcast booz allen

476

00:21:37,340 --> 00:21:32,640

hamilton albums oh okay so I should

477

00:21:39,200 --> 00:21:37,350

remember booth now shoes love this now

478

00:21:45,020 --> 00:21:39,210

there's some other things that came out

479

00:21:49,070 --> 00:21:45,030

in the CIA files I got dumped there was

480

00:21:50,930 --> 00:21:49,080

a Pentagon you know notified by the ca

481

00:21:56,330 --> 00:21:50,940

there's a mysterious object in the sky

482

00:21:59,240 --> 00:21:56,340

and the more I look at this that this

483

00:22:02,810 --> 00:21:59,250

mysterious object of the sky looks like

484

00:22:04,560 --> 00:22:02,820

they are talking about the Black Knight

485

00:22:10,320 --> 00:22:04,570

satellite

486

00:22:13,080 --> 00:22:10,330

and this respect from the 1960s and it's

487

00:22:15,509 --> 00:22:13,090

basically just clippings that the CIA

488

00:22:16,889 --> 00:22:15,519

document that I that I saw that got

489

00:22:19,289 --> 00:22:16,899

released it just looks like they're

490

00:22:23,909 --> 00:22:19,299

press clippings from like a Washington

491

00:22:25,889 --> 00:22:23,919

Post on february 13th of 1960 and this

492

00:22:27,629 --> 00:22:25,899

was this was released in the CIA files

493

00:22:30,240 --> 00:22:27,639

as well and this one was titled the

494

00:22:32,850 --> 00:22:30,250

Pentagon to pentagon mysterious

495

00:22:38,009 --> 00:22:32,860

satellite is just unknown object in sky

496

00:22:39,600 --> 00:22:38,019

and a whole bunch of different reports

497

00:22:42,749 --> 00:22:39,610

like this news clippings that came out

498

00:22:44,340 --> 00:22:42,759

in the CIA dumb and who knows what it

499

00:22:45,720 --> 00:22:44,350

could have been I mean there's I think

500

00:22:48,180 --> 00:22:45,730

it was the Russians Black Knight

501
00:22:50,970 --> 00:22:48,190
satellite we talked about your two ago

502
00:22:53,220 --> 00:22:50,980
or it could have been one of our own spy

503
00:22:54,749 --> 00:22:53,230
planes that the CIA wasn't privy to but

504
00:22:58,320 --> 00:22:54,759
he's imagined they would be privy to

505
00:23:01,259 --> 00:22:58,330
everything that's all I got on this

506
00:23:05,220 --> 00:23:01,269
guy's project Stargate see a psychic

507
00:23:06,659 --> 00:23:05,230
spies and my inability to read I was

508
00:23:11,399 --> 00:23:06,669
really hoping we were going to go to the

509
00:23:14,430 --> 00:23:11,409
Egyptian alien Stargate you know like I

510
00:23:16,860 --> 00:23:14,440
have that or next week okay so here's

511
00:23:18,960 --> 00:23:16,870
what I thought about Star Gate all right

512
00:23:22,440 --> 00:23:18,970
just real quick so I've been reading up

513
00:23:25,320 --> 00:23:22,450

on these Egyptian stargates and if they

514

00:23:27,350 --> 00:23:25,330

are in fact real and according to this

515

00:23:31,529 --> 00:23:27,360

one book I'm reading by this guy who

516

00:23:35,340 --> 00:23:31,539

claims to be enlightened that the idea

517

00:23:39,090 --> 00:23:35,350

for IP addresses came from actual

518

00:23:41,970 --> 00:23:39,100

stargates and that these stargates are

519

00:23:43,919 --> 00:23:41,980

used to travel from world to world and

520

00:23:46,999 --> 00:23:43,929

the way you do that is with the

521

00:23:49,499 --> 00:23:47,009

basically a dimensional IP address and

522

00:23:52,049 --> 00:23:49,509

so when they discovered this back in the

523

00:23:55,289 --> 00:23:52,059

50s and 60s that was then put into use

524

00:23:57,749 --> 00:23:55,299

for networking computers because there's

525

00:24:01,680 --> 00:23:57,759

like it is a specific address for Earth

526

00:24:03,749 --> 00:24:01,690

and it's busted up into three digits

527

00:24:08,399 --> 00:24:03,759

three sets of three digits just like our

528

00:24:15,389 --> 00:24:08,409

IP addresses we have now pretty crazy

529

00:24:17,930 --> 00:24:15,399

[h__h] hey Joe Wi-Fi of dress where's

530

00:24:24,220 --> 00:24:17,940

clown baby clown baby can react to this

531

00:24:27,139 --> 00:24:24,230

oh no Joe I had that the Stargate II

532

00:24:30,560 --> 00:24:27,149

remote viewing so I wanted look I want

533

00:24:33,169 --> 00:24:30,570

to believe Alana belief we're gonna need

534

00:24:35,690 --> 00:24:33,179

some you know clips people who did it

535

00:24:39,200 --> 00:24:35,700

you know firsthand like I need I need

536

00:24:40,759 --> 00:24:39,210

stuff like that I like the CIA stuff CIA

537

00:24:42,080 --> 00:24:40,769

lies all the time what if all this stuff

538

00:24:43,879 --> 00:24:42,090

is lies they dumped all the stuff I

539

00:24:46,190 --> 00:24:43,889

always dump all the live file everybody

540

00:24:48,200 --> 00:24:46,200

will believe this crap I think that's

541

00:24:50,149 --> 00:24:48,210

very valid point too I mean this could

542

00:24:52,840 --> 00:24:50,159

be a whole bunch of different this

543

00:24:56,029 --> 00:24:52,850

information and just a bunch of bunk

544

00:24:57,619 --> 00:24:56,039

very very possible i do believe they

545

00:24:59,119 --> 00:24:57,629

tried it i mean they were trying all

546

00:25:00,639 --> 00:24:59,129

kinds of things that's what the LSD

547

00:25:03,049 --> 00:25:00,649

stuff was all about and you know they

548

00:25:04,519 --> 00:25:03,059

and the Russians apparently we're doing

549

00:25:08,180 --> 00:25:04,529

stuff like that too weren't they like

550

00:25:10,820 --> 00:25:08,190

the remote viewing thing and is is sort

551

00:25:13,460 --> 00:25:10,830

of a cross-pollination of intelligence

552

00:25:14,899 --> 00:25:13,470

community people going to competing to

553

00:25:17,060 --> 00:25:14,909

do whales they're going to do it we're

554

00:25:19,909 --> 00:25:17,070

going to do it so we still have your

555

00:25:23,360 --> 00:25:19,919

head to do you know the CIA's purpose

556

00:25:25,490 --> 00:25:23,370

like what is there we're told me

557

00:25:27,139 --> 00:25:25,500

personally I yeah personally I feel like

558

00:25:28,879 --> 00:25:27,149

their purpose is to protect the banks

559

00:25:32,060 --> 00:25:28,889

and you know you look back at the

560

00:25:33,379 --> 00:25:32,070

history of the CIA was founded by mostly

561

00:25:35,539 --> 00:25:33,389

you know I mean it's like skull and

562

00:25:38,149 --> 00:25:35,549

bones and banker connected people and

563

00:25:40,159 --> 00:25:38,159

oil connected people it's all the petro

564

00:25:41,869 --> 00:25:40,169

dollar folks it's to protect the petro

565

00:25:43,940 --> 00:25:41,879

dollar that's the CIA is that's what

566

00:25:45,889 --> 00:25:43,950

they're doing for Hillary so they want a

567

00:25:47,539 --> 00:25:45,899

Hillary in because they wanted to build

568

00:25:49,610 --> 00:25:47,549

the pipeline through Syria and all these

569

00:25:50,869 --> 00:25:49,620

other places we can be Russian war we

570

00:25:53,119 --> 00:25:50,879

talked about this last week who would

571

00:25:55,519 --> 00:25:53,129

rather fight more yeah I mean they just

572

00:25:57,080 --> 00:25:55,529

they want to protect the petro dollar so

573

00:25:59,570 --> 00:25:57,090

here's what their purposes in mind you

574

00:26:02,629 --> 00:25:59,580

I'm not reading I'm only peering at this

575

00:26:05,930 --> 00:26:02,639

okay yes yes this is not reading yeah so

576

00:26:08,090 --> 00:26:05,940

uh why it doesn't sound like he knows

577

00:26:10,399 --> 00:26:08,100

how to read yeah because he's not really

578

00:26:12,769 --> 00:26:10,409

reading it yes according to words on

579

00:26:15,950 --> 00:26:12,779

glancing at the CIA's purpose is

580

00:26:18,350 --> 00:26:15,960

counterterrorism a non-polar federation

581

00:26:20,930 --> 00:26:18,360

of nuclear and other weapons of mass

582

00:26:22,879 --> 00:26:20,940

destruction warning and informing

583

00:26:25,999 --> 00:26:22,889

American leaders of important overseas

584

00:26:28,879 --> 00:26:26,009

events counterintelligence and cyber

585

00:26:31,009 --> 00:26:28,889

intelligence that's they're bucking

586

00:26:31,790 --> 00:26:31,019

bullet points right there they shouldn't

587

00:26:35,210 --> 00:26:31,800

be operating on

588

00:26:36,980 --> 00:26:35,220

soil that they have no mandate that in

589

00:26:39,740 --> 00:26:36,990

fact they're supposed to be excluded

590

00:26:42,110 --> 00:26:39,750

from operating on US soil and Jesse

591

00:26:44,930 --> 00:26:42,120

Ventura tells the story of how he won

592

00:26:46,850 --> 00:26:44,940

the governorship Minnesota he was

593

00:26:50,450 --> 00:26:46,860

visited by the CIA and they wanted to

594

00:26:54,860 --> 00:26:50,460

know how the hell he won yeah we do you

595

00:26:57,080 --> 00:26:54,870

say what do you care I cheated I can't

596

00:27:00,200 --> 00:26:57,090

get in Ryder Miyagi mr. Miyagi at the

597

00:27:02,180 --> 00:27:00,210

Russians Superfly Jimmy Snuka tag in he

598

00:27:08,240 --> 00:27:02,190

drop-kicked them I cook the chair won

599

00:27:11,180 --> 00:27:08,250

the race Jack Daggett I he was governor

600

00:27:11,890 --> 00:27:11,190

and a Navy SEAL mmm don't forget oh my

601

00:27:20,130 --> 00:27:11,900

for you

602

00:27:29,190 --> 00:27:20,780

you
