00:00:00,320 --> 00:00:06,970

[Applause]

2
00:00:11,450 --> 00:00:09,379

everyone in this audio segment I'm

3
00:00:14,240 --> 00:00:11,460

reading down the list that's supposed to

4
00:00:16,310 --> 00:00:14,250

give validity to the Hollow Earth theory

5
00:00:19,099 --> 00:00:16,320

but it comes across more as like a dis

6
00:00:22,939 --> 00:00:19,109

info article if you want full podcast

7
00:00:25,429 --> 00:00:22,949

episodes go to our big mouth com like

8
00:00:28,070 --> 00:00:25,439

and subscribe thanks for listening and I

9
00:00:30,410 --> 00:00:28,080

will talk to you soon well this is the

10
00:00:32,209 --> 00:00:30,420

top 10 strange reports about Hollow

11
00:00:34,250 --> 00:00:32,219

Earth Joe do not confuse people please

12
00:00:37,459 --> 00:00:34,260

oh yeah sorry

13
00:00:44,709 --> 00:00:37,469

number 10 holes in the poles

14

00:00:45,979 --> 00:00:44,719

that's right on that before yeah Joe

15

00:00:52,549 --> 00:00:45,989

sorry

16

00:00:54,920 --> 00:00:52,559

joke Jeff 1906 William breed published

17

00:00:56,959 --> 00:00:54,930

The Phantom of the poles in it the

18

00:00:58,549 --> 00:00:56,969

author produced what he felt was solid

19

00:01:01,189 --> 00:00:58,559

proof that the earth was actually Hollow

20

00:01:03,439 --> 00:01:01,199

inside in the newspaper interview mr.

21

00:01:06,109 --> 00:01:03,449

Reed said that the follow that the

22

00:01:08,929 --> 00:01:06,119

Hollow Earth theory was the most natural

23

00:01:12,700 --> 00:01:08,939

way to account for the flattening of the

24

00:01:15,440 --> 00:01:12,710

earth in the polar regions there we go

25

00:01:17,359 --> 00:01:15,450

okay yeah mr. Reed's book is now classic

26

00:01:20,630 --> 00:01:17,369

among those who believe in the

27

00:01:25,280 --> 00:01:20,640

possibility of the Hollow Earth theory

28

00:01:30,380 --> 00:01:25,290

how about that joke number nine icebergs

29

00:01:34,819 --> 00:01:30,390

from inside the earth one of the most

30

00:01:38,030 --> 00:01:34,829

bizarre theories from Hollow Earth and

31

00:01:41,899 --> 00:01:38,040

their believers was that icebergs come

32

00:01:45,139 --> 00:01:41,909

from the Inner Earth while it is hard to

33

00:01:47,660 --> 00:01:45,149

wrap one's head around the idea other

34

00:01:49,819 --> 00:01:47,670

William Reid claim that the idea made

35

00:01:52,429 --> 00:01:49,829

perfect sense icebergs he told the

36

00:01:55,389 --> 00:01:52,439

Sunday Times are formed inside the earth

37

00:01:59,870 --> 00:01:55,399

and come sailing out of the polar hole's

38

00:02:04,760 --> 00:01:59,880

passing round the edge in emerging in

39

00:02:11,420 --> 00:02:04,770

the ocean on the outside you can you

40

00:02:13,670 --> 00:02:11,430

visualize how this is done Joe no pipe

41

00:02:15,380 --> 00:02:13,680

yeah yeah it's like that

42

00:02:16,640 --> 00:02:15,390

I think Clem Labine Yoda was like a kind

43

00:02:19,490 --> 00:02:16,650

of like a Mario pipe

44

00:02:20,899 --> 00:02:19,500

scenario yeah it's on sorry hi it's just

45

00:02:27,250 --> 00:02:20,909

like what's it goes up it's just that

46

00:02:32,660 --> 00:02:27,260

there it is yeah okay number eight

47

00:02:34,849 --> 00:02:32,670

cellular cosmology by course 1908

48

00:02:36,800 --> 00:02:34,859

newspapers around the world we're

49

00:02:41,170 --> 00:02:36,810

discussing yet another Hollow Earth

50

00:02:44,630 --> 00:02:41,180

theory according to dr. Cyrus are teed

51
00:02:47,030 --> 00:02:44,640
we have been fooled by the scientists we

52
00:02:49,339 --> 00:02:47,040
do not live on the outer surface of the

53
00:02:51,619 --> 00:02:49,349
planet Earth in fact the earth is

54
00:02:54,649 --> 00:02:51,629
actually more like a cell and we are

55
00:02:58,190 --> 00:02:54,659
living on the inside of it mmm this

56
00:03:00,860 --> 00:02:58,200
inner world is all that there is now

57
00:03:03,440 --> 00:03:00,870
that exists outside our planetary cell

58
00:03:07,220 --> 00:03:03,450
the Sun is in the middle of the cell

59
00:03:09,199 --> 00:03:07,230
about 6,400 kilometers away

60
00:03:12,349 --> 00:03:09,209
that's about 4,000 miles to you and I

61
00:03:13,369 --> 00:03:12,359
Joe ice we should drive there someday

62
00:03:15,649 --> 00:03:13,379
take a road trip

63
00:03:17,960 --> 00:03:15,659

sure we could three atmospheres around

64

00:03:21,770 --> 00:03:17,970

the Sun including the one of hydrogen so

65

00:03:24,920 --> 00:03:21,780

we can't see the the fiery orb itself we

66

00:03:28,089 --> 00:03:24,930

merely see the local accumulation of the

67

00:03:32,210 --> 00:03:28,099

sun's energy which is approximately

68

00:03:33,890 --> 00:03:32,220

1,400 kilometers from us so we're if you

69

00:03:37,129 --> 00:03:33,900

can if you can think of us living on the

70

00:03:41,420 --> 00:03:37,139

inside of a beach ball we are on the on

71

00:03:43,879 --> 00:03:41,430

the I guess the the wall and then on the

72

00:03:45,920 --> 00:03:43,889

inside in the center of the beach ball

73

00:03:48,409 --> 00:03:45,930

would be the Sun and everything's much

74

00:03:50,390 --> 00:03:48,419

closer but I don't know how why we

75

00:03:51,890 --> 00:03:50,400

couldn't just see that you know with a

76
00:03:55,009 --> 00:03:51,900
powerful enough telescope we should be

77
00:03:56,330 --> 00:03:55,019
able to see the other side of the world

78
00:04:01,490 --> 00:03:56,340
and I don't know how this accounts for

79
00:04:03,069 --> 00:04:01,500
light and darkness now I mean they still

80
00:04:05,420 --> 00:04:03,079
haven't figured out how they turn the

81
00:04:07,909 --> 00:04:05,430
image upside down when it comes through

82
00:04:09,920 --> 00:04:07,919
your eye so you don't know this is

83
00:04:12,020 --> 00:04:09,930
totally legit dude alright well hey dude

84
00:04:14,750 --> 00:04:12,030
I'm just reading down the top 10 lists

85
00:04:17,659 --> 00:04:14,760
of strange reports about Hollow Earth

86
00:04:19,250 --> 00:04:17,669
that's what I'm doing sounds like flat

87
00:04:22,189 --> 00:04:19,260
earth and Hollow Earth kind of coming

88
00:04:23,960 --> 00:04:22,199

together I like it yeah it's I guess you

89

00:04:28,280 --> 00:04:23,970

can kind of mix those series together

90

00:04:30,590 --> 00:04:28,290

definitely number seven the center is in

91

00:04:33,170 --> 00:04:30,600

habited I like this one a lot because

92

00:04:35,240 --> 00:04:33,180

it's goes into a lot of other areas the

93

00:04:37,580 --> 00:04:35,250

idea of Hollow Earth was being discussed

94

00:04:40,660 --> 00:04:37,590

well before the 1900s a newspaper

95

00:04:44,270 --> 00:04:40,670

article from 1884 announced that of

96

00:04:47,690 --> 00:04:44,280

America's Sims was giving a lecture on

97

00:04:50,750 --> 00:04:47,700

his father's Hollow Earth theory his

98

00:04:52,340 --> 00:04:50,760

father John Cleves Symmes jr. had

99

00:04:54,290 --> 00:04:52,350

published a pamphlet in the early

100

00:04:56,120 --> 00:04:54,300

eighteen hundreds of scribing what it

101
00:05:00,350 --> 00:04:56,130
was like inside the earth John passed

102
00:05:02,540 --> 00:05:00,360
away in 1829 but America America's kept

103
00:05:05,420 --> 00:05:02,550
up with the alternative theory during

104
00:05:08,600 --> 00:05:05,430
the lecture America's gave the names of

105
00:05:10,850 --> 00:05:08,610
three men who had visited the inside of

106
00:05:12,610 --> 00:05:10,860
the earth met with people living there

107
00:05:16,270 --> 00:05:12,620
and discussed the language and

108
00:05:20,810 --> 00:05:16,280
agriculture of the inner world

109
00:05:24,140 --> 00:05:20,820
uh-huh but now I mean we go back to like

110
00:05:27,170 --> 00:05:24,150
things like missing for oh and one you

111
00:05:29,270 --> 00:05:27,180
know Hollow Earth comes up and like

112
00:05:32,600 --> 00:05:29,280
different different creatures that live

113
00:05:34,970 --> 00:05:32,610

within the earth are or theorized to

114

00:05:36,140 --> 00:05:34,980

come out and snatch humans and bring him

115

00:05:39,140 --> 00:05:36,150

into the underworld

116

00:05:42,920 --> 00:05:39,150

ba-baby did a very long segment not too

117

00:05:46,490 --> 00:05:42,930

long ago about Mel's whole and ha oh I

118

00:05:50,000 --> 00:05:46,500

love that whole know their holes and I

119

00:05:51,980 --> 00:05:50,010

like Mel saw like that entire series we

120

00:05:55,400 --> 00:05:51,990

did the synopsis climate we did a

121

00:05:56,480 --> 00:05:55,410

synopsis on it but it's all on a YouTube

122

00:05:58,460 --> 00:05:56,490

affront to listen to it art bell

123

00:06:01,220 --> 00:05:58,470

segments and even George nor Ann kaczka

124

00:06:03,770 --> 00:06:01,230

Sam did a whole hours and hours on Mel

125

00:06:06,910 --> 00:06:03,780

Sol and this relates to the Inner Earth

126

00:06:10,880 --> 00:06:06,920

thing and creatures living down there

127

00:06:12,080 --> 00:06:10,890

Joe's not a big fan of that I love all

128

00:06:14,090 --> 00:06:12,090

the creatures in the middle of the

129

00:06:16,610 --> 00:06:14,100

Hollow Earth they're my favorite ones

130

00:06:19,520 --> 00:06:16,620

and they taste delicious when you put

131

00:06:25,820 --> 00:06:19,530

them in the form of Nuggets all right

132

00:06:29,150 --> 00:06:25,830

fry them you very very close they're

133

00:06:34,310 --> 00:06:29,160

going to me ask penitentiary joke

134

00:06:37,460 --> 00:06:34,320

jail yeah well clown babies distracting

135

00:06:41,600 --> 00:06:37,470

me with his hilarious image of a chef

136

00:06:42,320 --> 00:06:41,610

shooting noodles is prey from the slack

137

00:06:44,300 --> 00:06:42,330

chat

138

00:06:46,070 --> 00:06:44,310

let me think what do you think about the

139

00:06:50,330 --> 00:06:46,080

the Hollow Earth theory and and

140

00:06:52,100 --> 00:06:50,340

everything I've said so far uh I mean

141

00:06:55,820 --> 00:06:52,110

it's it's very interesting

142

00:06:57,980 --> 00:06:55,830

that's I'd give it a 99.9 percent chance

143

00:06:59,689 --> 00:06:57,990

of not being true though okay this

144

00:07:02,869 --> 00:06:59,699

sounds like a little maybe a little

145

00:07:05,180 --> 00:07:02,879

far-fetched like probably not true well

146

00:07:07,189 --> 00:07:05,190

if those other four haven't really

147

00:07:08,629 --> 00:07:07,199

convinced you yet let's let's power run

148

00:07:11,180 --> 00:07:08,639

down the list here please we have six

149

00:07:12,920 --> 00:07:11,190

more to go right maybe maybe I'll change

150

00:07:23,390 --> 00:07:12,930

my opinion here yes please well see ya

151
00:07:28,249 --> 00:07:25,939
wait there seem like Globes you you had

152
00:07:30,439 --> 00:07:28,259
your house burger in a classroom since

153
00:07:32,930 --> 00:07:30,449
they are hollow someone making those

154
00:07:36,950 --> 00:07:32,940
gloves must know something in there for

155
00:07:41,089 --> 00:07:36,960
the earth is hollow that's quite amazing

156
00:07:42,499 --> 00:07:41,099
nothing but since well I mean I like

157
00:07:46,670 --> 00:07:42,509
that one I actually might use it on

158
00:07:47,870 --> 00:07:46,680
somebody bummed word Maya wanna my are

159
00:07:49,790 --> 00:07:47,880
hollowware shirt I got from

160
00:07:52,129 --> 00:07:49,800
what's-his-name's a fireside chat store

161
00:07:54,769 --> 00:07:52,139
that shirt I got so if someone brings it

162
00:07:59,830 --> 00:07:54,779
up to me like you believe in followers

163
00:08:06,769 --> 00:08:03,379

yeah you're open one that's right well

164

00:08:08,330 --> 00:08:06,779

maybe if I read down the reason here it

165

00:08:11,089 --> 00:08:08,340

might convince you a little bit more as

166

00:08:12,890 --> 00:08:11,099

the snootier scientists were snubbing

167

00:08:14,600 --> 00:08:12,900

the Hollow Earth theories mentioned in

168

00:08:16,640 --> 00:08:14,610

the newspaper some religious people who

169

00:08:18,890 --> 00:08:16,650

were wrapping their beliefs around the

170

00:08:22,999 --> 00:08:18,900

possibility of a Hollow Earth in an

171

00:08:26,689 --> 00:08:23,009

article from 1893 a commentator openly

172

00:08:28,580 --> 00:08:26,699

stated that God does nothing in vain and

173

00:08:31,640 --> 00:08:28,590

that it would make little sense for a

174

00:08:34,100 --> 00:08:31,650

deity to create the earth from a solid

175

00:08:36,439 --> 00:08:34,110

ball okay this okay just so far so good

176

00:08:39,350 --> 00:08:36,449

to drive his point home if the

177

00:08:42,620 --> 00:08:39,360

commentator asked would not the animals

178

00:08:45,980 --> 00:08:42,630

on earth be more solid at this at their

179

00:08:47,930 --> 00:08:45,990

center then their circumference instead

180

00:08:50,449 --> 00:08:47,940

of being strongly ribbed near the

181

00:08:53,180 --> 00:08:50,459

surface so as to support the greatest

182

00:08:56,000 --> 00:08:53,190

pressure leaving the cavity in the

183

00:08:58,520 --> 00:08:56,010

center capable of an act

184

00:09:02,390 --> 00:08:58,530

of operation doesn't it make sense to

185

00:09:04,700 --> 00:09:02,400

you so yes wouldn't make sense sense is

186

00:09:07,940 --> 00:09:04,710

having like nine genders and it like you

187

00:09:12,620 --> 00:09:07,950

would I so if there earth is solid in a

188

00:09:15,410 --> 00:09:12,630

molten core shouldn't we to have like a

189

00:09:19,910 --> 00:09:15,420

crusty exterior in like a molten solid

190

00:09:21,470 --> 00:09:19,920

heavy dense core - as humans if you come

191

00:09:22,970 --> 00:09:21,480

down to Austin I'll chop you up and

192

00:09:26,210 --> 00:09:22,980

we'll find out alright we'll figure it

193

00:09:30,590 --> 00:09:26,220

out figure it out nobody's buddy

194

00:09:35,660 --> 00:09:30,600

number five you up number five a solid

195

00:09:41,240 --> 00:09:35,670

earth is too heavy for orbit many of the

196

00:09:43,310 --> 00:09:41,250

men speaking what do you mean too heavy

197

00:09:45,290 --> 00:09:43,320

for orbit like it's gonna fall some kind

198

00:09:47,630 --> 00:09:45,300

of track let me explain you break our

199

00:09:48,470 --> 00:09:47,640

orbit let me let me explain this to you

200

00:09:50,600 --> 00:09:48,480

okay sorry

201
00:09:53,330 --> 00:09:50,610
many of the men speaking out in support

202
00:09:55,130 --> 00:09:53,340
of Hollow Earth felt that it was the

203
00:09:57,800 --> 00:09:55,140
only reasonable scientific conclusion as

204
00:10:00,650 --> 00:09:57,810
to how we were meaning orbit around the

205
00:10:04,400 --> 00:10:00,660
Sun for example George Epton gave a

206
00:10:05,750 --> 00:10:04,410
lecture in 1905 on his alternative

207
00:10:08,420 --> 00:10:05,760
theories about the earth according to

208
00:10:10,310 --> 00:10:08,430
him if the earth was not Hollow it would

209
00:10:14,840 --> 00:10:10,320
not be able to retain his position in

210
00:10:17,360 --> 00:10:14,850
space if sin also believed that there

211
00:10:20,420 --> 00:10:17,370
were large holes in the pole where

212
00:10:23,030 --> 00:10:20,430
sunlight entered and lit up the inner

213
00:10:26,800 --> 00:10:23,040

world to get inside he believed that all

214

00:10:30,470 --> 00:10:26,810

it would take is to descend into a large

215

00:10:33,140 --> 00:10:30,480

air carriage under the easy control of

216

00:10:34,610 --> 00:10:33,150

an operator and plunge yourself down

217

00:10:36,830 --> 00:10:34,620

through one of these holes much like a

218

00:10:39,050 --> 00:10:36,840

deep-sea diver with one of the like a

219

00:10:40,400 --> 00:10:39,060

bellows all that kind of stuff so you

220

00:10:42,590 --> 00:10:40,410

can put yourself get a helmet on

221

00:10:44,960 --> 00:10:42,600

yourself they'll throw you down one of

222

00:10:48,100 --> 00:10:44,970

the holes at the pole and you're in the

223

00:10:53,330 --> 00:10:48,110

underworld there you go who's this guy

224

00:10:56,600 --> 00:10:53,340

this is George Gibson his children Kelly

225

00:10:59,750 --> 00:10:56,610

scientist Charlie Kelly is that who it

226

00:11:01,730 --> 00:10:59,760

is no it's from Always Sunny but no I

227

00:11:03,260 --> 00:11:01,740

don't know yeah well whoever it is his

228

00:11:04,480 --> 00:11:03,270

children should be taken away from him

229

00:11:06,449 --> 00:11:04,490

okay I don't know

230

00:11:08,980 --> 00:11:06,459

the earth is just gonna fall out orbit

231

00:11:11,230 --> 00:11:08,990

could I need a minute now it's too heavy

232

00:11:13,060 --> 00:11:11,240

to crack like an egg its fart we're like

233

00:11:15,910 --> 00:11:13,070

we're like the yoki middle we're gonna

234

00:11:17,650 --> 00:11:15,920

be frying out in the Sun that doesn't

235

00:11:20,710 --> 00:11:17,660

exist somewhere in the middle of the I

236

00:11:23,019 --> 00:11:20,720

don't know this Suns is it's just it's

237

00:11:27,070 --> 00:11:23,029

literally the Sun is the two miles away

238

00:11:31,480 --> 00:11:27,080

from us that's why I can see it every

239

00:11:34,389 --> 00:11:31,490

day duh uh here's number four now the

240

00:11:38,470 --> 00:11:34,399

aurora borealis makes sense

241

00:11:40,360 --> 00:11:38,480

oh yes yes I it all in together please

242

00:11:42,730 --> 00:11:40,370

some of the scientific theories that

243

00:11:45,310 --> 00:11:42,740

came out of the early Nathan hunters

244

00:11:48,790 --> 00:11:45,320

were enough to make one's head spin for

245

00:11:50,590 --> 00:11:48,800

example the origin of the aurora

246

00:11:53,620 --> 00:11:50,600

borealis according to Hollywood

247

00:11:56,920 --> 00:11:53,630

theorists at that time the Aurora house

248

00:12:00,220 --> 00:11:56,930

was nothing more than fires reflected

249

00:12:02,139 --> 00:12:00,230

from the inside of the earth since the

250

00:12:05,230 --> 00:12:02,149

Inner Earth was full of crystals that

251
00:12:06,820 --> 00:12:05,240
reflected the light of the Sun into the

252
00:12:09,460 --> 00:12:06,830
hollow land it would only make sense

253
00:12:12,880 --> 00:12:09,470
that the fires from the people inside

254
00:12:16,120 --> 00:12:12,890
the earth would reflect Ord and up into

255
00:12:17,760 --> 00:12:16,130
the sky but since yep and says we only

256
00:12:21,130 --> 00:12:17,770
see typically the aurora borealis

257
00:12:23,949 --> 00:12:21,140
towards the northern or southern parts

258
00:12:26,980 --> 00:12:23,959
of the globe this would make sense that

259
00:12:29,740 --> 00:12:26,990
the interior people the people living on

260
00:12:33,550 --> 00:12:29,750
the inside of the earth making fires and

261
00:12:34,870 --> 00:12:33,560
watching TV that all that light would

262
00:12:37,170 --> 00:12:34,880
escape through the holes and be

263
00:12:40,780 --> 00:12:37,180

reflected on the atmosphere that we see

264

00:12:43,000 --> 00:12:40,790

mm-hmm whatever kind of TV shows they

265

00:12:45,010 --> 00:12:43,010

have in the interior do you think they

266

00:12:47,110 --> 00:12:45,020

have two and a Half Men still what is it

267

00:12:48,190 --> 00:12:47,120

what if it's the hot like instead of the

268

00:12:50,740 --> 00:12:48,200

Big Bang Theory is called like the

269

00:12:52,960 --> 00:12:50,750

Hollow Earth theory or stuff like that

270

00:12:56,350 --> 00:12:52,970

like we're still just as bad they just

271

00:13:01,389 --> 00:12:56,360

have opposite TV shows instead of happy

272

00:13:03,940 --> 00:13:01,399

days is this called bad days happen like

273

00:13:05,769 --> 00:13:03,950

this it's not family feud it's like

274

00:13:08,470 --> 00:13:05,779

family gatherings

275

00:13:10,240 --> 00:13:08,480

family togetherness they don't compete

276

00:13:13,180 --> 00:13:10,250

everything's opposite down there family

277

00:13:16,600 --> 00:13:13,190

reunion it's instead of Alf it would be

278

00:13:20,610 --> 00:13:16,610

a person like a human that I

279

00:13:26,350 --> 00:13:20,620

through the earth and wound up in yeah

280

00:13:28,060 --> 00:13:26,360

instead of instead of friends there's no

281

00:13:31,090 --> 00:13:28,070

perfect strangers it would be perfect

282

00:13:32,740 --> 00:13:31,100

yeah oats the work and Seinfeld would

283

00:13:35,350 --> 00:13:32,750

still be Seinfeld it would just be the

284

00:13:37,210 --> 00:13:35,360

bizarro Seinfeld where they are it would

285

00:13:41,500 --> 00:13:37,220

be it'd be Feldman and all those guys

286

00:13:44,069 --> 00:13:41,510

and then Jerry Seinfeld would come in on

287

00:13:47,800 --> 00:13:44,079

the bizarro episode of theirs mm-hmm

288

00:13:49,840 --> 00:13:47,810

okay number three number three we're

289

00:13:53,980 --> 00:13:49,850

gonna get here number three Germany

290

00:13:56,710 --> 00:13:53,990

believed in Hollow Earth not surprised

291

00:13:58,090 --> 00:13:56,720

well they believed in it yeah not

292

00:14:01,000 --> 00:13:58,100

surprisingly there are reports that

293

00:14:03,519 --> 00:14:01,010

Adolf Hitler in many other post World

294

00:14:05,470 --> 00:14:03,529

War two Germans believed in the Hollow

295

00:14:07,090 --> 00:14:05,480

Earth doctrine all sorts of crazy

296

00:14:09,190 --> 00:14:07,100

whispers on the internet state that

297

00:14:11,500 --> 00:14:09,200

Hitler escaped to the Hollow Earth and

298

00:14:14,710 --> 00:14:11,510

lived out his days in peace I hadn't

299

00:14:16,420 --> 00:14:14,720

heard that every day in Arctica I've

300

00:14:19,630 --> 00:14:16,430

heard Antarctica I've heard Argentina

301
00:14:21,310 --> 00:14:19,640
have heard Brazil nah I never American

302
00:14:24,340 --> 00:14:21,320
basically yes South America I didn't

303
00:14:26,650 --> 00:14:24,350
I've never heard that Hitler went to the

304
00:14:28,230 --> 00:14:26,660
Inner Earth I didn't hear that so maybe

305
00:14:32,410 --> 00:14:28,240
I'm missing something

306
00:14:34,660 --> 00:14:32,420
a Senate newspaper article from 1954

307
00:14:37,509 --> 00:14:34,670
claimed that Hitler adopted it along

308
00:14:40,389 --> 00:14:37,519
with the fortune-telling astrology and

309
00:14:43,800 --> 00:14:40,399
located in me ships by a pendulum

310
00:14:46,960 --> 00:14:43,810
swinging over a map is talking about the

311
00:14:49,150 --> 00:14:46,970
Hitler's crazy occultism and the whole

312
00:14:51,970 --> 00:14:49,160
Third Reich occultism at that point to

313
00:14:54,610 --> 00:14:51,980

lumping the Hollow Earth theory in with

314

00:14:57,430 --> 00:14:54,620

fortune-telling in astrology was a quick

315

00:15:01,480 --> 00:14:57,440

way to dismiss the validity of any

316

00:15:05,170 --> 00:15:01,490

theory okay number two still

317

00:15:06,460 --> 00:15:05,180

sought-after to this day people continue

318

00:15:10,180 --> 00:15:06,470

to believe in the possibility of a

319

00:15:13,180 --> 00:15:10,190

Hollow Earth in 2002 kousaka's am with

320

00:15:15,280 --> 00:15:13,190

art bell had a guest dallas thompson who

321

00:15:17,530 --> 00:15:15,290

had a near-death experience where

322

00:15:18,040 --> 00:15:17,540

knowledge came to him about the Hollow

323

00:15:20,110 --> 00:15:18,050

Earth

324

00:15:22,990 --> 00:15:20,120

Thompson explained but he planned on

325

00:15:29,020 --> 00:15:23,000

making an expedition to the hole in the

326

00:15:35,060 --> 00:15:32,540

that sounds like a kind of radius

327

00:15:37,970 --> 00:15:35,070

thought great radio stunts got a porno

328

00:15:38,930 --> 00:15:37,980

the hole in the pole go in call it

329

00:15:40,970 --> 00:15:38,940

number now I'm gonna take you to the

330

00:15:42,350 --> 00:15:40,980

hole in the pole yeah sounds like a

331

00:15:44,000 --> 00:15:42,360

wrestling event and they're giving ready

332

00:15:50,870 --> 00:15:44,010

tickets on the radio yes like a zoo yeah

333

00:15:53,330 --> 00:15:50,880

like a ladder match but sometime after

334

00:15:56,090 --> 00:15:53,340

publishing cosmic manuscript a book

335

00:15:58,730 --> 00:15:56,100

about his spiritual experience

336

00:16:01,900 --> 00:15:58,740

Thompson disappeared others believe in

337

00:16:05,360 --> 00:16:01,910

Hollow Earth have gone so far as to say

338

00:16:07,340 --> 00:16:05,370

that the mman and have gone so far as to

339

00:16:10,550 --> 00:16:07,350

move in Alaska being closer to the North

340

00:16:13,940 --> 00:16:10,560

Pole they hope they would lend them

341

00:16:16,720 --> 00:16:13,950

easier to finding an opening near the

342

00:16:22,610 --> 00:16:16,730

North Pole leading to Inner Earth okay

343

00:16:25,280 --> 00:16:22,620

and number one blame it on Haley we can

344

00:16:26,510 --> 00:16:25,290

blame the Hollow Earth theory on Edmund

345

00:16:29,480 --> 00:16:26,520

Haley the astronomer who discovered

346

00:16:31,820 --> 00:16:29,490

Halley's Comet actually might be Halle

347

00:16:36,110 --> 00:16:31,830

Halle or Halley's no it's Halley's comet

348

00:16:39,440 --> 00:16:36,120

Halley yeah Halley's Comet in 1672

349

00:16:41,960 --> 00:16:39,450

Halley wrote a theory that the earth was

350

00:16:44,750 --> 00:16:41,970

a series of shells we live on the outer

351
00:16:47,630 --> 00:16:44,760
shell under the crust comes the hollow

352
00:16:50,030 --> 00:16:47,640
space filled with air then the next

353
00:16:52,420 --> 00:16:50,040
shell another airspace another shell

354
00:16:55,760 --> 00:16:52,430
more air and finally the Earth's core

355
00:16:58,100 --> 00:16:55,770
Haley believed that there are three air

356
00:17:01,390 --> 00:16:58,110
spaces were capable of supporting life

357
00:17:03,590 --> 00:17:01,400
and we're lit up by continuous

358
00:17:06,500 --> 00:17:03,600
luminescent air you also believe that

359
00:17:10,310 --> 00:17:06,510
there that these inner earths were also

360
00:17:15,590 --> 00:17:10,320
inhabited by people and animals there

361
00:17:19,040 --> 00:17:15,600
you go the top ten reasons strange

362
00:17:23,440 --> 00:17:19,050
reports about Hollow Earth as we know it

363
00:17:31,130 --> 00:17:27,590

excuse me I mean I'm not I sorry but I'm

364

00:17:34,430 --> 00:17:31,140

not sold just I'm sold sold now this

365

00:17:37,760 --> 00:17:34,440

list feels like is a piece of just

366

00:17:38,900 --> 00:17:37,770

disinformation it yeah yeah I would

367

00:17:40,670 --> 00:17:38,910

definitely say that's probably more

368

00:17:42,290 --> 00:17:40,680

accurate this doesn't

369

00:17:45,560 --> 00:17:42,300

like this this seems like a list of

370

00:17:47,810 --> 00:17:45,570

I would have to they didn't

371

00:17:51,080 --> 00:17:47,820

even mention Mel's hole on here like

372

00:17:53,810 --> 00:17:51,090

actually compile a better list of more

373

00:17:58,100 --> 00:17:53,820

like likely stories that would lend you

374

00:18:00,500 --> 00:17:58,110

to at least questioning the possibility

375

00:18:02,390 --> 00:18:00,510

that there could be in inner earth or a

376

00:18:05,330 --> 00:18:02,400

creatures living on a Hollow Earth or at

377

00:18:07,340 --> 00:18:05,340

least large cavernous regions inside the

378

00:18:10,100 --> 00:18:07,350

earth that could support life this

379

00:18:12,650 --> 00:18:10,110

sounds like a bunch of disinfo to

380

00:18:14,270 --> 00:18:12,660

discredit Hollow Earth in its entirety I

381

00:18:18,110 --> 00:18:14,280

don't know if I believe in Hollow Earth

382

00:18:20,330 --> 00:18:18,120

but this list is bunch of primarily

383

00:18:24,140 --> 00:18:20,340

quoting stuff from the ninky nonk grids

384

00:18:27,410 --> 00:18:24,150

and didn't go too deep into Hitler and

385

00:18:28,940 --> 00:18:27,420

his in Arctic expedition or even going

386

00:18:31,310 --> 00:18:28,950

too deep into why Hitler believed that

387

00:18:35,360 --> 00:18:31,320

there's Hollow Earth this is total

388

00:18:38,000 --> 00:18:35,370

disinfo and but I thought entertaining

389

00:18:39,500 --> 00:18:38,010

enough and compelling enough that we

390

00:18:43,990 --> 00:18:39,510

could talk about it and it's good fodder

391

00:18:50,810 --> 00:18:48,410

yes I want you to sell me and hollower

392

00:18:53,060 --> 00:18:50,820

though was just sell me on Bigfoot or

393

00:18:56,780 --> 00:18:53,070

not because I guess that's what what

394

00:18:59,060 --> 00:18:56,790

happened we count our sold on gender we

395

00:19:03,080 --> 00:18:59,070

counter sold on Bigfoot and we counter

396

00:19:04,610 --> 00:19:03,090

sold on a Hollow Earth so look I maybe

397

00:19:08,900 --> 00:19:04,620

next week we'll come back with more

398

00:19:11,960 --> 00:19:08,910

concrete reasons about Hollow Earth this

399

00:19:13,700 --> 00:19:11,970

is not it right here but I think that's

400

00:19:16,010 --> 00:19:13,710

actually this is actually good for the

401
00:19:19,010 --> 00:19:16,020
podcast we're showing the ridiculous

402
00:19:21,710 --> 00:19:19,020
side of these paranormal beliefs and

403
00:19:23,870 --> 00:19:21,720
we'll come back around and with some

404
00:19:25,610 --> 00:19:23,880
more believable interesting stuff we've

405
00:19:28,090 --> 00:19:25,620
got to do both sides here guys we can't

406
00:19:32,540 --> 00:19:28,100
be just full-on down the rabbit hole

407
00:19:35,330 --> 00:19:32,550
24/7 no we do like holes but not always

408
00:19:37,760 --> 00:19:35,340
yeah we're not up holes in that there is

409
00:19:41,150 --> 00:19:37,770
a race for the holes to the pole you

410
00:19:43,250 --> 00:19:41,160
know whole pole pole holes yes give me

411
00:19:46,400 --> 00:19:43,260
give me the pole holes gotta pay the

412
00:19:47,830 --> 00:19:46,410
toll for the boys hole yes we're done

413
00:19:50,240 --> 00:19:47,840

with Mel baby

414

00:19:51,950 --> 00:19:50,250

all right there's gotta pay the Hollow

415

00:19:52,930 --> 00:19:51,960

Earth toll to get into this poles hole

416

00:20:00,330 --> 00:19:52,940

yes
