1  
00:00:00,320 --> 00:00:06,829  
[Applause]

2  
00:00:11,720 --> 00:00:08,419  
News hello and here is aerospace

3  
00:00:15,860 --> 00:00:11,730  
executive absolutely convinced there are

4  
00:00:18,140 --> 00:00:15,870  
aliens on earth and this was posted in

5  
00:00:19,880 --> 00:00:18,150  
the slash ad thank God for the flat chat

6  
00:00:22,670 --> 00:00:19,890  
if you want to join this give us an

7  
00:00:24,109 --> 00:00:22,680  
email as a our big DeMatha gmail.com and

8  
00:00:26,330 --> 00:00:24,119  
as much of the listeners in there

9  
00:00:30,939 --> 00:00:26,340  
sharing stories and curse to each other

10  
00:00:36,229 --> 00:00:30,949  
it is very fun offering dating of dice

11  
00:00:39,110 --> 00:00:36,239  
offering um a device that's probably not

12  
00:00:42,200 --> 00:00:39,120  
the best but tween us it's all good

13  
00:00:45,049 --> 00:00:42,210

though aerospace executive absolutely

14

00:00:47,720 --> 00:00:45,059

convinced there are aliens on earth in

15

00:00:50,930 --> 00:00:47,730

an eye-opening interview on 60 minutes

16

00:00:53,330 --> 00:00:50,940

Sunday night aerospace mogul and

17

00:00:57,020 --> 00:00:53,340

entrepreneur Roger Roger I'm sorry

18

00:00:59,119 --> 00:00:57,030

Robert Bigelow said he was absolutely

19

00:01:02,150 --> 00:00:59,129

convinced there were alien visitors on

20

00:01:04,759 --> 00:01:02,160

earth most of the segments focused on

21

00:01:06,260 --> 00:01:04,769

how NASA in the Las Vegas-based Bigelow

22

00:01:09,170 --> 00:01:06,270

Aerospace are in a partnership to

23

00:01:11,570 --> 00:01:09,180

develop an expandable spacecraft for

24

00:01:13,640 --> 00:01:11,580

humans to use in space Piccolo's

25

00:01:15,440 --> 00:01:13,650

far-reaching vision vision puts him

26

00:01:17,359 --> 00:01:15,450

right in the middle of a new

27

00:01:20,719 --> 00:01:17,369

privatization of space a race that

28

00:01:24,010 --> 00:01:20,729

includes billionaire Elon Musk and Jeff

29

00:01:26,630 --> 00:01:24,020

Bezos is there proof for any of this

30

00:01:28,510 --> 00:01:26,640

what do you mean I love the idea that

31

00:01:34,370 --> 00:01:28,520

sounds great

32

00:01:36,649 --> 00:01:34,380

well I um well he they have a video here

33

00:01:38,450 --> 00:01:36,659

about how his spacecraft works but I'm

34

00:01:41,149 --> 00:01:38,460

more concerned about why he believes

35

00:01:42,530 --> 00:01:41,159

aliens are on earth yeah why are they on

36

00:01:45,649 --> 00:01:42,540

how does he know and where are they

37

00:01:48,249 --> 00:01:45,659

building the spacecraft I know well

38

00:01:52,370 --> 00:01:48,259

here's a here's a little excerpt between

39

00:01:55,569 --> 00:01:52,380

Logan and the interviewer and Bigelow

40

00:01:58,660 --> 00:01:55,579

and Logan asked do you believe in aliens

41

00:02:02,870 --> 00:01:58,670

I'm absolutely convinced that's all

42

00:02:07,730 --> 00:02:02,880

there is to it do you believe that UFOs

43

00:02:10,609 --> 00:02:07,740

have come to earth there has been and is

44

00:02:12,470 --> 00:02:10,619

in existing presence and et presence I

45

00:02:13,610 --> 00:02:12,480

spent millions and millions and millions

46

00:02:16,670 --> 00:02:13,620

I promise

47

00:02:19,070 --> 00:02:16,680

and more than an individual but any more

48

00:02:23,360 --> 00:02:19,080

than any individual has in the United

49

00:02:25,039 --> 00:02:23,370

States on this subject is it risky for

50

00:02:28,280 --> 00:02:25,049

you to say in public that you believe in

51  
00:02:32,270 --> 00:02:28,290  
UFOs and aliens I don't give a damn I

52  
00:02:34,729 --> 00:02:32,280  
don't care you don't worry that some

53  
00:02:38,330 --> 00:02:34,739  
people will say did you hear that guy he

54  
00:02:39,830 --> 00:02:38,340  
sounds like he's crazy I don't care it's

55  
00:02:42,220 --> 00:02:39,840  
not going to make a difference it's not

56  
00:02:44,990 --> 00:02:42,230  
going to change reality or what I know

57  
00:02:49,309 --> 00:02:45,000  
wow this guy's convinced even this guy

58  
00:02:53,390 --> 00:02:49,319  
is a billionaire building space run

59  
00:02:56,020 --> 00:02:53,400  
material space craft for NASA so this

60  
00:02:59,240 --> 00:02:56,030  
guy bill an area is actively making

61  
00:03:00,740 --> 00:02:59,250  
spacecraft for NASA believes UFOs and

62  
00:03:01,509 --> 00:03:00,750  
aliens are here what does he know that

63  
00:03:04,190 --> 00:03:01,519

we don't

64

00:03:07,220 --> 00:03:04,200

and I think haven't we seen like a

65

00:03:10,009 --> 00:03:07,230

bajillion stories of dead astronauts are

66

00:03:12,259 --> 00:03:10,019

dying astronauts who kind of admit in

67

00:03:14,000 --> 00:03:12,269

their late stages of life that they're

68

00:03:16,490 --> 00:03:14,010

like oh [h\_\_\h] yeah we saw him all the

69

00:03:18,879 --> 00:03:16,500

time yeah there's an Edgar Mitchell will

70

00:03:21,229 --> 00:03:18,889

go on record about it

71

00:03:23,120 --> 00:03:21,239

Bigelow wouldn't elaborate and what kind

72

00:03:25,400 --> 00:03:23,130

of results that he had achieved from his

73

00:03:28,729 --> 00:03:25,410

well-funded UFO research I don't know

74

00:03:34,220 --> 00:03:28,739

about his well-funded research in fact I

75

00:03:36,229 --> 00:03:34,230

probably should look that up but when

76  
00:03:38,330 --> 00:03:36,239  
asked if he thought the future space

77  
00:03:39,979 --> 00:03:38,340  
missions will result in any encounters

78  
00:03:43,309 --> 00:03:39,989  
between humans and aliens Bigelow said

79  
00:03:47,809 --> 00:03:43,319  
you don't have to go anywhere it's just

80  
00:03:50,210 --> 00:03:47,819  
like right under people's noses Wow too

81  
00:03:53,420 --> 00:03:50,220  
many awesome what does he know why is he

82  
00:03:54,619 --> 00:03:53,430  
so confident in his response I love the

83  
00:03:57,039 --> 00:03:54,629  
idea that there's like the

84  
00:03:59,240 --> 00:03:57,049  
shape-shifting or sort of aliens or

85  
00:04:01,069 --> 00:03:59,250  
walking among us like maybe they're

86  
00:04:02,900 --> 00:04:01,079  
interdimensional or who the hell knows

87  
00:04:05,390 --> 00:04:02,910  
what he's talking about but I just love

88  
00:04:07,939 --> 00:04:05,400

that he's just so anybody who's that

89

00:04:11,539 --> 00:04:07,949

confident and somebody some thing is

90

00:04:14,240 --> 00:04:11,549

either crazy or unafraid to speak his

91

00:04:16,370 --> 00:04:14,250

mind so here's a clip our bolt house and

92

00:04:18,710 --> 00:04:16,380

government still has a role because is

93

00:04:21,259 --> 00:04:18,720

still in a sort of embryonic stage and

94

00:04:23,779 --> 00:04:21,269

there will come a time when it's not

95

00:04:26,360 --> 00:04:23,789

necessary at all and the commercial

96

00:04:28,640 --> 00:04:26,370

world will absolutely be the leader

97

00:04:31,610 --> 00:04:28,650

for everything in space but what about

98

00:04:34,670 --> 00:04:31,620

the idea of national pride and what we

99

00:04:36,170 --> 00:04:34,680

do as nations of of Neil Armstrong walk

100

00:04:39,310 --> 00:04:36,180

and job dude

101

00:04:43,370 --> 00:04:39,320

Jesus can you pause it right there I

102

00:04:48,050 --> 00:04:43,380

just find where who is that what is this

103

00:04:50,719 --> 00:04:48,060

Network this is a CBS 60 minutes so what

104

00:04:53,570 --> 00:04:50,729

about national pride what a dumb [h\_\_\h]

105

00:04:56,900 --> 00:04:53,580

question what a dumb [h\_\_\h] question

106

00:05:00,020 --> 00:04:56,910

like oh we did it as Americans on earth

107

00:05:02,120 --> 00:05:00,030

what about like as Earthlings we figured

108

00:05:03,560 --> 00:05:02,130

out how to get into space and interact

109

00:05:05,780 --> 00:05:03,570

with other species

110

00:05:07,879 --> 00:05:05,790

oh [h\_\_\h] is wrong with this person why

111

00:05:09,350 --> 00:05:07,889

does it matter which nation does it or

112

00:05:12,680 --> 00:05:09,360

if there's an actual pride issue you

113

00:05:15,200 --> 00:05:12,690

should be human pride it should be die

114

00:05:16,730 --> 00:05:15,210

it shouldn't matter what nation does it

115

00:05:20,270 --> 00:05:16,740

they should only matter than us as

116

00:05:22,129 --> 00:05:20,280

humans together one of us hopefully a

117

00:05:25,430 --> 00:05:22,139

group of us can leave the planet

118

00:05:28,460 --> 00:05:25,440

colonize and continue on and create a

119

00:05:30,140 --> 00:05:28,470

better future for everyone so that we

120

00:05:31,879 --> 00:05:30,150

could get away from all these people who

121

00:05:34,159 --> 00:05:31,889

are so focused on nationality and

122

00:05:35,659 --> 00:05:34,169

ideology and race and all this other

123

00:05:37,340 --> 00:05:35,669

[h\_\_h] let's get the fudge I don't want to

124

00:05:39,050 --> 00:05:37,350

be around this shoot anymore and the CBS

125

00:05:42,500 --> 00:05:39,060

reporter should be fired immediately

126  
00:05:44,150 --> 00:05:42,510  
well this finishes up private company he

127  
00:05:46,339 --> 00:05:44,160  
did that for the United States of

128  
00:05:48,529 --> 00:05:46,349  
America and it meant something you bet

129  
00:05:50,300 --> 00:05:48,539  
it did and that created a period of

130  
00:05:53,570 --> 00:05:50,310  
inspiration that hasn't been masked ever

131  
00:05:56,690 --> 00:05:53,580  
since so now we're looking for a new era

132  
00:05:58,760 --> 00:05:56,700  
that says all right how can we now shape

133  
00:06:02,150 --> 00:05:58,770  
this to where it's more accessible for a

134  
00:06:04,610 --> 00:06:02,160  
lot more folks at a lot less cost and

135  
00:06:08,029 --> 00:06:04,620  
still have safety and reliability at the

136  
00:06:11,120 --> 00:06:08,039  
same time I I agree with them and in

137  
00:06:12,740 --> 00:06:11,130  
this article in this article Bigelow if

138  
00:06:15,230 --> 00:06:12,750

there's a little bit different

139

00:06:17,719 --> 00:06:15,240

background on him he described a UFO

140

00:06:20,120 --> 00:06:17,729

encounter his grandparents had on an

141

00:06:22,219 --> 00:06:20,130

undisclosed date while driving on a

142

00:06:25,219 --> 00:06:22,229

canyon road outside Las Vegas he said it

143

00:06:26,750 --> 00:06:25,229

really sped up and came right into their

144

00:06:30,290 --> 00:06:26,760

face and filled up their entire

145

00:06:31,969 --> 00:06:30,300

windshield of their car it took off at a

146

00:06:34,310 --> 00:06:31,979

right angle and shot off into the

147

00:06:37,240 --> 00:06:34,320

distance total reporter

148

00:06:39,410 --> 00:06:37,250

Laura Logan they began he could begin an

149

00:06:42,380 --> 00:06:39,420

obsession with him with you

150

00:06:44,830 --> 00:06:42,390

was an alien's and the reason behind the

151  
00:06:47,240 --> 00:06:44,840  
his alien logo for Bigelow Aerospace

152  
00:06:52,460 --> 00:06:47,250  
this guy is passionate about this and I

153  
00:06:56,960 --> 00:06:52,470  
know actually I had a call a dare to go

154  
00:07:01,460 --> 00:06:56,970  
from a listener in the UK he contacted

155  
00:07:04,340 --> 00:07:01,470  
me and he had his own stories about UFO

156  
00:07:05,480 --> 00:07:04,350  
encounters and it I'm still trying to

157  
00:07:07,760 --> 00:07:05,490  
figure out what to do with the auto or

158  
00:07:10,610 --> 00:07:07,770  
if we have him on the program again but

159  
00:07:13,910 --> 00:07:10,620  
he experienced a lot of tragedy has some

160  
00:07:17,690 --> 00:07:13,920  
very interesting footage I talked with

161  
00:07:21,320 --> 00:07:17,700  
them he was very convincing in detail

162  
00:07:23,780 --> 00:07:21,330  
this guy very smart

163  
00:07:25,820 --> 00:07:23,790

you can tell what he does with his life

164

00:07:27,140 --> 00:07:25,830

takes a lot of intelligence I don't

165

00:07:31,820 --> 00:07:27,150

think he's giving me some kind of put on

166

00:07:34,250 --> 00:07:31,830

and so what he told me a lot of tragedy

167

00:07:38,960 --> 00:07:34,260

with his lip with the child he had and

168

00:07:41,300 --> 00:07:38,970

an older relative and when so Bigelow

169

00:07:44,750 --> 00:07:41,310

recounting that his grandparents

170

00:07:46,400 --> 00:07:44,760

encountered UFO aliens and and listening

171

00:07:49,400 --> 00:07:46,410

to the conversation I had with this

172

00:07:51,530 --> 00:07:49,410

person the phone from the UK is that my

173

00:07:55,010 --> 00:07:51,540

understanding with UFO and alien

174

00:07:57,110 --> 00:07:55,020

encounters is sometimes we one person in

175

00:07:59,180 --> 00:07:57,120

the family or one generation encounters

176

00:08:01,370 --> 00:07:59,190

UFO it's more likely that the next

177

00:08:03,530 --> 00:08:01,380

generation will also encounter a UFO and

178

00:08:05,270 --> 00:08:03,540

a it's almost like if they are an alien

179

00:08:08,330 --> 00:08:05,280

presence that they keep track of a

180

00:08:10,130 --> 00:08:08,340

lineage a bloodline and that mrs. parrot

181

00:08:12,260 --> 00:08:10,140

not necessarily random encounters and

182

00:08:15,740 --> 00:08:12,270

now you could say the same thing about

183

00:08:19,070 --> 00:08:15,750

black people and dogs you know like yeah

184

00:08:20,960 --> 00:08:19,080

back in the you know 60s and everything

185

00:08:24,920 --> 00:08:20,970

else like black people were torment with

186

00:08:26,450 --> 00:08:24,930

dogs and now people are you know people

187

00:08:28,280 --> 00:08:26,460

in the black community is in our

188

00:08:30,380 --> 00:08:28,290

experience have this irrational fear of

189

00:08:32,090 --> 00:08:30,390

dogs we walk our dog past black people

190

00:08:34,130 --> 00:08:32,100

they're all freaking out welcome by any

191

00:08:36,350 --> 00:08:34,140

other race don't mean to be racist I'm

192

00:08:38,300 --> 00:08:36,360

the same so you could you could also

193

00:08:41,750 --> 00:08:38,310

raise your kids to believe aliens or

194

00:08:43,760 --> 00:08:41,760

everywhere yeah I'm very rich er all in

195

00:08:45,530 --> 00:08:43,770

this uh this little segment with with

196

00:08:48,800 --> 00:08:45,540

this last little bit from this article

197

00:08:51,580 --> 00:08:48,810

that big elope this guy from Bigelow

198

00:08:54,280 --> 00:08:51,590

Aerospace the business guru

199

00:08:56,560 --> 00:08:54,290

guru also revealed being a subscriber to

200

00:08:58,450 --> 00:08:56,570

the widely held conspiracy theory that

201  
00:09:01,000 --> 00:08:58,460  
the US government and others across the

202  
00:09:03,850 --> 00:09:01,010  
globe know that aliens are here on earth

203  
00:09:05,700 --> 00:09:03,860  
and even interact with them but is all

204  
00:09:09,190 --> 00:09:05,710  
kept top secret secret from the public

205  
00:09:12,400 --> 00:09:09,200  
amid fears over the impact it would have

206  
00:09:13,510 --> 00:09:12,410  
on religion and the rule of law I don't

207  
00:09:18,040 --> 00:09:13,520  
buy that anymore

208  
00:09:20,800 --> 00:09:18,050  
I think people if it's there and it's

209  
00:09:22,060 --> 00:09:20,810  
real I don't think the Google's of

210  
00:09:23,380 --> 00:09:22,070  
religion is going to be affected that

211  
00:09:24,490 --> 00:09:23,390  
much in the rule all is always going to

212  
00:09:28,300 --> 00:09:24,500  
be there because people don't want to be

213  
00:09:31,090 --> 00:09:28,310

shot over marshal where is the wait are

214

00:09:32,830 --> 00:09:31,100

they making the argument that if people

215

00:09:35,070 --> 00:09:32,840

are aware of this stuff like it's just

216

00:09:37,090 --> 00:09:35,080

going to pull the whole thing down

217

00:09:39,310 --> 00:09:37,100

possibly I think it all has to

218

00:09:40,660 --> 00:09:39,320

technology interacted with aliens has

219

00:09:42,610 --> 00:09:40,670

got to do with technology has got to do

220

00:09:46,600 --> 00:09:42,620

with free technology has got it's got to

221

00:09:49,690 --> 00:09:46,610

do with economics changing technology

222

00:09:51,040 --> 00:09:49,700

and destroying fossil fuel and we're

223

00:09:51,580 --> 00:09:51,050

talking about some pretty serious [h\_\_\h]

224

00:09:53,800 --> 00:09:51,590

here

225

00:09:55,450 --> 00:09:53,810

I don't know I'm one of those more of

226

00:09:58,090 --> 00:09:55,460

the bands pull the band-aid off type

227

00:09:59,020 --> 00:09:58,100

people rather than take it off slow I am

228

00:10:01,240 --> 00:09:59,030

too

229

00:10:02,590 --> 00:10:01,250

at this point I definitely am so what

230

00:10:04,270 --> 00:10:02,600

are they hiding it this is real what of

231

00:10:06,400 --> 00:10:04,280

this guy now he spent he spent millions

232

00:10:08,530 --> 00:10:06,410

on UFO research and I talked like

233

00:10:10,810 --> 00:10:08,540

WikiLeaks kind of pisses me off for this

234

00:10:12,220 --> 00:10:10,820

reason where it's like well I guess they

235

00:10:14,380 --> 00:10:12,230

do want to bet it and make sure that

236

00:10:15,970 --> 00:10:14,390

it's not fake and ever think so they

237

00:10:17,710 --> 00:10:15,980

probably do have some kind of a process

238

00:10:19,390 --> 00:10:17,720

but for people like Kim comm who are

239

00:10:21,910 --> 00:10:19,400

like oh I have the evidence and all this

240

00:10:23,830 --> 00:10:21,920

she put it out there dude just stop I

241

00:10:25,690 --> 00:10:23,840

don't know like what are you afraid of

242

00:10:28,210 --> 00:10:25,700

you already said a bunch of stuff that

243

00:10:30,400 --> 00:10:28,220

would get you into trouble so just put

244

00:10:33,070 --> 00:10:30,410

it out there who cares yeah I mean no

245

00:10:34,630 --> 00:10:33,080

reason you got the screenshots yeah the

246

00:10:35,620 --> 00:10:34,640

only reason you would announce something

247

00:10:37,780 --> 00:10:35,630

before you do is because you want to

248

00:10:40,840 --> 00:10:37,790

become a celebrity because you want

249

00:10:43,810 --> 00:10:40,850

extra attention that's it if you care

250

00:10:45,010 --> 00:10:43,820

about the information and the result of

251

00:10:47,650 --> 00:10:45,020

people reading it then just put it out

252

00:10:49,960 --> 00:10:47,660

there and then Jennifer yeah that's what

253

00:10:53,140 --> 00:10:49,970

I want to I want to know like if there

254

00:10:55,330 --> 00:10:53,150

is a I again I'm I don't know you're

255

00:10:56,620 --> 00:10:55,340

probably not that that religious I'm not

256

00:10:58,540 --> 00:10:56,630

that religious it's not going to bother

257

00:11:01,360 --> 00:10:58,550

me one way or another in fact I I want

258

00:11:03,130 --> 00:11:01,370

to believe that there are very Mulder on

259

00:11:04,860 --> 00:11:03,140

this issue I want to believe that

260

00:11:06,870 --> 00:11:04,870

there's something else

261

00:11:09,030 --> 00:11:06,880

better happening out there than you know

262

00:11:11,040 --> 00:11:09,040

fighting about who's more Isis than the

263

00:11:12,420 --> 00:11:11,050

other here on this planet because if

264

00:11:14,640 --> 00:11:12,430

that's all we can do with our species

265

00:11:16,290 --> 00:11:14,650

and [h\_\_h] me you know I'm not to be on

266

00:11:18,870 --> 00:11:16,300

another planet by myself I don't give a

267

00:11:21,540 --> 00:11:18,880

[h\_\_h] I'm not super religious me I grew

268

00:11:24,530 --> 00:11:21,550

up in a religious household I probably

269

00:11:28,650 --> 00:11:24,540

went to church every Sunday until age 12

270

00:11:29,940 --> 00:11:28,660

I'd like to believe I'm spiritual um in

271

00:11:32,340 --> 00:11:29,950

some fashion

272

00:11:34,590 --> 00:11:32,350

I'm more into following your intuition

273

00:11:37,079 --> 00:11:34,600

and a little bit of spirituality a

274

00:11:39,030 --> 00:11:37,089

little bit of you know astrology I think

275

00:11:43,680 --> 00:11:39,040

it's there's all something to it and

276

00:11:45,210 --> 00:11:43,690

it's a big big melting pot of things

277

00:11:46,350 --> 00:11:45,220

that I believe I there I think there's

278

00:11:47,670 --> 00:11:46,360

something bigger I think there's a

279

00:11:50,519 --> 00:11:47,680

bigger consciousness out there I just

280

00:11:52,079 --> 00:11:50,529

don't know what it is I don't I don't

281

00:11:54,650 --> 00:11:52,089

know if the fire and brimstone stuff

282

00:11:57,630 --> 00:11:54,660

that that we learned in in church I

283

00:12:00,450 --> 00:11:57,640

don't know as you share about that

284

00:12:01,680 --> 00:12:00,460

you're willing to go on record to say I

285

00:12:03,030 --> 00:12:01,690

don't know [h\_\_h] yeah I'll go on record

286

00:12:09,480 --> 00:12:03,040

and say I don't know [h\_\_h] about [h\_\_h]

287

00:12:14,730 --> 00:12:09,490

there you go yeah hey me too so when it

288

00:12:15,960 --> 00:12:14,740

comes to this idea that aliens could be

289

00:12:18,300 --> 00:12:15,970

here they could be interacting with the

290

00:12:20,250 --> 00:12:18,310

US government it could be doing whatever

291

00:12:22,050 --> 00:12:20,260

and they don't want to release the

292

00:12:23,940 --> 00:12:22,060

information I believe because of

293

00:12:26,070 --> 00:12:23,950

Technology because a very interesting

294

00:12:28,710 --> 00:12:26,080

technology that could change the way the

295

00:12:30,449 --> 00:12:28,720

the whole entire global economy works

296

00:12:32,550 --> 00:12:30,459

what happens if fossil fuels are no

297

00:12:33,960 --> 00:12:32,560

longer necessary well that's a big

298

00:12:37,410 --> 00:12:33,970

[h\_\_h] billion dollar a year industry

299

00:12:39,150 --> 00:12:37,420

if not hop multi-billion dollar year

300

00:12:41,210 --> 00:12:39,160

industry for all the oil companies

301  
00:12:44,820 --> 00:12:41,220  
combined I don't want to give up that

302  
00:12:46,590 --> 00:12:44,830  
that sweet sweet loot I think that's the

303  
00:12:47,850 --> 00:12:46,600  
biggest thing keeping any of this stuff

304  
00:12:50,730 --> 00:12:47,860  
on anybody

305  
00:12:52,710 --> 00:12:50,740  
is that the just I mean just let's look

306  
00:12:54,360 --> 00:12:52,720  
at what happened to pewdiepie let's look

307  
00:12:56,160 --> 00:12:54,370  
at what's happening to some of the

308  
00:12:57,930 --> 00:12:56,170  
biggest youtubers right now they're

309  
00:13:01,620 --> 00:12:57,940  
being attacked by some of the biggest

310  
00:13:04,980 --> 00:13:01,630  
mainstream journalists you know and and

311  
00:13:06,960 --> 00:13:04,990  
news outlets if you want to call them

312  
00:13:09,030 --> 00:13:06,970  
that I mean they're making fools of

313  
00:13:11,760 --> 00:13:09,040

themselves to anybody who's younger than

314

00:13:13,740 --> 00:13:11,770

35 years old Wall Street Journal goes

315

00:13:15,390 --> 00:13:13,750

after PewDiePie calls him a Nazi says

316

00:13:17,780 --> 00:13:15,400

he's a hater and a racist and all this

317

00:13:20,840 --> 00:13:17,790

stuff I think anybody who

318

00:13:23,480 --> 00:13:20,850

is a fan of beauty by can watch this guy

319

00:13:25,520 --> 00:13:23,490

and go umm what's wrong with The Wall

320

00:13:29,000 --> 00:13:25,530

Street Journal yeah I don't think they

321

00:13:31,010 --> 00:13:29,010

understand jokes exactly and and what

322

00:13:33,650 --> 00:13:31,020

are they afraid of they might have to

323

00:13:36,160 --> 00:13:33,660

change their business model and not just

324

00:13:38,780 --> 00:13:36,170

repeat what the CIA is telling them to

325

00:13:42,020 --> 00:13:38,790

well what would you think would happen

326

00:13:43,940 --> 00:13:42,030

to a person who accidentally stumble

327

00:13:46,460 --> 00:13:43,950

Khan is stumbled upon some kind of

328

00:13:50,480 --> 00:13:46,470

revolutionary technology that could

329

00:13:52,490 --> 00:13:50,490

fundamentally undermine fossil-fuel they

330

00:13:55,220 --> 00:13:52,500

would per se would shut that down an

331

00:13:57,680 --> 00:13:55,230

email cost as a threatened elder

332

00:13:59,510 --> 00:13:57,690

watering our right the water car guy and

333

00:14:02,360 --> 00:13:59,520

all these other things even Tom Hanks

334

00:14:04,490 --> 00:14:02,370

was bragging about the electric car yeah

335

00:14:07,490 --> 00:14:04,500

what thirty years ago or something on

336

00:14:09,110 --> 00:14:07,500

then it crushed all those and it was all

337

00:14:11,450 --> 00:14:09,120

over that too he put a whole documentary

338

00:14:13,370 --> 00:14:11,460

called who killed the electric car um

339

00:14:15,500 --> 00:14:13,380

because it kind of leads me into oh my

340

00:14:18,350 --> 00:14:15,510

god my fight my keyboard though oh my

341

00:14:21,470 --> 00:14:18,360

god oh god

342

00:14:24,890 --> 00:14:21,480

everybody please hold on just anybody a

343

00:14:28,780 --> 00:14:24,900

nurse are dying I was 12 years old

344

00:14:32,270 --> 00:14:28,790

Oh at least the band never mind I have

345

00:14:36,620 --> 00:14:32,280

some clips here from a documentary

346

00:14:38,720 --> 00:14:36,630

called the geocell Oh God don't make

347

00:14:41,300 --> 00:14:38,730

this about me everything's about me no

348

00:14:46,100 --> 00:14:41,310

it's not about you Joe this is just

349

00:14:47,750 --> 00:14:46,110

incredible information Joe this is this

350

00:14:49,400 --> 00:14:47,760

is about this this little half an out

351  
00:14:51,860 --> 00:14:49,410  
half-hour documentary on YouTube is

352  
00:14:56,450 --> 00:14:51,870  
about some Australian redneck who

353  
00:14:59,630 --> 00:14:56,460  
happened to come up with this device

354  
00:15:02,300 --> 00:14:59,640  
this canister of water put together in

355  
00:15:03,890 --> 00:15:02,310  
the series of tubes with magnetics

356  
00:15:07,730 --> 00:15:03,900  
placed in a certain way that is able to

357  
00:15:12,170 --> 00:15:07,740  
power a car without any gas and without

358  
00:15:14,720 --> 00:15:12,180  
any water loss only through this release

359  
00:15:16,550 --> 00:15:14,730  
of only when I can call some kind of

360  
00:15:19,430 --> 00:15:16,560  
magnetic interaction that he was able to

361  
00:15:20,780 --> 00:15:19,440  
generate I have some clips here and

362  
00:15:22,760 --> 00:15:20,790  
there's a whole documentary up this is

363  
00:15:25,640 --> 00:15:22,770

about free energy now this is about this

364

00:15:26,850 --> 00:15:25,650

weird technology that has been stumbled

365

00:15:29,850 --> 00:15:26,860

across

366

00:15:31,920 --> 00:15:29,860

and I'll play this right now for you

367

00:15:33,960 --> 00:15:31,930

it's called you look up on YouTube is

368

00:15:35,820 --> 00:15:33,970

called the story of the geocell I

369

00:15:37,680 --> 00:15:35,830

recommend everyone watch it's only 25

370

00:15:41,160 --> 00:15:37,690

minutes a half-hour towards your time is

371

00:15:43,620 --> 00:15:41,170

very interesting the Joe Sal slang given

372

00:15:46,290 --> 00:15:43,630

to a special plentiful hydrogen fuel

373

00:15:48,810 --> 00:15:46,300

cell this fuel cell is said to allow for

374

00:15:54,120 --> 00:15:48,820

any device an engine on the planet to

375

00:15:56,430 --> 00:15:54,130

run 92 we thought a VA robot from the

376

00:15:59,870 --> 00:15:56,440

rigors petrol of that stage was 40%

377

00:16:02,520 --> 00:15:59,880

ilysm covered always tells the truth

378

00:16:05,460 --> 00:16:02,530

they said the petrol never ever exceed

379

00:16:08,370 --> 00:16:05,470

forty two centuries one week later after

380

00:16:09,630 --> 00:16:08,380

we have the color on the road is 1853

381

00:16:11,820 --> 00:16:09,640

and rising quickly

382

00:16:13,920 --> 00:16:11,830

I just went grab this stainless steel

383

00:16:16,470 --> 00:16:13,930

from the scrap yards through it all

384

00:16:18,600 --> 00:16:16,480

together into some weird order I don't

385

00:16:20,130 --> 00:16:18,610

even know why how are you on a Friday

386

00:16:22,740 --> 00:16:20,140

afternoon which was my son's birthday

387

00:16:25,320 --> 00:16:22,750

the 9th of October I threw it onto a car

388

00:16:26,790 --> 00:16:25,330

this was on the road they said now I

389

00:16:31,650 --> 00:16:26,800

didn't hook it up to the carburetor to

390

00:16:34,370 --> 00:16:31,660

the intake I don't even know why I put

391

00:16:37,110 --> 00:16:34,380

it where I put it but it ended up going

392

00:16:41,220 --> 00:16:37,120

hooking a plane straight water through

393

00:16:44,670 --> 00:16:41,230

the neutral place onto head exchange on

394

00:16:46,800 --> 00:16:44,680

the n79 rover sd1 3,500 not feeling

395

00:16:49,050 --> 00:16:46,810

gifted juice Cobra disconnected all feel

396

00:16:51,450 --> 00:16:49,060

lines all the feel everything else

397

00:16:54,410 --> 00:16:51,460

disconnect them not less them on pull

398

00:16:57,030 --> 00:16:54,420

them all off keep the key dancing around

399

00:16:58,920 --> 00:16:57,040

alright so that kind of sets up what to

400

00:17:04,949 --> 00:16:58,930

say he doesn't know why he built what he

401  
00:17:09,030 --> 00:17:04,959  
built but it somehow works and this next

402  
00:17:11,010 --> 00:17:09,040  
clip kind of explains this Joe sell a

403  
00:17:13,740 --> 00:17:11,020  
little bit more in detail honey I hate

404  
00:17:17,280 --> 00:17:13,750  
keep using your name Joe but you're a

405  
00:17:18,570 --> 00:17:17,290  
very big part of this uh salt Oh God you

406  
00:17:22,270 --> 00:17:18,580  
got some very important cells over there

407  
00:17:28,820 --> 00:17:25,280  
the Joe Sal has used by its creator

408  
00:17:30,650 --> 00:17:28,830  
takes quite a tangent from logic rather

409  
00:17:33,440 --> 00:17:30,660  
than feeding the hydrogen into the

410  
00:17:35,510 --> 00:17:33,450  
carburetor tightly Stoppard at the end

411  
00:17:38,750 --> 00:17:35,520  
and inserted into a piece of protective

412  
00:17:41,780 --> 00:17:38,760  
tube his engine is tuned into the Joe

413  
00:17:44,390 --> 00:17:41,790

cell frequency allowing it to run on a

414

00:17:47,330 --> 00:17:44,400

universal power some calls zero-point

415

00:17:50,180 --> 00:17:47,340

energy however the scientific community

416

00:17:51,770 --> 00:17:50,190

call it pure fantasy and never the twain

417

00:17:53,530 --> 00:17:51,780

shall meet

418

00:17:56,630 --> 00:17:53,540

[Music]

419

00:17:59,420 --> 00:17:56,640

we're doing is setting up a frequency

420

00:18:02,450 --> 00:17:59,430

generator you see new things there for

421

00:18:04,480 --> 00:18:02,460

something what tunes in the vehicle and

422

00:18:07,050 --> 00:18:04,490

makes it run

423

00:18:09,390 --> 00:18:07,060

[Music]

424

00:18:11,310 --> 00:18:09,400

[Applause]

425

00:18:12,990 --> 00:18:11,320

Hey

426

00:18:15,810 --> 00:18:13,000

the car that runs on water is not

427

00:18:18,420 --> 00:18:15,820

actually running on water running on the

428

00:18:23,580 --> 00:18:18,430

Liturgy created by the water that's the

429

00:18:25,770 --> 00:18:23,590

way I get I use water can't possibly be

430

00:18:29,720 --> 00:18:25,780

running water because the outlet from

431

00:18:32,400 --> 00:18:29,730

the cell is connected to a dead end I

432

00:18:34,470 --> 00:18:32,410

didn't understand why the vehicle seemed

433

00:18:36,630 --> 00:18:34,480

to start and run perfectly when nobody

434

00:18:39,930 --> 00:18:36,640

else seems to be able heated this stuff

435

00:18:42,890 --> 00:18:39,940

works very strangely so I just went over

436

00:18:45,630 --> 00:18:42,900

D different cars probably 20 to 30 cars

437

00:18:49,440 --> 00:18:45,640

so this guy doesn't know why works he's

438

00:18:51,090 --> 00:18:49,450

just Australian redneck and he stumbled

439

00:18:54,930 --> 00:18:51,100

across the technology he hooked it up

440

00:18:58,260 --> 00:18:54,940

his car it works and he doesn't know why

441

00:19:00,030 --> 00:18:58,270

um isn't there's no water loss there's

442

00:19:02,130 --> 00:19:00,040

no like it's like they're getting

443

00:19:04,410 --> 00:19:02,140

pumping something out of the water

444

00:19:06,930 --> 00:19:04,420

that's gonna cause the water to lose

445

00:19:09,450 --> 00:19:06,940

mass it's just somehow

446

00:19:11,640 --> 00:19:09,460

however he constructed this device

447

00:19:14,280 --> 00:19:11,650

there's some kind of frequency and

448

00:19:16,320 --> 00:19:14,290

magnetic interaction that produces well

449

00:19:20,040 --> 00:19:16,330

it's I would get I would assume it's

450

00:19:21,540 --> 00:19:20,050

working on separate as an atomizer or

451  
00:19:23,730 --> 00:19:21,550  
something that you've got hydrogen

452  
00:19:27,270 --> 00:19:23,740  
you've got oxygen both of them are

453  
00:19:29,820 --> 00:19:27,280  
combustible separating them would be

454  
00:19:35,480 --> 00:19:29,830  
very difficult hydrogen we know though

455  
00:19:40,980 --> 00:19:38,070  
insert forms can be very flammable now

456  
00:19:43,710 --> 00:19:40,990  
it is the fuel of fire so you could

457  
00:19:46,650 --> 00:19:43,720  
literally have no output by igniting

458  
00:19:49,140 --> 00:19:46,660  
hydrogen but there's no near impossible

459  
00:19:51,030 --> 00:19:49,150  
there's no no ignition this guy they

460  
00:19:52,680 --> 00:19:51,040  
disconnected all the hoses all

461  
00:19:55,740 --> 00:19:52,690  
everything there's no there's no fire

462  
00:19:57,990 --> 00:19:55,750  
involved when you see this thing it

463  
00:20:00,030 --> 00:19:58,000

literally got a canister with the tube

464

00:20:01,680 --> 00:20:00,040

hooked up to his energy engine starts

465

00:20:03,540 --> 00:20:01,690

he's had other people driving he's

466

00:20:07,080 --> 00:20:03,550

giving it away to some people to test

467

00:20:09,000 --> 00:20:07,090

it's gone nowhere academia doesn't want

468

00:20:12,480 --> 00:20:09,010

anything to do with it because in their

469

00:20:16,650 --> 00:20:12,490

mind is impossible and this guy just

470

00:20:17,850 --> 00:20:16,660

Liam has a free car like no gas doesn't

471

00:20:18,630 --> 00:20:17,860

pay for gasoline motor doesn't work has

472

00:20:21,300 --> 00:20:18,640

to worry about it

473

00:20:22,980 --> 00:20:21,310

and you think about it you know 70% of

474

00:20:25,380 --> 00:20:22,990

our planet is made

475

00:20:28,950 --> 00:20:25,390

or is water it's not made out of water

476

00:20:30,740 --> 00:20:28,960

is water mr. service so if he has one

477

00:20:34,830 --> 00:20:30,750

little canister here can you imagine how

478

00:20:37,080 --> 00:20:34,840

much that would undermine the fossil

479

00:20:39,299 --> 00:20:37,090

fuel industry the electric industry any

480

00:20:41,490 --> 00:20:39,309

to everything well let's think about it

481

00:20:45,690 --> 00:20:41,500

it's called the petro dollar for a

482

00:20:47,640 --> 00:20:45,700

reason yeah you can't have free energy

483

00:20:49,620 --> 00:20:47,650

you can't have solar power you can't

484

00:20:51,240 --> 00:20:49,630

have wind power and this is not a right

485

00:20:54,510 --> 00:20:51,250

or left issue to go back to what we were

486

00:20:55,470 --> 00:20:54,520

talking about earlier both Democrats and

487

00:20:57,690 --> 00:20:55,480

Republicans

488

00:21:00,960 --> 00:20:57,700

I mean got to Nevada they want to raise

489

00:21:03,090 --> 00:21:00,970

is a solar panel pricing like 60 80

490

00:21:05,760 --> 00:21:03,100

percent tax rates or some crazy [h\_\_h]

491

00:21:07,200 --> 00:21:05,770

I can't remember what it was but and and

492

00:21:09,150 --> 00:21:07,210

you know a lot of those folks out there

493

00:21:11,450 --> 00:21:09,160

Democrats you know letting hookers run

494

00:21:16,169 --> 00:21:11,460

around that's fine I like hookers Gary

495

00:21:17,730 --> 00:21:16,179

but Dyke they're all against getting rid

496

00:21:21,660 --> 00:21:17,740

of the petro dollar because of course

497

00:21:24,150 --> 00:21:21,670

that would make America less hegemonic I

498

00:21:26,370 --> 00:21:24,160

don't know I mean I don't know what that

499

00:21:29,100 --> 00:21:26,380

would mean I well there has to be a

500

00:21:30,870 --> 00:21:29,110

fundamental change in what we want as a

501  
00:21:32,790 --> 00:21:30,880  
human race

502  
00:21:34,260 --> 00:21:32,800  
do we want to always keep doing the same

503  
00:21:36,150 --> 00:21:34,270  
thing over and over again do we always

504  
00:21:38,430 --> 00:21:36,160  
want to be divided you all we always

505  
00:21:40,860 --> 00:21:38,440  
want to be right or are you willing to

506  
00:21:43,260 --> 00:21:40,870  
humble yourself and say you know what

507  
00:21:46,610 --> 00:21:43,270  
what I once believed might not be

508  
00:21:49,680 --> 00:21:46,620  
correct so let's try a new way ask a

509  
00:21:51,690 --> 00:21:49,690  
billionaire that asked a billionaire hey

510  
00:21:53,400 --> 00:21:51,700  
the way I've been making money off the

511  
00:21:55,830 --> 00:21:53,410  
military-industrial complex and all

512  
00:21:58,020 --> 00:21:55,840  
these little brides right and left by

513  
00:21:59,520 --> 00:21:58,030

the way I people people tend to think

514

00:22:02,280 --> 00:21:59,530

like oh it's only Republicans who do it

515

00:22:04,230 --> 00:22:02,290

now everybody's in it um yeah they would

516

00:22:07,169 --> 00:22:04,240

all have to go yeah I'm gonna have to

517

00:22:13,169 --> 00:22:07,179

forego my what is like man not Nancy

518

00:22:17,490 --> 00:22:13,179

Pelosi but um John McCain and Feinstein

519

00:22:19,710 --> 00:22:17,500

they both became like double digit what

520

00:22:20,850 --> 00:22:19,720

is it millionaires billionaires probably

521

00:22:22,290 --> 00:22:20,860

probably probably they're nine

522

00:22:24,000 --> 00:22:22,300

billionaire serve millionaires and they

523

00:22:26,790 --> 00:22:24,010

Congress people should not be

524

00:22:28,890 --> 00:22:26,800

millionaires by by way of beating

525

00:22:31,320 --> 00:22:28,900

Congress they've been in Congress for

526

00:22:33,900 --> 00:22:31,330

several yeah you know for what decades

527

00:22:35,980 --> 00:22:33,910

yeah 40 years on there since the

528

00:22:38,680 --> 00:22:35,990

seventeen hundred's

529

00:22:41,870 --> 00:22:38,690

he fought in the Revolutionary War

530

00:22:43,940 --> 00:22:41,880

that's right and so like you know these

531

00:22:47,360 --> 00:22:43,950

people is like public servicemen

532

00:22:48,830 --> 00:22:47,370

I [h\_\_h] dick get the [h\_\_h] out of there

533

00:22:52,490 --> 00:22:48,840

you know their food they don't give up

534

00:22:53,870 --> 00:22:52,500

on the iron they don't care about the

535

00:22:56,299 --> 00:22:53,880

world population with them the American

536

00:22:57,529 --> 00:22:56,309

people this young and they don't care

537

00:22:58,970 --> 00:22:57,539

about pollution they don't care about

538

00:23:00,769 --> 00:22:58,980

global warming and they don't care about

539

00:23:01,159 --> 00:23:00,779

energy or fossil fuels or any of that

540

00:23:03,440 --> 00:23:01,169

[h\_\_\h]

541

00:23:05,870 --> 00:23:03,450

and I'll wrap up this free energy

542

00:23:08,690 --> 00:23:05,880

segment with with this last little clip

543

00:23:11,419 --> 00:23:08,700

here about other people who have

544

00:23:15,820 --> 00:23:11,429

stumbled across incredible technology

545

00:23:19,700 --> 00:23:15,830

and what has happened to them Stan Meyer

546

00:23:23,110 --> 00:23:19,710

we first heard about him in the early

547

00:23:26,289 --> 00:23:23,120

90s he had a Volkswagen dune buggy

548

00:23:31,750 --> 00:23:26,299

operating on a fuel cell 100% efficiency

549

00:23:36,850 --> 00:23:31,760

so I went over to visit him and see his

550

00:23:40,159 --> 00:23:36,860

Factory in Columbus Ohio he not only had

551  
00:23:45,350 --> 00:23:40,169  
cars and buses running on this fuel cell

552  
00:23:47,870 --> 00:23:45,360  
he actually had a commander 13 seat jet

553  
00:23:50,210 --> 00:23:47,880  
the Stan Meyer said he wasn't too afraid

554  
00:23:52,220 --> 00:23:50,220  
of the powers that be and he was going

555  
00:23:54,799 --> 00:23:52,230  
to go ahead and develop his fuel cells

556  
00:23:56,690 --> 00:23:54,809  
anyway especially since he had

557  
00:24:00,980 --> 00:23:56,700  
discovered the frequency which would

558  
00:24:04,519 --> 00:24:00,990  
slip water easily but unfortunately he

559  
00:24:06,139 --> 00:24:04,529  
was eating in a restaurant he got up he

560  
00:24:08,360 --> 00:24:06,149  
said I've been poisoned he walked

561  
00:24:11,210 --> 00:24:08,370  
outside he's keeled over and he died but

562  
00:24:14,330 --> 00:24:11,220  
in two years we had lost three major

563  
00:24:16,730 --> 00:24:14,340

inventors we lost Bruce DePalma we lost

564

00:24:22,549 --> 00:24:16,740

family Meier and we lost you old brown

565

00:24:27,500 --> 00:24:22,559

so even to this day this fuel cell

566

00:24:31,879 --> 00:24:27,510

research is not strictly legal and not

567

00:24:34,720 --> 00:24:31,889

allowed to come out there go Wow cloning

568

00:24:37,820 --> 00:24:34,730

right there not even that surprising

569

00:24:40,850 --> 00:24:37,830

yeah you know what I would appreciate if

570

00:24:41,870 --> 00:24:40,860

you went and visited with his family or

571

00:24:44,710 --> 00:24:41,880

something like that if he was out there

572

00:24:47,330 --> 00:24:44,720

and see how true this you think it is I

573

00:24:49,700 --> 00:24:47,340

do tend to believe this I do tend to

574

00:24:50,029 --> 00:24:49,710

believe I mean when you go back far

575

00:24:54,350 --> 00:24:50,039

enough

576

00:24:57,260 --> 00:24:54,360

the CIA is an instrument of the banking

577

00:24:58,940 --> 00:24:57,270

and military industrial complex so these

578

00:25:00,680 --> 00:24:58,950

people will do everything they can

579

00:25:02,930 --> 00:25:00,690

because it's all based on hegemony if

580

00:25:04,460 --> 00:25:02,940

you played the game risk this is

581

00:25:05,870 --> 00:25:04,470

basically the intelligence network of

582

00:25:08,690 --> 00:25:05,880

the game risk it's all very cartoonish

583

00:25:11,960 --> 00:25:08,700

in the board game these people they they

584

00:25:14,750 --> 00:25:11,970

find great ways to murder people and

585

00:25:16,340 --> 00:25:14,760

goddamn doesn't surprise me this is a

586

00:25:18,680 --> 00:25:16,350

really good segment this is very

587

00:25:21,169 --> 00:25:18,690

informative web so there's a lot of

588

00:25:23,360 --> 00:25:21,179

money to be made off the status quo

589

00:25:24,740 --> 00:25:23,370

keeping things kinda where they are so

590

00:25:26,149 --> 00:25:24,750

it's very predictable so you know how

591

00:25:28,340 --> 00:25:26,159

people are going to react you know that

592

00:25:29,330 --> 00:25:28,350

you're you have a guarantee that hey X

593

00:25:33,440 --> 00:25:29,340

amount of people are going to buy this

594

00:25:35,360 --> 00:25:33,450

amount of gas every [h\_\_h] week and you

595

00:25:38,330 --> 00:25:35,370

can make good projections on that you

596

00:25:40,340 --> 00:25:38,340

can make investments out that so why not

597

00:25:44,419 --> 00:25:40,350

keep everything the same in supress

598

00:25:47,389 --> 00:25:44,429

technology so humanity it will never be

599

00:25:49,630 --> 00:25:47,399

elevated so you won't have poor people

600

00:25:53,250 --> 00:25:49,640

have free energy if you have free

601  
00:25:56,950 --> 00:25:53,260  
or I was missus a energy that costs

602  
00:25:59,169 --> 00:25:56,960  
1/100 of what a cost right now then they

603  
00:26:01,510 --> 00:25:59,179  
might have more money for education or

604  
00:26:04,030 --> 00:26:01,520  
food is what you're doing is you're

605  
00:26:06,250 --> 00:26:04,040  
taking away a vice from them you might

606  
00:26:09,190 --> 00:26:06,260  
not need handouts and the government yes

607  
00:26:10,360 --> 00:26:09,200  
exactly it so they might not have to

608  
00:26:12,400 --> 00:26:10,370  
rely on somebody else

609  
00:26:15,280 --> 00:26:12,410  
they accent this suppression of this

610  
00:26:18,789 --> 00:26:15,290  
kind of technology is preventing people

611  
00:26:19,900 --> 00:26:18,799  
from being free and so the 40 yet

612  
00:26:23,560 --> 00:26:19,910  
they're forced to do it in some other

613  
00:26:25,720 --> 00:26:23,570

ways and therefore to lash out we saw

614

00:26:27,880 --> 00:26:25,730

this though like we we talked about a

615

00:26:30,730 --> 00:26:27,890

little bit earlier with the YouTube

616

00:26:33,010 --> 00:26:30,740

stuff but if people who are as old as

617

00:26:37,060 --> 00:26:33,020

you and I are can think I don't know

618

00:26:40,150 --> 00:26:37,070

what your app I'm seventeen dude you are

619

00:26:43,060 --> 00:26:40,160

I am 17 euro seventy year old I love you

620

00:26:44,890 --> 00:26:43,070

durability by alright I'm a seminar so

621

00:26:46,210 --> 00:26:44,900

yeah we talked about PewDiePie Mike and

622

00:26:49,409 --> 00:26:46,220

I are the same age he's actually a

623

00:26:53,140 --> 00:26:49,419

little older by the way anyway

624

00:26:56,159 --> 00:26:53,150

we were we're young enough old enough I

625

00:26:59,909 --> 00:26:56,169

don't know how you was it to remember

626

00:27:04,060 --> 00:26:59,919

what a resistance there was for the

627

00:27:06,549 --> 00:27:04,070

record label industry to go after and

628

00:27:10,150 --> 00:27:06,559

and and and basically the distribution

629

00:27:13,299 --> 00:27:10,160

network for music to go after mp3s

630

00:27:15,970 --> 00:27:13,309

remember when mp3 started to be to gain

631

00:27:18,669 --> 00:27:15,980

popularity it started to look like the

632

00:27:20,409 --> 00:27:18,679

business this model of selling tapes and

633

00:27:23,470 --> 00:27:20,419

CDs because they were still selling

634

00:27:25,060 --> 00:27:23,480

tapes by the way CDs I think is a little

635

00:27:30,100 --> 00:27:25,070

more believable but they were still

636

00:27:32,289 --> 00:27:30,110

selling tapes and CDs when mp3s started

637

00:27:37,330 --> 00:27:32,299

to become popular and the record labels

638

00:27:39,400 --> 00:27:37,340

crashed and violently opposed anything

639

00:27:40,960 --> 00:27:39,410

that looked like oh my god you're just

640

00:27:43,690 --> 00:27:40,970

going to be able to get this at any

641

00:27:48,280 --> 00:27:43,700

moment and you can get one song at a

642

00:27:50,350 --> 00:27:48,290

time really yeah this is like horror for

643

00:27:52,419 --> 00:27:50,360

them and how many businesses there are a

644

00:27:54,450 --> 00:27:52,429

ton of different didn't Capitol Records

645

00:27:57,130 --> 00:27:54,460

go out of business fighting this [h\_\_h] a

646

00:27:58,960 --> 00:27:57,140

lot of records I mean the property issue

647

00:28:00,520 --> 00:27:58,970

is yeah they think they suffered some

648

00:28:01,700 --> 00:28:00,530

losses I think Capitol Records is still

649

00:28:04,490 --> 00:28:01,710

there in some fashion

650

00:28:06,380 --> 00:28:04,500

definitely back how long but um the

651  
00:28:08,990 --> 00:28:06,390  
issue is we're still spending money on

652  
00:28:11,690 --> 00:28:09,000  
music so where are those money going I

653  
00:28:14,120 --> 00:28:11,700  
mean you still spend money on music I

654  
00:28:15,830 --> 00:28:14,130  
still buy me but you're afraid that they

655  
00:28:17,990 --> 00:28:15,840  
weren't going to buy the tapes in the

656  
00:28:19,880 --> 00:28:18,000  
CDs anymore sure they were like oh are

657  
00:28:24,230 --> 00:28:19,890  
they going to buy these mp3s and it's

658  
00:28:25,610 --> 00:28:24,240  
like yeah like they'll still buy on like

659  
00:28:27,920 --> 00:28:25,620  
you just have to make it a bit but they

660  
00:28:29,690 --> 00:28:27,930  
were like well no I I don't know if you

661  
00:28:32,360 --> 00:28:29,700  
remember this is the early 2000s and

662  
00:28:35,570 --> 00:28:32,370  
when iTunes was talking about oh we're

663  
00:28:37,940 --> 00:28:35,580

gonna you know sell mp3s online and they

664

00:28:41,570 --> 00:28:37,950

were like well you can't sell em P then

665

00:28:43,850 --> 00:28:41,580

you could only play Apple music on the

666

00:28:47,540 --> 00:28:43,860

Apple music player and all is done and

667

00:28:49,430 --> 00:28:47,550

and it was like a whole thing and I

668

00:28:52,010 --> 00:28:49,440

could Steve Jobs a lot of credit for

669

00:28:55,130 --> 00:28:52,020

this because he was like look we'll put

670

00:29:01,010 --> 00:28:55,140

a you know we'll put a digital rights

671

00:29:02,840 --> 00:29:01,020

management code inside of the file so

672

00:29:07,220 --> 00:29:02,850

that these things can only be played on

673

00:29:09,050 --> 00:29:07,230

our devices so we want to have - Steve

674

00:29:10,970 --> 00:29:09,060

Jobs was literally a pioneer in this day

675

00:29:12,890 --> 00:29:10,980

and he does deserve some credit because

676

00:29:14,180 --> 00:29:12,900

he was able to convince some of the

677

00:29:17,690 --> 00:29:14,190

record companies and some of the biggest

678

00:29:20,210 --> 00:29:17,700

labels to say in in you to whatever you

679

00:29:22,340 --> 00:29:20,220

think about him like we'll we'll protect

680

00:29:24,050 --> 00:29:22,350

it you can just put it out on our thing

681

00:29:25,850 --> 00:29:24,060

and no one else can play it because you

682

00:29:28,130 --> 00:29:25,860

did and then they made converters and

683

00:29:29,300 --> 00:29:28,140

all this other [h\_\_\h] but it's the same

684

00:29:32,060 --> 00:29:29,310

thing as everything else it's like

685

00:29:34,550 --> 00:29:32,070

blu-ray you know like oh it's uncopyable

686

00:29:37,580 --> 00:29:34,560

yeah up until someone copies it like all

687

00:29:39,770 --> 00:29:37,590

this [h\_\_\h] gets released somehow oh and

688

00:29:41,540 --> 00:29:39,780

these businesses these failure

689

00:29:43,940 --> 00:29:41,550

businesses these oil industries these

690

00:29:47,630 --> 00:29:43,950

record labels all these [h\_\_\h]

691

00:29:49,850 --> 00:29:47,640

are just hanging on to these [h\_\_\h]

692

00:29:51,800 --> 00:29:49,860

business models that really just keep

693

00:29:56,150 --> 00:29:51,810

humanity back and it's the same thing

694

00:29:59,120 --> 00:29:56,160

that keeps water technology from fuel

695

00:30:01,300 --> 00:29:59,130

bling our vehicles back yes all the same

696

00:30:04,700 --> 00:30:01,310

[h\_\_\h] it is it's the same in town a

697

00:30:08,660 --> 00:30:04,710

resistance to change a resistance of

698

00:30:10,010 --> 00:30:08,670

just accepting wow this is better um we

699

00:30:11,870 --> 00:30:10,020

should start using it we should we

700

00:30:13,560 --> 00:30:11,880

should embrace it but no that's not how

701

00:30:16,980 --> 00:30:13,570

businesses work businesses

702

00:30:19,650 --> 00:30:16,990

this change in all cost people resist

703

00:30:21,840 --> 00:30:19,660

change it's human named model here

704

00:30:24,810 --> 00:30:21,850

yeah people resist change people are not

705

00:30:27,480 --> 00:30:24,820

open to these ideas the people and it's

706

00:30:28,890 --> 00:30:27,490

very difficult to tell somebody hey

707

00:30:32,370 --> 00:30:28,900

you're fired

708

00:30:35,850 --> 00:30:32,380

there's a big change you know it's a big

709

00:30:38,040 --> 00:30:35,860

[h\_\_\h] change to say intersected no oh

710

00:30:39,420 --> 00:30:38,050

my god this is why Jeff is not on the

711

00:30:41,010 --> 00:30:39,430

show today is because you're let you're

712

00:30:48,090 --> 00:30:41,020

letting me go at the end of the show no

713

00:30:48,480 --> 00:30:48,100

no no I'm [\h\_\_h] damn I know that's what I

714

00:30:50,340 --> 00:30:48,490

do

715

00:30:51,840 --> 00:30:50,350

Thanks no I'm I'm saying people are

716

00:30:54,900 --> 00:30:51,850

resistant to changes human nature to

717

00:30:56,610 --> 00:30:54,910

resist change and it is even rarer to

718

00:30:57,960 --> 00:30:56,620

embrace it but there's a better

719

00:31:00,870 --> 00:30:57,970

technology there's something going on

720

00:31:03,060 --> 00:31:00,880

and they're obviously willing to kill

721

00:31:06,540 --> 00:31:03,070

people too and billions of dollars is

722

00:31:10,800 --> 00:31:06,550

definitely enough money to kill people

723

00:31:14,550 --> 00:31:10,810

people kill people over bikes

724

00:31:16,410 --> 00:31:14,560

Playstations fuse anything so yeah if

725

00:31:18,420 --> 00:31:16,420

you if you don't think that a presidency

726

00:31:19,980 --> 00:31:18,430

or billion dollars is enough to kill

727

00:31:22,910 --> 00:31:19,990

over reason I think you're [h\_\_h]

728

00:31:25,830 --> 00:31:22,920

fooling yourself it absolutely is

729

00:31:29,220 --> 00:31:25,840

segmented that was highly I mean I love

730

00:31:31,790 --> 00:31:29,230

that that was all encompassing try to

731

00:31:34,350 --> 00:31:31,800

try to wrap it all around a little bit

732

00:31:35,910 --> 00:31:34,360

but it is that time - showed you a guy

733

00:31:37,680 --> 00:31:35,920

we gotta get some headlines here please

734

00:31:38,970 --> 00:31:37,690

daddy we've got to get out of here a

735

00:31:42,180 --> 00:31:38,980

little bit maybe a little bit of

736

00:31:42,640 --> 00:31:42,190

shortest route but this I'll go to some

737

00:31:48,470 --> 00:31:42,650

news

738

00:31:50,970 --> 00:31:48,480

[Music]

739

00:31:54,030 --> 00:31:50,980

it's like Indyk I'm going to do it just
