

THE PENNSYLVANIA GARGOYLES

**PARENTAL
ADVISORY
EXPLICITCONTENT**

1
00:00:00,320 --> 00:00:05,410
[Applause]

2
00:00:05,420 --> 00:00:11,230
and we are now going to transition into

3
00:00:27,410 --> 00:00:23,689
monsters talking about them welcome back

4
00:00:29,269 --> 00:00:27,420
to monsters talking about them probably

5
00:00:31,429 --> 00:00:29,279
not recycled edition but I found this

6
00:00:33,080 --> 00:00:31,439
one that I haven't I typed up a while

7
00:00:35,270 --> 00:00:33,090
ago and just put on the back burner I

8
00:00:37,670 --> 00:00:35,280
think I tried to do it in a Saturday

9
00:00:41,150 --> 00:00:37,680
show once and I was a little intoxicated

10
00:00:43,760 --> 00:00:41,160
you just kind of gave up on it but this

11
00:00:45,380 --> 00:00:43,770
one hits close to home this is from

12
00:00:47,840 --> 00:00:45,390
Butler County Pennsylvania where I

13
00:00:49,430 --> 00:00:47,850

reside there was apparently a gargoyle

14

00:00:51,560 --> 00:00:49,440

that's been sighted in the area between

15

00:00:51,560 --> 00:00:52,430

around Butler and Armstrong counties oh

16

00:00:56,090 --> 00:00:53,869

you don't want gargoyles man those

17

00:00:57,979 --> 00:00:56,100

are dangerous bad news yeah I

18

00:01:01,160 --> 00:00:57,989

know just having a cigarette out front

19

00:01:03,920 --> 00:01:01,170

one night ah sweet even taken off mmm

20

00:01:05,479 --> 00:01:03,930

gonna fly away with me but um this

21

00:01:09,380 --> 00:01:05,489

happened recently it happened early in

22

00:01:12,850 --> 00:01:09,390

March 18 2011 I was pretty recent yeah

23

00:01:16,730 --> 00:01:12,860

knightly six years ago fine

24

00:01:18,770 --> 00:01:16,740

but so this incident occurred obviously

25

00:01:22,130 --> 00:01:18,780

here in Butler counties between shakoora

26

00:01:24,620 --> 00:01:22,140

and East Brady Guinness in the north

27

00:01:26,359 --> 00:01:24,630

eastern part of the county but rarely

28

00:01:29,120 --> 00:01:26,369

this a business he was traveling through

29

00:01:30,429 --> 00:01:29,130

the area in the early morning he was

30

00:01:32,840 --> 00:01:30,439

about um

31

00:01:34,789 --> 00:01:32,850

please driving but then when he spotted

32

00:01:36,289 --> 00:01:34,799

something about a quarter mile away he

33

00:01:38,990 --> 00:01:36,299

observed it on the right side of the

34

00:01:41,690 --> 00:01:39,000

road in the grassy area first he thought

35

00:01:43,730 --> 00:01:41,700

this thing was a deer and burn he

36

00:01:45,289 --> 00:01:43,740

probably made it to about 50 yards away

37

00:01:47,300 --> 00:01:45,299

from he observed something that appeared

38

00:01:48,649 --> 00:01:47,310

to be hunched hunched over hunched down

39

00:01:50,300 --> 00:01:48,659

like we've seen many times in these

40

00:01:53,780 --> 00:01:50,310

stories the first creature is kind of

41

00:01:55,340 --> 00:01:53,790

hidden or crouched and it stood up as

42

00:01:57,410 --> 00:01:55,350

soon as he turned his high beams on that

43

00:02:00,530 --> 00:01:57,420

what he saw was this very tall muscular

44

00:02:03,050 --> 00:02:00,540

creature walked in front of the yellow

45

00:02:04,880 --> 00:02:03,060

movie star he raised at a he saw the

46

00:02:07,190 --> 00:02:04,890

creature called muscular walked in front

47

00:02:10,479 --> 00:02:07,200

of a real reflective road sign with his

48

00:02:12,450 --> 00:02:10,489

high beams on they cross the to traffic

49

00:02:14,970 --> 00:02:12,460

two-lane road

50

00:02:18,600 --> 00:02:14,980

and free long strides very similar to I

51
00:02:20,730 --> 00:02:18,610
want to say the man-bat in a way and he

52
00:02:24,300 --> 00:02:20,740
moved over to the wooded area if you

53
00:02:25,680 --> 00:02:24,310
mention how tall this thing was yes he

54
00:02:28,380 --> 00:02:25,690
said it was about eight feet tall had

55
00:02:30,240 --> 00:02:28,390
smooth leather like skin that was the he

56
00:02:32,760 --> 00:02:30,250
said was between dark darker tan or

57
00:02:35,970 --> 00:02:32,770
light brown now this man who observed

58
00:02:38,730 --> 00:02:35,980
his creature he had a long enough look

59
00:02:40,560 --> 00:02:38,740
to notice that this this creature was

60
00:02:43,200 --> 00:02:40,570
muscular like it went to the gym or

61
00:02:45,840 --> 00:02:43,210
something like that right and it took

62
00:02:51,080 --> 00:02:45,850
long strides was there any mention of

63
00:02:53,880 --> 00:02:51,090

genitalia unfortunately not to know what

64

00:02:55,140 --> 00:02:53,890

very rare I mean if I'd even like this

65

00:02:57,060 --> 00:02:55,150

is the first thing my eyes are going

66

00:02:58,830 --> 00:02:57,070

toward right down right downtown there

67

00:03:00,180 --> 00:02:58,840

let me do that I mean I'm with you I

68

00:03:01,800 --> 00:03:00,190

mean I that's all I do when I look at

69

00:03:04,890 --> 00:03:01,810

normal people I go right down there

70

00:03:06,570 --> 00:03:04,900

so normies hmm so now I guess oh it's

71

00:03:08,160 --> 00:03:06,580

interesting the creature never looked at

72

00:03:10,080 --> 00:03:08,170

the witness knew only observe it like in

73

00:03:13,350 --> 00:03:10,090

a profile view to walk across the street

74

00:03:14,910 --> 00:03:13,360

a bit of a shy guy yeah maybe that's why

75

00:03:16,350 --> 00:03:14,920

I never turned to look at him he maybe

76

00:03:21,960 --> 00:03:16,360

he wasn't me a little bit like a GG

77

00:03:27,660 --> 00:03:21,970

Allin II now bashful yes shy is a

78

00:03:29,730 --> 00:03:27,670

small P nerd whiskey dick yes that's

79

00:03:33,510 --> 00:03:29,740

something else I'm a gargle I'm a small

80

00:03:37,130 --> 00:03:33,520

what do you want I just spit water

81

00:03:43,740 --> 00:03:40,850

the shitty jobs I was gonna do it though

82

00:03:45,120 --> 00:03:43,750

his head of peer-to-peer the head it was

83

00:03:46,860 --> 00:03:45,130

appeared to be flat in the front section

84

00:03:49,740 --> 00:03:46,870

but it rounded out kind of in the back

85

00:03:52,890 --> 00:03:49,750

kind of like a bulbous I'm just gonna

86

00:03:54,690 --> 00:03:52,900

like a dick kind of 2d shape we can use

87

00:03:56,790 --> 00:03:54,700

other like terminal we don't use

88

00:03:58,440 --> 00:03:56,800

genitalia to describe everything we can

89

00:04:01,590 --> 00:03:58,450

you know you could use like fruit or

90

00:04:06,110 --> 00:04:01,600

maybe like I know pineapple huh I think

91

00:04:13,320 --> 00:04:10,650

but but it was learning the faces the

92

00:04:16,470 --> 00:04:13,330

face was flat the eyes really weren't

93

00:04:18,510 --> 00:04:16,480

clearly defined the ear that was

94

00:04:20,130 --> 00:04:18,520

observed in left side was long and flat

95

00:04:22,560 --> 00:04:20,140

and came up in the back and pointed

96

00:04:24,060 --> 00:04:22,570

backwards kind of like a long log l

97

00:04:27,270 --> 00:04:24,070

flakier

98

00:04:30,270 --> 00:04:27,280

apparently the witness at the set of the

99

00:04:31,680 --> 00:04:30,280

back the top back of the skull is like

100

00:04:33,240 --> 00:04:31,690

one of those aerodynamic kind of like

101
00:04:35,010 --> 00:04:33,250
bike helmets like uh you know those

102
00:04:37,650 --> 00:04:35,020
because cyclists would wear it was weird

103
00:04:39,000 --> 00:04:37,660
kind of almost like a Geiger alien yes

104
00:04:40,890 --> 00:04:39,010
you're like oh that goes back into a

105
00:04:43,170 --> 00:04:40,900
point like so yes yeah look almost

106
00:04:44,490 --> 00:04:43,180
thinned out okay like those dumb pointy

107
00:04:47,640 --> 00:04:44,500
shoes that you could murder somebody

108
00:04:49,320 --> 00:04:47,650
with yeah else ice on your head it

109
00:04:51,150 --> 00:04:49,330
wasn't quite a point at the top as core

110
00:04:54,720 --> 00:04:51,160
kind of a ridge it came to a rounded end

111
00:04:56,250 --> 00:04:54,730
okay obviously he went on to say that

112
00:04:58,200 --> 00:04:56,260
the arms are very muscular they're a

113
00:05:00,690 --> 00:04:58,210

little longer than that of a human hands

114

00:05:01,890 --> 00:05:00,700

look could be more like claws this guy's

115

00:05:05,340 --> 00:05:01,900

really checking out the end of the body

116

00:05:07,850 --> 00:05:05,350

you know yeah he said the legs were

117

00:05:10,410 --> 00:05:07,860

extremely muscular what about the tips

118

00:05:12,000 --> 00:05:10,420

nothing about ice cream I probably have

119

00:05:13,560 --> 00:05:12,010

mentioned if they're breasts or not he

120

00:05:16,700 --> 00:05:13,570

said the is extremely bells I imagine

121

00:05:19,980 --> 00:05:16,710

had some decent pectoral muscles nice

122

00:05:22,950 --> 00:05:19,990

cool head but when the main

123

00:05:24,420 --> 00:05:22,960

notes that they said it looked the

124

00:05:25,860 --> 00:05:24,430

weight moved in washe was not like a

125

00:05:29,850 --> 00:05:25,870

human the legs were kind of bent

126
00:05:31,980 --> 00:05:29,860
backwards kind of uh remember in front

127
00:05:34,860 --> 00:05:31,990
the movie I think was contact with head

128
00:05:37,170 --> 00:05:34,870
Charlie Sheen yeah really young pop

129
00:05:38,940 --> 00:05:37,180
their knees back they'd walk like that

130
00:05:41,160 --> 00:05:38,950
but that was an act act that was

131
00:05:44,040 --> 00:05:41,170
actually a rotten he arrival

132
00:05:47,280 --> 00:05:44,050
yeah yeah right not arrival but the

133
00:05:50,910 --> 00:05:47,290
arrival yes we kinda probably better

134
00:05:54,630 --> 00:05:50,920
than arrival different yes good yeah

135
00:05:56,070 --> 00:05:54,640
it's like a rival musculature now I

136
00:05:58,440 --> 00:05:56,080
guess we're against name the gargoyles

137
00:05:59,880 --> 00:05:58,450
witness said what it had what appeared

138
00:06:02,310 --> 00:05:59,890

to be wings in his back that were kind

139

00:06:03,930 --> 00:06:02,320

of tucked onto it the body like you

140

00:06:06,120 --> 00:06:03,940

would think of a traditional kind of you

141

00:06:09,450 --> 00:06:06,130

know the wings class back onto a kind of

142

00:06:11,700 --> 00:06:09,460

an angel you know it wind tips were

143

00:06:13,050 --> 00:06:11,710

extending towards the side of the head

144

00:06:15,630 --> 00:06:13,060

so they kind of came back and pointed

145

00:06:18,480 --> 00:06:15,640

towards his head at the top now nothing

146

00:06:20,240 --> 00:06:18,490

was a noted in the way of unusual sounds

147

00:06:23,670 --> 00:06:20,250

or smells

148

00:06:25,110 --> 00:06:23,680

he said the whole entire time you

149

00:06:30,930 --> 00:06:25,120

observed it was no more than like seven

150

00:06:32,490 --> 00:06:30,940

to eight seconds and as he and so as he

151

00:06:34,290 --> 00:06:32,500

approaches the creature up into the

152

00:06:35,560 --> 00:06:34,300

woods he can no longer be seen that

153

00:06:36,940 --> 00:06:35,570

probably the next day

154

00:06:38,410 --> 00:06:36,950

it would just decide to drive back to

155

00:06:40,000 --> 00:06:38,420

the location of the encounter to look

156

00:06:41,890 --> 00:06:40,010

for any evidence the ground conditions

157

00:06:43,930 --> 00:06:41,900

were not suitable for tracks and nothing

158

00:06:46,180 --> 00:06:43,940

was found so we just did however measure

159

00:06:47,170 --> 00:06:46,190

the road sign the creature walked in

160

00:06:48,520 --> 00:06:47,180

front I'm sorry go ahead

161

00:06:53,140 --> 00:06:48,530

sounds like she was driving back to hook

162

00:06:56,410 --> 00:06:53,150

up like you saw nothing like yeah yeah

163

00:06:59,020 --> 00:06:56,420

couldn't help to notice by measuring the

164

00:07:01,300 --> 00:06:59,030

sign just thing stood in front of that I

165

00:07:05,530 --> 00:07:01,310

was able to estimate the height at about

166

00:07:07,690 --> 00:07:05,540

8 feet hmm okay well that's very

167

00:07:10,210 --> 00:07:07,700

observant of them but so pretty now on

168

00:07:11,590 --> 00:07:10,220

our Goyal I have three other little

169

00:07:14,700 --> 00:07:11,600

snippets we can read one of them they're

170

00:07:16,990 --> 00:07:14,710

all from the same kind of area either

171

00:07:18,280 --> 00:07:17,000

northern northeastern Butler County or

172

00:07:19,420 --> 00:07:18,290

parts of Armstrong County with your

173

00:07:19,990 --> 00:07:19,430

borders about their County in the

174

00:07:21,970 --> 00:07:20,000

Northeast

175

00:07:23,710 --> 00:07:21,980

yeah gives a snippet another one will

176

00:07:25,570 --> 00:07:23,720

shut up we'll try to alright this one's

177

00:07:26,950 --> 00:07:25,580

this one's I mean these aren't long you

178

00:07:29,350 --> 00:07:26,960

know I've got there one of them this was

179

00:07:31,750 --> 00:07:29,360

on March 26 2011 so this is kind of a

180

00:07:34,570 --> 00:07:31,760

flap of sightings which was quite

181

00:07:37,000 --> 00:07:34,580

interesting these in fact all come from

182

00:07:38,670 --> 00:07:37,010

March 2011 which makes it even more odd

183

00:07:41,500 --> 00:07:38,680

but this is from Kapil's corner

184

00:07:43,720 --> 00:07:41,510

apparently due to witnesses driving to

185

00:07:46,210 --> 00:07:43,730

Butler which is the Agassiz Capitol here

186

00:07:47,950 --> 00:07:46,220

in Butler County the county seat when

187

00:07:50,470 --> 00:07:47,960

they witnessed a dark can eight feet

188

00:07:52,870 --> 00:07:50,480

tall winged entity the face appeared to

189

00:07:56,050 --> 00:07:52,880

be kind of smashed in it had a muscular

190

00:07:57,640 --> 00:07:56,060

body again and had went to a point the

191

00:07:59,170 --> 00:07:57,650

arms were long and appeared to have a

192

00:08:01,660 --> 00:07:59,180

clause four fingers so these are

193

00:08:03,670 --> 00:08:01,670

cooperating but the phasis man had seen

194

00:08:05,380 --> 00:08:03,680

in the first sighting that I'd mentioned

195

00:08:07,870 --> 00:08:05,390

and then when it crossed the road it

196

00:08:10,300 --> 00:08:07,880

seemed to loap with each stride the

197

00:08:12,460 --> 00:08:10,310

witnesses stopped the card shocked and

198

00:08:15,460 --> 00:08:12,470

sat there until another car came and

199

00:08:17,290 --> 00:08:15,470

they had to move the witnesses uh said

200

00:08:19,080 --> 00:08:17,300

the witness is going to take a lie

201
00:08:22,150 --> 00:08:19,090
detector test to prove what he saw

202
00:08:24,100 --> 00:08:22,160
that's all I got a that snippet a camera

203
00:08:26,320 --> 00:08:24,110
bit of a different description that when

204
00:08:28,420 --> 00:08:26,330
we heard of from-from Mothman like they

205
00:08:31,150 --> 00:08:28,430
don't describe Mothman as a terribly

206
00:08:32,290 --> 00:08:31,160
muscular kind of creature or have

207
00:08:35,589 --> 00:08:32,300
anything like that

208
00:08:37,960 --> 00:08:35,599
most eulogy and they are going to go

209
00:08:39,990 --> 00:08:37,970
they just talk about like the feathers

210
00:08:42,850 --> 00:08:40,000
of the Mothman or like it's kind of like

211
00:08:45,220 --> 00:08:42,860
dusty when the red-eye the red-eye and

212
00:08:46,690 --> 00:08:45,230
of course yes I don't think in these

213
00:08:48,130 --> 00:08:46,700

cases I could be wrong but I don't think

214

00:08:49,480 --> 00:08:48,140

it was ever spotted in flight it was

215

00:08:50,980 --> 00:08:49,490

just spotted with

216

00:08:52,480 --> 00:08:50,990

for what people thought to be waiting

217

00:08:57,460 --> 00:08:52,490

maybe maybe it's wings can support his

218

00:08:59,440 --> 00:08:57,470

large muscular body his firm ripped body

219

00:09:01,210 --> 00:08:59,450

he probably does creating and goes to

220

00:09:03,100 --> 00:09:01,220

the gym probably see dives a day I'm

221

00:09:05,830 --> 00:09:03,110

guessing probably at the Butler YMCA

222

00:09:06,550 --> 00:09:05,840

probably pumping iron and there was

223

00:09:09,430 --> 00:09:06,560

Bigfoot

224

00:09:11,140 --> 00:09:09,440

he listened to the Village People so on

225

00:09:13,570 --> 00:09:11,150

it's fun to stay at the YMCA nice for

226

00:09:16,540 --> 00:09:13,580

Bigfoot Bigfoot pick my spot I'm gonna

227

00:09:20,470 --> 00:09:16,550

benchpress 400 pounds man take a look at

228

00:09:22,500 --> 00:09:20,480

me rush you got it you got is that we

229

00:09:24,730 --> 00:09:22,510

got on monsters on rounders

230

00:09:26,560 --> 00:09:24,740

there's two more of them I can read one

231

00:09:29,490 --> 00:09:26,570

more and combine give me give me money

232

00:09:32,860 --> 00:09:29,500

more than I'm gonna move on to the news

233

00:09:34,510 --> 00:09:32,870

okay this is this is another March 2011

234

00:09:37,360 --> 00:09:34,520

this is a rim Erzberg which i believe

235

00:09:38,890 --> 00:09:37,370

that is in that's very close to bowl or

236

00:09:42,130 --> 00:09:38,900

kind of with us be Armstrong just trying

237

00:09:44,170 --> 00:09:42,140

to give a decent areas where these

238

00:09:45,670 --> 00:09:44,180

sightings we're also in March 2011 there

239

00:09:46,500 --> 00:09:45,680

were two witnesses that had left a nice

240

00:09:48,760 --> 00:09:46,510

cream stand

241

00:09:50,080 --> 00:09:48,770

headed for Rimmer's burg proper and

242

00:09:51,670 --> 00:09:50,090

there is something crossing the road

243

00:09:53,590 --> 00:09:51,680

these are all lots of room doctors are

244

00:09:55,810 --> 00:09:53,600

always crossing the road it's just like

245

00:10:00,100 --> 00:09:55,820

yeah I'm kind of joke why did the

246

00:10:06,340 --> 00:10:00,110

gargoyle cross the road exactly find a

247

00:10:11,830 --> 00:10:06,350

date on tinder either this thing I would

248

00:10:13,090 --> 00:10:11,840

say um I'll give my analysis at the end

249

00:10:16,090 --> 00:10:13,100

F there's only like a few more sentences

250

00:10:18,310 --> 00:10:16,100

but they came within about 35 feet of

251
00:10:20,110 --> 00:10:18,320
the creature they stated that it was at

252
00:10:22,570 --> 00:10:20,120
least nine feet tall but that's closer

253
00:10:25,030 --> 00:10:22,580
to eight sir okay right around that same

254
00:10:27,040 --> 00:10:25,040
area had dark brown skin again blog arms

255
00:10:29,160 --> 00:10:27,050
again and broad shoulders so meeting all

256
00:10:31,420 --> 00:10:29,170
the points of the other stories

257
00:10:34,510 --> 00:10:31,430
appointed head again a flat forehead

258
00:10:36,130 --> 00:10:34,520
pointy ears like the first case what

259
00:10:37,990 --> 00:10:36,140
appeared to be wings on his back like

260
00:10:39,910 --> 00:10:38,000
the first case as well the body is

261
00:10:42,490 --> 00:10:39,920
extremely muscular and there were four

262
00:10:43,600 --> 00:10:42,500
finger like claws in each hand this is

263
00:10:45,340 --> 00:10:43,610

the hole in case that I found that

264

00:10:46,990 --> 00:10:45,350

specify the number of fingers on each

265

00:10:50,200 --> 00:10:47,000

hand but each one could said they had

266

00:10:52,030 --> 00:10:50,210

call like things coming off the end I

267

00:10:54,940 --> 00:10:52,040

know this one mentions the eyes were

268

00:10:57,460 --> 00:10:54,950

squinted is but swept upwards and then

269

00:11:01,040 --> 00:10:57,470

to the corner so kind of like weird I

270

00:11:04,100 --> 00:11:02,570

it's more of in the corner of the head

271

00:11:06,290 --> 00:11:04,110

where ours are more closer to our nose

272

00:11:08,290 --> 00:11:06,300

imagine our eyes off to the right and

273

00:11:12,560 --> 00:11:08,300

left more

274

00:11:17,000 --> 00:11:12,570

yes thanks Jeff as creature turned there

275

00:11:19,610 --> 00:11:17,010

Jeff as the creature term the whole body

276

00:11:21,980 --> 00:11:19,620

would turn the movement of his arms was

277

00:11:24,380 --> 00:11:21,990

not normal the mouth looked like I just

278

00:11:26,960 --> 00:11:24,390

a spin slit kind of like a graze and the

279

00:11:29,449 --> 00:11:26,970

wings looked almost like see-through or

280

00:11:31,310 --> 00:11:29,459

mesh and resembled the wings of a bat

281

00:11:33,800 --> 00:11:31,320

and the claws were apparently they were

282

00:11:35,180 --> 00:11:33,810

dark jet black as coal the witnesses

283

00:11:36,740 --> 00:11:35,190

stated that this thing this thing

284

00:11:37,340 --> 00:11:36,750

quote-unquote said it was straight from

285

00:11:39,860 --> 00:11:37,350

hell

286

00:11:41,930 --> 00:11:39,870

so I got um the results of their

287

00:11:44,630 --> 00:11:41,940

corroborating stories I took from a CBS

288

00:11:46,490 --> 00:11:44,640

local story in 2011 about Manties

289

00:11:48,050 --> 00:11:46,500

bizarre creature in Butler County as I

290

00:11:49,730 --> 00:11:48,060

got and the other one I can't remember

291

00:11:51,530 --> 00:11:49,740

the one site it was a cryptid sighted

292

00:11:56,000 --> 00:11:51,540

documents encounters I think all over

293

00:11:57,820 --> 00:11:56,010

Pennsylvania um so this could could be a

294

00:12:01,160 --> 00:11:57,830

prank could be a hoax

295

00:12:03,590 --> 00:12:01,170

no no eight foot is pretty consistent

296

00:12:05,690 --> 00:12:03,600

and - constantly walking across the

297

00:12:09,620 --> 00:12:05,700

street did you liable to get hit by a

298

00:12:11,870 --> 00:12:09,630

car eventually I don't know yeah um yeah

299

00:12:13,250 --> 00:12:11,880

be careful out there there danger demon

300

00:12:14,900 --> 00:12:13,260

witnesses but I mentioned if there's a

301
00:12:17,590 --> 00:12:14,910
car park you know anywhere near there

302
00:12:20,480 --> 00:12:17,600
off to the side of the road but I guess

303
00:12:21,860 --> 00:12:20,490
maybe that wasn't asked of them I can

304
00:12:23,210 --> 00:12:21,870
try to read you know there's a cryptid

305
00:12:25,310 --> 00:12:23,220
research place in the area but I'm

306
00:12:26,690 --> 00:12:25,320
assuming they had to talk to these

307
00:12:28,970 --> 00:12:26,700
people yeah go down there and pull the

308
00:12:30,740 --> 00:12:28,980
paper they're uh facilities and yeah

309
00:12:34,069 --> 00:12:30,750
until they certainly give us an answer

310
00:12:36,680 --> 00:12:34,079
but the scene do ya any wider I guess

311
00:12:39,460 --> 00:12:36,690
plastic tigers and keep their cars until

312
00:12:42,199 --> 00:12:39,470
they give you my phone number under the

313
00:12:43,760 --> 00:12:42,209

lead under the good wiper give my phone

314

00:12:44,210 --> 00:12:43,770

never we want this to happen again come

315

00:12:46,160 --> 00:12:44,220

on our show

316

00:12:47,569 --> 00:12:46,170

give us your now yes go vandalize their

317

00:12:49,699 --> 00:12:47,579

cars and offices until they give us a

318

00:12:50,990 --> 00:12:49,709

response we deserve thank you but I

319

00:12:52,370 --> 00:12:51,000

guess the thing that you did more

320

00:12:53,960 --> 00:12:52,380

marriage means a lot of stuff that we

321

00:12:56,720 --> 00:12:53,970

talked about such as Mothman the other

322

00:12:57,920 --> 00:12:56,730

monsters um there's he slaps that occur

323

00:12:59,990 --> 00:12:57,930

where they happen in quick succession

324

00:13:02,510 --> 00:13:00,000

over a relatively short period of time

325

00:13:04,430 --> 00:13:02,520

perhaps something had have landed or

326

00:13:05,750 --> 00:13:04,440

been deployed and it was looking for

327

00:13:07,940 --> 00:13:05,760

something very specific along these

328

00:13:10,160 --> 00:13:07,950

roads possibly or just passing through

329

00:13:12,530 --> 00:13:10,170

we've done some kind of migration cycle

330

00:13:13,400 --> 00:13:12,540

who knows or deployed I like that better

331

00:13:15,140 --> 00:13:13,410

like he was some kind of military

332

00:13:20,420 --> 00:13:15,150

experiment

333

00:13:23,220 --> 00:13:20,430

yeah but um that is out the field

334

00:13:25,890 --> 00:13:23,230

but that would uh Levin conclude
