PARENTAL
ADVISORY
EXPLICIT CONTENT

1
00:00:00,320 --> 00:00:05,950
[Applause]

2
00:00:11,839 --> 00:00:09,110
there have been some serious events

3
00:00:17,390 --> 00:00:11,849
going on in the Pacific concerning our

4
00:00:20,450 --> 00:00:17,400
Navy concerning battleships and Oh our

5
00:00:22,099 --> 00:00:20,460
military a lot of things going on a lot

6
00:00:23,240 --> 00:00:22,109
of things going on

7
00:00:27,620 --> 00:00:23,250
I'm gonna read down some headlines here

8
00:00:29,839 --> 00:00:27,630
and possibly some some articles that are

9
00:00:32,359 --> 00:00:29,849
concerning this so here the first one

10
00:00:36,459 --> 00:00:32,369
Navy to pause operations review

11
00:00:40,130 --> 00:00:36,469
collisions with ten missing

12
00:00:44,270 --> 00:00:40,140
defense secretary Jim mattis responds to

13
00:00:51,740 --> 00:00:44,280

a storm impede search of sailors from

14
00:00:54,139 --> 00:00:51,750
the USS John s McCain so the USS the US

15
00:00:57,439 --> 00:00:54,149
Navy announced a pause in this global

16
00:00:59,930 --> 00:00:57,449
operations and patrols and has begun a

17
00:01:03,410 --> 00:00:59,940
broad investigation after the destroyer

18
00:01:05,359 --> 00:01:03,420
USS John s McCain on Monday collided

19
00:01:09,050 --> 00:01:05,369
with a merchant vessel leaving ten

20
00:01:11,330 --> 00:01:09,060
sailors missing the second says the

21
00:01:11,719 --> 00:01:11,340
second such incident in just over two

22
00:01:16,820 --> 00:01:11,729
months

23
00:01:20,090 --> 00:01:16,830
so another collision with a commercial

24
00:01:22,310 --> 00:01:20,100
vessel the previous one was the USS

25
00:01:26,510 --> 00:01:22,320
Fitzgerald which we talked about which

26

00:01:28,819 --> 00:01:26,520

is also very curious this one is uh who

27

00:01:31,149 --> 00:01:28,829

doesn't plan oh yeah we have an ad we

28

00:01:32,929 --> 00:01:31,159

have an ad good you guys like ads

29

00:01:37,550 --> 00:01:32,939

hopefully it's about boating or

30

00:01:41,690 --> 00:01:37,560

something maybe maybe a advertisement

31

00:01:44,330 --> 00:01:41,700

for a cruise I can only hope let's see

32

00:01:47,899 --> 00:01:44,340

better day I'll turn it up so you guys

33

00:01:52,730 --> 00:01:47,909

can hear this [h__h] and maybe it'll shed

34

00:01:56,420 --> 00:01:52,740

some light on this please if the ad will

35

00:01:58,630 --> 00:01:56,430

end okay now you gotta prepare for this

36

00:02:00,550 --> 00:01:58,640

yeah I'm prepared you're this

37

00:02:03,670 --> 00:02:00,560

oh you know what it is this is another

38

00:02:05,500 --> 00:02:03,680

one of those goddamn videos where they

39

00:02:08,919 --> 00:02:05,510

don't do any voiceover then just show a

40

00:02:11,380 --> 00:02:08,929

bunch of pictures and text yeah well do

41

00:02:16,900 --> 00:02:11,390

you not read your [h__h] before you start

42

00:02:20,500 --> 00:02:16,910

playing it Jesus Christ no videos no

43

00:02:22,230 --> 00:02:20,510

they're sluggish you know time in prison

44

00:02:30,490 --> 00:02:22,240

you know what I need to be punished

45

00:02:31,900 --> 00:02:30,500

punish me punish me please so and then

46

00:02:33,729 --> 00:02:31,910

we we have another article here

47

00:02:36,610 --> 00:02:33,739

everything we know right now about the

48

00:02:43,090 --> 00:02:36,620

destroyer collision in the Strait of

49

00:02:45,759 --> 00:02:43,100

Malacca Maul aha Malacca for the second

50

00:02:47,560 --> 00:02:45,769

time in just over two months the US Navy

51
00:02:50,050 --> 00:02:47,570
destroyer collided with a merchant ship

52
00:02:53,979 --> 00:02:50,060
in the Pacific region resulting in

53
00:02:58,000 --> 00:02:53,989
casualties the USS John s McCain and the

54
00:03:01,210 --> 00:02:58,010
tanker the amnok MC collided in the

55
00:03:04,690 --> 00:03:01,220
early morning hours of August 21st east

56
00:03:06,789 --> 00:03:04,700
of the Strait of Malacca and not too far

57
00:03:09,479 --> 00:03:06,799
from Singapore how did this happen more

58
00:03:13,030 --> 00:03:09,489
importantly how does this keep happening

59
00:03:17,440 --> 00:03:13,040
yeah here's what we can assess so far

60
00:03:19,330 --> 00:03:17,450
this comes from Foxtrot alpha which is

61
00:03:21,009 --> 00:03:19,340
uh if you're curious if I can put a link

62
00:03:22,270 --> 00:03:21,019
up in the in the description it's a

63
00:03:25,830 --> 00:03:22,280

pretty good site when it comes to

64

00:03:28,509 --> 00:03:25,840

military activity and the military news

65

00:03:31,060 --> 00:03:28,519

aircraft from near PI from a nearby

66

00:03:33,430 --> 00:03:31,070

amphibious assault ship USS America as

67

00:03:35,470 --> 00:03:33,440

well as ships from the aircraft from

68

00:03:37,990 --> 00:03:35,480

both Singapore and Malaysia have aided

69

00:03:40,690 --> 00:03:38,000

in the search for missing sailors today

70

00:03:43,030 --> 00:03:40,700

Navy officials announced that some

71

00:03:45,670 --> 00:03:43,040

remains were found in sealed

72

00:03:47,770 --> 00:03:45,680

compartments within the ship during a

73

00:03:51,430 --> 00:03:47,780

search additionally the malaysian navy

74

00:03:54,640 --> 00:03:51,440

said it has identified more remains this

75

00:03:57,099 --> 00:03:54,650

is the fourth incident involving u.s.

76

00:04:00,009 --> 00:03:57,109

navy ships this year in the pacific

77

00:04:02,580 --> 00:04:00,019

region on january 31st the

78

00:04:08,680 --> 00:04:02,590

guided-missile cruiser cruiser USS

79

00:04:10,720 --> 00:04:08,690

Antietam ran aground in Tokyo Bay near

80

00:04:13,660 --> 00:04:10,730

is home for uh

81

00:04:17,379 --> 00:04:13,670

in Japan then on May 9th USS Lake

82

00:04:19,990 --> 00:04:17,389

Champaign Champlain collided with the

83

00:04:23,170 --> 00:04:20,000

South Korean fishing boat off the Korean

84

00:04:25,780 --> 00:04:23,180

Peninsula and as the San diego-based

85

00:04:29,050 --> 00:04:25,790

Cruiser was on an extended deployment

86

00:04:31,000 --> 00:04:29,060

then on July 16th the USS Fitzgerald hit

87

00:04:32,650 --> 00:04:31,010

a freighter that killed seven sailors

88

00:04:35,770 --> 00:04:32,660

and then we have this most recent one

89

00:04:38,879 --> 00:04:35,780

with the USS John McCain so what the

90

00:04:42,879 --> 00:04:38,889

[h__h] that for for different incidents in

91

00:04:45,879 --> 00:04:42,889

under a year in the Pacific region where

92

00:04:47,590 --> 00:04:45,889

this [h__h] is going down it looks like

93

00:04:49,900 --> 00:04:47,600

here's another headline here the US Navy

94

00:04:54,490 --> 00:04:49,910

has removed commander of the 7th fleet

95

00:04:57,370 --> 00:04:54,500

amid the latest incident so there's some

96

00:05:00,040 --> 00:04:57,380

serious [h__h] going down I don't see this

97

00:05:02,440 --> 00:05:00,050

on the you know the it gets cover a

98

00:05:05,200 --> 00:05:02,450

delay on PBS or NBC but this is some

99

00:05:07,920 --> 00:05:05,210

heavy-duty [h__h] this is this would be

100

00:05:12,640 --> 00:05:07,930

the stop play this [h__h] Jesus Christ

101
00:05:14,379 --> 00:05:12,650
[h__h] Auto [h__h] videos [h__h] singing

102
00:05:16,270 --> 00:05:14,389
well I'm talking about the Navy and this

103
00:05:18,250 --> 00:05:16,280
is what this is would be would be the

104
00:05:20,110 --> 00:05:18,260
fleet that would respond had if North

105
00:05:23,320 --> 00:05:20,120
Korea does something shitty or crazy or

106
00:05:25,770 --> 00:05:23,330
China or over with the defense haiwan or

107
00:05:32,529 --> 00:05:25,780
whatever these guys are gonna be there

108
00:05:34,150 --> 00:05:32,539
and so the the US Navy has removed the

109
00:05:40,480 --> 00:05:34,160
commander of the seventh Fleet amid

110
00:05:43,719 --> 00:05:40,490
latest of the latest accident it's a

111
00:05:47,529 --> 00:05:43,729
it's crazy what's going on here Joe all

112
00:05:49,210 --> 00:05:47,539
this stuff I mean a you know George Webb

113
00:05:51,090 --> 00:05:49,220

and other people have speculated that

114

00:05:54,159 --> 00:05:51,100

there's a lot more going on to this I do

115

00:05:56,560 --> 00:05:54,169

I suspect that there's something more

116

00:06:00,850 --> 00:05:56,570

happening than the electronic warfare

117

00:06:03,760 --> 00:06:00,860

yeah yeah so is it possible that these

118

00:06:05,770 --> 00:06:03,770

commercial ships are just used as you

119

00:06:08,440 --> 00:06:05,780

know we're seeing a lot of civilian

120

00:06:10,540 --> 00:06:08,450

vehicles used in terroristic activities

121

00:06:16,210 --> 00:06:10,550

on land trucks moving down people on the

122

00:06:18,190 --> 00:06:16,220

street are we seeing civilian maritime

123

00:06:22,610 --> 00:06:18,200

vehicles being used to ram military

124

00:06:27,439 --> 00:06:25,400

be and where you we're seeing people run

125

00:06:29,930 --> 00:06:27,449

people over all over Europe and then now

126

00:06:31,250 --> 00:06:29,940

recently here in Charlottesville so yeah

127

00:06:34,310 --> 00:06:31,260

it's just a thing people are just

128

00:06:36,680 --> 00:06:34,320

crashing [h__h] into things yeah I don't

129

00:06:39,409 --> 00:06:36,690

think that this that far off now granted

130

00:06:43,610 --> 00:06:39,419

there's a lot more people and play here

131

00:06:45,980 --> 00:06:43,620

but you know the ocean is pretty goddamn

132

00:06:49,159 --> 00:06:45,990

big you know I know there's waterways or

133

00:06:51,590 --> 00:06:49,169

there's traffic channels here but you

134

00:06:59,500 --> 00:06:51,600

you would imagine if I'm on I'm on the

135

00:07:06,350 --> 00:07:04,490

Bob's come on Bob this you yeah I'd

136

00:07:08,240 --> 00:07:06,360

probably swab it clean it a little bit

137

00:07:10,580 --> 00:07:08,250

I'd probably glancing over my shoulder

138

00:07:13,640 --> 00:07:10,590

I'd probably see a ship coming I'm good

139

00:07:15,969 --> 00:07:13,650

holy [h__h] can we ring a bell can we let

140

00:07:18,050 --> 00:07:15,979

someone know that there's a ship coming

141

00:07:20,570 --> 00:07:18,060

constantly paranoid out there on the

142

00:07:21,939 --> 00:07:20,580

open seas I'd be worried about sharks

143

00:07:25,279 --> 00:07:21,949

getting too close let alone run a ship

144

00:07:27,170 --> 00:07:25,289

you keep ringing the bell yeah just keep

145

00:07:29,450 --> 00:07:27,180

ringing the bell someone's gonna notice

146

00:07:30,920 --> 00:07:29,460

at some point in time no this is the

147

00:07:32,750 --> 00:07:30,930

fourth incidence that's this this

148

00:07:35,379 --> 00:07:32,760

happened what I'm thinking is maybe

149

00:07:37,909 --> 00:07:35,389

there was somebody up there going oh

150

00:07:40,070 --> 00:07:37,919

it's the same thing with the Nazis so

151

00:07:41,300 --> 00:07:40,080

and the Nazis actually do come it's like

152

00:07:43,460 --> 00:07:41,310

the boy who cried wolf you're never

153

00:07:46,339 --> 00:07:43,470

gonna they're all like [h__h] you and your

154

00:07:49,070 --> 00:07:46,349

dog oh [h__h] not unless they're back not

155

00:07:50,540 --> 00:07:49,080

unless the Navy has some kind of seeker

156

00:07:52,730 --> 00:07:50,550

game of chicken that their plans like

157

00:07:54,890 --> 00:07:52,740

[h__h] moving you know what the USS for

158

00:07:57,170 --> 00:07:54,900

Cheryl didn't back down I'm backing down

159

00:08:00,439 --> 00:07:57,180

either playing chicken with these

160

00:08:05,150 --> 00:08:00,449

mothers yeah I see is the Alfa bros I

161

00:08:08,230 --> 00:08:05,160

[h__h] you here move lose and what is what

162

00:08:16,129 --> 00:08:08,240

is proving though is that you could have

163

00:08:20,060 --> 00:08:16,139

basically a suicide vehicle run into the

164

00:08:22,129 --> 00:08:20,070

side of a US Navy destroyer and

165

00:08:28,010 --> 00:08:22,139

basically take it down we saw that in

166

00:08:30,770 --> 00:08:28,020

2000 with him there was a bomb that was

167

00:08:34,370 --> 00:08:30,780

attached to a boat and it came up

168

00:08:35,269 --> 00:08:34,380

alongside a US Navy ship in the year

169

00:08:39,110 --> 00:08:35,279

2002

170

00:08:39,889 --> 00:08:39,120

that was related to al-qaeda and the USS

171

00:08:43,819 --> 00:08:39,899

Cole bomb

172

00:08:46,069 --> 00:08:43,829

yeah USS Cole and so that was a weakness

173

00:08:49,160 --> 00:08:46,079

in that that wasn't addressed then and

174

00:08:50,689 --> 00:08:49,170

worse we're addressing the 16 years

175

00:08:52,040 --> 00:08:50,699

later we're not even addressing it this

176

00:08:54,379 --> 00:08:52,050

happening again where were these

177

00:08:57,920 --> 00:08:54,389

merchants and these commercial ships are

178

00:09:00,259 --> 00:08:57,930

able to get that close again so what the

179

00:09:02,259 --> 00:09:00,269

hell is going on you buy some [h__h]

180

00:09:05,030 --> 00:09:02,269

nuclear bomb or something over the

181

00:09:07,069 --> 00:09:05,040

country at one point two on accident or

182

00:09:08,689 --> 00:09:07,079

they had like a live nuclear bomb they

183

00:09:10,970 --> 00:09:08,699

do yeah we lost one off the coast of the

184

00:09:13,460 --> 00:09:10,980

Carolinans yeah they don't talk about

185

00:09:16,100 --> 00:09:13,470

that this is great I mean I just love

186

00:09:18,110 --> 00:09:16,110

all this stuff I don't even want to get

187

00:09:20,629 --> 00:09:18,120

into it's like people people who hate

188

00:09:22,189 --> 00:09:20,639

libertarians go support everyone those

189

00:09:24,170 --> 00:09:22,199

two nuclear bombs like nobody wants a

190

00:09:27,730 --> 00:09:24,180

nuclear bomb except dumb ass governments

191

00:09:32,960 --> 00:09:27,740

who do [h__h] like this it's just bizarre

192

00:09:34,759 --> 00:09:32,970

that after the USS Fitzgerald and about

193

00:09:36,619 --> 00:09:34,769

another boat running into a destroyer

194

00:09:39,499 --> 00:09:36,629

that this is gonna happen again

195

00:09:41,179 --> 00:09:39,509

they wouldn't be vigilant about not

196

00:09:42,499 --> 00:09:41,189

letting this happen you know people

197

00:09:44,749 --> 00:09:42,509

should be on their toes but it's

198

00:09:46,730 --> 00:09:44,759

happening again so people just want to

199

00:09:48,559 --> 00:09:46,740

get their [h__h] food and eat and bang

200

00:09:50,269 --> 00:09:48,569

a chick and go to bed and they doesn't

201
00:09:52,389 --> 00:09:50,279
they're just like everybody else and

202
00:09:55,129 --> 00:09:52,399
they're handling all this dangerous [h__h]

203
00:09:57,019 --> 00:09:55,139
what what are some of the conspiracy

204
00:09:59,629 --> 00:09:57,029
theories on this Joe do you have any

205
00:10:02,990 --> 00:09:59,639
speculation is there anything else going

206
00:10:04,639 --> 00:10:03,000
on well there's you know one of the

207
00:10:06,189 --> 00:10:04,649
things George Webb was arrested for was

208
00:10:09,590 --> 00:10:06,199
reporting that there could be

209
00:10:12,860 --> 00:10:09,600
potentially you know nuclear or

210
00:10:15,019 --> 00:10:12,870
chemically hazardous material on one of

211
00:10:16,579 --> 00:10:15,029
these ships and he made a phone call to

212
00:10:18,079 --> 00:10:16,589
just say hey I want you to check out

213
00:10:20,749 --> 00:10:18,089

this ship and then they arrested him

214

00:10:22,879 --> 00:10:20,759

they arrested George Lakoff yeah this

215

00:10:23,569 --> 00:10:22,889

was several this several weeks ago maybe

216

00:10:25,639 --> 00:10:23,579

a month ago

217

00:10:27,049 --> 00:10:25,649

oh but yeah he's and and I think so

218

00:10:28,639 --> 00:10:27,059

there was some tie-in I mean there's a

219

00:10:29,840 --> 00:10:28,649

lot of conspiracies around all this

220

00:10:32,389 --> 00:10:29,850

stuff I haven't looked into this

221

00:10:36,829 --> 00:10:32,399

particular crash this latest one yeah

222

00:10:40,040 --> 00:10:36,839

that's a it's um yeah I just I can't

223

00:10:40,610 --> 00:10:40,050

there's radar there's Sat like sonar on

224

00:10:42,410 --> 00:10:40,620

a boat

225

00:10:44,329 --> 00:10:42,420

Oh sonar everything there's all this

226
00:10:46,400 --> 00:10:44,339
[h__h] there's no way these people are

227
00:10:48,350 --> 00:10:46,410
just crashing in the [h__h] there's just

228
00:10:48,620 --> 00:10:48,360
none I just don't believe it there's

229
00:10:50,450 --> 00:10:48,630
some

230
00:10:52,280 --> 00:10:50,460
thing else happening here I don't know

231
00:10:54,410 --> 00:10:52,290
what it is I haven't looked into it but

232
00:10:55,430 --> 00:10:54,420
I would love for somebody to weigh in if

233
00:10:57,500 --> 00:10:55,440
there's someone in the audience who

234
00:10:58,850 --> 00:10:57,510
listens who who knows anything more

235
00:11:02,000 --> 00:10:58,860
about this but I just don't buy that

236
00:11:04,790 --> 00:11:02,010
people are like whoops oh well stand

237
00:11:07,370 --> 00:11:04,800
stand from Anchorage Alaska has been all

238
00:11:09,440 --> 00:11:07,380

over this he has been sending me

239

00:11:13,430 --> 00:11:09,450

articles keeping me up to date he has

240

00:11:15,950 --> 00:11:13,440

been an awesome listener funneling

241

00:11:17,480 --> 00:11:15,960

information to me and thank you very

242

00:11:19,310 --> 00:11:17,490

much Dan I really appreciate that

243

00:11:21,830 --> 00:11:19,320

have you called things when I call in on

244

00:11:23,810 --> 00:11:21,840

Saturday to give us a [h__h] lesson man

245

00:11:28,040 --> 00:11:23,820

yeah we'd love to know what's happening

246

00:11:32,510 --> 00:11:28,050

here boats you piece of [h__h] we got a

247

00:11:38,020 --> 00:11:32,520

caller here yes hi there I was calling

248

00:11:40,430 --> 00:11:38,030

about the stink caller go ahead hey guys

249

00:11:48,250 --> 00:11:40,440

interrupt your podcast oh yes go ahead

250

00:11:51,320 --> 00:11:48,260

thank you hey Stan what's going on buddy

251
00:11:54,230 --> 00:11:51,330
hey essentially all that stuff about the

252
00:11:55,990 --> 00:11:54,240
Giants McKean and I I found another

253
00:11:59,210 --> 00:11:56,000
thing I forgot to send to you was

254
00:12:02,000 --> 00:11:59,220
there's an article on CNN as opposed to

255
00:12:04,190 --> 00:12:02,010
the August 10th and in the article says

256
00:12:07,490 --> 00:12:04,200
the US destroyer in South transy called

257
00:12:10,010 --> 00:12:07,500
provocation by Beijing and the Jonah's

258
00:12:12,200 --> 00:12:10,020
machine was sailing near those man-made

259
00:12:16,670 --> 00:12:12,210
islands just roughly a week and a half

260
00:12:18,080 --> 00:12:16,680
before I got hit so we talked about we

261
00:12:20,690 --> 00:12:18,090
talked about a few of these stories the

262
00:12:24,010 --> 00:12:20,700
the the Fitzgerald McCain and there's

263
00:12:27,530 --> 00:12:24,020

been a total four different US Navy

264

00:12:30,800 --> 00:12:27,540

incidences in said I this year and so

265

00:12:31,970 --> 00:12:30,810

you're saying that the USS McCain was

266

00:12:35,900 --> 00:12:31,980

getting a little too close to those

267

00:12:39,500 --> 00:12:35,910

islands this might be retribution it's

268

00:12:41,690 --> 00:12:39,510

probably another piece of the puzzle no

269

00:12:42,980 --> 00:12:41,700

so we we don't know anything about this

270

00:12:44,480 --> 00:12:42,990

we talked about this earlier because it

271

00:12:45,740 --> 00:12:44,490

was like we're keep reading the stories

272

00:12:48,110 --> 00:12:45,750

reading the stories we can't put the

273

00:12:50,420 --> 00:12:48,120

pieces together help us understand what

274

00:12:53,240 --> 00:12:50,430

the hell is going on with all the I mean

275

00:12:55,340 --> 00:12:53,250

I just don't think these people are junk

276
00:12:57,190 --> 00:12:55,350
on rum and bumping into [\h__\h] there's

277
00:13:02,090 --> 00:12:57,200
something else going on here

278
00:13:03,920 --> 00:13:02,100
no on the radio today I was listening to

279
00:13:06,590 --> 00:13:03,930
or normal stuff and as you know the the

280
00:13:10,009 --> 00:13:06,600
national broadcast and I heard them say

281
00:13:12,530 --> 00:13:10,019
and I'm not crazy they said that you

282
00:13:14,660 --> 00:13:12,540
know a initial result and I'm not sure

283
00:13:16,579 --> 00:13:14,670
why they're releasing this other than

284
00:13:18,620 --> 00:13:16,589
you know because the investigation I'm

285
00:13:20,949 --> 00:13:18,630
sure is really infancy here on the John

286
00:13:23,900 --> 00:13:20,959
McCain but they said on the radio that

287
00:13:28,059 --> 00:13:23,910
they've acknowledged that the Jonas

288
00:13:29,809 --> 00:13:28,069

McCain lost navigation for three minutes

289

00:13:31,309 --> 00:13:29,819

okay I wonder if they would release

290

00:13:34,430 --> 00:13:31,319

something like that that's interesting

291

00:13:38,389 --> 00:13:34,440

then all navigation it sounds like a--

292

00:13:41,420 --> 00:13:38,399

yeah so it's a hackneyed well exactly

293

00:13:43,430 --> 00:13:41,430

and well my problem is even if a US Navy

294

00:13:44,269 --> 00:13:43,440

destroyer loses a navigation you know

295

00:13:46,670 --> 00:13:44,279

for three minutes

296

00:13:49,370 --> 00:13:46,680

that is propulsion and or the ability to

297

00:13:51,650 --> 00:13:49,380

steer the ship there's no reason they

298

00:13:55,639 --> 00:13:51,660

should be eminently being collided with

299

00:13:57,439 --> 00:13:55,649

by an oil tanker within three minutes so

300

00:13:59,689 --> 00:13:57,449

their call yeah it's it's a big-ass

301

00:14:04,240 --> 00:13:59,699

ocean out there how is it like that well

302

00:14:12,679 --> 00:14:06,800

is there some kind of EMP attack going

303

00:14:17,780 --> 00:14:12,689

or is this a deliberate let it happen

304

00:14:19,819 --> 00:14:17,790

kind of thing you know I think we're in

305

00:14:22,790 --> 00:14:19,829

a war and nobody is willing to

306

00:14:25,160 --> 00:14:22,800

acknowledge it and it's it's very

307

00:14:27,350 --> 00:14:25,170

complex it could be EMP it could be

308

00:14:30,230 --> 00:14:27,360

satellite weapons it could be submarine

309

00:14:33,079 --> 00:14:30,240

weapons there there are so many

310

00:14:35,120 --> 00:14:33,089

possibilities here but I think you know

311

00:14:38,420 --> 00:14:35,130

they just they just fired the Admiral

312

00:14:40,579 --> 00:14:38,430

that the scene over the entire uh you

313

00:14:43,610 --> 00:14:40,589

know seventh Fleet they're based out of

314

00:14:44,449 --> 00:14:43,620

Japan so they've already gone through

315

00:14:46,280 --> 00:14:44,459

the scapegoats

316

00:14:48,710 --> 00:14:46,290

you know they fired the captain that was

317

00:14:51,740 --> 00:14:48,720

the head of the first cruiser the

318

00:14:55,009 --> 00:14:51,750

Antietam that grounded itself in Tokyo

319

00:14:56,569 --> 00:14:55,019

Bay they've you know fired the few of

320

00:14:59,120 --> 00:14:56,579

the people on the Jonas on the

321

00:15:02,269 --> 00:14:59,130

Fitzgerald and I'm sure we'll probably

322

00:15:04,160 --> 00:15:02,279

be seeing the heads of the john mccain

323

00:15:04,340 --> 00:15:04,170

getting fired here in the next month or

324

00:15:06,740 --> 00:15:04,350

two

325

00:15:08,480 --> 00:15:06,750

and now they just released the admiral

326

00:15:12,590 --> 00:15:08,490

so there they're working through their

327

00:15:15,150 --> 00:15:12,600

bureaucracy but one one local article

328

00:15:18,689 --> 00:15:15,160

well an article here that is

329

00:15:19,889 --> 00:15:18,699

remains of some of sarios a little bit

330

00:15:23,189 --> 00:15:19,899

of a news report on this if you don't

331

00:15:25,829 --> 00:15:23,199

mind this is from CBS no that's fine CBS

332

00:15:27,420 --> 00:15:25,839

News and the sailors they're dead that's

333

00:15:29,490 --> 00:15:27,430

one of the us any blowback renderings

334

00:15:31,889 --> 00:15:29,500

collided this week with an oil tanker

335

00:15:34,019 --> 00:15:31,899

off Singapore the sailors were trapped

336

00:15:37,470 --> 00:15:34,029

in a flooded compartment here's David

337

00:15:39,749 --> 00:15:37,480

Martin what you see at the water line of

338

00:15:42,840 --> 00:15:39,759

the McCain offers only a hint of the

339

00:15:45,689 --> 00:15:42,850

damage divers found below the bulbous

340

00:15:48,840 --> 00:15:45,699

bow of the tanker tore a 28 foot wide

341

00:15:50,400 --> 00:15:48,850

hole in the ship's hull for sweeping

342

00:15:53,340 --> 00:15:50,410

compartments were completely flooded

343

00:15:55,769 --> 00:15:53,350

their insides turned into such a twisted

344

00:15:58,100 --> 00:15:55,779

tangled mess that divers could not

345

00:16:00,720 --> 00:15:58,110

recover all the bodies they located

346

00:16:03,050 --> 00:16:00,730

Admiral Scott swift is commander of the

347

00:16:07,679 --> 00:16:03,060

Pacific Fleet all the guys fired now

348

00:16:10,740 --> 00:16:07,689

damage is quite significant the

349

00:16:14,369 --> 00:16:10,750

watertight integrity was compromised

350

00:16:16,499 --> 00:16:14,379

many of the spaces were flooded the only

351

00:16:18,360 --> 00:16:16,509

clue what caused the accident is an

352

00:16:19,829 --> 00:16:18,370

initial rudiment that might not be true

353

00:16:22,379 --> 00:16:19,839

I don't know if he's fired but the

354

00:16:31,170 --> 00:16:22,389

commander of the seventh Fleet is now

355

00:16:36,929 --> 00:16:31,180

gone okay yeah Vice Admiral Joe Koon

356

00:16:38,429 --> 00:16:36,939

yeah okay yeah he's gone gone because I

357

00:16:40,620 --> 00:16:38,439

have so many questions

358

00:16:41,550 --> 00:16:40,630

no yeah we did let's let's let's talk to

359

00:16:46,679 --> 00:16:41,560

Stan he's here I'm not gonna play that

360

00:16:50,759 --> 00:16:46,689

anymore okay so what who are we at war

361

00:16:52,470 --> 00:16:50,769

with and and is this what all the media

362

00:16:54,569 --> 00:16:52,480

hype about everything else is like

363

00:16:56,309 --> 00:16:54,579

protect us from hearing about all these

364

00:16:59,790 --> 00:16:56,319

you've got a lot of [h__h] about North

365

00:17:03,120 --> 00:16:59,800

Korea but you're this [h__h] is news to me

366

00:17:06,059 --> 00:17:03,130

who are we at war with this is a war

367

00:17:09,210 --> 00:17:06,069

with China and you know China uses North

368

00:17:12,569 --> 00:17:09,220

Korea as a proxy army to create and stir

369

00:17:14,909 --> 00:17:12,579

stuff because anybody can do any kind of

370

00:17:17,760 --> 00:17:14,919

search on this and they can find out

371

00:17:19,169 --> 00:17:17,770

that you know where's where does North

372

00:17:22,679 --> 00:17:19,179

Korea get most our money from and it's

373

00:17:25,230 --> 00:17:22,689

from trade with China so why else would

374

00:17:27,600 --> 00:17:25,240

there you know whether would they have a

375

00:17:29,399 --> 00:17:27,610

bit of money and all this stuff to be

376

00:17:29,730 --> 00:17:29,409

able to do what they're doing and the

377

00:17:31,860 --> 00:17:29,740

fact

378

00:17:33,630 --> 00:17:31,870

they're getting I know some of the

379

00:17:35,310 --> 00:17:33,640

articles I've seen is that the you North

380

00:17:37,260 --> 00:17:35,320

Koreans are getting Ukrainian on

381

00:17:38,669 --> 00:17:37,270

technology which wouldn't make sense you

382

00:17:41,760 --> 00:17:38,679

know because they're kind of allied you

383

00:17:43,890 --> 00:17:41,770

know against Russia Russia here yeah but

384

00:17:46,770 --> 00:17:43,900

yeah I think that's what's going on here

385

00:17:50,040 --> 00:17:46,780

and people are right now are looking to

386

00:17:54,120 --> 00:17:50,050

try and make excuses on our side to say

387

00:17:55,080 --> 00:17:54,130

why things would happen we are in the

388

00:17:56,820 --> 00:17:55,090

middle of the conflict

389

00:18:01,260 --> 00:17:56,830

so what's it what's the scenario that

390

00:18:05,340 --> 00:18:01,270

this this is this was a Singapore oil

391

00:18:07,890 --> 00:18:05,350

tanker was it commandeered was remotely

392

00:18:11,310 --> 00:18:07,900

controlled or was it hired to run into

393

00:18:14,070 --> 00:18:11,320

this destroyer and this destroyer must

394

00:18:15,780 --> 00:18:14,080

have had the sensors taken down or was

395

00:18:17,730 --> 00:18:15,790

unable to move for this to happen so

396

00:18:21,390 --> 00:18:17,740

there's a lot coordination here there's

397

00:18:23,870 --> 00:18:21,400

total and complete incompetence or

398

00:18:27,600 --> 00:18:23,880

something else is really going on here

399

00:18:30,900 --> 00:18:27,610

yeah you know it's how do you justify

400

00:18:34,830 --> 00:18:30,910

cuz this this ship they'll how Hellenic

401
00:18:39,120 --> 00:18:34,840
and see was a Liberian flag ship and it

402
00:18:41,640 --> 00:18:39,130
was sailing from Taiwan to Singapore

403
00:18:45,180 --> 00:18:41,650
with about ninety thousand barrels of

404
00:18:46,740 --> 00:18:45,190
oil on it and then I'm sure it it's

405
00:18:48,419 --> 00:18:46,750
definitely not a full load of oil on

406
00:18:51,630 --> 00:18:48,429
there not sure why it it had what it had

407
00:18:53,880 --> 00:18:51,640
but you know it's a oil tanker and it

408
00:18:57,060 --> 00:18:53,890
was you know going there and I think

409
00:18:58,980 --> 00:18:57,070
that somehow these you know oil tanker

410
00:19:01,560 --> 00:18:58,990
and the container ship are also being

411
00:19:04,830 --> 00:19:01,570
either controlled or manipulated at the

412
00:19:07,799 --> 00:19:04,840
same time and I would just say hey why

413
00:19:09,600 --> 00:19:07,809

can we not get a straight story from the

414

00:19:11,790 --> 00:19:09,610

people that are running the destroyers

415

00:19:13,530 --> 00:19:11,800

or running these these you know these

416

00:19:15,299 --> 00:19:13,540

large ships that are into people but if

417

00:19:17,610 --> 00:19:15,309

you get some splitting information on it

418

00:19:20,190 --> 00:19:17,620

and then we do the investigation and

419

00:19:21,360 --> 00:19:20,200

then and effectively with SS Fitzgerald

420

00:19:23,370 --> 00:19:21,370

who said oh they made a bunch of

421

00:19:26,400 --> 00:19:23,380

mistakes like that's that's too

422

00:19:27,870 --> 00:19:26,410

convenient and one thing I really want

423

00:19:28,830 --> 00:19:27,880

to say about this for all the people in

424

00:19:32,460 --> 00:19:28,840

the Navy

425

00:19:34,560 --> 00:19:32,470

think about the fact if you are in the

426

00:19:37,680 --> 00:19:34,570

Navy right now especially specifically

427

00:19:39,900 --> 00:19:37,690

seventhly over you know western Pacific

428

00:19:42,630 --> 00:19:39,910

and you're near Japan you know based on

429

00:19:43,510 --> 00:19:42,640

Yokosuka which is both of the drama king

430

00:19:46,180 --> 00:19:43,520

and the

431

00:19:47,440 --> 00:19:46,190

shareable space out of how would you go

432

00:19:48,670 --> 00:19:47,450

to bed at night knowing that you're

433

00:19:50,050 --> 00:19:48,680

gonna go on your birthing area and

434

00:19:51,280 --> 00:19:50,060

there's a good chance that your ships

435

00:19:56,620 --> 00:19:51,290

can get ran by something and you're

436

00:19:59,580 --> 00:19:56,630

gonna drown and die yeah we talked about

437

00:20:03,820 --> 00:19:59,590

this bring up the USS Cole that was

438

00:20:05,440 --> 00:20:03,830

bombed by a commercial vehicle and that

439

00:20:08,470 --> 00:20:05,450

was attributed to al-qaeda that was back

440

00:20:11,460 --> 00:20:08,480

in 2000 2001 and they haven't fixed this

441

00:20:15,910 --> 00:20:11,470

close proximity issue with other

442

00:20:18,400 --> 00:20:15,920

commercial vehicles in 16 years so

443

00:20:22,450 --> 00:20:18,410

either they're yeah pletely incompetent

444

00:20:25,000 --> 00:20:22,460

which i don't believe or something else

445

00:20:29,020 --> 00:20:25,010

is going on I don't believe in y'all

446

00:20:30,700 --> 00:20:29,030

name is that incompetent no but they are

447

00:20:33,790 --> 00:20:30,710

starting to throw out articles and when

448

00:20:36,340 --> 00:20:33,800

I was just reading today one one former

449

00:20:38,290 --> 00:20:36,350

Navy guy kind of things you know he was

450

00:20:41,490 --> 00:20:38,300

kind of what he Morris alluded to said

451
00:20:45,250 --> 00:20:41,500
the US Navy has stretched itself and and

452
00:20:46,840 --> 00:20:45,260
the people that they're they're focused

453
00:20:49,360 --> 00:20:46,850
on their job but they're not so focused

454
00:20:51,160 --> 00:20:49,370
on themselves so what that leads to is a

455
00:20:52,930 --> 00:20:51,170
lack of taking care of their own body

456
00:20:55,360 --> 00:20:52,940
and sometimes that may be a lack of

457
00:20:57,400 --> 00:20:55,370
sleep and what I have to say to that is

458
00:20:59,230 --> 00:20:57,410
if there's 300 people on a US destroyer

459
00:21:00,610 --> 00:20:59,240
and there's enough people that are

460
00:21:02,590 --> 00:21:00,620
lacking sleep they can't actually do

461
00:21:06,820 --> 00:21:02,600
their job and to prevent the ship run

462
00:21:08,320 --> 00:21:06,830
into something then we have a our

463
00:21:10,210 --> 00:21:08,330

priorities are completely out of whack

464

00:21:11,980 --> 00:21:10,220

and I don't buy that I think they're

465

00:21:13,960 --> 00:21:11,990

trying to set a narrative to try and

466

00:21:15,580 --> 00:21:13,970

justify it and I think what the Navy is

467

00:21:17,080 --> 00:21:15,590

gonna do is they're gonna say well to

468

00:21:19,060 --> 00:21:17,090

fix this we just need to fire a bunch of

469

00:21:21,760 --> 00:21:19,070

people spend more money on more boats

470

00:21:24,310 --> 00:21:21,770

and then you know just keep spending

471

00:21:26,410 --> 00:21:24,320

more money and that's not how it's all

472

00:21:30,130 --> 00:21:26,420

this well the obvious is the other

473

00:21:35,110 --> 00:21:30,140

solution is to make sure every seaman is

474

00:21:37,210 --> 00:21:35,120

on meth they never have to worry about

475

00:21:40,440 --> 00:21:37,220

sleep again trucker speed come on

476
00:21:42,700 --> 00:21:40,450
[h__h] there you go hey so what about

477
00:21:44,260 --> 00:21:42,710
and I know I don't want you to forget

478
00:21:46,180 --> 00:21:44,270
your point so please make a note of it

479
00:21:47,620 --> 00:21:46,190
but what about does this tie at all to

480
00:21:50,080 --> 00:21:47,630
the Afghanistan announcement that we

481
00:21:52,180 --> 00:21:50,090
heard this week as well it's like just

482
00:21:56,230 --> 00:21:52,190
spend the money like keep doubling down

483
00:21:57,340 --> 00:21:56,240
or something yeah I do believe that and

484
00:21:59,740 --> 00:21:57,350
I think part of this is

485
00:22:01,000 --> 00:21:59,750
that probably trump has been told by the

486
00:22:02,440 --> 00:22:01,010
inner circle there at the

487
00:22:05,200 --> 00:22:02,450
military-industrial complex to say

488
00:22:07,500 --> 00:22:05,210

you're gonna play ball we spend more

489

00:22:10,090 --> 00:22:07,510

money we're gonna do more work and

490

00:22:12,100 --> 00:22:10,100

effectively you know you're gonna go

491

00:22:15,039 --> 00:22:12,110

against your campaign promises and and

492

00:22:16,930 --> 00:22:15,049

how you you know more or less commented

493

00:22:19,299 --> 00:22:16,940

on Afghanistan war for last 16 years

494

00:22:21,880 --> 00:22:19,309

your life and you're gonna do a 180 and

495

00:22:24,310 --> 00:22:21,890

say us that's us increase our activity

496

00:22:26,380 --> 00:22:24,320

now granted you know he what you've said

497

00:22:28,810 --> 00:22:26,390

it let's let's finish the job and let's

498

00:22:30,880 --> 00:22:28,820

get it done but effectively there is no

499

00:22:33,130 --> 00:22:30,890

end to this because you are never gonna

500

00:22:36,310 --> 00:22:33,140

get rid of every single terrorist there

501
00:22:37,950 --> 00:22:36,320
and what you don't have a real goal at

502
00:22:40,870 --> 00:22:37,960
the end of it at the you know you'll

503
00:22:43,450 --> 00:22:40,880
directly hand the country over to its

504
00:22:44,529 --> 00:22:43,460
government if you leave then the country

505
00:22:46,149 --> 00:22:44,539
is going to do is going to do because

506
00:22:47,470 --> 00:22:46,159
we're not no longer nation-building

507
00:22:50,950 --> 00:22:47,480
which is a good thing we shouldn't be

508
00:22:57,090 --> 00:22:50,960
nation-building we're much money in the

509
00:23:04,720 --> 00:23:01,590
[Laughter]

510
00:23:07,029 --> 00:23:04,730
clips but I I find this all completely

511
00:23:09,430 --> 00:23:07,039
fascinating and and I love that you know

512
00:23:11,440 --> 00:23:09,440
we're all just calling each other Nazis

513
00:23:13,539 --> 00:23:11,450

now I said nobody's talking about any of

514

00:23:14,169 --> 00:23:13,549

this [h__h] but now it's kind of the [h__\h]

515

00:23:17,470 --> 00:23:14,179

in the world

516

00:23:20,500 --> 00:23:17,480

oh absolutely no that's that's all a

517

00:23:21,760 --> 00:23:20,510

distraction I think you it kind of I was

518

00:23:23,980 --> 00:23:21,770

just talking to someone here today at my

519

00:23:26,169 --> 00:23:23,990

work about it back in the 60s and all

520

00:23:27,789 --> 00:23:26,179

the demonstrations and all the different

521

00:23:29,740 --> 00:23:27,799

groups and they were involved in the

522

00:23:31,419 --> 00:23:29,750

protests and stuff like that and you

523

00:23:33,340 --> 00:23:31,429

know and you know and Aoife you know

524

00:23:34,539 --> 00:23:33,350

which you know it's really funny

525

00:23:36,460 --> 00:23:34,549

listening to like people like Sean

526
00:23:38,380 --> 00:23:36,470
Hannity other people say like and Tifa

527
00:23:40,600 --> 00:23:38,390
or mispronouncing and saying something

528
00:23:42,279 --> 00:23:40,610
else you know boiling it down people

529
00:23:44,649 --> 00:23:42,289
these are you know these are being run

530
00:23:46,600 --> 00:23:44,659
and paid for by you know George Soros

531
00:23:49,630 --> 00:23:46,610
and other other you know globalist

532
00:23:51,460 --> 00:23:49,640
billing their groups and you know a lot

533
00:23:52,810 --> 00:23:51,470
of these are very you know there's

534
00:23:55,450 --> 00:23:52,820
probably well-meaning people within

535
00:23:58,899 --> 00:23:55,460
these groups but they are run just kind

536
00:24:01,960 --> 00:23:58,909
of like the Occupy Wall Street groups

537
00:24:04,419 --> 00:24:01,970
and other anti you know other groups and

538
00:24:08,310 --> 00:24:04,429

they're leading to a lot of this is just

539

00:24:10,990 --> 00:24:08,320

just straight-up communism it's you know

540

00:24:14,140 --> 00:24:11,000

no brazil ski you know

541

00:24:16,180 --> 00:24:14,150

rules for radicals it's all just a basic

542

00:24:19,660 --> 00:24:16,190

foil down of trying to just destroy this

543

00:24:21,610 --> 00:24:19,670

culture of this country and destroying

544

00:24:23,650 --> 00:24:21,620

it from within and I think you guys have

545

00:24:25,390 --> 00:24:23,660

already talked about that one former KGB

546

00:24:27,340 --> 00:24:25,400

agent that said you know that we

547

00:24:29,170 --> 00:24:27,350

determined that the best way to destroy

548

00:24:31,510 --> 00:24:29,180

America was from within by destroying

549

00:24:33,840 --> 00:24:31,520

its own culture versus militarily and

550

00:24:37,090 --> 00:24:33,850

that's obviously happening right now

551
00:24:38,920 --> 00:24:37,100
this was a multi-front war and part of

552
00:24:40,720 --> 00:24:38,930
it at this culture war where we're

553
00:24:43,840 --> 00:24:40,730
trying to destroy ourselves and did you

554
00:24:46,080 --> 00:24:43,850
guys even see that with this whole into

555
00:24:49,720 --> 00:24:46,090
civil war monument thing there was a

556
00:24:51,130 --> 00:24:49,730
there's a sportscaster on ESPN we know

557
00:24:54,280 --> 00:24:51,140
he's talking about it on the show

558
00:24:55,960 --> 00:24:54,290
yeah broadly yeah hold on yeah it's

559
00:24:58,450 --> 00:24:55,970
[h__\h] like there could be need to be

560
00:25:00,370 --> 00:24:58,460
pulled away and not broadcasting on a

561
00:25:02,500 --> 00:25:00,380
Virginia football or baseball or

562
00:25:05,170 --> 00:25:02,510
whatever sporting event because you know

563
00:25:07,150 --> 00:25:05,180

because of robert e lee i mean these

564

00:25:09,490 --> 00:25:07,160

people look themselves in the mirror and

565

00:25:12,130 --> 00:25:09,500

they believe this stuff and you have to

566

00:25:14,260 --> 00:25:12,140

understand these mmm these people are

567

00:25:17,020 --> 00:25:14,270

completely correct out of their mind

568

00:25:19,900 --> 00:25:17,030

they are not rational but they mean what

569

00:25:21,430 --> 00:25:19,910

they mean and effectively you can just

570

00:25:23,590 --> 00:25:21,440

look at them as just strong hard

571

00:25:28,110 --> 00:25:23,600

communists who are not going to meet you

572

00:25:30,520 --> 00:25:28,120

in the middle these people now I wanna

573

00:25:32,800 --> 00:25:30,530

hear back we're gonna wind things up I

574

00:25:34,600 --> 00:25:32,810

don't want to get into the whole bikes

575

00:25:37,270 --> 00:25:34,610

been told not to talk about politics

576

00:25:38,470 --> 00:25:37,280

there's no no you don't want to talk

577

00:25:40,510 --> 00:25:38,480

about it anymore I find this [h__\h]

578

00:25:42,010 --> 00:25:40,520

totally fascinating but it's not like I

579

00:25:45,130 --> 00:25:42,020

don't want to talk about it anymore

580

00:25:47,110 --> 00:25:45,140

it's it's that it's been going on for

581

00:25:49,450 --> 00:25:47,120

episodes and episodes now if there's a

582

00:25:51,340 --> 00:25:49,460

conspiracy behind it's fine the fever

583

00:25:54,340 --> 00:25:51,350

pitch dude it's like this is a very

584

00:25:56,400 --> 00:25:54,350

remarkable time in our country and you

585

00:25:59,500 --> 00:25:56,410

don't want to talk about the most

586

00:26:03,570 --> 00:25:59,510

topical thing it's almost like well then

587

00:26:05,920 --> 00:26:03,580

why do I do the show well but it's

588

00:26:08,170 --> 00:26:05,930

absolutely no one no one tells me what I

589

00:26:10,510 --> 00:26:08,180

do and don't want to talk about I mean

590

00:26:11,890 --> 00:26:10,520

that's that's first I might be told to

591

00:26:14,560 --> 00:26:11,900

talk about one thing or another

592

00:26:16,750 --> 00:26:14,570

he'll know everybody feels know I might

593

00:26:18,550 --> 00:26:16,760

be no no I might being told what I can

594

00:26:21,910 --> 00:26:18,560

and can't talk about what I don't want

595

00:26:22,360 --> 00:26:21,920

is the same regurgitating topics being

596

00:26:24,130 --> 00:26:22,370

brought up

597

00:26:25,799 --> 00:26:24,140

over and over he now there's if we want

598

00:26:29,080 --> 00:26:25,809

to talk about the left and right and

599

00:26:31,299 --> 00:26:29,090

that's fine and the the players behind

600

00:26:34,870 --> 00:26:31,309

that that's fine we already recognize

601
00:26:36,340 --> 00:26:34,880
that there's differences in the dog

602
00:26:38,020 --> 00:26:36,350
that's all I want to say rules are dumb

603
00:26:44,320 --> 00:26:38,030
it doesn't have to be any longer than

604
00:26:46,120 --> 00:26:44,330
that yeah yeah you know yeah because I

605
00:26:48,190 --> 00:26:46,130
got agree with Mike in some instance

606
00:26:49,360 --> 00:26:48,200
because yes this is getting you know we

607
00:26:51,280 --> 00:26:49,370
don't want to get sucked into this

608
00:26:54,190 --> 00:26:51,290
left-right paradigm and just focus on

609
00:26:55,660 --> 00:26:54,200
that and I understand that and by I see

610
00:26:58,180 --> 00:26:55,670
Joe's viewpoint too is we don't want to

611
00:26:59,799 --> 00:26:58,190
forget this but before I go I want to

612
00:27:01,480 --> 00:26:59,809
make sure so do you you talked about

613
00:27:03,400 --> 00:27:01,490

that movie the Snowman let's let's go to

614

00:27:04,840 --> 00:27:03,410

another topic here you talked about the

615

00:27:08,350 --> 00:27:04,850

movie the Snowman I'm stealing your idea

616

00:27:10,060 --> 00:27:08,360

right Mike oh yeah yeah so did you also

617

00:27:12,430 --> 00:27:10,070

see the article I sent you about the

618

00:27:14,580 --> 00:27:12,440

bath the public bathroom in the UK no I

619

00:27:16,810 --> 00:27:14,590

didn't I don't know if I read that one

620

00:27:18,790 --> 00:27:16,820

you need to look at one of my other

621

00:27:22,000 --> 00:27:18,800

emails where I sent you along with that

622

00:27:23,710 --> 00:27:22,010

about the Snowman movie so so just real

623

00:27:25,750 --> 00:27:23,720

quick a real quick story so I you know

624

00:27:28,720 --> 00:27:25,760

last week sat down the movie was

625

00:27:30,460 --> 00:27:28,730

watching the Dunkirk movie sitting there

626

00:27:31,900 --> 00:27:30,470

before the movie starts you know they do

627

00:27:33,400 --> 00:27:31,910

the little previews and stuff like that

628

00:27:35,620 --> 00:27:33,410

then they show the Snowman movie I'm not

629

00:27:37,570 --> 00:27:35,630

like oh you got it kidding the Snowman

630

00:27:40,840 --> 00:27:37,580

like a ghost stole Mike's idea lose this

631

00:27:45,130 --> 00:27:40,850

lock stock and barrel but then the next

632

00:27:48,280 --> 00:27:45,140

day there was an article about a public

633

00:27:51,190 --> 00:27:48,290

bathroom being shut down in the UK in

634

00:27:55,120 --> 00:27:51,200

Britain because of somebody using

635

00:27:58,690 --> 00:27:55,130

carrots for sexual vitamins like

636

00:28:01,120 --> 00:27:58,700

literally you go find the email I sent

637

00:28:02,980 --> 00:28:01,130

you and they did they were literally

638

00:28:05,290 --> 00:28:02,990

using carrots in the better so I thought

639

00:28:07,750 --> 00:28:05,300

instantly it's like the snowman is alive

640

00:28:09,030 --> 00:28:07,760

and well in the UK I'll have to finally

641

00:28:11,960 --> 00:28:09,040

yeah absolutely

642

00:28:13,970 --> 00:28:11,970

[Applause]

643

00:28:17,000 --> 00:28:13,980

Oh y'all have two outs take a look at

644

00:28:18,919 --> 00:28:17,010

that yeah yeah don't find it not even

645

00:28:20,990 --> 00:28:18,929

we're gonna we're gonna God thank you so

646

00:28:23,630 --> 00:28:21,000

much we're wide issue up Thank You Stan

647

00:28:28,720 --> 00:28:23,640

I really appreciate your contributions

648

00:28:34,910 --> 00:28:32,410

okay thank you for your call [\h__\h]

649

00:28:37,280 --> 00:28:34,920

that's a yeah that's a good way to end

650

00:28:39,740 --> 00:28:37,290

that show holy cow we just asked him to

651
00:28:41,930 --> 00:28:39,750
call in for Saturday yeah well he may he

652
00:28:43,120 --> 00:28:41,940
might do that but he's in Alaska

653
00:28:45,289 --> 00:28:43,130
[Music]

654
00:28:48,280 --> 00:28:45,299
government I don't mind talking about

655
00:28:51,350 --> 00:28:48,290
politics but I also just I don't want to

656
00:28:53,780 --> 00:28:51,360
fall into the hole versus right thing I

657
00:28:57,340 --> 00:28:53,790
really don't you have to you have to use

658
00:29:02,510 --> 00:28:59,900
there is a right the ante Falls the left

659
00:29:04,190 --> 00:29:02,520
the these white now Melissa are on the

660
00:29:05,780 --> 00:29:04,200
right and I'm not trying to pick sides

661
00:29:07,159 --> 00:29:05,790
or anything I'm just trying to use the

662
00:29:08,960 --> 00:29:07,169
language that people know I mean if you

663
00:29:10,850 --> 00:29:08,970

want to use different terms that's fine

664

00:29:13,340 --> 00:29:10,860

but I don't like policing language

665

00:29:16,220 --> 00:29:13,350

period I don't I don't I don't want to

666

00:29:18,230 --> 00:29:16,230

make rules for the the podcast I really

667

00:29:20,150 --> 00:29:18,240

don't I just want I want to dig a little

668

00:29:21,680 --> 00:29:20,160

deeper if there is a civil war happening

669

00:29:23,180 --> 00:29:21,690

I'd like to talk about that I don't want

670

00:29:24,320 --> 00:29:23,190

to talk about how it's not gonna be two

671

00:29:25,909 --> 00:29:24,330

sides to the Civil War

672

00:29:30,860 --> 00:29:25,919

yeah I know I just don't mind once your

673

00:29:32,450 --> 00:29:30,870

logic it's makes no sense I I know I'm

674

00:29:34,520 --> 00:29:32,460

not right about everything I just I have

675

00:29:37,909 --> 00:29:34,530

to go with my my gut on the certain

676

00:29:39,830 --> 00:29:37,919

things we're all Robert Lee just calling

677

00:29:43,490 --> 00:29:39,840

the game I'll take this out because I'm

678

00:29:46,060 --> 00:29:43,500

a [h__h] Civil War general I'm an Asian

679

00:29:49,549 --> 00:29:46,070

Civil War general take me out of my job

680

00:29:53,030 --> 00:29:49,559

you call me depend on you - we have to

681

00:29:56,120 --> 00:29:53,040

[h__h] address it honest I will be I I

682

00:29:59,220 --> 00:29:56,130

don't want to censor anybody wants to

683

00:30:01,680 --> 00:29:59,230

bring anything to the show I just want

684

00:30:05,220 --> 00:30:01,690

to focus on like it when it comes to

685

00:30:06,570 --> 00:30:05,230

politics policies and I don't want to

686

00:30:09,180 --> 00:30:06,580

like demonize people

687

00:30:11,130 --> 00:30:09,190

I really don't and like because I

688

00:30:13,110 --> 00:30:11,140

believe people can't change yeah

689

00:30:14,960 --> 00:30:13,120

absolutely I believe people can change I

690

00:30:18,539 --> 00:30:14,970

believe opinions can change I believe

691

00:30:20,340 --> 00:30:18,549

people's thoughts and passions can

692

00:30:24,000 --> 00:30:20,350

change and so I don't want to demonize

693

00:30:27,240 --> 00:30:24,010

anybody for any anyone's belief system

694

00:30:29,070 --> 00:30:27,250

or anything like that so I'd like to

695

00:30:31,590 --> 00:30:29,080

come to the table when it comes to like

696

00:30:33,900 --> 00:30:31,600

these kind of talks and politics there's

697

00:30:35,970 --> 00:30:33,910

something a little bit more here and

698

00:30:36,810 --> 00:30:35,980

hand each other to do it right you're

699

00:30:39,090 --> 00:30:36,820

right climate

700

00:30:42,510 --> 00:30:39,100

you're uh you're right we need to punch

701
00:30:45,000 --> 00:30:42,520
each other it's I'm gonna we should

702
00:30:48,000 --> 00:30:45,010
invent a fist that can punch you

703
00:30:50,039 --> 00:30:48,010
it's teledildonics but with punching so

704
00:30:54,440 --> 00:30:50,049
we punch cards maybe like the bra

705
00:30:58,110 --> 00:30:54,450
o'clock but for punching the backlight

706
00:31:00,180 --> 00:30:58,120
onyx and in machine learning to punch

707
00:31:01,049 --> 00:31:00,190
Nazis automatic alright thank you

708
00:31:02,460 --> 00:31:01,059
everyone

709
00:31:05,450 --> 00:31:02,470
we will talk to you next time thank you

710
00:31:08,880 --> 00:31:05,460
