00:00:00,320 --> 00:00:06,970
[Applause]

2
00:00:06,980 --> 00:00:17,830
[Music]

3
00:00:28,870 --> 00:00:27,159
Oh welcome back to monsters talking

4
00:00:32,470 --> 00:00:28,880
about them I wasn't expecting you to use

5
00:00:35,860 --> 00:00:32,480
the long trip I told you yeah definitely

6
00:00:37,960 --> 00:00:35,870
yeah wait a sleight-of-hand there this

7
00:00:40,180 --> 00:00:37,970
is a another series I guess it'll be

8
00:00:43,750 --> 00:00:40,190
more older stuff that I've dug up online

9
00:00:45,960 --> 00:00:43,760
from from Bigfoot sightings I guess I

10
00:00:49,450 --> 00:00:45,970
cross the decades here and this one

11
00:00:54,850 --> 00:00:49,460
comes from British Columbia in Canada

12
00:00:57,189 --> 00:00:54,860
for 1955 I think it's called the I think

13
00:00:58,810 --> 00:00:57,199

it's William Rowe a sworn affidavit

14

00:01:00,429 --> 00:00:58,820

signed by William row and about his

15

00:01:02,410 --> 00:01:00,439

sighting so I was taking out of a book

16

00:01:05,590 --> 00:01:02,420

written by Ivan T Sanderson the

17

00:01:08,679 --> 00:01:05,600

abominable snowman legend come to life

18

00:01:10,780 --> 00:01:08,689

just in case anybody was wondering so

19

00:01:12,730 --> 00:01:10,790

this guy scientist affidavit to the

20

00:01:14,499 --> 00:01:12,740

police about saying or whoever it was

21

00:01:17,190 --> 00:01:14,509

he's the police he was telling them

22

00:01:20,440 --> 00:01:17,200

about and he was in this place called uh

23

00:01:22,389 --> 00:01:20,450

I think it state gone hey John take

24

00:01:24,910 --> 00:01:22,399

Johnny means Yellowhead cash in British

25

00:01:26,789 --> 00:01:24,920

Columbia but 80 miles west of Jasper

26

00:01:28,929 --> 00:01:26,799

Alberta if anyone's familiar with that

27

00:01:30,940 --> 00:01:28,939

and apparently he was working out a

28

00:01:34,209 --> 00:01:30,950

highway on near that location at that

29

00:01:36,819 --> 00:01:34,219

time in October of 55 he decided to

30

00:01:39,309 --> 00:01:36,829

climb five miles up to Mike a mountain

31

00:01:42,459 --> 00:01:39,319

in an old deserted mine or something to

32

00:01:44,919 --> 00:01:42,469

do apparently he came in sight of the

33

00:01:46,480 --> 00:01:44,929

miner on 3 p.m. when he saw what he

34

00:01:48,429 --> 00:01:46,490

believed was a grizzly bear in the bush

35

00:01:50,889 --> 00:01:48,439

off to the side of the abandoned mine

36

00:01:52,179 --> 00:01:50,899

entrance fee only he'd shot Grizzlies

37

00:01:54,969 --> 00:01:52,189

near this spot so he didn't think about

38

00:01:57,730 --> 00:01:54,979

a year earlier didn't think much of it

39

00:01:58,989 --> 00:01:57,740

it was about 75 yards away okay he

40

00:02:00,399 --> 00:01:58,999

didn't want to shoot it because well he

41

00:02:02,319 --> 00:02:00,409

had no way of getting it out and hike

42

00:02:03,849 --> 00:02:02,329

five miles back the grizzly bear if you

43

00:02:07,300 --> 00:02:03,859

working killer for meat or whatever

44

00:02:08,859 --> 00:02:07,310

trophy so he decided to sit down in a

45

00:02:12,490 --> 00:02:08,869

small rock and watch it with his rifle

46

00:02:14,740 --> 00:02:12,500

in his hands - it was up to but soon

47

00:02:16,330 --> 00:02:14,750

seen after starting the water it raised

48

00:02:19,449 --> 00:02:16,340

up and stepped out into the open and it

49

00:02:21,760 --> 00:02:19,459

was uh clearly not a bear now he gives a

50

00:02:25,449 --> 00:02:21,770

pretty good description recollection of

51
00:02:27,220 --> 00:02:25,459
what he saw one of the more lengthy ones

52
00:02:31,070 --> 00:02:27,230
I've ever found here in one of these

53
00:02:32,630 --> 00:02:31,080
eyewitnesses Kate cases so apparent

54
00:02:34,490 --> 00:02:32,640
walking across the clearing directly

55
00:02:36,340 --> 00:02:34,500
towards him his first impression that it

56
00:02:39,290 --> 00:02:36,350
was a huge man about six feet tall

57
00:02:40,340 --> 00:02:39,300
almost three feet wide says it area

58
00:02:43,580 --> 00:02:40,350
feels like a chode

59
00:02:46,990 --> 00:02:43,590
you know um probably way number around

60
00:02:49,630 --> 00:02:47,000
300 pounds it could have been Alex Jones

61
00:02:53,420 --> 00:02:49,640
covered from head to foot in dark brown

62
00:02:54,740 --> 00:02:53,430
silver-tipped fur does it came closer he

63
00:02:59,090 --> 00:02:54,750

saw it had breasts and that was his

64
00:03:01,070 --> 00:02:59,100
female so there he goes yeah holy [h__\h]

65
00:03:03,530 --> 00:03:01,080
yes someone actually said that he

66
00:03:06,170 --> 00:03:03,540
actually looked at genitalia yeah they

67
00:03:08,240 --> 00:03:06,180
didn't just give it a quick glance and

68
00:03:09,740 --> 00:03:08,250
say yeah I saw this but I did not evil

69
00:03:14,330 --> 00:03:09,750
wasn't able to look at the chest or the

70
00:03:15,830 --> 00:03:14,340
groin oh all right damn he's a man

71
00:03:18,740 --> 00:03:15,840
though he's a woman now

72
00:03:20,150 --> 00:03:18,750
yeah the woman to woman well I don't

73
00:03:25,300 --> 00:03:20,160
know if it's a woman but it's a female

74
00:03:27,770 --> 00:03:25,310
Bigfoot okay good right no he did say

75
00:03:29,660 --> 00:03:27,780
its torso was not curved like a female

76

00:03:31,670 --> 00:03:29,670

it was like a curvy female big but you

77

00:03:33,890 --> 00:03:31,680

just notice it had breasts damn so he

78

00:03:35,780 --> 00:03:33,900

bangin he was saying that it was a

79

00:03:42,470 --> 00:03:35,790

female but he didn't want to bang it

80

00:03:46,040 --> 00:03:42,480

yeah please nasty oh no st. he would not

81

00:03:48,530 --> 00:03:46,050

do this particular big buddy apparently

82

00:03:51,020 --> 00:03:48,540

had a broad frame was straight from

83

00:03:52,820 --> 00:03:51,030

shoulder to hip its its arms are much

84

00:03:56,180 --> 00:03:52,830

thicker than a man's arms and longer

85

00:03:58,370 --> 00:03:56,190

reaching almost to its knees the defeat

86

00:04:00,530 --> 00:03:58,380

were broader fortunately than a man

87

00:04:02,390 --> 00:04:00,540

about five inches wide in front and

88

00:04:06,460 --> 00:04:02,400

tapering to much thinner at the heels

89

00:04:09,979 --> 00:04:06,470

talk slower this is sexy no no

90

00:04:11,449 --> 00:04:09,989

apparently what a block in place I wish

91

00:04:13,460 --> 00:04:11,459

I would have walked it places heel on

92

00:04:17,750 --> 00:04:13,470

the ground uh he was walking the place

93

00:04:19,159 --> 00:04:17,760

it was moonwalking no he was seeing like

94

00:04:21,289 --> 00:04:19,169

it walk out like a normal person places

95

00:04:23,030 --> 00:04:21,299

he on the ground first okay okay okay

96

00:04:24,740 --> 00:04:23,040

and as it walked forward like that you

97

00:04:28,250 --> 00:04:24,750

could see kind of a gray brown skin on

98

00:04:29,600 --> 00:04:28,260

bottom of its feet yeah so I guess one

99

00:04:31,280 --> 00:04:29,610

of his main quotes he had here at his

100

00:04:32,480 --> 00:04:31,290

bunk in the description is that it came

101
00:04:35,210 --> 00:04:32,490
to the edge of the bush where he was

102
00:04:36,740 --> 00:04:35,220
hiding so apparently I guess what I cut

103
00:04:38,210 --> 00:04:36,750
out is that we saw it coming towards him

104
00:04:39,920 --> 00:04:38,220
he wouldn't to go hide in the bush

105
00:04:42,260 --> 00:04:39,930
yeah he hid like a cowardly sure

106
00:04:44,839 --> 00:04:42,270
implicit coward yeah didn't and then

107
00:04:46,699 --> 00:04:44,849
when he got about 20 feet from him it's

108
00:04:48,549 --> 00:04:46,709
squatted down in sort of reaching his

109
00:04:51,049 --> 00:04:48,559
hands out and pulled out branches

110
00:04:52,639 --> 00:04:51,059
branches from the brush and started

111
00:04:56,209 --> 00:04:52,649
stripping it of leaves and even believes

112
00:05:00,919 --> 00:04:56,219
its teeth hmm oh yeah because I was

113
00:05:04,100 --> 00:05:00,929

gonna crap yeah stop 20 feet from me and

114

00:05:07,339 --> 00:05:04,110

it's voided its bowels thing I ever

115

00:05:13,159 --> 00:05:07,349

smell yeah Brian passed out and I came

116

00:05:16,100 --> 00:05:13,169

to 3d yeah uh apparently had an ape-like

117

00:05:19,699 --> 00:05:16,110

skull none of its hair on his head was

118

00:05:22,909 --> 00:05:19,709

longer than about it it's faith inherit

119

00:05:25,129 --> 00:05:22,919

its fate for this much shorter tears for

120

00:05:28,339 --> 00:05:25,139

human-like and its eyes were small and

121

00:05:30,739 --> 00:05:28,349

black like a bears its neck was a very

122

00:05:34,459 --> 00:05:30,749

not human like is extremely like short

123

00:05:36,709 --> 00:05:34,469

and thick very much a human like okay uh

124

00:05:39,559 --> 00:05:36,719

Kai like you know weight weight lifters

125

00:05:42,290 --> 00:05:39,569

noted her neck yeah it's a place of the

126

00:05:46,299 --> 00:05:42,300

maximum level of criticalness very not

127

00:05:50,359 --> 00:05:46,309

human absolutely critical eNOS not human

128

00:05:51,859 --> 00:05:50,369

very thick Jordan so apparently this

129

00:05:53,839 --> 00:05:51,869

thing caught his scent is inserted and

130

00:05:57,379 --> 00:05:53,849

looked directly at him tree opening in

131

00:05:58,790 --> 00:05:57,389

the bushes um apparently then it was it

132

00:06:01,489 --> 00:05:58,800

back up about three to four feet and

133

00:06:02,989 --> 00:06:01,499

were forced out straightened up to its

134

00:06:05,809 --> 00:06:02,999

full height it started to walk away

135

00:06:05,989 --> 00:06:05,819

backed away it come from two of the you

136

00:06:08,299 --> 00:06:05,999

know

137

00:06:10,609 --> 00:06:08,309

look he's by the mine entrance really

138

00:06:13,939 --> 00:06:10,619

for a moment did watched her shoulder as

139

00:06:15,589 --> 00:06:13,949

it walked away now at that time the

140

00:06:18,559 --> 00:06:15,599

thought came to the guy that he shoe

141

00:06:20,509 --> 00:06:18,569

didn't kill the ablated was a very rare

142

00:06:23,569 --> 00:06:20,519

specimens I mean if I see a giant what a

143

00:06:25,040 --> 00:06:23,579

I would probably think the same thing to

144

00:06:27,499 --> 00:06:25,050

the interesting part is in leveled his

145

00:06:29,629 --> 00:06:27,509

rifle yeah exactly he leveled his rifle

146

00:06:31,609 --> 00:06:29,639

the creature oh as walking started

147

00:06:33,499 --> 00:06:31,619

walking away sorry as it was still

148

00:06:37,449 --> 00:06:33,509

walking away and then apparently turned

149

00:06:46,189 --> 00:06:42,290

so don't Ansari my note here I just seem

150

00:06:50,239 --> 00:06:46,199

uh be sorry my notes here I just put he

151
00:06:51,799 --> 00:06:50,249
pushed out and lowered his rifle he felt

152
00:06:53,959 --> 00:06:51,809
but he was looking at was a human being

153
00:06:56,269 --> 00:06:53,969
he sorts of new they feel guilty for it

154
00:06:56,980 --> 00:06:56,279
rest his life he killed it well that

155
00:07:00,910 --> 00:06:56,990
kind of go

156
00:07:03,570 --> 00:07:00,920
to what we talked about in the boggy

157
00:07:07,330 --> 00:07:03,580
creek where if you remember that

158
00:07:10,390 --> 00:07:07,340
old-timer redneck that he was recounting

159
00:07:13,750 --> 00:07:10,400
a story where this creature looked too

160
00:07:16,540 --> 00:07:13,760
human to you to where you want to shoot

161
00:07:19,060 --> 00:07:16,550
it but it looked animal enough to where

162
00:07:22,690 --> 00:07:19,070
you wouldn't want to talk to it yes

163
00:07:24,550 --> 00:07:22,700

everybody yeah yeah so this uh this

164

00:07:26,410 --> 00:07:24,560

hunter pushdown didn't want to shoot

165

00:07:27,970 --> 00:07:26,420

this thing in the back shoot him in the

166

00:07:30,040 --> 00:07:27,980

back like a coward why wouldn't you just

167

00:07:32,680 --> 00:07:30,050

draw down this guy high noon

168

00:07:37,110 --> 00:07:32,690

like why I mean I don't get that hmm

169

00:07:42,160 --> 00:07:37,120

this guy's a real puss he's a coward so

170

00:07:43,330 --> 00:07:42,170

ho no come on shoot in the back the head

171

00:07:51,670 --> 00:07:43,340

just so it didn't have a chance

172

00:07:53,590 --> 00:07:51,680

I wanna Jesus um right before it got to

173

00:07:55,540 --> 00:07:53,600

the brush initially come from threw back

174

00:07:58,060 --> 00:07:55,550

his head again to look currently he made

175

00:08:00,250 --> 00:07:58,070

a peculiar noise that seemed like a half

176

00:08:02,110 --> 00:08:00,260

laugh kind of sound in half of a

177

00:08:06,730 --> 00:08:02,120

language it was speaking but she could

178

00:08:07,960 --> 00:08:06,740

only describe sometimes it was a whiny

179

00:08:10,210 --> 00:08:07,970

sound Oh

180

00:08:15,100 --> 00:08:10,220

like a while ago a whining sound okay

181

00:08:16,690 --> 00:08:15,110

was like this the shampoo it said I work

182

00:08:17,880 --> 00:08:16,700

out the bushes look behind and said the

183

00:08:19,690 --> 00:08:17,890

shampoo

184

00:08:20,890 --> 00:08:19,700

okay there are some Emmerich's

185

00:08:22,420 --> 00:08:20,900

essentials in the ground before me

186

00:08:24,820 --> 00:08:22,430

didn't notice before okay

187

00:08:26,620 --> 00:08:24,830

I didn't know that uh so after it made

188

00:08:28,060 --> 00:08:26,630

this sounded then walk through the brush

189

00:08:31,330 --> 00:08:28,070

through a patch of these that a lot

190

00:08:33,760 --> 00:08:31,340

lodgepole Pines now this guy then

191

00:08:36,280 --> 00:08:33,770

stepped out into the opening look back

192

00:08:38,650 --> 00:08:36,290

across the triumph keep track of this

193

00:08:40,330 --> 00:08:38,660

visually keep track of it so he looked

194

00:08:42,790 --> 00:08:40,340

up at a small Ridge and just beyond the

195

00:08:44,800 --> 00:08:42,800

pinetrees of passion finds out that he could

196

00:08:47,140 --> 00:08:44,810

see it again came out there on the ridge

197

00:08:48,790 --> 00:08:47,150

about a couple hundred yards away again

198

00:08:51,430 --> 00:08:48,800

it looked back it mitad the exact same

199

00:08:57,480 --> 00:08:51,440

sound at him before it disappeared over

200

00:09:04,630 --> 00:09:01,960

no yes he was actually he he found out

201
00:09:05,560 --> 00:09:04,640
someone bin Laden in 1955 in British

202
00:09:08,250 --> 00:09:05,570
Columbia okay

203
00:09:10,800 --> 00:09:08,260
Bigfoot jihadi

204
00:09:12,660 --> 00:09:10,810
hmm though he did some extra searching

205
00:09:14,460 --> 00:09:12,670
around the camp I just have a smaller

206
00:09:16,170 --> 00:09:14,470
kind of quotin though that'll finish it

207
00:09:18,900 --> 00:09:16,180
up not the camp I guess they're cheating

208
00:09:21,360 --> 00:09:18,910
around the area Reese Belva creature so

209
00:09:23,220 --> 00:09:21,370
he T said quote I wanted to find out if

210
00:09:25,470 --> 00:09:23,230
it lives in vegetation entirely or ate

211
00:09:27,870 --> 00:09:25,480
meat as well so I went down and looked

212
00:09:29,610 --> 00:09:27,880
for signs of it I found in five

213
00:09:31,140 --> 00:09:29,620

different places it and although I

214

00:09:33,300 --> 00:09:31,150

examined it thoroughly I could find no

215

00:09:35,310 --> 00:09:33,310

hair or shells of bugs or insects that

216

00:09:38,220 --> 00:09:35,320

because it wasn't eaten so I believe it

217

00:09:39,540 --> 00:09:38,230

was strictly vegetarian I found one

218

00:09:42,000 --> 00:09:39,550

place bread slept for a couple of nights

219

00:09:43,140 --> 00:09:42,010

under a tree now the nights were cool up

220

00:09:45,930 --> 00:09:43,150

in the mountain at this time of year

221

00:09:48,240 --> 00:09:45,940

especially and yet had not used a fire

222

00:09:49,740 --> 00:09:48,250

so I guess he's noting that it doesn't

223

00:09:52,020 --> 00:09:49,750

have the ability to make fire or didn't

224

00:09:53,220 --> 00:09:52,030

do that yeah in a nice I guess he

225

00:09:54,960 --> 00:09:53,230

finished I found no sign that it

226

00:09:57,960 --> 00:09:54,970

possessed even the simplest of tools and

227

00:09:59,400 --> 00:09:57,970

where a single can be painting while in

228

00:10:02,580 --> 00:09:59,410

this place we found one bed were

229

00:10:04,410 --> 00:10:02,590

sleeping so I guess that was his

230

00:10:06,060 --> 00:10:04,420

encounter there on the Canadian Rockies

231

00:10:10,200 --> 00:10:06,070

in British Columbia with a I guess

232

00:10:12,270 --> 00:10:10,210

female kind of sasquatch yeah that's I

233

00:10:14,510 --> 00:10:12,280

guess I say that is all folks

234

00:10:18,900 --> 00:10:14,520

that is all okay well hey nonetheless

235

00:10:20,370 --> 00:10:18,910

was she the one thing I should add is we

236

00:10:22,770 --> 00:10:20,380

seen him this a lot of these cryptid

237

00:10:26,910 --> 00:10:22,780

encounters like uh we called goat man

238

00:10:28,500 --> 00:10:26,920

and the man bad the other one the dog

239

00:10:31,530 --> 00:10:28,510

man when people have looked at it they

240

00:10:33,450 --> 00:10:31,540

can kind of sense that you shouldn't be

241

00:10:35,100 --> 00:10:33,460

photographing or shooting annex mmboro a

242

00:10:37,260 --> 00:10:35,110

specific dog man instead of someone's he

243

00:10:38,310 --> 00:10:37,270

can put a picture of their phone they

244

00:10:39,540 --> 00:10:38,320

kind of felt like they should put it

245

00:10:41,010 --> 00:10:39,550

back in their pocket and not take a

246

00:10:42,420 --> 00:10:41,020

picture so I kind of got that vibe here

247

00:10:44,280 --> 00:10:42,430

when he raised his rifle to it

248

00:10:46,950 --> 00:10:44,290

it stopped did he just put it back down

249

00:10:49,800 --> 00:10:46,960

you know yeah I don't sense what he

250

00:10:51,570 --> 00:10:49,810

wanted to do yeah oh yeah people have

251
00:10:54,210 --> 00:10:51,580
said that they they have second thoughts

252
00:10:54,660 --> 00:10:54,220
about doing any damage to these

253
00:10:57,000 --> 00:10:54,670
creatures

254
00:10:59,190 --> 00:10:57,010
I just got a book in the mail called

255
00:11:01,350 --> 00:10:59,200
mysteries of the Georges

256
00:11:04,020 --> 00:11:01,360
a mystery of mysteries of George's

257
00:11:06,000 --> 00:11:04,030
military bases and this is all about the

258
00:11:08,730 --> 00:11:06,010
state of Georgia on all the military

259
00:11:10,470 --> 00:11:08,740
bases and it goes into each military

260
00:11:14,270 --> 00:11:10,480
base in Georgia and then your counts go

261
00:11:18,990 --> 00:11:14,280
stories UFOs and Bigfoot sightings and

262
00:11:21,780 --> 00:11:19,000
it like for instance in like Fort

263
00:11:23,730 --> 00:11:21,790

Stewart and the hunter army

264

00:11:27,900 --> 00:11:23,740

airfield there are various stories of

265

00:11:29,220 --> 00:11:27,910

UFOs there is our accountants of Bigfoot

266

00:11:32,220 --> 00:11:29,230

sightings all around these military

267

00:11:34,710 --> 00:11:32,230

bases and I'm going to go into this next

268

00:11:39,870 --> 00:11:34,720

podcast I'm gonna delve into this book

269

00:11:43,860 --> 00:11:39,880

and talk about military interaction with

270

00:11:45,990 --> 00:11:43,870

the UFOs and Bigfoot alright time this

271

00:11:47,700 --> 00:11:46,000

is gonna happen and it actually might

272

00:11:49,350 --> 00:11:47,710

take a few episodes to cover some of the

273

00:11:52,560 --> 00:11:49,360

most this book this book just came out i

274

00:11:54,330 --> 00:11:52,570

pre-ordered this and nice and so this

275

00:11:56,700 --> 00:11:54,340

would be some fresh material it is

276

00:12:00,180 --> 00:11:56,710

called mysteries of George's military

277

00:12:02,310 --> 00:12:00,190

bases it is brand new it's kinda it's

278

00:12:04,950 --> 00:12:02,320

not a huge thick book it's not thick

279

00:12:09,090 --> 00:12:04,960

it's not like eight inches but now it's

280

00:12:11,550 --> 00:12:09,100

a quick read and it is I think just what

281

00:12:14,610 --> 00:12:11,560

I've read so far worth your time and
