with
MIDNIGHT MIKE

1
00:00:13,530 --> 00:00:07,690
oh my god

2
00:00:16,380 --> 00:00:13,540
[Music]

3
00:00:17,280 --> 00:00:16,390
right now anybody in the middle of

4
00:00:24,210 --> 00:00:17,290
genius

5
00:00:38,100 --> 00:00:33,360
I don't know [h__\h] your job get green

6
00:00:40,549 --> 00:00:38,110
skins guys we're just gonna have a great

7
00:00:43,160 --> 00:00:40,559
time together

8
00:00:45,799 --> 00:00:43,170
hey everyone welcome back to another

9
00:00:53,300 --> 00:00:45,809
night talk live

10
00:01:03,350 --> 00:00:58,960
I'm joined on this week's episode by

11
00:01:08,390 --> 00:01:03,360
James and Grimm from the cruising with

12
00:01:11,410 --> 00:01:08,400
steak podcast is that right guys but it

13
00:01:13,330 --> 00:01:11,420

is right thank you for having us Mike

14

00:01:18,719 --> 00:01:13,340

yeah

15

00:01:23,020 --> 00:01:21,010

kalam baby was supposed to come on and

16

00:01:25,050 --> 00:01:23,030

do like we're I think last episode we're

17

00:01:27,700 --> 00:01:25,060

talking might be like a big dog man

18

00:01:29,620 --> 00:01:27,710

Bigfoot thing and it didn't work it

19

00:01:31,929 --> 00:01:29,630

didn't really work out because right

20

00:01:33,910 --> 00:01:31,939

after I mentioned that one of the

21

00:01:37,359 --> 00:01:33,920

obedient listeners contacted me said hey

22

00:01:39,249 --> 00:01:37,369

I'm actually friends with the guy with

23

00:01:42,459 --> 00:01:39,259

who you play this with boom you play the

24

00:01:44,260 --> 00:01:42,469

clip of Jack Kerry he was on the Regina

25

00:01:47,499 --> 00:01:44,270

Meredith Phil he does the paranormal

26

00:01:51,600 --> 00:01:47,509

intelligence website and a pretty

27

00:01:54,399 --> 00:01:51,610

renowned crypto zoological investigator

28

00:01:55,569 --> 00:01:54,409

and he you know got ahold of me on

29

00:01:56,740 --> 00:01:55,579

Twitter said he wants to come on the

30

00:01:58,690 --> 00:01:56,750

show at some point time I thought that's

31

00:02:01,270 --> 00:01:58,700

gonna be tonight possibly but it just

32

00:02:02,559 --> 00:02:01,280

didn't work out so here we are and we're

33

00:02:04,749 --> 00:02:02,569

gonna talk about some Kripalu

34

00:02:10,050 --> 00:02:04,759

cryptozoological news that's been going

35

00:02:18,190 --> 00:02:14,319

heyo I don't know how much you guys get

36

00:02:18,850 --> 00:02:18,200

into the the weird creatures on your

37

00:02:20,080 --> 00:02:18,860

podcast

38

00:02:23,050 --> 00:02:20,090

I don't do you guys talk about it much

39

00:02:26,819 --> 00:02:23,060

at all not - yeah actually we have a

40

00:02:29,259 --> 00:02:26,829

cryptid as well do logical segments but

41

00:02:32,470 --> 00:02:29,269

yeah I mean we had Denver Michaels on

42

00:02:34,030 --> 00:02:32,480

he's authored a couple books about just

43

00:02:37,120 --> 00:02:34,040

strange creatures in North America and

44

00:02:39,420 --> 00:02:37,130

South America and that's about it we

45

00:02:41,759 --> 00:02:39,430

definitely love it though I mean we'll

46

00:02:44,080 --> 00:02:41,769

head it up

47

00:02:46,210 --> 00:02:44,090

weird like the more you get into it and

48

00:02:49,390 --> 00:02:46,220

the more you read I witness testimony

49

00:02:51,280 --> 00:02:49,400

and then you know you go down everyone I

50

00:02:52,840 --> 00:02:51,290

think kind of starts off with their

51
00:02:55,900 --> 00:02:52,850
training wheels with Bigfoot and then

52
00:02:58,090 --> 00:02:55,910
you get to dog man goat man then then

53
00:03:00,160 --> 00:02:58,100
ancient Giants and then you then you

54
00:03:03,160 --> 00:03:00,170
maybe dip into the paranormal stuff with

55
00:03:06,220 --> 00:03:03,170
different dimensions and poltergeists

56
00:03:10,300 --> 00:03:06,230
and and giant crystals in in in the

57
00:03:13,059 --> 00:03:10,310
earth that are possibly vortex like a

58
00:03:17,309 --> 00:03:13,069
bore a place of vortex where you can

59
00:03:20,259 --> 00:03:17,319
span different realms and it's hard to

60
00:03:22,330 --> 00:03:20,269
tell anybody about this stuff you got to

61
00:03:24,000 --> 00:03:22,340
go baby steps with all this materials

62
00:03:26,710 --> 00:03:24,010
you're going to overwhelm somebody and

63
00:03:29,630 --> 00:03:26,720

they're just gonna go I'm out once you

64

00:03:32,000 --> 00:03:29,640

get to the Giants they're like out

65

00:03:33,920 --> 00:03:32,010

but you can probably ease him into it

66

00:03:36,220 --> 00:03:33,930

and say hey you know what what if

67

00:03:39,980 --> 00:03:36,230

Bigfoot was just like a North American

68

00:03:42,020 --> 00:03:39,990

primate and kind of ease him in that way

69

00:03:44,809 --> 00:03:42,030

they go okay yeah I can see there might

70

00:03:48,170 --> 00:03:44,819

be some kind of undiscovered primate in

71

00:03:49,370 --> 00:03:48,180

North America and then kindly lead him

72

00:03:52,010 --> 00:03:49,380

down the path well what if they were

73

00:03:55,190 --> 00:03:52,020

kind of like a hybrid human species that

74

00:03:56,900 --> 00:03:55,200

you know split off from humanity 13,000

75

00:03:59,390 --> 00:03:56,910

years ago and like they can probably buy

76

00:04:02,900 --> 00:04:00,830

you know a lot of people have truffle

77

00:04:05,449 --> 00:04:02,910

time making that leap from a primate and

78

00:04:07,400 --> 00:04:05,459

a split off into human species back

79

00:04:10,990 --> 00:04:07,410

there 13,000 years ago to dog man and

80

00:04:15,620 --> 00:04:11,000

then to demons and in in reptiles and

81

00:04:18,050 --> 00:04:15,630

poltergeists I'm all willing if we

82

00:04:22,310 --> 00:04:18,060

actually evolved if you believe that

83

00:04:24,290 --> 00:04:22,320

nonsense from apes you know then it's

84

00:04:26,480 --> 00:04:24,300

there would have to be some kind of

85

00:04:29,650 --> 00:04:26,490

transition creature that maybe survived

86

00:04:33,350 --> 00:04:29,660

still there could be Bigfoot who knows

87

00:04:35,300 --> 00:04:33,360

I'm with you in that especially when you

88

00:04:37,909 --> 00:04:35,310

start looking into the the ancient

89

00:04:40,310 --> 00:04:37,919

Giants and things like that

90

00:04:43,520 --> 00:04:40,320

the timeline doesn't match up you know

91

00:04:45,740 --> 00:04:43,530

everything we learned about evolution in

92

00:04:48,230 --> 00:04:45,750

school is kind of thrown out thrown up

93

00:04:50,870 --> 00:04:48,240

in the air and when you start delving

94

00:04:52,310 --> 00:04:50,880

into these kind of subjects and I'm all

95

00:04:55,370 --> 00:04:52,320

in the more you hear about this stuff

96

00:04:57,260 --> 00:04:55,380

the more that I that I'm more likely to

97

00:04:59,200 --> 00:04:57,270

believe in some eyewitness testimony

98

00:05:03,080 --> 00:04:59,210

when it comes to people observing

99

00:05:05,000 --> 00:05:03,090

strange goddamn creatures and strange

100

00:05:08,180 --> 00:05:05,010

things just in general whether it's dog

101
00:05:10,550 --> 00:05:08,190
man or Bigfoot I don't care I'm kind of

102
00:05:12,860 --> 00:05:10,560
all-in at this point it makes too much

103
00:05:16,820 --> 00:05:12,870
sense to me one of the one of the things

104
00:05:20,330 --> 00:05:16,830
that I came across again recently was a

105
00:05:21,770 --> 00:05:20,340
talk by George Knapp the host from coast

106
00:05:24,800 --> 00:05:21,780
to coast am he does like Sunday's I

107
00:05:27,680 --> 00:05:24,810
believe right now but he was the the guy

108
00:05:31,960 --> 00:05:27,690
who broke the bob lazar area 51 story in

109
00:05:35,500 --> 00:05:31,970
the late 80s early 90s and he was a

110
00:05:37,960 --> 00:05:35,510
co-author for a book on skinwalker ranch

111
00:05:41,740 --> 00:05:37,970
you guys know about skinwalker ranch oh

112
00:05:50,480 --> 00:05:45,230
it's doesn't big alone that no omegle oh

113
00:05:53,060 --> 00:05:50,490

yeah Robert Bigelow the guy who has his

114

00:05:54,440 --> 00:05:53,070

own space agency or a private space

115

00:05:58,190 --> 00:05:54,450

industry and he has got like some

116

00:06:01,210 --> 00:05:58,200

satellites up there and a billionaire a

117

00:06:04,960 --> 00:06:01,220

billionaire owns skinwalker ranch and

118

00:06:07,580 --> 00:06:04,970

they he put a lot of money into

119

00:06:09,710 --> 00:06:07,590

documenting what happened there funding

120

00:06:12,590 --> 00:06:09,720

research funding scientists to go out

121

00:06:14,360 --> 00:06:12,600

there and observe with all these weird

122

00:06:16,640 --> 00:06:14,370

events that might be occurring out there

123

00:06:18,410 --> 00:06:16,650

and I do have some clips of George Knapp

124

00:06:19,910 --> 00:06:18,420

talking about this and there's actually

125

00:06:21,830 --> 00:06:19,920

link in the description of this podcast

126

00:06:25,070 --> 00:06:21,840

and this video right here of the full

127

00:06:26,300 --> 00:06:25,080

hour talk that he gave about skinwalker

128

00:06:28,220 --> 00:06:26,310

ranch and some of the the weird

129

00:06:32,390 --> 00:06:28,230

anomalies and the observations going on

130

00:06:34,940 --> 00:06:32,400

around there so this is a this is a clip

131

00:06:38,500 --> 00:06:34,950

that I'll play for you guys about what

132

00:06:40,700 --> 00:06:38,510

people some of the stranger things that

133

00:06:42,410 --> 00:06:40,710

they didn't feel that they could put in

134

00:06:48,020 --> 00:06:42,420

the book because it's so [h__\h] bizarre

135

00:06:52,370 --> 00:06:48,030

and so this is a clip of them talking

136

00:06:53,990 --> 00:06:52,380

about that the book we had to make some

137

00:06:55,430 --> 00:06:54,000

really tough choices about the kinds of

138

00:06:58,460 --> 00:06:55,440

things that we can leave in and leave

139

00:07:01,010 --> 00:06:58,470

out because there's a couple of them we

140

00:07:02,300 --> 00:07:01,020

figured if I put this story in nobody's

141

00:07:05,300 --> 00:07:02,310

gonna believe it and I'll tell you what

142

00:07:07,760 --> 00:07:05,310

one of those stories is the Bureau of

143

00:07:09,380 --> 00:07:07,770

Indian Affairs these uh the the Native

144

00:07:11,060 --> 00:07:09,390

American police had told us this thing

145

00:07:12,800 --> 00:07:11,070

that they had seen this coming around

146

00:07:14,540 --> 00:07:12,810

the bend there on patrol duty in the

147

00:07:16,460 --> 00:07:14,550

area around the ranch they come down

148

00:07:19,400 --> 00:07:16,470

this dirt road one night and they see

149

00:07:22,190 --> 00:07:19,410

two two figures humanoid-looking figures

150

00:07:24,140 --> 00:07:22,200

standing up with their backs to the road

151
00:07:25,970 --> 00:07:24,150
and look like they're smoking cigarettes

152
00:07:27,830 --> 00:07:25,980
they had trench coats on smoking

153
00:07:29,510 --> 00:07:27,840
cigarettes stand out on the road these

154
00:07:31,370 --> 00:07:29,520
guys figure one of these fellas up too

155
00:07:33,110 --> 00:07:31,380
so they're pulling up and there they go

156
00:07:38,820 --> 00:07:33,120
shrine another lights on the guys and

157
00:07:42,700 --> 00:07:41,500
their dog smoking cigarettes I know you

158
00:07:44,500 --> 00:07:42,710
what you're thinking why weren't they

159
00:07:48,340 --> 00:07:44,510
playing poker too or something like that

160
00:07:50,770 --> 00:07:48,350
but the guys look at each other they

161
00:07:53,740 --> 00:07:50,780
turn back around the dogs the cigarette

162
00:07:55,870 --> 00:07:53,750
smoking dogs are gone they get out of

163
00:07:57,280 --> 00:07:55,880

their vehicles pull their guns go over

164

00:07:59,170 --> 00:07:57,290

look on the ground there's the

165

00:08:01,870 --> 00:07:59,180

cigarettes but the dogs the trench coats

166

00:08:03,400 --> 00:08:01,880

that's gone now we had to think about

167

00:08:05,020 --> 00:08:03,410

whether we're gonna tell that story or

168

00:08:07,300 --> 00:08:05,030

not because it is just patently

169

00:08:10,540 --> 00:08:07,310

ridiculous but since the book has come

170

00:08:12,580 --> 00:08:10,550

out we've actually heard three different

171

00:08:14,290 --> 00:08:12,590

other accounts of cigarette smoke and

172

00:08:17,470 --> 00:08:14,300

dogs

173

00:08:19,780 --> 00:08:17,480

we're in trench coats so I don't know

174

00:08:22,570 --> 00:08:19,790

what what force is playing that

175

00:08:25,750 --> 00:08:22,580

particular game on us but it's pretty

176

00:08:33,120 --> 00:08:25,760

darn weird so there you go we got some

177

00:08:42,120 --> 00:08:39,969

smoking cigarettes knows what state was

178

00:08:44,770 --> 00:08:42,130

this did he say that I missed that

179

00:08:47,260 --> 00:08:44,780

skinwalker ranch this was that there

180

00:08:51,100 --> 00:08:47,270

okay yeah this is around the property

181

00:08:52,960 --> 00:08:51,110

there's acres of land there and it's in

182

00:08:55,750 --> 00:08:52,970

and around the land and before the new

183

00:08:57,820 --> 00:08:55,760

owners actually took over the ranch they

184

00:09:00,400 --> 00:08:57,830

they purchased the property property

185

00:09:02,470 --> 00:09:00,410

from another family and the family made

186

00:09:03,880 --> 00:09:02,480

them sign this new family the new owners

187

00:09:09,700 --> 00:09:03,890

signed an agreement that they would not

188

00:09:11,890 --> 00:09:09,710

dig into the ground and you know that's

189

00:09:18,220 --> 00:09:11,900

a curious thing to sign your your

190

00:09:20,470 --> 00:09:18,230

bribery exactly the ground

191

00:09:22,990 --> 00:09:20,480

I like the dig is in this the dude that

192

00:09:24,610 --> 00:09:23,000

had the samurai sword was hacking alien

193

00:09:26,860 --> 00:09:24,620

heads offers at the other ranch that

194

00:09:30,820 --> 00:09:26,870

might be the other ranch there's another

195

00:09:33,340 --> 00:09:30,830

alien rare that I'll bring up yet

196

00:09:36,880 --> 00:09:33,350

someone was trying to sell in a ranch

197

00:09:39,370 --> 00:09:36,890

last year yeah it might be the one yeah

198

00:09:41,200 --> 00:09:39,380

he was like people would start coming

199

00:09:43,540 --> 00:09:41,210

down the driveway and he'd be chased him

200

00:09:45,370 --> 00:09:43,550

off of the [h__\h] a machete or

201
00:09:48,310 --> 00:09:45,380
something yeah have it up on screen here

202
00:09:50,050 --> 00:09:48,320
alien ranch for sale in Arizona and it's

203
00:09:52,450 --> 00:09:50,060
out of this world

204
00:09:54,160 --> 00:09:52,460
your five million dollars and want to

205
00:09:57,130 --> 00:09:54,170
commute with our communion with nature

206
00:09:58,360 --> 00:09:57,140
and aliens then start us ranch may be

207
00:10:00,910 --> 00:09:58,370
the place for you this is yeah the guy

208
00:10:02,950 --> 00:10:00,920
our duster edge yeah this is the ranch

209
00:10:08,730 --> 00:10:02,960
where this guy's took at a samurai sword

210
00:10:15,010 --> 00:10:12,010
yeah in October 2017 longtime resident

211
00:10:16,960 --> 00:10:15,020
of Buckeye Arizona John Edmonds decided

212
00:10:20,440 --> 00:10:16,970
to put his Stardust ranch up for sale

213
00:10:24,600 --> 00:10:20,450

and then yeah it's just a crazy another

214

00:10:29,530 --> 00:10:24,610

kind of ranch that has paranormal

215

00:10:31,900 --> 00:10:29,540

activity going on and like the the this

216

00:10:35,320 --> 00:10:31,910

article I'll link to it according to

217

00:10:36,520 --> 00:10:35,330

vice Edmunds had admitted that the

218

00:10:39,670 --> 00:10:36,530

extraterrestrial extraterrestrial

219

00:10:43,450 --> 00:10:39,680

biological entities tried to abduct his

220

00:10:46,390 --> 00:10:43,460

wife apparently she started to get

221

00:10:48,700 --> 00:10:46,400

trapped in their tractor beam when he

222

00:10:52,180 --> 00:10:48,710

grabbed his ak-47 with a double banana

223

00:10:53,890 --> 00:10:52,190

clipped and rescued his spouse so he

224

00:10:58,150 --> 00:10:53,900

took that ass-fucking a cane and went

225

00:10:59,980 --> 00:10:58,160

out there and said no [h__h] that man so

226

00:11:01,240 --> 00:10:59,990

this guy needs like a parade or a medal

227

00:11:05,110 --> 00:11:01,250

or something that sounds like he's doing

228

00:11:11,290 --> 00:11:08,590

five million range will get you it so

229

00:11:14,950 --> 00:11:11,300

it's been recently renovated and it's

230

00:11:17,920 --> 00:11:14,960

got 3,500 square feet five bedrooms four

231

00:11:19,480 --> 00:11:17,930

baths and a pool it's very nice what if

232

00:11:22,990 --> 00:11:19,490

they can do it in an air B&B with this

233

00:11:24,940 --> 00:11:23,000

thing it's not so yeah you guys have a

234

00:11:32,110 --> 00:11:24,950

big weekend we can rent it out for the

235

00:11:33,850 --> 00:11:32,120

weekend dude paranormal stay over for a

236

00:11:39,040 --> 00:11:33,860

weekend and you might kill some aliens

237

00:11:41,860 --> 00:11:39,050

we interviewed who was that groom I

238

00:11:43,480 --> 00:11:41,870

don't know the the the ghost dude out in

239

00:11:47,680 --> 00:11:43,490

California though Sharon Tate Murder

240

00:11:49,210 --> 00:11:47,690

House Oh David omen omen house he

241

00:11:51,370 --> 00:11:49,220

actually did a movie on everything he's

242

00:11:53,350 --> 00:11:51,380

been on all those like ghost hunter

243

00:11:54,970 --> 00:11:53,360

shows and [h__\h] like zak bagans and all

244

00:11:55,300 --> 00:11:54,980

them [h__\h] dudes would show up over

245

00:12:00,010 --> 00:11:55,310

there

246

00:12:01,900 --> 00:12:00,020

well yeah the same thing man just crazy

247

00:12:03,350 --> 00:12:01,910

stories dude he was trying to get us out

248

00:12:05,240 --> 00:12:03,360

like he's good because we

249

00:12:06,829 --> 00:12:05,250

like last year around Halloween or

250

00:12:10,069 --> 00:12:06,839

something like that and he's like [h__\h]

251
00:12:12,290 --> 00:12:10,079
you guys come out man it's like he said

252
00:12:14,269 --> 00:12:12,300
we'll have a massive spread some dips

253
00:12:15,889 --> 00:12:14,279
you know he was like going off I'm like

254
00:12:17,420 --> 00:12:15,899
all the different types of food we would

255
00:12:18,920 --> 00:12:17,430
eat over there and everything and then

256
00:12:24,019 --> 00:12:18,930
stay there for the weekend and just get

257
00:12:25,130 --> 00:12:24,029
bombarded with Paranormal Activity sound

258
00:12:27,230 --> 00:12:25,140
like talking about this stuff I don't

259
00:12:30,740 --> 00:12:27,240
know if I ever will I guess I would want

260
00:12:32,690 --> 00:12:30,750
to encounter in my well scenario I don't

261
00:12:35,870 --> 00:12:32,700
know if I want to be confronted on the

262
00:12:40,009 --> 00:12:35,880
poor normals terms and it got so crazy

263
00:12:43,579 --> 00:12:40,019

like that he rented out the house next

264

00:12:46,430 --> 00:12:43,589

to him because the activity like varied

265

00:12:49,400 --> 00:12:46,440

from house to house like if you like the

266

00:12:51,110 --> 00:12:49,410

the houses are were yeah like him and

267

00:12:52,460 --> 00:12:51,120

his dad built the house they live in and

268

00:12:55,850 --> 00:12:52,470

which was right down the road from the

269

00:12:58,400 --> 00:12:55,860

Sharon Tate murder house and like and he

270

00:13:01,990 --> 00:12:58,410

brought up all these old pictures some I

271

00:13:04,910 --> 00:13:02,000

think it was the like the early 70s like

272

00:13:06,920 --> 00:13:04,920

when that happened and all these

273

00:13:09,560 --> 00:13:06,930

helicopter shots of all the murder scene

274

00:13:11,540 --> 00:13:09,570

and every sitting and but along this

275

00:13:13,639 --> 00:13:11,550

hillside it used to be like in

276

00:13:16,699 --> 00:13:13,649

California there but apparently what

277

00:13:20,300 --> 00:13:16,709

made it like super like parent you know

278

00:13:22,939 --> 00:13:20,310

the activity wise was that like you know

279

00:13:24,889 --> 00:13:22,949

back in I can't remember remember that

280

00:13:28,130 --> 00:13:24,899

class the group of Indians that you saw

281

00:13:29,900 --> 00:13:28,140

that the Roman that you know needs to be

282

00:13:31,880 --> 00:13:29,910

in the lands there but there was like

283

00:13:34,490 --> 00:13:31,890

these epic battles along the hillside

284

00:13:37,670 --> 00:13:34,500

there so there was just mass death like

285

00:13:40,189 --> 00:13:37,680

all along there which I think had to do

286

00:13:41,420 --> 00:13:40,199

with a lot of this activity along these

287

00:13:44,689 --> 00:13:41,430

houses like you would walk into

288

00:13:46,759 --> 00:13:44,699

different rooms of the house and chills

289

00:13:48,860 --> 00:13:46,769

this that whatever it would happen [h__h]

290

00:13:51,040 --> 00:13:48,870

flying off shelves he had like 50

291

00:13:53,750 --> 00:13:51,050

cameras installed in this house to like

292

00:13:56,150 --> 00:13:53,760

capture all this stuff and yeah if he

293

00:13:57,769 --> 00:13:56,160

he's got a youtube channel yeah check it

294

00:13:59,960 --> 00:13:57,779

out yeah David omen

295

00:14:02,120 --> 00:13:59,970

yeah ghosts creeped me out definitely

296

00:14:05,420 --> 00:14:02,130

crawl yeah he was a cool user cool dude

297

00:14:07,220 --> 00:14:05,430

to talk to you for sure but he'd make

298

00:14:10,009 --> 00:14:07,230

you laugh for hours so we went from a

299

00:14:11,449 --> 00:14:10,019

skinwalker Canyon Ranch to the Sharon

300

00:14:14,389 --> 00:14:11,459

Tate murders and let's go back to the

301
00:14:16,430 --> 00:14:14,399
skinwalker ranch up one more clip about

302
00:14:20,030 --> 00:14:16,440
the skinwalker ranch

303
00:14:22,999 --> 00:14:20,040
and the scientists and what they observe

304
00:14:25,220 --> 00:14:23,009
there these are error these are world

305
00:14:27,470 --> 00:14:25,230
class guys who saw this done they had an

306
00:14:30,170 --> 00:14:27,480
incident where there they got two guys

307
00:14:32,629 --> 00:14:30,180
up on on skinwalker Ridge who are sort

308
00:14:34,819 --> 00:14:32,639
of watching with infrared and telescopes

309
00:14:37,429 --> 00:14:34,829
and then two other guys are down below

310
00:14:40,960 --> 00:14:37,439
and the guys who are below see this like

311
00:14:43,999 --> 00:14:40,970
a a dirty snowball of yellow light

312
00:14:45,379 --> 00:14:44,009
hanging maybe a foot off the ground in

313
00:14:47,740 --> 00:14:45,389

the middle pasture

314

00:14:50,780 --> 00:14:47,750

you know Jorge and plastic chair pasture

315

00:14:52,280 --> 00:14:50,790

and it's getting bigger and bigger and

316

00:14:54,350 --> 00:14:52,290

they're talking on the walkie talkie to

317

00:14:56,030 --> 00:14:54,360

the guys upstairs and they said up but

318

00:14:57,980 --> 00:14:56,040

the on the ridge and they say can you

319

00:15:00,889 --> 00:14:57,990

see this thing yeah we're watching it

320

00:15:04,280 --> 00:15:00,899

and this ball starts getting bigger and

321

00:15:07,160 --> 00:15:04,290

then it kind of gets elongated until it

322

00:15:08,749 --> 00:15:07,170

looks like a tunnel and you guys still

323

00:15:10,490 --> 00:15:08,759

watching this yeah and the guys with the

324

00:15:13,819 --> 00:15:10,500

infrared said hey there's something

325

00:15:17,389 --> 00:15:13,829

inside this thing and sure enough this

326
00:15:19,550 --> 00:15:17,399
large humanoid looking creature starts

327
00:15:22,280 --> 00:15:19,560
wriggling through the tunnel from one

328
00:15:25,160 --> 00:15:22,290
side trying to get to the other as if

329
00:15:27,740 --> 00:15:25,170
it's coming from somewhere else and it

330
00:15:29,660 --> 00:15:27,750
gets to the end of the this tunnel of

331
00:15:34,370 --> 00:15:29,670
light it stands up it's like eight feet

332
00:15:36,769 --> 00:15:34,380
tall black featureless and it jumps out

333
00:15:38,870 --> 00:15:36,779
the tunnel collapses on itself and goes

334
00:15:41,389 --> 00:15:38,880
away and this thing this big thing

335
00:15:44,720 --> 00:15:41,399
starts running up skinwalker Ridge the

336
00:15:45,829 --> 00:15:44,730
guys are up there just about had to had

337
00:15:47,689 --> 00:15:45,839
to change their underwear

338
00:15:51,530 --> 00:15:47,699

is there no thinking that's coming up

339

00:15:54,530 --> 00:15:51,540

after them and it did it just went poof

340

00:15:56,090 --> 00:15:54,540

I mean they these guys are didn't make

341

00:16:01,100 --> 00:15:56,100

this stuff up I mean they had these

342

00:16:04,999 --> 00:16:01,110

experiences themselves that is an insane

343

00:16:07,309 --> 00:16:05,009

story alright it's absolutely insane

344

00:16:10,150 --> 00:16:07,319

that these scientists were out there

345

00:16:12,319 --> 00:16:10,160

observing this stuff documented it

346

00:16:14,720 --> 00:16:12,329

photographing writing their observations

347

00:16:17,990 --> 00:16:14,730

down it's all in that book skinwalker

348

00:16:21,049 --> 00:16:18,000

ranch that the George Knapp co-authored

349

00:16:22,129 --> 00:16:21,059

and now Bigelow Bigelow owns the ranch I

350

00:16:25,960 --> 00:16:22,139

don't know what he's gonna do with it I

351

00:16:27,710 --> 00:16:25,970

suspect that since he has close ties to

352

00:16:30,230 --> 00:16:27,720

government

353

00:16:33,259 --> 00:16:30,240

they would set up some sort of military

354

00:16:35,449 --> 00:16:33,269

outpost at that point why not if you're

355

00:16:37,670 --> 00:16:35,459

having interdimensional portals and

356

00:16:39,309 --> 00:16:37,680

creatures are coming through wouldn't

357

00:16:41,780 --> 00:16:39,319

government scientists want to be

358

00:16:43,960 --> 00:16:41,790

involved in some way to observe and make

359

00:16:46,009 --> 00:16:43,970

sure nothing comes through that's deadly

360

00:16:47,660 --> 00:16:46,019

it's got to be what's underneath the

361

00:16:48,920 --> 00:16:47,670

ground there's got to be something where

362

00:16:51,079 --> 00:16:48,930

they buried back there like a flux

363

00:16:58,999 --> 00:16:51,089

capacitor or some some sort of thing

364

00:17:01,550 --> 00:16:59,009

they buried some Westworld from Jack

365

00:17:04,429 --> 00:17:01,560

area on the previous podcast about large

366

00:17:08,510 --> 00:17:04,439

deposits of quartz crystals and granny

367

00:17:11,029 --> 00:17:08,520

can impact electromagnetic energies in

368

00:17:14,240 --> 00:17:11,039

the area and the increase in and the

369

00:17:16,490 --> 00:17:14,250

electromagnetism can blend realities or

370

00:17:18,230 --> 00:17:16,500

blend dimensions where some things can

371

00:17:19,069 --> 00:17:18,240

come through that are wouldn't normally

372

00:17:21,470 --> 00:17:19,079

come through

373

00:17:23,689 --> 00:17:21,480

I like that theory a lot explains a lot

374

00:17:26,179 --> 00:17:23,699

of missing 411 disappearances not all

375

00:17:27,829 --> 00:17:26,189

and it also explains what's going on

376

00:17:30,890 --> 00:17:27,839

here although it doesn't explain

377

00:17:32,480 --> 00:17:30,900

anything it is kind of it's kind of like

378

00:17:39,909 --> 00:17:32,490

gives you an idea of what could be

379

00:17:43,930 --> 00:17:39,919

happening not how I think with the hole

380

00:17:47,149 --> 00:17:43,940

do you know these theories like that and

381

00:17:50,060 --> 00:17:47,159

you know paranormal all that stuff

382

00:17:53,600 --> 00:17:50,070

yeah these harmonic frequencies that get

383

00:17:55,520 --> 00:17:53,610

trapped in time on these these certain

384

00:17:57,890 --> 00:17:55,530

locations it's kind of like a heart

385

00:18:00,500 --> 00:17:57,900

that's my the way I think of it as like

386

00:18:02,899 --> 00:18:00,510

a hard drive [h__\h] gets burned and you

387

00:18:08,539 --> 00:18:02,909

know how whatever if it's evil maybe

388

00:18:11,060 --> 00:18:08,549

even if it's happy these motion in

389

00:18:13,760 --> 00:18:11,070

powerful emotion gets burned in in this

390

00:18:15,740 --> 00:18:13,770

set amount of time and then let's say it

391

00:18:19,010 --> 00:18:15,750

lasts the hard drive last for 50 years

392

00:18:21,440 --> 00:18:19,020

and then it dissipates or or if another

393

00:18:23,630 --> 00:18:21,450

more powerful experience or emotion gets

394

00:18:25,340 --> 00:18:23,640

imprinted on that environment I mean

395

00:18:26,990 --> 00:18:25,350

like a haunted house you know traumatic

396

00:18:29,419 --> 00:18:27,000

experiences getting printed on the

397

00:18:31,250 --> 00:18:29,429

environment for the most part is

398

00:18:33,919 --> 00:18:31,260

traumatic events hopefully there's a

399

00:18:35,990 --> 00:18:33,929

very great happy event but I don't know

400

00:18:38,360 --> 00:18:36,000

too many happy ghost stories I mean in

401
00:18:40,340 --> 00:18:38,370
it's hard to determine if a ghost is

402
00:18:43,730 --> 00:18:40,350
smiling or not or if it's is this if

403
00:18:44,210 --> 00:18:43,740
it's 11 length or a malicious I don't

404
00:18:46,580 --> 00:18:44,220
know

405
00:18:49,490 --> 00:18:46,590
I mean ghosts are just creepy in general

406
00:18:53,090 --> 00:18:49,500
so I mean by nature people like oh god

407
00:18:54,710 --> 00:18:53,100
it creeps me out it must be bad standing

408
00:18:58,820 --> 00:18:54,720
it's nothing we could comprehend it yes

409
00:19:03,350 --> 00:18:58,830
there's a six one four three eight eight

410
00:19:05,419 --> 00:19:03,360
nine one oh nine the phone line is wide

411
00:19:08,180 --> 00:19:05,429
open right now that's all I got from the

412
00:19:10,520 --> 00:19:08,190
skinwalker stuff I got to buy the book

413
00:19:13,100 --> 00:19:10,530

it's terribly intriguing to me that yeah

414

00:19:31,010 --> 00:19:13,110

there's a ranch there and then the alien

415

00:19:34,310 --> 00:19:31,020

ranch oh my god steak and kidney pie

416

00:19:39,860 --> 00:19:34,320

guys totally steak and kidney pie and

417

00:19:42,260 --> 00:19:39,870

what they call Franks and beans well how

418

00:19:44,240 --> 00:19:42,270

are you Bill I thought you happy not to

419

00:19:46,880 --> 00:19:44,250

show he's calm but my story but the girl

420

00:19:50,570 --> 00:19:46,890

that called in oh yeah the girl that was

421

00:19:52,850 --> 00:19:50,580

from England and said she wanted to to

422

00:19:54,260 --> 00:19:52,860

have sexual relations with you I think I

423

00:19:55,850 --> 00:19:54,270

don't put words in her mouth of yours

424

00:19:56,539 --> 00:19:55,860

well it's like chicken smells like

425

00:19:59,209 --> 00:19:56,549

chicken

426

00:20:02,149 --> 00:19:59,219

that's the girl yeah that one yeah so uh

427

00:20:04,820 --> 00:20:02,159

I I went to on the plane and I went to

428

00:20:07,549 --> 00:20:04,830

Manchester Airport and I went over York

429

00:20:09,649 --> 00:20:07,559

Shire okay then we I went to her flat

430

00:20:12,889 --> 00:20:09,659

which is what they call apartments in

431

00:20:15,529 --> 00:20:12,899

England huh and then and then she's uh

432

00:20:17,119 --> 00:20:15,539

she would go up there and I would have

433

00:20:18,949 --> 00:20:17,129

you know had her on the phone and all

434

00:20:20,629 --> 00:20:18,959

that kind of stuff but you just didn't

435

00:20:21,129 --> 00:20:20,639

have the shoulder on that day so it was

436

00:20:23,930 --> 00:20:21,139

a bar

437

00:20:25,489 --> 00:20:23,940

mm-hmm-hmm so what you would have clawed

438

00:20:27,529 --> 00:20:25,499

in while having sex with her is that we

439

00:20:29,659 --> 00:20:27,539

were saying or just like had a chat on

440

00:20:31,449 --> 00:20:29,669

it with you guys I moved the bedroom or

441

00:20:35,180 --> 00:20:31,459

something like that you know I mean yeah

442

00:20:38,209 --> 00:20:35,190

so uh she she's like do you want to see

443

00:20:40,430 --> 00:20:38,219

my Yorkie so we wouldn't play with a dog

444

00:20:42,440 --> 00:20:40,440

and then she's like you want to you want

445

00:20:49,669 --> 00:20:42,450

to see my [h__\h] and that's what they

446

00:20:52,099 --> 00:20:49,679

call consoling one so okay they have a

447

00:20:55,190 --> 00:20:52,109

specific name for it fine they called

448

00:20:56,899 --> 00:20:55,200

[h__\h] in England okay yeah so uh you

449

00:20:59,709 --> 00:20:56,909

know I went to check your Yorkshire

450

00:21:02,690 --> 00:20:59,719

pudding okay and I went down there and

451
00:21:04,579 --> 00:21:02,700
you know remember how she said she's

452
00:21:06,499 --> 00:21:04,589
Swedish I

453
00:21:08,239 --> 00:21:06,509
I guess so I'm gonna take your word for

454
00:21:10,609 --> 00:21:08,249
I don't I don't remember remember that

455
00:21:16,310 --> 00:21:10,619
detail exactly yeah so I went down there

456
00:21:19,399 --> 00:21:16,320
and she's smelly chicken or tuna no

457
00:21:22,190 --> 00:21:19,409
smelt like Swedish meatballs oh like

458
00:21:28,009 --> 00:21:22,200
IKEA okay yeah she's probably gonna kid

459
00:21:30,019 --> 00:21:28,019
down there okay so my mind was blown cuz

460
00:21:33,619 --> 00:21:30,029
you know shifted my whole that chicken

461
00:21:36,289 --> 00:21:33,629
tuna paradigm yeah and I got up and I

462
00:21:37,699 --> 00:21:36,299
left her place I got back on the plane

463
00:21:40,489 --> 00:21:37,709

and came to Canada

464

00:21:42,799 --> 00:21:40,499

and you know I thought back and there

465

00:21:44,989 --> 00:21:42,809

was a story that Mike Myers once told me

466

00:21:47,060 --> 00:21:44,999

where he said he was with a girl and she

467

00:21:48,019 --> 00:21:47,070

smelled like beef vegetable stew or

468

00:21:50,299 --> 00:21:48,029

stupid

469

00:21:52,219 --> 00:21:50,309

beef vegetable soup and I was like

470

00:21:55,219 --> 00:21:52,229

that's kind of odd so then I'm thinking

471

00:21:57,379 --> 00:21:55,229

hey maybe people smell different with

472

00:21:59,180 --> 00:21:57,389

from different places and and and

473

00:22:01,399 --> 00:21:59,190

because of different reasons like you

474

00:22:03,669 --> 00:22:01,409

know you know there's something you know

475

00:22:06,469 --> 00:22:03,679

that makes them smell the way they smell

476

00:22:09,420 --> 00:22:06,479

so what I did was I started a website

477

00:22:14,310 --> 00:22:09,430

called what do you smell like down there

478

00:22:17,580 --> 00:22:14,320

come okay I posted it in to uh it's

479

00:22:19,560 --> 00:22:17,590

quite a long URL give a kind of URL

480

00:22:21,060 --> 00:22:19,570

shortner i should be able to paste it

481

00:22:22,580 --> 00:22:21,070

into chat actually that's good i think

482

00:22:27,120 --> 00:22:22,590

people are gonna want to go to this

483

00:22:30,450 --> 00:22:27,130

let's call it smelly cat what do you

484

00:22:33,210 --> 00:22:30,460

smell like calm what do you smell like

485

00:22:34,170 --> 00:22:33,220

down there all down there calm okay yeah

486

00:22:36,000 --> 00:22:34,180

sorry about that

487

00:22:38,310 --> 00:22:36,010

I'm sorry I can't find the chat you're

488

00:22:41,580 --> 00:22:38,320

on the Skype yeah escapes sucks yeah

489

00:22:44,970 --> 00:22:41,590

it's really awful I agree so what's the

490

00:22:47,310 --> 00:22:44,980

purpose of this website um to get a feel

491

00:22:48,960 --> 00:22:47,320

about how you know maybe reasons why

492

00:22:52,350 --> 00:22:48,970

they smell like they do down there

493

00:22:55,080 --> 00:22:52,360

you know and it gives it a couple of

494

00:22:59,340 --> 00:22:55,090

questions like you know aids and that

495

00:23:02,130 --> 00:22:59,350

kind of thing and then I get that data

496

00:23:04,350 --> 00:23:02,140

and I I'm gonna map it all out and then

497

00:23:06,300 --> 00:23:04,360

we're gonna be able to see why people

498

00:23:08,490 --> 00:23:06,310

who smell like they do where there's you

499

00:23:10,200 --> 00:23:08,500

know where that kind of thing so I think

500

00:23:15,690 --> 00:23:10,210

this could be a new angle for 23andme

501
00:23:18,090 --> 00:23:15,700
people say yeah yeah so it's a you smell

502
00:23:20,280 --> 00:23:18,100
like they're down there calm mm-hmm and

503
00:23:21,270 --> 00:23:20,290
that's it so sorry that I interrupted

504
00:23:23,400 --> 00:23:21,280
someone sorry

505
00:23:26,220 --> 00:23:23,410
no that's fine I think grammar snake has

506
00:23:27,690 --> 00:23:26,230
um our grimmer games about the 23 of me

507
00:23:29,610 --> 00:23:27,700
like they just swab it and send it back

508
00:23:31,500 --> 00:23:29,620
and you're gonna go okay I like it

509
00:23:35,250 --> 00:23:31,510
according to your DNA you're gonna smell

510
00:23:39,810 --> 00:23:35,260
like Swedish meatballs or fish depending

511
00:23:42,180 --> 00:23:39,820
on your DNA exactly who knows yo yeah we

512
00:23:44,160 --> 00:23:42,190
all will know was quite an investigation

513
00:23:46,710 --> 00:23:44,170

you wants their bill and they you

514

00:23:48,390 --> 00:23:46,720

certainly want the distance yes

515

00:23:51,800 --> 00:23:48,400

I wonder what somebody from the year

516

00:23:56,150 --> 00:23:51,810

5,000 would smell like probably like

517

00:24:02,780 --> 00:23:56,160

dried food in like dehydrated you know

518

00:24:06,420 --> 00:24:04,620

well thank you bill you got anything

519

00:24:08,790 --> 00:24:06,430

else for us before you move on that's

520

00:24:12,180 --> 00:24:08,800

that's it man so well you know check it

521

00:24:14,430 --> 00:24:12,190

out we can submit this what you got

522

00:24:18,390 --> 00:24:14,440

something for Billa yeah um how's the

523

00:24:20,280 --> 00:24:18,400

iheartradio going actually it completely

524

00:24:21,960 --> 00:24:20,290

panned out because I Heart Radio

525

00:24:24,540 --> 00:24:21,970

couldn't get the money together

526

00:24:27,330 --> 00:24:24,550

to like do anything at all it was like a

527

00:24:29,280 --> 00:24:27,340

you know a thing that they were kind of

528

00:24:30,600 --> 00:24:29,290

trying to do to get money when make

529

00:24:31,770 --> 00:24:30,610

something up happen kind of thing

530

00:24:34,230 --> 00:24:31,780

they're trying to give them hype down

531

00:24:36,510 --> 00:24:34,240

just flattened out and so they're done

532

00:24:38,820 --> 00:24:36,520

so the guy the manager guys I have still

533

00:24:41,040 --> 00:24:38,830

he used to work for them and now he

534

00:24:44,040 --> 00:24:41,050

doesn't because the bankruptcy is

535

00:24:46,140 --> 00:24:44,050

exactly yeah it's tough that you got in

536

00:24:49,790 --> 00:24:46,150

at the wrong time oh yeah well you know

537

00:24:52,710 --> 00:24:49,800

that's what happens man so you know hey

538

00:24:54,120 --> 00:24:52,720

do you got a do essentially exactly hey

539

00:24:56,070 --> 00:24:54,130

good luck on your next venture can't

540

00:24:57,060 --> 00:24:56,080

wait to hear from you again you love it

541

00:25:06,870 --> 00:24:57,070

oh absolutely

542

00:25:12,110 --> 00:25:06,880

all right bye bill bitters there is bill

543

00:25:14,820 --> 00:25:12,120

with his sexual escapades update

544

00:25:26,010 --> 00:25:14,830

smell-o-vision smellivision

545

546

00:25:34,290 --> 00:25:30,910

leave it up to like these billionaire

547

00:25:37,380 --> 00:25:34,300

dudes to like you know bring on you know

548

00:25:39,420 --> 00:25:37,390

you know buying better into like just

549

00:25:40,770 --> 00:25:39,430

the same things we are but they just

550

00:25:43,770 --> 00:25:40,780

have billions of dollars you know

551
00:25:46,650 --> 00:25:43,780
thinking on a research team on Moscone

552
00:25:48,540 --> 00:25:46,660
freaking Bigelow dude you know like you

553
00:25:50,490 --> 00:25:48,550
know they're all about it dude but at

554
00:25:53,970 --> 00:25:50,500
the same time they probably already have

555
00:25:58,590 --> 00:25:53,980
this stuff you know like let's see if

556
00:26:00,660 --> 00:25:58,600
you're Bigelow Aerospace company I guess

557
00:26:03,480 --> 00:26:00,670
even even I'm was i well I would wonder

558
00:26:06,060 --> 00:26:03,490
if these guys like Bezos who is getting

559
00:26:07,200 --> 00:26:06,070
into the private industry a Bigelow and

560
00:26:10,320 --> 00:26:07,210
you have musk and wonder if they get

561
00:26:12,180 --> 00:26:10,330
together and talk about this [h__\h]

562
00:26:14,400 --> 00:26:12,190
Bigelow is all about he's open about his

563
00:26:17,040 --> 00:26:14,410

belief systems and that he's into UFOs

564

00:26:18,720 --> 00:26:17,050

the paranormal pretty known they're

565

00:26:20,610 --> 00:26:18,730

gonna figure out a way to divvy up the

566

00:26:23,450 --> 00:26:20,620

the tech they're finding down in

567

00:26:25,980 --> 00:26:23,460

Antarctica I'm very curious about that

568

00:26:28,050 --> 00:26:25,990

about Antarctica it's been rumored that

569

00:26:30,270 --> 00:26:28,060

you know since there's been a lot of

570

00:26:31,920 --> 00:26:30,280

dignitaries there's been a lot of state

571

00:26:34,710 --> 00:26:31,930

officials going down there to take a

572

00:26:35,490 --> 00:26:34,720

visit that they found something of great

573

00:26:37,890 --> 00:26:35,500

importance below

574

00:26:41,550 --> 00:26:37,900

the ice it's the rumor is that it's uh

575

00:26:44,310 --> 00:26:41,560

it's a giant pyramid much larger than

576
00:26:48,780 --> 00:26:44,320
one in Egypt and at the center or in the

577
00:26:49,520 --> 00:26:48,790
pyramid is an energy device that's the

578
00:26:54,030 --> 00:26:49,530
rumor

579
00:26:57,030 --> 00:26:54,040
hmm now I don't know how we can

580
00:26:59,820 --> 00:26:57,040
confirm that other than if we start

581
00:27:02,070 --> 00:26:59,830
seeing an influx of more people going

582
00:27:03,510 --> 00:27:02,080
there that you know probably confirm

583
00:27:04,770 --> 00:27:03,520
there's probably a significant

584
00:27:06,990 --> 00:27:04,780
scientific discovery that they're gonna

585
00:27:09,900 --> 00:27:07,000
keep under wraps but if there is an

586
00:27:11,700 --> 00:27:09,910
energy device down there created

587
00:27:13,260 --> 00:27:11,710
thousands and thousands of years ago do

588
00:27:15,660 --> 00:27:13,270

you think it's ever gonna see the light

589

00:27:19,920 --> 00:27:15,670

of day probably not enough heard other

590

00:27:21,690 --> 00:27:19,930

Donner years yeah it sounds like that's

591

00:27:26,820 --> 00:27:21,700

where Atlantis was that's what I'm

592

00:27:29,910 --> 00:27:26,830

putting my cards at yeah I'm kind of

593

00:27:32,520 --> 00:27:29,920

with you that the Antarctic continent

594

00:27:34,590 --> 00:27:32,530

was probably a little further north

595

00:27:37,530 --> 00:27:34,600

maybe up around Australia that's a nice

596

00:27:39,930 --> 00:27:37,540

area and then this it slid on down

597

00:27:42,960 --> 00:27:39,940

someone shoved it on down to the the

598

00:27:44,430 --> 00:27:42,970

south and it froze over and who knows

599

00:27:46,980 --> 00:27:44,440

maybe they thought some Nazis down there

600

00:27:49,290 --> 00:27:46,990

these brief observations oh my god we

601
00:27:51,210 --> 00:27:49,300
could talk about that all night Nazis in

602
00:27:53,970 --> 00:27:51,220
Antarctica and I'm sure I'm gonna have a

603
00:27:57,240 --> 00:27:53,980
show coming up about these bigger secret

604
00:28:00,450 --> 00:27:57,250
space program yeah in the coming weeks

605
00:28:01,770 --> 00:28:00,460
I'm gathering clips as we speak I'm

606
00:28:06,150 --> 00:28:01,780
talking like Corey Goode like blue

607
00:28:08,270 --> 00:28:06,160
avians seekers I'm talking about the

608
00:28:13,370 --> 00:28:08,280
beginning with the with the Nazis going

609
00:28:15,810 --> 00:28:13,380
all the way up probably modern-day and

610
00:28:18,390 --> 00:28:15,820
point some clips about what the

611
00:28:21,000 --> 00:28:18,400
propulsion systems could be from the

612
00:28:24,450 --> 00:28:21,010
spacecraft that the Nazis built Project

613
00:28:26,910 --> 00:28:24,460

Paperclip and some more there's there's

614

00:28:29,810 --> 00:28:26,920

so much information around you the UFO

615

00:28:32,400 --> 00:28:29,820

subject it's hard to remember it all and

616

00:28:34,050 --> 00:28:32,410

I like to keep going over and over again

617

00:28:36,330 --> 00:28:34,060

so I keep remembering different things

618

00:28:37,950 --> 00:28:36,340

and putting different things together so

619

00:28:41,370 --> 00:28:37,960

it'll be fun I'll let you guys on four

620

00:28:42,630 --> 00:28:41,380

that'd be fun right Walter Bosley does a

621

00:28:44,730 --> 00:28:42,640

lot of stuff with the secret space

622

00:28:45,490 --> 00:28:44,740

program and he does like that the nimza

623

00:28:50,600 --> 00:28:45,500

and

624

00:28:52,610 --> 00:28:50,610

those old those old groups like the old

625

00:28:53,930 --> 00:28:52,620

flying clubs Sonora aerospace club all

626

00:28:59,180 --> 00:28:53,940

that stuff oh nice

627

00:29:02,360 --> 00:28:59,190

ok so let's break open our first crypto

628

00:29:04,490 --> 00:29:02,370

Zoo news piece right here I'll put it up

629

00:29:06,950 --> 00:29:04,500

here on the screen bizarre four-foot

630

00:29:10,070 --> 00:29:06,960

mutant creature spotted in North

631

00:29:14,529 --> 00:29:10,080

Carolina lake leaves witnesses baffled

632

00:29:26,139 --> 00:29:14,539

and it's playing on screen right now and

633

00:29:33,610 --> 00:29:31,159

there's like maybe mutated sturgeon they

634

00:29:39,640 --> 00:29:33,620

say it's four foot long

635

00:29:46,419 --> 00:29:39,650

and guess so but also doesn't move in a

636

00:29:49,029 --> 00:29:46,429

very normal fish way meaning that I'm

637

00:29:52,269 --> 00:29:49,039

not seeing a lot of movement in its

638

00:29:54,159 --> 00:29:52,279

torso area and his head it doesn't it

639

00:29:55,659 --> 00:29:54,169

doesn't whine like that it's just a spin

640

00:29:59,440 --> 00:29:55,669

flapping back and forth then there's

641

00:30:02,649 --> 00:29:59,450

actual picture below it of the video

642

00:30:05,590 --> 00:30:02,659

where it's it looks blue looks like a

643

00:30:07,180 --> 00:30:05,600

just a fluorescent blue creature I don't

644

00:30:11,950 --> 00:30:07,190

know if this is that this photo was

645

00:30:13,990 --> 00:30:11,960

enhanced at all but I don't know the

646

00:30:17,950 --> 00:30:14,000

check is the Chet's unanimously saying

647

00:30:20,350 --> 00:30:17,960

it looks like a carp carp I it could it

648

00:30:22,269 --> 00:30:20,360

be a motorised carp like that that look

649

00:30:26,740 --> 00:30:22,279

emotion that it had it could be some

650

00:30:28,810 --> 00:30:26,750

kind of remote control carp and like it

651
00:30:32,049 --> 00:30:28,820
was swimming towards the person with a

652
00:30:34,180 --> 00:30:32,059
camera why cut it off oh [\h__\h]

653
00:30:35,950 --> 00:30:34,190
like I don't know why cut off people cut

654
00:30:43,480 --> 00:30:35,960
off their video at the most inopportune

655
00:30:46,899 --> 00:30:43,490
times leave it go I know you figured

656
00:30:50,320 --> 00:30:46,909
people with these you know it's our 1080

657
00:30:53,470 --> 00:30:50,330
cell phones and [\h__\h] I mean like I don't

658
00:31:06,789 --> 00:30:53,480
get it yeah what are you going through

659
00:31:08,470 --> 00:31:06,799
that much space this thing was swimming

660
00:31:11,110 --> 00:31:08,480
like it look like a swimming towards the

661
00:31:13,029 --> 00:31:11,120
shore and this [\h__\h] cuts off his

662
00:31:15,430 --> 00:31:13,039
camera the only reason why you do that

663
00:31:19,180 --> 00:31:15,440

is one you're a complete [h__\h] [h__\h]

664

00:31:20,830 --> 00:31:19,190

and or two this is you put that thing in

665

00:31:22,720 --> 00:31:20,840

the water and you're trying to generate

666

00:31:25,180 --> 00:31:22,730

some buzz so you can get some ad revenue

667

00:31:27,880 --> 00:31:25,190

on YouTube or three you're just a rube

668

00:31:29,889 --> 00:31:27,890

and I just want to do a hoax and and

669

00:31:34,570 --> 00:31:29,899

make us talk about it like we're doing

670

00:31:36,549 --> 00:31:34,580

right now so well they were it's it

671

00:31:38,590 --> 00:31:36,559

aggravates me I you know and there's

672

00:31:41,250 --> 00:31:38,600

nothing like that out of the ordinary

673

00:31:44,919 --> 00:31:41,260

about this it could be just a dying

674

00:31:48,430 --> 00:31:44,929

dying fish like some people in the

675

00:31:52,610 --> 00:31:48,440

chamber scene is a carp okay

676

00:31:55,610 --> 00:31:52,620

that's fine you guys seen the picture

677

00:31:57,110 --> 00:31:55,620

that thing yeah yeah I did I was just

678

00:31:59,180 --> 00:31:57,120

gonna say someone mentioned in it looks

679

00:32:02,660 --> 00:31:59,190

like Billy bass for the for the ass and

680

00:32:04,490 --> 00:32:02,670

just moves around yeah start singing

681

00:32:08,890 --> 00:32:04,500

McDonald's tunes yeah

682

00:32:11,270 --> 00:32:08,900

it doesn't have like a normal like fish

683

00:32:12,950 --> 00:32:11,280

locomotion that you'd see this looks

684

00:32:16,700 --> 00:32:12,960

like Billy the bass they probably pull

685

00:32:19,190 --> 00:32:16,710

it off the motor from that thing no no

686

00:32:22,670 --> 00:32:19,200

JG we could get some big money for that

687

00:32:25,720 --> 00:32:22,680

if it's a [h__\h] fish buddy come on

688

00:32:28,610 --> 00:32:25,730

[Laughter]

689

00:32:34,280 --> 00:32:28,620

exactly we gotta call the aquarium a

690

00:32:36,860 --> 00:32:34,290

shot enjoy it's [\h__\h] Jay come on Jay

691

00:32:42,770 --> 00:32:36,870

oh my god let's [\h__\h] hook that [\h__\h]

692

00:32:51,170 --> 00:32:45,500

there's there our first cryptos do a lot

693

00:32:57,200 --> 00:32:51,180

had news we skin know we didn't get

694

00:33:00,850 --> 00:32:57,210

green skin 6.43 date now 109 we'll take

695

00:33:04,040 --> 00:33:00,860

anything Alex Jones yeah me too

696

00:33:08,150 --> 00:33:04,050

the guy loves Ding Dongs he loves green

697

00:33:09,740 --> 00:33:08,160

skin he loves he loves it all his

698

00:33:13,010 --> 00:33:09,750

ding-dong rant I want to hear him say

699

00:33:15,590 --> 00:33:13,020

sucking on a ding dong never sucked any

700

00:33:20,060 --> 00:33:15,600

dick oh I never sucked any Ding Dongs

701
00:33:22,100 --> 00:33:20,070
yeah did he was a man when he was 12

702
00:33:23,510 --> 00:33:22,110
shotgun a ding dong all right I'll leave

703
00:33:26,000 --> 00:33:23,520
those I'll leave those flips up I want

704
00:33:28,460 --> 00:33:26,010
to play this for rest of the show

705
00:33:29,840 --> 00:33:28,470
all right the the next one we're in

706
00:33:32,510 --> 00:33:29,850
agreement that it's either a carp or a

707
00:33:33,020 --> 00:33:32,520
dying fish it's not like that out of the

708
00:33:35,750 --> 00:33:33,030
ordinary

709
00:33:39,890 --> 00:33:35,760
yeah nothing nothing that cool no no

710
00:33:42,920 --> 00:33:39,900
tentacles no no weird hominid creature

711
00:33:46,100 --> 00:33:42,930
it's just kind of looks like a fish I

712
00:33:51,020 --> 00:33:46,110
didn't see this feel like oh my lord

713
00:33:54,140 --> 00:33:51,030

twit twit like video clip of some type

714

00:33:56,720 --> 00:33:54,150

of deep-sea underwater fish that like

715

00:34:00,320 --> 00:33:56,730

you know projectiles like some type of

716

00:34:01,260 --> 00:34:00,330

blue like liquid it looked pretty crazy

717

00:34:04,020 --> 00:34:01,270

looking under wall

718

00:34:05,670 --> 00:34:04,030

oh nice those deep-sea creatures are

719

00:34:09,780 --> 00:34:05,680

[h__h] aliens Stan you're on the air

720

00:34:12,360 --> 00:34:09,790

yeah hey guys I'll be going hey good how

721

00:34:14,250 --> 00:34:12,370

you doing Stan in Alaska how's it Alaska

722

00:34:18,290 --> 00:34:14,260

treating you

723

00:34:20,790 --> 00:34:18,300

pretty nice up here yeah good for you

724

00:34:21,570 --> 00:34:20,800

we've got the highest unemployment in

725

00:34:25,020 --> 00:34:21,580

the country

726

00:34:41,610 --> 00:34:26,250

do you have the highest rates of

727

00:34:45,930 --> 00:34:41,620

alcoholism as well that and what is on

728

00:34:48,210 --> 00:34:45,940

your mind today ston hey listen into

729

00:34:49,710 --> 00:34:48,220

david colitis yesterday and coast to

730

00:34:52,610 --> 00:34:49,720

coast he was talking about one of the

731

00:34:55,280 --> 00:34:52,620

cases from the off-the-grid book and

732

00:34:59,460 --> 00:34:55,290

there's a German guy that went missing

733

00:35:01,290 --> 00:34:59,470

in the Rockies in Colorado and I haven't

734

00:35:04,170 --> 00:35:01,300

read that book yet but I've got it at

735

00:35:07,020 --> 00:35:04,180

home and then I looked at it when he was

736

00:35:08,970 --> 00:35:07,030

talking about last night and they in the

737

00:35:12,750 --> 00:35:08,980

they never found this guy and in the

738

00:35:13,950 --> 00:35:12,760

search notes that he got through you

739

00:35:16,440 --> 00:35:13,960

know FOIA requests from the National

740

00:35:18,180 --> 00:35:16,450

Park Service one of the search teams

741

00:35:20,190 --> 00:35:18,190

mentioned that when they were out

742

00:35:23,990 --> 00:35:20,200

looking for this guy they heard what

743

00:35:27,630 --> 00:35:24,000

they called quote 1942 Germans sonar and

744

00:35:30,840 --> 00:35:27,640

I just got asked to say okay how does

745

00:35:34,110 --> 00:35:30,850

anybody know the Year vintage of German

746

00:35:36,120 --> 00:35:34,120

sonar and how would it be any different

747

00:35:39,330 --> 00:35:36,130

than any other sonar pings from any

748

00:35:42,090 --> 00:35:39,340

other group or whatnot and you know

749

00:35:44,250 --> 00:35:42,100

David Quietus has really been honing in

750

00:35:45,840 --> 00:35:44,260

on this German connection with people

751

00:35:47,460 --> 00:35:45,850

with the missing for one one about

752

00:35:49,650 --> 00:35:47,470

German physicists and other people

753

00:35:53,370 --> 00:35:49,660

German traumatic backgrounds is up going

754

00:35:55,440 --> 00:35:53,380

missing so it's almost as if I had to

755

00:35:57,630 --> 00:35:55,450

guess that's somebody on a search team

756

00:35:59,910 --> 00:35:57,640

you know maybe it was just really made

757

00:36:02,760 --> 00:35:59,920

up or not but they would have had to

758

00:36:05,130 --> 00:36:02,770

have some this was in 1983 I think it

759

00:36:07,100 --> 00:36:05,140

was but they would had to have some sort

760

00:36:08,850 --> 00:36:07,110

of background in the military

761

00:36:10,500 --> 00:36:08,860

potentially even with a German military

762

00:36:12,270 --> 00:36:10,510

you know under part of Project Paperclip

763

00:36:14,040 --> 00:36:12,280

and they came over here from Germany and

764

00:36:15,089 --> 00:36:14,050

they would actually know what the sound

765

00:36:16,799 --> 00:36:15,099

of nineteen

766

00:36:19,380 --> 00:36:16,809

42 German sonar would be even though

767

00:36:22,079 --> 00:36:19,390

German sonar the Germans didn't have a

768

00:36:24,749 --> 00:36:22,089

very big Navy during World War 2 and

769

00:36:26,519 --> 00:36:24,759

most of the most of the Navy sonar was

770

00:36:29,150 --> 00:36:26,529

used against their subs from British and

771

00:36:30,809 --> 00:36:29,160

American submarines so I I just I just

772

00:36:32,880 --> 00:36:30,819

questioned there's somebody actually

773

00:36:35,160 --> 00:36:32,890

putting that why not nineteen when at

774

00:36:37,680 --> 00:36:35,170

world war ii german sonar wide specific

775

00:36:40,349 --> 00:36:37,690

in 1942 I actually asked some audio of

776

00:36:54,259 --> 00:36:40,359

the German sonar here actually believe

777

00:36:57,719 --> 00:36:54,269

it or not my bad my bad

778

00:37:01,289 --> 00:36:57,729

unique piece of Education and knowledge

779

00:37:03,719 --> 00:37:01,299

to distinguish German sonar this the

780

00:37:05,549 --> 00:37:03,729

type of like ping that that it sounds

781

00:37:07,529 --> 00:37:05,559

like and this German thing keeps coming

782

00:37:09,239 --> 00:37:07,539

up over and over again there's actually

783

00:37:10,859 --> 00:37:09,249

a little clip that I didn't pull from

784

00:37:13,380 --> 00:37:10,869

the skinwalker ranch taught by George

785

00:37:17,339 --> 00:37:13,390

Knapp where he he recounts a story that

786

00:37:19,799 --> 00:37:17,349

people heard while they're outside uh in

787

00:37:21,989 --> 00:37:19,809

the in the in the ranch in the the

788

00:37:24,870 --> 00:37:21,999

fields they were able to hear what they

789

00:37:26,579 --> 00:37:24,880

described as some sort of distant either

790

00:37:30,569 --> 00:37:26,589

Russian or German

791

00:37:32,160 --> 00:37:30,579

guttural speaking which this german

792

00:37:34,589 --> 00:37:32,170

thing keeps coming up over and over

793

00:37:36,209 --> 00:37:34,599

again these guys these goddamn German to

794

00:37:41,849 --> 00:37:36,219

call this unleashed hell on this earth

795

00:37:43,529 --> 00:37:41,859

and now spread across the lands I would

796

00:37:45,120 --> 00:37:43,539

think you got world war one with Germans

797

00:37:46,609 --> 00:37:45,130

World War two of Germans why wouldn't

798

00:37:49,620 --> 00:37:46,619

roll two or three involve the Germans I

799

00:37:51,209 --> 00:37:49,630

they didn't go away after World War Two

800

00:37:53,489 --> 00:37:51,219

they went down to Antarctica and in

801
00:37:56,549 --> 00:37:53,499
parts of South America they continued

802
00:37:58,430 --> 00:37:56,559
their UFO program and they could be

803
00:38:02,190 --> 00:37:58,440
involved with the missing for 11

804
00:38:04,440 --> 00:38:02,200
abductions to either get these highly

805
00:38:07,229 --> 00:38:04,450
intelligent scientists and basically put

806
00:38:13,829 --> 00:38:07,239
them as a slave labor in their secret

807
00:38:15,299 --> 00:38:13,839
space program not I cannot possibly

808
00:38:16,559 --> 00:38:15,309
disagree with that even more as a

809
00:38:18,719 --> 00:38:16,569
possibility where these people are

810
00:38:20,670 --> 00:38:18,729
getting sucked up into that thing I

811
00:38:21,690 --> 00:38:20,680
think now is hearing camera where I was

812
00:38:24,180 --> 00:38:21,700
here on this but they were talking about

813
00:38:26,370 --> 00:38:24,190

something in the range of it's like a

814

00:38:28,349 --> 00:38:26,380

hundred thousand kids per year and a

815

00:38:32,069 --> 00:38:28,359

million adults a year hey mister

816

00:38:35,009 --> 00:38:32,079

I just just had that story 10,000 kids

817

00:38:38,009 --> 00:38:35,019

went missing last year 10,000 MO and

818

00:38:44,970 --> 00:38:38,019

that's the only what was reported yeah

819

00:38:47,430 --> 00:38:44,980

yeah where are couple months back about

820

00:38:49,620 --> 00:38:47,440

how my nice conspiracy to my wife really

821

00:38:51,989 --> 00:38:49,630

kind of came up with about Trump being

822

00:38:54,779 --> 00:38:51,999

the you know the son of Adolf Hitler

823

00:38:57,059 --> 00:38:54,789

neighbor Braun being conceived there in

824

00:38:58,559 --> 00:38:57,069

a near Antarctica so give me now he'd be

825

00:39:03,930 --> 00:38:58,569

an American citizen he may technically

826

00:39:06,210 --> 00:39:03,940

be in Antarctic I love it Antarctic

827

00:39:12,359 --> 00:39:06,220

citizen time traveler just it's just

828

00:39:13,620 --> 00:39:12,369

pure God playing five DHS if you look at

829

00:39:15,479 --> 00:39:13,630

everything that's going on if you

830

00:39:17,370 --> 00:39:15,489

believe in the secret technology in a

831

00:39:20,910 --> 00:39:17,380

secret space program there's definitely

832

00:39:24,150 --> 00:39:20,920

an internal war going on within the CIA

833

00:39:26,249 --> 00:39:24,160

FBI and it could be all related to these

834

00:39:28,769 --> 00:39:26,259

secret technologies and the old

835

00:39:31,170 --> 00:39:28,779

establishment who might be in control of

836

00:39:32,819 --> 00:39:31,180

some of these unique technologies that

837

00:39:35,009 --> 00:39:32,829

Trump is like hey you know get it out

838

00:39:38,099 --> 00:39:35,019

there I don't know it's there's another

839

00:39:42,089 --> 00:39:38,109

angle yeah there's another article I

840

00:39:43,859 --> 00:39:42,099

just saw where Israel they are there

841

00:39:46,529 --> 00:39:43,869

they've got some people celebrating

842

00:39:50,999 --> 00:39:46,539

Trump's declaration of Jerusalem as

843

00:39:53,670 --> 00:39:51,009

their capital by actually minting some

844

00:39:56,370 --> 00:39:53,680

coinage and comparing him to Cyrus the

845

00:39:58,430 --> 00:39:56,380

Great who a reference in the Bible he

846

00:40:02,670 --> 00:39:58,440

was a Persian king you know Iranian

847

00:40:06,299 --> 00:40:02,680

backing and like 500 BC that allowed the

848

00:40:09,829 --> 00:40:06,309

Israelites to go back to Jerusalem and

849

00:40:12,450 --> 00:40:09,839

Israel back in the Babylonian time so

850

00:40:14,519 --> 00:40:12,460

yeah it's just crazy what's going on

851
00:40:15,930 --> 00:40:14,529
with that oh boy well hey you got

852
00:40:19,759 --> 00:40:15,940
anything else in your microwave onto our

853
00:40:22,829 --> 00:40:19,769
next issue a logical news area I got

854
00:40:26,339 --> 00:40:22,839
things done that Waffle House shooter

855
00:40:28,170 --> 00:40:26,349
yeah you noticing that one that he was

856
00:40:31,470 --> 00:40:28,180
the same guy who attempted to enter the

857
00:40:33,599 --> 00:40:31,480
White House last year you know they got

858
00:40:35,970 --> 00:40:33,609
they intercepted him the FBI took away

859
00:40:37,890 --> 00:40:35,980
his weapons then the FBI can merely gave

860
00:40:39,420 --> 00:40:37,900
his weapons back to his father who then

861
00:40:41,249 --> 00:40:39,430
gave those weapons back to the son

862
00:40:42,160 --> 00:40:41,259
because then you know this Tennessee

863
00:40:45,070 --> 00:40:42,170

national walk

864

00:40:47,140 --> 00:40:45,080

shooter guy so another another shining

865

00:40:50,980 --> 00:40:47,150

example of the FBI doing a wonderful job

866

00:40:53,640 --> 00:40:50,990

and that just hurts into I last week we

867

00:40:56,890 --> 00:40:53,650

had am in my building we actually had a

868

00:40:59,500 --> 00:40:56,900

short training session with Anchorage

869

00:41:02,100 --> 00:40:59,510

Police Department FBI and Department of

870

00:41:05,470 --> 00:41:02,110

Homeland Security people talking about

871

00:41:07,960 --> 00:41:05,480

violence recognition and active shooters

872

00:41:11,020 --> 00:41:07,970

and they had read about to our kind of

873

00:41:13,240 --> 00:41:11,030

Lunch and Learn on that and it was III

874

00:41:15,370 --> 00:41:13,250

brought the fact that majority of these

875

00:41:16,890 --> 00:41:15,380

mass shooters and they mostly were

876
00:41:20,710 --> 00:41:16,900
focused on the mass shootings between

877
00:41:22,960 --> 00:41:20,720
Columbine and parkland you know so I

878
00:41:25,150 --> 00:41:22,970
mentioned that the majority those people

879
00:41:26,740 --> 00:41:25,160
were on SSRI you know research on it

880
00:41:27,190 --> 00:41:26,750
selective serotonin reuptake inhibitors

881
00:41:28,960 --> 00:41:27,200
yeah

882
00:41:31,660 --> 00:41:28,970
and these people kind of look like me

883
00:41:33,520 --> 00:41:31,670
like I had greens again oh my god yeah

884
00:41:36,820 --> 00:41:33,530
you can't bring that up man do not bring

885
00:41:38,140 --> 00:41:36,830
that up yeah green skin they don't want

886
00:41:40,900 --> 00:41:38,150
to you know and they don't want to know

887
00:41:43,720 --> 00:41:40,910
that stuff yeah yeah well they you know

888
00:41:46,300 --> 00:41:43,730

and they they said that they are on the

889

00:41:47,950 --> 00:41:46,310

rise the amount of mass shootings and a

890

00:41:51,460 --> 00:41:47,960

mass shooting blaming anything more than

891

00:41:54,820 --> 00:41:51,470

twenty two or three people in an open or

892

00:41:56,560 --> 00:41:54,830

public area and they've effectively they

893

00:41:57,580 --> 00:41:56,570

said after Columbine a change their

894

00:41:59,790 --> 00:41:57,590

methodologies of how law enforcement

895

00:42:02,770 --> 00:41:59,800

interacts with it and then they said

896

00:42:04,990 --> 00:42:02,780

parkland will now also change makes

897

00:42:06,400 --> 00:42:05,000

their their current training somewhat

898

00:42:07,810 --> 00:42:06,410

irrelevant because of this the way

899

00:42:09,670 --> 00:42:07,820

that's the thing happened and I brought

900

00:42:10,810 --> 00:42:09,680

the fact that said well you know that

901
00:42:13,720 --> 00:42:10,820
there was at least thirty nine phone

902
00:42:15,880 --> 00:42:13,730
calls to the Broward County Sheriff's

903
00:42:17,650 --> 00:42:15,890
Office about the kid and there was two

904
00:42:18,790 --> 00:42:17,660
called the FBI how did you guys drop the

905
00:42:23,830 --> 00:42:18,800
ball and there's one and they just said

906
00:42:31,500 --> 00:42:23,840
yeah you know we screwed up but now Stan

907
00:42:37,450 --> 00:42:34,140
one thing that's related to Anchorage so

908
00:42:38,830 --> 00:42:37,460
they were talking about we have this new

909
00:42:41,140 --> 00:42:38,840
Alaska state crime lab here in Anchorage

910
00:42:42,790 --> 00:42:41,150
and it was built a few years back and it

911
00:42:46,540 --> 00:42:42,800
cost a hundred and ten million dollars

912
00:42:49,270 --> 00:42:46,550
and just comparing crime labs the one

913
00:42:51,790 --> 00:42:49,280

the only larger crime lab in the whole

914

00:42:53,770 --> 00:42:51,800

United States is the one for the FBI in

915

00:42:55,359 --> 00:42:53,780

Quantico Virginia which caused a hundred

916

00:42:58,480 --> 00:42:55,369

thirty million dollars

917

00:43:00,700 --> 00:42:58,490

and there was a guy on the radio today I

918

00:43:02,980 --> 00:43:00,710

was driving in and he had this

919

00:43:04,779 --> 00:43:02,990

conspiracy theory about the fact that

920

00:43:06,009 --> 00:43:04,789

this is a brand new it was built

921

00:43:08,380 --> 00:43:06,019

sometime after till 10

922

00:43:09,940 --> 00:43:08,390

when they finish it and is there hardly

923

00:43:11,710 --> 00:43:09,950

me people that actually work there

924

00:43:13,539 --> 00:43:11,720

compared to what the Quantico system as

925

00:43:15,339 --> 00:43:13,549

and we have the law crime problems here

926

00:43:17,440 --> 00:43:15,349

but we don't have the level that support

927

00:43:19,690 --> 00:43:17,450

a hundred Tim in our crime lab but state

928

00:43:21,779 --> 00:43:19,700

of the art but this guy called in and he

929

00:43:23,769 --> 00:43:21,789

mentioned that the conspiracy was that

930

00:43:26,499 --> 00:43:23,779

theoretically they were looking at

931

00:43:28,779 --> 00:43:26,509

converting that crime lab into like a

932

00:43:31,480 --> 00:43:28,789

homeless shelter sometimes the future up

933

00:43:34,779 --> 00:43:31,490

here in Anchorage weird that's a very

934

00:43:36,880 --> 00:43:34,789

expensive homeless shelter yeah so you

935

00:43:39,489 --> 00:43:36,890

know looking on that Seema camp kind of

936

00:43:40,749 --> 00:43:39,499

situation you know cuz yeah you take few

937

00:43:42,130 --> 00:43:40,759

little incidents as well along with the

938

00:43:44,109 --> 00:43:42,140

homeless and you kind of walk them up

939

00:43:45,579 --> 00:43:44,119

there especially anybody that might be a

940

00:43:47,470 --> 00:43:45,589

gun you know gun owner something like

941

00:43:49,120 --> 00:43:47,480

that might be you know need to get taken

942

00:43:51,910 --> 00:43:49,130

out of the system or talks too much or

943

00:43:53,559 --> 00:43:51,920

thinks too much so say good are you

944

00:43:56,980 --> 00:43:53,569

seeing this like an expensive FEMA can't

945

00:43:58,660 --> 00:43:56,990

possibly possibly very well could be

946

00:44:01,720 --> 00:43:58,670

because I don't think it's fully

947

00:44:03,400 --> 00:44:01,730

utilized right now this way there but

948

00:44:04,720 --> 00:44:03,410

anyways I don't know much about that

949

00:44:07,720 --> 00:44:04,730

crime lab I've never been to it

950

00:44:09,759 --> 00:44:07,730

buy it a few times but I've been told to

951

00:44:11,289 --> 00:44:09,769

fairly a finger lock type of

952

00:44:12,609 --> 00:44:11,299

establishment just because of how new

953

00:44:14,410 --> 00:44:12,619

and wonderful it is and we spend all

954

00:44:15,849 --> 00:44:14,420

this money on it maybe they create I

955

00:44:20,140 --> 00:44:15,859

don't really have that maybe the crime

956

00:44:24,039 --> 00:44:20,150

lab is for making crimes you know you

957

00:44:25,989 --> 00:44:24,049

can build a better criminal sure jack

958

00:44:27,599 --> 00:44:25,999

and full of drugs a last thing yeah yeah

959

00:44:30,249 --> 00:44:27,609

last thing I want hit you guys with is

960

00:44:34,960 --> 00:44:30,259

this whole Syria attack back on April

961

00:44:37,180 --> 00:44:34,970

7th for April 14th 1314 so there's an

962

00:44:39,670 --> 00:44:37,190

article about the French frigate that

963

00:44:41,259 --> 00:44:39,680

was involved in firing you know some of

964

00:44:43,269 --> 00:44:41,269

those missiles those you know new and

965

00:44:44,680 --> 00:44:43,279

wonderful missiles actually the French

966

00:44:47,650 --> 00:44:44,690

actually had some of their own new

967

00:44:49,180 --> 00:44:47,660

missiles that they were firing and one

968

00:44:50,680 --> 00:44:49,190

of the frigates and they wanted MIT

969

00:44:52,210 --> 00:44:50,690

which one it is they only have three in

970

00:44:54,009 --> 00:44:52,220

their in their fleet but they only

971

00:44:56,380 --> 00:44:54,019

actually admit which one it was

972

00:45:00,400 --> 00:44:56,390

it had a misfire and he was unable to

973

00:45:01,769 --> 00:45:00,410

fire so this brand-new missile and in in

974

00:45:03,910 --> 00:45:01,779

this article in one paragraph those

975

00:45:07,690 --> 00:45:03,920

operational groups happen especially

976
00:45:09,390 --> 00:45:07,700
with new and relatively untested and I

977
00:45:11,760 --> 00:45:09,400
just gotta say that that's a bunch of

978
00:45:13,710 --> 00:45:11,770
wash and they get these guys even in the

979
00:45:15,990 --> 00:45:13,720
French military they test the stuff

980
00:45:17,610 --> 00:45:16,000
repeatedly and four years on years on

981
00:45:20,430 --> 00:45:17,620
end and the fact that they were trying

982
00:45:23,220 --> 00:45:20,440
you know hide behind that it's just

983
00:45:25,230 --> 00:45:23,230
pathetic and it says if either that that

984
00:45:28,560 --> 00:45:25,240
or some of the tech aboard a French you

985
00:45:30,510 --> 00:45:28,570
know this missile type they mistook the

986
00:45:32,880 --> 00:45:30,520
button for surrender button versus the

987
00:45:35,940 --> 00:45:32,890
launch button give a surrender button

988
00:45:49,020 --> 00:45:35,950

right now so launch buddy remember that

989

00:45:53,340 --> 00:45:49,030

the French the French are called there's

990

00:45:57,060 --> 00:45:53,350

frogs in the most genuine in play way I

991

00:46:00,570 --> 00:45:57,070

mean that in the utmost respect to those

992

00:46:02,640 --> 00:46:00,580

those French oh my god

993

00:46:04,020 --> 00:46:02,650

woman hit my surrender button right now

994

00:46:05,520 --> 00:46:04,030

Stan thank you for the call buddy we're

995

00:46:16,230 --> 00:46:05,530

going to move on to one more story I

996

00:46:21,420 --> 00:46:16,240

believe now back to business all right

997

00:46:24,150 --> 00:46:21,430

yeah Stan was this little joke about the

998

00:46:26,420 --> 00:46:24,160

French surrendering

999

00:46:29,890 --> 00:46:26,430

how about that one well

1000

00:46:33,579 --> 00:46:29,900

as good the creatures shape is striking

1001
00:46:37,720 --> 00:46:33,589
we have a story up on screen right now

1002
00:46:41,740 --> 00:46:37,730
half-human half-animal seven-foot beast

1003
00:46:45,140 --> 00:46:41,750
terrified after savaging two dogs and

1004
00:46:47,540 --> 00:46:45,150
there is a footage up here on screen of

1005
00:46:51,520 --> 00:46:47,550
this comiste it's not even footage it is

1006
00:46:55,220 --> 00:46:51,530
a still photograph of this weird

1007
00:46:58,579 --> 00:46:55,230
four-legged creature I don't know it

1008
00:47:07,329 --> 00:46:58,589
looks weird I mean it looks like a super

1009
00:47:13,990 --> 00:47:07,339
skinny bear almost he's only it seizes

1010
00:47:18,520 --> 00:47:16,300
yeah I saw this

1011
00:47:20,950 --> 00:47:18,530
the unknown animal said to roam the

1012
00:47:23,560 --> 00:47:20,960
streets at night and is not shy of

1013
00:47:26,710 --> 00:47:23,570

confrontation according to local media

1014

00:47:28,660 --> 00:47:26,720

reports in Santa Fe Argentina the

1015

00:47:30,160 --> 00:47:28,670

creature has attacked two dogs they say

1016

00:47:31,450 --> 00:47:30,170

the large animal killed a German

1017

00:47:33,550 --> 00:47:31,460

Shepherd and a pitbull before

1018

00:47:36,030 --> 00:47:33,560

disappearing but one resident apparently

1019

00:47:38,620 --> 00:47:36,040

managed to snap a quick pic of the Beast

1020

00:47:41,500 --> 00:47:38,630

I'm trying to trying to equate what it

1021

00:47:43,630 --> 00:47:41,510

might look like it almost looks like a

1022

00:47:48,430 --> 00:47:43,640

hybrid like if a human was bent over and

1023

00:47:54,360 --> 00:47:48,440

it had incredibly elongated forearms

1024

00:47:57,130 --> 00:47:54,370

large hands and not doglike hind legs

1025

00:47:59,680 --> 00:47:57,140

but something that you would see like in

1026
00:48:01,540 --> 00:47:59,690
a werewolf movie almost and the head is

1027
00:48:04,500 --> 00:48:01,550
fairly small in comparison to his body

1028
00:48:09,060 --> 00:48:07,230
I know that there's these types of

1029
00:48:11,310 --> 00:48:09,070
wolves that are in South America that

1030
00:48:12,600 --> 00:48:11,320
have these crazy long legs like that I'm

1031
00:48:15,240 --> 00:48:12,610
trying to look them up right now to see

1032
00:48:17,490 --> 00:48:15,250
what they're called well if it might be

1033
00:48:19,890 --> 00:48:17,500
like a mangy one of those something is

1034
00:48:22,790 --> 00:48:19,900
hairless there's I can tell there's no

1035
00:48:25,110 --> 00:48:22,800
hair and I were extremely short hair I

1036
00:48:29,850 --> 00:48:25,120
don't even want to say it's like dog

1037
00:48:33,870 --> 00:48:29,860
like it has Lisa Fuller's profile kind

1038
00:48:35,610 --> 00:48:33,880

of looks like it has like a goat head if

1039

00:48:40,500 --> 00:48:35,620

you look at that it kind of looks like a

1040

00:48:42,030 --> 00:48:40,510

goat head and sits down patrol it's it's

1041

00:48:46,020 --> 00:48:42,040

it's a bizarre photograph

1042

00:48:49,410 --> 00:48:46,030

I hope it's real look people these

1043

00:48:51,200 --> 00:48:49,420

things are real for sure some is all

1044

00:48:54,090 --> 00:48:51,210

over the place

1045

00:48:56,490 --> 00:48:54,100

something's going on here

1046

00:48:59,310 --> 00:48:56,500

i whiskers actually video of this or

1047

00:49:01,550 --> 00:48:59,320

more than one photograph that would be

1048

00:49:05,750 --> 00:49:03,440

a number of bizarre sightings have it in

1049

00:49:07,820 --> 00:49:05,760

a few and not taking it on a flip phone

1050

00:49:09,910 --> 00:49:07,830

yeah on Friday a group of Russians

1051
00:49:12,620 --> 00:49:09,920
believe they have cafarnd evidence of

1052
00:49:15,320 --> 00:49:12,630
Bigfoot there's a link to that in here

1053
00:49:19,250 --> 00:49:15,330
I guess I'll play this and that there is

1054
00:49:22,780 --> 00:49:19,260
a fearless man chases Bigfoot that's up

1055
00:49:26,300 --> 00:49:22,790
on screen right now and it is just a

1056
00:49:30,080 --> 00:49:26,310
video of a guy driving down a dark road

1057
00:49:30,590 --> 00:49:30,090
in on the the curb or on side of the

1058
00:49:33,440 --> 00:49:30,600
road

1059
00:49:35,420 --> 00:49:33,450
there's dark figure walking and they're

1060
00:49:39,320 --> 00:49:35,430
saying this Bigfoot although it's so

1061
00:49:42,800 --> 00:49:39,330
dark you cannot really make out what

1062
00:49:47,280 --> 00:49:42,810
this thing is but the Russians they're

1063
00:49:54,660 --> 00:49:52,860

I look with this footage you can't you

1064

00:49:55,830 --> 00:49:54,670

can't go either way on it it's tough

1065

00:49:57,210 --> 00:49:55,840

either what you want to believe it's

1066

00:49:59,250 --> 00:49:57,220

Bigfoot or not and you believe the

1067

00:50:01,890 --> 00:49:59,260

eyewitness on this I don't there's some

1068

00:50:03,960 --> 00:50:01,900

better Bigfoot evidence out there when

1069

00:50:06,090 --> 00:50:03,970

it comes to DNA samplings of skin

1070

00:50:09,620 --> 00:50:06,100

samplings and even a better video out

1071

00:50:11,850 --> 00:50:09,630

there maybe I'll bring it up next time

1072

00:50:13,710 --> 00:50:11,860

the latest and greatest here this is the

1073

00:50:17,940 --> 00:50:13,720

the newest stuff I think Bigfoot's

1074

00:50:19,650 --> 00:50:17,950

always blurry yeah like he's just yeah

1075

00:50:23,490 --> 00:50:19,660

he's whatever you know interdimensional

1076
00:50:25,560 --> 00:50:23,500
just always blurry like I don't know the

1077
00:50:28,580 --> 00:50:25,570
Patterson Gimlin film yeah that dad

1078
00:50:33,300 --> 00:50:28,590
stuffs a little iffy even back then

1079
00:50:35,190 --> 00:50:33,310
but I'm like so the more you get into

1080
00:50:38,430 --> 00:50:35,200
Bigfoot like oh if there are a split off

1081
00:50:40,530 --> 00:50:38,440
of humanity how do they survive in this

1082
00:50:44,220 --> 00:50:40,540
day and age they must live in a system

1083
00:50:46,710 --> 00:50:44,230
of caves and how do they hunt it's been

1084
00:50:49,440 --> 00:50:46,720
speculated that they're able to use

1085
00:50:53,340 --> 00:50:49,450
their voice to stun their prey or do

1086
00:50:55,230 --> 00:50:53,350
some sort of telepathic stun to their

1087
00:50:57,120 --> 00:50:55,240
prey to freeze them so there because I

1088
00:50:58,410 --> 00:50:57,130

don't have bows or arrows that are at

1089

00:51:01,140 --> 00:50:58,420

least not that we know we've never seen

1090

00:51:02,790 --> 00:51:01,150

there's never been any video evidence or

1091

00:51:06,000 --> 00:51:02,800

photographic evidence of them using

1092

00:51:10,130 --> 00:51:06,010

tools so they must use some sort of

1093

00:51:12,270 --> 00:51:10,140

natural ability to to feed and hunt yeah

1094

00:51:13,860 --> 00:51:12,280

you know they're definitely in the

1095

00:51:15,750 --> 00:51:13,870

Hollow Earth that's what I think I think

1096

00:51:17,700 --> 00:51:15,760

they're in the Hollow Earth and they're

1097

00:51:19,530 --> 00:51:17,710

down there with Nazi scientists and

1098

00:51:21,900 --> 00:51:19,540

that's really just all it is it's

1099

00:51:24,660 --> 00:51:21,910

Bigfoot's just a Nazi experiment gone

1100

00:51:26,880 --> 00:51:24,670

wrong that's very well could be it could

1101
00:51:28,350 --> 00:51:26,890
be some sort of things having a big old

1102
00:51:33,600 --> 00:51:28,360
drinking Club it's an art of the earth

1103
00:51:35,700 --> 00:51:33,610
who knows good cigarettes and playing

1104
00:51:37,580 --> 00:51:35,710
pool yeah this couple dogs but the

1105
00:51:40,110 --> 00:51:37,590
cigarettes do some shots with Bigfoot

1106
00:51:41,100 --> 00:51:40,120
watching the Nazi scientist experiment

1107
00:51:44,640 --> 00:51:41,110
on humans

1108
00:51:48,180 --> 00:51:44,650
oh boy once you delve into the via the

1109
00:51:50,940 --> 00:51:48,190
dulce base and all the things on the

1110
00:51:55,080 --> 00:51:50,950
drums just a deep underground military

1111
00:51:58,290 --> 00:51:55,090
bases and Dulce specifically it goes

1112
00:52:00,690 --> 00:51:58,300
into you human experimentation creating

1113
00:52:01,180 --> 00:52:00,700

different weird creatures I got clips

1114

00:52:03,700 --> 00:52:01,190

them up

1115

00:52:06,940 --> 00:52:03,710

from that as well but that's part of the

1116

00:52:11,250 --> 00:52:06,950

secret UFO program and what are they

1117

00:52:14,079 --> 00:52:11,260

really creating in order to man these

1118

00:52:19,839 --> 00:52:14,089

vehicles what are they making is that

1119

00:52:26,500 --> 00:52:19,849

they the the Anunnaki the Nephilim it

1120

00:52:27,490 --> 00:52:26,510

gets into crazy biblical [h__h] yeah the

1121

00:52:28,839 --> 00:52:27,500

world the world was supposed to end

1122

00:52:31,180 --> 00:52:28,849

today I mean we still have a few hours

1123

00:52:32,010 --> 00:52:31,190

left but I don't know if David Mead was

1124

00:52:34,750 --> 00:52:32,020

on point

1125

00:52:38,319 --> 00:52:34,760

yeah the there was a rundown that's all

1126

00:52:40,240 --> 00:52:38,329

story that you know via how was the

1127

00:52:43,480 --> 00:52:40,250

world supposed invade it did did David

1128

00:52:46,559 --> 00:52:43,490

meet today Nibiru scum and Lenin axe

1129

00:52:48,670 --> 00:52:46,569

again it's a total planet at Planet X

1130

00:53:07,520 --> 00:52:48,680

it's just gonna go every 6 months

1131

00:53:07,530 --> 00:53:12,450

[Music]

1132

00:53:22,990 --> 00:53:20,200

even though there was no video so you're

1133

00:53:23,520 --> 00:53:23,000

saying this this show is like 9/11 for

1134

00:53:44,550 --> 00:53:23,530

you

1135

00:53:48,819 --> 00:53:46,809

there's there's quite a good amount of

1136

00:53:51,099 --> 00:53:48,829

photographic photographic evidence of

1137

00:54:05,220 --> 00:53:51,109

giant skeletons out there and that they

1138

00:54:16,820 --> 00:54:12,800

I think grimly you're saying am I

1139

00:54:18,410 --> 00:54:16,830

well I mean it's yes it's right there I

1140

00:54:20,660 --> 00:54:18,420

don't know if it's exactly how they say

1141

00:54:22,160 --> 00:54:20,670

it is but I mean we can see it a small

1142

00:54:25,250 --> 00:54:22,170

scale like what Darwin's finches and

1143

00:54:28,190 --> 00:54:25,260

stuff but I know if I buy into the hole

1144

00:54:29,270 --> 00:54:28,200

all we came from monkeys I think we

1145

00:54:32,060 --> 00:54:29,280

might have been genetically modified

1146

00:54:32,630 --> 00:54:32,070

along the way at some point yeah no no

1147

00:54:52,430 --> 00:54:32,640

no [h__h]

1148

00:54:58,850 --> 00:54:52,440

so that's just I guess all right well

1149

00:55:01,460 --> 00:54:58,860

hey thanks Bonin there he goes yeah we

1150

00:55:03,830 --> 00:55:01,470

just did like a whole like a whole month

1151

00:55:07,220 --> 00:55:03,840

on the Annunaki and all that [h__h] dude

1152

00:55:11,150 --> 00:55:07,230

oh my god he brought it some guess about

1153

00:55:12,950 --> 00:55:11,160

it it was insane so so after listening

1154

00:55:15,490 --> 00:55:12,960

to all this material for a month where

1155

00:55:19,520 --> 00:55:15,500

do you come down on the Anunnaki and

1156

00:55:23,630 --> 00:55:19,530

their origins it's a it's just a fun

1157

00:55:25,640 --> 00:55:23,640

tale you know yeah yeah I think so too

1158

00:55:29,330 --> 00:55:25,650

yeah like the the first guests we had

1159

00:55:31,340 --> 00:55:29,340

and they it seems so far out there but

1160

00:55:34,310 --> 00:55:31,350

there are like the weird stories about

1161

00:55:37,960 --> 00:55:34,320

like Giants and [h__h] and like over in

1162

00:55:42,410 --> 00:55:37,970

Saudi Arabia you know that whole area

1163

00:55:44,210 --> 00:55:42,420

which is kind of interesting and then

1164

00:55:48,380 --> 00:55:44,220

you know along with the bones that are

1165

00:55:50,630 --> 00:55:48,390

found of giants and then then we heard a

1166

00:55:54,170 --> 00:55:50,640

different kind of angle on it too you

1167

00:55:55,880 --> 00:55:54,180

know like with the with the lessons that

1168

00:55:57,770 --> 00:55:55,890

we had on they they talked to her

1169

00:55:59,350 --> 00:55:57,780

they studied under zecharia sitchin for

1170

00:56:02,030 --> 00:55:59,360

a while so they went with the whole like

1171

00:56:04,820 --> 00:56:02,040

mardukas Enlil model where you're going

1172

00:56:06,530 --> 00:56:04,830

there's just been a basic ancient war

1173

00:56:08,300 --> 00:56:06,540

that's been going on and we're still in

1174

00:56:10,490 --> 00:56:08,310

it today and pretty much everything

1175

00:56:12,650 --> 00:56:10,500

that's chaotic going on can be blamed on

1176

00:56:14,870 --> 00:56:12,660

Marv Duke and it's it's it's just it's

1177

00:56:17,180 --> 00:56:14,880

an interesting story but I don't think

1178

00:56:20,030 --> 00:56:17,190

that you know I don't buy any of it

1179

00:56:22,400 --> 00:56:20,040

really yeah I only have like a you know

1180

00:56:25,599 --> 00:56:22,410

a peripheral knowledge of all this stuff

1181

00:56:29,109 --> 00:56:25,609

and it's enough to know everything that

1182

00:56:31,239 --> 00:56:29,119

going on and I don't I don't bring on

1183

00:56:32,799 --> 00:56:31,249

experts like you guys do I like to talk

1184

00:56:36,910 --> 00:56:32,809

out of my ass most of time and piece

1185

00:56:38,920 --> 00:56:36,920

together from what I research and so a

1186

00:56:40,599 --> 00:56:38,930

lot of conclusions that come to probably

1187

00:56:43,779 --> 00:56:40,609

wrong but they're mine I use my

1188

00:56:45,370 --> 00:56:43,789

intuition to figure out reality and I I

1189

00:56:50,769 --> 00:56:45,380

don't know what's in every war or

1190

00:56:53,890 --> 00:56:50,779

anunnaki but yet it's hard to put a

1191

00:56:58,329 --> 00:56:53,900

validity in in some of the stuff that

1192

00:57:00,849 --> 00:56:58,339

said today about what happened 10,000

1193

00:57:03,190 --> 00:57:00,859

15,000 years ago it's it's it's tough to

1194

00:57:06,279 --> 00:57:03,200

make that that leap but I'm willing to

1195

00:57:10,089 --> 00:57:06,289

do it yeah it is and then you're also

1196

00:57:12,309 --> 00:57:10,099

reading somebody's book you know like

1197

00:57:14,319 --> 00:57:12,319

who the [h__\h] are they they say like this

1198

00:57:16,180 --> 00:57:14,329

is what happened but these people that

1199

00:57:19,359 --> 00:57:16,190

we the the two groups of people we

1200

00:57:21,130 --> 00:57:19,369

brought on you know their their PhDs you

1201
00:57:23,799 --> 00:57:21,140
know like they've written all this [h__\h]

1202
00:57:27,400 --> 00:57:23,809
and it's like but and then we were

1203
00:57:29,950 --> 00:57:27,410
approached it to like okay I'm a first

1204
00:57:32,140 --> 00:57:29,960
level student you know whatever trying

1205
00:57:33,970 --> 00:57:32,150
trying to go into this stuff I mean yeah

1206
00:57:36,190 --> 00:57:33,980
I've listened to a million shows over

1207
00:57:39,009 --> 00:57:36,200
the twenty years of hearing stories

1208
00:57:40,630 --> 00:57:39,019
about stuff like that but you know when

1209
00:57:43,059 --> 00:57:40,640
you bring somebody on like that I'm like

1210
00:57:46,210 --> 00:57:43,069
where do you even begin I haven't it's

1211
00:57:49,630 --> 00:57:46,220
really hard to be the interviewer and

1212
00:57:56,849 --> 00:57:49,640
listen and not get super sidetracked of

1213
00:58:00,880 --> 00:57:59,259

it brings a different level and what it

1214

00:58:02,289 --> 00:58:00,890

does is it relaxes the people and they

1215

00:58:04,779 --> 00:58:02,299

become more approachable and they're

1216

00:58:06,849 --> 00:58:04,789

easier to talk to man and instead of

1217

00:58:08,829 --> 00:58:06,859

just like getting somebody on or just

1218

00:58:11,529 --> 00:58:08,839

like word from word from their book you

1219

00:58:14,109 --> 00:58:11,539

know like yeah you just want to have a

1220

00:58:15,489 --> 00:58:14,119

more genuine conversation with with the

1221

00:58:17,970 --> 00:58:15,499

people and you can kind of get a better

1222

00:58:21,309 --> 00:58:17,980

understanding of it yeah you don't want

1223

00:58:24,430 --> 00:58:21,319

to read their book for you and have some

1224

00:58:28,210 --> 00:58:24,440

sort of a some levity about this these

1225

00:58:29,859 --> 00:58:28,220

topics and I know like phd's guy people

1226

00:58:32,710 --> 00:58:29,869

who resources don't take it probably

1227

00:58:34,390 --> 00:58:32,720

pretty personal but same time their

1228

00:58:37,690 --> 00:58:34,400

that's their opinion that's their

1229

00:58:39,630 --> 00:58:37,700

research they can evaluate in and make

1230

00:58:41,010 --> 00:58:39,640

notes and writings about what they found

1231

00:58:43,350 --> 00:58:41,020

necessarily they don't take into

1232

00:58:46,110 --> 00:58:43,360

consideration of everything I think it's

1233

00:58:48,720 --> 00:58:46,120

tough to do seem with like they're

1234

00:58:50,400 --> 00:58:48,730

studying the lure of the Enloe and Anki

1235

00:58:53,190 --> 00:58:50,410

you know like all that kind of stuff you

1236

00:58:55,260 --> 00:58:53,200

know like and then how it's been written

1237

00:58:57,030 --> 00:58:55,270

over the years well that's also who's

1238

00:58:59,520 --> 00:58:57,040

even saying that Sitchin translated

1239

00:59:01,890 --> 00:58:59,530

these yeah that looks great at the

1240

00:59:04,470 --> 00:59:01,900

sanskrit like that's that's taken a leap

1241

00:59:07,410 --> 00:59:04,480

because a lot of you know experts say

1242

00:59:12,390 --> 00:59:07,420

that he's talking out of his ass but you

1243

00:59:14,430 --> 00:59:12,400

know it's fun people that say translated

1244

00:59:18,990 --> 00:59:14,440

what the the Sumerian incorrectly was a

1245

00:59:20,880 --> 00:59:19,000

Sumerian yeah yeah well that's Sanskrit

1246

00:59:22,230 --> 00:59:20,890

stuff yeah there's a lot of people

1247

00:59:24,540 --> 00:59:22,240

there's a lot of controversy around that

1248

00:59:27,120 --> 00:59:24,550

if anything that what I gathered out of

1249

00:59:29,640 --> 00:59:27,130

it like from a long time ago the the one

1250

00:59:32,940 --> 00:59:29,650

thing now we're kind of missing now is

1251
00:59:36,450 --> 00:59:32,950
this like telepathic communication type

1252
00:59:37,880 --> 00:59:36,460
thing globally like now it's being able

1253
00:59:41,360 --> 00:59:37,890
to be transferred

1254
00:59:43,950 --> 00:59:41,370
whether it be ley lines stuff like that

1255
00:59:45,510 --> 00:59:43,960
well let's take it a big leap assuming

1256
00:59:48,810 --> 00:59:45,520
that we even had that James that could

1257
00:59:52,760 --> 00:59:48,820
just be a story i I just feel like I

1258
00:59:55,290 --> 00:59:52,770
mean we're doing tests of it now like of

1259
00:59:58,710 --> 00:59:55,300
doing an astral travel you know stuff

1260
01:00:02,070 --> 00:59:58,720
like that I mean our heads are over the

1261
01:00:05,130 --> 01:00:02,080
years have been clouded buying stuff by

1262
01:00:06,600 --> 01:00:05,140
all you know by tech stuff like I think

1263
01:00:10,590 --> 01:00:06,610

I think reality is far more mysterious

1264

01:00:12,780 --> 01:00:10,600

and complex than what we see and I I put

1265

01:00:14,460 --> 01:00:12,790

a I know people think that they're just

1266

01:00:16,680 --> 01:00:14,470

stories but I think the stories come

1267

01:00:20,970 --> 01:00:16,690

from somewhere there's there's there's

1268

01:00:23,580 --> 01:00:20,980

some origin there before mankind started

1269

01:00:26,550 --> 01:00:23,590

to get super creative and they were just

1270

01:00:28,410 --> 01:00:26,560

trying to document and yeah the the

1271

01:00:32,100 --> 01:00:28,420

story maybe got twisted and turned over

1272

01:00:34,320 --> 01:00:32,110

the years but I think perhaps the the

1273

01:00:37,620 --> 01:00:34,330

ground level the root of it might have

1274

01:00:41,280 --> 01:00:37,630

some validity and this is going on a

1275

01:00:44,760 --> 01:00:41,290

hunch that I have but also with all

1276

01:00:47,880 --> 01:00:44,770

these UFO stuff with sightings and then

1277

01:00:49,590 --> 01:00:47,890

you know whistleblowers that could be

1278

01:00:51,450 --> 01:00:49,600

all this info as well that gotta be all

1279

01:00:52,100 --> 01:00:51,460

mirage man stuff to lead people down the

1280

01:00:55,070 --> 01:00:52,110

wrong path

1281

01:00:57,170 --> 01:00:55,080

and then you decide that book after book

1282

01:01:00,410 --> 01:00:57,180

after book so people believe the wrong

1283

01:01:03,470 --> 01:01:00,420

thing divert our attention away from the

1284

01:01:05,960 --> 01:01:03,480

government doing weird [h__\h] and they're

1285

01:01:07,700 --> 01:01:05,970

looking towards the sky saying as aliens

1286

01:01:09,680 --> 01:01:07,710

so there's a couple different angles

1287

01:01:13,059 --> 01:01:09,690

here and it's it can be overwhelming for

1288

01:01:15,969 --> 01:01:13,069

a person just getting into this stuff

1289

01:01:18,909 --> 01:01:15,979

absolutely terrifying I am scared to

1290

01:01:19,359 --> 01:01:18,919

death right now you know like we talked

1291

01:01:20,769 --> 01:01:19,369

about

1292

01:01:22,959 --> 01:01:20,779

yeah like Grandma I'm like with both

1293

01:01:24,400 --> 01:01:22,969

talking he'll help he like reminds me

1294

01:01:27,279 --> 01:01:24,410

all the time but I think that is like

1295

01:01:31,179 --> 01:01:27,289

that it's like their last like straw to

1296

01:01:33,039 --> 01:01:31,189

pull like is is a kay Project Blue Beam

1297

01:01:35,439 --> 01:01:33,049

or whatever yeah this fake alien

1298

01:01:36,130 --> 01:01:35,449

invasion attack to pull in one-world

1299

01:01:37,989 --> 01:01:36,140

government

1300

01:01:40,269 --> 01:01:37,999

Yemen bill bill Cooper was preaching

1301

01:01:43,059 --> 01:01:40,279

about it back and behold a pillars is

1302

01:01:46,689 --> 01:01:43,069

when I put that whole thing forward well

1303

01:01:50,739 --> 01:01:46,699

one last phone call here from a listener

1304

01:01:55,839 --> 01:01:50,749

hey go ahead okay guys want to say hi to

1305

01:01:58,359 --> 01:01:55,849

a grim and James is miserable miserable

1306

01:02:01,359 --> 01:01:58,369

what's up man what's up dude hey Ellis

1307

01:02:03,459 --> 01:02:01,369

hey you were just talking about whether

1308

01:02:07,299 --> 01:02:03,469

or not humans or genetically engineered

1309

01:02:09,819 --> 01:02:07,309

or not well a while back I had this kind

1310

01:02:12,640 --> 01:02:09,829

of like epiphany you know as we go about

1311

01:02:16,839 --> 01:02:12,650

our daily lives and we're driving around

1312

01:02:23,140 --> 01:02:16,849

and you know cages of metal it just

1313

01:02:24,939 --> 01:02:23,150

struck me how like we're not like the

1314

01:02:30,099 --> 01:02:24,949

rest of the animal kingdom at all we are

1315

01:02:33,299 --> 01:02:30,109

like the antithesis of the rest of the

1316

01:02:37,299 --> 01:02:33,309

animal kingdom and it's more not natural

1317

01:02:41,799 --> 01:02:37,309

period why would nature of all of us to

1318

01:02:45,249 --> 01:02:41,809

a point where we would be so out of

1319

01:02:48,969 --> 01:02:45,259

balance to the point where just our very

1320

01:02:52,310 --> 01:02:48,979

presence and our activities are putting

1321

01:03:00,050 --> 01:02:56,060

I mean do you really think if we was

1322

01:03:03,110 --> 01:03:00,060

here I mean things would be pretty much

1323

01:03:06,620 --> 01:03:03,120

okay until climate change came along or

1324

01:03:10,280 --> 01:03:06,630

an asteroid or a comet or I mean what I

1325

01:03:13,400 --> 01:03:10,290

mean it just really struck me and I just

1326

01:03:16,530 --> 01:03:13,410

thought to myself without a doubt we're

1327

01:03:19,890 --> 01:03:16,540

not natural somebody did something

1328

01:03:22,560 --> 01:03:19,900

we were put here to create and destroy

1329

01:03:24,570 --> 01:03:22,570

or we just we obviously we throw

1330

01:03:30,600 --> 01:03:24,580

ecosystems out of balance and we take in

1331

01:03:32,370 --> 01:03:30,610

and rape and what was it and lo or

1332

01:03:35,010 --> 01:03:32,380

whenever the two came and got in the

1333

01:03:37,110 --> 01:03:35,020

fight with the Zetas and a blood of a

1334

01:03:41,400 --> 01:03:37,120

thousand daggers came down and [h__\h]

1335

01:03:45,240 --> 01:03:41,410

that's home yeah yeah yeah it's like a

1336

01:03:48,060 --> 01:03:45,250

very very early account right somebody's

1337

01:03:50,040 --> 01:03:48,070

like kind of tweaking us a bit and you

1338

01:03:55,420 --> 01:03:50,050

know that may not be convincing but what

1339

01:03:59,859 --> 01:03:55,430

is convincing are is asphalt

1340

01:04:03,190 --> 01:03:59,869

cars sty scrapers just suddenly out of

1341

01:04:10,140 --> 01:04:03,200

nowhere [h__\h] in the last hundred years

1342

01:04:15,430 --> 01:04:10,150

hundred years ago 150 years and bam and

1343

01:04:21,160 --> 01:04:18,280

rest of nature that's that's the key

1344

01:04:24,460 --> 01:04:21,170

right there everything else lives in

1345

01:04:31,230 --> 01:04:24,470

balance with its surroundings that's it

1346

01:04:39,599 --> 01:04:34,320

but that's the key right there I mean if

1347

01:04:42,210 --> 01:04:39,609

anybody ever wondered at all I mean it's

1348

01:04:44,609 --> 01:04:42,220

it's just it was and I had this epiphany

1349

01:04:47,010 --> 01:04:44,619

and it was just so obvious to me all at

1350

01:04:48,720 --> 01:04:47,020

once we should give it all up and just

1351

01:04:51,420 --> 01:04:48,730

walk into the woods naked and we're a

1352

01:04:52,589 --> 01:04:51,430

while what's this what's the solution

1353

01:04:54,210 --> 01:04:52,599

here we just give it all up and just

1354

01:05:00,089 --> 01:04:54,220

walk into the woods and in trying to

1355

01:05:02,250 --> 01:05:00,099

live with nature that way Wow you've

1356

01:05:04,020 --> 01:05:02,260

kind of seen humans at the prom we're

1357

01:05:07,470 --> 01:05:04,030

the [h__\h] problem and we need to

1358

01:05:10,440 --> 01:05:07,480

be eradicated there was a solution I'm

1359

01:05:12,000 --> 01:05:10,450

just saying what is yeah I mean we can't

1360

01:05:14,849 --> 01:05:12,010

go we can't go back to the woods because

1361

01:05:18,960 --> 01:05:14,859

that's not where I belong anymore yeah

1362

01:05:20,849 --> 01:05:18,970

before we were genetically altered guess

1363

01:05:26,130 --> 01:05:20,859

that's where we belong tell it to the

1364

01:05:30,210 --> 01:05:26,140

Unabomber the Industrial Revolution was

1365

01:05:36,050 --> 01:05:30,220

a disaster for the human race well we

1366

01:05:39,070 --> 01:05:36,060

don't know that for what was it grim

1367

01:05:43,900 --> 01:05:39,080

Danny Maki

1368

01:05:45,460 --> 01:05:43,910

the Annunaki pressure yeah yeah and it's

1369

01:05:50,350 --> 01:05:45,470

fine because there's actually evidence

1370

01:05:54,120 --> 01:05:50,360

in South Africa of fast mining

1371

01:05:56,500 --> 01:05:54,130

operations that wasn't us

1372

01:05:58,660 --> 01:05:56,510

yeah there's a lot of evidence that's

1373

01:06:01,270 --> 01:05:58,670

that's pretty curious like large

1374

01:06:06,610 --> 01:06:01,280

structures and yeah technology that was

1375

01:06:09,610 --> 01:06:06,620

the condition of head yeah I mean hey

1376

01:06:17,520 --> 01:06:09,620

now yeah with the program I'm with you

1377

01:06:22,540 --> 01:06:21,070

about the Giants awesome yes fun show I

1378

01:06:26,020 --> 01:06:22,550

went and I watched a bunch of those

1379

01:06:28,020 --> 01:06:26,030

videos afterwards yeah and they said

1380

01:06:32,170 --> 01:06:28,030

they'd discover comp remind you that

1381

01:06:34,180 --> 01:06:32,180

would have taken like tens of tens of

1382

01:06:35,410 --> 01:06:34,190

thousands of men's hundreds of years to

1383

01:06:37,030 --> 01:06:35,420

excavate yeah

1384

01:06:40,150 --> 01:06:37,040

it's bizarre once you start digging into

1385

01:06:41,470 --> 01:06:40,160

that stuff you go it's history's not

1386

01:06:46,690 --> 01:06:41,480

correct there's there's something off

1387

01:06:49,300 --> 01:06:46,700

you well dude Mike in Ohio yeah yeah

1388

01:06:51,760 --> 01:06:49,310

yeah the mounds and then they would date

1389

01:06:53,410 --> 01:06:51,770

like over time dude yeah these farmers

1390

01:06:56,080 --> 01:06:53,420

and [h__h] would dig that stuff up and

1391

01:06:58,060 --> 01:06:56,090

they would find like just like one bone

1392

01:07:03,370 --> 01:06:58,070

but it was like a [h__h] 8 foot long

1393

01:07:10,210 --> 01:07:03,380

femur you know like right dude I mean so

1394

01:07:12,910 --> 01:07:10,220

did yeah there is that I'm sure have you

1395

01:07:15,040 --> 01:07:12,920

ever visited them I haven't no I need to

1396

01:07:18,580 --> 01:07:15,050

go neither have I yeah it's right there

1397

01:07:22,630 --> 01:07:18,590

I could probably get there in 30 minutes

1398

01:07:24,790 --> 01:07:22,640

let's take let's take a road trip we got

1399

01:07:26,860 --> 01:07:24,800

to do it with West we'd meet up yeah we

1400

01:07:32,080 --> 01:07:26,870

should you up to the snake mountains we

1401

01:07:38,610 --> 01:07:32,090

should yeah we can do that soon yeah

1402

01:07:43,890 --> 01:07:38,620

Ohio yeah with our surroundings and

1403

01:07:48,670 --> 01:07:43,900

we're not really in nature anymore

1404

01:07:50,380 --> 01:07:48,680

let's mr. stone I think one thing you

1405

01:07:52,690 --> 01:07:50,390

can do is just kind of like maybe

1406

01:07:53,180 --> 01:07:52,700

practice uh you know just clearing your

1407

01:07:57,020 --> 01:07:53,190

mind

1408

01:08:05,660 --> 01:07:57,030

a little bit yeah stuff like that I mean

1409

01:08:06,680 --> 01:08:05,670

those are some it's too late hey we

1410

01:08:22,309 --> 01:08:06,690

gotta get outta here buddy

1411

01:08:23,539 --> 01:08:22,319

mister all we gotta get now we're good

1412

01:08:26,030 --> 01:08:23,549

Nani hey thank you

1413

01:08:27,590 --> 01:08:26,040

grim and James really appreciate your

1414

01:08:30,189 --> 01:08:27,600

time coming on and bullshitting with me

1415

01:08:33,050 --> 01:08:30,199

and talking with people it's been fun

1416

01:08:36,680 --> 01:08:33,060

thank you Mike anytime in any time you

1417

01:08:39,050 --> 01:08:36,690

got to come on our show - yes yes yeah

1418

01:08:40,610 --> 01:08:39,060

it's just you need to do that yeah I

1419

01:08:42,200 --> 01:08:40,620

don't even know if we got you all the

1420

01:08:48,079 --> 01:08:42,210

way cryptozoological news in fact we

1421

01:08:49,729 --> 01:08:48,089

just hit like two stories it's not two

1422

01:08:52,579 --> 01:08:49,739

stories that we get distracted by phone

1423

01:08:55,130 --> 01:08:52,589

callers conversation in skinwalker ranch

1424

01:08:57,140 --> 01:08:55,140

well when we cut money come on the show

1425

01:08:59,269 --> 01:08:57,150

man well bull we'll go into some some

1426

01:09:01,880 --> 01:08:59,279

more stuff - oh yeah I'll grab some more

1427

01:09:04,309 --> 01:09:01,890

stories and do a little more research on

1428

01:09:07,700 --> 01:09:04,319

this bizarre sightings and creatures and

1429

01:09:10,550 --> 01:09:07,710

eyewitness testimony like the Kecksburg

1430

01:09:14,090 --> 01:09:10,560

incident the UFO happened in

1431

01:09:16,099 --> 01:09:14,100

Pennsylvania 1960s and yeah I just I

1432

01:09:18,289 --> 01:09:16,109

like the fact that we normally when

1433

01:09:21,260 --> 01:09:18,299

there is like a Bigfoot sighting or

1434

01:09:23,930 --> 01:09:21,270

document sighting there either UFO

1435

01:09:26,240 --> 01:09:23,940

precedes it or happens right after and

1436

01:09:28,400 --> 01:09:26,250

I'd like that connection and especially

1437

01:09:30,709 --> 01:09:28,410

with the skinwalker ranch there's not

1438

01:09:32,930 --> 01:09:30,719

only like sightings of Sasquatch and dog

1439

01:09:34,999 --> 01:09:32,940

MAMP there's UFO cattle mutilation

1440

01:09:38,420 --> 01:09:35,009

poltergeists demons coming through

1441

01:09:41,720 --> 01:09:38,430

portals it it seems like it's all part

1442

01:09:43,610 --> 01:09:41,730

of the same phenomena I meant to ask you

1443

01:09:46,249 --> 01:09:43,620

I remember you're just I hate to derail

1444

01:09:49,010 --> 01:09:46,259

one second but uh you're talked about

1445

01:09:51,530 --> 01:09:49,020

that these demon portals right yeah and

1446

01:09:52,849 --> 01:09:51,540

there's this flick on Netflix it just

1447

01:09:57,410 --> 01:09:52,859

came out like two weeks ago it's called

1448

01:10:00,500 --> 01:09:57,420

the ritual and it kind of you know it's

1449

01:10:04,550 --> 01:10:00,510

it's you know the Blair Witch style kind

1450

01:10:05,840 --> 01:10:04,560

of thing dudes camping crazy [h__h]

1451

01:10:06,220 --> 01:10:05,850

happening in the woods and they're

1452

01:10:08,770 --> 01:10:06,230

finding

1453

01:10:10,390 --> 01:10:08,780

cymbals and all over and then lo and

1454

01:10:12,220 --> 01:10:10,400

behold yeah it is like some type of a

1455

01:10:14,320 --> 01:10:12,230

demon cult that worships this freaking

1456

01:10:16,810 --> 01:10:14,330

demon that comes out of nowhere [h__h]

1457

01:10:20,260 --> 01:10:16,820

with you in your head then appears you

1458

01:10:22,390 --> 01:10:20,270

know it's really interesting the ritual

1459

01:10:26,140 --> 01:10:22,400

on Netflix you recommend it yeah I

1460

01:10:28,210 --> 01:10:26,150

recommend it it's freaky it's uh it yeah

1461

01:10:29,800 --> 01:10:28,220

it'll get your your hair here standing

1462

01:10:31,810 --> 01:10:29,810

1463

01:10:33,990 --> 01:10:31,820
