14

00:01:31,170 --> 00:01:27,430

the space force that Trump announced

15

00:01:38,070 --> 00:01:31,180

today a little bit of the secret space

16

00:01:49,050 --> 00:01:38,080

program a little bit of that and gary

17

00:01:50,639 --> 00:01:49,060

mckinnon yes you and the chat piss gonna

18

00:01:53,430 --> 00:01:50,649

happen haha

19

00:01:56,959 --> 00:01:53,440

and I'll be opening up the phone lines

20

00:02:00,899 --> 00:01:56,969

at the some point

21

00:02:02,399 --> 00:02:00,909

relatively soon relatively soon might be

22

00:02:05,420 --> 00:02:02,409

a bit of a like light show talking about

23

00:02:07,800 --> 00:02:05,430

UFOs in the secret space program tonight

24

00:02:12,080 --> 00:02:07,810

goofing around have a good time

25

00:02:19,050 --> 00:02:15,869

i'ma try to read it the the chat as much

26

00:02:27,780 --> 00:02:19,060

as possible I'm gonna try but we'll see

27

00:02:34,130 --> 00:02:27,790

yes we'll see well we'll see hmm taking

28

00:02:39,860 --> 00:02:34,140

a drink of water yeah yeah I went to the

29

00:02:45,089 --> 00:02:39,870

National Air Force Museum in Dayton Ohio

30

00:02:47,580 --> 00:02:45,099

on Sunday absolutely all inspiring

31

00:02:51,300 --> 00:02:47,590

experience standing next to like the

32

00:02:55,229 --> 00:02:51,310

sr-71 blackbird a Russian MIG the Apollo

33

00:02:57,420 --> 00:02:55,239

15 capsule Air Force the very first Air

34

00:02:59,009 --> 00:02:57,430

Force one walking through that stuff and

35

00:03:01,840 --> 00:02:59,019

it's being up close and personal to

36

00:03:03,650 --> 00:03:01,850

those those machines was

37

00:03:07,009 --> 00:03:03,660

[Music]

38

00:03:09,630 --> 00:03:07,019

thought-provoking thought-provoking and

39

00:03:11,550 --> 00:03:09,640

I just talked about it I'm doing like a

40

00:03:13,800 --> 00:03:11,560

little audio blog for the patreon people

41

00:03:17,699 --> 00:03:13,810

and I put that out over there it caused

42

00:03:23,789 --> 00:03:17,709

me going there and seeing those insane

43

00:03:25,770 --> 00:03:23,799

machines left me a bit perplexed how I

44

00:03:27,059 --> 00:03:25,780

feel I'm a big fan of aviation you know

45

00:03:30,059 --> 00:03:27,069

you see stuff on the History Channel

46

00:03:31,680 --> 00:03:30,069

like the program is about spy planes and

47

00:03:32,520 --> 00:03:31,690

then you get to see an sr-71 up close

48

00:03:34,500 --> 00:03:32,530

and personal and you could actually

49

00:03:36,599 --> 00:03:34,510

reach out and touch it although I think

50

00:03:41,550 --> 00:03:36,609

he tell you not to do that but I think I

51  
00:03:45,900 --> 00:03:41,560  
did it yeah it it's it definitely is

52  
00:03:47,250 --> 00:03:45,910  
like wow holy moly I just saw this like

53  
00:03:48,930 --> 00:03:47,260  
on the History Channel night I'm seeing

54  
00:03:50,610 --> 00:03:48,940  
it in person and you get to see the what

55  
00:03:52,860 --> 00:03:50,620  
you see the wear and tear on these

56  
00:03:55,170 --> 00:03:52,870  
vehicles they were these were used you

57  
00:03:56,550 --> 00:03:55,180  
see an a-10 warthog up close and

58  
00:04:00,030 --> 00:03:56,560  
personal and then you see the 30

59  
00:04:01,670 --> 00:04:00,040  
millimeter Gatling gun that's dissected

60  
00:04:04,080 --> 00:04:01,680  
and removed from the plane you can see

61  
00:04:05,879 --> 00:04:04,090  
those tank killers it's a it's an

62  
00:04:07,559 --> 00:04:05,889  
amazing experience and it was free the

63  
00:04:09,420 --> 00:04:07,569

## National Air Force Museum in Dayton Ohio

64

00:04:11,610 --> 00:04:09,430

there's a free experience they have like

65

00:04:13,890 --> 00:04:11,620

four large hangars you can just walk

66

00:04:15,539 --> 00:04:13,900

through there and just be like a kid in

67

00:04:19,009 --> 00:04:15,549

a candy shop if you're if you're like a

68

00:04:22,129 --> 00:04:19,019

fan of aviation like I am

69

00:04:26,689 --> 00:04:22,139

it was fantastic I went my girlfriend

70

00:04:28,790 --> 00:04:26,699

who suggested I go there and she was

71

00:04:31,219 --> 00:04:28,800

absolutely correcting her assumption

72

00:04:34,430 --> 00:04:31,229

that I would enjoy yes I got a huge kick

73

00:04:36,980 --> 00:04:34,440

out of it big time thanks for her to her

74

00:04:40,909 --> 00:04:39,050

for suggesting that that I go with her

75

00:04:42,290 --> 00:04:40,919

and her family and I was a little

76  
00:04:43,580 --> 00:04:42,300  
hungover to you know I could have said

77  
00:04:46,609 --> 00:04:43,590  
hey I don't want to go I'm hungover but

78  
00:04:48,859 --> 00:04:46,619  
no I powered through it

79  
00:04:53,419 --> 00:04:48,869  
we had a great time we're gonna go back

80  
00:05:02,209 --> 00:04:53,429  
again alright let's move on to the first

81  
00:05:04,849 --> 00:05:02,219  
story which is Trump all right yes a mic

82  
00:05:05,659 --> 00:05:04,859  
sounds different why do I sound

83  
00:05:16,339 --> 00:05:05,669  
different

84  
00:05:19,219 --> 00:05:16,349  
I don't know am i stuffy yeah I might

85  
00:05:23,269 --> 00:05:19,229  
have allergies it's that time of year

86  
00:05:26,869 --> 00:05:23,279  
where grass and pollen are everywhere so

87  
00:05:28,489 --> 00:05:26,879  
I'm constantly battling nasal congestion

88  
00:05:30,279 --> 00:05:28,499

so if I sound different yeah a little

89

00:05:32,629 --> 00:05:30,289

nasally apologize

90

00:05:33,609 --> 00:05:32,639

excuse me okay that's why I mean say

91

00:05:38,209 --> 00:05:33,619

excuse me

92

00:05:43,360 --> 00:05:38,219

all right Trump and the space force that

93

00:05:48,040 --> 00:05:45,480

I'll play his video right now excuse me

94

00:05:51,580 --> 00:05:48,050

excuse me up on screen so everyone can

95

00:05:54,340 --> 00:05:51,590

look everyone can look in here what

96

00:05:55,600 --> 00:05:54,350

Trump said to the world I think

97

00:05:57,490 --> 00:05:55,610

initially he was addressing the

98

00:06:03,440 --> 00:05:57,500

immigration issue down at the border and

99

00:06:05,420 --> 00:06:03,450

then I think he launched into to this

100

00:06:08,030 --> 00:06:05,430

and now once the site loads I'll be able

101  
00:06:10,930 --> 00:06:08,040  
to play for everyone I need more

102  
00:06:13,360 --> 00:06:10,940  
powerful Internet

103  
00:06:15,160 --> 00:06:13,370  
I get my internet on steroids needs to

104  
00:06:17,320 --> 00:06:15,170  
get my internet needs to go through the

105  
00:06:20,110 --> 00:06:17,330  
gym and work out a little bit not nearly

106  
00:06:23,230 --> 00:06:20,120  
powerful enough oh my god and unblock

107  
00:06:28,300 --> 00:06:25,689  
right for one month unblocked at I don't

108  
00:06:32,530 --> 00:06:28,310  
want to unblock ads I just want to play

109  
00:06:40,730 --> 00:06:37,430  
what a piece of crap this worked over on

110  
00:06:42,469 --> 00:06:40,740  
my other computer wreckages play the

111  
00:06:49,640 --> 00:06:42,479  
video and now they're saying no no no no

112  
00:06:49,650 --> 00:06:56,270  
let's do this from phaz force

113  
00:07:01,850 --> 00:06:58,540

well here should be about a minute

114

00:07:05,060 --> 00:07:01,860

shouldn't be more than a minute very

115

00:07:08,270 --> 00:07:05,070

importantly I'm hereby directing the

116

00:07:11,230 --> 00:07:08,280

Department of Defense and Pentagon to

117

00:07:16,280 --> 00:07:11,240

immediately begin the process necessary

118

00:07:19,640 --> 00:07:16,290

to establish a space force as the sixth

119

00:07:22,460 --> 00:07:19,650

branch of the Armed Forces that's a big

120

00:07:25,160 --> 00:07:22,470

statement well we are going to have the

121

00:07:29,480 --> 00:07:25,170

Air Force and we are going to have the

122

00:07:32,060 --> 00:07:29,490

space force separate-but-equal uh-huh

123

00:07:34,850 --> 00:07:32,070

it is going to be something so important

124

00:07:37,250 --> 00:07:34,860

general Dunford if you would carry that

125

00:07:39,380 --> 00:07:37,260

assignment out I would be very greatly

126  
00:07:42,170 --> 00:07:39,390  
honored also where's general Dunford it

127  
00:07:53,539 --> 00:07:42,180  
was he yeah look around is the end of

128  
00:07:59,449 --> 00:07:56,159  
but that's the importance that we give

129  
00:08:03,179 --> 00:07:59,459  
it we're going to have the space force

130  
00:08:06,509 --> 00:08:03,189  
one year ago I revived the National

131  
00:08:08,729 --> 00:08:06,519  
Space Council and put exactly the right

132  
00:08:10,679 --> 00:08:08,739  
man in charge and that's our friend Mike

133  
00:08:12,899 --> 00:08:10,689  
Pence feels very strongly about this

134  
00:08:15,599 --> 00:08:12,909  
thanks boy and in December I signed a

135  
00:08:18,569 --> 00:08:15,609  
historic directive that will return

136  
00:08:26,089 --> 00:08:18,579  
Americans to the moon for the first time

137  
00:08:32,000 --> 00:08:28,999  
going back to making

138  
00:08:34,189 --> 00:08:32,010

all right always remembering it's about

139

00:08:36,889 --> 00:08:34,199

that but it's also about jobs and the

140

00:08:39,469 --> 00:08:36,899

economy this is a great thing we're

141

00:08:41,750 --> 00:08:39,479

doing this time we will do more than

142

00:08:44,740 --> 00:08:41,760

plant our flag and leave our footprints

143

00:08:48,530 --> 00:08:44,750

we will establish a long-term presence

144

00:08:52,250 --> 00:08:48,540

expand our economy and build the

145

00:08:54,139 --> 00:08:52,260

foundation for an eventual mission to

146

00:08:58,310 --> 00:08:54,149

Mars which is actually going to happen

147

00:09:00,769 --> 00:08:58,320

very quickly it can happen all right

148

00:09:05,300 --> 00:09:00,779

well there it is there's Donald Trump

149

00:09:09,160 --> 00:09:05,310

announcing a space force and another

150

00:09:11,389 --> 00:09:09,170

mission to the moon I'm all for this I

151  
00:09:14,840 --> 00:09:11,399  
already think we do have a space force

152  
00:09:18,740 --> 00:09:14,850  
and this is just a formal recognition of

153  
00:09:22,100 --> 00:09:18,750  
that six one four three eight nine 109

154  
00:09:26,000 --> 00:09:22,110  
we now have the phone lines open when I

155  
00:09:29,660 --> 00:09:26,010  
say we I mean me okay and it only makes

156  
00:09:31,879 --> 00:09:29,670  
common sense so why is like why is

157  
00:09:34,600 --> 00:09:31,889  
Donald Trump announcing this today is

158  
00:09:38,150 --> 00:09:34,610  
there anything significant that really

159  
00:09:40,910 --> 00:09:38,160  
happened today in in history and the

160  
00:09:43,400 --> 00:09:40,920  
most significant thing that happened

161  
00:09:45,889 --> 00:09:43,410  
this day in history was the start of the

162  
00:09:48,199 --> 00:09:45,899  
world of the war of 1812 I'll bring that

163  
00:09:49,850 --> 00:09:48,209

up on on screen so I if you get into

164

00:09:53,210 --> 00:09:49,860

numerology if you're getting to date

165

00:09:55,910 --> 00:09:53,220

importance this might be significant but

166

00:09:57,829 --> 00:09:55,920

yeah this day in history the war of 1812

167

00:10:01,550 --> 00:09:57,839

begins when the United States declared

168

00:10:04,519 --> 00:10:01,560

war on Great Britain so it's a go ahead

169

00:10:06,610 --> 00:10:04,529

and answer this phone mr. Teddy

170

00:10:10,550 --> 00:10:06,620

spaghetti

171

00:10:12,470 --> 00:10:10,560

what is up Mike how's it going buddy so

172

00:10:14,600 --> 00:10:12,480

I'm pretty good this base were stuff it

173

00:10:16,250 --> 00:10:14,610

kind of Reagan s in a way with the whole

174

00:10:20,509 --> 00:10:16,260

Star Wars thing that he announced that

175

00:10:23,000 --> 00:10:20,519

one time yeah it's kind of like history

176

00:10:24,670 --> 00:10:23,010

repeats itself a bit it's a it's a bold

177

00:10:26,870 --> 00:10:24,680

announcement

178

00:10:29,629 --> 00:10:26,880

you know Donald's been talking about

179

00:10:31,819 --> 00:10:29,639

going back to the moon and getting

180

00:10:34,280 --> 00:10:31,829

getting to Mars at some point but

181

00:10:37,100 --> 00:10:34,290

announcing a whole new branch of the

182

00:10:39,379 --> 00:10:37,110

military is quite significant what are

183

00:10:41,150 --> 00:10:39,389

the prerequisites to become a Space

184

00:10:42,840 --> 00:10:41,160

Marine which maybe they'll call him that

185

00:10:46,750 --> 00:10:42,850

I

186

00:10:48,220 --> 00:10:46,760

it's astounding to me it's this is a big

187

00:10:51,010 --> 00:10:48,230

day in history they're announcing a new

188

00:10:52,570 --> 00:10:51,020

branch of the military well wonder if

189

00:10:54,760 --> 00:10:52,580

there's actually a threat that we don't

190

00:10:56,590 --> 00:10:54,770

know about remember about three to six

191

00:10:58,480 --> 00:10:56,600

months ago that big asteroid that's

192

00:10:59,019 --> 00:10:58,490

shaped like a cigar is on play or some

193

00:11:01,230 --> 00:10:59,029

[h\_\_\h]

194

00:11:04,329 --> 00:11:01,240

so I wonder if there's an out and out

195

00:11:05,860 --> 00:11:04,339

side forest where we gotta like go ahead

196

00:11:07,960 --> 00:11:05,870

and do like light to school you're like

197

00:11:09,670 --> 00:11:07,970

hey we got all these space weapons oh my

198

00:11:11,250 --> 00:11:09,680

god there's this thing comin all right

199

00:11:15,280 --> 00:11:11,260

well at least we got this for some place

200

00:11:16,630 --> 00:11:15,290

um that's a pretty good observation I

201  
00:11:19,120 --> 00:11:16,640  
was thinking the same thing myself like

202  
00:11:22,150 --> 00:11:19,130  
what does he know that we don't is it

203  
00:11:24,460 --> 00:11:22,160  
going to be a threat from asteroids or

204  
00:11:26,320 --> 00:11:24,470  
is it some kind of maybe alien

205  
00:11:28,660 --> 00:11:26,330  
intelligence threatening us there's a

206  
00:11:31,329 --> 00:11:28,670  
bunch of different routes we can go down

207  
00:11:35,680 --> 00:11:31,339  
a person that yet booty-booty Reuters

208  
00:11:37,120 --> 00:11:35,690  
suggested that that this is maybe a play

209  
00:11:40,600 --> 00:11:37,130  
to appease the military-industrial

210  
00:11:42,519 --> 00:11:40,610  
complex that look these people they want

211  
00:11:44,829 --> 00:11:42,529  
to they want their government contracts

212  
00:11:46,420 --> 00:11:44,839  
no matter what if we're gonna have peace

213  
00:11:48,040 --> 00:11:46,430

with North Korea well we still got to

214

00:11:53,740 --> 00:11:48,050

build weapons why not just build space

215

00:11:56,440 --> 00:11:53,750

weapons at this point and and so if we

216

00:11:59,199 --> 00:11:56,450

have an entire new division of the

217

00:12:00,670 --> 00:11:59,209

military it's gonna require a hell of a

218

00:12:03,460 --> 00:12:00,680

lot of equipment and a hell of a lot of

219

00:12:06,639 --> 00:12:03,470

money so this is kind of a nod to the

220

00:12:09,510 --> 00:12:06,649

Pentagon in a way hey might not get

221

00:12:11,800 --> 00:12:09,520

taken like a whole new industry for a

222

00:12:14,050 --> 00:12:11,810

warfare I guess I didn't even look at it

223

00:12:16,329 --> 00:12:14,060

in that approach that's that's a great

224

00:12:18,130 --> 00:12:16,339

point yeah but I Reuter got even with

225

00:12:20,650 --> 00:12:18,140

that it's hard to deny that I mean

226

00:12:22,030 --> 00:12:20,660

that's what a lot of this war is is just

227

00:12:24,670 --> 00:12:22,040

you know mass producing of these weapons

228

00:12:26,920 --> 00:12:24,680

and and so people can make money off of

229

00:12:28,360 --> 00:12:26,930

it and they can make up whatever threat

230

00:12:29,889 --> 00:12:28,370

they want really they could they could

231

00:12:31,540 --> 00:12:29,899

say all we get we there's an asteroid

232

00:12:33,670 --> 00:12:31,550

out there we got to go out there and

233

00:12:35,440 --> 00:12:33,680

take care of that I think they'll

234

00:12:38,880 --> 00:12:35,450

probably say that an asteroid threat

235

00:12:42,880 --> 00:12:38,890

before a UFO threat a Astra is just a

236

00:12:43,660 --> 00:12:42,890

chunk of maybe ice crystals or rock or

237

00:12:47,170 --> 00:12:43,670

something like that

238

00:12:48,730 --> 00:12:47,180

that's that's not as malicious I mean it

239

00:12:50,829 --> 00:12:48,740

can be very devastating but you could

240

00:12:53,920 --> 00:12:50,839

hopefully steer it out of the way of the

241

00:12:55,569 --> 00:12:53,930

planet but a UFO threats a whole

242

00:12:56,730 --> 00:12:55,579

different thing are we talking about a

243

00:12:59,070 --> 00:12:56,740

real UFO

244

00:13:03,769 --> 00:12:59,080

about an invented project blue project

245

00:13:05,850 --> 00:13:03,779

Bluebird Bhima kind of threat so it's

246

00:13:07,710 --> 00:13:05,860

actually going to get off the ground

247

00:13:09,660 --> 00:13:07,720

where they start taking applicants and

248

00:13:13,380 --> 00:13:09,670

what are the requirements like you got

249

00:13:16,050 --> 00:13:13,390

to go through astronaut training or like

250

00:13:17,730 --> 00:13:16,060

how BIG's is for it's going to be I'm

251

00:13:18,900 --> 00:13:17,740

just real curious when this all starts

252

00:13:20,370 --> 00:13:18,910

and what's it also means for the

253

00:13:22,139 --> 00:13:20,380

commercial because as soon as the

254

00:13:25,350 --> 00:13:22,149

military goes forth with something

255

00:13:27,120 --> 00:13:25,360

commercial follows suit well and

256

00:13:29,010 --> 00:13:27,130

everyone's gonna want to join that

257

00:13:30,540 --> 00:13:29,020

branch of the military no one's gonna

258

00:13:32,070 --> 00:13:30,550

want to be an army grunt they're gonna

259

00:13:33,690 --> 00:13:32,080

want to be a Space Marine they're gonna

260

00:13:35,550 --> 00:13:33,700

they're gonna want to go to space that

261

00:13:38,579 --> 00:13:35,560

mean that that's gonna be the sexiest

262

00:13:40,440 --> 00:13:38,589

branch of the military so I just like

263

00:13:42,120 --> 00:13:40,450

what are you a guy a Marine [h\_\_\h] off

264

00:13:44,820 --> 00:13:42,130

[h\_\_\h] I'm open the asteroid belt

265

00:13:46,949 --> 00:13:44,830

shooting the Zerg I'm just I'm

266

00:13:51,269 --> 00:13:46,959

suspecting that they're probably having

267

00:13:53,519 --> 00:13:51,279

debates on who will be leading this at

268

00:13:57,449 --> 00:13:53,529

least what branch of the military

269

00:14:00,210 --> 00:13:57,459

they'll allow in I suspect it will be a

270

00:14:02,250 --> 00:14:00,220

collection of different people from all

271

00:14:05,930 --> 00:14:02,260

branches of the military and you apply

272

00:14:08,850 --> 00:14:05,940

to this new six branch of the military

273

00:14:11,579 --> 00:14:08,860

because I you know you can even the list

274

00:14:12,630 --> 00:14:11,589

right now is there any branch I suspect

275

00:14:14,579 --> 00:14:12,640

this will be a little different that you

276

00:14:16,260 --> 00:14:14,589

have to go through one of the standard

277

00:14:20,160 --> 00:14:16,270

five right now and then you can jump to

278

00:14:21,329 --> 00:14:20,170

the space it's super interesting they're

279

00:14:24,120 --> 00:14:21,339

going to do that or they're just gonna

280

00:14:25,440 --> 00:14:24,130

like kind of unveil what's already been

281

00:14:27,389 --> 00:14:25,450

there like the whole secret space

282

00:14:29,670 --> 00:14:27,399

program and just kind of make it all on

283

00:14:30,930 --> 00:14:29,680

the books it's hard to say it's a real

284

00:14:33,780 --> 00:14:30,940

interesting subject but didn't he talk

285

00:14:35,819 --> 00:14:33,790

about the whole immigration thing today

286

00:14:37,740 --> 00:14:35,829

as well about separating families was

287

00:14:40,949 --> 00:14:37,750

that a topic today yeah I believe he's

288

00:14:42,000 --> 00:14:40,959

you referenced that before that I wasn't

289

00:14:45,210 --> 00:14:42,010

really going to talk about I mean that's

290

00:14:47,670 --> 00:14:45,220

a very delicate topic people are very

291

00:14:49,260 --> 00:14:47,680

upset over that immigration policy and

292

00:14:51,750 --> 00:14:49,270

the enforcement the the the Trump

293

00:14:54,240 --> 00:14:51,760

administration along with Jeff Sessions

294

00:14:56,190 --> 00:14:54,250

instituted a no tolerance policy which

295

00:14:58,319 --> 00:14:56,200

is I think below I'm referring to it as

296

00:14:59,850 --> 00:14:58,329

a type of enforcement the policy of

297

00:15:02,100 --> 00:14:59,860

splitting up the families and the

298

00:15:05,400 --> 00:15:02,110

children has been in existence I believe

299

00:15:07,470 --> 00:15:05,410

even under President Bush it's just the

300

00:15:10,019 --> 00:15:07,480

but the enforcement methods have have

301  
00:15:10,530 --> 00:15:10,029  
varied over time but I'm going to

302  
00:15:12,030 --> 00:15:10,540  
approach it

303  
00:15:14,430 --> 00:15:12,040  
different angles I'll even say that I'm

304  
00:15:16,490 --> 00:15:14,440  
right about this because I honestly have

305  
00:15:19,440 --> 00:15:16,500  
no [h\_\_h] clue but we've been a

306  
00:15:23,240 --> 00:15:19,450  
attacking human trafficking alot this

307  
00:15:26,550 --> 00:15:23,250  
it's been like a big thing in the whole

308  
00:15:28,440 --> 00:15:26,560  
government trying to stop it down I'm

309  
00:15:30,840 --> 00:15:28,450  
wondering this separating the children

310  
00:15:32,190 --> 00:15:30,850  
from families I don't know if they're

311  
00:15:33,690 --> 00:15:32,200  
actually going to target families or if

312  
00:15:36,720 --> 00:15:33,700  
they're going to target like coyotes who

313  
00:15:39,420 --> 00:15:36,730

might be smuggling kids over because

314

00:15:41,010 --> 00:15:39,430

that way if if they're taking the kids

315

00:15:43,590 --> 00:15:41,020

away from families if you're a family in

316

00:15:45,000 --> 00:15:43,600

a desk to spy and well America is going

317

00:15:46,320 --> 00:15:45,010

to take my kid now I get the girl in

318

00:15:47,370 --> 00:15:46,330

America but we're going to be separated

319

00:15:50,190 --> 00:15:47,380

yeah that's shitty but at least he ain't

320

00:15:53,270 --> 00:15:50,200

gonna live here on guns so I don't

321

00:15:56,040 --> 00:15:53,280

understand how that would deter

322

00:15:58,740 --> 00:15:56,050

immigration but if this was a ploy to

323

00:16:00,330 --> 00:15:58,750

stop them or I mean deter illegal

324

00:16:01,950 --> 00:16:00,340

immigration but if this was a ploy to

325

00:16:03,630 --> 00:16:01,960

stop human trafficking it kind of makes

326

00:16:05,010 --> 00:16:03,640

more sense to me but that's and might be

327

00:16:05,880 --> 00:16:05,020

more wishful thinking but I was

328

00:16:08,220 --> 00:16:05,890

wondering what your thoughts were on

329

00:16:11,700 --> 00:16:08,230

that well I actually I I post an article

330

00:16:15,020 --> 00:16:11,710

to the news feed the situation is way

331

00:16:19,080 --> 00:16:15,030

more dire than what's being reported the

332

00:16:21,630 --> 00:16:19,090

Homeland Security I think Senate

333

00:16:25,800 --> 00:16:21,640

subcommittee issued a report in 2016

334

00:16:29,460 --> 00:16:25,810

that 80% of the women that get smuggled

335

00:16:32,280 --> 00:16:29,470

across the border are sexually assaulted

336

00:16:34,620 --> 00:16:32,290

and then there was a case in a Marion

337

00:16:36,630 --> 00:16:34,630

Ohio where these immigrants were

338

00:16:40,560 --> 00:16:36,640

enslaved and threatened with physical

339

00:16:44,940 --> 00:16:40,570

violence if they did not do exactly what

340

00:16:47,210 --> 00:16:44,950

the coyote the smugglers requested that

341

00:16:49,650 --> 00:16:47,220

they do and so the policy I believe of

342

00:16:53,130 --> 00:16:49,660

separating the children when in

343

00:16:56,730 --> 00:16:53,140

detention centers then in separating

344

00:16:58,560 --> 00:16:56,740

from a family is what I read is to do

345

00:17:00,780 --> 00:16:58,570

with the children child safety I don't

346

00:17:02,430 --> 00:17:00,790

know I don't know how I view this yes

347

00:17:05,460 --> 00:17:02,440

but they're just their justification is

348

00:17:08,130 --> 00:17:05,470

that if you put a child into general

349

00:17:12,710 --> 00:17:08,140

population that that child is more

350

00:17:16,860 --> 00:17:12,720

likely to be exploited by adults who are

351

00:17:18,240 --> 00:17:16,870

evil and would it would hurt kids so the

352

00:17:19,830 --> 00:17:18,250

way that I guess the detention centers

353

00:17:22,560 --> 00:17:19,840

are set up you have the the adult area

354

00:17:24,199 --> 00:17:22,570

and the child area and you don't mix it

355

00:17:25,850 --> 00:17:24,209

to because they don't know

356

00:17:28,700 --> 00:17:25,860

the adults are exactly they can't verify

357

00:17:30,529 --> 00:17:28,710

that so that's how they're that's what

358

00:17:32,740 --> 00:17:30,539

there's they're saying why the policies

359

00:17:35,649 --> 00:17:32,750

in place is to protect the child against

360

00:17:39,049 --> 00:17:35,659

adults who would try to do them harm so

361

00:17:40,340 --> 00:17:39,059

the whole situation is [h\_\_\h] up yeah

362

00:17:41,720 --> 00:17:40,350

yeah it is I mean I have a bit of a

363

00:17:42,889 --> 00:17:41,730

bleeding heart so like I first heard

364

00:17:45,560 --> 00:17:42,899

that but then I tried to look at of a

365

00:17:47,600 --> 00:17:45,570

different angle and I don't even know

366

00:17:50,510 --> 00:17:47,610

how to feel about the whole thing how

367

00:17:52,610 --> 00:17:50,520

you bring it up I feel I feel bad has

368

00:17:55,610 --> 00:17:52,620

come to this point and that it's taking

369

00:17:56,960 --> 00:17:55,620

this long to be addressed and hopefully

370

00:18:00,950 --> 00:17:56,970

they can get some legislation in place

371

00:18:04,519 --> 00:18:00,960

to make sure that these people aren't

372

00:18:06,080 --> 00:18:04,529

being smuggled over as slaves and just

373

00:18:06,919 --> 00:18:06,090

to make sure everyone's safe I want

374

00:18:08,360 --> 00:18:06,929

everyone to be happy

375

00:18:11,330 --> 00:18:08,370

I don't know that's impossible to do

376

00:18:14,269 --> 00:18:11,340

it's impossible make everyone happy but

377

00:18:16,789 --> 00:18:14,279

I yeah tearing people away from their

378

00:18:20,720 --> 00:18:16,799

families it doesn't look good it's not

379

00:18:22,399 --> 00:18:20,730

good there's a different reason but

380

00:18:23,840 --> 00:18:22,409

anyways it's about all I got Mike all

381

00:18:26,930 --> 00:18:23,850

right good luck with the rest of the

382

00:18:35,690 --> 00:18:26,940

show and as always have a good one

383

00:18:37,760 --> 00:18:35,700

all right he's not bad immigration

384

00:18:40,190 --> 00:18:37,770

issues a tough one really is different

385

00:18:45,520 --> 00:18:40,200

kids are involved they're just innocent

386

00:18:50,710 --> 00:18:49,029

but what anime you know from talking

387

00:18:54,039 --> 00:18:50,720

about the immigration stuff and then

388

00:18:56,799 --> 00:18:54,049

going right into space force hell of a

389

00:18:59,200 --> 00:18:56,809

subway there Trump that's a hell of a

390

00:19:00,850 --> 00:18:59,210

segue and it only makes common sense I

391

00:19:04,000 --> 00:19:00,860

don't know if you can it's hard to mix

392

00:19:05,830 --> 00:19:04,010

the science fiction with the immigration

393

00:19:09,130 --> 00:19:05,840

reality it's tough but you saw how you

394

00:19:11,260 --> 00:19:09,140

did it somehow you bridge the two topics

395

00:19:11,860 --> 00:19:11,270

thank you very much that's really nice

396

00:19:14,810 --> 00:19:11,870

thank you

397

00:19:18,080 --> 00:19:14,820

all right yes okay

398

00:19:22,240 --> 00:19:18,090

so yeah Trump announcing the formation

399

00:19:25,790 --> 00:19:22,250

oh my god we got a phone call whoo-hoo

400

00:19:27,440 --> 00:19:25,800

caller go ahead you're in here hey thank

401  
00:19:30,620 --> 00:19:27,450  
you leprechaun hey what's up angry

402  
00:19:34,310 --> 00:19:30,630  
leprechaun not much so I heard about

403  
00:19:35,810 --> 00:19:34,320  
this space program on bail and I've been

404  
00:19:37,550 --> 00:19:35,820  
seeing on Twitter all day people posting

405  
00:19:39,110 --> 00:19:37,560  
all the time there's others they're

406  
00:19:41,120 --> 00:19:39,120  
starting this I'm like [h\_\_h] do you know

407  
00:19:44,510 --> 00:19:41,130  
about the 20 year rule have you heard of

408  
00:19:45,980 --> 00:19:44,520  
the 20 year rule yeah they've had this

409  
00:19:47,270 --> 00:19:45,990  
for a long time and this is just a

410  
00:19:52,340 --> 00:19:47,280  
formal announcement as far as I'm

411  
00:19:54,380 --> 00:19:52,350  
concerned yeah it is I mean I was on the

412  
00:19:56,810 --> 00:19:54,390  
forum above top secret earlier and I was

413  
00:19:59,420 --> 00:19:56,820

just going back and there were forum

414

00:20:03,410 --> 00:19:59,430

posts in 2006 about basically what

415

00:20:05,660 --> 00:20:03,420

they're doing right now so that's yeah

416

00:20:08,270 --> 00:20:05,670

that's been it's been funny for me to do

417

00:20:09,770 --> 00:20:08,280

and I come like you know there have been

418

00:20:11,390 --> 00:20:09,780

a select group of people that have been

419

00:20:13,220 --> 00:20:11,400

saying this for the past 20 years and

420

00:20:15,710 --> 00:20:13,230

you call them all conspiracy theorists

421

00:20:18,560 --> 00:20:15,720

but oh hey look they're right yeah I

422

00:20:21,860 --> 00:20:18,570

mean I mean look at the you all bring up

423

00:20:24,710 --> 00:20:21,870

and play a clip about Gary McKinnon the

424

00:20:27,470 --> 00:20:24,720

hacker from the UK who got into some

425

00:20:32,210 --> 00:20:27,480

government computers and was able to

426  
00:20:35,480 --> 00:20:32,220  
download spreadsheets of non-terrestrial

427  
00:20:37,460 --> 00:20:35,490  
officers then you have whistleblowers

428  
00:20:40,070 --> 00:20:37,470  
talking about various programs like

429  
00:20:42,590 --> 00:20:40,080  
solar warden which is a u.s. Navy

430  
00:20:45,830 --> 00:20:42,600  
collaboration with the United States Air

431  
00:20:48,160 --> 00:20:45,840  
Force to build spaceships lar very large

432  
00:20:52,820 --> 00:20:48,170  
spaceships that can carry crew and ships

433  
00:20:54,760 --> 00:20:52,830  
out in orbit yeah I believe I I know

434  
00:20:57,380 --> 00:20:54,770  
that there's gotta be some sort of

435  
00:20:59,210 --> 00:20:57,390  
secret military space program and this

436  
00:21:03,470 --> 00:20:59,220  
is just a formal now it's meant to me to

437  
00:21:04,760 --> 00:21:03,480  
make it all nice you I see it's been

438  
00:21:05,450 --> 00:21:04,770

it's been part of the black budget for a

439

00:21:08,480 --> 00:21:05,460

long time

440

00:21:10,580 --> 00:21:08,490

oh yeah six trillion dollars and go just

441

00:21:12,350 --> 00:21:10,590

nowhere no absolutely not

442

00:21:15,140 --> 00:21:12,360

so here's something else I was just

443

00:21:17,450 --> 00:21:15,150

thinking so Trump's been scaling back a

444

00:21:18,950 --> 00:21:17,460

bunch of our Wars like getting us the

445

00:21:21,500 --> 00:21:18,960

[h\_\_h] out of the Middle East and thank

446

00:21:23,300 --> 00:21:21,510

God it's only been what 18 [h\_\_h] years

447

00:21:24,650 --> 00:21:23,310

but this might have been the compromise

448

00:21:27,170 --> 00:21:24,660

he made with the military-industrial

449

00:21:28,340 --> 00:21:27,180

complex we use this like alright so I'll

450

00:21:32,480 --> 00:21:28,350

just start

451  
00:21:34,760 --> 00:21:32,490  
money and people your way if if we can

452  
00:21:38,270 --> 00:21:34,770  
pull them out of the Middle East I I

453  
00:21:40,700 --> 00:21:38,280  
would buy that as well that we're going

454  
00:21:43,220 --> 00:21:40,710  
to they're not going to stop spending

455  
00:21:45,500 --> 00:21:43,230  
military money and they basically

456  
00:21:47,150 --> 00:21:45,510  
probably gave him a choice where do you

457  
00:21:48,980 --> 00:21:47,160  
want to go like you want to start

458  
00:21:50,900 --> 00:21:48,990  
building a space fleet fine you want to

459  
00:21:52,730 --> 00:21:50,910  
do another Middle East war is this is

460  
00:21:55,430 --> 00:21:52,740  
like all kind of back back room Pentagon

461  
00:21:57,289 --> 00:21:55,440  
[h\_\_h] yeah I could buy that you got to

462  
00:22:01,520 --> 00:21:57,299  
spend your money somewhere and it's been

463  
00:22:03,320 --> 00:22:01,530

in space sure and another thing is this

464

00:22:06,320 --> 00:22:03,330

might be the first step to a fault an

465

00:22:08,270 --> 00:22:06,330

alien invasion fall fly yeah press Blue

466

00:22:11,930 --> 00:22:08,280

Beam I wouldn't I wouldn't doubt that I

467

00:22:14,590 --> 00:22:11,940

comes up all the time and I would be

468

00:22:17,560 --> 00:22:14,600

very very skeptical at this point

469

00:22:20,539 --> 00:22:17,570

where's the transparency in this new

470

00:22:23,630 --> 00:22:20,549

military branch what kind of vehicles do

471

00:22:25,310 --> 00:22:23,640

they already have did the f-35 really

472

00:22:26,870 --> 00:22:25,320

cost almost two trillion dollars was

473

00:22:29,240 --> 00:22:26,880

that money being funneled into some

474

00:22:31,700 --> 00:22:29,250

other program there's so many other

475

00:22:34,549 --> 00:22:31,710

things what is the tr-3b experimental

476

00:22:36,020 --> 00:22:34,559

aircraft there's I I have a feeling

477

00:22:38,590 --> 00:22:36,030

we're gonna start seeing some serious

478

00:22:42,049 --> 00:22:38,600

[h\_\_h] technology in the next two years

479

00:22:43,909 --> 00:22:42,059

and it's gonna it's gonna feel like it's

480

00:22:45,919 --> 00:22:43,919

come out of nowhere but I think we know

481

00:22:47,480 --> 00:22:45,929

that it's probably been a good majority

482

00:22:50,210 --> 00:22:47,490

of the UFOs and some of the sightings

483

00:22:51,140 --> 00:22:50,220

we've seen so it's gonna be insane these

484

00:22:54,110 --> 00:22:51,150

next few years gonna be absolutely

485

00:22:55,820 --> 00:22:54,120

saying oh yeah in regards to the f-35

486

00:22:58,669 --> 00:22:55,830

I'm wondering if the reason it costs so

487

00:23:00,200 --> 00:22:58,679

much is because two reasons one they

488

00:23:02,750 --> 00:23:00,210

want to make it or it capable so

489

00:23:04,880 --> 00:23:02,760

basically it is a space fighter and two

490

00:23:07,370 --> 00:23:04,890

I'm wondering if the reason that it's so

491

00:23:09,200 --> 00:23:07,380

that's that's why it's not maneuverable

492

00:23:13,070 --> 00:23:09,210

at all because they're spending all that

493

00:23:16,130 --> 00:23:13,080

money and that just fuselage space on

494

00:23:18,799 --> 00:23:16,140

altering vectors to basically push it

495

00:23:20,330 --> 00:23:18,809

out in space with their zero-g another

496

00:23:23,299 --> 00:23:20,340

thing is if you look at the weapons

497

00:23:25,690 --> 00:23:23,309

Bay's underneath the f-35 they're large

498

00:23:28,399 --> 00:23:25,700

but there's only a few so I'm wondering

499

00:23:30,950 --> 00:23:28,409

have they found a way to put lasers on

500

00:23:33,770 --> 00:23:30,960

aircraft and instead of when that what

501  
00:23:36,590 --> 00:23:33,780  
weapons Bay opens instead of a a J dam

502  
00:23:39,770 --> 00:23:36,600  
or a sidewalk oh look it's just a giant

503  
00:23:42,040 --> 00:23:39,780  
laser that does that [h\_\_h] he

504  
00:23:45,680 --> 00:23:42,050  
[h\_\_h] so science fiction an awesome

505  
00:23:46,970 --> 00:23:45,690  
idea that would and that would leave

506  
00:23:49,730 --> 00:23:46,980  
more credence to the fact that the

507  
00:23:51,890 --> 00:23:49,740  
vessel might be a warble yeah if it

508  
00:23:53,240 --> 00:23:51,900  
could be maybe some kind of suborbital

509  
00:23:54,950 --> 00:23:53,250  
fighter plane I know they've been

510  
00:23:56,510 --> 00:23:54,960  
working on that for a long time with

511  
00:23:58,490 --> 00:23:56,520  
like ramjet and scramjet technology

512  
00:24:01,430 --> 00:23:58,500  
scooping up more air when the

513  
00:24:03,710 --> 00:24:01,440

atmospheric is way thin up there so I I

514

00:24:05,060 --> 00:24:03,720

think in the sky's the limit

515

00:24:08,690 --> 00:24:05,070

pardon the pun when it comes to this

516

00:24:10,700 --> 00:24:08,700

[h\_\_h] and I can't wait to see what they

517

00:24:14,420 --> 00:24:10,710

roll out first this new technology and I

518

00:24:17,560 --> 00:24:14,430

wonder what Tom DeLonge blink-182 is

519

00:24:21,080 --> 00:24:17,570

gonna say about this I can't wait oh

520

00:24:24,160 --> 00:24:21,090

yeah it's gonna be I'm just waiting to

521

00:24:27,950 --> 00:24:24,170

see ODST paws dropping and I'm like well

522

00:24:29,360 --> 00:24:27,960

yep well it might be a good time to

523

00:24:32,270 --> 00:24:29,370

start investing in his company because

524

00:24:33,680 --> 00:24:32,280

this means military track contracts are

525

00:24:37,580 --> 00:24:33,690

probably gonna open up for spacefaring

526

00:24:40,220 --> 00:24:37,590

vehicles at some point so so space

527

00:24:42,830 --> 00:24:40,230

technology getting to space we're gonna

528

00:24:44,570 --> 00:24:42,840

see if Elan musk is gonna get a huge

529

00:24:46,100 --> 00:24:44,580

contract military they're gonna start

530

00:24:48,890 --> 00:24:46,110

they're gonna keep using rockets for a

531

00:24:50,510 --> 00:24:48,900

while but the next exotic wave of stuff

532

00:24:52,130 --> 00:24:50,520

is gonna be probably start hitting

533

00:24:53,780 --> 00:24:52,140

hitting streets I was laid in two years

534

00:24:56,420 --> 00:24:53,790

there got the rule something out big

535

00:24:58,610 --> 00:24:56,430

time because everything's moving much

536

00:25:00,860 --> 00:24:58,620

quicker than it used to so I wouldn't

537

00:25:02,410 --> 00:25:00,870

doubt if we see some insane stuff very

538

00:25:05,410 --> 00:25:02,420

soon

539

00:25:07,210 --> 00:25:05,420

yeah I hope so well given how we're

540

00:25:08,470 --> 00:25:07,220

already pretty good at dropping [h\_\_h] on

541

00:25:12,520 --> 00:25:08,480

the earth if you were looking to the

542

00:25:14,530 --> 00:25:12,530

rods of God yes the rods of God those

543

00:25:17,500 --> 00:25:14,540

are awful it's a it's an orbital

544

00:25:20,950 --> 00:25:17,510

platform weapon where they drop tungsten

545

00:25:22,630 --> 00:25:20,960

rods at like but 35,000 miles an hour

546

00:25:25,780 --> 00:25:22,640

and they hit with a force of a nuclear

547

00:25:28,540 --> 00:25:25,790

explosion it's a clean nuke yeah exactly

548

00:25:29,700 --> 00:25:28,550

no radiation just all the disaster that

549

00:25:32,530 --> 00:25:29,710

accompanies it

550

00:25:36,130 --> 00:25:32,540

there was a video from a Chinese sub

551  
00:25:38,350 --> 00:25:36,140  
base a few years back in 2014 or 2015

552  
00:25:40,150 --> 00:25:38,360  
and like all of a sudden the subject

553  
00:25:40,570 --> 00:25:40,160  
just looks like it blew up from the

554  
00:25:42,640 --> 00:25:40,580  
inside

555  
00:25:46,600 --> 00:25:42,650  
but like you could see something coming

556  
00:25:48,340 --> 00:25:46,610  
down on to it so people have looked into

557  
00:25:49,480 --> 00:25:48,350  
this like yeah we've drunk a rock down

558  
00:25:51,490 --> 00:25:49,490  
on that Chinese sub

559  
00:25:54,490 --> 00:25:51,500  
yeah we actually there's a that was

560  
00:25:56,200 --> 00:25:54,500  
there's actually a Chinese explosion I

561  
00:25:57,580 --> 00:25:56,210  
think we might be talking about the the

562  
00:25:59,470 --> 00:25:57,590  
same one where there's there's actually

563  
00:26:01,450 --> 00:25:59,480

a video of an explosion of something

564

00:26:03,460 --> 00:26:01,460

like that and it was rumored at the time

565

00:26:08,140 --> 00:26:03,470

that it could have been a rock from God

566

00:26:11,020 --> 00:26:08,150

and insane to think that this even a

567

00:26:12,700 --> 00:26:11,030

possibility but it is I think they got

568

00:26:18,150 --> 00:26:12,710

space platform weapons out there's no

569

00:26:22,870 --> 00:26:20,890

people say I find it when people say Oh

570

00:26:24,910 --> 00:26:22,880

Star Wars was just a PSYOP to get the

571

00:26:26,230 --> 00:26:24,920

Russians spend a shitload of money [h\_\_h]

572

00:26:27,460 --> 00:26:26,240

if the DoD says they're gonna build

573

00:26:28,630 --> 00:26:27,470

something chances are it's already built

574

00:26:30,010 --> 00:26:28,640

so when Reagan said we're gonna put

575

00:26:31,420 --> 00:26:30,020

lasers on satellites to shoot down this

576  
00:26:33,580 --> 00:26:31,430  
you know we've had those for five years

577  
00:26:36,340 --> 00:26:33,590  
that's right that's right it's already

578  
00:26:37,570 --> 00:26:36,350  
had oh hey I thank you buddy

579  
00:26:41,020 --> 00:26:37,580  
I want to move on a little bit in

580  
00:26:43,130 --> 00:26:41,030  
placement a clip about gary mckinnon all

581  
00:26:49,050 --> 00:26:46,230  
[Applause]

582  
00:26:51,300 --> 00:26:49,060  
whoa I'm trying to play but thank you

583  
00:26:53,190 --> 00:26:51,310  
for your call but didn't didn't come up

584  
00:26:55,410 --> 00:26:53,200  
okay thank you for your call all right

585  
00:26:57,300 --> 00:26:55,420  
so I'll open up the lines again here

586  
00:27:02,670 --> 00:26:57,310  
real quick I just wanna play this

587  
00:27:04,800 --> 00:27:02,680  
this clip about Gary McKinnon the hacker

588  
00:27:07,380 --> 00:27:04,810

I just referenced all this there's a

589

00:27:09,900 --> 00:27:07,390

wired article you can take a look at it

590

00:27:11,940 --> 00:27:09,910

linked in the system and of course this

591

00:27:14,700 --> 00:27:11,950

is going on over here Nellis Air Force

592

00:27:16,500 --> 00:27:14,710

Base I see a series of lights almost

593

00:27:20,300 --> 00:27:16,510

garrymon right now there's a whole

594

00:27:24,350 --> 00:27:20,310

article about up here about UFO

595

00:27:26,640 --> 00:27:24,360

visitation or navigation button citing

596

00:27:29,850 --> 00:27:26,650

your Nellis and then there is another

597

00:27:33,810 --> 00:27:29,860

article right here what the UFO hacker

598

00:27:37,410 --> 00:27:33,820

found and you can read that up there

599

00:27:40,440 --> 00:27:37,420

it's all about Gary McKinnon and it's an

600

00:27:44,550 --> 00:27:40,450

interview but I'll skip to just an audio

601  
00:27:47,880 --> 00:27:44,560  
clip of a presentation about Gary

602  
00:27:49,920 --> 00:27:47,890  
McKinnon and this is also linked in the

603  
00:27:52,080 --> 00:27:49,930  
descriptions and we'll just the

604  
00:27:53,520 --> 00:27:52,090  
description we'll just play this here

605  
00:27:55,860 --> 00:27:53,530  
about what Gary McKenna found in this

606  
00:27:57,810 --> 00:27:55,870  
for how one of the terms that was used

607  
00:27:59,520 --> 00:27:57,820  
in the in the documents that Gary refers

608  
00:28:01,890 --> 00:27:59,530  
to because he was looking through

609  
00:28:05,010 --> 00:28:01,900  
documents right into people's medical

610  
00:28:06,690 --> 00:28:05,020  
records their arrest records he was

611  
00:28:08,820 --> 00:28:06,700  
looking you know through files he

612  
00:28:11,340 --> 00:28:08,830  
shouldn't have been looking and he found

613  
00:28:13,640 --> 00:28:11,350

references to ship names which didn't

614

00:28:16,650 --> 00:28:13,650

appear to be part of the Navy fleet and

615

00:28:19,860 --> 00:28:16,660

he also found references to something

616

00:28:23,100 --> 00:28:19,870

termed as a non terrestrial officer now

617

00:28:25,470 --> 00:28:23,110

a non terrestrial officer doesn't appear

618

00:28:28,530 --> 00:28:25,480

to be a term used by the the Navy to

619

00:28:30,780 --> 00:28:28,540

describe anyone in the Navy now I've not

620

00:28:32,640 --> 00:28:30,790

heard any recent explanations that can

621

00:28:34,160 --> 00:28:32,650

explain this so if anybody knows what a

622

00:28:36,480 --> 00:28:34,170

non terrestrial officer is I'd be

623

00:28:39,150 --> 00:28:36,490

basically if you could sort of tell me

624

00:28:41,850 --> 00:28:39,160

at the end of the talk but it's a very

625

00:28:46,200 --> 00:28:41,860

interesting thing are we dealing with

626  
00:28:47,760 --> 00:28:46,210  
somebody who works on a ship well not

627  
00:28:49,860 --> 00:28:47,770  
necessarily because the term doesn't get

628  
00:28:51,840 --> 00:28:49,870  
used for people that are working on

629  
00:28:54,900 --> 00:28:51,850  
ships we don't think so are we dealing

630  
00:28:56,940 --> 00:28:54,910  
with somebody who doesn't work on terra

631  
00:28:58,290 --> 00:28:56,950  
firma you know are we dealing with

632  
00:28:59,990 --> 00:28:58,300  
somebody who doesn't work maybe on

633  
00:29:03,230 --> 00:29:00,000  
planet Earth

634  
00:29:04,970 --> 00:29:03,240  
I dare say you know simply a speculation

635  
00:29:06,800 --> 00:29:04,980  
this doesn't prove anything but the use

636  
00:29:08,360 --> 00:29:06,810  
of the term non-terrestrial officer

637  
00:29:10,220 --> 00:29:08,370  
might be in the future

638  
00:29:12,530 --> 00:29:10,230

a starting point for people who be

639

00:29:14,300 --> 00:29:12,540

looking for information inside the

640

00:29:15,680 --> 00:29:14,310

military perhaps with freedom of

641

00:29:17,600 --> 00:29:15,690

information and we may get an answer to

642

00:29:20,390 --> 00:29:17,610

that one so that's a term that we should

643

00:29:22,700 --> 00:29:20,400

be on the lookout for in the upcoming

644

00:29:29,770 --> 00:29:22,710

six branch of the military space force

645

00:29:34,660 --> 00:29:32,860

new soldiers as non-terrestrial officers

646

00:29:38,050 --> 00:29:34,670

it'll give only more credence to what

647

00:29:41,350 --> 00:29:38,060

gary mckinnon found when he acted to

648

00:29:43,770 --> 00:29:41,360

military computers and it's a Gary

649

00:29:46,830 --> 00:29:43,780

McKinnon story is very fascinating he uh

650

00:29:51,460 --> 00:29:46,840

it's the hacker from the UK I think he

651  
00:29:55,060 --> 00:29:51,470  
was doing his investigating his hacking

652  
00:29:58,660 --> 00:29:55,070  
in late 90s early 2000s and he came

653  
00:30:02,980 --> 00:29:58,670  
across err non airbrushed images from

654  
00:30:05,680 --> 00:30:02,990  
NASA he came across spreadsheets that

655  
00:30:08,380 --> 00:30:05,690  
mentioned non-terrestrial officers very

656  
00:30:11,800 --> 00:30:08,390  
fascinating and just like the previous

657  
00:30:13,660 --> 00:30:11,810  
color said they they probably had this

658  
00:30:15,070 --> 00:30:13,670  
this six brands in the military for

659  
00:30:16,300 --> 00:30:15,080  
quite a while definitely a secret space

660  
00:30:18,880 --> 00:30:16,310  
program whether or not it was an

661  
00:30:20,320 --> 00:30:18,890  
official branch of the military who

662  
00:30:22,080 --> 00:30:20,330  
knows but now it is it's official

663  
00:30:23,860 --> 00:30:22,090

there's an official space force and

664

00:30:26,560 --> 00:30:23,870

they'll probably just get their own

665

00:30:30,550 --> 00:30:26,570

insignia look at their own uniform and

666

00:30:33,790 --> 00:30:30,560

their own commercial on the before NFL

667

00:30:35,320 --> 00:30:33,800

games I guess instead of a fighter jets

668

00:30:38,050 --> 00:30:35,330

that will fly over NFL games they'll be

669

00:30:40,210 --> 00:30:38,060

UFOs or some sort of tr-3b some kind of

670

00:30:42,520 --> 00:30:40,220

exotic aircraft hope so

671

00:30:44,890 --> 00:30:42,530

just come out with this technology just

672

00:30:48,780 --> 00:30:44,900

come out with it already we're ready for

673

00:30:52,460 --> 00:30:48,790

these we're ready to go to the stars

674

00:30:54,230 --> 00:30:52,470

I am maybe I don't know

675

00:30:56,960 --> 00:30:54,240

I just want to start wrecking the form

676

00:30:59,690 --> 00:30:56,970

if they give me that I'll be happy that

677

00:31:03,300 --> 00:30:59,700

in the holodeck and one of those

678

00:31:08,310 --> 00:31:03,310

replicators fantastic

679

00:31:09,990 --> 00:31:08,320

I'll be set for life 6 1 4 3 D 9 109 and

680

00:31:13,220 --> 00:31:10,000

I'll be mostly happy to take your phone

681

00:31:21,330 --> 00:31:13,230

calls if you have any opinions on the

682

00:31:22,440 --> 00:31:21,340

recording space for space for us it's

683

00:31:26,310 --> 00:31:22,450

going to be a Saturday morning cartoon

684

00:31:29,860 --> 00:31:26,320

before you know it with Trump as the

685

00:31:32,950 --> 00:31:29,870

leader you know be like the

686

00:31:36,220 --> 00:31:32,960

but transformers are some [h\_\_\h] okay

687

00:31:39,820 --> 00:31:36,230

enough malarkey we have gary mckinnon

688

00:31:43,330 --> 00:31:39,830

referencing non-terrestrial officers and

689

00:31:44,770 --> 00:31:43,340

probably a seeker Spacely you have Trump

690

00:31:48,550 --> 00:31:44,780

coming out then with the announcement of

691

00:31:50,980 --> 00:31:48,560

a space force so what might be some

692

00:31:52,600 --> 00:31:50,990

other space forces that might be in

693

00:31:58,240 --> 00:31:52,610

existence already well you have one

694

00:32:01,090 --> 00:31:58,250

calls solar warden which is well it's

695

00:32:03,130 --> 00:32:01,100

part of the secret space program if you

696

00:32:05,260 --> 00:32:03,140

dare to believe that and I do and

697

00:32:09,970 --> 00:32:05,270

Huffington Post has an article on solar

698

00:32:12,280 --> 00:32:09,980

warden and oh my god they gave me all

699

00:32:14,440 --> 00:32:12,290

this these warnings up front so the

700

00:32:16,480 --> 00:32:14,450

warden in this secret space program

701  
00:32:18,940 --> 00:32:16,490  
since approximately the 1980s secret

702  
00:32:21,180 --> 00:32:18,950  
space fleet codename solar warden has

703  
00:32:24,100 --> 00:32:21,190  
been an operation unknown to the public

704  
00:32:26,440 --> 00:32:24,110  
is this nonsense is it conspiracy or the

705  
00:32:29,650 --> 00:32:26,450  
simply so sensitive that it will cause

706  
00:32:31,150 --> 00:32:29,660  
an uproar around the world so I'll put

707  
00:32:32,530 --> 00:32:31,160  
this link in the description as well you

708  
00:32:35,440 --> 00:32:32,540  
have huffington post talking about solar

709  
00:32:37,540 --> 00:32:35,450  
warden and solar warden is a when i've

710  
00:32:40,060 --> 00:32:37,550  
read a joint venture between the Air

711  
00:32:44,200 --> 00:32:40,070  
Force and the United States Navy to

712  
00:32:48,640 --> 00:32:44,210  
create almost like a defense grid of

713  
00:32:52,390 --> 00:32:48,650

ships that can be flown now flown I

714

00:32:58,360 --> 00:32:52,400

guess steered off planet off of Earth

715

00:33:00,610 --> 00:32:58,370

and it is absolutely insane as so that

716

00:33:03,090 --> 00:33:00,620

he goes on to say that about an hour ago

717

00:33:06,700 --> 00:33:03,100

I spoke to a NASA rep who confirmed that

718

00:33:08,200 --> 00:33:06,710

that this was their program and that it

719

00:33:10,630 --> 00:33:08,210

was terminated by the president he also

720

00:33:14,140 --> 00:33:10,640

informed me that it was not it was not a

721

00:33:16,360 --> 00:33:14,150

joint program with the DoD the NASA rep

722

00:33:19,180 --> 00:33:16,370

inform me that you should be directed to

723

00:33:21,520 --> 00:33:19,190

the Johnson Space Center for managers

724

00:33:25,540 --> 00:33:21,530

getting ok so they confirmed it's a real

725

00:33:28,000 --> 00:33:25,550

thing but they want you they when

726

00:33:32,470 --> 00:33:28,010

questioned the Nasr up about so weren't

727

00:33:34,630 --> 00:33:32,480

talk to the Johnson Space Center ok

728

00:33:39,490 --> 00:33:34,640

but this article is pretty good giving

729

00:33:40,810 --> 00:33:39,500

credence that there probably is a secret

730

00:33:42,850 --> 00:33:40,820

space program but that's not going to be

731

00:33:45,290 --> 00:33:42,860

so secret anymore they're gonna come out

732

00:33:46,310 --> 00:33:45,300

front with us

733

00:33:47,720 --> 00:33:46,320

and I'm just kind of curious about

734

00:33:48,740 --> 00:33:47,730

technologies they're gonna they're gonna

735

00:33:53,540 --> 00:33:48,750

drag along with it

736

00:33:56,480 --> 00:33:53,550

the tr-3b which has been a long rumored

737

00:33:59,330 --> 00:33:56,490

ding playing yeah oh it's this phone

738

00:34:05,870 --> 00:33:59,340

call right here caller you're on the air

739

00:34:06,170 --> 00:34:05,880

go ahead yeah hey how's it going oh not

740

00:34:10,070 --> 00:34:06,180

bad

741

00:34:12,020 --> 00:34:10,080

this is exploding monkey just gone in

742

00:34:13,669 --> 00:34:12,030

seeing what's going on what are we

743

00:34:15,620 --> 00:34:13,679

talking about we're talking about space

744

00:34:18,380 --> 00:34:15,630

force Trump's announcement that he's

745

00:34:22,520 --> 00:34:18,390

starting a brand-new sixth branch of the

746

00:34:24,639 --> 00:34:22,530

military space force oh yeah

747

00:34:27,530 --> 00:34:24,649

that's kind of been going on for a while

748

00:34:30,440 --> 00:34:27,540

unfortunately I remember back in the day

749

00:34:33,110 --> 00:34:30,450

like three years ago even checking above

750

00:34:37,540 --> 00:34:33,120

top-secret comedy to find pictures of

751  
00:34:40,610 --> 00:34:37,550  
the military like something automated

752  
00:34:44,120 --> 00:34:40,620  
like X 35 s or whatever they were

753  
00:34:46,130 --> 00:34:44,130  
calling them up there like the

754  
00:34:48,320 --> 00:34:46,140  
military's been [h\_\_\h] with space for a

755  
00:34:50,110 --> 00:34:48,330  
while you got to be nice not to think

756  
00:34:53,540 --> 00:34:50,120  
that they don't have a foot in there

757  
00:34:55,159 --> 00:34:53,550  
yeah that's what a lot of cars have been

758  
00:34:56,419 --> 00:34:55,169  
saying I've been saying I mean I've been

759  
00:34:57,770 --> 00:34:56,429  
talking about the secret space program

760  
00:35:01,310 --> 00:34:57,780  
for a while I think this is just a

761  
00:35:02,810 --> 00:35:01,320  
formal announcement that this has been

762  
00:35:05,060 --> 00:35:02,820  
going on and they're just kind of

763  
00:35:09,110 --> 00:35:05,070

bringing it to the forefront and then a

764

00:35:11,570 --> 00:35:09,120

another black chat member bloomer bootie

765

00:35:13,400 --> 00:35:11,580

recruiter said look this is this is a

766

00:35:15,770 --> 00:35:13,410

play to this funnel more money into the

767

00:35:17,600 --> 00:35:15,780

military industrial complex now the war

768

00:35:19,460 --> 00:35:17,610

in North Korea is winding down I mean

769

00:35:23,090 --> 00:35:19,470

where those 30,000 troops gonna go shoot

770

00:35:25,820 --> 00:35:23,100

him into space yeah I think it's also

771

00:35:28,460 --> 00:35:25,830

posturing against the private sector

772

00:35:31,550 --> 00:35:28,470

that is moving in on that too I mean the

773

00:35:34,880 --> 00:35:31,560

government doesn't want to seem like

774

00:35:37,490 --> 00:35:34,890

they've got a leg up on anything they're

775

00:35:39,740 --> 00:35:37,500

doing so the government has to every

776

00:35:41,810 --> 00:35:39,750

once in a while say hey just so you know

777

00:35:44,870 --> 00:35:41,820

Elon Musk I know you're doing some cool

778

00:35:48,770 --> 00:35:44,880

stuff but we're up there too because

779

00:35:50,720 --> 00:35:48,780

that is what's bad it just looks bad

780

00:35:53,830 --> 00:35:50,730

when Elon Musk is basically school in

781

00:35:58,430 --> 00:35:53,840

NASA and saying the way to Mars is by

782

00:36:00,890 --> 00:35:58,440

using the same

783

00:36:03,079 --> 00:36:00,900

that works only scaling it up and simple

784

00:36:04,220 --> 00:36:03,089

things that largest like no-brainers

785

00:36:06,530 --> 00:36:04,230

that we should have learned a long time

786

00:36:09,079 --> 00:36:06,540

ago right now we're the kind of dumb so

787

00:36:10,640 --> 00:36:09,089

kind of obvious that we got up every

788

00:36:12,290 --> 00:36:10,650

once in a while what's our military

789

00:36:16,339 --> 00:36:12,300

muscle and show them that we're still up

790

00:36:18,140 --> 00:36:16,349

there yeah I I can see that angle you

791

00:36:19,790 --> 00:36:18,150

know Elon Musk is a bigot now they're

792

00:36:21,800 --> 00:36:19,800

getting a lot of good press when it

793

00:36:24,680 --> 00:36:21,810

comes when it comes to the private

794

00:36:27,530 --> 00:36:24,690

sector Jeff Bezos has his own thing

795

00:36:31,069 --> 00:36:27,540

going on you got Bigelow doing his own

796

00:36:34,220 --> 00:36:31,079

thing with a creating some spacefaring

797

00:36:37,400 --> 00:36:34,230

ships so yeah this could also be

798

00:36:39,980 --> 00:36:37,410

posturing so you know you guys are doing

799

00:36:41,780 --> 00:36:39,990

a great job but hey move over we're

800

00:36:45,650 --> 00:36:41,790

gonna launch some really awesome stuff

801  
00:36:49,339 --> 00:36:45,660  
and you guys can you guys can take a

802  
00:36:50,990 --> 00:36:49,349  
back seat very possible but I don't

803  
00:36:53,180 --> 00:36:51,000  
think they're gonna be drummed out of

804  
00:36:56,300 --> 00:36:53,190  
business that's just a commercial sign

805  
00:36:59,599 --> 00:36:56,310  
the really cool technology lives very

806  
00:37:04,730 --> 00:36:59,609  
deep in special access programs and like

807  
00:37:07,420 --> 00:37:04,740  
the tr-3b like this rumored exotic

808  
00:37:11,569 --> 00:37:07,430  
vehicle that uses like a rotating

809  
00:37:14,120 --> 00:37:11,579  
mercury core to generate some sort of

810  
00:37:15,710 --> 00:37:14,130  
like anti-gravity field around it so it

811  
00:37:17,930 --> 00:37:15,720  
becomes lighter and it can go faster and

812  
00:37:20,420 --> 00:37:17,940  
do incredible maneuvers this has been

813  
00:37:22,430 --> 00:37:20,430

rumored for years I didn't even know how

814

00:37:25,430 --> 00:37:22,440

many years now that the tr-3b name has

815

00:37:28,579 --> 00:37:25,440

come up over and over again so this is

816

00:37:30,800 --> 00:37:28,589

just like like with any government

817

00:37:33,349 --> 00:37:30,810

project like they had the stealth

818

00:37:36,500 --> 00:37:33,359

technology around for way way longer

819

00:37:38,120 --> 00:37:36,510

than into what it really got debuted in

820

00:37:40,400 --> 00:37:38,130

the first Gulf Wars when they debuted

821

00:37:44,089 --> 00:37:40,410

the stealth bot or bomber and fighter it

822

00:37:46,069 --> 00:37:44,099

has around for years so yeah they've had

823

00:37:48,440 --> 00:37:46,079

this tougher they've had a space fleet

824

00:37:53,390 --> 00:37:48,450

for a long time this is just a formal

825

00:37:57,770 --> 00:37:53,400

announcement the chatter the flag

826

00:38:02,000 --> 00:37:57,780

earlier was a being the rest of last

827

00:38:08,030 --> 00:38:02,010

decade or two have been supposedly ready

828

00:38:12,160 --> 00:38:08,040

for compressed air total sealed fuselage

829

00:38:14,770 --> 00:38:12,170

engine and for modification for

830

00:38:16,570 --> 00:38:14,780

space use and I think even there's one

831

00:38:19,510 --> 00:38:16,580

make that was made specifically for

832

00:38:22,510 --> 00:38:19,520

space use and that could be posturing

833

00:38:24,190 --> 00:38:22,520

too in its own way and I was probably I

834

00:38:26,940 --> 00:38:24,200

was played during the Cold War whenever

835

00:38:29,560 --> 00:38:26,950

that was brought up but it's like

836

00:38:32,260 --> 00:38:29,570

obvious that this stuff has been around

837

00:38:34,240 --> 00:38:32,270

for a while and this is almost just like

838

00:38:37,960 --> 00:38:34,250

kind of like oh yeah we're doing stuff

839

00:38:39,460 --> 00:38:37,970

you know to me anyways no I I'm I'm

840

00:38:41,200 --> 00:38:39,470

right there with you and I think most

841

00:38:43,300 --> 00:38:41,210

people who follow the the conspiracy

842

00:38:45,520 --> 00:38:43,310

stuff as as much as we do I don't even

843

00:38:49,090 --> 00:38:45,530

like going to the hardcore research I

844

00:38:51,790 --> 00:38:49,100

did a lot of surface stuff but anybody

845

00:38:53,530 --> 00:38:51,800

who follows the stuff you do more

846

00:38:56,110 --> 00:38:53,540

documents to read you realize though the

847

00:38:58,030 --> 00:38:56,120

the military's at least twenty years

848

00:39:00,910 --> 00:38:58,040

ahead of the commercial sector when it

849

00:39:04,360 --> 00:39:00,920

comes to this technology if not fifty to

850

00:39:06,370 --> 00:39:04,370

a hundred god knows what they have

851  
00:39:08,350 --> 00:39:06,380  
reverse-engineered from crashed alien

852  
00:39:12,100 --> 00:39:08,360  
craft if in fact they did happen I think

853  
00:39:15,010 --> 00:39:12,110  
that they do have some some crash alien

854  
00:39:16,330 --> 00:39:15,020  
craft that they got some ideas from I

855  
00:39:17,650 --> 00:39:16,340  
don't know if they could fully reverse

856  
00:39:19,180 --> 00:39:17,660  
engineer everything but they got some

857  
00:39:21,430 --> 00:39:19,190  
ideas to get along the same path same

858  
00:39:22,990 --> 00:39:21,440  
with the the acquired Nazi technology

859  
00:39:24,610 --> 00:39:23,000  
after World War two they probably

860  
00:39:26,740 --> 00:39:24,620  
working on that for a long time and

861  
00:39:29,980 --> 00:39:26,750  
that's probably a good majority of the

862  
00:39:33,460 --> 00:39:29,990  
UFO sightings but there's probably some

863  
00:39:35,050 --> 00:39:33,470

legitimate UFO sightings like all that

864

00:39:38,110 --> 00:39:35,060

news report that came out the end of

865

00:39:40,690 --> 00:39:38,120

last year with Navy Jets tracking the

866

00:39:42,580 --> 00:39:40,700

UFO on radar than it that I believe that

867

00:39:45,250 --> 00:39:42,590

you ho dip it into the water there's

868

00:39:47,650 --> 00:39:45,260

some crazy stuff out there and with that

869

00:39:50,680 --> 00:39:47,660

UFO story last year and trumpet

870

00:40:15,340 --> 00:39:50,690

announcing a space force right now this

871

00:40:27,030 --> 00:40:15,350

this year is insane and it literally

872

00:40:41,020 --> 00:40:37,599

everything's creepy anything on another

873

00:40:44,290 --> 00:40:41,030

an earthquake caused by who knows what

874

00:40:47,650 --> 00:40:44,300

it's a freakin dress UFO sighting me

875

00:40:54,580 --> 00:40:47,660

some freezing down happening sound like

876  
00:40:56,680 --> 00:40:54,590  
they're coming yeah these are exciting

877  
00:40:59,260 --> 00:40:56,690  
times these are exciting times and it's

878  
00:41:01,450 --> 00:40:59,270  
important to keep your head on correct

879  
00:41:03,010 --> 00:41:01,460  
here and think about this and because

880  
00:41:05,530 --> 00:41:03,020  
one of the previous color said look this

881  
00:41:07,660 --> 00:41:05,540  
a week we could be seen like a project

882  
00:41:10,960 --> 00:41:07,670  
blue-green false-flag alien attack it at

883  
00:41:14,680 --> 00:41:10,970  
some point which I totally buy into it's

884  
00:41:17,910 --> 00:41:14,690  
it's a maybe it's a likely scenario

885  
00:41:22,090 --> 00:41:17,920  
we've seen so many false flags before to

886  
00:41:24,220 --> 00:41:22,100  
have a ramp up for war yeah it's the

887  
00:41:27,550 --> 00:41:24,230  
ultimate one I mean I think oh I I play

888  
00:41:29,849 --> 00:41:27,560

I played clip so every so often of Verna

889

00:41:33,250 --> 00:41:29,859

bron-bron of burn upon bronze of

890

00:41:38,740 --> 00:41:33,260

assistant and she went on a disclosure

891

00:41:41,170 --> 00:41:38,750

panel is that look he said the last two

892

00:41:43,810 --> 00:41:41,180

threats that the military industrial

893

00:41:46,090 --> 00:41:43,820

complex we use as justification will be

894

00:41:47,859 --> 00:41:46,100

the asteroid threat which will see the

895

00:41:50,530 --> 00:41:47,869

space force attack asteroids or at least

896

00:41:52,960 --> 00:41:50,540

Corral and wrangling like space rodeos

897

00:41:56,380 --> 00:41:52,970

using lassos and Spurs and then the last

898

00:41:58,540 --> 00:41:56,390

threat will be UFOs and aliens so it's

899

00:42:01,240 --> 00:41:58,550

hard to tell me what is really maybe

900

00:42:03,090 --> 00:42:01,250

none of this video but they believe it's

901  
00:42:12,910 --> 00:42:03,100  
real and they're gonna act upon it

902  
00:42:15,400 --> 00:42:12,920  
either way we can do it is like really

903  
00:42:21,730 --> 00:42:15,410  
like get to know our community and like

904  
00:42:26,470 --> 00:42:21,740  
just like their noise and start mowing

905  
00:42:28,810 --> 00:42:26,480  
and crazy but we just need to just be

906  
00:42:33,540 --> 00:42:28,820  
more cognizant of everything around us

907  
00:42:36,250 --> 00:42:33,550  
if we need it as a resource because

908  
00:42:39,610 --> 00:42:36,260  
don't know their neighbors yes don't

909  
00:42:41,890 --> 00:42:39,620  
know the people around them and so

910  
00:42:48,850 --> 00:42:41,900  
that might you restart because I don't

911  
00:43:06,270 --> 00:42:48,860  
think it's like like I do something that

912  
00:43:10,180 --> 00:43:08,710  
yeah that's a good mess I gotta let you

913  
00:43:16,690 --> 00:43:10,190

go your phone's kind of crapping out a

914

00:43:25,480 --> 00:43:16,700

little bit but yeah alright thank you

915

00:43:28,030 --> 00:43:25,490

very much it's time to get to know your

916

00:43:30,010 --> 00:43:28,040

community focus on the people around you

917

00:43:31,990 --> 00:43:30,020

it's important to be aware of this

918

00:43:35,650 --> 00:43:32,000

information so you can call [h\_\_h] and

919

00:43:38,410 --> 00:43:35,660

kind of live your life how you see fit

920

00:43:40,360 --> 00:43:38,420

and don't get he'll get crazy over news

921

00:43:42,070 --> 00:43:40,370

you know people get too so worked up and

922

00:43:43,600 --> 00:43:42,080

filled with anxiety about the news it's

923

00:43:46,330 --> 00:43:43,610

important to be aware of this stuff and

924

00:43:49,320 --> 00:43:46,340

these are fun topics of conversation but

925

00:43:52,000 --> 00:43:49,330

they shouldn't rule your life and/or

926  
00:43:54,910 --> 00:43:52,010  
make you determine who's your friends or

927  
00:43:58,150 --> 00:43:54,920  
loved ones or neighbors these are these

928  
00:44:01,060 --> 00:43:58,160  
are topics to be aware of that's it

929  
00:44:06,060 --> 00:44:01,070  
these are pop not to rule your life not

930  
00:44:10,170 --> 00:44:08,400  
because you believe in UFOs and and the

931  
00:44:11,340 --> 00:44:10,180  
secret space program and someone else

932  
00:44:11,990 --> 00:44:11,350  
does and doesn't mean you can't be

933  
00:44:14,100 --> 00:44:12,000  
friends with them

934  
00:44:16,730 --> 00:44:14,110  
sure to get angry about it they don't

935  
00:44:20,010 --> 00:44:16,740  
believe you and vice-versa

936  
00:44:22,760 --> 00:44:20,020  
breezy singing peace and love here on on

937  
00:44:24,990 --> 00:44:22,770  
night talk that's what we're doing

938  
00:44:26,829 --> 00:44:25,000

I'd like this call I wish I could hear a

939

00:44:28,809 --> 00:44:26,839

little better

940

00:44:32,199 --> 00:44:28,819

good message it's what happened we take

941

00:44:34,749 --> 00:44:32,209

a phone calls with cell phones that's

942

00:44:37,689 --> 00:44:34,759

why our bell left uh the XM show he had

943

00:44:41,229 --> 00:44:37,699

these the Sirius XM show our Bell came

944

00:44:43,390 --> 00:44:41,239

back on he set a contract with Sirius XM

945

00:44:45,399 --> 00:44:43,400

was on the air for one month and then

946

00:44:47,919 --> 00:44:45,409

quit he complained about the the phone

947

00:44:49,089 --> 00:44:47,929

quality from cell phones but something

948

00:44:51,789 --> 00:44:49,099

else was going on there I think this

949

00:44:55,689 --> 00:44:51,799

want to start his own Network our belgun

950

00:45:00,899 --> 00:44:55,699

rest his soul do we've got anything else

951  
00:45:08,450 --> 00:45:05,409  
probably do I love the site the the

952  
00:45:10,880 --> 00:45:08,460  
black vault calm

953  
00:45:14,810 --> 00:45:10,890  
and the black vault Conda is an

954  
00:45:18,970 --> 00:45:14,820  
excellent it's an excellent resource for

955  
00:45:21,849 --> 00:45:18,980  
UFO paranormal encounters analysis in

956  
00:45:26,500 --> 00:45:21,859  
dissection it's just got a whole host of

957  
00:45:29,240 --> 00:45:26,510  
interesting things and this one is a

958  
00:45:31,370 --> 00:45:29,250  
title possible et experience or

959  
00:45:35,000 --> 00:45:31,380  
encounter over new Lexington

960  
00:45:38,720 --> 00:45:35,010  
Ohio witnesses seeking help advice this

961  
00:45:43,460 --> 00:45:38,730  
comes from May 8th 2011 I wouldn't

962  
00:45:45,520 --> 00:45:43,470  
they've sought help or gained help since

963  
00:45:48,710 --> 00:45:45,530

then hope so

964

00:45:51,860 --> 00:45:48,720

so the witness testimony

965

00:45:53,780 --> 00:45:51,870

this case is okay I'm new to any

966

00:45:56,450 --> 00:45:53,790

personal et experience I just sort of

967

00:45:58,490 --> 00:45:56,460

encountered what I think to be et so I

968

00:46:01,340 --> 00:45:58,500

have six new photos on my phone all the

969

00:46:04,580 --> 00:46:01,350

which are semi similar all were taken in

970

00:46:06,590 --> 00:46:04,590

my backyard and they have headlights

971

00:46:08,180 --> 00:46:06,600

from mine in my husband's vehicles and

972

00:46:10,700 --> 00:46:08,190

neighbors busted a fence the

973

00:46:12,980 --> 00:46:10,710

streetlights in the distance and part of

974

00:46:14,800 --> 00:46:12,990

the part of the sidewalk in yard nothing

975

00:46:19,880 --> 00:46:14,810

too odd right you'd think so but first

976  
00:46:21,500 --> 00:46:19,890  
then he goes on to explain that there's

977  
00:46:23,490 --> 00:46:21,510  
some odd things going on in these

978  
00:46:26,310 --> 00:46:23,500  
pictures

979  
00:46:29,190 --> 00:46:26,320  
and so what is odd my husband works

980  
00:46:31,320 --> 00:46:29,200  
third shift so we always leave at least

981  
00:46:32,820 --> 00:46:31,330  
10 minutes before he has to be at work

982  
00:46:37,080 --> 00:46:32,830  
give or take a few minutes so basically

983  
00:46:38,790 --> 00:46:37,090  
around 11:50 when these were taken I

984  
00:46:41,280 --> 00:46:38,800  
guess when I discovered these pictures

985  
00:46:43,620 --> 00:46:41,290  
initially I was already startled

986  
00:46:47,190 --> 00:46:43,630  
considering they weren't the last photos

987  
00:46:52,200 --> 00:46:47,200  
I had taken even more so to discover

988  
00:46:54,540 --> 00:46:52,210

that they were taking at 11:50 for on

989

00:46:57,450 --> 00:46:54,550

this day we left a bit later than usual

990

00:46:59,100 --> 00:46:57,460

so it was around 11 56 I remember

991

00:47:01,940 --> 00:46:59,110

specifically looking at the clock when

992

00:47:04,410 --> 00:47:01,950

we arrived at my husband's work before

993

00:47:07,110 --> 00:47:04,420

we were in mid conversation I really

994

00:47:08,940 --> 00:47:07,120

didn't want to take too much time they

995

00:47:11,430 --> 00:47:08,950

talked about missing time here

996

00:47:14,010 --> 00:47:11,440

his work is literally three minutes from

997

00:47:17,250 --> 00:47:14,020

our home if you get stopped by one light

998

00:47:18,600 --> 00:47:17,260

that is between there in our home I know

999

00:47:21,360 --> 00:47:18,610

this is because I had to have a tow so

1000

00:47:25,230 --> 00:47:21,370

she's talking about missing time of a

1001  
00:47:29,790 --> 00:47:28,560  
okay but that being said if I had turned

1002  
00:47:31,590 --> 00:47:29,800  
on the vehicle

1003  
00:47:35,040 --> 00:47:31,600  
how could there have been headlights in

1004  
00:47:36,360 --> 00:47:35,050  
the photo the third thing I hey this is

1005  
00:47:40,560 --> 00:47:36,370  
a bad case talk but these are all this

1006  
00:47:45,360 --> 00:47:40,570  
blurry photographs and she's talking

1007  
00:47:46,950 --> 00:47:45,370  
about missing time of a few minutes and

1008  
00:47:50,400 --> 00:47:46,960  
she's because I'm saying yeah yeah these

1009  
00:47:52,710 --> 00:47:50,410  
uh Laurie than more so than others but

1010  
00:47:56,849 --> 00:47:52,720  
then again I did not take these photos

1011  
00:48:01,070 --> 00:47:58,739  
but these photos just appeared on her

1012  
00:48:05,960 --> 00:48:03,760  
I really know that to think about this

1013  
00:48:08,540 --> 00:48:05,970

they just have random photos on your

1014

00:48:09,620 --> 00:48:08,550

phone maybe you got some but photos that

1015

00:48:12,560 --> 00:48:09,630

happens every now and again

1016

00:48:14,810 --> 00:48:12,570

iPhones your pocket you miss style well

1017

00:48:18,160 --> 00:48:14,820

these are but photos accidently taken I

1018

00:48:22,020 --> 00:48:18,170

don't like this story I apologize

1019

00:48:25,500 --> 00:48:22,030

moving on excuse me

1020

00:48:27,960 --> 00:48:25,510

I'm moving on to the next case I should

1021

00:48:29,750 --> 00:48:27,970

have really pre read that one I saw the

1022

00:48:35,070 --> 00:48:29,760

headline as like this is gonna be gold

1023

00:48:36,300 --> 00:48:35,080

this one is a good story it wasn't it

1024

00:48:42,110 --> 00:48:36,310

wasn't a good story

1025

00:48:48,040 --> 00:48:44,270

I'll be bring open we bring over the

1026

00:48:50,500 --> 00:48:48,050

chat dashboard here

1027

00:48:55,420 --> 00:48:50,510

yes I got the chat up you got a chatting

1028

00:48:58,769 --> 00:48:55,430

away in the YouTube chat haha this one

1029

00:49:00,749 --> 00:48:58,779

is a little different

1030

00:49:04,079 --> 00:49:00,759

Forester encounters mine like in

1031

00:49:11,599 --> 00:49:04,089

entities in Scotland mine like entities

1032

00:49:16,170 --> 00:49:14,099

Robert Taylor from Scotland encountered

1033

00:49:18,809 --> 00:49:16,180

a strange object and equally strange

1034

00:49:20,940 --> 00:49:18,819

smaller objects or entities the rounded

1035

00:49:23,400 --> 00:49:20,950

large larger object 20 feet in diameter

1036

00:49:26,250 --> 00:49:23,410

hovered above the ground then two

1037

00:49:28,349 --> 00:49:26,260

smaller objects which were round but had

1038

00:49:31,799 --> 00:49:28,359

appendages rushed towards him these

1039

00:49:35,430 --> 00:49:31,809

objects each attached itself each

1040

00:49:37,740 --> 00:49:35,440

attached itself to one each of his outer

1041

00:49:41,520 --> 00:49:37,750

legs and tugged him towards the larger

1042

00:49:43,799 --> 00:49:41,530

object he was attacked at which time

1043

00:49:45,539 --> 00:49:43,809

Tyler lost consciousness ground marks

1044

00:49:48,720 --> 00:49:45,549

were discovered at the scene of the

1045

00:49:50,910 --> 00:49:48,730

encounter so this this guy was out [h\_\_h]

1046

00:49:52,920 --> 00:49:50,920

sit around in the woods and he got

1047

00:49:54,720 --> 00:49:52,930

attacked by these little balls with

1048

00:49:58,339 --> 00:49:54,730

appendages the scariest cell grab his

1049

00:49:59,970 --> 00:49:58,349

legs and drag him to the mothership

1050

00:50:02,460 --> 00:49:59,980

that's crazy

1051

00:50:04,289 --> 00:50:02,470

that's insane so there's actually

1052

00:50:07,079 --> 00:50:04,299

pictures right here they have a bit of a

1053

00:50:12,790 --> 00:50:07,089

diagram of where this took place and a

1054

00:50:16,950 --> 00:50:15,280

and so this goes on to say this is the

1055

00:50:19,900 --> 00:50:16,960

obituary he's no longer with us but the

1056

00:50:23,560 --> 00:50:19,910

fishery of Robert Taylor a possible

1057

00:50:27,269 --> 00:50:23,570

victim of alien abduction he died at the

1058

00:50:27,279 --> 00:50:30,109

um

1059

00:50:43,309 --> 00:50:31,910

you

1060

00:50:46,930 --> 00:50:43,319

guys can read us at home but it's just

1061

00:50:48,640 --> 00:50:46,940

absolutely thing

1062

00:50:52,359 --> 00:50:48,650

I'm saying that a lot it's is this

1063

00:50:55,660 --> 00:50:52,369

insane or is it crazy you down with OPP

1064

00:50:57,940 --> 00:50:55,670

it's both you know me I'm not gonna go

1065

00:51:00,280 --> 00:50:57,950

into this I'm not gonna go this at all

1066

00:51:02,710 --> 00:51:00,290

this is too much this is where I did

1067

00:51:04,059 --> 00:51:02,720

research upfront and I pull clips of

1068

00:51:06,690 --> 00:51:04,069

like Trump talking about the space

1069

00:51:09,550 --> 00:51:06,700

program I got the Gary McKinnon thing

1070

00:51:12,220 --> 00:51:09,560

and this was this kind of like fodder

1071

00:51:14,160 --> 00:51:12,230

for the end if it's good you know Eilish

1072

00:51:16,690 --> 00:51:14,170

stall for time a little bit at the end

1073

00:51:18,809 --> 00:51:16,700

most kind of bank on some phone calls to

1074

00:51:25,390 --> 00:51:18,819

kind of fill up the show a little bit

1075

00:51:29,710 --> 00:51:25,400

but now going on these two stories with

1076

00:51:31,450 --> 00:51:29,720

a little dud like I wonder go back to

1077

00:51:32,980 --> 00:51:31,460

the Gary McKinnon thing let's do that

1078

00:51:37,750 --> 00:51:32,990

let's play this guy talk about Gary

1079

00:51:39,640 --> 00:51:37,760

McKinnon the Sham excuse me

1080

00:51:41,710 --> 00:51:39,650

sorry about that guys those two were

1081

00:51:46,240 --> 00:51:41,720

dead aru's maybe I'll take them out of

1082

00:51:47,920 --> 00:51:46,250

the mp3 maybe not but let's go on to go

1083

00:51:50,829 --> 00:51:47,930

back this guy talking about the the

1084

00:51:52,900 --> 00:51:50,839

hacker Gary McKinnon and what happened

1085

00:51:59,060 --> 00:51:52,910

right after he saw the non treasurer

1086

00:52:08,930 --> 00:52:06,110

Gary got arrested he was woken up and I

1087

00:52:10,940 --> 00:52:08,940

had a sort of officer from the National

1088

00:52:14,390 --> 00:52:10,950

Computer Crime Unit standing at the end

1089

00:52:16,550 --> 00:52:14,400

of his bed one morning and asked him are

1090

00:52:17,960 --> 00:52:16,560

you Gary McKinnon and he replied yes and

1091

00:52:21,380 --> 00:52:17,970

he said you're under arrest for hacking

1092

00:52:24,050 --> 00:52:21,390

into American computer systems Gary

1093

00:52:25,640 --> 00:52:24,060

wasn't entirely surprised because his at

1094

00:52:29,960 --> 00:52:25,650

his attitude towards his hacking had

1095

00:52:32,270 --> 00:52:29,970

become quite reckless he'd he'd been

1096

00:52:34,160 --> 00:52:32,280

going through some sort of stress with

1097

00:52:36,380 --> 00:52:34,170

his with his relationship with his

1098

00:52:38,480 --> 00:52:36,390

girlfriend he'd been kind of you know

1099

00:52:41,510 --> 00:52:38,490

bored with the job that he was in and

1100

00:52:44,570 --> 00:52:41,520

he'd been smoking a lot of dope he

1101  
00:52:46,790 --> 00:52:44,580  
admitted and spending a lot of lights up

1102  
00:52:49,160 --> 00:52:46,800  
late just hacking these systems for fun

1103  
00:52:51,620 --> 00:52:49,170  
he would have his friends around and

1104  
00:52:53,150 --> 00:52:51,630  
he'd been kind of showing off to them

1105  
00:52:54,830 --> 00:52:53,160  
you know look what I can do I can hack

1106  
00:52:56,330 --> 00:52:54,840  
this and look we can do this to these

1107  
00:52:59,030 --> 00:52:56,340  
systems and leave messages on their

1108  
00:53:00,320 --> 00:52:59,040  
desktops and and whatnot and you know

1109  
00:53:04,310 --> 00:53:00,330  
when he when he actually finally got

1110  
00:53:06,200 --> 00:53:04,320  
arrested he kind of thought well they

1111  
00:53:09,110 --> 00:53:06,210  
finally caught up with me they finally

1112  
00:53:11,690 --> 00:53:09,120  
caught me okay and he kind of thought

1113  
00:53:14,090 --> 00:53:11,700

that but that was a fair thing to have

1114

00:53:16,760 --> 00:53:14,100

happen in respect of being caught yes

1115

00:53:19,640 --> 00:53:16,770

you have to got caught Gary kidding what

1116

00:53:20,990 --> 00:53:19,650

he was being very brazen with his

1117

00:53:23,750 --> 00:53:21,000

hacking attempts he wasn't covering up

1118

00:53:25,400 --> 00:53:23,760

his tracks as as much as he was when he

1119

00:53:29,240 --> 00:53:25,410

when he first heard hacking so he maybe

1120

00:53:35,180 --> 00:53:32,150

fascinating story though here I have an

1121

00:53:36,849 --> 00:53:35,190

MSNBC clip talking about the space force

1122

00:53:40,270 --> 00:53:36,859

that Trump announced and is it feasible

1123

00:53:43,970 --> 00:53:40,280

my new national strategy for space

1124

00:53:48,650 --> 00:53:43,980

recognizes that space is a war fighting

1125

00:53:51,440 --> 00:53:48,660

domain just like the land air ding panda

1126

00:53:55,580 --> 00:53:51,450

see something calls right with right in

1127

00:54:03,710 --> 00:53:55,590

the middle and space force talk hey Rob

1128

00:54:05,839 --> 00:54:03,720

go ahead talking about space force and

1129

00:54:14,990 --> 00:54:05,849

Trump and the secret space program all

1130

00:54:18,200 --> 00:54:15,000

that stuff yeah what's on your mind chat

1131

00:54:19,849 --> 00:54:18,210

with yeah but a little off-topic but

1132

00:54:22,700 --> 00:54:19,859

kind of same topic

1133

00:54:25,849 --> 00:54:22,710

you know underground secret government

1134

00:54:28,930 --> 00:54:25,859

type stuff yeah have you ever have you

1135

00:54:32,540 --> 00:54:28,940

ever heard the guy called Robert Guffey

1136

00:54:35,930 --> 00:54:32,550

Robert Guffey yeah no I

1137

00:54:39,490 --> 00:54:35,940

doesn't doesn't ring a bell all right so

1138

00:54:42,170 --> 00:54:39,500

he's the conspiracy type guy the editor

1139

00:54:49,220 --> 00:54:42,180

researcher he put out a book called

1140

00:54:52,220 --> 00:54:49,230

project camellia a book to look it up

1141

00:54:55,370 --> 00:54:52,230

and get a chance to check it out

1142

00:54:59,960 --> 00:54:55,380

in his book it's a he says it's a true

1143

00:55:01,790 --> 00:54:59,970

story based upon its kind of

1144

00:55:06,589 --> 00:55:01,800

fictionalized but he says it's a true

1145

00:55:13,640 --> 00:55:09,890

I'm sorry okay so he has a it's a story

1146

00:55:17,479 --> 00:55:13,650

about this guy who gets this government

1147

00:55:21,589 --> 00:55:17,489

DoD computer and he was using it you

1148

00:55:24,170 --> 00:55:21,599

know to like get money for drugs so one

1149

00:55:26,420 --> 00:55:24,180

day he opens up this computer and it's

1150

00:55:29,210 --> 00:55:26,430

like opened up you know like pings

1151

00:55:32,059 --> 00:55:29,220

itself and he gets visited by like these

1152

00:55:36,499 --> 00:55:32,069

marshals and NCIS and all these people

1153

00:55:39,019 --> 00:55:36,509

and he gets busted and apparently you

1154

00:55:42,170 --> 00:55:39,029

know he's like oh well you know I just

1155

00:55:43,549 --> 00:55:42,180

stole this computer from somebody but I

1156

00:55:45,190 --> 00:55:43,559

don't know where I got it from so they

1157

00:55:49,219 --> 00:55:45,200

think he's like some kind of you know

1158

00:55:51,109 --> 00:55:49,229

hacker secret agent type guy but he's

1159

00:55:53,690 --> 00:55:51,119

not he just he just happens out of the

1160

00:55:57,499 --> 00:55:53,700

computer and he kind of sell it and then

1161

00:56:00,319 --> 00:55:57,509

they confiscated but apparently after

1162

00:56:02,779 --> 00:56:00,329

the fact that he was arrested but the

1163

00:56:04,460 --> 00:56:02,789

next few years like three four years of

1164

00:56:06,829 --> 00:56:04,470

his life he's like tracked down by

1165

00:56:09,170 --> 00:56:06,839

secret government agents by like you

1166

00:56:10,910 --> 00:56:09,180

know like was targeted targeted

1167

00:56:14,450 --> 00:56:10,920

individual type thing just thought

1168

00:56:16,609 --> 00:56:14,460

happening to him what kind of things

1169

00:56:20,959 --> 00:56:16,619

start happening to him have you ever

1170

00:56:23,839 --> 00:56:20,969

heard of targeted individuals I I'm not

1171

00:56:27,709 --> 00:56:23,849

supposed to turn no yeah so apparently

1172

00:56:30,709 --> 00:56:27,719

it's like let's say there's like an

1173

00:56:34,400 --> 00:56:30,719

unknown or unnamed government entity Oh

1174

00:56:37,579 --> 00:56:34,410

kind of like tracks your movements and

1175

00:56:40,339 --> 00:56:37,589

just [h\_\_\h] with you and they just [h\_\_\h]

1176

00:56:43,099 --> 00:56:40,349

with your daily life like they say they

1177

00:56:45,589 --> 00:56:43,109

use like sonic weapons to [h\_\_h] up you

1178

00:56:47,630 --> 00:56:45,599

know you know just like [h\_\_h] with your

1179

00:56:49,099 --> 00:56:47,640

head okay they do like they do like

1180

00:56:51,200 --> 00:56:49,109

small things like I'll break into your

1181

00:56:53,930 --> 00:56:51,210

apartment and just rearrange things it

1182

00:56:55,849 --> 00:56:53,940

really like think you think you're going

1183

00:56:57,109 --> 00:56:55,859

crazy like Will Smith an enemy of the

1184

00:57:00,339 --> 00:56:57,119

state where they give us digging this

1185

00:57:05,239 --> 00:57:00,349

[h\_\_h] they track you and you okay yes

1186

00:57:09,259 --> 00:57:05,249

so this story is kind of related to the

1187

00:57:10,819 --> 00:57:09,269

secret space program and I just wanted

1188

00:57:14,979 --> 00:57:10,829

to bring that up because I think that's

1189

00:57:17,630 --> 00:57:14,989

most likely that you know they have

1190

00:57:20,120 --> 00:57:17,640

unnamed government entity unnamed

1191

00:57:20,510 --> 00:57:20,130

government agencies why wouldn't they

1192

00:57:22,960 --> 00:57:20,520

have

1193

00:57:24,590 --> 00:57:22,970

you know also an unnamed government

1194

00:57:27,380 --> 00:57:24,600

secret

1195

00:57:30,320 --> 00:57:27,390

yeah I would I would I would totally buy

1196

00:57:32,420 --> 00:57:30,330

that I guess I have the the project

1197

00:57:33,980 --> 00:57:32,430

camellia plus skinwalker ranch that's

1198

00:57:38,750 --> 00:57:33,990

what that's what came up when I search

1199

00:57:39,950 --> 00:57:38,760

for project camellia I'm not sure if

1200

00:57:40,670 --> 00:57:39,960

that's what you're talking about but

1201

00:57:44,510 --> 00:57:40,680

what you're talking about

1202

00:57:48,830 --> 00:57:44,520

sounds very related yeah so skinwalker

1203

00:57:51,280 --> 00:57:48,840

ranch is related to it yeah because this

1204

00:57:55,700 --> 00:57:51,290

guy's some of this guy's experiences was

1205

00:57:58,520 --> 00:57:55,710

like he would he was looking like he

1206

00:58:00,380 --> 00:57:58,530

would be in his apartment and he'd hear

1207

00:58:03,290 --> 00:58:00,390

somebody talking to him but there would

1208

00:58:05,420 --> 00:58:03,300

be nobody there and [h\_\_h] move in his

1209

00:58:07,520 --> 00:58:05,430

apartment poltergeist type activity

1210

00:58:09,890 --> 00:58:07,530

would happen but he would see nobody

1211

00:58:11,420 --> 00:58:09,900

there ah but then one day one day he

1212

00:58:14,600 --> 00:58:11,430

looked in the mirror and he happened to

1213

00:58:16,040 --> 00:58:14,610

see like somebody that was cloaked it

1214

00:58:17,780 --> 00:58:16,050

was wearing like a suit that was like

1215

00:58:19,580 --> 00:58:17,790

cloaked so that kind of relates I guess

1216

00:58:21,740 --> 00:58:19,590

to like the form they're missing for on

1217

00:58:24,500 --> 00:58:21,750

one thing with it with the cloaking type

1218

00:58:26,150 --> 00:58:24,510

thing so that could be another just like

1219

00:58:28,310 --> 00:58:26,160

another happening the cloaking

1220

00:58:30,680 --> 00:58:28,320

technology yeah there's so much that I

1221

00:58:33,080 --> 00:58:30,690

have it up on a screen right now that

1222

00:58:35,120 --> 00:58:33,090

project camellia a strange but true

1223

00:58:36,970 --> 00:58:35,130

story of invisible spies heroin

1224

00:58:41,360 --> 00:58:36,980

addiction and homeland security

1225

00:58:44,050 --> 00:58:41,370

fascinating and yeah it's gotta get an

1226

00:58:45,830 --> 00:58:44,060

audible Kindle I'm gonna check this out

1227

00:58:48,850 --> 00:58:45,840

yeah it's pretty interesting

1228

00:58:55,100 --> 00:58:48,860

I mean it weaves into all this you know

1229

00:58:57,400 --> 00:58:55,110

all this stuff you know underground

1230

00:59:05,540 --> 00:58:57,410

government programs secret programs

1231

00:59:09,530 --> 00:59:05,550

targeted individual you said it's like a

1232

00:59:16,550 --> 00:59:09,540

it's a mix of like fiction and in

1233

00:59:19,340 --> 00:59:16,560

reality oh yeah and that's maybe I can

1234

00:59:22,040 --> 00:59:19,350

get if everything that he states is true

1235

00:59:26,690 --> 00:59:22,050

he can probably get around you know

1236

00:59:27,800 --> 00:59:26,700

getting an okay from whoever that

1237

00:59:32,750 --> 00:59:27,810

releases information

1238

00:59:33,260 --> 00:59:32,760

it's fascinating story yeah I let I like

1239

00:59:34,820 --> 00:59:33,270

the stuff

1240

00:59:36,770 --> 00:59:34,830

right now I'm reading the the skinwalker

1241

00:59:38,840 --> 00:59:36,780

ranch book and I'm I'm getting ready

1242

00:59:40,610 --> 00:59:38,850

ready to do probably maybe next week

1243

00:59:43,970 --> 00:59:40,620

I'll do it either show Monday night

1244

01:00:01,190 --> 00:59:43,980

about skinwalker ranch or Dulce but fast

1245

01:00:03,740 --> 01:00:01,200

name thank you appreciate that space

1246

01:00:05,300 --> 01:00:03,750

force and what they think about the

1247

01:00:07,070 --> 01:00:05,310

feasibility that was president Trump

1248

01:00:08,720 --> 01:00:07,080

speaking to members of the US Marine

1249

01:00:11,210 --> 01:00:08,730

Corps and other service members at an

1250

01:00:13,160 --> 01:00:11,220

air base in San Diego this week mr.

1251

01:00:15,140 --> 01:00:13,170

Trump went on to say he is considering a

1252

01:00:17,090 --> 01:00:15,150

so called space force that would be the

1253

01:00:19,910 --> 01:00:17,100

equivalent of the Army Air Force and

1254

01:00:22,520 --> 01:00:19,920

Navy here to discuss that idea and its

1255

01:00:24,500 --> 01:00:22,530

implications is Time magazine editor at

1256

01:00:26,780 --> 01:00:24,510

large Jeffrey Kluger good morning Jeff

1257

01:00:30,560 --> 01:00:26,790

good morning thanks for having me space

1258

01:00:32,930 --> 01:00:30,570

force how feasible is this there are

1259

01:00:34,790 --> 01:00:32,940

certain hurdles to overcome first of all

1260

01:00:37,370 --> 01:00:34,800

there are international treaties that

1261

01:00:41,260 --> 01:00:37,380

limit the military's militarization of

1262

01:00:43,700 --> 01:00:41,270

the 1967 treaty says that forbids

1263

01:00:46,240 --> 01:00:43,710

nuclear or weapons of mass destruction

1264

01:00:47,930 --> 01:00:46,250

in low-earth orbit it also forbids all

1265

01:00:50,030 --> 01:00:47,940

militarization on the surface of the

1266

01:00:51,260 --> 01:00:50,040

Moon or any other celestial bodies so

1267

01:00:53,630 --> 01:00:51,270

what does this leave what do we can't

1268

01:00:55,730 --> 01:00:53,640

really have some conventional weapons in

1269

01:00:57,500 --> 01:00:55,740

low-earth orbit but shooting down a

1270

01:00:59,510 --> 01:00:57,510

enemy shooting down other country

1271

01:01:01,490 --> 01:00:59,520

satellites is an act of war you're

1272

01:01:03,800 --> 01:01:01,500

certainly not gonna have Star Wars type

1273

01:01:05,840 --> 01:01:03,810

dogfights in orbit and ground

1274

01:01:08,990 --> 01:01:05,850

surveillance every country in the world

1275

01:01:12,110 --> 01:01:09,000

does that Google can do that for look at

1276

01:01:14,930 --> 01:01:12,120

people I mean we break through these we

1277

01:01:16,100 --> 01:01:14,940

can do it right we get offended if

1278

01:01:18,080 --> 01:01:16,110

somebody else breaks the treaty but

1279

01:01:20,510 --> 01:01:18,090

we're gonna do NSA so I'm not so sure

1280

01:01:21,470 --> 01:01:20,520

what there is to this President Reagan

1281

01:01:24,350 --> 01:01:21,480

proposed the Strategic Defense

1282

01:01:26,660 --> 01:01:24,360

Initiative in 1983 that's right that

1283

01:01:28,610 --> 01:01:26,670

never panned out last year a proposal to

1284

01:01:31,130 --> 01:01:28,620

create a new space Corps military

1285

01:01:35,600 --> 01:01:31,140

service was abandoned right what

1286

01:01:38,840 --> 01:01:35,610

happened exact second of Defense mattis

1287

01:01:41,300 --> 01:01:38,850

was actually openly opposed to it he

1288

01:01:41,900 --> 01:01:41,310

want he did not want the idea of a space

1289

01:01:43,760 --> 01:01:41,910

forest

1290

01:01:45,410 --> 01:01:43,770

tucked into the Air Force in the same

1291

01:01:46,790 --> 01:01:45,420

way the Marines are tucked into the Navy

1292

01:01:48,440 --> 01:01:46,800

he said its bureaucrat

1293

01:01:50,720 --> 01:01:48,450

ethically complicated we really don't

1294

01:01:55,010 --> 01:01:50,730

need it it really can't work Reagan's

1295

01:01:57,800 --> 01:01:55,020

plan was defensive it was all about

1296

01:02:01,010 --> 01:01:57,810

using defensive weapons in low Earth

1297

01:02:03,110 --> 01:02:01,020

orbit to deflect nuclear weapons but the

1298

01:02:06,140 --> 01:02:03,120

Soviets at that time said yes but once

1299

01:02:08,060 --> 01:02:06,150

you do that you destabilize the nuclear

1300

01:02:09,710 --> 01:02:08,070

balance so this abrogates the salt

1301  
01:02:12,140 --> 01:02:09,720  
treaty that's abrogates the ABM Treaty

1302  
01:02:14,360 --> 01:02:12,150  
and we are back off to the arms races

1303  
01:02:17,630 --> 01:02:14,370  
there's also the practical question of

1304  
01:02:20,330 --> 01:02:17,640  
funding all of this NASA's budget I

1305  
01:02:22,250 --> 01:02:20,340  
think is currently point four percent of

1306  
01:02:23,570 --> 01:02:22,260  
the budget back in the 1960s when we

1307  
01:02:25,520 --> 01:02:23,580  
were sort of the golden age of space

1308  
01:02:27,500 --> 01:02:25,530  
exploration is four percent four percent

1309  
01:02:30,020 --> 01:02:27,510  
of the federal budget and that's the

1310  
01:02:32,480 --> 01:02:30,030  
problem Star Wars cost the Reagan

1311  
01:02:35,480 --> 01:02:32,490  
proposal thirty billion dollars over ten

1312  
01:02:37,940 --> 01:02:35,490  
years and never got anywhere if you want

1313  
01:02:40,010 --> 01:02:37,950

to build the hardware if you want the

1314

01:02:42,740 --> 01:02:40,020

ambitious programs that got us from a

1315

01:02:44,330 --> 01:02:42,750

standing start in 1961 to the surface of

1316

01:02:47,120 --> 01:02:44,340

the Moon in 1969

1317

01:02:49,880 --> 01:02:47,130

you have got to allocate the money back

1318

01:02:53,360 --> 01:02:49,890

in 1965 to the rest of that program

1319

01:02:55,970 --> 01:02:53,370

NASA's budget was the equivalent in 2018

1320

01:02:58,730 --> 01:02:55,980

dollars of 60 billion dollars a year

1321

01:03:01,600 --> 01:02:58,740

three times what it is now you want to

1322

01:03:05,390 --> 01:03:01,610

build the machines allocate the money

1323

01:03:06,800 --> 01:03:05,400

talk about your latest target they're

1324

01:03:09,680 --> 01:03:06,810

talking about the feasibility of it all

1325

01:03:11,780 --> 01:03:09,690

but it's already happened they already

1326

01:03:16,300 --> 01:03:11,790

got this I already got the machines they

1327

01:03:18,680 --> 01:03:16,310

got a space force it's just all

1328

01:03:20,900 --> 01:03:18,690

formality at this point right it is

1329

01:03:22,750 --> 01:03:20,910

let's get the heck out of here let's get

1330

01:03:28,030 --> 01:03:22,760

the hay out of here

1331

01:03:30,910 --> 01:03:28,040

ah sorry about those other two stories

1332

01:03:33,490 --> 01:03:30,920

from the blackbolt [h\_\_h] really did some

1333

01:03:36,400 --> 01:03:33,500

research now read through him a little

1334

01:03:38,740 --> 01:03:36,410

bit more carefully before bring him to

1335

01:03:39,490 --> 01:03:38,750

the show and hey I make mistakes

1336

01:03:45,970 --> 01:03:39,500

sometimes

1337

01:03:48,280 --> 01:03:45,980

a lot of times a lot of mistakes been

1338

01:03:53,530 --> 01:03:48,290

made too many mistakes have been made

1339

01:03:57,490 --> 01:03:53,540

that's right if you want the audio only

1340

01:03:59,230 --> 01:03:57,500

version of this show there's no SS feat

1341

01:04:00,640 --> 01:03:59,240

for this on the patreon if you want to

1342

01:04:07,150 --> 01:04:00,650

donate the three bucks a month you get

1343

01:04:09,520 --> 01:04:07,160

the RSS feed or the night talk live five

1344

01:04:12,040 --> 01:04:09,530

bucks month gets you some extra you get

1345

01:04:14,680 --> 01:04:12,050

all night talk live Plus mother like

1346

01:04:16,030 --> 01:04:14,690

source material that I download and

1347

01:04:17,650 --> 01:04:16,040

playing the play segments on the show

1348

01:04:21,400 --> 01:04:17,660

but there's like full clips up there and

1349

01:04:24,300 --> 01:04:21,410

whatnot if you want to join the slack

1350

01:04:26,530 --> 01:04:24,310

where a discussion is going on with all

1351

01:04:28,420 --> 01:04:26,540

most not all the listeners but some of

1352

01:04:30,310 --> 01:04:28,430

the listeners you can give an email to

1353

01:04:33,460 --> 01:04:30,320

our victim mouth at gmail.com and say

1354

01:04:37,000 --> 01:04:33,470

hey can I get into slack please oh

1355

01:04:39,550 --> 01:04:37,010

you'll be sent an invite there's also a

1356

01:04:40,960 --> 01:04:39,560

discord going I don't really talk about

1357

01:04:43,570 --> 01:04:40,970

that very much

1358

01:04:44,560 --> 01:04:43,580

but we do have a discord obedient pod if

1359

01:04:46,450 --> 01:04:44,570

you want on that you can send the email

1360

01:04:48,580 --> 01:04:46,460

as well

1361

01:04:51,010 --> 01:04:48,590

don't be hopping on that more and more

1362

01:04:54,310 --> 01:04:51,020

if I want to playing some video games

1363

01:04:56,349 --> 01:04:54,320

with listeners I can use a good pub G

1364

01:04:58,349 --> 01:04:56,359

partner because I suck at that game so I

1365

01:05:01,359 --> 01:04:58,359

really need someone to carry my weight

1366

01:05:04,240 --> 01:05:01,369

I'm a coward what's known as a video

1367

01:05:06,550 --> 01:05:04,250

game coward in pub G I hide in a corner

1368

01:05:08,590 --> 01:05:06,560

or closet you'll find me in the bathroom

1369

01:05:09,849 --> 01:05:08,600

waiting for the entire game to be down

1370

01:05:15,849 --> 01:05:09,859

to like the last 10 players when they

1371

01:05:20,750 --> 01:05:17,960

thanks for everyone listening live

1372

01:05:22,270 --> 01:05:20,760

appreciate it calling in participating

1373

01:05:26,300 --> 01:05:22,280

in the show

1374

01:05:30,070 --> 01:05:26,310

spread the word I believe next week I'm

1375

01:05:34,160 --> 01:05:30,080

gonna have something on Dulce and or

1376

01:05:42,109 --> 01:05:34,170

skinwalker ranch though some interesting
