

NIGHT TALK  
*with*  
MIDNIGHT MIKE

1  
00:00:33,960 --> 00:00:21,250

[Music]

2  
00:00:53,740 --> 00:00:39,430

I tell you what dollars

3  
00:01:11,900 --> 00:00:56,750

guys we're just gonna have a great time

4  
00:01:14,490 --> 00:01:11,910

together welcome back to another night

5  
00:01:18,620 --> 00:01:14,500

talk line

6  
00:01:24,380 --> 00:01:18,630

[Music]

7  
00:01:28,790 --> 00:01:24,390

you're right I'm joined by clown baby

8  
00:01:37,880 --> 00:01:28,800

[Music]

9  
00:01:46,580 --> 00:01:44,940

and we also have some x-37b news sure no

10  
00:01:50,500 --> 00:01:46,590

problem

11  
00:01:51,860 --> 00:01:50,510

we have a theory about aliens and UFOs

12  
00:01:59,430 --> 00:01:51,870

[Music]

13  
00:02:01,980 --> 00:01:59,440

and some Star Trek news and we'll be

14

00:02:06,240 --> 00:02:01,990

doing the show mostly in this echo King

15

00:02:13,040 --> 00:02:06,250

chamber like this yeah ideally it's how

16

00:02:18,350 --> 00:02:16,280

all right I'll turn down the music a

17

00:02:21,500 --> 00:02:18,360

little bit and I'll turn off the echo

18

00:02:22,910 --> 00:02:21,510

just for now not unless some somebody

19

00:02:34,360 --> 00:02:22,920

over there has anything to say that

20

00:02:40,820 --> 00:02:34,370

might be eco-friendly yes are you yeah

21

00:02:51,470 --> 00:02:40,830

don't do it I tell you what I'll give

22

00:02:55,430 --> 00:02:51,480

you \$14,000 okay okay any welcome back

23

00:02:59,570 --> 00:02:55,440

to another night talk live and I'm happy

24

00:03:02,030 --> 00:02:59,580

that my young clown baby brother is here

25

00:03:04,700 --> 00:03:02,040

with us happy birthday clown baby why

26

00:03:06,600 --> 00:03:04,710

thank you let me give you a big big old

27

00:03:06,880 --> 00:03:06,610

cheer for that one big ol ring

28

00:03:13,820 --> 00:03:06,890

[Music]

29

00:03:22,520 --> 00:03:18,820

he is 500 in 13 years old

30

00:03:26,720 --> 00:03:22,530

yep I am let's see here

31

00:03:30,920 --> 00:03:26,730

who not I'm not what a two-point step

32

00:03:32,210 --> 00:03:30,930

and I'm not 20 okay 32 32 how about that

33

00:03:33,440 --> 00:03:32,220

how's it feel

34

00:03:38,180 --> 00:03:33,450

did you do anything special for your

35

00:03:39,910 --> 00:03:38,190

birthday um well the hopper house my

36

00:03:43,460 --> 00:03:39,920

girlfriend meant my friends out there

37

00:03:44,780 --> 00:03:43,470

the Opera House Opera House you know

38

00:03:46,430 --> 00:03:44,790

like the one you have in Columbus so

39

00:03:48,320 --> 00:03:46,440

used to opened up close to where you

40

00:03:50,540 --> 00:03:48,330

used to live in what uh you know grand

41

00:03:52,610 --> 00:03:50,550

puri yeah yeah yeah be at that German

42

00:03:55,280 --> 00:03:52,620

place yes exactly

43

00:03:57,880 --> 00:03:55,290

drank a bunch of beer there I went back

44

00:04:00,620 --> 00:03:57,890

on my girlfriend's place you know

45

00:04:03,470 --> 00:04:00,630

standard yeah it sounds like a nice

46

00:04:05,780 --> 00:04:03,480

evening for was this Sunday Saturday

47

00:04:07,460 --> 00:04:05,790

we've been out Saturday and Sunday a

48

00:04:10,620 --> 00:04:07,470

Sunday we made out something got lunch

49

00:04:12,570 --> 00:04:10,630

and some ice cream but yeah

50

00:04:14,100 --> 00:04:12,580

Oh sounds good well I'm sorry I

51  
00:04:14,880 --> 00:04:14,110  
completely forgot your birthday I

52  
00:04:18,690 --> 00:04:14,890  
apologize

53  
00:04:20,640 --> 00:04:18,700  
oops yeah my bad those rural horses

54  
00:04:24,420 --> 00:04:20,650  
asked there I shouldn't have done that

55  
00:04:28,710 --> 00:04:24,430  
and I I apologize I guess I blew that

56  
00:04:33,090 --> 00:04:28,720  
one yeah sorry sorry Jeff come on baby

57  
00:04:37,020 --> 00:04:33,100  
I really do I apologize publicly and in

58  
00:04:39,890 --> 00:04:37,030  
openly hopefully it was now I don't know

59  
00:04:42,930 --> 00:04:39,900  
if it's a joke but is nothing my bad I

60  
00:04:44,340 --> 00:04:42,940  
apologize all right clown action is

61  
00:04:47,930 --> 00:04:44,350  
happening he's on the show we're gonna

62  
00:04:50,490 --> 00:04:47,940  
get through some some news right now and

63  
00:04:53,040 --> 00:04:50,500

come on let's just uh let's just get on

64

00:04:56,490 --> 00:04:53,050

over there and transition and talk about

65

00:05:06,360 --> 00:05:02,760

oh yeah we're in the moment we're in the

66

00:05:09,470 --> 00:05:06,370

news cycle were we're in the the

67

00:05:12,270 --> 00:05:09,480

cryptids ooh a logical segment I suppose

68

00:05:15,360 --> 00:05:12,280

where we talk about where whales the

69

00:05:17,210 --> 00:05:15,370

there's a story that I found about where

70

00:05:20,940 --> 00:05:17,220

we'll know we've all heard of you know

71

00:05:24,030 --> 00:05:20,950

werewolves even where cats is a thing

72

00:05:27,150 --> 00:05:24,040

never heard of where whales before but

73

00:05:29,310 --> 00:05:27,160

I'll read this down and then we may we

74

00:05:34,290 --> 00:05:29,320

can talk about this I don't know how

75

00:05:36,030 --> 00:05:34,300

where whales would would work really it

76

00:05:38,280 --> 00:05:36,040

seems a little I mean

77

00:05:39,870 --> 00:05:38,290

werewolves in general is pretty

78

00:05:43,340 --> 00:05:39,880

fantastical what you say clown baby

79

00:05:47,640 --> 00:05:43,350

that's that's out there so it's yeah

80

00:05:50,130 --> 00:05:47,650

well a where whale holy moly holy jeez

81

00:05:51,540 --> 00:05:50,140

and I'll read this down it's a

82

00:05:55,020 --> 00:05:51,550

fascinating little piece of history and

83

00:05:57,690 --> 00:05:55,030

this comes from strange history dotnet a

84

00:05:59,580 --> 00:05:57,700

very fun website I highly recommend

85

00:06:01,590 --> 00:05:59,590

anybody that's interested in some of the

86

00:06:04,320 --> 00:06:01,600

more obscure little tidbits of history

87

00:06:08,130 --> 00:06:04,330

heading over there the guy posts just

88

00:06:08,790 --> 00:06:08,140

the great little gems and it's a fun

89

00:06:10,380 --> 00:06:08,800

read over there

90

00:06:11,640 --> 00:06:10,390

how'd you didn't notice I existed until

91

00:06:13,770 --> 00:06:11,650

you sent me a link to it earlier today

92

00:06:15,719 --> 00:06:13,780

it's actually great I've been you know

93

00:06:17,820 --> 00:06:15,729

don't tell my boss if I was reading this

94

00:06:18,120 --> 00:06:17,830

quite a while worked what I'm gonna sell

95

00:06:19,950 --> 00:06:18,130

you out

96

00:06:26,940 --> 00:06:19,960

what's your boss's number I'm gonna let

97

00:06:29,310 --> 00:06:26,950

him know is 1965 I don't think those

98

00:06:31,230 --> 00:06:29,320

numbers add up to a real phone number

99

00:06:33,090 --> 00:06:31,240

but we'll dial them anyways later on the

100

00:06:35,030 --> 00:06:33,100

show give your boss a call later let me

101  
00:06:40,350 --> 00:06:35,040  
know your up know there's ten digits

102  
00:06:43,440 --> 00:06:40,360  
okay I can't count so here's a little

103  
00:06:45,360 --> 00:06:43,450  
sum on where wills different countries

104  
00:06:47,969 --> 00:06:45,370  
of course have different shapeshifters

105  
00:06:51,030 --> 00:06:47,979  
Northern Europe and France me actually

106  
00:06:52,740 --> 00:06:51,040  
increased this this it's font size so I

107  
00:06:55,170 --> 00:06:52,750  
can I can read my peepers aren't what

108  
00:06:57,570 --> 00:06:55,180  
they used to be different countries have

109  
00:06:59,940 --> 00:06:57,580  
of course different shapeshifters north

110  
00:07:04,469 --> 00:06:59,950  
northern Europe and France have a strong

111  
00:07:07,650 --> 00:07:04,479  
werewolf tradition Armenian people are I

112  
00:07:10,230 --> 00:07:07,660  
guess is it am a Meridian people have

113  
00:07:12,779 --> 00:07:10,240

lots of what's that

114

00:07:15,900 --> 00:07:12,789

Indian you know a Mary Mary Indian

115

00:07:20,040 --> 00:07:15,910

Native American Amer Indian people have

116

00:07:22,980 --> 00:07:20,050

lots of changing into birds in northern

117

00:07:25,469 --> 00:07:22,990

Scandinavia shaman become deer early

118

00:07:28,499 --> 00:07:25,479

modern Britons did not change into bears

119

00:07:30,870 --> 00:07:28,509

but they often met headless bears that

120

00:07:32,909 --> 00:07:30,880

changed into other things confusing I

121

00:07:35,760 --> 00:07:32,919

know vampires are supposed to change

122

00:07:38,939 --> 00:07:35,770

into batch bats which is become cats or

123

00:07:41,460 --> 00:07:38,949

hares or else depending on where in

124

00:07:44,100 --> 00:07:41,470

Europe you are there are also a handful

125

00:07:47,100 --> 00:07:44,110

of Viking references to hard-ass

126

00:07:50,969 --> 00:07:47,110

warriors becoming dragons but what about

127

00:07:53,010 --> 00:07:50,979

where whales welcome to northern welcome

128

00:07:55,350 --> 00:07:53,020

to the northern fringes of Europe where

129

00:07:58,260 --> 00:07:55,360

the Shami live a people often associated

130

00:08:01,559 --> 00:07:58,270

with magic in Western tradition not

131

00:08:03,089 --> 00:08:01,569

least by their Norse neighbors in a

132

00:08:04,710 --> 00:08:03,099

recent article of the northern

133

00:08:06,620 --> 00:08:04,720

shape-shifting of northern

134

00:08:11,010 --> 00:08:06,630

shape-shifting by Lionel the

135

00:08:13,610 --> 00:08:11,020

Perabo the author asserts that there are

136

00:08:16,980 --> 00:08:13,620

some 10 accounts within the Norse

137

00:08:18,810 --> 00:08:16,990

icelandic corpus of men turning into

138

00:08:21,209 --> 00:08:18,820

whales six of these accounts can be

139

00:08:22,860 --> 00:08:21,219

linked to the Shami something that shows

140

00:08:25,439 --> 00:08:22,870

a strong connection between where whales

141

00:08:28,230 --> 00:08:25,449

and the Arctic the description are

142

00:08:31,890 --> 00:08:28,240

humbling for those of us who don't have

143

00:08:35,909 --> 00:08:31,900

these rare abilities now it gets into

144

00:08:40,730 --> 00:08:35,919

some weird stuff the big health

145

00:08:43,649 --> 00:08:40,740

I guess the Kelsey saga or the heat seal

146

00:08:45,630 --> 00:08:43,659

kettles kettles saga katiyal saga I

147

00:08:48,600 --> 00:08:45,640

don't know if you a second yeah katal

148

00:08:50,400 --> 00:08:48,610

saga and barely read anyway I know

149

00:08:52,710 --> 00:08:50,410

because you're you're adding an H to

150

00:08:54,990 --> 00:08:52,720

Sammy ah it calling them to show me

151  
00:08:57,510 --> 00:08:55,000  
they're come and show me yeah you call

152  
00:09:00,960 --> 00:08:57,520  
it yeah that's am i correct me on that

153  
00:09:03,960 --> 00:09:00,970  
yes I'm throwing in letters but they

154  
00:09:09,500 --> 00:09:03,970  
don't even belong my lord this a Sammy

155  
00:09:12,720 --> 00:09:09,510  
sorry the kennel sagas the hero meets in

156  
00:09:15,000 --> 00:09:12,730  
Finnmark a sha me in a troll who can

157  
00:09:16,350 --> 00:09:15,010  
change themselves into whales there are

158  
00:09:18,870 --> 00:09:16,360  
a number of other accounts where

159  
00:09:20,730 --> 00:09:18,880  
magician's become Wells but keep their

160  
00:09:24,210 --> 00:09:20,740  
human eyes however the most fascinating

161  
00:09:28,170 --> 00:09:24,220  
story is from the 12th or 13th century

162  
00:09:29,970 --> 00:09:28,180  
history norwegia norwegia too-sami

163  
00:09:32,820 --> 00:09:29,980

magicians carry out a spell to rescue

164

00:09:35,850 --> 00:09:32,830

the soul of a Norwegian women one lies

165

00:09:38,490 --> 00:09:35,860

in a trance under the sheets and sends

166

00:09:40,860 --> 00:09:38,500

his spirit to become a whale the trance

167

00:09:43,670 --> 00:09:40,870

then the trance goes wrong however and

168

00:09:46,920 --> 00:09:43,680

the where well meets another magician

169

00:09:50,730 --> 00:09:46,930

travelling in whale spirit form and they

170

00:09:53,250 --> 00:09:50,740

have battle in the ocean other usual

171

00:09:56,310 --> 00:09:53,260

where animals are are linked here in

172

00:09:59,090 --> 00:09:56,320

description so I've never ever heard

173

00:10:03,500 --> 00:09:59,100

so before I hit the site never heard of

174

00:10:06,750 --> 00:10:03,510

where whales and also the the Sami I

175

00:10:08,790 --> 00:10:06,760

hadn't been familiar with them at all

176

00:10:10,110 --> 00:10:08,800

and I found I found this article because

177

00:10:15,570 --> 00:10:10,120

I was talking to you earlier about the

178

00:10:18,540 --> 00:10:15,580

Sami battle magic and like the Swedes in

179

00:10:21,540 --> 00:10:18,550

the I guess maybe the 14th or 15th

180

00:10:23,850 --> 00:10:21,550

century according to this article on

181

00:10:27,360 --> 00:10:23,860

strange history net there are accounts

182

00:10:30,390 --> 00:10:27,370

of the Swedes using using battle

183

00:10:32,430 --> 00:10:30,400

magicians out there in the field to

184

00:10:35,460 --> 00:10:32,440

influence the tide of the battle and I

185

00:10:38,610 --> 00:10:35,470

was searching for at least an hour to

186

00:10:41,130 --> 00:10:38,620

try to find a sort of other articles

187

00:10:43,970 --> 00:10:41,140

beyond strange history dotnet to kind of

188

00:10:46,920 --> 00:10:43,980

source that and even the author himself

189

00:10:51,030 --> 00:10:46,930

was looking for four more accounts for

190

00:10:53,370 --> 00:10:51,040

any sort of magic or magicians used on

191

00:10:56,640 --> 00:10:53,380

on the battlefield now there were

192

00:10:59,400 --> 00:10:56,650

accounts that some Christians and and in

193

00:11:02,610 --> 00:10:59,410

Kings were would would bring priests and

194

00:11:05,070 --> 00:11:02,620

monks out to the battlefield but not

195

00:11:07,260 --> 00:11:05,080

anything that were that would be

196

00:11:09,300 --> 00:11:07,270

classified as traditional magic I mean I

197

00:11:14,220 --> 00:11:09,310

guess you can consider praying to be

198

00:11:15,900 --> 00:11:14,230

magic but I was looking and I really

199

00:11:18,060 --> 00:11:15,910

just couldn't turn up anything on on

200

00:11:22,020 --> 00:11:18,070

Google Google has become such a [h\_\_\h]

201  
00:11:25,860 --> 00:11:22,030  
show to find anything of interest I've

202  
00:11:28,829 --> 00:11:25,870  
been forced to to go to search X to

203  
00:11:30,960 --> 00:11:28,839  
research stuff and I just don't know

204  
00:11:36,060 --> 00:11:30,970  
enough about Sammy

205  
00:11:37,470 --> 00:11:36,070  
and this Sammy to do any quick research

206  
00:11:39,810 --> 00:11:37,480  
on this do you I have you

207  
00:11:43,740 --> 00:11:39,820  
heard of any of these battle magicians

208  
00:11:45,870 --> 00:11:43,750  
or Sami magicians turn into where whales

209  
00:11:50,460 --> 00:11:45,880  
or using battle mages or anything like

210  
00:11:54,829 --> 00:11:50,470  
this come on baby I know the Sami people

211  
00:11:59,009 --> 00:11:54,839  
have heard of them before but for far as

212  
00:12:01,170 --> 00:11:59,019  
actually battle mages I know there was

213  
00:12:03,000 --> 00:12:01,180

like sacrifices like the Battle of

214

00:12:06,090 --> 00:12:03,010

Marathon I think it was this is in

215

00:12:10,259 --> 00:12:06,100

Greece you know during the know the

216

00:12:12,329 --> 00:12:10,269

Persians were invading Greece there's a

217

00:12:14,250 --> 00:12:12,339

go Feist done they look at the entrails

218

00:12:16,439 --> 00:12:14,260

of the goats and kind of figure out how

219

00:12:17,850 --> 00:12:16,449

the gods are gonna favor them and stuff

220

00:12:22,009 --> 00:12:17,860

like that I know there were like stuff

221

00:12:24,180 --> 00:12:22,019

like that this happened I just um I

222

00:12:25,680 --> 00:12:24,190

imagine the Mongols prior to use them

223

00:12:26,879 --> 00:12:25,690

too cuz Genghis Khan I kind of liked

224

00:12:29,569 --> 00:12:26,889

everybody's religion so you can get

225

00:12:31,230 --> 00:12:29,579

everyone's favor of all the God so

226

00:12:32,250 --> 00:12:31,240

there's something that actually might

227

00:12:34,019 --> 00:12:32,260

have to look up cuz I'm not too

228

00:12:35,970 --> 00:12:34,029

well-versed in battle mages besides but

229

00:12:39,079 --> 00:12:35,980

I used to play Warcraft exactly yeah I

230

00:12:42,120 --> 00:12:39,089

didn't I didn't know there was a true

231

00:12:46,680 --> 00:12:42,130

Lord for this but there is in this other

232

00:12:51,360 --> 00:12:46,690

article a Dutch writer from 1563 wrote

233

00:12:56,430 --> 00:12:51,370

that that this the Swedes and the Danes

234

00:12:58,470 --> 00:12:56,440

when they went to war they did in the

235

00:13:00,389 --> 00:12:58,480

northern Seven Years War you know the

236

00:13:03,210 --> 00:13:00,399

this writer claimed that the king of the

237

00:13:05,280 --> 00:13:03,220

Swedes had for magicians working for him

238

00:13:09,600 --> 00:13:05,290

who managed to frustrate the King of

239

00:13:11,790 --> 00:13:09,610

Denmark and all his plans so I guess I

240

00:13:12,569 --> 00:13:11,800

got a dig back through some some real

241

00:13:14,340 --> 00:13:12,579

history here

242

00:13:16,079 --> 00:13:14,350

I couldn't even I couldn't find anything

243

00:13:18,840 --> 00:13:16,089

on Wikipedia right off the bat that

244

00:13:23,040 --> 00:13:18,850

would reference directly magic being

245

00:13:24,780 --> 00:13:23,050

used in these battles and I guess for I

246

00:13:28,350 --> 00:13:24,790

understand why they wouldn't want to

247

00:13:32,189 --> 00:13:28,360

reference that stuff but I like these

248

00:13:34,759 --> 00:13:32,199

paranormal accounts like if there are

249

00:13:38,730 --> 00:13:34,769

writings from that time from the 1500s

250

00:13:40,980 --> 00:13:38,740

referencing magicians being used why not

251

00:13:43,110 --> 00:13:40,990

they reference a Christian Christians

252

00:13:46,800 --> 00:13:43,120

and in monks and priests being brought

253

00:13:49,439 --> 00:13:46,810

to the battle to to pray and and to do

254

00:13:50,880 --> 00:13:49,449

their own form of magic over the the

255

00:13:55,740 --> 00:13:50,890

Warriors of theirs

256

00:13:58,290 --> 00:13:55,750

why not the the Sami and in the there's

257

00:14:01,920 --> 00:13:58,300

have a magic too to be referenced as

258

00:14:03,390 --> 00:14:01,930

well I want all this kind of stuff I

259

00:14:06,630 --> 00:14:03,400

don't know does anybody know about the

260

00:14:09,269 --> 00:14:06,640

magic being used in medieval warfare I'd

261

00:14:12,600 --> 00:14:09,279

love to know it's that's a specific

262

00:14:13,250 --> 00:14:12,610

unique niche and I just want to know

263

00:14:16,160 --> 00:14:13,260

more about it

264

00:14:22,230 --> 00:14:16,170

fun fact that I found in a Wikipedia so

265

00:14:25,040 --> 00:14:22,240

after the victory at marathon they the

266

00:14:28,980 --> 00:14:25,050

festival this are gross terrorist ICEA

267

00:14:31,260 --> 00:14:28,990

whatever is the sacrifice to the agro

268

00:14:33,810 --> 00:14:31,270

Terra which was held in Agra near Athens

269

00:14:37,200 --> 00:14:33,820

nan ER of Artemis C Huntress a goddess

270

00:14:39,090 --> 00:14:37,210

in Greece and this was in fulfillment of

271

00:14:40,650 --> 00:14:39,100

a vow made by the city before the battle

272

00:14:42,710 --> 00:14:40,660

to offer a sacrifice in the number of

273

00:14:45,050 --> 00:14:42,720

goats equal to that of the Persian slain

274

00:14:47,310 --> 00:14:45,060

apparently somebody Persians were killed

275

00:14:48,690 --> 00:14:47,320

just decided that 500 goods to be

276

00:14:50,280 --> 00:14:48,700

sacrificed you really until the number

277

00:14:56,220 --> 00:14:50,290

was fulfilled Wow

278

00:14:59,790 --> 00:14:56,230

a lot of goats yeah well that's all we

279

00:15:03,360 --> 00:14:59,800

got on the the where whale which is just

280

00:15:05,310 --> 00:15:03,370

a simple little story of it wasn't like

281

00:15:06,990 --> 00:15:05,320

someone got bit by a whale than they

282

00:15:08,640 --> 00:15:07,000

turned into a where well it's part of a

283

00:15:10,980 --> 00:15:08,650

part of a saying it's part of a

284

00:15:15,120 --> 00:15:10,990

channeling ceremony it is to save those

285

00:15:16,710 --> 00:15:15,130

soul of a woman so that's that I don't I

286

00:15:18,480 --> 00:15:16,720

didn't find anything else about where

287

00:15:21,270 --> 00:15:18,490

whales everything kind of goes back to

288

00:15:24,570 --> 00:15:21,280

as Icelandic and northern Scandinavia

289

00:15:26,220 --> 00:15:24,580

folklore and the the Sami so as I

290

00:15:28,020 --> 00:15:26,230

discover and read more the stuff I'm

291

00:15:29,150 --> 00:15:28,030

sure I will bring it to the show it's

292

00:15:35,000 --> 00:15:29,160

very new stuff

293

00:15:39,389 --> 00:15:35,010

[Music]

294

00:15:41,190 --> 00:15:39,399

all right I got some some more news here

295

00:15:43,500 --> 00:15:41,200

and just for shits and giggles is to

296

00:15:45,810 --> 00:15:43,510

throw in some entertainment stuff I will

297

00:15:48,660 --> 00:15:45,820

bring this up on the screen because this

298

00:15:51,840 --> 00:15:48,670

is some big news to me huge news Patrick

299

00:15:57,300 --> 00:15:51,850

Stewart will play Captain Picard and a

300

00:15:59,310 --> 00:15:57,310

Star Trek series on CBS all access can

301  
00:16:06,829 --> 00:15:59,320  
you imagine how I feel about this this

302  
00:16:11,130 --> 00:16:06,839  
is amazing this is awesome yes this is

303  
00:16:15,120 --> 00:16:11,140  
Captain Picard playing Patrick Stewart

304  
00:16:17,370 --> 00:16:15,130  
reprising his role as God and I'm

305  
00:16:19,440 --> 00:16:17,380  
excited about this this is an amazing

306  
00:16:21,509 --> 00:16:19,450  
stuff Patrick Stewart is boldly going

307  
00:16:23,940 --> 00:16:21,519  
where he's gone before CBS all access

308  
00:16:26,310 --> 00:16:23,950  
announced Saturday that that Patrick

309  
00:16:28,740 --> 00:16:26,320  
Stewart has been tapped to headline a

310  
00:16:30,090 --> 00:16:28,750  
new Star Trek series reprising his Star

311  
00:16:33,480 --> 00:16:30,100  
Trek The Next Generation character

312  
00:16:37,019 --> 00:16:33,490  
Captain jean-luc Picard the new series

313  
00:16:38,970 --> 00:16:37,029

isn't a next-generation reboot but 78

314

00:16:40,319 --> 00:16:38,980

years old Jesus Christ yeah he's not

315

00:16:44,519 --> 00:16:40,329

he's an old feller there's no doubt

316

00:16:47,189 --> 00:16:44,529

about that the new series isn't a

317

00:16:49,860 --> 00:16:47,199

next-generation reboot but will tell the

318

00:16:52,470 --> 00:16:49,870

story of the next chapter of Picard's

319

00:16:54,689 --> 00:16:52,480

life no title or air date was revealed

320

00:16:56,220 --> 00:16:54,699

well he's still gonna be a captain after

321

00:17:00,569 --> 00:16:56,230

all these years I mean that seems messed

322

00:17:02,819 --> 00:17:00,579

up in a shitty caption so I don't know

323

00:17:05,970 --> 00:17:02,829

exactly I heard him talk about it on

324

00:17:11,220 --> 00:17:05,980

stage and maybe I can bring up a little

325

00:17:13,829 --> 00:17:11,230

bit of it misty Patrick Stewart and TNG

326

00:17:15,590 --> 00:17:13,839

here it is so I'll play a little bit of

327

00:17:18,490 --> 00:17:15,600

this

328

00:17:21,289 --> 00:17:18,500

and see an announced Patrick Stewart

329

00:17:26,990 --> 00:17:21,299

announcement can we just see him talk

330

00:17:32,749 --> 00:17:27,000

about it wow I am so excited I figured

331

00:17:39,710 --> 00:17:32,759

that this was probably ago actually

332

00:17:42,129 --> 00:17:39,720

talking about and returned thank you I

333

00:17:49,060 --> 00:17:42,139

have spent a lot of time recently

334

00:17:57,049 --> 00:17:51,769

including episodes I'd never seen before

335

00:18:00,249 --> 00:17:57,059

which was fun and exciting and gradually

336

00:18:04,759 --> 00:18:00,259

it became clearer and clearer to me that

337

00:18:10,490 --> 00:18:04,769

the power of that show the success of

338

00:18:13,669 --> 00:18:10,500

that show the benefits that it gave I

339

00:18:15,200 --> 00:18:13,679

have never ever grown tired of hearing

340

00:18:18,049 --> 00:18:15,210

from people who stopped me in the street

341

00:18:20,029 --> 00:18:18,059

or in a restaurant well no I don't like

342

00:18:21,440 --> 00:18:20,039

being right let's go harass Picard he

343

00:18:22,759 --> 00:18:21,450

likes it he likes being harassed he

344

00:18:25,639 --> 00:18:22,769

likes being he likes being told how

345

00:18:27,889 --> 00:18:25,649

definitely well I'm actually I'm really

346

00:18:30,980 --> 00:18:27,899

happy about this announcement I wasn't a

347

00:18:32,930 --> 00:18:30,990

real big fan of the the Star Trek

348

00:18:35,389 --> 00:18:32,940

discovery that came out last year I

349

00:18:37,940 --> 00:18:35,399

thought it really was a departure from

350

00:18:40,009 --> 00:18:37,950

what people liked about the Star Trek

351

00:18:44,450 --> 00:18:40,019

series in general which is more science

352

00:18:46,519 --> 00:18:44,460

fiction more thought-provoking elements

353

00:18:48,740 --> 00:18:46,529

to the show and the new one just had too

354

00:18:50,299 --> 00:18:48,750

much as far as from what I watched

355

00:18:52,940 --> 00:18:50,309

what's the first few episodes those two

356

00:18:54,740 --> 00:18:52,950

action II it's it felt like the people

357

00:18:58,070 --> 00:18:54,750

who wrote it really didn't understand

358

00:19:00,070 --> 00:18:58,080

why starch what Star Trek fans really

359

00:19:03,379 --> 00:19:00,080

liked about the series and they tried to

360

00:19:06,529 --> 00:19:03,389

they tried to make it much too much more

361

00:19:09,019 --> 00:19:06,539

like JJ Abrams version of Star Trek

362

00:19:11,180 --> 00:19:09,029

which is kind of more glitz and glamour

363

00:19:14,779 --> 00:19:11,190

a little bit more action and less

364

00:19:16,940 --> 00:19:14,789

science fiction type plots so I hope now

365

00:19:17,899 --> 00:19:16,950

that Captain Jean-Luc Picard is back in

366

00:19:19,490 --> 00:19:17,909

these are gonna get some of those

367

00:19:23,119 --> 00:19:19,500

writers who maybe did some of the stuffs

368

00:19:25,490 --> 00:19:23,129

on the next generation and bring it back

369

00:19:29,210 --> 00:19:25,500

to what science fiction should be which

370

00:19:31,010 --> 00:19:29,220

is slow and boring I like that like like

371

00:19:35,210 --> 00:19:31,020

science fiction slow and boring with

372

00:19:37,130 --> 00:19:35,220

dialogue and and using diplomacy and and

373

00:19:39,950 --> 00:19:37,140

guile to solve problems and not

374

00:19:42,140 --> 00:19:39,960

necessarily using a blaster to end every

375

00:19:45,830 --> 00:19:42,150

episode

376

00:19:51,460 --> 00:19:45,840

but yeah my god mr. mr. Sir Patrick

377

00:19:57,369 --> 00:19:53,820

and it's something else I wish them luck

378

00:19:59,950 --> 00:19:57,379

if you weren't a big Star Trek fan were

379

00:20:02,740 --> 00:19:59,960

you I remember watching next-generation

380

00:20:05,560 --> 00:20:02,750

with you and mom and dad and all them

381

00:20:07,869 --> 00:20:05,570

yeah maybe you're in Ohio so yeah it was

382

00:20:09,730 --> 00:20:07,879

it's fine I'll definitely catch up a

383

00:20:12,430 --> 00:20:09,740

watch you don't watch it on Netflix

384

00:20:16,899 --> 00:20:12,440

religiously like I do do you I can start

385

00:20:19,419 --> 00:20:16,909

yeah you should build a shrine and then

386

00:20:23,080 --> 00:20:19,429

every every night before you go to bed

387

00:20:24,549 --> 00:20:23,090

watch at least one in a half episodes of

388

00:20:26,820 --> 00:20:24,559

Star Trek next generation it'll start to

389

00:20:29,980 --> 00:20:26,830

influence your life you'll start to

390

00:20:32,619 --> 00:20:29,990

understand the power of Star Trek next

391

00:20:35,799 --> 00:20:32,629

generation and why we all need to start

392

00:20:40,539 --> 00:20:35,809

moving to the Star Trek future we have

393

00:20:42,190 --> 00:20:40,549

to do it there can be no other way it's

394

00:20:44,980 --> 00:20:42,200

the only way when the sea we're gonna

395

00:20:48,070 --> 00:20:44,990

move to a new future we have to all be

396

00:20:50,799 --> 00:20:48,080

on board with the Star Trek future the

397

00:20:52,690 --> 00:20:50,809

next general review only seven seasons

398

00:20:54,659 --> 00:20:52,700

plus 178 episodes

399

00:20:56,340 --> 00:20:54,669

yeah you got a lot of work to do I

400

00:20:59,139 --> 00:20:56,350

demand that you start watching

401  
00:21:03,039 --> 00:20:59,149  
immediately you will be obsolete in the

402  
00:21:06,070 --> 00:21:03,049  
new order yes apparently it's my

403  
00:21:08,200 --> 00:21:06,080  
favorite series III watch it and I even

404  
00:21:10,899 --> 00:21:08,210  
wrote my my girlfriend into watching it

405  
00:21:13,180 --> 00:21:10,909  
with me now which is great

406  
00:21:16,629 --> 00:21:13,190  
unless I can I can do it I can do that -

407  
00:21:19,419 --> 00:21:16,639  
yeah - it's fun it's nice easy kind of

408  
00:21:22,330 --> 00:21:19,429  
light stuff it's it's not - doesn't give

409  
00:21:25,060 --> 00:21:22,340  
you a whole lot of tension or or make

410  
00:21:26,350 --> 00:21:25,070  
you feel scared anyway it's it's there's

411  
00:21:28,870 --> 00:21:26,360  
no like there's not like a lot of like

412  
00:21:30,490 --> 00:21:28,880  
high drama to it you can get out of a

413  
00:21:33,820 --> 00:21:30,500

lot of serious nowadays so it's nice

414

00:21:35,970 --> 00:21:33,830

it's a good series to watch I will open

415

00:21:40,090 --> 00:21:35,980

up the phone lines we'll move on to our

416

00:21:47,490 --> 00:21:40,100

next story please let's go ahead and

417

00:21:56,009 --> 00:21:51,259

[Music]

418

00:22:01,379 --> 00:21:56,019

area moving on over to our our next

419

00:22:04,710 --> 00:22:01,389

story which will be the mysterious x-37b

420

00:22:06,570 --> 00:22:04,720

military space plane ears one year in

421

00:22:09,749 --> 00:22:06,580

orbit I feel like we've covered this

422

00:22:12,149 --> 00:22:09,759

story before we have like this is like

423

00:22:15,269 --> 00:22:12,159

the the second probably like four or

424

00:22:18,180 --> 00:22:15,279

five years ago yeah you covered it

425

00:22:19,889 --> 00:22:18,190

multiple times every time it like lands

426

00:22:22,440 --> 00:22:19,899

again or like I was up there for five

427

00:22:25,169 --> 00:22:22,450

hundred days and was it do we don't know

428

00:22:28,739 --> 00:22:25,179

they're not telling anybody but the the

429

00:22:31,769 --> 00:22:28,749

US Air Force is x-37b oh my god we gotta

430

00:22:38,279 --> 00:22:31,779

got it we got a dang old caller on the

431

00:22:40,649 --> 00:22:38,289

on the phone guys this man claims he has

432

00:22:41,129 --> 00:22:40,659

been to the year five thousand that's

433

00:22:43,049 --> 00:22:41,139

correct

434

00:22:45,330 --> 00:22:43,059

there's [h\_\_h] fire everywhere dude

435

00:22:48,570 --> 00:22:45,340

buyer is [h\_\_h] everywhere but it's

436

00:22:52,229 --> 00:22:48,580

cool it's cold fire no the year 5,000 is

437

00:22:54,269 --> 00:22:52,239

not very pleasant is it you get used to

438

00:22:56,609 --> 00:22:54,279

it you know you just kind of have to

439

00:23:00,739 --> 00:22:56,619

watch out for the mutants it's a dry

440

00:23:07,799 --> 00:23:00,749

heat there's dry mutants it's dry right

441

00:23:10,470 --> 00:23:07,809

what is on your mind mr. Teddy yeah I'm

442

00:23:12,210 --> 00:23:10,480

a bit more of a cartoon side side guy

443

00:23:14,909 --> 00:23:12,220

myself I mean I guess it's good you ever

444

00:23:17,340 --> 00:23:14,919

watch the old cartoon Jonny Quest oh boy

445

00:23:20,909 --> 00:23:17,350

yeah I never got into it but I know of

446

00:23:23,220 --> 00:23:20,919

it well if you like this kind of old

447

00:23:25,859 --> 00:23:23,230

hanna-barbera sort of weird Space Ghost

448

00:23:27,539 --> 00:23:25,869

Jonny Quest type cartoons there's a show

449

00:23:29,279 --> 00:23:27,549

called Venture Brothers I don't know if

450

00:23:32,639 --> 00:23:29,289

you're familiar with it yeah yeah watch

451  
00:23:34,739 --> 00:23:32,649  
this new episode yeah look I just wanted

452  
00:23:37,769 --> 00:23:34,749  
to recommend it the writings fantastic

453  
00:23:40,200 --> 00:23:37,779  
it gets kind of sci-fi ish kind of nerd

454  
00:23:41,879 --> 00:23:40,210  
issue it kind of does all different

455  
00:23:43,470 --> 00:23:41,889  
genres and if you watch it from

456  
00:23:46,019 --> 00:23:43,480  
beginning to an end the writing is

457  
00:23:48,060 --> 00:23:46,029  
phenomenal so I just wanted to weigh in

458  
00:23:49,919 --> 00:23:48,070  
on the whole sci-fi thing with maybe a

459  
00:23:52,739 --> 00:23:49,929  
show that some people may not consider

460  
00:23:54,330 --> 00:23:52,749  
site license animate it but if your

461  
00:23:56,129 --> 00:23:54,340  
site's life and I think you'll like it

462  
00:23:59,279 --> 00:23:56,139  
I well I appreciate that I'll have to

463  
00:24:01,830 --> 00:23:59,289

check it out i am i got into Rick and

464

00:24:03,060 --> 00:24:01,840

Morty I definitely like what they do

465

00:24:06,450 --> 00:24:03,070

with that show

466

00:24:08,610 --> 00:24:06,460

and also believe it or not that new lost

467

00:24:10,710 --> 00:24:08,620

in space on Netflix is a pretty good

468

00:24:12,990 --> 00:24:10,720

science fiction series and I actually

469

00:24:15,420 --> 00:24:13,000

look forward to the the second season

470

00:24:18,480 --> 00:24:15,430

it's very well done they had to a poor

471

00:24:21,000 --> 00:24:18,490

port in almost 40 or 50 million dollars

472

00:24:21,960 --> 00:24:21,010

into that series it looks great it's

473

00:24:24,180 --> 00:24:21,970

very well done

474

00:24:26,090 --> 00:24:24,190

I recommend it took a while to get past

475

00:24:28,680 --> 00:24:26,100

the first episode but it's well worth it

476

00:24:36,420 --> 00:24:28,690

y'all have to check it out clown babies

477

00:24:38,550 --> 00:24:36,430

they're right oh yeah oh yeah I'm here

478

00:24:40,200 --> 00:24:38,560

definitely okay good I didn't want to be

479

00:24:41,430 --> 00:24:40,210

rude to clown baby man cuz I know last

480

00:24:42,960 --> 00:24:41,440

time I called and I couldn't hear Joe

481

00:24:45,360 --> 00:24:42,970

and I rewatched I just looked like a

482

00:24:47,280 --> 00:24:45,370

gigantic [h\_\_\h] that was my fault that

483

00:24:50,490 --> 00:24:47,290

was the tentacle mess up on my end we

484

00:24:52,230 --> 00:24:50,500

did not have the channel where we're

485

00:24:53,580 --> 00:24:52,240

clown baby or Joe could talk to callers

486

00:24:55,980 --> 00:24:53,590

I didn't have that cranked up that was

487

00:24:57,720 --> 00:24:55,990

my bad not anybody else yeah looking

488

00:24:58,710 --> 00:24:57,730

listening back at that a little weird

489

00:25:03,410 --> 00:24:58,720

sorry about that

490

00:25:06,900 --> 00:25:03,420

no problem I still feel bad so what else

491

00:25:08,910 --> 00:25:06,910

was sci-fi not not necessarily needs to

492

00:25:11,130 --> 00:25:08,920

be specific sci-fi but we were just

493

00:25:14,490 --> 00:25:11,140

about ready to talk about the the the

494

00:25:18,060 --> 00:25:14,500

x-37b space plane that goes up for a

495

00:25:20,160 --> 00:25:18,070

year that was I think launched by I

496

00:25:21,920 --> 00:25:20,170

think the United States Air Force and

497

00:25:24,050 --> 00:25:21,930

they still don't even know what it does

498

00:25:28,440 --> 00:25:24,060

and I was just about ready to read down

499

00:25:30,450 --> 00:25:28,450

an article describing what it is but not

500

00:25:33,470 --> 00:25:30,460

describing anything that it does we

501  
00:25:38,040 --> 00:25:33,480  
don't really know what this thing does

502  
00:25:39,630 --> 00:25:38,050  
yeah it's probably just gonna be a bunch

503  
00:25:40,920 --> 00:25:39,640  
of ambiguity we're gonna speculate a

504  
00:25:43,530 --> 00:25:40,930  
little bit and then we'll move on to the

505  
00:25:45,540 --> 00:25:43,540  
next article all right well I think I'll

506  
00:25:48,540 --> 00:25:45,550  
just let you guys get on to it do what

507  
00:25:55,470 --> 00:25:48,550  
you do and do it well and poodle ooh and

508  
00:26:02,370 --> 00:25:59,669  
[h\_\_\h] I guess I'll get my Hulu you guys

509  
00:26:07,270 --> 00:26:02,380  
so the dog yeah hot dogs

510  
00:26:11,350 --> 00:26:07,280  
exactly the x-37b miniature space plane

511  
00:26:13,570 --> 00:26:11,360  
has wing past 340 days in orbit

512  
00:26:16,029 --> 00:26:13,580  
performing secretive duties during the

513  
00:26:17,440 --> 00:26:16,039

program's fifth flight so this is a

514

00:26:19,690 --> 00:26:17,450

fifth time up there so yeah you're

515

00:26:23,100 --> 00:26:19,700

absolutely right babe yeah five years

516

00:26:26,020 --> 00:26:23,110

ago December 2013 Air Force mystery

517

00:26:27,490 --> 00:26:26,030

x-37b space plane years one year in

518

00:26:29,890 --> 00:26:27,500

orbit so definitely it stays out there a

519

00:26:32,860 --> 00:26:29,900

long-ass time doing something yeah the

520

00:26:35,140 --> 00:26:32,870

robotics the robotic craft latest

521

00:26:39,490 --> 00:26:35,150

mission known as orbital test vehicle

522

00:26:43,779 --> 00:26:39,500

five kicked off on September 7 2017 with

523

00:26:46,480 --> 00:26:43,789

a launch atop the space X Falcon 9

524

00:26:48,880 --> 00:26:46,490

rocket from NASA's Kennedy Space Center

525

00:26:53,409 --> 00:26:48,890

as usual Air Force officials have

526

00:26:56,140 --> 00:26:53,419

revealed few details about the OTV 5 but

527

00:26:59,100 --> 00:26:56,150

we know but we do know that one payload

528

00:27:01,690 --> 00:26:59,110

flying aboard the extra 7b this time is

529

00:27:08,830 --> 00:27:01,700

the advanced structurally embedded

530

00:27:10,120 --> 00:27:08,840

thermal spreader or the a Stas ETS 11

531

00:27:12,430 --> 00:27:10,130

developed by a United States Air Force

532

00:27:14,669 --> 00:27:12,440

Research Laboratory this cargo is

533

00:27:17,260 --> 00:27:14,679

testing experimental electronics and

534

00:27:20,860 --> 00:27:17,270

oscillating heat pipes for long

535

00:27:23,620 --> 00:27:20,870

durations in the space environment okay

536

00:27:28,180 --> 00:27:23,630

they're tender testing what dildos I

537

00:27:29,799 --> 00:27:28,190

don't know did not really mean very

538

00:27:32,200 --> 00:27:29,809

forthcoming about this stuff and why is

539

00:27:34,120 --> 00:27:32,210

it why like what I guess I wanted I

540

00:27:36,070 --> 00:27:34,130

guess for the length of time it's up

541

00:27:39,340 --> 00:27:36,080

there which is about I I think I read

542

00:27:43,659 --> 00:27:39,350

they can stay up there 500 days I guess

543

00:27:45,100 --> 00:27:43,669

if you're testing equipment you want to

544

00:27:49,360 --> 00:27:45,110

put it through all the strains of space

545

00:27:50,649 --> 00:27:49,370

and I don't know I don't know if it's

546

00:27:52,750 --> 00:27:50,659

practical to do that with a space

547

00:27:54,850 --> 00:27:52,760

station considering its its limited

548

00:27:56,710 --> 00:27:54,860

cargo space and you just can't start

549

00:27:59,620 --> 00:27:56,720

shoving pipes and stuff up there and and

550

00:28:01,750 --> 00:27:59,630

be a dumping ground so although it would

551

00:28:03,669 --> 00:28:01,760

be kind of cool to just send all your

552

00:28:06,730 --> 00:28:03,679

trash to the space station but they

553

00:28:10,690 --> 00:28:08,260

let's see I don't got anything you got

554

00:28:12,310 --> 00:28:10,700

anything else on the x-37b or just this

555

00:28:13,990 --> 00:28:12,320

is just one of those should they find

556

00:28:15,160 --> 00:28:14,000

that the original interview was the best

557

00:28:16,630 --> 00:28:15,170

about it when they asked him if we used

558

00:28:21,340 --> 00:28:16,640

for military purposes the guy from the

559

00:28:22,270 --> 00:28:21,350

US military uh no I'll see if I can find

560

00:28:24,910 --> 00:28:22,280

it whiskey

561

00:28:27,310 --> 00:28:24,920

it's like escaping from 20 to 30 2014 I

562

00:28:30,310 --> 00:28:27,320

mean it's CB s who did it yeah I'll take

563

00:28:34,660 --> 00:28:30,320

a look at that this yeah this the CBS

564

00:28:36,520 --> 00:28:34,670

I'll take a look at I think I saw not

565

00:28:38,740 --> 00:28:36,530

too long ago because yeah I do remember

566

00:28:40,570 --> 00:28:38,750

that that interview where he was

567

00:28:45,280 --> 00:28:40,580

questioned you have any idea what this

568

00:28:49,180 --> 00:28:45,290

could do and they're like ah we can't

569

00:28:51,440 --> 00:28:49,190

we're not at liberty to really say let

570

00:28:54,409 --> 00:28:51,450

me see here I know I have it I actually

571

00:28:56,389 --> 00:28:54,419

[Music]

572

00:28:59,720 --> 00:28:56,399

I do remember I pulled it from CBS and

573

00:29:04,129 --> 00:28:59,730

we got that content flag from where when

574

00:29:06,409 --> 00:29:04,139

we played it so yeah it was and it was

575

00:29:09,049 --> 00:29:06,419

back back aways man you're right

576

00:29:14,570 --> 00:29:09,059

I'm going back through all my my archive

577

00:29:17,119 --> 00:29:14,580

stuff and it is I can't believe we

578

00:29:18,739 --> 00:29:17,129

talked about it that long ago that is

579

00:29:20,479 --> 00:29:18,749

coming back up again like there's no

580

00:29:21,710 --> 00:29:20,489

it's not a big deal

581

00:29:23,479 --> 00:29:21,720

well apparently it stay something

582

00:29:25,009 --> 00:29:23,489

orbited for a year so we can like kind

583

00:29:26,810 --> 00:29:25,019

of forget about it for about a year then

584

00:29:28,639 --> 00:29:26,820

it goes back up yeah and then it comes

585

00:29:30,590 --> 00:29:28,649

back again and then we'll talk about it

586

00:29:33,139 --> 00:29:30,600

again and we'll play this clip again and

587

00:29:35,840 --> 00:29:33,149

it's like a forever loop of what happens

588

00:29:37,899 --> 00:29:35,850

here I know I have a clip I'm gonna I'm

589

00:29:39,619 --> 00:29:37,909

gonna wait here until we find this clip

590

00:29:43,820 --> 00:29:39,629

that's what we're gonna do we're gonna

591

00:29:47,149 --> 00:29:43,830

sit here in inside what is this so here

592

00:29:49,340 --> 00:29:47,159

is eleven countries including Iran and

593

00:29:51,950 --> 00:29:49,350

North Korea now have the ability to

594

00:29:54,139 --> 00:29:51,960

launch objects into orbit and Russia and

595

00:29:56,180 --> 00:29:54,149

China have been testing new anti

596

00:29:59,239 --> 00:29:56,190

satellite technologies that's a

597

00:30:01,669 --> 00:29:59,249

competition that I wish wasn't occurring

598

00:30:03,080 --> 00:30:01,679

but it is and if we're threatened in

599

00:30:05,029 --> 00:30:03,090

space we have the right of self-defense

600

00:30:07,700 --> 00:30:05,039

and we'll make sure we can execute that

601

00:30:11,869 --> 00:30:07,710

right and use force if necessary that's

602

00:30:15,169 --> 00:30:11,879

why we have a military you know I'm not

603

00:30:16,940 --> 00:30:15,179

NASA he's not NASA okay that means that

604

00:30:18,859 --> 00:30:16,950

they're gonna fire in space I'll play

605

00:30:20,539 --> 00:30:18,869

these these these uh these clips again

606

00:30:23,710 --> 00:30:20,549

they're probably relevant this is all

607

00:30:26,359 --> 00:30:23,720

concerning the this a space plane here

608

00:30:28,940 --> 00:30:26,369

the Pentagon told us it spends ten

609

00:30:30,440 --> 00:30:28,950

billion dollars a year on space but we

610

00:30:32,570 --> 00:30:30,450

found a White House report that

611

00:30:34,729 --> 00:30:32,580

estimates the real cost is much higher

612

00:30:36,529 --> 00:30:34,739

twenty five billion dollars when you

613

00:30:38,659 --> 00:30:36,539

count spy satellites and other

614

00:30:40,909 --> 00:30:38,669

classified spending that's more than

615

00:30:43,369 --> 00:30:40,919

NASA or any other space agency in the

616

00:30:45,590 --> 00:30:43,379

world some of those satellites provide

617

00:30:48,440 --> 00:30:45,600

the GPS signals that guide smart bombs

618

00:30:51,109 --> 00:30:48,450

now attacking Isis targets in Iraq and

619

00:30:53,930 --> 00:30:51,119

Syria but a lot of people don't realize

620

00:30:55,820 --> 00:30:53,940

those same GPS satellites provide the

621

00:30:58,009 --> 00:30:55,830

signals your smartphone users to

622

00:31:00,109 --> 00:30:58,019

navigate it's a service the Air Force

623

00:31:02,810 --> 00:31:00,119

provides free not just here in the

624

00:31:05,089 --> 00:31:02,820

United States but to the entire world

625

00:31:07,130 --> 00:31:05,099

ah thank you effortless on that missile

626

00:31:11,810 --> 00:31:07,140

tidbit a trivial people

627

00:31:13,850 --> 00:31:11,820

might not know or forget and then that's

628

00:31:15,350 --> 00:31:13,860

this last one right here this is the

629

00:31:18,860 --> 00:31:15,360

clip I think you're talking about claw

630

00:31:19,700 --> 00:31:18,870

baby one secret project is hiding in

631

00:31:23,330 --> 00:31:19,710

plain sight

632

00:31:26,000 --> 00:31:23,340

it's the x-37b space plane a small

633

00:31:28,490 --> 00:31:26,010

remotely piloted vehicle that can fly in

634

00:31:30,650 --> 00:31:28,500

space for 20 months at a time this is a

635

00:31:32,990 --> 00:31:30,660

model of spatial model of it hangs in

636

00:31:34,370 --> 00:31:33,000

Huygens headquarters in Colorado so

637

00:31:36,410 --> 00:31:34,380

here's your chance to end all the

638

00:31:38,690 --> 00:31:36,420

speculation about what the space plane

639

00:31:42,980 --> 00:31:38,700

is really for it's really for cool

640

00:31:44,960 --> 00:31:42,990

things for instance for instance it goes

641

00:31:46,970 --> 00:31:44,970

up to space but unlike other satellites

642

00:31:48,620 --> 00:31:46,980

it actually comes back anything that we

643

00:31:50,480 --> 00:31:48,630

put in the payload Bay that we take up

644

00:31:53,030 --> 00:31:50,490

to space we can all bring back and we

645

00:31:55,280 --> 00:31:53,040

can learn from that can you tell me

646

00:31:58,400 --> 00:31:55,290

whether or not some day the space plane

647

00:32:05,270 --> 00:31:58,410

is going to become a weapon system the

648

00:32:08,480 --> 00:32:05,280

intent is to create anymore debris in

649

00:32:11,240 --> 00:32:08,490

space why can't you say that this might

650

00:32:13,880 --> 00:32:11,250

not become a weapon system I'm not gonna

651  
00:32:17,810 --> 00:32:13,890  
say what its gonna become because we're

652  
00:32:24,380 --> 00:32:17,820  
experimenting space force yes that's the

653  
00:32:26,480 --> 00:32:24,390  
one that was from April 2015 three over

654  
00:32:28,160 --> 00:32:26,490  
three years ago so yeah so they're not

655  
00:32:29,900 --> 00:32:28,170  
saying what it's not they're not ruling

656  
00:32:33,300 --> 00:32:29,910  
out the possibility that it could be

657  
00:32:35,440 --> 00:32:33,310  
used to drop bombs or kill people

658  
00:32:38,370 --> 00:32:35,450  
so yeah if you think that they're

659  
00:32:40,840 --> 00:32:38,380  
they're only using it to test

660  
00:32:45,220 --> 00:32:40,850  
experimental electronics and oscillating

661  
00:32:46,540 --> 00:32:45,230  
heat pipes yeah [\h\_\_\h] coke it's just

662  
00:32:50,200 --> 00:32:46,550  
the joke that's what we've been saying

663  
00:32:52,630 --> 00:32:50,210

all along yeah I guess I blew that one

664

00:32:53,830 --> 00:32:52,640

yeah you didn't keep that secret hey we

665

00:32:55,290 --> 00:32:53,840

had that clip from three years ago I

666

00:32:58,120 --> 00:32:55,300

managed to find it how about that

667

00:33:00,640 --> 00:32:58,130

amazing it's absolutely astounding what

668

00:33:02,740 --> 00:33:00,650

we can do when we use our minds the

669

00:33:10,440 --> 00:33:02,750

power of the minds that's what we're

670

00:33:13,720 --> 00:33:10,450

using here oh yeah leprechaun although

671

00:33:15,790 --> 00:33:13,730

pipe those phone lines back open here we

672

00:33:20,830 --> 00:33:15,800

go six one four three eight nine 109 and

673

00:33:23,950 --> 00:33:20,840

we'll move on to our next story now I'll

674

00:33:27,340 --> 00:33:23,960

give you a choice here come on baby we

675

00:33:31,510 --> 00:33:27,350

have a story or a little blog about a

676

00:33:32,680 --> 00:33:31,520

theory about aliens which is not that

677

00:33:35,080 --> 00:33:32,690

interesting but it's something that

678

00:33:37,570 --> 00:33:35,090

guesses the topic of discussion or we

679

00:33:41,620 --> 00:33:37,580

have some Corey Goode and David Wilcox

680

00:33:43,930 --> 00:33:41,630

wrote David Wilcock extraterrestrial

681

00:33:48,730 --> 00:33:43,940

interrogations and tortures and secret

682

00:33:52,060 --> 00:33:50,169

I was reading some of that before the

683

00:33:52,870 --> 00:33:52,070

show started and it's uh it's pretty

684

00:33:55,090 --> 00:33:52,880

ridiculous

685

00:33:58,150 --> 00:33:55,100

alright let's go for it I'm all about

686

00:34:01,540 --> 00:33:58,160

secret underground space prisons I'm on

687

00:34:03,940 --> 00:34:01,550

board Cory good I like them I do and the

688

00:34:05,380 --> 00:34:03,950

more you read about uh the the

689

00:34:08,200 --> 00:34:05,390

consciousness parallel realities

690

00:34:10,930 --> 00:34:08,210

different the dimensions I think there's

691

00:34:13,270 --> 00:34:10,940

a possibility a real possibility that he

692

00:34:16,139 --> 00:34:13,280

might keep telling the truth in some

693

00:34:18,220 --> 00:34:16,149

weird way I know it sounds to the

694

00:34:21,820 --> 00:34:18,230

average person out there about the

695

00:34:23,500 --> 00:34:21,830

secret space program and and how could

696

00:34:25,659 --> 00:34:23,510

how could these people possibly be

697

00:34:27,820 --> 00:34:25,669

fighting battles on Mars and what kind

698

00:34:30,580 --> 00:34:27,830

of stuff I think I'm on board I think

699

00:34:31,780 --> 00:34:30,590

I'm on board with believing Cory good I

700

00:34:33,159 --> 00:34:31,790

don't know about us Handler David

701

00:34:35,710 --> 00:34:33,169

Wilcock I don't know about his

702

00:34:38,530 --> 00:34:35,720

intentions with with Cory good but I

703

00:34:41,290 --> 00:34:38,540

like Cory good quite a bit

704

00:34:43,510 --> 00:34:41,300

oh boy we got really interrupted by this

705

00:34:45,550 --> 00:34:43,520

person from the year 6000 caller go

706

00:34:45,550 --> 00:34:45,560

ahead

707

00:34:52,000 --> 00:34:48,250

hey money can climb baby what's up hey

708

00:34:55,720 --> 00:34:52,010

what's going on uh talking about that

709

00:34:58,870 --> 00:34:55,730

x-37b huh yeah yeah the first secret

710

00:35:00,790 --> 00:34:58,880

squirrel space plane well I mean it's

711

00:35:07,540 --> 00:35:00,800

not we know about it we don't know what

712

00:35:13,660 --> 00:35:07,550

it really does and I like how the guy

713

00:35:15,220 --> 00:35:13,670

from the Pentagon talked about that not

714

00:35:17,260 --> 00:35:15,230

to rule anything out is where you're

715

00:35:19,770 --> 00:35:17,270

gonna say almost like basically

716

00:35:24,190 --> 00:35:22,540

yeah I mean basically confirming that

717

00:35:26,350 --> 00:35:24,200

they probably have different versions of

718

00:35:32,140 --> 00:35:26,360

his plane that are specifically used for

719

00:35:34,540 --> 00:35:32,150

military purposes actually do 37a be and

720

00:35:38,980 --> 00:35:34,550

they're probably working on a D model

721

00:35:41,500 --> 00:35:38,990

what about yeah what about the C but

722

00:35:49,930 --> 00:35:41,510

with the e the F and the in the J th in

723

00:35:53,500 --> 00:35:49,940

the I and J okay yes what do you think

724

00:35:55,840 --> 00:35:53,510

is used for uh it's probably probably

725

00:35:58,000 --> 00:35:55,850

targeting probably being used as a

726

00:36:01,270 --> 00:35:58,010

targeting system probably being used as

727

00:36:05,770 --> 00:36:01,280

a GPS and imaging I've heard rumors that

728

00:36:08,500 --> 00:36:05,780

it has a built-in AI that it might have

729

00:36:11,290 --> 00:36:08,510

an actual quantum computer embedded into

730

00:36:14,410 --> 00:36:11,300

it okay so that's that's just exactly

731

00:36:17,350 --> 00:36:14,420

what we need right we need new Road AI

732

00:36:20,310 --> 00:36:17,360

quantum computing [h\_\_\h] planes with

733

00:36:23,020 --> 00:36:20,320

thermonuclear weapons hovering overhead

734

00:36:26,290 --> 00:36:23,030

that's an interesting theory of this if

735

00:36:31,120 --> 00:36:26,300

this x-37b does have a some sort of AI

736

00:36:33,340 --> 00:36:31,130

on board that so it's semi-autonomous

737

00:36:35,770 --> 00:36:33,350

and it can do it will it would do what

738

00:36:38,260 --> 00:36:35,780

it wants to a certain degree even more

739

00:36:39,700 --> 00:36:38,270

terrifying if this thing has weapons but

740

00:36:44,670 --> 00:36:39,710

if it gets bored and starts launching

741

00:36:50,110 --> 00:36:47,980

yeah those are scary scary weapons like

742

00:36:52,660 --> 00:36:50,120

they have like the theory is there's a

743

00:36:55,990 --> 00:36:52,670

space platform out there that carries

744

00:36:57,310 --> 00:36:56,000

these tungsten steel rods and they drop

745

00:36:58,930 --> 00:36:57,320

them from orbit they get up to like

746

00:37:02,349 --> 00:36:58,940

thirty thousand miles an hour

747

00:37:03,910 --> 00:37:02,359

they come crashing down on earth with

748

00:37:06,130 --> 00:37:03,920

the force of a nuclear explosion just

749

00:37:09,970 --> 00:37:06,140

without the old irradiation that's

750

00:37:14,470 --> 00:37:12,520

maybe I'm curious to see what what this

751  
00:37:17,349 --> 00:37:14,480  
thing really does and with the

752  
00:37:19,390 --> 00:37:17,359  
announcement of space force are these

753  
00:37:21,040 --> 00:37:19,400  
things obsolete are we just looking I I

754  
00:37:23,470 --> 00:37:21,050  
have to I have to assume this is like

755  
00:37:25,690 --> 00:37:23,480  
some really old technology if they're if

756  
00:37:27,670 --> 00:37:25,700  
they're talking about it on CBS this is

757  
00:37:30,010 --> 00:37:27,680  
some really old technology we've got

758  
00:37:30,370 --> 00:37:30,020  
some cool if it's out there in the

759  
00:37:32,079 --> 00:37:30,380  
public

760  
00:37:35,980 --> 00:37:32,089  
they're definitely 20 years ahead of

761  
00:37:41,790 --> 00:37:35,990  
what yeah big-time

762  
00:37:44,319 --> 00:37:43,870  
terminators that we have hanging over

763  
00:37:59,410 --> 00:37:44,329

our heads

764

00:38:00,819 --> 00:37:59,420

yeah well space force know what drop

765

00:38:03,900 --> 00:38:00,829

yeah I haven't heard in a long time it

766

00:38:06,790 --> 00:38:03,910

was just the same one from the Contacts

767

00:38:10,780 --> 00:38:06,800

segment and cops is to smoke crack no a

768

00:38:15,809 --> 00:38:10,790

smoke crack hey let me see if I can find

769

00:38:19,589 --> 00:38:15,819

the smoke crack I think I got that

770

00:38:22,540 --> 00:38:19,599

smoked crack there we go yeah oh crap

771

00:38:26,319 --> 00:38:22,550

all right nice okay let's uh let's do

772

00:38:29,470 --> 00:38:26,329

the the David Wilcock and interrogated

773

00:38:30,970 --> 00:38:29,480

and tortured in next tutorials

774

00:38:32,680 --> 00:38:30,980

interrogated and tortured in secret

775

00:38:35,079 --> 00:38:32,690

underground space prison it's not David

776

00:38:36,430 --> 00:38:35,089

Wilcox so this comes from the

777

00:38:40,460 --> 00:38:36,440

Exopolitics org

778

00:38:42,980 --> 00:38:40,470

and another bombshell interview

779

00:38:45,710 --> 00:38:42,990

on cosmic disclosure guy TV series

780

00:38:47,359 --> 00:38:45,720

insiders Emory Smith and Corey Goode

781

00:38:49,370 --> 00:38:47,369

have revealed their direct knowledge and

782

00:38:50,870 --> 00:38:49,380

participation in classified programs

783

00:38:54,109 --> 00:38:50,880

that involve the detention interrogation

784

00:38:55,520 --> 00:38:54,119

torture and dissection of human looking

785

00:38:57,589 --> 00:38:55,530

at the terrestrials their stunning

786

00:38:59,390 --> 00:38:57,599

eyewitness accounts provide powerful

787

00:39:01,540 --> 00:38:59,400

evidence that atrocities have been

788

00:39:04,160 --> 00:39:01,550

occurring in classified programs against

789

00:39:06,620 --> 00:39:04,170

extraterrestrial visitors who are almost

790

00:39:10,760 --> 00:39:06,630

indistinguishable indistinguishable from

791

00:39:14,270 --> 00:39:10,770

modern humans the program host David

792

00:39:18,109 --> 00:39:14,280

Wilcock began asking good to explain

793

00:39:20,059 --> 00:39:18,119

what the intruder intruder in intercept

794

00:39:23,150 --> 00:39:20,069

an interrogation program was all about

795

00:39:26,890 --> 00:39:23,160

well first we're off the bad humans have

796

00:39:30,170 --> 00:39:26,900

been abducted for decades at this point

797

00:39:31,940 --> 00:39:30,180

tortured by aliens or at least something

798

00:39:34,480 --> 00:39:31,950

that appears to be alien having the

799

00:39:38,420 --> 00:39:34,490

reproductive organs removed or examined

800

00:39:40,880 --> 00:39:38,430

things being stuck who knows where and

801  
00:39:43,790 --> 00:39:40,890  
we're concerned now that the there's

802  
00:39:48,500 --> 00:39:43,800  
some some sort of torture program going

803  
00:39:51,770 --> 00:39:48,510  
on and underground space prisons okay

804  
00:39:53,890 --> 00:39:51,780  
let's talk about it I'm on board I'm on

805  
00:40:01,180 --> 00:39:57,640  
so Cory good goes on to say is a program

806  
00:40:02,980 --> 00:40:01,190  
that the similar is similar in part to

807  
00:40:05,380 --> 00:40:02,990  
the men in black

808  
00:40:08,140 --> 00:40:05,390  
well the intercept and interrogation

809  
00:40:10,960 --> 00:40:08,150  
program does is that if an intruder

810  
00:40:14,110 --> 00:40:10,970  
flies into our solar system doesn't give

811  
00:40:16,420 --> 00:40:14,120  
Friend or Foe signal and is intercept

812  
00:40:19,570 --> 00:40:16,430  
that they are taken from their ship or

813  
00:40:21,610 --> 00:40:19,580

what happens in most cases that ETS have

814

00:40:24,400 --> 00:40:21,620

made it to made it to it made it to the

815

00:40:27,700 --> 00:40:24,410

earth and are here secretly bending

816

00:40:32,800 --> 00:40:27,710

blending in as one of us this group will

817

00:40:35,890 --> 00:40:32,810

go on and revive we try retrieve the

818

00:40:38,530 --> 00:40:35,900

people that are here we call the eat

819

00:40:41,050 --> 00:40:38,540

these people the people that are here

820

00:40:44,050 --> 00:40:41,060

without permission bring them up to a

821

00:40:45,760 --> 00:40:44,060

certain station and their interrogation

822

00:40:48,760 --> 00:40:45,770

will begin to find out what was going on

823

00:40:51,580 --> 00:40:48,770

this group also acted as a police force

824

00:40:53,800 --> 00:40:51,590

for non-terrestrial groups that are here

825

00:40:57,700 --> 00:40:53,810

with permission they help keep them

826

00:40:59,920 --> 00:40:57,710

apart and when they the ETS had issues

827

00:41:01,780 --> 00:40:59,930

they acted just like the police so they

828

00:41:03,310 --> 00:41:01,790

asked space police this is what he's

829

00:41:05,560 --> 00:41:03,320

they're talking about space police space

830

00:41:07,960 --> 00:41:05,570

forces yeah this is space force this is

831

00:41:12,370 --> 00:41:07,970

like some sort of space i ns or space

832

00:41:14,530 --> 00:41:12,380

ice like if you're it's all mostly it's

833

00:41:16,870 --> 00:41:14,540

almost like an analogy to Trump's wall

834

00:41:18,310 --> 00:41:16,880

almost you know if you if you if you

835

00:41:20,530 --> 00:41:18,320

don't get Friend or Foe status when

836

00:41:23,110 --> 00:41:20,540

approaching earth if your alien you'll

837

00:41:25,330 --> 00:41:23,120

be boarded forcibly taken off your ship

838

00:41:28,510 --> 00:41:25,340

and thrown into space prison and

839

00:41:32,020 --> 00:41:28,520

interrogated after describing the

840

00:41:33,910 --> 00:41:32,030

extraterrestrials who were very human

841

00:41:35,620 --> 00:41:33,920

looking and could easily blend in human

842

00:41:38,260 --> 00:41:35,630

society Smith described encountering

843

00:41:40,150 --> 00:41:38,270

some alien uh some of them in autopsies

844

00:41:42,430 --> 00:41:40,160

he was conducting for classified

845

00:41:43,740 --> 00:41:42,440

programs at Kirtland Air Force Base and

846

00:41:47,260 --> 00:41:43,750

other facilities around the country

847

00:41:49,660 --> 00:41:47,270

emphasized that they had showed obvious

848

00:41:51,579 --> 00:41:49,670

signs of torture

849

00:41:53,920 --> 00:41:51,589

there's a lot of stuff going on here I

850

00:41:56,380 --> 00:41:53,930

didn't realize her so the the Emory

851  
00:41:59,890 --> 00:41:56,390  
Smith is another whistleblower much like

852  
00:42:02,880 --> 00:41:59,900  
Corey Goode and I'm not sure how

853  
00:42:05,140 --> 00:42:02,890  
familiar are with Corey good qualms baby

854  
00:42:08,589 --> 00:42:05,150  
do you have any opinion on them thus far

855  
00:42:09,940 --> 00:42:08,599  
I don't really I this is the first I

856  
00:42:11,620 --> 00:42:09,950  
think I really heard of him except for

857  
00:42:14,280 --> 00:42:11,630  
maybe whenever you've mentioned Gaia TV

858  
00:42:18,990 --> 00:42:14,290  
before but I've know not that familiar

859  
00:42:23,859 --> 00:42:19,000  
Corey Goode he goes on record and

860  
00:42:27,250 --> 00:42:23,869  
explicitly conveys that he was part of

861  
00:42:30,160 --> 00:42:27,260  
the secret space program he was part of

862  
00:42:32,770 --> 00:42:30,170  
a segment of the secret space program

863  
00:42:34,480 --> 00:42:32,780

called solar warden he was on basically

864

00:42:37,630 --> 00:42:34,490

diplomatic missions he was taken at a

865

00:42:39,970 --> 00:42:37,640

very young age and was basically brought

866

00:42:42,819 --> 00:42:39,980

into the secret space program almost as

867

00:42:44,859 --> 00:42:42,829

a as like a five or six year old and

868

00:42:46,690 --> 00:42:44,869

from a very young age and basically was

869

00:42:49,299 --> 00:42:46,700

groomed to be a part of this this

870

00:42:50,559 --> 00:42:49,309

breakaway civilization very

871

00:42:53,049 --> 00:42:50,569

controversial what he says a lot of

872

00:42:57,039 --> 00:42:53,059

people say he's a charlatan he's a be a

873

00:43:00,460 --> 00:42:57,049

liar and everything he says is fake I I

874

00:43:02,349 --> 00:43:00,470

I'm actually kind of I'm open to him

875

00:43:04,900 --> 00:43:02,359

being very real and that he actually

876

00:43:07,599 --> 00:43:04,910

lives a double life somehow like either

877

00:43:08,289 --> 00:43:07,609

through some sort of parallel reality or

878

00:43:10,870 --> 00:43:08,299

some kind of interdimensional

879

00:43:15,220 --> 00:43:10,880

consciousness consciousness shift over

880

00:43:17,440 --> 00:43:15,230

I'll open there all that stuff but how

881

00:43:18,819 --> 00:43:17,450

much more information can he disclose is

882

00:43:20,349 --> 00:43:18,829

like well I would like to know I don't

883

00:43:23,260 --> 00:43:20,359

maybe I don't know this when was the

884

00:43:25,270 --> 00:43:23,270

last time was he actually in the space

885

00:43:29,079 --> 00:43:25,280

program how much new information can he

886

00:43:31,200 --> 00:43:29,089

really provide that's what I'm I'm

887

00:43:33,300 --> 00:43:31,210

curious about

888

00:43:36,599 --> 00:43:33,310

and I guess not to go back through and

889

00:43:40,200 --> 00:43:36,609

pull some articles from guy ITV

890

00:43:42,599 --> 00:43:40,210

concerning quarry good and I I did it

891

00:43:44,760 --> 00:43:42,609

the the last week's uh podcast or night

892

00:43:47,640 --> 00:43:44,770

talk was on quarry good in David Wilcock

893

00:43:51,630 --> 00:43:47,650

leaving the gaya network over the

894

00:43:53,460 --> 00:43:51,640

Luciferian overtones to their through

895

00:43:54,390 --> 00:43:53,470

their new show ancient civilization so I

896

00:43:58,320 --> 00:43:54,400

don't know if you heard that episode I

897

00:44:02,250 --> 00:43:58,330

did a remarkable job uh what was that

898

00:44:03,570 --> 00:44:02,260

last week last Monday I think I had not

899

00:44:05,490 --> 00:44:03,580

sure I listened to that yet or not he

900

00:44:10,470 --> 00:44:05,500

should well I'll catch up on it check it

901  
00:44:12,120 --> 00:44:10,480  
out so good and Smith are not the first

902  
00:44:13,500 --> 00:44:12,130  
to claim that human looking

903  
00:44:15,630 --> 00:44:13,510  
extraterrestrials are being secretly

904  
00:44:17,460 --> 00:44:15,640  
detained interrogated in and tortured

905  
00:44:19,500 --> 00:44:17,470  
and killed in classified programs run by

906  
00:44:22,710 --> 00:44:19,510  
a mysterious quasi governmental agencies

907  
00:44:24,240 --> 00:44:22,720  
that operate over the entire planet one

908  
00:44:26,760 --> 00:44:24,250  
of the first references to this

909  
00:44:29,040 --> 00:44:26,770  
occurring was from researcher Frank

910  
00:44:33,380 --> 00:44:29,050  
Crawford who published his findings in

911  
00:44:35,910 --> 00:44:33,390  
spring of 1991 an edition of UFO journal

912  
00:44:38,810 --> 00:44:35,920  
journals of facts he described a

913  
00:44:44,010 --> 00:44:38,820

detention in torture of alleged beans

914

00:44:45,990 --> 00:44:44,020

from the pay SETI's star system based on

915

00:44:47,970 --> 00:44:46,000

an interview with a military witness who

916

00:44:50,910 --> 00:44:47,980

served with the US Navy at the time and

917

00:44:55,130 --> 00:44:50,920

he used a pseudonym or used a pseudonym

918

00:44:58,980 --> 00:44:55,140

of Oscar so ok I would have to assume

919

00:45:02,250 --> 00:44:58,990

let's just go down this road that if

920

00:45:03,870 --> 00:45:02,260

there are has what some people have

921

00:45:07,040 --> 00:45:03,880

claimed there's let's say there's well

922

00:45:11,190 --> 00:45:07,050

over 50 different extraterrestrial

923

00:45:13,620 --> 00:45:11,200

species visiting earth knowing what we

924

00:45:16,410 --> 00:45:13,630

know of our military and what the CIA

925

00:45:19,079 --> 00:45:16,420

has done in in black sites and Ghassan

926

00:45:20,609 --> 00:45:19,089

of obey your I think it's completely

927

00:45:23,250 --> 00:45:20,619

within the realm of possibility that

928

00:45:26,609 --> 00:45:23,260

they if they got their hands on one of

929

00:45:28,620 --> 00:45:26,619

these extraterrestrials they would

930

00:45:31,260 --> 00:45:28,630

torture them I think that is definitely

931

00:45:32,339 --> 00:45:31,270

within their ability to do if they have

932

00:45:37,390 --> 00:45:32,349

the ability to torture them for

933

00:45:43,210 --> 00:45:41,950

all signs point to that you concur um

934

00:45:47,550 --> 00:45:43,220

yeah I don't think there would be

935

00:45:50,380 --> 00:45:47,560

they're above that I mean I mean maybe

936

00:45:52,240 --> 00:45:50,390

water or humans you know why wouldn't

937

00:45:56,440 --> 00:45:52,250

they water blue water board blue blue

938

00:45:59,530 --> 00:45:56,450

and only she'd had a bleep bloop and and

939

00:46:01,120 --> 00:45:59,540

moved ahead with a flapjack so I I it's

940

00:46:02,590 --> 00:46:01,130

not beyond the realm of possibility that

941

00:46:04,990 --> 00:46:02,600

they would torture these people if they

942

00:46:08,560 --> 00:46:05,000

if they could and they are people I mean

943

00:46:09,820 --> 00:46:08,570

there's they're persons I mean they they

944

00:46:11,860 --> 00:46:09,830

have their own spaceships I'm sure they

945

00:46:14,650 --> 00:46:11,870

have insurance and a family and they're

946

00:46:15,310 --> 00:46:14,660

just coming over here to probably

947

00:46:16,300 --> 00:46:15,320

because there aren't some kind of

948

00:46:19,980 --> 00:46:16,310

missions checking out what we're doing

949

00:46:23,440 --> 00:46:19,990

seamless on TV over here and on earth

950

00:46:28,470 --> 00:46:23,450

but I I'm at the dig through this a

951  
00:46:31,810 --> 00:46:28,480  
little bit further and I don't know I

952  
00:46:33,190 --> 00:46:31,820  
look I I want to I want to be all in

953  
00:46:37,150 --> 00:46:33,200  
with all the stuff I need to pull some

954  
00:46:39,550 --> 00:46:37,160  
real audio of Emory Smith and Corey

955  
00:46:42,670 --> 00:46:39,560  
Goode talking about this specifically

956  
00:46:49,000 --> 00:46:42,680  
and then go back through the UFO Journal

957  
00:46:53,230 --> 00:46:49,010  
of facts and read that account of these

958  
00:46:55,180 --> 00:46:53,240  
ETS being detained and tortured it

959  
00:46:58,560 --> 00:46:55,190  
sounds ridiculous but maybe that's

960  
00:47:03,630 --> 00:47:00,030  
I've been thinking about this a little

961  
00:47:06,330 --> 00:47:03,640  
bit I was actually listening to George

962  
00:47:11,000 --> 00:47:06,340  
Knapp give a talk and he gave some

963  
00:47:12,690 --> 00:47:11,010

comments around Bob Lazar and what he

964

00:47:15,930 --> 00:47:12,700

believed

965

00:47:18,180 --> 00:47:15,940

ultimately Bob Lazar was and for anybody

966

00:47:18,690 --> 00:47:18,190

doesn't know Bob Lazar was the the

967

00:47:22,830 --> 00:47:18,700

famous

968

00:47:25,050 --> 00:47:22,840

area 51's for whistle blower he came out

969

00:47:27,330 --> 00:47:25,060

on TV gave an interview to George Knapp

970

00:47:31,590 --> 00:47:27,340

that said George yeah but I listened to

971

00:47:33,600 --> 00:47:31,600

a talk by George Knapp and someone asked

972

00:47:37,260 --> 00:47:33,610

George Knapp do you believe Bob Lazar

973

00:47:40,170 --> 00:47:37,270

story a lot of things didn't add up like

974

00:47:43,230 --> 00:47:40,180

his his MIT education background there

975

00:47:48,510 --> 00:47:43,240

are a lot of things that just didn't add

976

00:47:51,060 --> 00:47:48,520

up in Bob Lazarre's story but a lot of

977

00:47:54,600 --> 00:47:51,070

the information that Bob Lazar stated

978

00:47:57,090 --> 00:47:54,610

was turn out to be real like the the

979

00:47:58,890 --> 00:47:57,100

scheduled flights over at area 51 like

980

00:48:00,180 --> 00:47:58,900

he said like every wins in that you can

981

00:48:01,440 --> 00:48:00,190

go out there and check out these

982

00:48:04,320 --> 00:48:01,450

experimental aircraft and sure enough

983

00:48:06,750 --> 00:48:04,330

that that turns me to true then the

984

00:48:10,670 --> 00:48:06,760

contact people who did his security

985

00:48:14,310 --> 00:48:10,680

background clearance of at the Oh Oh fi

986

00:48:15,540 --> 00:48:14,320

I can't like a lot of little tidbits of

987

00:48:19,290 --> 00:48:15,550

information that added up but his

988

00:48:21,480 --> 00:48:19,300

background didn't add up like he didn't

989

00:48:24,330 --> 00:48:21,490

he couldn't prove that he graduated from

990

00:48:25,890 --> 00:48:24,340

MIT so there was something some elements

991

00:48:28,190 --> 00:48:25,900

of different disinformation in there

992

00:48:31,680 --> 00:48:28,200

that didn't add up and I'm almost like

993

00:48:33,750 --> 00:48:31,690

is it in the realm of possibility that

994

00:48:37,490 --> 00:48:33,760

the United States the United States

995

00:48:43,110 --> 00:48:37,500

government would elaborately staged

996

00:48:45,900 --> 00:48:43,120

lights like a hangar full of like saucer

997

00:48:49,200 --> 00:48:45,910

like craft that might not be functional

998

00:48:51,780 --> 00:48:49,210

but then they hire these contractors who

999

00:48:54,120 --> 00:48:51,790

might do two psychological profiles they

1000

00:48:57,840 --> 00:48:54,130

they know that these people are more

1001  
00:49:01,200 --> 00:48:57,850  
likely to leak information that is

1002  
00:49:04,710 --> 00:49:01,210  
scandalous and that Bob Lazar was

1003  
00:49:06,000 --> 00:49:04,720  
actually used as a person to discredit

1004  
00:49:07,830 --> 00:49:06,010  
the entire story

1005  
00:49:08,970 --> 00:49:07,840  
thank they brought him in knowing that

1006  
00:49:10,830 --> 00:49:08,980  
he would wind up leaking this

1007  
00:49:12,059 --> 00:49:10,840  
information and it's so fantastical and

1008  
00:49:14,609 --> 00:49:12,069  
then they look at his back

1009  
00:49:16,620 --> 00:49:14,619  
in history and that and he claims to be

1010  
00:49:18,599 --> 00:49:16,630  
from MIT meanwhile the military knows

1011  
00:49:21,359 --> 00:49:18,609  
that he's lying about his education just

1012  
00:49:23,160 --> 00:49:21,369  
to get a job and that so he discredited

1013  
00:49:24,930 --> 00:49:23,170

his education you discredit his entire

1014

00:49:30,320 --> 00:49:24,940

story and then everything that's going

1015

00:49:32,840 --> 00:49:30,330

on at area 51 very convoluted but

1016

00:49:35,450 --> 00:49:32,850

I mean the CIA implanted people into UFO

1017

00:49:37,640 --> 00:49:35,460

communities to lead them astray I mean

1018

00:49:39,770 --> 00:49:37,650

they're they're all a little idea of

1019

00:49:44,750 --> 00:49:39,780

what limited hangouts is you get these

1020

00:49:46,220 --> 00:49:44,760

people to kind of you know get people

1021

00:49:47,810 --> 00:49:46,230

into these certain communities and they

1022

00:49:49,640 --> 00:49:47,820

control the flow of information and you

1023

00:49:53,750 --> 00:49:49,650

can't you everybody at above top secret

1024

00:49:55,460 --> 00:49:53,760

just arguments each other calling I mean

1025

00:49:58,520 --> 00:49:55,470

that's kind of what's happening unread a

1026  
00:50:02,000 --> 00:49:58,530  
conspiracy now it's turned into a [h\_\_\h]

1027  
00:50:04,280 --> 00:50:02,010  
show people fighting with teen politics

1028  
00:50:06,320 --> 00:50:04,290  
not talking about a singular issue it

1029  
00:50:08,750 --> 00:50:06,330  
always devolves into something else and

1030  
00:50:11,110 --> 00:50:08,760  
some someone guides the the thread into

1031  
00:50:14,480 --> 00:50:11,120  
something else and and so if Bob Lazar

1032  
00:50:16,400 --> 00:50:14,490  
they were concerned about his education

1033  
00:50:18,470 --> 00:50:16,410  
his background it didn't match up so

1034  
00:50:21,440 --> 00:50:18,480  
therefore the entire story is incorrect

1035  
00:50:24,650 --> 00:50:21,450  
meanwhile I I believe they do have some

1036  
00:50:27,410 --> 00:50:24,660  
some alien replication or alien replica

1037  
00:50:30,800 --> 00:50:27,420  
vehicles and and that there's probably

1038  
00:50:35,150 --> 00:50:30,810

some truth to the the Roswell crash and

1039

00:50:37,670 --> 00:50:35,160

recovery of the technology and they will

1040

00:50:39,920 --> 00:50:37,680

stop at nothing to to get the

1041

00:50:44,510 --> 00:50:39,930

information out there or disinformation

1042

00:50:47,810 --> 00:50:44,520

out there it seems exactly got a lot of

1043

00:50:50,090 --> 00:50:47,820

hot dogs and George George Knapp also

1044

00:50:52,400 --> 00:50:50,100

talked about other people that contact

1045

00:50:55,310 --> 00:50:52,410

them right after he broked that that

1046

00:50:58,340 --> 00:50:55,320

story with Bob Lazar he had six other

1047

00:51:01,370 --> 00:50:58,350

people claiming to be from other

1048

00:51:02,870 --> 00:51:01,380

military installations or other secret

1049

00:51:05,840 --> 00:51:02,880

programs that wanted to leak information

1050

00:51:08,900 --> 00:51:05,850

to him concerning what they what they

1051  
00:51:11,630 --> 00:51:08,910  
had and one was a woman who is a

1052  
00:51:15,280 --> 00:51:11,640  
stenographer who took notes at area 51

1053  
00:51:18,080 --> 00:51:15,290  
and so she contacted George Knapp and

1054  
00:51:23,300 --> 00:51:18,090  
next thing you know next day she had he

1055  
00:51:25,220 --> 00:51:23,310  
was visited by two men in black and was

1056  
00:51:27,230 --> 00:51:25,230  
basically told to shut up or else you

1057  
00:51:28,850 --> 00:51:27,240  
and your daughter are gonna be found

1058  
00:51:30,320 --> 00:51:28,860  
missing in the desert or not found

1059  
00:51:34,100 --> 00:51:30,330  
missing in a desert not gonna be found

1060  
00:51:35,690 --> 00:51:34,110  
missing a desert and so all all these

1061  
00:51:38,360 --> 00:51:35,700  
little whistleblowers that initially

1062  
00:51:40,910 --> 00:51:38,370  
wanted to leak their story to to George

1063  
00:51:43,700 --> 00:51:40,920

Knapp we're just kind of threatened and

1064

00:51:44,240 --> 00:51:43,710

told shut up give you more credence to

1065

00:51:48,560 --> 00:51:44,250

what

1066

00:51:53,150 --> 00:51:48,570

Bob Lazar said initially about they do

1067

00:51:56,150 --> 00:51:53,160

have UFOs at area 51 it's such a

1068

00:51:58,550 --> 00:51:56,160

convoluted thing at this point you

1069

00:52:01,490 --> 00:51:58,560

almost could believe any any scenario

1070

00:52:05,330 --> 00:52:01,500

when it comes to alien visitation the

1071

00:52:08,000 --> 00:52:05,340

origin what technology that they that

1072

00:52:10,660 --> 00:52:08,010

they might utilize and you can make a

1073

00:52:18,400 --> 00:52:10,670

good case out of all of it or none of it

1074

00:52:31,510 --> 00:52:26,140

let me put my juicer you got anything

1075

00:52:33,220 --> 00:52:31,520

else we're good thank you um I mean not

1076  
00:52:35,110 --> 00:52:33,230  
a miss I have two other stories we can

1077  
00:52:35,800 --> 00:52:35,120  
look at real quick I think I've got

1078  
00:52:39,100 --> 00:52:35,810  
videos

1079  
00:52:41,290 --> 00:52:39,110  
them to me

1080  
00:52:42,880 --> 00:52:41,300  
I can just play the audio I mean they're

1081  
00:52:50,740 --> 00:52:42,890  
local news it looks like so yeah

1082  
00:52:55,820 --> 00:52:54,020  
basse led to a man getting shot to death

1083  
00:52:57,260 --> 00:52:55,830  
outside of clay Walmart's know the

1084  
00:52:59,450 --> 00:52:57,270  
police went over evidence outside the

1085  
00:53:01,490 --> 00:52:59,460  
Walmart on scenic highway and Snellville

1086  
00:53:04,520 --> 00:53:01,500  
on Sunday witnesses telling us a shooter

1087  
00:53:06,500 --> 00:53:04,530  
and 49 year old victim argued about a

1088  
00:53:09,530 --> 00:53:06,510

parking space before the gunfire

1089

00:53:11,330 --> 00:53:09,540

shoppers say it was chaotic people were

1090

00:53:12,920 --> 00:53:11,340

missing their family members because

1091

00:53:14,270 --> 00:53:12,930

there was some kids they were crying

1092

00:53:16,640 --> 00:53:14,280

because they didn't know where their dad

1093

00:53:19,099 --> 00:53:16,650

with it and police charged the gunman

1094

00:53:21,680 --> 00:53:19,109

with involuntary manslaughter that's

1095

00:53:24,250 --> 00:53:21,690

right someone shot died outside of a

1096

00:53:29,800 --> 00:53:24,260

Walmart over a parking spot oh my god

1097

00:53:32,930 --> 00:53:29,810

Walmart not even in months my god what

1098

00:53:34,880 --> 00:53:32,940

this is it's just like sad I could read

1099

00:53:36,200 --> 00:53:34,890

the article of you uh maybe a few weeks

1100

00:53:38,599 --> 00:53:36,210

ago a few episodes ago that people go to

1101

00:53:42,349 --> 00:53:38,609

Walmart to die I mean I mean it's just a

1102

00:53:45,320 --> 00:53:42,359

oh yeah I remember that yeah now people

1103

00:53:47,120 --> 00:53:45,330

are shooting each other over guess what

1104

00:53:49,880 --> 00:53:47,130

there's plenty of parking at Walmart

1105

00:53:53,380 --> 00:53:49,890

there's plenty I've never seen it

1106

00:53:58,210 --> 00:53:55,330

I know I've never seen the entirely full

1107

00:53:59,920 --> 00:53:58,220

Walmart parking lot I've seen other

1108

00:54:04,180 --> 00:53:59,930

things that are entirely full there but

1109

00:54:08,020 --> 00:54:04,190

yeah all right second-story you got oh

1110

00:54:10,540 --> 00:54:08,030

yeah this is more local news from

1111

00:54:16,620 --> 00:54:10,550

Pittsburgh and this is just I guess

1112

00:54:20,230 --> 00:54:16,630

another altercation great with a theme

1113

00:54:22,870 --> 00:54:20,240

that got out of control way out of

1114

00:54:24,100 --> 00:54:22,880

control ending in gunfire channel 11

1115

00:54:25,450 --> 00:54:24,110

Celeste Kilmer went out to Indiana

1116

00:54:27,370 --> 00:54:25,460

Township and found out how a fight

1117

00:54:28,360 --> 00:54:27,380

between neighbors boiled over she

1118

00:54:32,140 --> 00:54:28,370

reports from County Police Headquarters

1119

00:54:34,120 --> 00:54:32,150

in Greentree an ongoing dispute between

1120

00:54:36,310 --> 00:54:34,130

next-door neighbors landed one in the

1121

00:54:39,370 --> 00:54:36,320

hospital and the other here questioned

1122

00:54:40,990 --> 00:54:39,380

by police at County headquarters crime

1123

00:54:43,390 --> 00:54:41,000

scene tape across a rural road in

1124

00:54:45,970 --> 00:54:43,400

Indiana Township the outcome of a tense

1125

00:54:49,840 --> 00:54:45,980

relationship between neighbors it's an

1126  
00:54:51,400 --> 00:54:49,850  
ongoing neighbor dispute that and they

1127  
00:54:53,460 --> 00:54:51,410  
left this morning from her residents

1128  
00:54:56,710 --> 00:54:53,470  
went up the street and another

1129  
00:54:58,780 --> 00:54:56,720  
confrontation occurred this one violent

1130  
00:55:01,060 --> 00:54:58,790  
on Berry Hill Road right up the street

1131  
00:55:03,370 --> 00:55:01,070  
from where both men lived according to

1132  
00:55:05,260 --> 00:55:03,380  
police it was around 7 a.m. when the man

1133  
00:55:07,330 --> 00:55:05,270  
in the white box truck was behind his

1134  
00:55:09,580 --> 00:55:07,340  
next door neighbor who drives this

1135  
00:55:13,240 --> 00:55:09,590  
orange pickup that's what we're still

1136  
00:55:14,590 --> 00:55:13,250  
trying to determine exactly County

1137  
00:55:16,270 --> 00:55:14,600  
detectives were called to the scene

1138  
00:55:18,940 --> 00:55:16,280

determining that the man in the box

1139

00:55:20,830 --> 00:55:18,950

truck got out with a crowbar striking

1140

00:55:22,990 --> 00:55:20,840

the orange pickup and attacking the

1141

00:55:25,420 --> 00:55:23,000

neighbor who drives it that neighbor at

1142

00:55:27,700 --> 00:55:25,430

some point shot the box truck driver who

1143

00:55:30,340 --> 00:55:27,710

was taken to the hospital the neighbor

1144

00:55:33,250 --> 00:55:30,350

with the gun stayed there and called 911

1145

00:55:36,250 --> 00:55:33,260

by police who continue to investigate

1146

00:55:38,880 --> 00:55:36,260

channel 11 spoke with family of both men

1147

00:55:41,140 --> 00:55:38,890

on scene too shaken up to go on camera

1148

00:55:44,380 --> 00:55:41,150

ultimately each return to their

1149

00:55:47,290 --> 00:55:44,390

side-by-side homes in Indiana Township

1150

00:55:49,390 --> 00:55:47,300

I'm Liz Kilmer chen well more

1151  
00:55:53,620 --> 00:55:49,400  
exhilarating news what the hell is going

1152  
00:55:55,540 --> 00:55:53,630  
on in Pittsburgh I don't know my god

1153  
00:55:56,780 --> 00:55:55,550  
we're getting the heck out of here my

1154  
00:56:00,230 --> 00:55:56,790  
god

1155  
00:56:03,970 --> 00:56:00,240  
we've covered enough UFO news where

1156  
00:56:07,190 --> 00:56:03,980  
whales spaceplane yes Star Trek news

1157  
00:56:07,730 --> 00:56:07,200  
violent altercations at Walmart oh my

1158  
00:56:17,120 --> 00:56:07,740  
god

1159  
00:56:24,080 --> 00:56:17,130  
hamburger \$2 46 pound key play that one

1160  
00:56:27,950 --> 00:56:24,090  
again so it's my favorite Bill Clinton

1161  
00:56:28,680 --> 00:56:27,960  
clip he's talking backwards now back to

1162  
00:56:30,750 --> 00:56:28,690  
business

1163  
00:56:39,800 --> 00:56:30,760

[Music]

1164

00:56:47,070 --> 00:56:42,240

hey thanks for everyone hanging out on

1165

00:56:50,610 --> 00:56:47,080

just a amazing Monday night talk

1166

00:56:53,580 --> 00:56:50,620

we appreciate you hanging out getting

1167

00:56:56,520 --> 00:56:53,590

all rowdy in the chat but I completely

1168

00:56:57,930 --> 00:56:56,530

ignore the the Chad I'm sorry that's not

1169

00:57:01,380 --> 00:56:57,940

a nice thing to do

1170

00:57:05,880 --> 00:57:01,390

Dino I'm sorry just often trying to

1171

00:57:07,440 --> 00:57:05,890

reach stories and coordinate the show

1172

00:57:08,730 --> 00:57:07,450

produce the show I don't have a lot of

1173

00:57:09,870 --> 00:57:08,740

time to talk to Chet I need to get

1174

00:57:13,320 --> 00:57:09,880

another screen over here

1175

00:57:20,280 --> 00:57:13,330

I need another monitor gotta get that

1176  
00:57:24,870 --> 00:57:20,290  
going yeah bogus you read the shaft me

1177  
00:57:29,430 --> 00:57:24,880  
that's absolutely right space force yes

1178  
00:57:30,840 --> 00:57:29,440  
space force we will be back on I think

1179  
00:57:33,420 --> 00:57:30,850  
the show is gonna be happening on

1180  
00:57:35,040 --> 00:57:33,430  
Thursday I cannot do Wednesday I gotta

1181  
00:57:42,170 --> 00:57:35,050  
talk to go about that so we might be

1182  
00:57:48,020 --> 00:57:42,180  
doing the Obi DM podcast on Thursday and

1183  
00:57:52,530 --> 00:57:48,030  
then probably again on Saturday yeah

1184  
00:57:55,050 --> 00:57:52,540  
good given a ship the shampoo quick give

1185  
00:57:58,490 --> 00:57:55,060  
me [h\_\_\h] is that he said quick gettin a

1186  
00:58:03,030 --> 00:57:58,500  
ship yeah I don't know Bill Clinton

1187  
00:58:07,860 --> 00:58:03,040  
first like that oh there it is okay

1188  
00:58:10,050 --> 00:58:07,870

I do not fully understand way things are

1189

00:58:12,480 --> 00:58:10,060

one we're getting a heck out of here

1190

00:58:16,400 --> 00:58:12,490

Thank You Quan baby I will dump you soon
