19. Despite these improvements, the physical security upgrades at the new intrusion detection sites in West Germany have...

— Several Nike-Hercules missile sites in West Germany have physical security upgrades the new intrusion detection...

1
00:00:08,299 --> 00:00:02,869
I'll bring up a story right here up on

2
00:00:11,080 --> 00:00:08,309
screen this comes from the metro UK the

3
00:00:14,829 --> 00:00:11,090
US Navy secretly designed a super-fast

4
00:00:18,230 --> 00:00:14,839
futuristic aircraft resembling a UFO

5
00:00:21,140 --> 00:00:18,240
documents have revealed this came out

6
00:00:23,570 --> 00:00:21,150
just not but under a week ago the US

7
00:00:26,269 --> 00:00:23,580
Navy has been granted a patent for an

8
00:00:29,570 --> 00:00:26,279
advanced aircraft which resembles a

9
00:00:33,190 --> 00:00:29,580
flying saucer UFO that's what it says

10
00:00:37,760 --> 00:00:33,200
here flying saucer UFO military

11
00:00:40,040 --> 00:00:37,770
inventors filed plans for a highly

12
00:00:43,040 --> 00:00:40,050
unusual flying machine which uses an

13
00:00:46,010 --> 00:00:43,050

internal mass reduction device to travel

14

00:00:48,049 --> 00:00:46,020

extreme speeds what that means is the

15

00:00:51,160 --> 00:00:48,059

aircraft uses complex technology to

16

00:00:54,470 --> 00:00:51,170

reduces its mass to reduce its mass and

17

00:00:57,139 --> 00:00:54,480

thereby lessen inertia so it can be

18

00:00:59,029 --> 00:00:57,149

zoomed along at a high velocity the

19

00:01:01,610 --> 00:00:59,039

patent is highly complex and describes

20

00:01:03,170 --> 00:01:01,620

methods of reducing the mass of an

21

00:01:06,910 --> 00:01:03,180

aircraft using various techniques

22

00:01:10,160 --> 00:01:06,920

including the generations of gravity

23

00:01:12,260 --> 00:01:10,170

generations of gravity waves which were

24

00:01:15,520 --> 00:01:12,270

first detected in 2016 after being

25

00:01:17,330 --> 00:01:15,530

produced when two black holes collided

26
00:01:22,660 --> 00:01:17,340
remember that job member when they

27
00:01:25,520 --> 00:01:22,670
detected the gravity waves on earth here

28
00:01:27,890 --> 00:01:25,530
now maybe I don't know not really I

29
00:01:29,510 --> 00:01:27,900
remember okay and here are some of the

30
00:01:31,670 --> 00:01:29,520
figures that are being displayed on

31
00:01:34,460 --> 00:01:31,680
screen it looks like it's hard to

32
00:01:38,890 --> 00:01:34,470
discern there's a lot of squiggly lines

33
00:01:42,200 --> 00:01:38,900
and triangles maybe even a rhomboid a

34
00:01:43,789 --> 00:01:42,210
trapezoid that's but there that's what's

35
00:01:45,469 --> 00:01:43,799
listed here and there's a bunch of like

36
00:01:47,060 --> 00:01:45,479
markers and indicators pointing at

37
00:01:49,639 --> 00:01:47,070
squiggly lines that I guess that's part

38
00:01:52,160 --> 00:01:49,649

of the patent or the filed an invention

39

00:01:54,170 --> 00:01:52,170

here that's hot yeah and according to

40

00:01:56,600 --> 00:01:54,180

this article goes on say it is possible

41

00:01:59,480 --> 00:01:56,610

to reduce the internal mass and hence

42

00:02:04,280 --> 00:01:59,490

the gravitational mass of a system

43

00:02:07,490 --> 00:02:04,290

and/or object in motion by abrupt /

44

00:02:09,859 --> 00:02:07,500

turbid perturbation of a nonlinear

45

00:02:13,040 --> 00:02:09,869

background of local space times the

46

00:02:15,770 --> 00:02:13,050

patent says the craft describes in

47

00:02:19,730 --> 00:02:15,780

the patent features of cavity wall

48

00:02:22,240 --> 00:02:19,740

filled with gas which is then made to

49

00:02:26,180 --> 00:02:22,250

vibrate using powerful electronic

50

00:02:28,070 --> 00:02:26,190

electromagnetic waves this is then this

51
00:02:30,800 --> 00:02:28,080
then creates a vacuum around the craft

52
00:02:33,320 --> 00:02:30,810
and allowing it to propel itself at high

53
00:02:37,550 --> 00:02:33,330
speeds the UFO style ship can be used in

54
00:02:43,010 --> 00:02:37,560
water space and even the atmosphere here

55
00:02:45,260 --> 00:02:43,020
on earth this is okay although the US

56
00:02:48,050 --> 00:02:45,270
Navy applied for the patent 2016

57
00:02:49,610 --> 00:02:48,060
it was granted last year it doesn't

58
00:02:51,890 --> 00:02:49,620
necessarily mean the craft has been

59
00:02:53,660 --> 00:02:51,900
built and tested so here's the actual

60
00:02:57,950 --> 00:02:53,670
pay this is a serious news story here's

61
00:03:02,210 --> 00:02:57,960
the actual patent Jojo on screen odd

62
00:03:04,250 --> 00:03:02,220
screen take a look at that remember I'm

63
00:03:06,320 --> 00:03:04,260

on a little bit of delay but it doesn't

64

00:03:09,200 --> 00:03:06,330

look like a saucer at all no this is

65

00:03:12,830 --> 00:03:09,210

like a black triangle yeah this is like

66

00:03:16,460 --> 00:03:12,840

a black triangle the Navy filed his

67

00:03:17,840 --> 00:03:16,470

patent and it was granted last year so

68

00:03:19,820 --> 00:03:17,850

if they were they were probably

69

00:03:23,870 --> 00:03:19,830

experimenting with this they got to work

70

00:03:27,199 --> 00:03:23,880

and they then they they went ahead and

71

00:03:30,199 --> 00:03:27,209

filed a patent the rest of this article

72

00:03:34,610 --> 00:03:30,209

kind of goes on to that a temper a tip

73

00:03:36,140 --> 00:03:34,620

program from almost two years ago that

74

00:03:38,420 --> 00:03:36,150

the New York Times talked about so it's

75

00:03:41,240 --> 00:03:38,430

kind of curious that this patent came

76

00:03:44,290 --> 00:03:41,250

out was was filed 2016 was it was

77

00:03:47,870 --> 00:03:44,300

granted last year or maybe in 2017 and

78

00:03:50,690 --> 00:03:47,880

then that New York Times article came

79

00:03:54,020 --> 00:03:50,700

out in 2017 and all this other stuff kid

80

00:03:55,940 --> 00:03:54,030

keeps coming out and the rest of this

81

00:04:01,040 --> 00:03:55,950

article kind of speaks to that a tip

82

00:04:03,199 --> 00:04:01,050

program and is that an 8k it begs the

83

00:04:05,810 --> 00:04:03,209

question is is that is the footage that

84

00:04:09,320 --> 00:04:05,820

was filmed in that that FLIR footage

85

00:04:13,759 --> 00:04:09,330

that everyone saw is that the an actual

86

00:04:18,740 --> 00:04:13,769

UFO or is that a navy experimental plane

87

00:04:23,870 --> 00:04:21,979

it's the either one and that's the thing

88

00:04:26,870 --> 00:04:23,880

is it wasn't that sort of the idea that

89

00:04:28,879 --> 00:04:26,880

but weren't a poopoo in UFO sighting

90

00:04:30,620 --> 00:04:28,889

saying oh it's a military test it

91

00:04:32,240 --> 00:04:30,630

doesn't exist folks that's what they

92

00:04:35,030 --> 00:04:32,250

tell every maybe they it wasn't that

93

00:04:37,220 --> 00:04:35,040

like in the 90s 88 late 80s and 90s one

94

00:04:39,920 --> 00:04:37,230

UFO things were all the rage they would

95

00:04:43,010 --> 00:04:39,930

say stuff like that they would and so

96

00:04:44,870 --> 00:04:43,020

they're kind of leading is down like

97

00:04:46,700 --> 00:04:44,880

almost like one path is like oh it's is

98

00:04:48,170 --> 00:04:46,710

UFOs we need to study it more and then

99

00:04:50,930 --> 00:04:48,180

with stories like this they're like oh

100

00:04:52,580 --> 00:04:50,940

no we'll see the u.s. maybe found a

101
00:04:53,900 --> 00:04:52,590
patent on this kind of technology so

102
00:04:57,800 --> 00:04:53,910
what you're seeing this guy is obviously

103
00:05:00,020 --> 00:04:57,810
a US military if you think about if you

104
00:05:01,909 --> 00:05:00,030
go back as far as Roswell it's like it's

105
00:05:05,240 --> 00:05:01,919
a weather balloon and that's what the

106
00:05:11,540 --> 00:05:05,250
public would get easily damage like

107
00:05:15,519 --> 00:05:13,409
[Laughter]

108
00:05:17,290 --> 00:05:15,529
they're coming for some french fries

109
00:05:19,779 --> 00:05:17,300
they certainly are they're headed over

110
00:05:21,850 --> 00:05:19,789
to chick-fil-a and then they're gonna

111
00:05:24,940 --> 00:05:21,860
wind things down with a couple Pringles

112
00:05:33,010 --> 00:05:30,940
um but I do have another UFO related

113
00:05:37,140 --> 00:05:33,020

story and then maybe we'll take some

114

00:05:39,820 --> 00:05:37,150

phone calls this is uh another US Navy

115

00:05:44,740 --> 00:05:39,830

article another article about the US

116

00:05:47,920 --> 00:05:44,750

Navy and UFOs the US Navy drafting new

117

00:05:49,840 --> 00:05:47,930

guidelines for reporting UFOs the US

118

00:05:52,180 --> 00:05:49,850

Navy is drafting new guidelines for

119

00:05:53,710 --> 00:05:52,190

pilots and other personnel to report

120

00:05:56,470 --> 00:05:53,720

encounters with unidentified

121

00:05:58,780 --> 00:05:56,480

unidentified aircraft a significant new

122

00:06:00,370 --> 00:05:58,790

step in creating a formal process to

123

00:06:05,530 --> 00:06:00,380

collect and analyze the unexplained

124

00:06:08,440 --> 00:06:05,540

sightings and these stigmatize them the

125

00:06:12,430 --> 00:06:08,450

previously unreported move is in

126

00:06:13,600 --> 00:06:12,440

response to a series of sightings of

127

00:06:15,730 --> 00:06:13,610

unknown highly advanced aircraft

128

00:06:17,620 --> 00:06:15,740

including the Navy strike group and

129

00:06:20,110 --> 00:06:17,630

other sensitive military formations and

130

00:06:22,270 --> 00:06:20,120

facilities these services there have

131

00:06:24,910 --> 00:06:22,280

been a number of reports of unauthorized

132

00:06:27,870 --> 00:06:24,920

and or unidentified aircraft entering

133

00:06:30,940 --> 00:06:27,880

various military controlled ranges and

134

00:06:33,190 --> 00:06:30,950

designated air spaces in recent year the

135

00:06:36,220 --> 00:06:33,200

Navy said in a statement in response to

136

00:06:38,170 --> 00:06:36,230

questions from Politico for safety and

137

00:06:41,130 --> 00:06:38,180

security concerns the Navy and the

138

00:06:43,600 --> 00:06:41,140

United States Air Force have taken steps

139

00:06:47,470 --> 00:06:43,610

have taken these reports very seriously

140

00:06:50,290 --> 00:06:47,480

and investigates each in every report as

141

00:06:52,480 --> 00:06:50,300

a part of as a part of this effort he

142

00:06:55,690 --> 00:06:52,490

had added the Navy is updating and

143

00:06:59,080 --> 00:06:55,700

formalizing the process by which reports

144

00:07:03,220 --> 00:06:59,090

of any suspected incursion can be made

145

00:07:05,770 --> 00:07:03,230

to cognizant cognizant authorities a new

146

00:07:11,990 --> 00:07:05,780

message to the fleet that will detail

147

00:07:15,870 --> 00:07:12,000

the steps for reporting is in draft okay

148

00:07:19,560 --> 00:07:15,880

this is this this is this more this is

149

00:07:22,410 --> 00:07:19,570

as piles and piles on the news of when

150

00:07:25,500 --> 00:07:22,420

it comes to the United States military

151

00:07:28,380 --> 00:07:25,510

and one branch or another formerly

152

00:07:31,140 --> 00:07:28,390

addressing the UFO phenomenon they're

153

00:07:33,300 --> 00:07:31,150

acknowledging it they're saying that

154

00:07:35,850 --> 00:07:33,310

they are putting together a new process

155

00:07:38,610 --> 00:07:35,860

and telling everyone they're spreading

156

00:07:42,780 --> 00:07:38,620

the word that if you see something you

157

00:07:46,850 --> 00:07:42,790

say something now I'm skeptical of this

158

00:07:50,270 --> 00:07:46,860

entire thing really you're not all in

159

00:07:53,760 --> 00:07:50,280

well I'm all in with that there are

160

00:07:55,560 --> 00:07:53,770

advanced vehicles I'm all-in with there

161

00:07:59,460 --> 00:07:55,570

are there's some sort of entities that

162

00:08:01,080 --> 00:07:59,470

would control them but I'm skeptical I

163

00:08:02,540 --> 00:08:01,090

guess I'm skeptical about how it's been

164

00:08:05,790 --> 00:08:02,550

framed

165

00:08:07,200 --> 00:08:05,800

yeah like well that's that we talked

166

00:08:09,660 --> 00:08:07,210

about it so much with the soft

167

00:08:12,000 --> 00:08:09,670

disclosure and all the rajma and all the

168

00:08:13,290 --> 00:08:12,010

other stuff it's just yeah you can't

169

00:08:16,560 --> 00:08:13,300

trust any of this stuff I want to see

170

00:08:19,200 --> 00:08:16,570

the the what is the so in the bottom

171

00:08:24,600 --> 00:08:19,210

part of this article goes on to talk

172

00:08:27,930 --> 00:08:24,610

about the the the FLIR footage that was

173

00:08:29,070 --> 00:08:27,940

released and the a tip program so

174

00:08:32,870 --> 00:08:29,080

they're really pushing that they're

175

00:08:36,019 --> 00:08:32,880

really pushing the 88 that program

176

00:08:39,250 --> 00:08:36,029

and in all the technical studies that

177

00:08:42,850 --> 00:08:41,590

it's it's it's insane there's plenty of

178

00:08:44,920 --> 00:08:42,860

stuff here open up the phone line six

179

00:08:46,990 --> 00:08:44,930

one four three eight eight nine one oh

180

00:08:51,820 --> 00:08:47,000

nine will be mostly a beauty her phone

181

00:08:55,300 --> 00:08:51,830

goes no and that's a that's UFO stuff I

182

00:08:56,980 --> 00:08:55,310

got I came across one article about the

183

00:08:58,780 --> 00:08:56,990

Navy addressing the UFO thing then I

184

00:09:01,540 --> 00:08:58,790

found another one go they turns out the

185

00:09:03,730 --> 00:09:01,550

Navy went ahead and filed a patent on a

186

00:09:06,820 --> 00:09:03,740

flying triangle that can reduce its

187

00:09:08,950 --> 00:09:06,830

internal mass yeah when that isn't it

188

00:09:11,290 --> 00:09:08,960

exciting news to at the like the

189

00:09:14,250 --> 00:09:11,300

scientific community that they can

190

00:09:18,250 --> 00:09:14,260

reduce the internal mass of an object

191

00:09:20,620 --> 00:09:18,260

that's pretty big news yeah I think so

192

00:09:22,390 --> 00:09:20,630

didn't actual Navy scientists and

193

00:09:25,840 --> 00:09:22,400

physicists think it's possible so much

194

00:09:27,430 --> 00:09:25,850

so they filed a patent on it and they

195

00:09:30,520 --> 00:09:27,440

meanwhile the I mean what made the front

196

00:09:32,650 --> 00:09:30,530

page of Reddit is that they saw a black

197

00:09:35,080 --> 00:09:32,660

hole it looked like a donut well guess

198

00:09:41,530 --> 00:09:35,090

what they can now reduce the mass of

199

00:09:43,570 --> 00:09:41,540

something oh my god no one cares

200

00:09:45,880 --> 00:09:43,580

pretty incredible yeah nobody wants to

201
00:09:48,400 --> 00:09:45,890
well I mean I think there'd be a lot of

202
00:09:52,170 --> 00:09:48,410
people who are heavier who would like

203
00:09:55,240 --> 00:09:52,180
them to reduce their math program yes

204
00:09:56,770 --> 00:09:55,250
dude my 600-pound life could be

205
00:09:58,630 --> 00:09:56,780
significantly reduced

206
00:10:01,870 --> 00:09:58,640
we'd have to be a minus six turnaround

207
00:10:04,900 --> 00:10:01,880
life it could just be my 600-pound life

208
00:10:07,480 --> 00:10:04,910
significant like internal mass reduced

209
00:10:09,990 --> 00:10:07,490
to the size of a grapefruit or something
