

NIGHT TALK
with
MIDNIGHT MIKE

1
00:00:22,360 --> 00:00:14,490

[Music]

2
00:00:22,370 --> 00:00:43,470

oh yeah okay in the weed

3
00:01:10,080 --> 00:00:53,580

[Music]

4
00:01:12,050 --> 00:01:10,090

hey everyone welcome back to another

5
00:01:15,719 --> 00:01:12,060

night sock

6
00:01:24,219 --> 00:01:20,170

my name is midnight Mike and I'm joined

7
00:01:27,809 --> 00:01:24,229

on this special late-night edition by

8
00:01:31,180 --> 00:01:27,819

James Cruz of the cruising with take

9
00:01:34,029 --> 00:01:31,190

podcast he's over there but we don't

10
00:01:37,449 --> 00:01:34,039

know you don't know if he's there now I

11
00:01:40,510 --> 00:01:37,459

can see em he's there and we also got

12
00:01:47,380 --> 00:01:40,520

the klom baby is back on the show in a

13
00:01:49,539 --> 00:01:47,390

very big way mom baby is the beautiful

14

00:01:54,309 --> 00:01:49,549

clown act a little clownish and only

15

00:01:56,109 --> 00:01:54,319

makes common sense very clearly everyone

16

00:01:58,719 --> 00:01:56,119

have a soundboard it's so little yeah

17

00:02:03,370 --> 00:01:58,729

let's just do the show it sound clips

18

00:02:05,920 --> 00:02:03,380

okay you know what is none of us will

19

00:02:12,160 --> 00:02:05,930

talk just beautiful just do sound boards

20

00:02:15,789 --> 00:02:12,170

uh Tonight Show got some stories about

21

00:02:17,770 --> 00:02:15,799

the portals here in Arizona

22

00:02:22,680 --> 00:02:17,780

maybe touched on a little Mothman stuff

23

00:02:25,720 --> 00:02:22,690

got a account of a teenager in Illinois

24

00:02:29,920 --> 00:02:25,730

encountering a Mothman and possibly take

25

00:02:31,690 --> 00:02:29,930

some phone calls here who knows who

26
00:02:34,320 --> 00:02:31,700
knows what's gonna happen James who

27
00:02:37,270 --> 00:02:36,940
well it's all happening we know that for

28
00:02:44,500 --> 00:02:37,280
sure

29
00:02:50,230 --> 00:02:44,510
joining me

30
00:02:53,960 --> 00:02:50,240
you guys probably almost uh dang near

31
00:03:02,080 --> 00:02:56,900
yeah 1134 oh my god

32
00:03:06,119 --> 00:03:02,090
oh it's 1134 hearded whoa that is

33
00:03:09,539 --> 00:03:08,190
we exist in two different realms of the

34
00:03:11,550 --> 00:03:09,549
universe at the same time

35
00:03:16,199 --> 00:03:11,560
I mean space means nothing to you guys

36
00:03:19,289 --> 00:03:16,209
that's right I uh I got the I guess what

37
00:03:21,539 --> 00:03:19,299
stuff probably gonna talk about portals

38
00:03:24,059 --> 00:03:21,549

James I'm talking about dimensional

39

00:03:26,260 --> 00:03:24,069

portals here I'm not sure if you're

40

00:03:28,450 --> 00:03:26,270

familiar with those

41

00:03:33,250 --> 00:03:28,460

yeah I actually I was reading that

42

00:03:36,520 --> 00:03:33,260

article and uh pretty cool man it sound

43

00:03:39,990 --> 00:03:36,530

like that I mean I'm sure you'll go into

44

00:03:43,600 --> 00:03:40,000

here but it took place a long time ago

45

00:03:46,540 --> 00:03:43,610

yeah I took place about in the well the

46

00:03:48,730 --> 00:03:46,550

story starts off in like the 1950s

47

00:03:50,980 --> 00:03:48,740

office I was kind of talk about it I've

48

00:03:52,630 --> 00:03:50,990

read the article I'll try to convey it

49

00:03:54,430 --> 00:03:52,640

as best as possible

50

00:03:56,320 --> 00:03:54,440

the link to the store that I'm going to

51
00:03:58,210 --> 00:03:56,330
talk about is in the description and

52
00:04:00,220 --> 00:03:58,220
it's titled doorway to the gods

53
00:04:04,000 --> 00:04:00,230
mysterious interdimensional portal that

54
00:04:07,210 --> 00:04:04,010
can alter time is hidden in the Arizona

55
00:04:10,330 --> 00:04:07,220
mountains and the story kinda recounts

56
00:04:14,440 --> 00:04:10,340
the tale of primarily two treasure

57
00:04:16,600 --> 00:04:14,450
hunters in the 1950s and they are

58
00:04:19,030 --> 00:04:16,610
looking for treasure old Spanish

59
00:04:21,630 --> 00:04:19,040
treasure in the mountains pretty close

60
00:04:24,850 --> 00:04:21,640
to some Native American reservations and

61
00:04:28,030 --> 00:04:24,860
they are just on the quest looking for

62
00:04:30,880 --> 00:04:28,040
that lost Spanish goal that maybe people

63
00:04:32,890 --> 00:04:30,890

are still looking for today and remember

64

00:04:34,150 --> 00:04:32,900

the number one a fine treasure don't

65

00:04:38,080 --> 00:04:34,160

[h__\h] tell anyone

66

00:04:40,420 --> 00:04:38,090

yeah over the years of people I think I

67

00:04:42,100 --> 00:04:40,430

found treasure and then like whatever

68

00:04:44,230 --> 00:04:42,110

government where you found it's gonna

69

00:04:45,790 --> 00:04:44,240

try and take it and then like whatever

70

00:04:47,410 --> 00:04:45,800

government that lost it back in the

71

00:04:48,880 --> 00:04:47,420

colonial era is gonna try and take it

72

00:04:50,620 --> 00:04:48,890

and some other afflicting Cruces like

73

00:04:53,890 --> 00:04:50,630

everyone just wants to take your

74

00:04:55,360 --> 00:04:53,900

treasure and then it's just like just a

75

00:04:57,460 --> 00:04:55,370

terrible idea if you find treasure never

76

00:04:59,290 --> 00:04:57,470

tell anyone melted down himself most

77

00:05:01,570 --> 00:04:59,300

certainly the IRS is gonna come knock

78

00:05:04,660 --> 00:05:01,580

and there's a story I don't know maybe

79

00:05:09,370 --> 00:05:04,670

three years ago about this person who

80

00:05:12,550 --> 00:05:09,380

found just a bundle of gold coins and

81

00:05:14,260 --> 00:05:12,560

they were estimated over five million

82

00:05:17,590 --> 00:05:14,270

dollars and he posted about it online

83

00:05:19,750 --> 00:05:17,600

and sure enough they came calling and

84

00:05:21,940 --> 00:05:19,760

they confiscated them they confiscated

85

00:05:23,680 --> 00:05:21,950

all the gold coins and those are gold

86

00:05:26,770 --> 00:05:23,690

coins that were manufactured and created

87

00:05:29,800 --> 00:05:26,780

before I think that the Federal Reserve

88

00:05:30,730 --> 00:05:29,810

was created so yeah don't tell anybody

89

00:05:32,890 --> 00:05:30,740

you're absolutely right come on baby

90

00:05:34,990 --> 00:05:32,900

keep your trap shut why would you even

91

00:05:37,180 --> 00:05:35,000

hate him over the IRS big oh yeah sir it

92

00:05:38,800 --> 00:05:37,190

was out boating on Lake Erie and that we

93

00:05:39,790 --> 00:05:38,810

got hit by another boat and they fell to

94

00:05:41,740 --> 00:05:39,800

the bottom of

95

00:05:45,309 --> 00:05:41,750

eery would you just hand him over like

96

00:05:48,939 --> 00:05:45,319

what no you lie say there like that gold

97

00:05:51,460 --> 00:05:48,949

can you can buy in in dime stores dime

98

00:05:53,800 --> 00:05:51,470

stores people dime stores they had like

99

00:05:57,700 --> 00:05:53,810

out of national treasure you know uh

100

00:05:59,350 --> 00:05:57,710

Nicholas Cage yeah one guys looking for

101
00:06:02,409 --> 00:05:59,360
it but guess what here comes another guy

102
00:06:04,779 --> 00:06:02,419
hot on his trail coming to swoop in got

103
00:06:06,399 --> 00:06:04,789
to get actually I watch that this

104
00:06:11,379 --> 00:06:06,409
morning

105
00:06:13,600 --> 00:06:11,389
I think it's on Netflix it's it's it's a

106
00:06:15,760 --> 00:06:13,610
great hoorah kind of kind of movie you

107
00:06:22,209 --> 00:06:15,770
know was that impact was that your

108
00:06:23,860 --> 00:06:22,219
hangover movie I say I want I want to

109
00:06:26,269 --> 00:06:23,870
like kill times I'm gonna make breakfast

110
00:06:27,439 --> 00:06:26,279
and then you know

111
00:06:28,639 --> 00:06:27,449
she wanted something put on that I

112
00:06:31,070 --> 00:06:28,649
wouldn't care if I finished or not you

113
00:06:32,869 --> 00:06:31,080

know yeah did you receive the second one

114

00:06:37,100 --> 00:06:32,879

horse you're alright

115

00:06:39,259 --> 00:06:37,110

okay yes I is it Mount Rushmore or knows

116

00:06:41,029 --> 00:06:39,269

it the first one yeah I think it's the

117

00:06:44,059 --> 00:06:41,039

second yeah that's the second one I

118

00:06:47,029 --> 00:06:44,069

think where they go behind Rushmore or

119

00:06:49,100 --> 00:06:47,039

whatever and yeah early is that the

120

00:06:51,230 --> 00:06:49,110

first one no I'm first one takes place

121

00:06:53,740 --> 00:06:51,240

in DC

122

00:06:57,110 --> 00:06:53,750

how about DC following the Masonic

123

00:06:58,879 --> 00:06:57,120

symbolism in DC and they go they somehow

124

00:07:00,860 --> 00:06:58,889

they get the Constitution they managed

125

00:07:03,290 --> 00:07:00,870

to get a version of the Constitution all

126

00:07:04,999 --> 00:07:03,300

that so then the second one was when

127

00:07:06,950 --> 00:07:05,009

yeah I remember they were up on top and

128

00:07:08,930 --> 00:07:06,960

they poured water on a rock and then up

129

00:07:13,309 --> 00:07:08,940

the Eagles landed you know yeah and uh

130

00:07:15,050 --> 00:07:13,319

that shine of light and dude never

131

00:07:20,779 --> 00:07:15,060

[h__h] rained at Mount Rushmore

132

00:07:23,140 --> 00:07:20,789

they are building it never yeah be in

133

00:07:27,020 --> 00:07:23,150

the right place at the right time of a

134

00:07:27,680 --> 00:07:27,030

Equinox or some [h__h] yeah let's get into

135

00:07:40,339 --> 00:07:27,690

this story

136

00:07:44,240 --> 00:07:40,349

I said in Arizona and in and around the

137

00:07:48,020 --> 00:07:44,250

sumukha Kareem mountains which is just

138

00:07:51,260 --> 00:07:48,030

southwest of Tucson Arizona pretty close

139

00:07:54,409 --> 00:07:51,270

to the Mexican border and there's a two

140

00:07:56,659 --> 00:07:54,419

guys I believed that they were brothers

141

00:07:59,420 --> 00:07:56,669

back in the 1950s and they are treasure

142

00:08:02,499 --> 00:07:59,430

hunters and it went to the the Southwest

143

00:08:04,909 --> 00:08:02,509

out there looking to strike it rich and

144

00:08:07,760 --> 00:08:04,919

on and they were going out for like

145

00:08:09,649 --> 00:08:07,770

months at a time it was I guess back in

146

00:08:11,810 --> 00:08:09,659

the 50s you could just take off a couple

147

00:08:14,029 --> 00:08:11,820

months at a time and it's no big deal so

148

00:08:17,810 --> 00:08:14,039

these guys were out treasure hunting for

149

00:08:21,080 --> 00:08:17,820

two or three months which is incredible

150

00:08:23,330 --> 00:08:21,090

but the they were out there and one of

151

00:08:26,899 --> 00:08:23,340

the they were like 20 years old or so 23

152

00:08:29,390 --> 00:08:26,909

yeah yeah what's going on you know yeah

153

00:08:32,630 --> 00:08:29,400

yeah the one guy was 23 his I think his

154

00:08:36,199 --> 00:08:32,640

friend or his brother Chuck was 26 yeah

155

00:08:40,639 --> 00:08:36,209

and they were out there in March of 1956

156

00:08:42,409 --> 00:08:40,649

and they were camping in one of the the

157

00:08:46,250 --> 00:08:42,419

first weeks that they were out there

158

00:08:48,860 --> 00:08:46,260

very close to the mountain and they were

159

00:08:51,560 --> 00:08:48,870

up a late at night and they saw a couple

160

00:08:53,329 --> 00:08:51,570

balls of blue-green light slowly

161

00:08:56,870 --> 00:08:53,339

descending behind the mountain several

162

00:08:59,420 --> 00:08:56,880

miles away they flat out flat out said

163

00:09:01,850 --> 00:08:59,430

these were not flares there was no sound

164

00:09:04,430 --> 00:09:01,860

of aircraft that brooked The Silence of

165

00:09:04,850 --> 00:09:04,440

the night and both of the the balls of

166

00:09:08,120 --> 00:09:04,860

light

167

00:09:11,060 --> 00:09:08,130

within minutes and several days later

168

00:09:14,210 --> 00:09:11,070

they just said actually precisely the

169

00:09:16,190 --> 00:09:14,220

next night at the same time the same

170

00:09:18,290 --> 00:09:16,200

lights appeared once again and the

171

00:09:21,230 --> 00:09:18,300

identical location also disappeared

172

00:09:24,230 --> 00:09:21,240

behind the speaks and several days later

173

00:09:27,040 --> 00:09:24,240

a local cowboy ranch hand came by and

174

00:09:29,570 --> 00:09:27,050

they kind of conversed and talked about

175

00:09:31,760 --> 00:09:29,580

what they had saw saw with the cowboy

176

00:09:37,310 --> 00:09:31,770

and that kind of spilled out yeah

177

00:09:40,460 --> 00:09:37,320

there's been legends and stories going

178

00:09:44,270 --> 00:09:40,470

back years about paranormal and just

179

00:09:46,090 --> 00:09:44,280

kind of crazy activity surrounding the

180

00:09:49,350 --> 00:09:46,100

mountains out there

181

00:09:51,640 --> 00:09:49,360

and then I would say a few weeks later

182

00:09:55,180 --> 00:09:51,650

this guy and his brother

183

00:09:56,890 --> 00:09:55,190

they were going down the road and trying

184

00:09:58,240 --> 00:09:56,900

to get a new spot to look for the

185

00:09:59,410 --> 00:09:58,250

treasure and they saw somebody on the

186

00:10:02,950 --> 00:09:59,420

southern road that needs to meet up some

187

00:10:06,580 --> 00:10:02,960

help and they wound up fixing his tire

188

00:10:09,190 --> 00:10:06,590

and a few days later this guy found them

189

00:10:11,080 --> 00:10:09,200

at their camp and his name was John he

190

00:10:13,570 --> 00:10:11,090

was a Native American and knew the area

191

00:10:15,820 --> 00:10:13,580

pretty well and they talk about the the

192

00:10:19,060 --> 00:10:15,830

lights that they had saw a couple nights

193

00:10:24,120 --> 00:10:19,070

before that and John just came out and

194

00:10:27,190 --> 00:10:24,130

said well there are some strange in

195

00:10:29,860 --> 00:10:27,200

doorways or archways around here and he

196

00:10:33,310 --> 00:10:29,870

a little story of seeing an archway that

197

00:10:36,490 --> 00:10:33,320

was made out of stone stone arch upon

198

00:10:40,150 --> 00:10:36,500

his his hikes and he actually talked to

199

00:10:43,480 --> 00:10:40,160

his the local people about this and at

200

00:10:47,200 --> 00:10:43,490

the reservation they said in the 1800s

201
00:10:50,080 --> 00:10:47,210
that a group of Native Americans found

202
00:10:52,060 --> 00:10:50,090
came upon this archway and a couple of

203
00:10:53,590 --> 00:10:52,070
kids were playing around it there just

204
00:10:56,260 --> 00:10:53,600
kind of goofing around running in and

205
00:10:58,390 --> 00:10:56,270
out of the archway and until one of the

206
00:11:01,090 --> 00:10:58,400
kids ran through the archway and just

207
00:11:02,800 --> 00:11:01,100
disappeared and that freaked everybody

208
00:11:05,470 --> 00:11:02,810
out obviously when someone goes through

209
00:11:08,890 --> 00:11:05,480
a door and they never come out it tends

210
00:11:11,200 --> 00:11:08,900
to freak somebody out yeah and so they

211
00:11:15,100 --> 00:11:11,210
they ran back to the village told

212
00:11:16,590 --> 00:11:15,110
everyone they could and sure enough I

213
00:11:19,120 --> 00:11:16,600

mean I think the more people came out

214

00:11:21,370 --> 00:11:19,130

the entire village came out they started

215

00:11:23,410 --> 00:11:21,380

to like past the doorway they threw

216

00:11:26,500 --> 00:11:23,420

stones at it they threw stones through

217

00:11:28,360 --> 00:11:26,510

it and nothing disappeared until an

218

00:11:30,460 --> 00:11:28,370

older woman approached the archway and

219

00:11:33,940 --> 00:11:30,470

decided to put a rabbit through it at

220

00:11:36,100 --> 00:11:33,950

which point that rabbit disappeared so

221

00:11:37,600 --> 00:11:36,110

that freaked everyone out now everyone

222

00:11:40,230 --> 00:11:37,610

at that point is put their hands up in

223

00:11:47,050 --> 00:11:40,240

the air and said okay we're done here

224

00:11:49,840 --> 00:11:47,060

this cave put up a sign and tell people

225

00:11:51,570 --> 00:11:49,850

just not to go through it so upon

226
00:11:55,770 --> 00:11:51,580
hearing this story these two guys are

227
00:11:59,830 --> 00:11:55,780
pretty curious obviously I mean they

228
00:12:05,230 --> 00:11:59,840
they kind of made their their way to

229
00:12:07,180 --> 00:12:05,240
area and at that at that point I'm just

230
00:12:09,820 --> 00:12:07,190
took place like a few weeks later then

231
00:12:12,610 --> 00:12:09,830
we're joined by two additional treasure

232
00:12:16,420 --> 00:12:12,620
hunters and they actually found the

233
00:12:17,860 --> 00:12:16,430
archway and they they approached it they

234
00:12:20,670 --> 00:12:17,870
kind of played around with it they

235
00:12:23,050 --> 00:12:20,680
didn't really see anything that was

236
00:12:25,570 --> 00:12:23,060
paranormal at that point in time and

237
00:12:26,920 --> 00:12:25,580
they really thought nothing of it but

238
00:12:29,860 --> 00:12:26,930

they would they just found it to be a

239

00:12:33,370 --> 00:12:29,870

curiosity that night they camped on the

240

00:12:35,740 --> 00:12:33,380

other side of the canyon of from the on

241

00:12:38,890 --> 00:12:35,750

the archway and during the night they

242

00:12:42,490 --> 00:12:38,900

heard rumblings of hoofs like a large

243

00:12:45,670 --> 00:12:42,500

yes group of people riding horses or

244

00:12:48,100 --> 00:12:45,680

either wild horses and they thought that

245

00:12:50,200 --> 00:12:48,110

they were gonna be part of a stampede so

246

00:12:53,500 --> 00:12:50,210

they took cover the the next morning

247

00:12:54,850 --> 00:12:53,510

they they realized they had nothing to

248

00:12:56,170 --> 00:12:54,860

worry about because when they went to go

249

00:12:57,700 --> 00:12:56,180

investigate whether or not there were

250

00:13:00,160 --> 00:12:57,710

any horses in the area they saw

251
00:13:02,530 --> 00:13:00,170
absolutely no trace and they managed to

252
00:13:05,750 --> 00:13:02,540
track the sound back to the location of

253
00:13:09,889 --> 00:13:08,300
so they got kind of got a little bit

254
00:13:13,370 --> 00:13:09,899
more curious time past this initial

255
00:13:15,620 --> 00:13:13,380
treasure hunting trip was over and the

256
00:13:18,410 --> 00:13:15,630
the author of the stories decided to

257
00:13:22,069 --> 00:13:18,420
actually go back to this archway a few

258
00:13:23,810 --> 00:13:22,079
years later so he decided to actually

259
00:13:26,090 --> 00:13:23,820
move to the Tucson area and a few years

260
00:13:29,389 --> 00:13:26,100
later take the same trip down to check

261
00:13:31,790 --> 00:13:29,399
out the archway and upon approaching

262
00:13:34,129 --> 00:13:31,800
this by himself now I don't I don't know

263
00:13:36,050 --> 00:13:34,139

if you read this part James I was kind

264

00:13:37,759 --> 00:13:36,060

of confused about his perception of what

265

00:13:41,180 --> 00:13:37,769

happened to himself so correct me if I'm

266

00:13:43,970 --> 00:13:41,190

wrong if I read this wrong but I mean

267

00:13:45,650 --> 00:13:43,980

let's say I made it up to a certain

268

00:13:49,310 --> 00:13:45,660

point I'll see if it's as far as I made

269

00:13:55,879 --> 00:13:49,320

it then so upon upon this guy actually

270

00:13:59,449 --> 00:13:55,889

approaching the archway he got turned

271

00:14:01,519 --> 00:13:59,459

around he started to he couldn't figure

272

00:14:05,930 --> 00:14:01,529

out where he was it was almost like his

273

00:14:08,329 --> 00:14:05,940

land navigation skill was way off and he

274

00:14:11,480 --> 00:14:08,339

was in close proximity to this this

275

00:14:13,040 --> 00:14:11,490

archway but yeah he could not discern

276

00:14:14,660 --> 00:14:13,050

which way he was going he thought he was

277

00:14:17,420 --> 00:14:14,670

going west but really he was going east

278

00:14:19,699 --> 00:14:17,430

and he came to the conclusion that he

279

00:14:22,639 --> 00:14:19,709

was actually transported further down

280

00:14:25,189 --> 00:14:22,649

the canyon Hill than where he was

281

00:14:28,579 --> 00:14:25,199

supposed to be and he chucked this up to

282

00:14:32,840 --> 00:14:28,589

the actual actually being a portal like

283

00:14:35,420 --> 00:14:32,850

the vicinity of the area had a power of

284

00:14:38,930 --> 00:14:35,430

of manipulating time and space not just

285

00:14:41,930 --> 00:14:38,940

the archway itself and meanwhile like

286

00:14:43,879 --> 00:14:41,940

the other two treasure hunters they took

287

00:14:47,389 --> 00:14:43,889

on the trip with them they actually went

288

00:14:51,079 --> 00:14:47,399

back later to they went to the the same

289

00:14:55,829 --> 00:14:51,089

archway again at a later date they both

290

00:15:02,400 --> 00:14:58,559

it almost shimmering they both saw the

291

00:15:05,069 --> 00:15:02,410

same shimmering type of of spectacle

292

00:15:07,860 --> 00:15:05,079

through the doorway and it that

293

00:15:09,480 --> 00:15:07,870

shimmering wasn't happening elsewhere in

294

00:15:11,429 --> 00:15:09,490

the in the environment only looking

295

00:15:15,090 --> 00:15:11,439

through the doorway and same with the

296

00:15:16,410 --> 00:15:15,100

the same thing happened to the the guy

297

00:15:17,850 --> 00:15:16,420

John who they helped out in the side of

298

00:15:21,600 --> 00:15:17,860

the road who had a story about this

299

00:15:23,639 --> 00:15:21,610

archway is that when he and some people

300

00:15:25,910 --> 00:15:23,649

that maybe is he or somebody he knew

301

00:15:30,360 --> 00:15:25,920

looked through the archway

302

00:15:32,939 --> 00:15:30,370

they saw a vastly different sky than the

303

00:15:34,619 --> 00:15:32,949

ones that was around the the archway

304

00:15:36,600 --> 00:15:34,629

almost like there it was that's what I

305

00:15:38,429 --> 00:15:36,610

that's what I read yeah exactly like it

306

00:15:41,780 --> 00:15:38,439

was cloudy outside there but when they

307

00:15:44,429 --> 00:15:41,790

looked through the archway it was clear

308

00:15:46,499 --> 00:15:44,439

yeah and when I when I read that it's

309

00:15:47,790 --> 00:15:46,509

like that instantly reminds me of some

310

00:15:50,639 --> 00:15:47,800

of the stories that come out of

311

00:15:51,660 --> 00:15:50,649

skinwalker ranch because yeah there you

312

00:15:54,030 --> 00:15:51,670

go yeah

313

00:15:56,220 --> 00:15:54,040

because there are stories from the ranch

314

00:15:58,019 --> 00:15:56,230

hand at skinwalker ranch that convey the

315

00:16:01,829 --> 00:15:58,029

exact same thing they see almost like a

316

00:16:04,019 --> 00:16:01,839

cutout in in the in the environment and

317

00:16:05,939 --> 00:16:04,029

they when they look through this portal

318

00:16:08,850 --> 00:16:05,949

it's a different sky than the one that

319

00:16:11,639 --> 00:16:08,860

is in the environment like they're

320

00:16:13,400 --> 00:16:11,649

looking into a different place they're

321

00:16:15,559 --> 00:16:13,410

looking into a different area and

322

00:16:20,519 --> 00:16:15,569

obviously this freaked everyone out

323

00:16:22,679 --> 00:16:20,529

obviously and the guy just kind of he

324

00:16:25,129 --> 00:16:22,689

chalks it up to absolutely something

325

00:16:27,809 --> 00:16:25,139

paranormal but he had a little bit of a

326

00:16:31,679 --> 00:16:27,819

theory about it it was a theory that he

327

00:16:35,580 --> 00:16:31,689

he kind of subscribes to and it goes

328

00:16:41,970 --> 00:16:38,519

the geodes the rock just the overall

329

00:16:43,940 --> 00:16:41,980

environment being put together in such a

330

00:16:45,870 --> 00:16:43,950

way that is conducive for

331

00:16:49,380 --> 00:16:45,880

interdimensional portals or just

332

00:16:51,500 --> 00:16:49,390

paranormal activity in general uh ah

333

00:16:53,610 --> 00:16:51,510

well how about the I think it was in

334

00:16:56,940 --> 00:16:53,620

towards the beginning of that article

335

00:16:59,340 --> 00:16:56,950

where they were talking about but was it

336

00:17:02,360 --> 00:16:59,350

a power company was talking about buying

337

00:17:04,350 --> 00:17:02,370

the land there yeah and - like

338

00:17:06,960 --> 00:17:04,360

electricity over there they're like man

339

00:17:10,380 --> 00:17:06,970

what would happen if they fire up this

340

00:17:13,050 --> 00:17:10,390

grid right along lines of this uh this

341

00:17:15,420 --> 00:17:13,060

this area you know yes absolutely

342

00:17:17,189 --> 00:17:15,430

supercharge the grid just supercharged

343

00:17:19,470 --> 00:17:17,199

yeah like they say if it's a bubble

344

00:17:20,790 --> 00:17:19,480

maybe maybe like they're thinking

345

00:17:22,860 --> 00:17:20,800

they're looking and no I don't know I

346

00:17:26,189 --> 00:17:22,870

guess that's what they're seeing isn't

347

00:17:28,559 --> 00:17:26,199

that this gateway area but it's like if

348

00:17:31,230 --> 00:17:28,569

it's a actual bubble like a circular

349

00:17:34,650 --> 00:17:31,240

area it just gets bigger and a bigger

350

00:17:36,000 --> 00:17:34,660

bigger amount of space I'll read this

351
00:17:37,530 --> 00:17:36,010
theory of real quickly you can talk

352
00:17:40,169 --> 00:17:37,540
about it because I'm sure cloud debut

353
00:17:41,730 --> 00:17:40,179
might have it might have a a thought on

354
00:17:43,560 --> 00:17:41,740
this but I'll read read this is I'm

355
00:17:44,640 --> 00:17:43,570
gonna read verbatim what their what

356
00:17:46,650 --> 00:17:44,650
they're saying in the article about the

357
00:17:48,960 --> 00:17:46,660
about the theory here and he says that

358
00:17:51,930 --> 00:17:48,970
before continuing like a set forth a

359
00:17:54,210 --> 00:17:51,940
theory told to us by a party well-versed

360
00:17:56,790 --> 00:17:54,220
in the field of strange and in the

361
00:17:58,830 --> 00:17:56,800
paranormal perhaps an enormous deposit

362
00:18:01,470 --> 00:17:58,840
of geodes beneath the surface might be

363
00:18:03,510 --> 00:18:01,480

affecting time in some mysterious manner

364

00:18:05,220 --> 00:18:03,520

when all the natural elements the

365

00:18:06,870 --> 00:18:05,230

vibrations of the crystals the

366

00:18:09,150 --> 00:18:06,880

electricity in the atmosphere and the

367

00:18:11,610 --> 00:18:09,160

magnetic field magnetic fields in the

368

00:18:13,500 --> 00:18:11,620

earth come together at the precise

369

00:18:16,590 --> 00:18:13,510

moment laws of nature are turned

370

00:18:18,690 --> 00:18:16,600

topsy-turvy and things occur beyond our

371

00:18:21,150 --> 00:18:18,700

understanding it could be like dropping

372

00:18:23,550 --> 00:18:21,160

a stone into a pool of calm water the

373

00:18:25,440 --> 00:18:23,560

archway being the stone and the waves

374

00:18:30,210 --> 00:18:25,450

expanding outward could be the natural

375

00:18:32,669 --> 00:18:30,220

forces these might reach anywhere from a

376

00:18:35,640 --> 00:18:32,679

several from several yards to a mile

377

00:18:37,740 --> 00:18:35,650

depending upon the activation everything

378

00:18:39,660 --> 00:18:37,750

within the radiating circle could be

379

00:18:44,490 --> 00:18:39,670

thrown into a different period of time

380

00:18:49,530 --> 00:18:47,100

in this like this kind of thing how

381

00:18:51,560 --> 00:18:49,540

people just quickly or how an

382

00:18:56,790 --> 00:18:51,570

environment can quickly change and then

383

00:18:59,370 --> 00:18:56,800

pay back reminds me of missing 411 where

384

00:19:01,320 --> 00:18:59,380

people are there one second and then

385

00:19:04,860 --> 00:19:01,330

they've gone the next and then their

386

00:19:08,840 --> 00:19:04,870

body appears in a location that was

387

00:19:17,090 --> 00:19:13,070

pretty well I uh yeah I think the portal

388

00:19:18,680 --> 00:19:17,100

thing is a completely valid theory at

389

00:19:21,800 --> 00:19:18,690

this point I mean David Politis who

390

00:19:23,660 --> 00:19:21,810

writes the Michigan 411 stuff he's got

391

00:19:26,810 --> 00:19:23,670

the the criteria the profile of people

392

00:19:29,570 --> 00:19:26,820

of hygge who goes missing and where

393

00:19:31,160 --> 00:19:29,580

they're found they're found by typically

394

00:19:36,050 --> 00:19:31,170

boulders or people go missing by

395

00:19:39,320 --> 00:19:36,060

boulders like dense heavy stuff and near

396

00:19:41,510 --> 00:19:39,330

theory in in near bodies of waters where

397

00:19:44,240 --> 00:19:41,520

they're found as well too which is dense

398

00:19:46,670 --> 00:19:44,250

mass and so if this theory here when you

399

00:19:48,830 --> 00:19:46,680

have the the magnetic fields of the

400

00:19:50,810 --> 00:19:48,840

earth perfectly aligned with certain

401
00:19:53,810 --> 00:19:50,820
types of rocks or crystals along with

402
00:19:55,670 --> 00:19:53,820
electricity able to open up a portal

403
00:19:57,050 --> 00:19:55,680
into a different dimension and you don't

404
00:19:59,720 --> 00:19:57,060
know any better and you just

405
00:20:02,990 --> 00:19:59,730
accidentally fall through it well you're

406
00:20:05,000 --> 00:20:03,000
[h__\h] out of luck you're really [h__\h] out

407
00:20:06,890 --> 00:20:05,010
of luck and what if you are taken to

408
00:20:08,750 --> 00:20:06,900
another time or dimension you're taken

409
00:20:12,450 --> 00:20:08,760
to a time where you don't know the

410
00:20:17,009 --> 00:20:15,090
but you're stuck there and there they're

411
00:20:20,190 --> 00:20:17,019
stories that I've read on on previous

412
00:20:22,049 --> 00:20:20,200
shows I maybe even kalam baby or James

413
00:20:23,940 --> 00:20:22,059

you were a part of we're people who have

414

00:20:25,169 --> 00:20:23,950

gone missing I read stories from the

415

00:20:27,659 --> 00:20:25,179

eighteen hundred's where people who have

416

00:20:29,369 --> 00:20:27,669

gone went missing it is vanished in thin

417

00:20:31,440 --> 00:20:29,379

air their family goes out to search for

418

00:20:33,450 --> 00:20:31,450

them they can't find them but they can

419

00:20:36,810 --> 00:20:33,460

hear their family member as if they're

420

00:20:38,340 --> 00:20:36,820

in the area but they they have no

421

00:20:40,950 --> 00:20:38,350

physical body like they're almost like

422

00:20:42,570 --> 00:20:40,960

in some dimensional waiting room they

423

00:20:47,510 --> 00:20:42,580

fell into something like dimensional

424

00:20:52,640 --> 00:20:51,860

trapped in the ether yeah well baby boy

425

00:20:57,540 --> 00:20:52,650

we'll see you

426
00:20:57,550 --> 00:21:02,110
you know kind of reminds me that once

427
00:21:07,170 --> 00:21:04,500
in my career

428
00:21:08,370 --> 00:21:07,180
I think it was I don't even know to make

429
00:21:09,540 --> 00:21:08,380
code not sure if I gave it to you or not

430
00:21:11,280 --> 00:21:09,550
it was that but that one the curity

431
00:21:12,720 --> 00:21:11,290
guard some guys the legend was actually

432
00:21:14,940 --> 00:21:12,730
ghost written for the security guard

433
00:21:16,950 --> 00:21:14,950
there and he said they went his creature

434
00:21:17,910 --> 00:21:16,960
just came up to me all his stuff you see

435
00:21:19,620 --> 00:21:17,920
but he remember he said he like he

436
00:21:20,970 --> 00:21:19,630
remembers hitting the ground and he woke

437
00:21:24,240 --> 00:21:20,980
up in some cave essentially didn't

438
00:21:25,680 --> 00:21:24,250

alternate plaintive existence in you

439

00:21:27,270 --> 00:21:25,690

know long story started to walk through

440

00:21:29,400 --> 00:21:27,280

all these ancient Indian ruins and eight

441

00:21:32,310 --> 00:21:29,410

when he came out of the cave and then

442

00:21:35,340 --> 00:21:32,320

eventually came out of this for goal I

443

00:21:37,650 --> 00:21:35,350

think like a week later they found him

444

00:21:39,210 --> 00:21:37,660

on the property like four miles away

445

00:21:43,200 --> 00:21:39,220

from where he was like severely

446

00:21:44,400 --> 00:21:43,210

dehydrated I don't remember that I don't

447

00:21:48,370 --> 00:21:44,410

know if that was in the skinwalker ranch

448

00:21:50,140 --> 00:21:48,380

book but it sounds somewhat familiar

449

00:21:53,649 --> 00:21:50,150

[Music]

450

00:21:56,350 --> 00:21:53,659

it's just like this this is like this

451
00:21:58,180 --> 00:21:56,360
one example of some people trying to

452
00:22:00,519 --> 00:21:58,190
investigate something here in Arizona

453
00:22:03,580 --> 00:22:00,529
there's a lot of other crazy kind of

454
00:22:06,370 --> 00:22:03,590
stuff going on Arizona I have yet to get

455
00:22:08,769 --> 00:22:06,380
to delve into but all these I mean this

456
00:22:11,230 --> 00:22:08,779
is not just an Arizona thing it's I

457
00:22:14,620 --> 00:22:11,240
think that if this this portal is not

458
00:22:17,230 --> 00:22:14,630
it's not unique to Arizona obviously

459
00:22:20,470 --> 00:22:17,240
there are all over and national parks

460
00:22:22,750 --> 00:22:20,480
and if David Politis is correct in his

461
00:22:27,130 --> 00:22:22,760
assertion that they occur in cities as

462
00:22:28,450 --> 00:22:27,140
well are they like the power like we

463
00:22:31,419 --> 00:22:28,460

James you mentioned the power company

464

00:22:33,760 --> 00:22:31,429

wanted to lay down electric lines it's

465

00:22:37,750 --> 00:22:33,770

like well what would happen if you lay

466

00:22:39,549 --> 00:22:37,760

down our electric lines would would you

467

00:22:41,320 --> 00:22:39,559

be able to control the portal at least

468

00:22:44,850 --> 00:22:41,330

when it opens or how it opens if you

469

00:22:46,389 --> 00:22:44,860

pump in this enough electricity at it I

470

00:22:48,250 --> 00:22:46,399

think so

471

00:22:50,200 --> 00:22:48,260

it'd be like free energy for that

472

00:22:53,860 --> 00:22:50,210

surrounding area there's some weird

473

00:22:54,789 --> 00:22:53,870

weird a side effect would happened you

474

00:22:56,950 --> 00:22:54,799

know I

475

00:23:00,760 --> 00:22:56,960

you might just send an entire town

476

00:23:02,680 --> 00:23:00,770

through a portal but that's not unlike

477

00:23:05,950 --> 00:23:02,690

the the Philadelphia Experiment where

478

00:23:09,610 --> 00:23:05,960

they tried to basically electroshock an

479

00:23:12,220 --> 00:23:09,620

entire battleship back in time and then

480

00:23:13,899 --> 00:23:12,230

you had stories of people that claim to

481

00:23:17,919 --> 00:23:13,909

know things about the Philadelphia

482

00:23:21,190 --> 00:23:17,929

Experiment and people oh yeah people

483

00:23:23,350 --> 00:23:21,200

were [h__h] half in and half out of a

484

00:23:27,130 --> 00:23:23,360

hall people went mad people went through

485

00:23:29,030 --> 00:23:27,140

different dimensions and it's not unlike

486

00:23:38,090 --> 00:23:29,040

that

487

00:23:41,900 --> 00:23:38,100

we're like piss on electric fence you

488

00:23:43,850 --> 00:23:41,910

know you you're gonna get shocked right

489

00:23:46,190 --> 00:23:43,860

up through your [h__h] you know well you

490

00:23:47,950 --> 00:23:46,200

piss through the portal I wonder does

491

00:23:52,850 --> 00:23:47,960

that actually work like I wanna go pee

492

00:23:54,920 --> 00:23:52,860

it said I have never tried it so I think

493

00:23:57,830 --> 00:23:54,930

if we if we find a portal you gotta go

494

00:23:59,240 --> 00:23:57,840

pee I mean at this point I do when we

495

00:24:03,860 --> 00:23:59,250

round Sedona we gotta if you find a

496

00:24:06,170 --> 00:24:03,870

portal out there I know I you know that

497

00:24:07,670 --> 00:24:06,180

means he's just kind of like freaky

498

00:24:09,260 --> 00:24:07,680

scary stories you don't really want to

499

00:24:12,860 --> 00:24:09,270

walk through one then next thing you

500

00:24:15,320 --> 00:24:12,870

know you're in the the 1700s it's this

501
00:24:17,960 --> 00:24:15,330
not good yeah it's not something you can

502
00:24:19,880 --> 00:24:17,970
easily just wait out you're kind of

503
00:24:24,650 --> 00:24:19,890
screwed at that point it's funny we were

504
00:24:27,620 --> 00:24:24,660
having a conversation like was it Friday

505
00:24:31,490 --> 00:24:27,630
night Thursday night it's me gram and

506
00:24:37,190 --> 00:24:31,500
her buddy Jerry like about time and then

507
00:24:39,050 --> 00:24:37,200
so if if time was it's almost like like

508
00:24:42,770 --> 00:24:39,060
like they're like bubbles so if these

509
00:24:45,110 --> 00:24:42,780
bubbles are connected because you're

510
00:24:47,660 --> 00:24:45,120
only in control of your bubble you know

511
00:24:50,180 --> 00:24:47,670
that like you exist time exists in your

512
00:24:52,460 --> 00:24:50,190
space so these bubbles are connecting

513
00:24:54,800 --> 00:24:52,470

like if you know soap bubbles like Holly

514

00:24:56,450 --> 00:24:54,810

some are bigger some are smaller these

515

00:24:59,060 --> 00:24:56,460

little dimensions that connect each

516

00:25:00,890 --> 00:24:59,070

other you know and then sometimes they

517

00:25:03,110 --> 00:25:00,900

overlap and you actually you can burst

518

00:25:07,220 --> 00:25:03,120

into that bubble you know secondary

519

00:25:08,300 --> 00:25:07,230

bubble so it seems like like that what

520

00:25:10,970 --> 00:25:08,310

they were seeing yeah like the

521

00:25:13,279 --> 00:25:10,980

shimmering light this like

522

00:25:15,889 --> 00:25:13,289

this view into another air in another

523

00:25:18,619 --> 00:25:15,899

space time and space you know it's like

524

00:25:21,049 --> 00:25:18,629

these bubbles were intersecting at that

525

00:25:25,159 --> 00:25:21,059

point in time she kind of seems like it

526

00:25:27,680 --> 00:25:25,169

well it'd be go back to like an element

527

00:25:29,570 --> 00:25:27,690

in the that I can't think what in one of

528

00:25:34,129 --> 00:25:29,580

the later chapters of the skinwalker

529

00:25:36,680 --> 00:25:34,139

ranch book they hire remote viewers to

530

00:25:40,070 --> 00:25:36,690

do the remote viewing session on the

531

00:25:43,279 --> 00:25:40,080

skinwalker ranch and one of the remote

532

00:25:48,830 --> 00:25:43,289

viewers said he got the impression that

533

00:25:53,749 --> 00:25:48,840

there was a mesh like a metal mesh

534

00:25:56,419 --> 00:25:53,759

netting just under the surface of of the

535

00:25:58,340 --> 00:25:56,429

ranch and he got the impression that

536

00:26:00,950 --> 00:25:58,350

below that there was a structure and

537

00:26:05,720 --> 00:26:00,960

that the the mesh netting could be

538

00:26:07,609 --> 00:26:05,730

electrified Wow so if electricity is a

539

00:26:11,659 --> 00:26:07,619

key component here for manipulating

540

00:26:13,909 --> 00:26:11,669

portals as positioned by the earlier

541

00:26:15,830 --> 00:26:13,919

theory but in conjunction with the

542

00:26:18,769 --> 00:26:15,840

natural environment and certain rock

543

00:26:21,470 --> 00:26:18,779

deposits and and all that so if they get

544

00:26:23,509 --> 00:26:21,480

if somebody did install a mesh netting

545

00:26:26,359 --> 00:26:23,519

that down there like the military they

546

00:26:28,129 --> 00:26:26,369

could potentially manipulate the portals

547

00:26:30,919 --> 00:26:28,139

or at least choose if you pump enough

548

00:26:33,769 --> 00:26:30,929

juice at something it might not react or

549

00:26:35,029 --> 00:26:33,779

provoke a portal into occurring you know

550

00:26:37,099 --> 00:26:35,039

it might not be able to control where

551
00:26:41,060 --> 00:26:37,109
the portal goes to but may able to

552
00:26:43,580 --> 00:26:41,070
control if one opens and that certainly

553
00:26:45,289 --> 00:26:43,590
would explain it certainly would explain

554
00:26:48,889 --> 00:26:45,299
some of the activity around skinwalker

555
00:26:52,070 --> 00:26:48,899
ranch when it comes to a direwolf be

556
00:26:55,820 --> 00:26:52,080
like a giant like an extinct dire wolf

557
00:26:58,399 --> 00:26:55,830
coming through interacting with some of

558
00:27:01,580 --> 00:26:58,409
the livestock and not really being

559
00:27:03,859 --> 00:27:01,590
affected or just kind of seen out of

560
00:27:05,869 --> 00:27:03,869
place or some of this other strange

561
00:27:08,210 --> 00:27:05,879
creatures that we're seeing in and

562
00:27:11,389 --> 00:27:08,220
around skinwalker ranch whether it is

563
00:27:14,960 --> 00:27:11,399

upright like a traditional dog mane type

564

00:27:16,909 --> 00:27:14,970

of creature or or the the invisible

565

00:27:18,669 --> 00:27:16,919

predator kind of creatures you open up a

566

00:27:21,409 --> 00:27:18,679

portal god knows what you're gonna get

567

00:27:23,040 --> 00:27:21,419

daddy you might get daddy coming through

568

00:27:27,680 --> 00:27:23,050

there uh-huh

569

00:27:31,700 --> 00:27:30,030

well if I go to the portal game with

570

00:27:34,440 --> 00:27:31,710

friends a little bit better ending

571

00:27:36,690 --> 00:27:34,450

hopefully please take me through the

572

00:27:40,080 --> 00:27:36,700

portal where Game of Thrones is okay and

573

00:27:43,020 --> 00:27:40,090

that last Jedi never occurred okay I

574

00:27:44,340 --> 00:27:43,030

listened to that show we last night and

575

00:27:45,450 --> 00:27:44,350

I didn't know that you were talking

576

00:27:47,790 --> 00:27:45,460

about that Kit Harrington

577

00:27:51,660 --> 00:27:47,800

being in like rehab and [\h__\h] yeah he was

578

00:27:52,860 --> 00:27:51,670

yeah I did not know that it has to be

579

00:27:56,820 --> 00:27:52,870

some kind of stunt no one could be that

580

00:27:59,640 --> 00:27:56,830

much of just booze and depression or

581

00:28:01,740 --> 00:27:59,650

something hey James can you turn down

582

00:28:02,970 --> 00:28:01,750

your your output a little bit you're

583

00:28:05,540 --> 00:28:02,980

coming both you're coming through a

584

00:28:09,270 --> 00:28:05,550

little hot coming through hot all right

585

00:28:12,690 --> 00:28:09,280

thank you yeah I think so a little bit

586

00:28:16,710 --> 00:28:12,700

little touch thank you

587

00:28:22,049 --> 00:28:20,430

as for for kid Harrington you know I I

588

00:28:23,730 --> 00:28:22,059

give people a break on that stuff if you

589

00:28:25,440 --> 00:28:23,740

must go to rehab even if he just wants

590

00:28:26,880 --> 00:28:25,450

to go for a vacation you know that's

591

00:28:29,850 --> 00:28:26,890

fine but I thought he went because he

592

00:28:32,100 --> 00:28:29,860

didn't like the ending ursa I don't know

593

00:28:34,140 --> 00:28:32,110

I mean we were joking around about that

594

00:28:36,960 --> 00:28:34,150

but I'm sure just being on that TV show

595

00:28:40,350 --> 00:28:36,970

was was stressful enough probably drove

596

00:28:42,120 --> 00:28:40,360

him to drink I got a lot of money to a

597

00:28:44,520 --> 00:28:42,130

lot of drugs I don't know what he's

598

00:28:46,289 --> 00:28:44,530

making per episode but a lot I didn't

599

00:28:48,600 --> 00:28:46,299

matter I'll look it up probably at least

600

00:28:52,310 --> 00:28:48,610

two or three dollars in episode who

601
00:28:57,490 --> 00:28:54,940
that show for spare

602
00:29:00,970 --> 00:28:57,500
yeah does anybody now open up the phone

603
00:29:03,430 --> 00:29:00,980
lines right now 6 1 4 3 8 8 9 1 o 9 like

604
00:29:05,650 --> 00:29:03,440
I I haven't really heard anything new

605
00:29:09,220 --> 00:29:05,660
from David Politis in a way in a while

606
00:29:11,350 --> 00:29:09,230
I've I got his newest book and I don't

607
00:29:15,760 --> 00:29:11,360
know if he is starting to talk about

608
00:29:17,410 --> 00:29:15,770
theories at this point and has he danced

609
00:29:20,910 --> 00:29:17,420
around the subject of dimensional

610
00:29:23,950 --> 00:29:20,920
portals because I my understanding that

611
00:29:26,380 --> 00:29:23,960
at this point when you have stories like

612
00:29:28,180 --> 00:29:26,390
the one I just told and then you connect

613
00:29:30,940 --> 00:29:28,190

it to some of the weird activity of

614

00:29:35,170 --> 00:29:30,950

skinwalker ranch is definitely very

615

00:29:37,420 --> 00:29:35,180

similar vibe to some of this stuff and a

616

00:29:38,860 --> 00:29:37,430

portal or at least a dimensional shift

617

00:29:41,980 --> 00:29:38,870

would explain that I don't think it's

618

00:29:44,020 --> 00:29:41,990

just Bigfoot up in nabbing people not

619

00:29:47,440 --> 00:29:44,030

listen but wanders through a portal and

620

00:29:49,300 --> 00:29:47,450

nab somebody yeah I got the actual the

621

00:29:51,970 --> 00:29:49,310

the money details real quick yeah this

622

00:29:53,140 --> 00:29:51,980

year well no she makes okay so Tyrion

623

00:29:54,730 --> 00:29:53,150

Lannister okay

624

00:29:57,310 --> 00:29:54,740

Tyrion Jaime and Cersei Lannister

625

00:29:59,530 --> 00:29:57,320

Daenerys and Jon Snow all made a million

626
00:30:02,650 --> 00:29:59,540
dollars per episode and that's from 17

627
00:30:05,140 --> 00:30:02,660
to 18 whoa giving me an Ivor

628
00:30:11,680 --> 00:30:05,150
I don't know if they made before that

629
00:30:15,040 --> 00:30:11,690
but there one 666 is 210 73 episode so

630
00:30:28,870 --> 00:30:26,620
a caller you are on the air I turn your

631
00:30:30,790 --> 00:30:28,880
radio down turn your radio up if you're

632
00:30:33,220 --> 00:30:30,800
gonna call turn your radio up so we can

633
00:30:38,340 --> 00:30:33,230
hear how amazing the show is or isn't

634
00:30:41,160 --> 00:30:39,840
so they made a million dollars per

635
00:30:43,440 --> 00:30:41,170
episode and they're pretty much making

636
00:30:45,810 --> 00:30:43,450
almost eight million a year yeah give or

637
00:30:48,600 --> 00:30:45,820
take the mostly eight episodes per

638
00:30:50,010 --> 00:30:48,610

season and then they were doing ten but

639

00:30:51,420 --> 00:30:50,020

they only let that only lasted for like

640

00:30:54,790 --> 00:30:51,430

the last two seasons so they made a

641

00:30:58,890 --> 00:30:56,669

nothing to sneeze that clown baby

642

00:31:05,530 --> 00:30:58,900

nothing

643

00:31:10,690 --> 00:31:08,049

but we don't know what is the point of

644

00:31:15,210 --> 00:31:10,700

this this man claims he has been to the

645

00:31:17,870 --> 00:31:15,220

year five thousand usually he hung up

646

00:31:25,580 --> 00:31:17,880

father

647

00:31:27,860 --> 00:31:25,590

no no okay they called up have to

648

00:31:29,170 --> 00:31:27,870

communicate then they're attempting to

649

00:31:35,480 --> 00:31:29,180

communicate that's right Bill Clinton

650

00:31:37,850 --> 00:31:35,490

daddy you know if daddy it was on the

651
00:31:39,620 --> 00:31:37,860
phone bill he hung up he didn't want to

652
00:31:44,340 --> 00:31:39,630
talk to us

653
00:31:50,590 --> 00:31:46,540
James give me your best there is thus

654
00:31:52,710 --> 00:31:50,600
far dimensional portals real fake fact

655
00:31:56,830 --> 00:31:52,720
or fiction go

656
00:31:58,960 --> 00:31:56,840
the real okay I think I mean yeah I'm

657
00:32:00,940 --> 00:31:58,970
gonna say they're real I'm on board

658
00:32:05,560 --> 00:32:00,950
in fact I think that might be my go-to

659
00:32:07,510 --> 00:32:05,570
theory right now for missing for 11 at

660
00:32:10,830 --> 00:32:07,520
this point is some sort of dimensional

661
00:32:15,400 --> 00:32:10,840
portal that definitely links together

662
00:32:16,960 --> 00:32:15,410
actually the actual person who is in the

663
00:32:20,560 --> 00:32:16,970

environment the person is very critical

664

00:32:23,710 --> 00:32:20,570

year very critical I was do just talk my

665

00:32:26,020 --> 00:32:23,720

memory um he's he's gonna be a cryptic

666

00:32:29,140 --> 00:32:26,030

on again this year I want to be going to

667

00:32:31,660 --> 00:32:29,150

that yeah so what does he's talking any

668

00:32:34,930 --> 00:32:31,670

new material yeah when is that and where

669

00:32:40,410 --> 00:32:34,940

is it it's going to be in Frankfort

670

00:32:44,850 --> 00:32:42,940

7th through the 9th I think it is it's

671

00:32:48,820 --> 00:32:44,860

like that weekend is right around there

672

00:32:50,920 --> 00:32:48,830

well I mean now I live in Arizona I know

673

00:32:54,990 --> 00:32:50,930

that I would have went anyways but now I

674

00:33:01,900 --> 00:32:58,750

but yeah so they changed locations this

675

00:33:05,530 --> 00:33:01,910

year but uh it should be pretty cool man

676

00:33:07,030 --> 00:33:05,540

I think we got a big uh get a good group

677

00:33:09,040 --> 00:33:07,040

of people going again this year so

678

00:33:11,650 --> 00:33:09,050

should be yeah I kind of regret not

679

00:33:15,070 --> 00:33:11,660

going last time but just so lazy man

680

00:33:18,700 --> 00:33:15,080

times now dude yeah it was pretty it was

681

00:33:20,290 --> 00:33:18,710

a pretty cool time but um this time this

682

00:33:25,780 --> 00:33:20,300

this year we're gonna actually get a

683

00:33:27,070 --> 00:33:25,790

booth and stuff so yeah pretty crazy but

684

00:33:29,560 --> 00:33:27,080

we're thinking of like things to do at

685

00:33:31,000 --> 00:33:29,570

the booth like like have like a ramen

686

00:33:34,420 --> 00:33:31,010

station or something you know just

687

00:33:36,010 --> 00:33:34,430

something crystal wall if I send you

688

00:33:40,920 --> 00:33:36,020

Pringles will you give away Pringles for

689

00:33:43,150 --> 00:33:40,930

me movie is awesome yeah okay put little

690

00:33:45,160 --> 00:33:43,160

advertisements for the show and stuff

691

00:33:46,480 --> 00:33:45,170

yeah yeah absolutely I'll send you a

692

00:33:48,970 --> 00:33:46,490

bunch of stuff and if you wouldn't mind

693

00:33:57,440 --> 00:33:48,980

giving away Pringles dude totally yeah

694

00:34:01,140 --> 00:34:00,090

we could move on to something else know

695

00:34:03,960 --> 00:34:01,150

if you guys are gonna stick around stick

696

00:34:05,490 --> 00:34:03,970

on the portal thing but Lumbee you got

697

00:34:08,390 --> 00:34:05,500

you would want to wind down with

698

00:34:21,740 --> 00:34:08,400

anything you want to move on huh

699

00:34:29,310 --> 00:34:21,750

but the portal now yeah hello caller

700

00:34:29,670 --> 00:34:29,320

hello hey what's going on just watch the

701
00:34:34,530 --> 00:34:29,680
show

702
00:34:36,140 --> 00:34:34,540
oh yeah we're just chilling did you call

703
00:34:39,840 --> 00:34:36,150
a couple times and hang up on us

704
00:34:42,150 --> 00:34:39,850
um someone else did yes but not myself

705
00:34:43,010 --> 00:34:42,160
particular yes not yourself what's your

706
00:34:46,680 --> 00:34:43,020
name

707
00:34:48,330 --> 00:34:46,690
lan hey nice to talk to you so do you

708
00:34:50,910 --> 00:34:48,340
believe in dimensional portals do you

709
00:34:52,830 --> 00:34:50,920
believe in in the environment being able

710
00:34:55,280 --> 00:34:52,840
to create a portal that people can step

711
00:34:58,100 --> 00:34:55,290
through or things can come out of

712
00:35:00,990 --> 00:34:58,110
particularly there may be egregores like

713
00:35:03,900 --> 00:35:01,000

you know thought dimensions are thought

714

00:35:05,420 --> 00:35:03,910

you know things but not I don't know you

715

00:35:09,030 --> 00:35:05,430

know you never know with these things

716

00:35:10,950 --> 00:35:09,040

hi I am you know if you were to ask me a

717

00:35:13,980 --> 00:35:10,960

five years ago about interdimensional

718

00:35:15,660 --> 00:35:13,990

portal spontaneously bursting open and

719

00:35:17,010 --> 00:35:15,670

people being able to step through them

720

00:35:19,890 --> 00:35:17,020

and never be seen again I would have

721

00:35:23,160 --> 00:35:19,900

said no way in hell but at this point

722

00:35:25,170 --> 00:35:23,170

I've read enough stories and there's I

723

00:35:27,870 --> 00:35:25,180

think there's enough interesting not

724

00:35:29,910 --> 00:35:27,880

directly concrete evidence or proof but

725

00:35:31,860 --> 00:35:29,920

there's some anecdotal stuff I'm on

726

00:35:34,350 --> 00:35:31,870

board with it especially when you see

727

00:35:38,070 --> 00:35:34,360

like pictures of UFOs popping in and out

728

00:35:40,080 --> 00:35:38,080

of our reality I think there's there's

729

00:35:42,480 --> 00:35:40,090

something to it there's a naturally

730

00:35:45,720 --> 00:35:42,490

occurring phenomenon and I think that

731

00:35:47,370 --> 00:35:45,730

that phenomenon can be harnessed or at

732

00:35:51,330 --> 00:35:47,380

least technology could be wrapped around

733

00:35:53,700 --> 00:35:51,340

it and used I agree I mean these but DC

734

00:35:56,190 --> 00:35:53,710

UFOs I mean are they necessarily you

735

00:35:58,380 --> 00:35:56,200

know aircraft has been from a billion

736

00:36:00,690 --> 00:35:58,390

miles per hour you know come for another

737

00:36:04,170 --> 00:36:00,700

light years gazillions or could they be

738

00:36:05,940 --> 00:36:04,180

possibly interdimensional you know type

739

00:36:08,359 --> 00:36:05,950

of beings I mean I don't know you know

740

00:36:10,910 --> 00:36:08,369

these things are or some other things

741

00:36:12,920 --> 00:36:10,920

if you get into medical physical or

742

00:36:15,200 --> 00:36:12,930

spiritual means yeah

743

00:36:16,579 --> 00:36:15,210

I'm I'm actually I'm glad you brought up

744

00:36:20,479 --> 00:36:16,589

that point I'm gonna talk about that

745

00:36:24,529 --> 00:36:20,489

here in a second you got anything else

746

00:36:27,170 --> 00:36:24,539

for his buddy um no what's there so

747

00:36:28,670 --> 00:36:27,180

thank you for kickoff amen

748

00:36:31,249 --> 00:36:28,680

thank you for calling in and listening

749

00:36:32,509 --> 00:36:31,259

it's my first time so thank you so much

750

00:36:35,150 --> 00:36:32,519

go back in again man

751

00:36:38,809 --> 00:36:35,160

all right how about you this isn't

752

00:36:40,910 --> 00:36:38,819

portal this through that portal I'm glad

753

00:36:42,709 --> 00:36:40,920

he brought that up on the on the show I

754

00:36:44,809 --> 00:36:42,719

did this morning there was somebody in

755

00:36:47,509 --> 00:36:44,819

chat saying hey this is a good show but

756

00:36:49,789 --> 00:36:47,519

these guys are just a little behind the

757

00:36:52,130 --> 00:36:49,799

obedient podcast they just don't know a

758

00:36:53,450 --> 00:36:52,140

lot they're just not in the know we

759

00:36:54,589 --> 00:36:53,460

don't know a lot of stuff because we

760

00:36:57,049 --> 00:36:54,599

were talking about I don't know what we

761

00:36:59,690 --> 00:36:57,059

were talking about at that point we're

762

00:37:02,539 --> 00:36:59,700

talking about UFOs and I think use this

763

00:37:05,690 --> 00:37:02,549

insinuating in the chat that the the

764

00:37:08,930 --> 00:37:05,700

UFOs that people see that they're

765

00:37:13,039 --> 00:37:08,940

actually demons and/or they're not

766

00:37:14,749 --> 00:37:13,049

aliens from another star system and I

767

00:37:17,839 --> 00:37:14,759

there's not a lot of proof of that yet

768

00:37:21,859 --> 00:37:17,849

I'm of the opinion that it's a mixture

769

00:37:23,509 --> 00:37:21,869

of things that there could be UFOs that

770

00:37:26,900 --> 00:37:23,519

visit us from different star systems

771

00:37:29,509 --> 00:37:26,910

there could be interdimensional or alter

772

00:37:32,299 --> 00:37:29,519

terrestrial beings and or they could be

773

00:37:34,940 --> 00:37:32,309

demons and that whatever the military

774

00:37:37,219 --> 00:37:34,950

does roll out that it is going to be a

775

00:37:40,160 --> 00:37:37,229

managed experience it's going to be like

776

00:37:42,799 --> 00:37:40,170

an alien false flag an alien though you

777

00:37:44,839 --> 00:37:42,809

know a Project Blue Beam scenario and I

778

00:37:46,459 --> 00:37:44,849

urge people if you are new to the show

779

00:37:48,019 --> 00:37:46,469

go back through the archives take a

780

00:37:51,289 --> 00:37:48,029

listen to some of the older stuff we

781

00:37:54,890 --> 00:37:51,299

have I definitely have addressed a lot

782

00:37:56,479 --> 00:37:54,900

of these things and this was kind of

783

00:37:59,839 --> 00:37:56,489

interesting about it and kind of scary

784

00:38:02,390 --> 00:37:59,849

like if they are art nuts and bolt Eric

785

00:38:05,239 --> 00:38:02,400

nuts and bolt aircrafts and their their

786

00:38:07,219 --> 00:38:05,249

ultra stress drills and or demons that's

787

00:38:10,969 --> 00:38:07,229

terrifying James I'm scared I'm peeing

788

00:38:14,690 --> 00:38:10,979

in my pants see and it only makes common

789

00:38:22,080 --> 00:38:18,480

there's just so many things that relate

790

00:38:27,690 --> 00:38:22,090

like this day and age to all these

791

00:38:30,570 --> 00:38:27,700

stories you know with the amount of data

792

00:38:34,410 --> 00:38:30,580

we consume you know and media stuff like

793

00:38:36,930 --> 00:38:34,420

that and how all it all relates to one

794

00:38:39,420 --> 00:38:36,940

another like and we I know we got

795

00:38:40,950 --> 00:38:39,430

another story here about creating the

796

00:38:42,990 --> 00:38:40,960

Tulpa and this guy was just kind of

797

00:38:45,600 --> 00:38:43,000

explaining that situation where it's

798

00:38:49,200 --> 00:38:45,610

like a thought forms manifest you know

799

00:38:54,000 --> 00:38:49,210

it out of thin air and and maybe that's

800

00:38:56,990 --> 00:38:54,010

also you know that's a with the area

801
00:39:00,390 --> 00:38:57,000
with the portal or whatever no that's a

802
00:39:02,820 --> 00:39:00,400
pseudo sacred area native air you know

803
00:39:06,300 --> 00:39:02,830
maybe there's just some weird energy

804
00:39:08,100 --> 00:39:06,310
there you know and you feel a little

805
00:39:10,350 --> 00:39:08,110
different there and then the mindset

806
00:39:12,300 --> 00:39:10,360
gets sunk in and something happened

807
00:39:14,100 --> 00:39:12,310
these Indian dudes a long time ago then

808
00:39:16,410 --> 00:39:14,110
the story gets passed on and on and on

809
00:39:17,790 --> 00:39:16,420
and you're thinking you're going

810
00:39:20,160 --> 00:39:17,800
treasure hunting and then next thing you

811
00:39:25,500 --> 00:39:20,170
know you're looking in a different world

812
00:39:27,780 --> 00:39:25,510
that's right I so the top a thing I'll

813
00:39:29,280 --> 00:39:27,790

have to invade this because I have I

814

00:39:32,790 --> 00:39:29,290

haven't had a chance to talk about this

815

00:39:35,130 --> 00:39:32,800

yet but this kind of goes into

816

00:39:37,500 --> 00:39:35,140

everything he goes into propaganda goes

817

00:39:40,080 --> 00:39:37,510

into what we're seeing and it goes into

818

00:39:41,340 --> 00:39:40,090

the human consciousness and UFO

819

00:39:44,190 --> 00:39:41,350

experience everything experience so the

820

00:39:46,470 --> 00:39:44,200

the top of research in there's link in

821

00:39:50,160 --> 00:39:46,480

the description it was a group of

822

00:39:54,300 --> 00:39:50,170

researchers back in the 1970s tried to

823

00:39:56,910 --> 00:39:54,310

conjure up a person out of thin air and

824

00:39:59,250 --> 00:39:56,920

I Marie if you read that please correct

825

00:40:01,590 --> 00:39:59,260

me if I'm wrong James because what they

826

00:40:04,020 --> 00:40:01,600

did is that they gave this fictional

827

00:40:06,810 --> 00:40:04,030

entity or fictional person a name they

828

00:40:11,190 --> 00:40:06,820

gave him personality attributes that

829

00:40:14,310 --> 00:40:11,200

gave a very detailed history a tragic

830

00:40:16,560 --> 00:40:14,320

story and they tried to then they

831

00:40:18,270 --> 00:40:16,570

meditated on this person and I think

832

00:40:22,080 --> 00:40:18,280

their goal was try to bring this person

833

00:40:23,970 --> 00:40:22,090

into existence and there's like I think

834

00:40:25,950 --> 00:40:23,980

eight of them in this group and nothing

835

00:40:27,840 --> 00:40:25,960

happened they meditated they they tried

836

00:40:30,030 --> 00:40:27,850

to will this person into existence and

837

00:40:32,070 --> 00:40:30,040

nothing happened about a year later the

838

00:40:34,170 --> 00:40:32,080

same group of people decided to do a

839

00:40:36,270 --> 00:40:34,180

seance and they try to they tried to

840

00:40:40,170 --> 00:40:36,280

contact this fictional person that they

841

00:40:42,300 --> 00:40:40,180

created the Year previous and during the

842

00:40:44,940 --> 00:40:42,310

seance they asked questions and the

843

00:40:47,790 --> 00:40:44,950

entity that was responding back with

844

00:40:50,490 --> 00:40:47,800

knocks was very accurate with his

845

00:40:54,390 --> 00:40:50,500

responses and it was this fictional

846

00:40:56,130 --> 00:40:54,400

person that they created on paper and as

847

00:40:58,260 --> 00:40:56,140

the as they asked the questions about

848

00:41:00,750 --> 00:40:58,270

this person's history that they made up

849

00:41:03,720 --> 00:41:00,760

it knocked back with the proper response

850

00:41:07,230 --> 00:41:03,730

and they tried this over and over again

851
00:41:10,590 --> 00:41:07,240
with different groups and other groups

852
00:41:12,360 --> 00:41:10,600
had similar results and there's a big

853
00:41:14,610 --> 00:41:12,370
thing online about Tulpas and being able

854
00:41:18,540 --> 00:41:14,620
to create one for yourself two to use

855
00:41:20,310 --> 00:41:18,550
one for your own benefit but with but I

856
00:41:22,190 --> 00:41:20,320
got out of the article is that the

857
00:41:25,620 --> 00:41:22,200
collective unconscious or our

858
00:41:28,830 --> 00:41:25,630
consciousness and our ability to Wilson

859
00:41:33,030 --> 00:41:28,840
we can will something to almost respond

860
00:41:37,710 --> 00:41:33,040
to us and so with us the global public

861
00:41:40,350 --> 00:41:37,720
being inundated with media it shapes

862
00:41:44,160 --> 00:41:40,360
what we are expecting so for constantly

863
00:41:46,170 --> 00:41:44,170

being inundated with that alien like the

864

00:41:48,060 --> 00:41:46,180

movies like Independence Day yeah like

865

00:41:51,060 --> 00:41:48,070

bad aliens that's constantly being

866

00:41:52,770 --> 00:41:51,070

brainwashed into us I think that feeds

867

00:41:55,680 --> 00:41:52,780

into our self our subconscious and

868

00:41:59,130 --> 00:41:55,690

that's what we are going to get out of

869

00:42:03,510 --> 00:41:59,140

of this it's I think that's that

870

00:42:06,600 --> 00:42:03,520

powerful and the the thoughts that we

871

00:42:09,060 --> 00:42:06,610

have and manifest under certain

872

00:42:12,390 --> 00:42:09,070

conditions yeah you get a whole city

873

00:42:13,740 --> 00:42:12,400

thinking crazy [h__h] like that and before

874

00:42:17,430 --> 00:42:13,750

you know it there's a fleet of UFOs

875

00:42:19,680 --> 00:42:17,440

above your city oh yeah I I think so and

876

00:42:22,830 --> 00:42:19,690

no qualms baby and I are gonna be going

877

00:42:24,540 --> 00:42:22,840

out to the desert and we're gonna go UFO

878

00:42:27,720 --> 00:42:24,550

watching next Friday

879

00:42:29,160 --> 00:42:27,730

Oh less than a week away dude you're

880

00:42:31,050 --> 00:42:29,170

making a trip out there that's awesome

881

00:42:35,310 --> 00:42:31,060

yeah we're going up to Sedona to do the

882

00:42:36,810 --> 00:42:35,320

night vision UFO sighting so I'm gonna

883

00:42:39,480 --> 00:42:36,820

talk to the person taking us out there

884

00:42:41,930 --> 00:42:39,490

I'm gonna ask her flat out listen don't

885

00:42:44,820 --> 00:42:41,940

[h__h] me I know a lot of things

886

00:42:49,590 --> 00:42:44,830

you've got to tell me and I'm gonna

887

00:42:51,660 --> 00:42:49,600

[h__h] stab laser pointer you better

888

00:42:55,050 --> 00:42:51,670

tell me I oh I want I'm curious to see

889

00:42:56,760 --> 00:42:55,060

does she is she going to meditate to

890

00:42:59,850 --> 00:42:56,770

bring these things in or does she just

891

00:43:03,450 --> 00:42:59,860

happen to see these legs in the sky at

892

00:43:05,850 --> 00:43:03,460

this point every night like I I got a no

893

00:43:07,620 --> 00:43:05,860

if she says I think about it I I think

894

00:43:09,960 --> 00:43:07,630

and I will them to come here then that

895

00:43:12,720 --> 00:43:09,970

will kind of confirm what I'm saying

896

00:43:16,080 --> 00:43:12,730

right now is that for me I believe that

897

00:43:19,260 --> 00:43:16,090

the the viewer us and our expectations

898

00:43:22,800 --> 00:43:19,270

will dictate what this UFO phenomenon

899

00:43:25,890 --> 00:43:22,810

will be you know our buddy Graham from

900

00:43:27,990 --> 00:43:25,900

Carr America like he runs like well he

901
00:43:30,180 --> 00:43:28,000
runs it but he's in a large group up

902
00:43:33,690 --> 00:43:30,190
there in Canada that does the see

903
00:43:36,510 --> 00:43:33,700
setting mm-hm and they're up there and

904
00:43:38,440 --> 00:43:36,520
then you know do these like camp outs

905
00:43:40,990 --> 00:43:38,450
and stuff and

906
00:43:42,370 --> 00:43:41,000
searching searching the skies I don't

907
00:43:46,089 --> 00:43:42,380
know if he's ever got to try the night

908
00:43:48,550 --> 00:43:46,099
vision but they'll project this Tulpa

909
00:43:51,460 --> 00:43:48,560
these good vibes sending these vibes out

910
00:43:54,579 --> 00:43:51,470
til hey come show yourself here the

911
00:43:58,089 --> 00:43:54,589
that's kind of that stuff works but it's

912
00:44:01,290 --> 00:43:58,099
kind of like the Steven Greer there's

913
00:44:05,849 --> 00:44:01,300

like a list of things that you do to

914

00:44:08,500 --> 00:44:05,859

summon a demon I mean a UFO yeah oh yeah

915

00:44:11,380 --> 00:44:08,510

dr. Steven Greer takes groups of people

916

00:44:13,300 --> 00:44:11,390

out to look at UFOs I mean I mean are

917

00:44:18,940 --> 00:44:13,310

you joking right you think that they are

918

00:44:20,589 --> 00:44:18,950

demons or you know that's a I guess well

919

00:44:23,440 --> 00:44:20,599

if we're talking about a Tulpa it's all

920

00:44:25,900 --> 00:44:23,450

how you look how your perception of it I

921

00:44:28,150 --> 00:44:25,910

don't think they're demons I just I mean

922

00:44:29,470 --> 00:44:28,160

if I if I think it's gonna be a demon

923

00:44:32,319 --> 00:44:29,480

then guess what's probably gonna pop up

924

00:44:34,390 --> 00:44:32,329

I'm on the [h__\h] demon yeah yeah it

925

00:44:36,940 --> 00:44:34,400

could be I mean I don't know about a

926
00:44:40,540 --> 00:44:36,950
dragon-type demon you know but a I don't

927
00:44:43,059 --> 00:44:40,550
know like if I'm thinking say if I was

928
00:44:44,710 --> 00:44:43,069
super hardcore religious and I saw in

929
00:44:46,089 --> 00:44:44,720
these it'd be pretty mind shattering you

930
00:44:47,559 --> 00:44:46,099
probably would think it's a demon or

931
00:44:51,460 --> 00:44:47,569
something I don't know either yes or

932
00:44:52,920 --> 00:44:51,470
father yes it's my dad yes it's flying

933
00:44:55,900 --> 00:44:52,930
around Oh daddy

934
00:44:57,730 --> 00:44:55,910
so when Graham was it was a grand that

935
00:44:59,620 --> 00:44:57,740
was up there yeah Graham he was out

936
00:45:05,620 --> 00:44:59,630
there in the woods was with a bunch of

937
00:45:09,160 --> 00:45:05,630
guys doing god-knows-what and jerk in

938
00:45:10,210 --> 00:45:09,170

the wing the second the we know we don't

939

00:45:10,660 --> 00:45:10,220

know what those guys are doing out in

940

00:45:11,980 --> 00:45:10,670

the woods

941

00:45:21,640 --> 00:45:11,990

they said they were playing with their

942

00:45:25,089 --> 00:45:21,650

tupis skin flutes I'm right there with

943

00:45:27,309 --> 00:45:25,099

you that it's very important to remain

944

00:45:30,280 --> 00:45:27,319

positive about this stuff and if you if

945

00:45:33,040 --> 00:45:30,290

you fear it if there is a fear with it I

946

00:45:36,090 --> 00:45:33,050

think that will overtake you and that's

947

00:45:39,240 --> 00:45:36,100

what you're going to get out of it

948

00:45:41,940 --> 00:45:39,250

and I and that's why everything that

949

00:45:44,130 --> 00:45:41,950

they that Hollywood puts out about alien

950

00:45:45,990 --> 00:45:44,140

invasions and all that kind of stuff is

951
00:45:48,090 --> 00:45:46,000
that's not the best frame of mind that

952
00:45:49,590 --> 00:45:48,100
you want to be in when you're

953
00:45:51,900 --> 00:45:49,600
considering the when you're considering

954
00:45:56,280 --> 00:45:51,910
the possibility that we are being

955
00:45:59,460 --> 00:45:56,290
visited by some intelligence and I I

956
00:46:02,580 --> 00:45:59,470
think it's a perfectly a perfectly

957
00:46:05,690 --> 00:46:02,590
logical thing to think about that being

958
00:46:10,080 --> 00:46:05,700
an alien false-flag a managed

959
00:46:11,850 --> 00:46:10,090
introduction to this new type of

960
00:46:14,380 --> 00:46:11,860
technology I think that's what's gonna

961
00:46:18,590 --> 00:46:14,390
happen at some point

962
00:46:20,570 --> 00:46:18,600
hi-yah so much going on six one four

963
00:46:24,190 --> 00:46:20,580

three eight eight nine 109 we'll stick

964

00:46:27,290 --> 00:46:24,200

around for a little while longer

965

00:46:32,090 --> 00:46:27,300

that whole pulpit thing or is it tupola

966

00:46:36,310 --> 00:46:32,100

or Papa I say tall Papa is tul yeah

967

00:46:39,530 --> 00:46:36,320

people yeah there's a whole bunch of I

968

00:46:43,460 --> 00:46:39,540

think there's a whole community based on

969

00:46:45,590 --> 00:46:43,470

it there's instructions on how to on how

970

00:46:46,790 --> 00:46:45,600

to do this I read through it a little

971

00:46:49,940 --> 00:46:46,800

bit

972

00:46:53,120 --> 00:46:49,950

I didn't dip my toes in the water too

973

00:46:55,760 --> 00:46:53,130

much I was I mean I try to learn a

974

00:46:58,130 --> 00:46:55,770

little bit about everything I am by no

975

00:47:01,520 --> 00:46:58,140

means an expert on any of this stuff I

976

00:47:04,070 --> 00:47:01,530

try to just sample a little bit and try

977

00:47:05,360 --> 00:47:04,080

to weave it together but there are some

978

00:47:07,370 --> 00:47:05,370

people out there were with there's just

979

00:47:11,660 --> 00:47:07,380

a lot of hard core knowledge about

980

00:47:16,520 --> 00:47:13,910

it's tough to be an expert in any one of

981

00:47:19,460 --> 00:47:16,530

these things that's the beauty of a talk

982

00:47:21,790 --> 00:47:19,470

show you talk about it oh yeah just make

983

00:47:24,520 --> 00:47:21,800

stuff up instead of being some

984

00:47:27,980 --> 00:47:24,530

standalone expert in something which is

985

00:47:30,050 --> 00:47:27,990

yeah that's good too I guess

986

00:47:33,620 --> 00:47:30,060

yeah I mean you that it serves a purpose

987

00:47:35,390 --> 00:47:33,630

- yeah I'm a generalist there you go I'm

988

00:47:39,230 --> 00:47:35,400

a descendant know a little bit about

989

00:47:41,380 --> 00:47:39,240

everything and that's all I need

990

00:47:43,670 --> 00:47:41,390

I do just fine with that I think maybe

991

00:47:45,620 --> 00:47:43,680

I've had enough problems without that

992

00:47:49,820 --> 00:47:45,630

one oh yeah thank you Bill thank you

993

00:47:51,530 --> 00:47:49,830

Bill um you do have that that Mothman

994

00:47:53,690 --> 00:47:51,540

story I don't know if I didn't even I

995

00:47:55,130 --> 00:47:53,700

didn't take a look at that me neither

996

00:47:58,810 --> 00:47:55,140

hadn't read that yeah me they'll say

997

00:48:01,790 --> 00:47:58,820

that I mean some kid something Mothman

998

00:48:04,130 --> 00:48:01,800

it's a kid had an encounter with my man

999

00:48:06,860 --> 00:48:04,140

Tommy did you have some I sent one

1000

00:48:16,730 --> 00:48:06,870

didn't seem like talkin psycho super in

1001
00:48:19,670 --> 00:48:16,740
Australia another poop story Jeff okay

1002
00:48:22,490 --> 00:48:19,680
let's list what we're gonna wind down

1003
00:48:24,650 --> 00:48:22,500
the show with with this one

1004
00:48:28,760 --> 00:48:24,660
what do you think I think we should go

1005
00:48:31,859 --> 00:48:28,770
yeah hamburgers and a poop story hot

1006
00:48:39,150 --> 00:48:35,609
say that once I that that's I was

1007
00:48:42,569 --> 00:48:39,160
looking at uh those stories on I found

1008
00:48:46,950 --> 00:48:42,579
that one about NASA running the

1009
00:48:49,710 --> 00:48:46,960
simulation on what would get hit the

1010
00:48:52,739 --> 00:48:49,720
asteroid simulation or whatever it it

1011
00:48:55,019 --> 00:48:52,749
didn't set instead of uh like Denver

1012
00:48:55,680 --> 00:48:55,029
area ends up being like smack-dab in

1013
00:48:58,950 --> 00:48:55,690

Central Park

1014

00:49:03,690 --> 00:48:58,960

it's blasted by an asteroid really yeah

1015

00:49:06,079 --> 00:49:03,700

I put it in this Court yeah I'll read

1016

00:49:09,239 --> 00:49:06,089

that make it that right a baby fine

1017

00:49:12,680 --> 00:49:09,249

simulated asteroid response saves Denver

1018

00:49:15,839 --> 00:49:12,690

destroys New York City that's nice

1019

00:49:18,180 --> 00:49:15,849

fantastic no your keys kind of old you

1020

00:49:21,329 --> 00:49:18,190

know kind of means it it really it

1021

00:49:23,249 --> 00:49:21,339

really has been insurance policy and if

1022

00:49:24,989 --> 00:49:23,259

they broke apart multiple asteroids I

1023

00:49:26,430 --> 00:49:24,999

mean it would be multiple claims right

1024

00:49:30,059 --> 00:49:26,440

that's what I worked at 9/11 for the

1025

00:49:32,720 --> 00:49:30,069

twin towers they're just gonna deny the

1026

00:49:35,339 --> 00:49:32,730

claims as an act of God and that's that

1027

00:49:38,599 --> 00:49:35,349

that's that I'm trying to get the other

1028

00:49:41,519 --> 00:49:38,609

window up on the screen yeah it goes a

1029

00:49:44,569 --> 00:49:41,529

small asteroid to impact over New York

1030

00:49:48,059 --> 00:49:44,579

City's Central Park in ten days sounds

1031

00:49:51,390 --> 00:49:48,069

so reads the fake press release for day

1032

00:49:53,460 --> 00:49:51,400

five of the fictional impact event at

1033

00:49:58,319 --> 00:49:53,470

this year's planetary defense conference

1034

00:50:00,049 --> 00:49:58,329

ah space force hmm asteroid experts from

1035

00:50:03,239 --> 00:50:00,059

around the world gathered last week

1036

00:50:06,809 --> 00:50:03,249

spaceports try to save our planet from

1037

00:50:10,529 --> 00:50:06,819

assimilated celestial dues doom

1038

00:50:12,450 --> 00:50:10,539

they almost succeeded too but actually

1039

00:50:19,350 --> 00:50:12,460

managed to make things slightly worse

1040

00:50:23,490 --> 00:50:21,570

so it has a day-by-day it so it's like

1041

00:50:24,960 --> 00:50:23,500

ten days it's like a ten day countdown

1042

00:50:28,350 --> 00:50:24,970

and they have a description for like

1043

00:50:30,570 --> 00:50:28,360

each day and what would happen but did

1044

00:50:32,640 --> 00:50:30,580

they have in the 10 day countdown people

1045

00:50:35,550 --> 00:50:32,650

absolutely lose their [h__\h] and start oh

1046

00:50:37,680 --> 00:50:35,560

you know what's crazy is that in there

1047

00:50:39,360 --> 00:50:37,690

because of you like if it's a 10 day

1048

00:50:42,990 --> 00:50:39,370

countdown they give people ten days okay

1049

00:50:45,390 --> 00:50:43,000

in ten days shit's going down and you

1050

00:50:47,190 --> 00:50:45,400

could all die in New York did you you

1051

00:50:49,730 --> 00:50:47,200

think you could evacuate everyone in New

1052

00:50:52,620 --> 00:50:49,740

York City in ten days I'd hope so oh

1053

00:50:58,140 --> 00:50:52,630

yeah probably I don't know man

1054

00:51:00,630 --> 00:50:58,150

I'll help you I think you say teleport

1055

00:51:03,000 --> 00:51:00,640

him out of there with them [\h__\h] you'd

1056

00:51:05,250 --> 00:51:03,010

sent him off to skinwalker right yeah

1057

00:51:07,170 --> 00:51:05,260

tell the military to bomb the city

1058

00:51:10,740 --> 00:51:07,180

before the asteroid strikes no one

1059

00:51:12,810 --> 00:51:10,750

killed our citizens at our own yeah our

1060

00:51:13,620 --> 00:51:12,820

peoples us we're taking control the

1061

00:51:18,090 --> 00:51:13,630

situation

1062

00:51:22,020 --> 00:51:18,100

oh man well this is the article stay oh

1063

00:51:24,570 --> 00:51:22,030

you know it yeah if you want to read I

1064

00:51:27,480 --> 00:51:24,580

don't know but take a look at it real

1065

00:51:29,520 --> 00:51:27,490

quick I'm gonna play clown be you a clip

1066

00:51:33,000 --> 00:51:29,530

here I can't get it up on screen because

1067

00:51:35,040 --> 00:51:33,010

my my nice it's not working people I'm

1068

00:51:37,980 --> 00:51:35,050

gonna figure it out for next time but

1069

00:51:40,510 --> 00:51:37,990

this is the locals desperate to flesh

1070

00:51:43,810 --> 00:51:40,520

out serial pooper

1071

00:51:47,980 --> 00:51:43,820

come on looks like there's a video that

1072

00:51:53,980 --> 00:51:51,100

and here we go pounding the pavement in

1073

00:51:59,140 --> 00:51:53,990

Dulwich the man pauses to scout the

1074

00:52:02,650 --> 00:51:59,150

scene it's what happens next that's left

1075

00:52:06,130 --> 00:52:02,660

locals in disbelief we seem to have

1076
00:52:08,980 --> 00:52:06,140
mystery poor and it's not the first time

1077
00:52:10,810 --> 00:52:08,990
he's caused a lead ink for months

1078
00:52:14,200 --> 00:52:10,820
residents have noticed the unwelcome

1079
00:52:17,440 --> 00:52:14,210
parcels piling up in Brunswick Lane and

1080
00:52:21,460 --> 00:52:17,450
wondered who or what the culprit might

1081
00:52:23,920 --> 00:52:21,470
be it started out about Ferry and been

1082
00:52:26,620 --> 00:52:23,930
going frequently since every couple of

1083
00:52:28,270 --> 00:52:26,630
weeks generally there was a couple of

1084
00:52:31,300 --> 00:52:28,280
weeks where it's Tuesday Thursdays on

1085
00:52:33,160 --> 00:52:31,310
schedule perplexed and fed up of this

1086
00:52:36,220 --> 00:52:33,170
street being used as a toilet

1087
00:52:39,280 --> 00:52:36,230
locals set a trap installing security

1088
00:52:41,650 --> 00:52:39,290

cameras to catch the perpetrator in the

1089

00:52:45,130 --> 00:52:41,660

act they were shocked by what they'd

1090

00:52:48,010 --> 00:52:45,140

exposed a man defecating on the footpath

1091

00:52:49,300 --> 00:52:48,020

early in the morning going through the

1092

00:52:51,310 --> 00:52:49,310

footage couldn't believe what we were

1093

00:52:54,970 --> 00:52:51,320

actually watching it's just shock that

1094

00:52:57,640 --> 00:52:54,980

it was actually a human and what was

1095

00:53:00,220 --> 00:52:57,650

going through their head and this was

1096

00:53:03,010 --> 00:53:00,230

actually happening just as bizarre is

1097

00:53:05,770 --> 00:53:03,020

the security video which shows the same

1098

00:53:08,890 --> 00:53:05,780

man visiting the scene just hours before

1099

00:53:11,320 --> 00:53:08,900

being caught in the accident bears

1100

00:53:14,290 --> 00:53:11,330

striking similarities to cases in

1101
00:53:17,440 --> 00:53:14,300
Brisbane and Sydney residents at a loss

1102
00:53:20,230 --> 00:53:17,450
to explain why anyone would do it I'm

1103
00:53:22,540 --> 00:53:20,240
still confused just yeah I've got no

1104
00:53:24,880 --> 00:53:22,550
words for it it's retorted me about rage

1105
00:53:27,609 --> 00:53:24,890
police say they're powerless to do

1106
00:53:30,580 --> 00:53:27,619
anything unless an official complaint is

1107
00:53:33,070 --> 00:53:30,590
made locals are hoping someone might

1108
00:53:36,160 --> 00:53:33,080
recognize the man in the footage and

1109
00:53:38,230 --> 00:53:36,170
flush him out and until then and they

1110
00:53:44,500 --> 00:53:38,240
say please keep your business at home

1111
00:53:52,030 --> 00:53:47,470
this guy is on the prowl and destroying

1112
00:53:53,890 --> 00:53:52,040
sidewalks with his crap yeah Australia's

1113
00:53:56,950 --> 00:53:53,900

and that's probably like the most

1114

00:53:57,970 --> 00:53:56,960

complete and in-depth news coverage I've

1115

00:53:59,950 --> 00:53:57,980

heard and that they're doing in

1116

00:54:01,630 --> 00:53:59,960

Australia why don't we have this kind of

1117

00:54:02,770 --> 00:54:01,640

in-depth investigative reporting

1118

00:54:05,350 --> 00:54:02,780

happening here in a good old United

1119

00:54:09,030 --> 00:54:05,360

States the acronym Cooper happen you

1120

00:54:11,470 --> 00:54:09,040

know that is a legendary story yeah

1121

00:54:13,150 --> 00:54:11,480

isn't the obdam Hall of Fame

1122

00:54:14,500 --> 00:54:13,160

absolutely the hacker Cooper for people

1123

00:54:15,520 --> 00:54:14,510

who don't know you can I think you could

1124

00:54:18,250 --> 00:54:15,530

probably search through some of the

1125

00:54:21,040 --> 00:54:18,260

archives they could still be up yeah I

1126

00:54:23,910 --> 00:54:21,050

think so if not I will find the we can

1127

00:54:26,320 --> 00:54:23,920

find some people just like yeah episode

1128

00:54:28,330 --> 00:54:26,330

400 have the start of the acronym Cooper

1129

00:54:32,200 --> 00:54:28,340

it was chronicled I mean we covered that

1130

00:54:36,229 --> 00:54:32,210

story for weeks the guy was making them

1131

00:54:41,179 --> 00:54:38,269

jeez then there's something wrong with

1132

00:54:42,649 --> 00:54:41,189

you you're certainly not very good he's

1133

00:54:46,549 --> 00:54:42,659

the one who crapped on everything he was

1134

00:54:53,390 --> 00:54:46,559

just fine what were you asking clown

1135

00:54:57,589 --> 00:54:56,809

yep it is episode 421 the acronym and

1136

00:55:01,549 --> 00:54:57,599

it's on the website

1137

00:55:02,989 --> 00:55:01,559

oh yeah 13th May 30 2015 in four years

1138

00:55:07,290 --> 00:55:02,999

yes four years

1139

00:55:11,220 --> 00:55:08,340

do you guys say you guys want to get the

1140

00:55:13,290 --> 00:55:11,230

hay out of here well I was gonna give

1141

00:55:15,900 --> 00:55:13,300

you a rundown really what would happen

1142

00:55:18,630 --> 00:55:15,910

give me a rundown on if a meteor strikes

1143

00:55:23,250 --> 00:55:18,640

and there's a horde of simulated meteor

1144

00:55:24,870 --> 00:55:23,260

impact so suffice to say the simulation

1145

00:55:27,360 --> 00:55:24,880

played out like a bad game of Dungeons

1146

00:55:30,120 --> 00:55:27,370

and Dragons over the course of five days

1147

00:55:33,450 --> 00:55:30,130

the experts were given a daily updates

1148

00:55:35,910 --> 00:55:33,460

about the fictional asteroid and its

1149

00:55:38,790 --> 00:55:35,920

possible collision with earth their goal

1150

00:55:40,890 --> 00:55:38,800

to devise realistic plans to save our

1151

00:55:43,020 --> 00:55:40,900

world from a deadly impact this plays

1152

00:55:46,710 --> 00:55:43,030

out like one of them goddamn movies from

1153

00:55:51,840 --> 00:55:46,720

the 90s like was it Deep Impact or

1154

00:55:56,270 --> 00:55:51,850

whatever so here's a brief summary day 1

1155

00:55:59,940 --> 00:55:56,280

April 29th 2019 a seemingly innocuous

1156

00:56:02,390 --> 00:55:59,950

press release pops up not unlike the

1157

00:56:05,640 --> 00:56:02,400

kind you've probably skimmed over before

1158

00:56:08,370 --> 00:56:05,650

of yourself many times in the past about

1159

00:56:12,510 --> 00:56:08,380

a distant asteroid that has a 1% chance

1160

00:56:15,800 --> 00:56:12,520

of hitting earth in the future then say

1161

00:56:21,270 --> 00:56:15,810

April 29th 2027 the asteroid is roughly

1162

00:56:24,300 --> 00:56:21,280

30 330 to 1,000 feet in size so day to

1163

00:56:27,380 --> 00:56:24,310

the July 29th the proble probability of

1164

00:56:34,530 --> 00:56:27,390

the impact increases to 10 percent right

1165

00:56:36,960 --> 00:56:34,540

yep day 3 December 30th things get bad

1166

00:56:40,590 --> 00:56:36,970

the asteroid is predicted to hit Denver

1167

00:56:43,620 --> 00:56:40,600

Colorado on April 29 2027 with 100%

1168

00:56:45,780 --> 00:56:43,630

certainty the prompts this prompts our

1169

00:56:48,690 --> 00:56:45,790

experts to enact the plan they begin

1170

00:56:51,300 --> 00:56:48,700

working on a fleet of six kinetic

1171

00:56:53,490 --> 00:56:51,310

impactors spacecraft that will be sent

1172

00:56:56,550 --> 00:56:53,500

to the to the asteroid to hopefully hit

1173

00:57:00,800 --> 00:56:56,560

it and change its trajectory so they

1174

00:57:03,870 --> 00:57:00,810

began so day four of a September 3rd

1175

00:57:06,420 --> 00:57:03,880

2024 success mostly with while the

1176
00:57:08,730 --> 00:57:06,430
kinetic impactor spacecraft made contact

1177
00:57:11,910 --> 00:57:08,740
with the asteroid they only managed to

1178
00:57:13,950 --> 00:57:11,920
deflect its main body a smaller fragment

1179
00:57:19,470 --> 00:57:13,960
though still large remains on course to

1180
00:57:20,819 --> 00:57:19,480
hit Earth 165 to 260 feet in size its

1181
00:57:22,499 --> 00:57:20,829
impact its

1182
00:57:24,630 --> 00:57:22,509
location of the impact is now thought to

1183
00:57:28,410 --> 00:57:24,640
be somewhere in the eastern United

1184
00:57:31,259 --> 00:57:28,420
States or Atlantic Ocean a 5 April 19-20

1185
00:57:33,120 --> 00:57:31,269
27 it's now known with a hundred percent

1186
00:57:35,940 --> 00:57:33,130
certainty that the asteroid fragment

1187
00:57:38,969 --> 00:57:35,950
will impact over Central Park in New

1188
00:57:41,160 --> 00:57:38,979

York City on April 29th 2027 leaving

1189

00:57:44,729 --> 00:57:41,170

only 10 days to prepare and evacuate

1190

00:57:47,699 --> 00:57:44,739

this asteroid will explode the will this

1191

00:57:51,329 --> 00:57:47,709

asteroid explosion will release a 5 to

1192

00:57:53,309 --> 00:57:51,339

20 megatons of energy and that air burst

1193

00:57:55,289 --> 00:57:53,319

which is something like a thousand times

1194

00:57:58,440 --> 00:57:55,299

more powerful than the nuclear bomb and

1195

00:58:01,620 --> 00:57:58,450

the ear Ashima this would be a problem

1196

00:58:02,849 --> 00:58:01,630

yeah would you destroy New York City you

1197

00:58:04,199 --> 00:58:02,859

know it'd be I wouldn't tell them about

1198

00:58:05,759 --> 00:58:04,209

I don't evacuate it we're just gonna

1199

00:58:09,180 --> 00:58:05,769

start over yeah they make surprised

1200

00:58:10,400 --> 00:58:09,190

anyways yeah yeah New Yorkers always say

1201

00:58:15,930 --> 00:58:10,410

they've seen everything

1202

00:58:17,940 --> 00:58:15,940

[h__\h] unreal so that's pretty crazy

1203

00:58:20,099 --> 00:58:17,950

business say does it say in the article

1204

00:58:22,259 --> 00:58:20,109

if they actually could evacuate the

1205

00:58:26,579 --> 00:58:22,269

entire city and probably surrounding

1206

00:58:29,280 --> 00:58:26,589

area in ten days don't worry a little

1207

00:58:38,299 --> 00:58:29,290

success a little failure a big explosion

1208

00:58:52,559 --> 00:58:50,309

coming to earth that's a good point man

1209

00:58:54,749 --> 00:58:52,569

it could they actually you vacuum god I

1210

00:58:57,809 --> 00:58:54,759

don't know the population I mean I'm

1211

00:59:00,059 --> 00:58:57,819

sure it's New York City correct me from

1212

00:59:02,249 --> 00:59:00,069

a wrong clown baby but New York the

1213

00:59:07,109 --> 00:59:02,259

island in the surrounding boroughs is

1214

00:59:09,470 --> 00:59:07,119

right around 12 million people lot right

1215

00:59:12,099 --> 00:59:09,480

around there

1216

00:59:15,470 --> 00:59:12,109

eight point six of New York City proper

1217

00:59:17,210 --> 00:59:15,480

eight point six okay the whole metros

1218

00:59:21,140 --> 00:59:17,220

got to be at least all about imagine

1219

00:59:22,069 --> 00:59:21,150

yeah got evacuate a million a day they

1220

00:59:25,190 --> 00:59:22,079

can do that fast

1221

00:59:26,329 --> 00:59:25,200

polar may be forced to maybe for people

1222

00:59:29,060 --> 00:59:26,339

in all of New York City

1223

00:59:31,520 --> 00:59:29,070

but they might not be able to get out

1224

00:59:36,500 --> 00:59:31,530

hey just a real quick shout out and a

1225

00:59:39,819 --> 00:59:36,510

thank you to failed zero zero failed and

1226

00:59:41,960 --> 00:59:39,829

the super chance he gave us uh filled

1227

00:59:44,900 --> 00:59:41,970

550 thank you very much really

1228

00:59:46,339 --> 00:59:44,910

appreciate that this is all thanks Chuck

1229

00:59:48,890 --> 00:59:46,349

yo man thank you

1230

00:59:53,420 --> 00:59:48,900

all right guys let's get the hay out of

1231

00:59:56,540 --> 00:59:53,430

here rowdy we put in our time we did in

1232

00:59:57,859 --> 00:59:56,550

a whole hour of night talk it's not a

1233

01:00:00,710 --> 00:59:57,869

lot but a business

1234

01:00:04,180 --> 01:00:00,720

I agree clown baby he wasn't

1235

01:00:06,890 --> 01:00:04,190

I coming on doing these late-night shows

1236

01:00:12,140 --> 01:00:06,900

interests dad's fun I mean I mean

1237

01:00:13,940 --> 01:00:12,150

late-night for me being 9:30 p.m. late

1238

01:00:23,510 --> 01:00:13,950

and Sun just went down

1239

01:00:25,579 --> 01:00:23,520

yeah it's literally to someone down what

1240

01:00:27,380 --> 01:00:25,589

are you gonna pay at least yeah oh no

1241

01:00:29,930 --> 01:00:27,390

probably some total war on the computer

1242

01:00:31,910 --> 01:00:29,940

I got a new Ram Cummins new you got new

1243

01:00:33,589 --> 01:00:31,920

Ram you hook up your power supply yet I

1244

01:00:35,210 --> 01:00:33,599

was actually gonna do that tomorrow I

1245

01:00:37,970 --> 01:00:35,220

have nothing to do yeah

1246

01:00:44,390 --> 01:00:37,980

giving me a number you gotta get my

1247

01:00:45,920 --> 01:00:44,400

computer and niver yeah that guy who is

1248

01:00:51,109 --> 01:00:45,930

off the chain yeah

1249

01:00:55,279 --> 01:00:51,119

Peter Caine Bigfoot guy is amazing sure

1250

01:01:01,339 --> 01:00:55,289

yeah we see [h__h] jumps on top of me

1251

01:01:04,130 --> 01:01:01,349

rips off my pants it's [h__\h] like I

1252

01:01:05,870 --> 01:01:04,140

whack thank you James for coming to hang

1253

01:01:07,910 --> 01:01:05,880

out and thank you climb baby for coming

1254

01:01:10,700 --> 01:01:07,920

to hang out the late night I'll see you

1255

01:01:14,329 --> 01:01:10,710

in a few days long baby yeah I will see

1256

01:01:16,370 --> 01:01:14,339

you Thursday yeah oh yeah night vision

1257

01:01:18,890 --> 01:01:16,380

that'll be awesome yeah yeah yeah it's

1258

01:01:20,870 --> 01:01:18,900

gonna be real it's gonna be an event

1259

01:01:24,170 --> 01:01:20,880

you're not gonna want to miss that's

1260

01:01:25,970 --> 01:01:24,180

right this was not have enough fuss

1261

01:01:27,260 --> 01:01:25,980

without that one there's too many Bill

1262

01:01:29,660 --> 01:01:27,270

Clinton clips going on right now

1263

01:01:33,260 --> 01:01:29,670

miss crane is already 46 pound yeah

1264

01:01:37,789 --> 01:01:33,270

hamburger all right daddy and hamburgers

1265

01:01:40,430 --> 01:01:37,799

and everything and who is a Clinton who

1266

01:01:42,200 --> 01:01:40,440

is your father who's your daddy

1267

01:01:45,019 --> 01:01:42,210

Bill Clinton sound board got closed oh

1268

01:01:47,569 --> 01:01:45,029

no I hated what liquor had done to Roger

1269

01:01:50,150 --> 01:01:47,579

Clinton okay it ma'am closed sound

1270

01:01:53,900 --> 01:01:50,160

boards early Julie yeah thank you very

1271

01:01:56,269 --> 01:01:53,910

much that's really nice thank you all

1272

01:01:57,829 --> 01:01:56,279

right guys thank you everyone in the the

1273

01:02:00,560 --> 01:01:57,839

youtubes thank you for coming to hang

1274

01:02:05,060 --> 01:02:00,570

out big time really appreciate it

1275

01:02:13,600 --> 01:02:05,070

and we will talk to you everyone next

1276

01:02:21,140 --> 01:02:13,610

time whoo adios shablagoo we really do
