1
00:00:00,300 --> 00:00:06,460
[Applause]

2
00:00:13,129 --> 00:00:11,810
yeah yeah well we got quite a show we

3
00:00:14,780 --> 00:00:13,139
don't I don't think we really need to

4
00:00:17,060 --> 00:00:14,790
delay with a bunch of malarkey and

5
00:00:20,330 --> 00:00:17,070
shenanigans let's not do that we can we

6
00:00:23,240 --> 00:00:20,340
can jump into the missing 411 okay we

7
00:00:24,590 --> 00:00:23,250
can I watched the the new Michigan 411

8
00:00:26,750 --> 00:00:24,600
documentary called

9
00:00:30,380 --> 00:00:26,760
the hunted this is put out by David

10
00:00:32,150 --> 00:00:30,390
Politis this is this second missing 411

11
00:00:33,319 --> 00:00:32,160
movie that's come out probably within

12
00:00:36,319 --> 00:00:33,329
the past four years

13
00:00:38,420 --> 00:00:36,329

you put one out I think two or three

14

00:00:41,479 --> 00:00:38,430

years ago you I think it still might be

15

00:00:44,690 --> 00:00:41,489

available on Hulu check it out I put a

16

00:00:48,410 --> 00:00:44,700

link in the description to the to Amazon

17

00:00:49,850 --> 00:00:48,420

for this newest one it's about \$20 and I

18

00:00:53,569 --> 00:00:49,860

believe it is worth your time and money

19

00:00:56,260 --> 00:00:53,579

in this uh in this movie that David

20

00:00:59,270 --> 00:00:56,270

Blatt has put together he goes over

21

00:01:01,369 --> 00:00:59,280

cases of people who are experienced

22

00:01:05,570 --> 00:01:01,379

hunters who go into the woods go out

23

00:01:07,609 --> 00:01:05,580

hunting and go missing but he does he

24

00:01:09,469 --> 00:01:07,619

touches on some subjects later on the

25

00:01:11,870 --> 00:01:09,479

movie that he hasn't really touched on

26

00:01:14,240 --> 00:01:11,880

previously and he's only talked about a

27

00:01:16,670 --> 00:01:14,250

little bit he gets into paranormal

28

00:01:17,990 --> 00:01:16,680

subjects which most of time he kind of

29

00:01:20,109 --> 00:01:18,000

dances around he doesn't really commit

30

00:01:22,969 --> 00:01:20,119

one way or the other he doesn't want to

31

00:01:25,700 --> 00:01:22,979

infer something to the public and say oh

32

00:01:28,490 --> 00:01:25,710

yeah by the way goatman is abducting

33

00:01:30,410 --> 00:01:28,500

these people he doesn't do that no he's

34

00:01:32,870 --> 00:01:30,420

been very guarded with his he's not

35

00:01:35,810 --> 00:01:32,880

careless like we are no we are careless

36

00:01:39,800 --> 00:01:35,820

we shoot from the hip we don't give a

37

00:01:45,710 --> 00:01:39,810

gosh-darn so and the things I say are

38

00:01:49,389 --> 00:01:45,720

just made up it's crazy but I try to be

39

00:01:51,950 --> 00:01:49,399

somewhat diplomatic reasonable and

40

00:01:54,620 --> 00:01:51,960

somewhat I like to be creative and

41

00:01:57,200 --> 00:01:54,630

what's going on in missing for 11 and

42

00:01:59,240 --> 00:01:57,210

this speculation is fun it is yeah

43

00:02:01,609 --> 00:01:59,250

that's what everybody who's like

44

00:02:05,330 --> 00:02:01,619

theorizing about the next Star Wars

45

00:02:06,530 --> 00:02:05,340

sequel or the Game of Thrones back when

46

00:02:09,139 --> 00:02:06,540

that was coming you know what's gonna

47

00:02:10,550 --> 00:02:09,149

happen and everybody loves to speculate

48

00:02:12,660 --> 00:02:10,560

some people like to speculate over

49

00:02:14,250 --> 00:02:12,670

trivial [h__h] like entertainment we

50

00:02:16,800 --> 00:02:14,260

know where these goddamn kids are going

51
00:02:19,760 --> 00:02:16,810
this is important yeah

52
00:02:21,900 --> 00:02:19,770
the speculation is part of the fun of

53
00:02:23,430 --> 00:02:21,910
conspiracies and paranormal stuff yeah

54
00:02:25,530 --> 00:02:23,440
this is darker subject matter

55
00:02:27,570 --> 00:02:25,540
people are going missing they're dying

56
00:02:29,400 --> 00:02:27,580
some people return it's it's a bit

57
00:02:32,520 --> 00:02:29,410
darker but everyone does like to

58
00:02:34,890 --> 00:02:32,530
speculate and it is fun to try to figure

59
00:02:37,250 --> 00:02:34,900
out a mystery that's we try to do here

60
00:02:40,140 --> 00:02:37,260
there's tons of videos on on YouTube

61
00:02:41,970 --> 00:02:40,150
dedicated to missing 411 we are but a

62
00:02:43,500 --> 00:02:41,980
drop in the bucket when it comes to this

63
00:02:45,720 --> 00:02:43,510

kind of stuff yes

64

00:02:47,400 --> 00:02:45,730

oh man annoy we're actually more of a

65

00:02:49,620 --> 00:02:47,410

turd in the punchbowl most people do not

66

00:02:51,050 --> 00:02:49,630

like the way we talk about 411 that is

67

00:02:55,710 --> 00:02:51,060

correct people find it annoying

68

00:02:57,410 --> 00:02:55,720

offensive and uninformed and that's all

69

00:03:00,180 --> 00:02:57,420

probably very true

70

00:03:02,490 --> 00:03:00,190

absolutely I I don't think I disagree

71

00:03:05,850 --> 00:03:02,500

with them in any way I'm just going to

72

00:03:06,900 --> 00:03:05,860

hear tons of video sorry son check in

73

00:03:10,610 --> 00:03:06,910

the stream there Joe make sure our

74

00:03:14,430 --> 00:03:10,620

stream is live and pronounced and it is

75

00:03:17,640 --> 00:03:14,440

ok there we go so here we go let's do

76

00:03:20,910 --> 00:03:17,650

some missing 411 right now Joe let's

77

00:03:24,630 --> 00:03:20,920

just a cleanse the palate real quick

78

00:03:31,840 --> 00:03:24,640

we're gonna rotate into this and get

79

00:03:38,240 --> 00:03:34,220

so I'm gonna be playing some clips from

80

00:03:41,810 --> 00:03:38,250

this new movie be hunted oh wait in the

81

00:03:43,970 --> 00:03:41,820

IV right dings abound possibly hopefully

82

00:03:45,560 --> 00:03:43,980

pared him down enough to where it

83

00:03:47,750 --> 00:03:45,570

doesn't really matter and we're really

84

00:03:50,930 --> 00:03:47,760

just promoting this movie and I'm urging

85

00:03:53,210 --> 00:03:50,940

people to to to buy it I really am it's

86

00:03:54,530 --> 00:03:53,220

it's well worth your money and it

87

00:03:55,790 --> 00:03:54,540

supports David Politis so he can

88

00:03:59,510 --> 00:03:55,800

continue on his work so we can figure

89

00:04:01,850 --> 00:03:59,520

this goddamn thing out this first case

90

00:04:04,900 --> 00:04:01,860

I'm going to go over is that the first

91

00:04:06,950 --> 00:04:04,910

one that appears in a movie is Thomas

92

00:04:10,220 --> 00:04:06,960

Thomas Mesnick

93

00:04:13,460 --> 00:04:10,230

he's an 82 year old hunter this takes

94

00:04:15,200 --> 00:04:13,470

place in New York State there's a lot of

95

00:04:17,150 --> 00:04:15,210

people who have gone missing in New York

96

00:04:21,289 --> 00:04:17,160

State this is specifically near Lily

97

00:04:24,410 --> 00:04:21,299

pond Road and this uh this old guy he

98

00:04:26,420 --> 00:04:24,420

went out with some family members and

99

00:04:29,210 --> 00:04:26,430

friends there's about eight of them they

100

00:04:30,350 --> 00:04:29,220

went out in during the day didn't go out

101

00:04:34,130 --> 00:04:30,360

at night they went out during the day

102

00:04:36,320 --> 00:04:34,140

made probably early morning they all had

103

00:04:37,880 --> 00:04:36,330

rivals with them and they had

104

00:04:40,160 --> 00:04:37,890

walkie-talkies they were very well

105

00:04:42,530 --> 00:04:40,170

prepared they were hunting an area that

106

00:04:45,050 --> 00:04:42,540

they are all very familiar with they had

107

00:04:49,580 --> 00:04:45,060

a strategy what they're gonna do they're

108

00:04:53,030 --> 00:04:49,590

gonna go and basically span out like one

109

00:04:55,220 --> 00:04:53,040

person was gonna sit on and one area

110

00:04:56,870 --> 00:04:55,230

then about maybe 50 200 yards away

111

00:04:58,670 --> 00:04:56,880

another one and then another one and

112

00:05:00,740 --> 00:04:58,680

then the other four hunters would come

113

00:05:03,320 --> 00:05:00,750

down over the hill and try to flush out

114

00:05:05,480 --> 00:05:03,330

some of the the animals whatever they're

115

00:05:08,680 --> 00:05:05,490

hunting probably deer so they could get

116

00:05:12,020 --> 00:05:08,690

a good shot at him and in the first spot

117

00:05:15,440 --> 00:05:12,030

was Thomas mez Nick he was sitting down

118

00:05:19,220 --> 00:05:15,450

on his tree stump and that's the last

119

00:05:21,890 --> 00:05:19,230

place people knew his location when he

120

00:05:27,230 --> 00:05:21,900

went missing so I'll play this first

121

00:05:30,500 --> 00:05:27,240

clip here of what was witnessed or heard

122

00:05:34,470 --> 00:05:30,510

by the other hunters right around the

123

00:05:38,760 --> 00:05:34,480

time that Thomas went missing here we go

124

00:05:41,820 --> 00:05:38,770

see any deer no no did you hear anything

125

00:05:44,610 --> 00:05:41,830

I heard of the strange noise in the

126

00:05:47,340 --> 00:05:44,620

woods but I thought it was this is

127

00:05:52,290 --> 00:05:47,350

different noise what I usually hear ill

128

00:05:54,600 --> 00:05:52,300

like what is even hard to explain

129

00:05:57,060 --> 00:05:54,610

because but it was different something

130

00:06:00,840 --> 00:05:57,070

different that I never heard before nor

131

00:06:03,330 --> 00:06:00,850

was I just can't say what it was

132

00:06:05,870 --> 00:06:03,340

you know how long in duration was it was

133

00:06:09,210 --> 00:06:05,880

it two or three seconds no it's just

134

00:06:12,390 --> 00:06:09,220

whatever yep hmm

135

00:06:14,720 --> 00:06:12,400

how far away was it I'd say probably a

136

00:06:17,580 --> 00:06:14,730

hundred fifty yards something like that

137

00:06:19,500 --> 00:06:17,590

was it toward Tom or away from Tom now

138

00:06:22,140 --> 00:06:19,510

this is up towards the hill top of the

139

00:06:24,870 --> 00:06:22,150

hill yeah did you tell the cops this

140

00:06:28,740 --> 00:06:24,880

yeah I told him that but that they just

141

00:06:30,000 --> 00:06:28,750

basilar felon there you go you heard

142

00:06:33,060 --> 00:06:30,010

something in the woods

143

00:06:34,590 --> 00:06:33,070

didn't really describe it didn't even

144

00:06:36,990 --> 00:06:34,600

really want to talk about it too much it

145

00:06:39,360 --> 00:06:37,000

seems like mr. platts was really trying

146

00:06:41,910 --> 00:06:39,370

to get it out of him what he heard told

147

00:06:46,290 --> 00:06:41,920

the cops about the cops kind of blew it

148

00:06:48,870 --> 00:06:46,300

off so a search ensued they had other

149

00:06:50,940 --> 00:06:48,880

family members friends cops search and

150

00:06:52,260 --> 00:06:50,950

rescue all on the scene trying to

151
00:06:53,970 --> 00:06:52,270
determine what was going on and what was

152
00:06:55,880 --> 00:06:53,980
curious like I said before it this guy

153
00:06:58,560 --> 00:06:55,890
had a walkie-talkie they all had

154
00:07:00,540 --> 00:06:58,570
walkie-talkies so as soon as they found

155
00:07:02,850 --> 00:07:00,550
out this guy was missing they got on it

156
00:07:04,080 --> 00:07:02,860
they got nothing back they couldn't

157
00:07:06,900 --> 00:07:04,090
raise him at all

158
00:07:11,370 --> 00:07:06,910
on the walkie-talkie now this next clip

159
00:07:12,720 --> 00:07:11,380
I have is the sheriff and David Politis

160
00:07:16,140 --> 00:07:12,730
went to go talk to the sheriff about

161
00:07:20,750 --> 00:07:16,150
this and what they heard and discovered

162
00:07:23,250 --> 00:07:20,760
when they tried to go search for Thomas

163
00:07:25,830 --> 00:07:23,260

we did note them we're up there is

164

00:07:29,400 --> 00:07:25,840

seemed to be devoid of wildlife you know

165

00:07:32,250 --> 00:07:29,410

we didn't see squirrels chipmunks deer

166

00:07:35,000 --> 00:07:32,260

any signs of them how unusual is that

167

00:07:37,820 --> 00:07:35,010

for your mountains out here

168

00:07:39,230 --> 00:07:37,830

thought it was strange look I said we

169

00:07:43,010 --> 00:07:39,240

didn't see any signs of anything out

170

00:07:46,940 --> 00:07:43,020

there so they're out in the woods and

171

00:07:50,810 --> 00:07:46,950

they saw no signs of wildlife no

172

00:07:54,260 --> 00:07:50,820

squirrels no birds no movement which is

173

00:07:56,120 --> 00:07:54,270

odd yeah I go through pretty

174

00:07:58,700 --> 00:07:56,130

well-traveled park especially back when

175

00:08:01,370 --> 00:07:58,710

I was in Ohio parks that are very common

176
00:08:02,840 --> 00:08:01,380
for people to go and just hang out and I

177
00:08:04,160 --> 00:08:02,850
see wildlife everywhere

178
00:08:08,210 --> 00:08:04,170
squirrels are dropping nuts on my head

179
00:08:12,970 --> 00:08:08,220
24/7 oh I I find that to be curious that

180
00:08:15,370 --> 00:08:12,980
they saw no overt movement of animals

181
00:08:18,460 --> 00:08:15,380
yeah that's at it I mean in in the woods

182
00:08:21,390 --> 00:08:18,470
in the woods yeah just in the woods I

183
00:08:23,740 --> 00:08:21,400
mean I would love to see does he have uh

184
00:08:25,360 --> 00:08:23,750
does he have footage of this like has he

185
00:08:27,190 --> 00:08:25,370
did he take audio sensitive audio

186
00:08:28,810 --> 00:08:27,200
recording I wouldn't hear like are there

187
00:08:31,510 --> 00:08:28,820
birds do you hear any rustling in the

188
00:08:33,460 --> 00:08:31,520

leaves any of this you know to me they

189

00:08:36,070 --> 00:08:33,470

did not have that in the movie David

190

00:08:39,640 --> 00:08:36,080

well you go figure did not go back out

191

00:08:42,400 --> 00:08:39,650

and do an audio recording of the ambient

192

00:08:44,350 --> 00:08:42,410

sounds of that particular spot is this

193

00:08:46,090 --> 00:08:44,360

taken the sheriff on his word and I

194

00:08:48,070 --> 00:08:46,100

would I would - I mean the sheriff and

195

00:08:50,410 --> 00:08:48,080

these people know what kind of sounds

196

00:08:52,750 --> 00:08:50,420

are going to are typical when you go out

197

00:08:54,610 --> 00:08:52,760

hunting so kind of taking that at face

198

00:08:56,740 --> 00:08:54,620

value right there I know you want a

199

00:09:01,420 --> 00:08:56,750

little bit more concrete evidence Joe

200

00:09:02,620 --> 00:09:01,430

but we do not have that just yet all

201
00:09:04,540 --> 00:09:02,630
right as long as there's a glory hole

202
00:09:06,970 --> 00:09:04,550
coming one of the other things that

203
00:09:10,090 --> 00:09:06,980
David flatus talks about in the in the

204
00:09:13,540 --> 00:09:10,100
missing 411 books is that typically the

205
00:09:16,660 --> 00:09:13,550
FBI shouldn't show up in missing-persons

206
00:09:22,150 --> 00:09:16,670
cases sometimes they do which he says

207
00:09:25,690 --> 00:09:22,160
he's a 19 year veteran he's a 19 year

208
00:09:28,180 --> 00:09:25,700
experienced detective and he said FBI

209
00:09:30,820 --> 00:09:28,190
shouldn't really show up this is a local

210
00:09:33,520 --> 00:09:30,830
case it's a local missing person the FBI

211
00:09:37,840 --> 00:09:33,530
typically wouldn't show up but in this

212
00:09:40,390 --> 00:09:37,850
case they did and this clip clip speaks

213
00:09:42,040 --> 00:09:40,400

that at the FBI shown up the FBI

214

00:09:44,620 --> 00:09:42,050

according to their protocol doesn't

215

00:09:45,910 --> 00:09:44,630

search for missing people so do you

216

00:09:48,130 --> 00:09:45,920

understand why they were there I

217

00:09:49,710 --> 00:09:48,140

remember they were there I thought they

218

00:09:52,390 --> 00:09:49,720

were there to provide some sort of

219

00:09:53,800 --> 00:09:52,400

technological support but I don't didn't

220

00:09:56,080 --> 00:09:53,810

have any contact with him myself

221

00:09:58,720 --> 00:09:56,090

hmm have you ever had them on a search

222

00:10:01,540 --> 00:09:58,730

that you've done no you had a

223

00:10:05,020 --> 00:10:01,550

conversation with the FBI up in Horicon

224

00:10:07,840 --> 00:10:05,030

mm-hmm what did they tell you they said

225

00:10:10,990 --> 00:10:07,850

that basically they were there to tell

226

00:10:16,210 --> 00:10:11,000

me that he now is considered a missing

227

00:10:19,030 --> 00:10:16,220

person and they felt that something was

228

00:10:22,270 --> 00:10:19,040

definitely not right but unless and

229

00:10:23,400 --> 00:10:22,280

until they made a recovery they wouldn't

230

00:10:26,369 --> 00:10:23,410

know what it was

231

00:10:31,469 --> 00:10:26,379

that was it that's basically what they

232

00:10:34,139 --> 00:10:31,479

said so basically the FBI stopped by and

233

00:10:36,629 --> 00:10:34,149

said there's nothing we can do yeah what

234

00:10:38,069 --> 00:10:36,639

do they know how do they know I why why

235

00:10:39,689 --> 00:10:38,079

did I don't even know what that's like

236

00:10:41,579 --> 00:10:39,699

prove it you negative you know it was

237

00:10:44,009 --> 00:10:41,589

like I can tell you God doesn't exist

238

00:10:45,539 --> 00:10:44,019

you can't it's just it's very curious

239

00:10:46,919 --> 00:10:45,549

the FBI would stop by and say there's

240

00:10:49,949 --> 00:10:46,929

nothing we can do there's someone caught

241

00:10:51,960 --> 00:10:49,959

maybe it's not well according if I

242

00:10:53,759 --> 00:10:51,970

remember correctly from the movie the

243

00:10:55,139 --> 00:10:53,769

Sheriff's Department in the the the

244

00:10:57,529 --> 00:10:55,149

local police they didn't call him to

245

00:11:00,089 --> 00:10:57,539

come out they just kind of showed up

246

00:11:02,089 --> 00:11:00,099

they so they just showed up to say

247

00:11:04,889 --> 00:11:02,099

there's nothing we can do

248

00:11:08,620 --> 00:11:04,899

which seems like that's not the best use

249

00:11:12,490 --> 00:11:10,420

so Joe do you member the last time we

250

00:11:15,939 --> 00:11:12,500

talked about missing 411 it was back in

251

00:11:18,910 --> 00:11:15,949

November of 2018 we talked about it

252

00:11:20,319 --> 00:11:18,920

since then uh passively I but the what

253

00:11:23,530 --> 00:11:20,329

the clip I'm referring to and the time

254

00:11:26,650 --> 00:11:23,540

I'm referring to I had a theory of that

255

00:11:28,360 --> 00:11:26,660

these are some sort of dimension like

256

00:11:30,460 --> 00:11:28,370

what is causing people to go missing is

257

00:11:32,290 --> 00:11:30,470

there there's some sort of trap

258

00:11:34,780 --> 00:11:32,300

something these people are being trapped

259

00:11:36,939 --> 00:11:34,790

in some sort of dimensional room that

260

00:11:40,480 --> 00:11:36,949

kind of lives outside of our visible

261

00:11:45,030 --> 00:11:40,490

reality and set off by coincidences like

262

00:11:48,790 --> 00:11:45,040

coincidence coincidences or coincident

263

00:11:51,249 --> 00:11:48,800

is then trapped in that room for later

264

00:11:53,379 --> 00:11:51,259

examination later review catching

265

00:11:56,110 --> 00:11:53,389

catching release I please everyone go

266

00:11:57,850 --> 00:11:56,120

back and listen to that it's some really

267

00:11:59,980 --> 00:11:57,860

out there theories on what might be

268

00:12:02,499 --> 00:11:59,990

going on with missing for 11 more your

269

00:12:05,230 --> 00:12:02,509

speculation yeah it's like a debrief

270

00:12:07,900 --> 00:12:05,240

kind of a thing yeah that the idea more

271

00:12:12,129 --> 00:12:07,910

wild speculation by midnight mic button

272

00:12:15,040 --> 00:12:12,139

this next clip goes to what the hunters

273

00:12:19,210 --> 00:12:15,050

heard or what that one hunter heard out

274

00:12:21,970 --> 00:12:19,220

there in the woods right around the time

275

00:12:24,970 --> 00:12:21,980

that Thomas Thomas mez Nick went missing

276

00:12:26,710 --> 00:12:24,980

here it is it's true and tell you about

277

00:12:29,290 --> 00:12:26,720

a sound he heard in the woods that day

278

00:12:32,439 --> 00:12:29,300

he said he heard some kind of snapping

279

00:12:34,030 --> 00:12:32,449

her crack sound I was strange it wasn't

280

00:12:37,210 --> 00:12:34,040

something normally hears in the woods he

281

00:12:38,679 --> 00:12:37,220

still talks to me about it and I almost

282

00:12:42,519 --> 00:12:38,689

said it sounded like that play a big

283

00:12:48,629 --> 00:12:42,529

trap closing or something I don't know

284

00:12:50,499 --> 00:12:48,639

no a big trap closing ok these guys are

285

00:12:54,310 --> 00:12:50,509

experienced hunters they probably know

286

00:12:54,320 --> 00:12:58,610

there we go a big trap closing

287

00:13:03,760 --> 00:13:00,470

the first time I've heard that I've

288

00:13:07,400 --> 00:13:03,770

heard of someone being able to recall a

289

00:13:09,080 --> 00:13:07,410

sound associated with a person going

290

00:13:10,970 --> 00:13:09,090

missing there might be some some other

291

00:13:12,380 --> 00:13:10,980

sounds that people reported this I just

292

00:13:13,910 --> 00:13:12,390

looked over in the missing for 11 books

293

00:13:16,910 --> 00:13:13,920

but that's the first time I've heard

294

00:13:19,400 --> 00:13:16,920

that on tape I'm not saying my

295

00:13:22,730 --> 00:13:19,410

dimensional trap theory is correct but

296

00:13:25,310 --> 00:13:22,740

that's if we're getting there we're

297

00:13:27,050 --> 00:13:25,320

certainly getting there circling we're

298

00:13:28,060 --> 00:13:27,060

certainly circling that drain and that's

299

00:13:30,740 --> 00:13:28,070

kind of creepy

300

00:13:32,930 --> 00:13:30,750

someone's laying those traps and they're

301
00:13:35,900 --> 00:13:32,940
building an interdimensional trap that

302
00:13:36,680 --> 00:13:35,910
lives outside of our time in yours if

303
00:13:39,170 --> 00:13:36,690
you say so

304
00:13:41,840 --> 00:13:39,180
so what another curious thing that that

305
00:13:46,100 --> 00:13:41,850
happened during this person

306
00:13:48,050 --> 00:13:46,110
Thomas is a vent is that right are a few

307
00:13:51,770 --> 00:13:48,060
days after that Thomas went missing

308
00:13:54,830 --> 00:13:51,780
another person another older hunter Fred

309
00:13:56,030 --> 00:13:54,840
drum went missing 80 miles away the

310
00:13:58,280 --> 00:13:56,040
right around the same area

311
00:14:02,720 --> 00:13:58,290
this guy was another hunter 68 years old

312
00:14:04,700 --> 00:14:02,730
went missing 80 miles away they never

313
00:14:07,370 --> 00:14:04,710

found Thomas's body and I don't believe

314

00:14:10,620 --> 00:14:07,380

they found Fred drums body either it was

315

00:14:14,520 --> 00:14:10,630

up and went missing

316

00:14:17,820 --> 00:14:14,530

so then in the the movie the hunted

317

00:14:19,830 --> 00:14:17,830

David goes over a few more very curious

318

00:14:22,320 --> 00:14:19,840

cases about hunters that just go missing

319

00:14:24,720 --> 00:14:22,330

one was a very experienced bow hunter he

320

00:14:27,090 --> 00:14:24,730

didn't like to travel too much he was

321

00:14:29,370 --> 00:14:27,100

very opposed to walking he went

322

00:14:34,200 --> 00:14:29,380

basically hundred yards away from his

323

00:14:37,110 --> 00:14:34,210

truck and he just disappeared absolutely

324

00:14:40,350 --> 00:14:37,120

no clue where he went that happened in

325

00:14:44,070 --> 00:14:40,360

New Mexico there was a case I believe up

326

00:14:47,100 --> 00:14:44,080

in Montana where there was a younger

327

00:14:49,850 --> 00:14:47,110

fellow that went out hiking they went

328

00:14:52,410 --> 00:14:49,860

out hunting in the in the mountain range

329

00:14:55,410 --> 00:14:52,420

he went missing and they found his

330

00:14:58,080 --> 00:14:55,420

equipment first they found his shoes and

331

00:14:59,820 --> 00:14:58,090

then couple miles down down they down

332

00:15:03,270 --> 00:14:59,830

the way they found his backpack and then

333

00:15:06,810 --> 00:15:03,280

they found his thermos sitting on a rock

334

00:15:08,820 --> 00:15:06,820

as if his of it as if he was sitting

335

00:15:11,880 --> 00:15:08,830

down on the rock drinking out of his

336

00:15:14,400 --> 00:15:11,890

thermos that overlooked buildings so if

337

00:15:18,000 --> 00:15:14,410

he needed help he could have just walked

338

00:15:20,610 --> 00:15:18,010

to help but meanwhile that that area of

339

00:15:23,580 --> 00:15:20,620

the country was covered in like - -

340

00:15:26,100 --> 00:15:23,590

about two feet of snow maybe four -

341

00:15:28,380 --> 00:15:26,110

maybe four feet of snow we really don't

342

00:15:29,700 --> 00:15:28,390

know but I think the meteorologist

343

00:15:33,600 --> 00:15:29,710

probably knew at that point

344

00:15:35,880 --> 00:15:33,610

- maybe four possibly so this weird

345

00:15:38,310 --> 00:15:35,890

stuff like that where you had a person's

346

00:15:40,500 --> 00:15:38,320

belongings being found along a couple

347

00:15:43,620 --> 00:15:40,510

miles where they should have been able

348

00:15:45,960 --> 00:15:43,630

to been found by helicopter they should

349

00:15:47,810 --> 00:15:45,970

have been able to see a path some

350

00:15:50,880 --> 00:15:47,820

footprints and all they did was find

351

00:15:53,340 --> 00:15:50,890

their equipment neatly placed neatly

352

00:15:56,190 --> 00:15:53,350

placed not strewn about very neatly

353

00:15:58,290 --> 00:15:56,200

placed inside the backpack that they

354

00:16:00,000 --> 00:15:58,300

found gently up again late gently up

355

00:16:03,420 --> 00:16:00,010

against the tree they found food they

356

00:16:05,580 --> 00:16:03,430

found survival equipment it just bizarre

357

00:16:08,820 --> 00:16:05,590

set of circumstances as if the person

358

00:16:10,350 --> 00:16:08,830

was in that area but the area was

359

00:16:12,420 --> 00:16:10,360

transformed they couldn't see the

360

00:16:14,460 --> 00:16:12,430

buildings it was not what they expected

361

00:16:16,140 --> 00:16:14,470

but then you can't really explain the

362

00:16:17,960 --> 00:16:16,150

boots why would you instantly take off

363

00:16:21,240 --> 00:16:17,970

your boots and then continue to walk

364

00:16:22,650 --> 00:16:21,250

five miles in the snow

365

00:16:24,629 --> 00:16:22,660

that's that doesn't make any sense

366

00:16:26,630 --> 00:16:24,639

either unless you're being carried by

367

00:16:29,090 --> 00:16:26,640

something

368

00:16:32,480 --> 00:16:29,100

fare so then the movie kind of shifts

369

00:16:35,930 --> 00:16:32,490

this movie kind of shifts into the

370

00:16:38,090 --> 00:16:35,940

paranormal and David focuses on the use

371

00:16:40,759 --> 00:16:38,100

of Yosemite National Park area where a

372

00:16:43,329 --> 00:16:40,769

lot of people have gone missing puns and

373

00:16:45,860 --> 00:16:43,339

I think David says this is like the most

374

00:16:49,970 --> 00:16:45,870

the biggest cluster that he's found of

375

00:16:54,710 --> 00:16:49,980

missing 411 type cases and in this area

376

00:16:56,120 --> 00:16:54,720

there is a campsite where these hunters

377

00:16:58,160 --> 00:16:56,130

are deep in the woods doing

378

00:17:00,290 --> 00:16:58,170

god-knows-what at the campsite but this

379

00:17:02,449 --> 00:17:00,300

is this kind of intros into what they

380

00:17:04,130 --> 00:17:02,459

experience at their campsite so I'll

381

00:17:07,159 --> 00:17:04,140

play this intro and we'll go a little

382

00:17:08,870 --> 00:17:07,169

bit deeper into this camp now within

383

00:17:11,840 --> 00:17:08,880

this region there's a hunting camp

384

00:17:13,579 --> 00:17:11,850

dating back to the 1950s over the years

385

00:17:16,490 --> 00:17:13,589

the hunters have experienced something

386

00:17:18,579 --> 00:17:16,500

highly unusual and by proximity alone

387

00:17:22,880 --> 00:17:18,589

this is worth investigating

388

00:17:25,189 --> 00:17:22,890

so this is where David Politis starts to

389

00:17:27,569 --> 00:17:25,199

go into the paranormal realm in the

390

00:17:29,549 --> 00:17:27,579

movie

391

00:17:32,280 --> 00:17:29,559

he finds these hunters who are willing

392

00:17:35,610 --> 00:17:32,290

to talk about their experiences at this

393

00:17:37,350 --> 00:17:35,620

camp in this camp they refused to

394

00:17:39,060 --> 00:17:37,360

disclose the location they want to keep

395

00:17:41,400 --> 00:17:39,070

it kind of private and safe they have

396

00:17:45,030 --> 00:17:41,410

they don't really like to talk about it

397

00:17:46,410 --> 00:17:45,040

too much but they managed to the I guess

398

00:17:50,070 --> 00:17:46,420

get David up there to kind of show him

399

00:17:52,290 --> 00:17:50,080

what's going on so back in the 70s and

400

00:17:56,390 --> 00:17:52,300

80s they were up there quite frequently

401
00:17:58,440 --> 00:17:56,400
and they would have encounters with

402
00:18:00,270 --> 00:17:58,450
large creatures out there in the woods

403
00:18:01,440 --> 00:18:00,280
like maybe a couple maybe a couple

404
00:18:03,660 --> 00:18:01,450
hundred yards away a couple on her feet

405
00:18:07,230 --> 00:18:03,670
away and they would make calls back and

406
00:18:08,700 --> 00:18:07,240
forth do these large creatures and I'll

407
00:18:11,700 --> 00:18:08,710
just go ahead and play this clip here

408
00:18:16,549 --> 00:18:11,710
about the sounds and experiences they

409
00:18:19,200 --> 00:18:16,559
had at this camp near or in Yosemite the

410
00:18:21,390 --> 00:18:19,210
first time I ever heard anything was

411
00:18:25,950 --> 00:18:21,400
later in 71 I came back up with the guys

412
00:18:28,950 --> 00:18:25,960
and and we was here by the stove it was

413
00:18:31,320 --> 00:18:28,960

a stove here that and as soon as it

414

00:18:33,840 --> 00:18:31,330

starts getting dark we'd go in sometimes

415

00:18:35,400 --> 00:18:33,850

you might hear a grunt or a Wooper a big

416

00:18:37,440 --> 00:18:35,410

blowing sound something like that and

417

00:18:38,760 --> 00:18:37,450

that's when you know you want to get

418

00:18:39,630 --> 00:18:38,770

inside the shelter because you still

419

00:18:43,350 --> 00:18:39,640

don't know what you're dealing with

420

00:18:46,130 --> 00:18:43,360

whatever it is it's big very very big we

421

00:18:48,750 --> 00:18:46,140

all go inside close the shelter door and

422

00:18:51,060 --> 00:18:48,760

that's a log that we put between these

423

00:18:54,150 --> 00:18:51,070

trees no we just wrap it inside a cable

424

00:18:56,280 --> 00:18:54,160

and then then they would start making

425

00:18:58,410 --> 00:18:56,290

their sounds that was in 71 when I first

426
00:19:01,160 --> 00:18:58,420
started hearing them and we started

427
00:19:06,260 --> 00:19:02,810
yes for recording

428
00:19:08,530 --> 00:19:06,270
[Music]

429
00:19:10,570 --> 00:19:08,540
[Applause]

430
00:19:12,230 --> 00:19:10,580
[Music]

431
00:19:18,140 --> 00:19:12,240
[Applause]

432
00:19:21,510 --> 00:19:19,100
[Music]

433
00:19:36,250 --> 00:19:21,520
[Applause]

434
00:19:42,280 --> 00:19:38,140
it's two of them across the creek at the

435
00:19:50,830 --> 00:19:44,080
one of these there anything on the

436
00:19:53,590 --> 00:19:50,840
screen no I'm not playing the video so

437
00:19:54,910 --> 00:19:53,600
at this time there is just uh they're

438
00:19:56,680 --> 00:19:54,920

not showing anything they this is just

439

00:19:58,750 --> 00:19:56,690

an audio recording on screen as they

440

00:20:00,430 --> 00:19:58,760

play this it's just they're showing like

441

00:20:01,600 --> 00:20:00,440

night-vision camera footage but there's

442

00:20:03,160 --> 00:20:01,610

really nothing they're showing on screen

443

00:20:08,280 --> 00:20:03,170

this is just I think I believe done with

444

00:20:11,570 --> 00:20:08,660

[Applause]

445

00:20:14,120 --> 00:20:11,580

[Music]

446

00:20:27,230 --> 00:20:14,130

[Applause]

447

00:20:27,240 --> 00:20:31,550

[Music]

448

00:20:36,060 --> 00:20:33,840

so this is a little bit more than

449

00:20:38,340 --> 00:20:36,070

calling back and forth to these

450

00:20:40,770 --> 00:20:38,350

creatures and they did audio analysis of

451

00:20:43,050 --> 00:20:40,780

this and I get whoever did the audio

452

00:20:46,410 --> 00:20:43,060

analysis calculated that the creatures

453

00:20:49,740 --> 00:20:46,420

making this sound we're seven to eight

454

00:20:51,870 --> 00:20:49,750

feet tall they calculate come on all

455

00:20:54,420 --> 00:20:51,880

right well you gotta calculate some sort

456

00:20:56,310 --> 00:20:54,430

of a knowledgeable audio person can

457

00:20:58,650 --> 00:20:56,320

figure it out okay

458

00:20:59,940 --> 00:20:58,660

fair no not fair I don't know if I'm

459

00:21:01,560 --> 00:20:59,950

buying that one okay you don't have to

460

00:21:03,330 --> 00:21:01,570

buy that one's a tough one for me oh I

461

00:21:05,880 --> 00:21:03,340

can calculate the height of this

462

00:21:07,380 --> 00:21:05,890

individual you're in a natural habitat

463

00:21:09,240 --> 00:21:07,390

like you don't know what the elevation

464

00:21:11,130 --> 00:21:09,250

changes are you don't know if they're

465

00:21:14,820 --> 00:21:11,140

standing on a stump or whatever they

466

00:21:18,210 --> 00:21:14,830

come up I'm not sure how they calculate

467

00:21:21,090 --> 00:21:18,220

if there's no visuals did I I will give

468

00:21:22,320 --> 00:21:21,100

you the visuals would have been nice but

469

00:21:23,370 --> 00:21:22,330

they did somehow they did that

470

00:21:26,220 --> 00:21:23,380

calculation I'll see if we can get that

471

00:21:30,180 --> 00:21:26,230

information for you and yeah yeah I

472

00:21:32,820 --> 00:21:30,190

won't hold my breath all right okay in

473

00:21:35,160 --> 00:21:32,830

the in the chat dick Richard says the

474

00:21:38,700 --> 00:21:35,170

missing for 11 cases are majority are

475

00:21:41,210 --> 00:21:38,710

Fae or fairy abductions and then he go

476
00:21:43,580 --> 00:21:41,220
he's typing in all caps do the homework

477
00:21:46,020 --> 00:21:43,590
thank you Richard

478
00:21:48,810 --> 00:21:46,030
they line up perfectly with negative

479
00:21:50,580 --> 00:21:48,820
cases yeah why don't you do the homework

480
00:21:51,930 --> 00:21:50,590
and send it to me how about that rich

481
00:21:54,060 --> 00:21:51,940
spirits interdimensional beings

482
00:21:57,540 --> 00:21:54,070
forgotten in our modern time not all

483
00:22:00,180 --> 00:21:57,550
cases but majority overlap ancient fairy

484
00:22:01,470 --> 00:22:00,190
lore like a perfectly traced map well

485
00:22:03,720 --> 00:22:01,480
that's interesting he should call in

486
00:22:05,460 --> 00:22:03,730
with that theory I mean that's his

487
00:22:07,230 --> 00:22:05,470
opinion what's going on yeah everyone

488
00:22:09,900 --> 00:22:07,240

has to we're all speculating everyone

489

00:22:12,510 --> 00:22:09,910

has their own data that confirmed Minds

490

00:22:15,630 --> 00:22:12,520

a dimensional trap that there are other

491

00:22:17,100 --> 00:22:15,640

things going on here and I'll play one

492

00:22:19,710 --> 00:22:17,110

last clip here then we'll get on to some

493

00:22:22,350 --> 00:22:19,720

speculation so this last clip is also

494

00:22:24,390 --> 00:22:22,360

about the camp in what they experienced

495

00:22:27,720 --> 00:22:24,400

this is about a minute long and then

496

00:22:30,840 --> 00:22:27,730

we'll we'll wind this down what time I

497

00:22:34,020 --> 00:22:30,850

heard a big sound like a huge tuning

498

00:22:35,200 --> 00:22:34,030

fork above us and couldn't find the

499

00:22:40,230 --> 00:22:35,210

source of it

500

00:22:44,350 --> 00:22:42,700

sometimes you hear a sound out here and

501
00:22:46,630 --> 00:22:44,360
one time we thought our calf was being

502
00:22:48,820 --> 00:22:46,640
tore apart by something we thought the

503
00:22:51,880 --> 00:22:48,830
barrels would pack in and was being torn

504
00:22:53,740 --> 00:22:51,890
up pops around and look out here with

505
00:22:56,590 --> 00:22:53,750
all the commotion that sounds stop and

506
00:22:59,050 --> 00:22:56,600
there's nothing changed now how do you

507
00:23:00,430 --> 00:22:59,060
explain that you know one time he's in

508
00:23:02,290 --> 00:23:00,440
there I thought I heard a car door slam

509
00:23:05,020 --> 00:23:02,300
out here now why were eight vials in the

510
00:23:08,200 --> 00:23:05,030
wilderness there's no so aside from the

511
00:23:10,690 --> 00:23:08,210
sounds you also saw some things in the

512
00:23:15,460 --> 00:23:10,700
sky in the air yeah

513
00:23:19,450 --> 00:23:15,470

lights you know orbs other guys that

514

00:23:21,490 --> 00:23:19,460

report orbs when I wasn't here what a me

515

00:23:23,710 --> 00:23:21,500

and my friend bill saw one night was a

516

00:23:26,740 --> 00:23:23,720

big blue ball coming down from up here

517

00:23:29,080 --> 00:23:26,750

slowly moving definitely controlled had

518

00:23:30,610 --> 00:23:29,090

some type of intelligence about it and I

519

00:23:32,740 --> 00:23:30,620

will if you were just looking up there

520

00:23:35,140 --> 00:23:32,750

you would think it was the moon but it

521

00:23:37,300 --> 00:23:35,150

was blue it was moving down we lost it

522

00:23:39,070 --> 00:23:37,310

behind the trees and went over there I

523

00:23:40,540 --> 00:23:39,080

don't know what to think of that you

524

00:23:44,350 --> 00:23:40,550

don't know what to think about any stuff

525

00:23:46,720 --> 00:23:44,360

you know we also go on to say that they

526
00:23:48,940 --> 00:23:46,730
also experienced some more classic UFO

527
00:23:51,670 --> 00:23:48,950
type stuff and they also witnessed a an

528
00:23:54,140 --> 00:23:51,680
elongated light traveling through the

529
00:23:56,720 --> 00:23:54,150
camp very close to them

530
00:23:59,570 --> 00:23:56,730
you got a wide variety all manner of

531
00:24:04,070 --> 00:23:59,580
paranoia activity had Bigfoot encounters

532
00:24:06,649 --> 00:24:04,080
they had UFOs orbs kind of things going

533
00:24:08,930 --> 00:24:06,659
on I'm not discounting what dick is in

534
00:24:11,090 --> 00:24:08,940
the in the chat is saying about fairies

535
00:24:13,370 --> 00:24:11,100
but I think when you have areas like

536
00:24:17,480 --> 00:24:13,380
this or designated areas like this that

537
00:24:19,130 --> 00:24:17,490
are closer or in some way they're closer

538
00:24:21,680 --> 00:24:19,140

to these other realms these other

539

00:24:24,529 --> 00:24:21,690

dimensions they're easy what these

540

00:24:26,570 --> 00:24:24,539

entities can travel much more easily in

541

00:24:30,830 --> 00:24:26,580

these locations whether you're gonna say

542

00:24:33,500 --> 00:24:30,840

it's fairy or or whatever there are

543

00:24:36,019 --> 00:24:33,510

specific locations where these things

544

00:24:38,779 --> 00:24:36,029

more are more likely to happen than not

545

00:24:40,370 --> 00:24:38,789

the Goblin the Goblin as well if you're

546

00:24:43,220 --> 00:24:40,380

into that kind of thing if you like it

547

00:24:45,110 --> 00:24:43,230

yeah it's like a haunting it happens in

548

00:24:47,570 --> 00:24:45,120

this very specific place kind of a thing

549

00:24:48,860 --> 00:24:47,580

yeah and the the end of the movie

550

00:24:50,539 --> 00:24:48,870

actually gets even a little weirder I'll

551
00:24:53,570 --> 00:24:50,549
probably talk about the end of the movie

552
00:24:56,600 --> 00:24:53,580
in another segment because it goes in

553
00:24:59,149 --> 00:24:56,610
specifically into invisible creatures

554
00:25:02,240 --> 00:24:59,159
and that is just a whole nother topic I

555
00:25:05,540 --> 00:25:02,250
want to cover on another show because it

556
00:25:10,010 --> 00:25:08,510
Bruce McAfee a Maccabee an optical

557
00:25:11,900 --> 00:25:10,020
physicist and is wife we talked about

558
00:25:14,210 --> 00:25:11,910
this story two years ago Joe where this

559
00:25:15,890 --> 00:25:14,220
they claimed it she claimed to have

560
00:25:18,560 --> 00:25:15,900
encountered something in the woods that

561
00:25:21,890 --> 00:25:18,570
was much like the predator and they're

562
00:25:24,650 --> 00:25:21,900
on film talking about it we just talked

563
00:25:26,750 --> 00:25:24,660

about it in passing by me just reading a

564

00:25:28,430 --> 00:25:26,760

few passages at the end of a book they

565

00:25:31,490 --> 00:25:28,440

dedicate a whole segment at the end of

566

00:25:33,020 --> 00:25:31,500

the movie do this and we'll dive into it

567

00:25:34,730 --> 00:25:33,030

later but I'm gonna open up phone lines

568

00:25:37,460 --> 00:25:34,740

right now six one four three eight eight

569

00:25:40,880 --> 00:25:37,470

nine one oh nine you guys get your third

570

00:25:43,040 --> 00:25:40,890

look at your dick this is what this is

571

00:25:46,300 --> 00:25:43,050

what we're talking about he they're on a

572

00:25:49,220 --> 00:25:46,310

delay the YouTube streaming show oh yeah

573

00:25:52,810 --> 00:25:49,230

we got a hold open the phone lines

574

00:25:56,240 --> 00:25:52,820

yeah and pray that none of you other

575

00:25:58,310 --> 00:25:56,250

rapscallions calls in to cock-block

576

00:26:01,580 --> 00:25:58,320

our friend dick Richards here yeah I

577

00:26:05,450 --> 00:26:01,590

also uh thanks to Big Papi he sent me a

578

00:26:08,750 --> 00:26:05,460

book it's about rural disappearances and

579

00:26:10,730 --> 00:26:08,760

this guy he's uh from Portsmouth Ohio he

580

00:26:13,190 --> 00:26:10,740

moved to Columbus and he just moved to

581

00:26:16,250 --> 00:26:13,200

Phoenix and within the past year a few

582

00:26:17,450 --> 00:26:16,260

years not unlike me and he's got some

583

00:26:19,340 --> 00:26:17,460

interesting data on all these

584

00:26:20,320 --> 00:26:19,350

disappeared disappearances caller you're

585

00:26:24,860 --> 00:26:20,330

on the air

586

00:26:28,090 --> 00:26:24,870

hey this is mr. bill from the slack I

587

00:26:30,410 --> 00:26:28,100

don't participate a whole lot yeah I

588

00:26:33,740 --> 00:26:30,420

love you guys been listening for a

589

00:26:38,270 --> 00:26:33,750

couple years now what's on your mind mr.

590

00:26:43,100 --> 00:26:38,280

bill that last guy that you were playing

591

00:26:47,500 --> 00:26:43,110

was the guy I believe I could look up

592

00:26:50,690 --> 00:26:47,510

his name he was he's one of the hunters

593

00:26:55,370 --> 00:26:50,700

Moorhead or something like that that

594

00:26:56,570 --> 00:26:55,380

could be I just gonna say I don't know

595

00:26:59,090 --> 00:26:56,580

if they should have put him in the film

596

00:27:01,280 --> 00:26:59,100

because he's a Bigfoot researcher okay

597

00:27:04,040 --> 00:27:01,290

so I feel like he's a little biased

598

00:27:08,270 --> 00:27:04,050

about you know what's going on out there

599

00:27:11,450 --> 00:27:08,280

so well yeah the guy that has he has

600

00:27:12,680 --> 00:27:11,460

that whole samurai chatter thing I'm not

601
00:27:16,970 --> 00:27:12,690
familiar with samurai shadder what is

602
00:27:19,360 --> 00:27:16,980
that he has recordings if you look it up

603
00:27:23,139 --> 00:27:19,370
it's a supposedly

604
00:27:25,210 --> 00:27:23,149
big feet that sound like samurai when

605
00:27:28,450 --> 00:27:25,220
they're chattering which I'm a little

606
00:27:31,210 --> 00:27:28,460
bit on the fence about that one well I

607
00:27:33,460 --> 00:27:31,220
so I wasn't really familiar with with

608
00:27:35,710 --> 00:27:33,470
that person I assumed he was one and the

609
00:27:38,259 --> 00:27:35,720
key was intimately involved and encamped

610
00:27:39,519 --> 00:27:38,269
out there and hunted out there I'll have

611
00:27:41,169 --> 00:27:39,529
to go back and take a look so he

612
00:27:46,769 --> 00:27:41,179
believed putting him in the movie kind

613
00:27:49,330 --> 00:27:46,779

of maybe taints the objectivity exactly

614

00:27:51,669 --> 00:27:49,340

yeah in fact I think he's the one that

615

00:27:53,549 --> 00:27:51,679

came out with this book called Quantum

616

00:27:55,600 --> 00:27:53,559

Bigfoot where he talks about them being

617

00:27:59,549 --> 00:27:55,610

interdimensional which I like that I

618

00:28:03,129 --> 00:27:59,559

actually like that I like the idea but

619

00:28:04,570 --> 00:28:03,139

yeah like I said I think I was gonna see

620

00:28:07,779 --> 00:28:04,580

if I could play that one for Joe because

621

00:28:08,609 --> 00:28:07,789

I think Joe would get a kicked out of

622

00:28:12,460 --> 00:28:08,619

that one

623

00:28:15,039 --> 00:28:12,470

Bigfoot samurai chatter yeah the samurai

624

00:28:17,440 --> 00:28:15,049

chatter it's entertaining and maybe

625

00:28:20,470 --> 00:28:17,450

maybe our producer Cratchit could find

626

00:28:22,739 --> 00:28:20,480

it Neal he'll send it over because it's

627

00:28:26,710 --> 00:28:22,749

completely fake and ridiculous or what

628

00:28:28,749 --> 00:28:26,720

it kind of sounds kind of ridiculous to

629

00:28:35,639 --> 00:28:28,759

me like I'm with you about like how they

630

00:28:37,989 --> 00:28:35,649

can they tell how tall something is I

631

00:28:39,909 --> 00:28:37,999

gotta be totally up to Mike's mother

632

00:28:42,430 --> 00:28:39,919

over here he wants to leave I want to

633

00:28:44,409 --> 00:28:42,440

believe so they so according to what I

634

00:28:47,759 --> 00:28:44,419

have right here they submitted the audio

635

00:28:50,230 --> 00:28:47,769

tapes of the Sasquatch to dr. R Lynn

636

00:28:52,539 --> 00:28:50,240

hurlan professor of electrical

637

00:28:56,169 --> 00:28:52,549

engineering at the University of Wyoming

638

00:28:58,149 --> 00:28:56,179

for analysis of that audio off to look

639

00:28:58,779 --> 00:28:58,159

up his credentials figure out if he's on

640

00:29:01,239 --> 00:28:58,789

the up-and-up

641

00:29:03,220 --> 00:29:01,249

he's a university professor so he's no

642

00:29:05,259 --> 00:29:03,230

dummy but I would like to see how he

643

00:29:06,999 --> 00:29:05,269

doesn't mean anything

644

00:29:09,009 --> 00:29:07,009

typically Joe of your University

645

00:29:11,139 --> 00:29:09,019

professor you're educated typically is

646

00:29:13,060 --> 00:29:11,149

don't know about that electrical

647

00:29:17,100 --> 00:29:13,070

engineering professor tell you're being

648

00:29:22,840 --> 00:29:19,539

university professors are not always

649

00:29:24,730 --> 00:29:22,850

bright no not always bums specifically

650

00:29:27,279 --> 00:29:24,740

electrical engineering you're probably

651
00:29:29,289 --> 00:29:27,289
fairly logical person who requires five

652
00:29:29,670 --> 00:29:29,299
this long as an electrical engineer than

653
00:29:31,200 --> 00:29:29,680
these

654
00:29:33,660 --> 00:29:31,210
nicely bright enough to not electrocute

655
00:29:35,580 --> 00:29:33,670
himself I would hope so but mr. bell

656
00:29:37,590 --> 00:29:35,590
yeah I won't have to look into this I'm

657
00:29:40,500 --> 00:29:37,600
just reporting to you what I found I did

658
00:29:42,390 --> 00:29:40,510
not dig into the past of a lot of people

659
00:29:43,860 --> 00:29:42,400
presented in the movie but I want to

660
00:29:45,870 --> 00:29:43,870
believe in stuff I don't believe Bigfoot

661
00:29:48,360 --> 00:29:45,880
is taking these people I believe that

662
00:29:51,870 --> 00:29:48,370
there are just spots there are areas

663
00:29:56,780 --> 00:29:51,880

that are conducive to basically portals

664

00:30:02,430 --> 00:30:00,150

really like your idea about the traps

665

00:30:04,500 --> 00:30:02,440

yeah I think that's the best thing that

666

00:30:08,880 --> 00:30:04,510

I've heard I think I'm onto something

667

00:30:11,610 --> 00:30:08,890

there's busy I'll support you that one

668

00:30:16,230 --> 00:30:11,620

but I'm gonna jump off let you guys keep

669

00:30:17,670 --> 00:30:16,240

going hey Thank You mr. bill really

670

00:30:21,820 --> 00:30:17,680

appreciate you calling in don't be a

671

00:30:27,630 --> 00:30:23,120

[Music]

672

00:30:29,460 --> 00:30:27,640

good call and then Zack nunya is saying

673

00:30:32,820 --> 00:30:29,470

that it's Joe Biden snatching people up

674

00:30:35,670 --> 00:30:32,830

and I believe could be if anyone has the

675

00:30:37,380 --> 00:30:35,680

resources it's that guy uh yeah or maybe

676

00:30:40,530 --> 00:30:37,390

he yeah he farmed it out to his son

677

00:30:42,300 --> 00:30:40,540

Hunter yes he's doing cocaine and

678

00:30:44,760 --> 00:30:42,310

snatching people up in the woods and

679

00:30:47,310 --> 00:30:44,770

someone called someone called in while

680

00:30:48,840 --> 00:30:47,320

mr. bill was on the the phone and I'd

681

00:30:52,890 --> 00:30:48,850

love for you to call back in specially

682

00:30:55,500 --> 00:30:52,900

as missing 411 related enjoy Gretchen

683

00:30:57,600 --> 00:30:55,510

for the visuals he I don't know how he's

684

00:30:59,310 --> 00:30:57,610

so good at this he found mr. bill being

685

00:31:03,180 --> 00:30:59,320

abducted by Bigfoot oh wow

686

00:31:05,490 --> 00:31:03,190

by shotgun and I appreciate your

687

00:31:09,120 --> 00:31:05,500

skepticism here I really do like I was a

688

00:31:12,000 --> 00:31:09,130

critical eye I understand I I appreciate

689

00:31:13,680 --> 00:31:12,010

that and I got an offended my job I mean

690

00:31:14,100 --> 00:31:13,690

you know this it's like is it gonna work

691

00:31:15,960 --> 00:31:14,110

you know

692

00:31:17,580 --> 00:31:15,970

what is the idea good enough you got to

693

00:31:19,380 --> 00:31:17,590

poke holes in it and in this kind of

694

00:31:20,910 --> 00:31:19,390

stuff it's like yes I think there's

695

00:31:23,670 --> 00:31:20,920

enough coincidences to say hey there's

696

00:31:26,460 --> 00:31:23,680

something here but then like to take

697

00:31:28,350 --> 00:31:26,470

some of these things that are like the

698

00:31:33,750 --> 00:31:28,360

audio and the height thing and all that

699

00:31:36,300 --> 00:31:33,760

it's like well I I did the book that big

700

00:31:39,960 --> 00:31:36,310

pop you sent me is all about analyzing

701
00:31:41,820 --> 00:31:39,970
the data and he he managed to put the

702
00:31:43,590 --> 00:31:41,830
time and work in and create himself a

703
00:31:46,800 --> 00:31:43,600
like Express Excel spreadsheet

704
00:31:49,350 --> 00:31:46,810
and he realized that these clusters that

705
00:31:51,960 --> 00:31:49,360
there appears to be a movement to the

706
00:31:54,060 --> 00:31:51,970
clusters and that there's like test

707
00:31:55,470 --> 00:31:54,070
patterns as if someone was snatching up

708
00:31:57,630 --> 00:31:55,480
a few people here and there and then

709
00:32:00,480 --> 00:31:57,640
there's a big cluster and then the

710
00:32:02,940 --> 00:32:00,490
entity moves on test a little bit of the

711
00:32:04,560 --> 00:32:02,950
outlying area and then moves inward I'm

712
00:32:06,480 --> 00:32:04,570
gonna see if I reached out to the guys

713
00:32:08,160 --> 00:32:06,490

that you know yeah I like that because

714

00:32:12,870 --> 00:32:08,170

that to me suggests almost like a

715

00:32:15,900 --> 00:32:12,880

nomadic type of a hierarchy or a culture

716

00:32:18,270 --> 00:32:15,910

or whatever you if there is a being it

717

00:32:21,300 --> 00:32:18,280

behind this yeah but there is like some

718

00:32:25,590 --> 00:32:21,310

sort of punching ground there yeah

719

00:32:28,800 --> 00:32:25,600

caller you are on the air hey it's Nick

720

00:32:30,330 --> 00:32:28,810

what's up hey dick nice to meet ya how

721

00:32:33,510 --> 00:32:30,340

are you guys today nice to meet you guys

722

00:32:38,130 --> 00:32:33,520

finally love the here a theory on

723

00:32:39,240 --> 00:32:38,140

missing for 11 please okay what I think

724

00:32:41,820 --> 00:32:39,250

it is

725

00:32:44,580 --> 00:32:41,830

I was I was reading a bunch of old books

726

00:32:47,430 --> 00:32:44,590

here that my dad had one of them was on

727

00:32:51,030 --> 00:32:47,440

a in fairy lore and then all of a sudden

728

00:32:54,180 --> 00:32:51,040

I did the the similarities they just

729

00:32:56,040 --> 00:32:54,190

jump off the page outta the way that for

730

00:32:57,510 --> 00:32:56,050

example you would just mentioned

731

00:32:59,340 --> 00:32:57,520

something about them seeing the tuning

732

00:33:01,140 --> 00:32:59,350

for or hearing the tuning forks when

733

00:33:02,790 --> 00:33:01,150

they're going through the the woods and

734

00:33:06,450 --> 00:33:02,800

hearing people report hearing drums

735

00:33:07,320 --> 00:33:06,460

harps [h__h] like that apparently my

736

00:33:10,980 --> 00:33:07,330

theory anyway

737

00:33:12,960 --> 00:33:10,990

is that that is the things that is how

738

00:33:16,610 --> 00:33:12,970

they shift into dimensionally I guess

739

00:33:19,050 --> 00:33:16,620

through harmonics that must be given

740

00:33:20,370 --> 00:33:19,060

that's the given theory and that's what

741

00:33:22,830 --> 00:33:20,380

they're doing is when people are hearing

742

00:33:24,540 --> 00:33:22,840

this that's them trying to that's either

743

00:33:26,400 --> 00:33:24,550

them coming through or that's them

744

00:33:27,990 --> 00:33:26,410

trying to put you through to their other

745

00:33:30,560 --> 00:33:28,000

dimension because I think they're evil

746

00:33:34,590 --> 00:33:30,570

personally the Goblin I mean they all

747

00:33:36,450 --> 00:33:34,600

yeah oh yeah oh hundred percent it when

748

00:33:38,210 --> 00:33:36,460

I heard that when I heard a tuning fork

749

00:33:41,160 --> 00:33:38,220

thing he actually kind of reminded me of

750

00:33:45,900 --> 00:33:41,170

what the the noises that billy meier

751

00:33:48,090 --> 00:33:45,910

heard when ufos would come around I I

752

00:33:49,950 --> 00:33:48,100

don't know if that that tuning fork

753

00:33:52,410 --> 00:33:49,960

sensation has been been hurt or

754

00:33:54,240 --> 00:33:52,420

witnessed by people that have seen UFOs

755

00:33:57,299 --> 00:33:54,250

up close and personal but I'd kind of

756

00:33:59,159 --> 00:33:57,309

like to know it's part of the fairy

757

00:34:01,350 --> 00:33:59,169

that's for sure I didn't know that thank

758

00:34:03,330 --> 00:34:01,360

you for for calling in about that are

759

00:34:05,039 --> 00:34:03,340

you die just ain't very lower though

760

00:34:07,080 --> 00:34:05,049

ancient fairy lore there's a big

761

00:34:08,869 --> 00:34:07,090

difference between modern fairy lore and

762

00:34:11,520 --> 00:34:08,879

the ancient stuff that they believed

763

00:34:16,230 --> 00:34:11,530

well I'm not not very well-versed in

764

00:34:18,149 --> 00:34:16,240

fairy lore but I met my father's house

765

00:34:19,710 --> 00:34:18,159

right now one of you guys on next time

766

00:34:21,450 --> 00:34:19,720

because I don't have my notes here but I

767

00:34:22,800 --> 00:34:21,460

do have them in my house I can put

768

00:34:24,540 --> 00:34:22,810

something together for you and send it

769

00:34:26,609 --> 00:34:24,550

in for you I'll be happy to yeah that

770

00:34:29,250 --> 00:34:26,619

big wheel of that weirdo that we'll be

771

00:34:31,680 --> 00:34:29,260

back live on Saturday or next Wednesday

772

00:34:34,050 --> 00:34:31,690

next Wednesday we have two hours show we

773

00:34:36,329 --> 00:34:34,060

have a lot of time to dedicate to to

774

00:34:38,069 --> 00:34:36,339

just often off-the-wall nonsensical

775

00:34:39,869 --> 00:34:38,079

stuff but not saying that this is what

776

00:34:44,780 --> 00:34:39,879

it is I'm not calling to \$0.09 ago what

777

00:34:49,440 --> 00:34:47,220

because it is a pretty fringe theory I

778

00:34:50,909 --> 00:34:49,450

mean and unless I can actually put the

779

00:34:53,129 --> 00:34:50,919

two things put all the things together

780

00:34:54,510 --> 00:34:53,139

for you I kind of sound stupid right

781

00:34:59,370 --> 00:34:54,520

because I'm just throwing a theory out

782

00:35:03,950 --> 00:34:59,380

there without actually reinforce your

783

00:35:08,760 --> 00:35:06,450

but I mean even even the stuff like for

784

00:35:10,680 --> 00:35:08,770

examples right people disappearing

785

00:35:12,720 --> 00:35:10,690

people disappearing in the sight of

786

00:35:14,849 --> 00:35:12,730

other people like seemingly vanishing

787

00:35:18,210 --> 00:35:14,859

into thin air and then not appearing

788

00:35:20,220 --> 00:35:18,220

ever again or appearing years later or

789

00:35:22,319 --> 00:35:20,230

appearing months later dead that's

790

00:35:23,880 --> 00:35:22,329

that's so common in the fairy lore it's

791

00:35:25,800 --> 00:35:23,890

not even funny that's pretty much what

792

00:35:28,079 --> 00:35:25,810

they do to you take me back to their

793

00:35:30,540 --> 00:35:28,089

little fairy hobbles and kill you I

794

00:35:32,309 --> 00:35:30,550

don't know why they didn't that's crazy

795

00:35:34,710 --> 00:35:32,319

I would die I always say that fairies

796

00:35:38,030 --> 00:35:34,720

are so nice what is the rationality

797

00:35:41,670 --> 00:35:38,040

fairies exactly that's the Catholic lie

798

00:35:45,410 --> 00:35:41,680

mmm exactly I am I'm on board then

799

00:35:49,800 --> 00:35:45,420

follow Jesus because man I've I've I've

800

00:35:51,450 --> 00:35:49,810

actually I've I did a show on the B DRP

801
00:35:53,609 --> 00:35:51,460
with all the stuff that I have seen I

802
00:35:57,569 --> 00:35:53,619
mean III got attacked by it

803
00:35:59,490 --> 00:35:57,579
in December 2010 I got attacked by a

804
00:36:04,470 --> 00:35:59,500
great big shadow demon man the thing was

805
00:36:06,569 --> 00:36:04,480
humongous the next year I well-well

806
00:36:09,420 --> 00:36:06,579
harvested I lived up in Canada okay and

807
00:36:10,980 --> 00:36:09,430
I guess I live right near Berry at the

808
00:36:12,300 --> 00:36:10,990
corner of the lichen loop or the light

809
00:36:14,430 --> 00:36:12,310
and triangle or whatever the hell it's

810
00:36:17,940 --> 00:36:14,440
called well my buddies and I were

811
00:36:21,900 --> 00:36:17,950
harvesting his crop in October 2016 in a

812
00:36:23,850 --> 00:36:21,910
cornfield we encounter and well we

813
00:36:26,880 --> 00:36:23,860

encountered what I what I can only

814

00:36:28,560 --> 00:36:26,890

figure were two Dogma because the things

815

00:36:30,120 --> 00:36:28,570

were Bluff charge a nice man for like

816

00:36:30,780 --> 00:36:30,130

three hours I thought we were going to

817

00:36:33,090 --> 00:36:30,790

die

818

00:36:35,040 --> 00:36:33,100

I mean we worried were just it was such

819

00:36:38,340 --> 00:36:35,050

a [h__h] show man I'm telling you it was

820

00:36:39,780 --> 00:36:38,350

like I can get on and I can get I'd be

821

00:36:41,460 --> 00:36:39,790

happy to get on and tell you guys the

822

00:36:43,830 --> 00:36:41,470

story and stuff here too because I mean

823

00:36:45,870 --> 00:36:43,840

it's it's just it's ridiculous the stuff

824

00:36:48,120 --> 00:36:45,880

that I've come across mom well I threw

825

00:36:50,700 --> 00:36:48,130

this it showed me the truth of reality

826

00:36:53,340 --> 00:36:50,710

and how to fight back against these

827

00:36:56,370 --> 00:36:53,350

things and I mean all I got to my

828

00:36:57,930 --> 00:36:56,380

testimony well I'm in the business of

829

00:37:00,090 --> 00:36:57,940

believing you because it's it's a

830

00:37:01,830 --> 00:37:00,100

fascinating story I like talking about

831

00:37:03,510 --> 00:37:01,840

this kind of stuff so maybe we can have

832

00:37:06,420 --> 00:37:03,520

you back on like Wednesday you can go

833

00:37:09,870 --> 00:37:06,430

over your fairy fairy fairy stuff in

834

00:37:12,210 --> 00:37:09,880

relation to missing for 11 and I got

835

00:37:19,070 --> 00:37:12,220

your number store here so I'll just go

836

00:37:25,160 --> 00:37:23,790

yeah okay okay perfect that works great

837

00:37:28,670 --> 00:37:25,170

yeah

838

00:37:31,109 --> 00:37:28,680

pencil us in pencil ascend I got ya

839

00:37:33,270 --> 00:37:31,119

I'm literally writing it down right now

840

00:37:35,190 --> 00:37:33,280

sorry that's why I'm quieter and I got

841

00:37:42,260 --> 00:37:35,200

your name stored in my skype as dick

842

00:37:44,760 --> 00:37:42,270

fairy what do you know so in Iceland

843

00:37:47,640 --> 00:37:44,770

fairies are a real big deal they have a

844

00:37:49,950 --> 00:37:47,650

huge fairy lower and gnomes and all

845

00:37:52,140 --> 00:37:49,960

these things like are they even the only

846

00:37:55,109 --> 00:37:52,150

box they don't even move rocks they're

847

00:37:56,750 --> 00:37:55,119

that sure of the mother thing sorry I

848

00:37:59,280 --> 00:37:56,760

was just was a swear of the things

849

00:38:00,840 --> 00:37:59,290

existing that they won't even move the

850

00:38:04,080 --> 00:38:00,850

rocks to make the roads they'll move the

851
00:38:06,990 --> 00:38:04,090
rock roads around the rocks the rocks I

852
00:38:08,790 --> 00:38:07,000
did I did know that I know that much so

853
00:38:12,490 --> 00:38:08,800
they think the trees are so real they

854
00:38:15,760 --> 00:38:14,560
is that is that the idea you don't want

855
00:38:19,570 --> 00:38:15,770
to piss them off so they'll they'll

856
00:38:23,560 --> 00:38:19,580
actually avoid disrupting fairy habitats

857
00:38:25,030 --> 00:38:23,570
there yes they're 100% that's crazy not

858
00:38:26,849 --> 00:38:25,040
crazy I mean it's just ass and that's

859
00:38:30,460 --> 00:38:26,859
who they are

860
00:38:33,040 --> 00:38:30,470
hey if you believe the mud fossil theory

861
00:38:35,800 --> 00:38:33,050
that all rocks were one-time living

862
00:38:38,380 --> 00:38:35,810
creatures were the living giant and that

863
00:38:41,410 --> 00:38:38,390

their body was in dude with a

864

00:38:43,390 --> 00:38:41,420

supernatural spirit and that when they

865

00:38:45,640 --> 00:38:43,400

in the flood of Noah they all became the

866

00:38:48,070 --> 00:38:45,650

rocks this is very anyway that I've sort

867

00:38:49,780 --> 00:38:48,080

of uncovered and I'll explain it in

868

00:38:51,730 --> 00:38:49,790

better terms when I can put it all

869

00:38:53,770 --> 00:38:51,740

together for you okay but all the

870

00:38:56,410 --> 00:38:53,780

science of old were killed in the flood

871

00:38:58,630 --> 00:38:56,420

of Noah their bodies hardened became the

872

00:39:00,339 --> 00:38:58,640

fossils of today and they became the

873

00:39:01,690 --> 00:39:00,349

mountains and if you look up the mud

874

00:39:04,120 --> 00:39:01,700

fossil theory I'm sure you guys are

875

00:39:05,770 --> 00:39:04,130

familiar with it how they say that the

876

00:39:07,990 --> 00:39:05,780

mountains about face is in them and

877

00:39:10,570 --> 00:39:08,000

heads on them and this mountain looks

878

00:39:13,570 --> 00:39:10,580

like a super tighten it fell over and

879

00:39:17,050 --> 00:39:13,580

died at one time all that rock is imbued

880

00:39:19,660 --> 00:39:17,060

with supernatural sort of because of

881

00:39:21,760 --> 00:39:19,670

their supernatural mist all the rocks

882

00:39:24,760 --> 00:39:21,770

and all the breakdown of it is indeed

883

00:39:27,160 --> 00:39:24,770

with its own and that throughout the

884

00:39:29,290 --> 00:39:27,170

generations of witchcraft and everything

885

00:39:31,270 --> 00:39:29,300

else through God knows how many

886

00:39:31,660 --> 00:39:31,280

generations it's sort of poison the

887

00:39:34,359 --> 00:39:31,670

earth

888

00:39:37,320 --> 00:39:34,369

I like that theory that's interesting

889

00:39:40,030 --> 00:39:37,330

course you do I like every theory

890

00:39:41,800 --> 00:39:40,040

they think that all these rocks have

891

00:39:43,839 --> 00:39:41,810

power every single frickin Rock you ever

892

00:39:49,180 --> 00:39:43,849

seen your whole life they believe has

893

00:39:49,540 --> 00:39:49,190

some sort of thing entities yeah life to

894

00:39:58,930 --> 00:39:49,550

it

895

00:40:00,339 --> 00:39:58,940

send me an email

896

00:40:02,050 --> 00:40:00,349

we'll definitely line something up for

897

00:40:04,920 --> 00:40:02,060

for next week just put your phone number

898

00:40:08,290 --> 00:40:04,930

in the email so I know it's you yeah and

899

00:40:10,540 --> 00:40:08,300

and we'll we'll line some up for next

900

00:40:13,720 --> 00:40:10,550

week we'll talk about some fairies and

901
00:40:15,790 --> 00:40:13,730
missing 411 how about that that sounds

902
00:40:17,109 --> 00:40:15,800
great to me man I know like I said I'll

903
00:40:18,910 --> 00:40:17,119
get all my stuff together for you know

904
00:40:19,630 --> 00:40:18,920
oh look at look what you got on there

905
00:40:23,340 --> 00:40:19,640
that's awesome

906
00:40:25,700 --> 00:40:23,350
of the mountain there

907
00:40:28,970 --> 00:40:25,710
is awesome yeah yeah he does a great job

908
00:40:30,960 --> 00:40:28,980
all right man we're gonna jump here I

909
00:40:32,750 --> 00:40:30,970
won't let you down I promise

910
00:40:35,760 --> 00:40:32,760
now you can we won't no other way no

911
00:40:36,270 --> 00:40:35,770
you're so terrible it'll probably look

912
00:40:44,570 --> 00:40:36,280
great

913
00:40:50,130 --> 00:40:47,070

yeah even when we're being criticized

914

00:40:51,930 --> 00:40:50,140

we're we're still so open we will take

915

00:40:53,760 --> 00:40:51,940

it we'll take it cuz we're open to

916

00:40:56,160 --> 00:40:53,770

possibilities we want to know what if

917

00:40:58,770 --> 00:40:56,170

what the hell is going on it's going on

918

00:41:02,370 --> 00:40:58,780

what is going on what is going on what

919

00:41:05,040 --> 00:41:02,380

is going on Joe is going on what is

920

00:41:07,650 --> 00:41:05,050

going on what is going on this is a

921

00:41:09,750 --> 00:41:07,660

rhythm to it I love here if you want to

922

00:41:13,100 --> 00:41:09,760

join the stank all these calls give us

923

00:41:16,230 --> 00:41:13,110
