A Paranormal Experience

DR. JOE DISPENZA

1  
00:00:05,300 --> 00:00:03,320  
hey everyone it's Mike from the obedient

2  
00:00:07,099 --> 00:00:05,310  
podcast and I'm in front of my bookcase

3  
00:00:08,570 --> 00:00:07,109  
I thought it might being seemed to take

4  
00:00:10,549 --> 00:00:08,580  
a look at some of the books that I read

5  
00:00:14,299 --> 00:00:10,559  
through to get segments for the show

6  
00:00:16,189 --> 00:00:14,309  
let's take a look all right starting at

7  
00:00:19,970 --> 00:00:16,199  
the top here we go

8  
00:00:23,359 --> 00:00:19,980  
going up to the top the right-hand side

9  
00:00:28,519 --> 00:00:23,369  
we got a book called our band could be

10  
00:00:30,890 --> 00:00:28,529  
your life I read this book in 2000-2001

11  
00:00:34,340 --> 00:00:30,900  
there are little short stories about

12  
00:00:36,799 --> 00:00:34,350  
Indy Roth touring bands that that go

13  
00:00:38,299 --> 00:00:36,809

across the United States of America and

14

00:00:41,840 --> 00:00:38,309

they described what it was like for them

15

00:00:44,569 --> 00:00:41,850

to be a band fascinating to read if

16

00:00:47,660 --> 00:00:44,579

you're into rock and roll and like

17

00:00:49,400 --> 00:00:47,670

stories about your life yeah that's the

18

00:00:50,750 --> 00:00:49,410

book for you then we have strangers in a

19

00:00:53,060 --> 00:00:50,760

strange stranger in a strange land

20

00:00:55,959 --> 00:00:53,070

that's not in my book that is my wife's

21

00:00:58,610 --> 00:00:55,969

book I have yet to read it I think it's

22

00:01:01,010 --> 00:00:58,620

about a guy from Mars come comes to

23

00:01:04,250 --> 00:01:01,020

earth and it does something don't really

24

00:01:08,109 --> 00:01:04,260

know then I have two of my books right

25

00:01:14,149 --> 00:01:11,210

adventure journals two of the Star Wars

26

00:01:19,070 --> 00:01:14,159

adventure journals for the I believe the

27

00:01:23,270 --> 00:01:19,080

TSR Star Wars role-playing game which I

28

00:01:25,760 --> 00:01:23,280

was a big player of back in the 90s I

29

00:01:27,230 --> 00:01:25,770

haven't played a that game oh my

30

00:01:29,090 --> 00:01:27,240

I almost probably almost twenty years at

31

00:01:34,100 --> 00:01:29,100

this point and we have two copies of

32

00:01:37,719 --> 00:01:34,110

Fahrenheit 451 one is mine one is my

33

00:01:41,200 --> 00:01:37,729

wife's then we have George Orwell 1984

34

00:01:42,380 --> 00:01:41,210

then we have what is that right there

35

00:01:46,069 --> 00:01:42,390

again

36

00:01:47,840 --> 00:01:46,079

mice and men and animal form also by

37

00:01:50,539 --> 00:01:47,850

George Orwell let me have a couple books

38

00:01:54,969 --> 00:01:50,549

over here these are the bottom one is

39

00:01:57,740 --> 00:01:54,979

the Encyclopedia of combat techniques

40

00:01:59,959 --> 00:01:57,750

that's my book I got that got to stay

41

00:02:02,959 --> 00:01:59,969

well informed and then the book about

42

00:02:06,260 --> 00:02:02,969

that how to stay alive in the woods it

43

00:02:08,600 --> 00:02:06,270

has various passages about how to start

44

00:02:12,500 --> 00:02:08,610

a fire how to make a lean-to critical

45

00:02:13,210 --> 00:02:12,510

survival knowledge for the apocalypse if

46

00:02:15,160 --> 00:02:13,220

that ever comes

47

00:02:16,870 --> 00:02:15,170

and I guess the the encyclopedia for

48

00:02:18,640 --> 00:02:16,880

combat techniques would also be very

49

00:02:23,110 --> 00:02:18,650

handy in the apocalypse as well

50

00:02:26,170 --> 00:02:23,120

underneath or above that we have the

51  
00:02:30,460 --> 00:02:26,180  
worst case scenario book for survival

52  
00:02:33,340 --> 00:02:30,470  
questions and that's also mine I was on

53  
00:02:37,000 --> 00:02:33,350  
this big prepper kick a few years ago I

54  
00:02:39,190 --> 00:02:37,010  
have you know read up on it got a go-bag

55  
00:02:40,870 --> 00:02:39,200  
and all that kind of stuff I'm still

56  
00:02:45,220 --> 00:02:40,880  
into it just not as much and above that

57  
00:02:48,730 --> 00:02:45,230  
book we have what is this the book of IQ

58  
00:02:50,260 --> 00:02:48,740  
test that this was given to me by uh by

59  
00:02:53,140 --> 00:02:50,270  
my wife as a gift I guess maybe she

60  
00:02:56,080 --> 00:02:53,150  
wanted to test my IQ see if I was smart

61  
00:03:03,100 --> 00:02:56,090  
enough to marry maybe I passed okay the

62  
00:03:06,010 --> 00:03:03,110  
shelf below it starts off with 40 years

63  
00:03:10,420 --> 00:03:06,020

with fairies that is not mine that is my

64  
00:03:14,560 --> 00:03:10,430  
wives then we have Astro voyages we have

65  
00:03:18,790 --> 00:03:14,570  
the leucine lucid dream pact it's a book

66  
00:03:21,509 --> 00:03:18,800  
about well lucid dreaming but also some

67  
00:03:24,759 --> 00:03:21,519  
techniques on how to lucid dream and

68  
00:03:27,420 --> 00:03:24,769  
then right next to that we got healing

69  
00:03:31,030 --> 00:03:27,430  
crystals and gemstones that's my wives

70  
00:03:33,490 --> 00:03:31,040  
we got psychic intuition that is mine

71  
00:03:36,479 --> 00:03:33,500  
that's that's an idiot's guide to

72  
00:03:39,420 --> 00:03:36,489  
psychic intuition then we have

73  
00:03:44,320 --> 00:03:39,430  
enchantments can'ts hard to read here

74  
00:03:46,420 --> 00:03:44,330  
enchantment of the fairy realm as my

75  
00:03:49,240 --> 00:03:46,430  
wife's I believe the gift of the shaman

76  
00:03:56,020 --> 00:03:49,250  
that is my Wesen we have a book hidden

77  
00:03:59,979 --> 00:03:56,030  
right here this is the Egyptian postures

78  
00:04:03,160 --> 00:03:59,989  
of power this is by Jason quit this guy

79  
00:04:04,870 --> 00:04:03,170  
uh he's given a lot of talks about the

80  
00:04:08,650 --> 00:04:04,880  
metaphysical realm he's done a lot of

81  
00:04:10,990 --> 00:04:08,660  
astral voyages he he's been on George

82  
00:04:12,759 --> 00:04:11,000  
Noory show beyond belief quite a few

83  
00:04:15,039 --> 00:04:12,769  
times he's like he's a good guy to

84  
00:04:17,500 --> 00:04:15,049  
listen to if you want to get into the

85  
00:04:19,539 --> 00:04:17,510  
more spiritual side of uh of life then

86  
00:04:24,460 --> 00:04:19,549  
we have a book on spirit guides real

87  
00:04:26,620 --> 00:04:24,470  
magic by Dean Radin one of my favorite

88  
00:04:29,680 --> 00:04:26,630

books that I've read in

89

00:04:33,540 --> 00:04:29,690

times this guy does a really good job at

90

00:04:35,950 --> 00:04:33,550

dissecting what people think magic is

91

00:04:39,550 --> 00:04:35,960

going back to you like medieval times up

92

00:04:41,620 --> 00:04:39,560

to present day he classifies a magic I'm

93

00:04:45,070 --> 00:04:41,630

paraphrasing a magic as something is the

94

00:04:47,710 --> 00:04:45,080

power of thought to influence the

95

00:04:50,500 --> 00:04:47,720

physical life that we live so it can be

96

00:04:52,300 --> 00:04:50,510

prayer it could be a spell and he does a

97

00:04:55,650 --> 00:04:52,310

good job in the book at documenting some

98

00:05:00,160 --> 00:04:55,660

real-world scenarios in which it's real

99

00:05:02,110 --> 00:05:00,170

ranging from university studies to some

100

00:05:07,600 --> 00:05:02,120

anecdotes pretty cool book I recommend

101  
00:05:09,610 --> 00:05:07,610  
picking it up then we have the awakened

102  
00:05:12,610 --> 00:05:09,620  
psychic haven't read that one yet well

103  
00:05:14,110 --> 00:05:12,620  
then we have the empowered impasse in

104  
00:05:18,070 --> 00:05:14,120  
this vision it's getting a little hard

105  
00:05:20,560 --> 00:05:18,080  
to read there the Empowered impact we

106  
00:05:23,310 --> 00:05:20,570  
got the four agreements I don't know

107  
00:05:28,510 --> 00:05:23,320  
what that is

108  
00:05:34,360 --> 00:05:28,520  
then we have the perception of yoga

109  
00:05:40,630 --> 00:05:34,370  
right their perception of yoga then His

110  
00:05:41,980 --> 00:05:40,640  
divine grace not sure about you sure

111  
00:05:44,260 --> 00:05:41,990  
where that book gamebryo I think it's my

112  
00:05:49,600 --> 00:05:44,270  
why's it might be then we have a book of

113  
00:05:52,000 --> 00:05:49,610

Edgar Cayce and your Cayce on the power

114

00:05:53,800 --> 00:05:52,010

of color stones and crystals as you're

115

00:05:57,940 --> 00:05:53,810

Casey is one of the most prolific

116

00:05:59,680 --> 00:05:57,950

psychics that's ever been documented I'd

117

00:06:00,880 --> 00:05:59,690

recommend looking at my he's got some

118

00:06:03,340 --> 00:06:00,890

pretty cool stuff and we have a book

119

00:06:08,470 --> 00:06:03,350

right next to that called a real magic

120

00:06:11,500 --> 00:06:08,480

by dr. Wayne W Dyer and then we have the

121

00:06:16,840 --> 00:06:11,510

angel numbers books if you guys have

122

00:06:20,050 --> 00:06:16,850

ever seen the numbers like 1 1 1 2 2 2 1

123

00:06:22,750 --> 00:06:20,060

1 so this book has all like these than

124

00:06:25,420 --> 00:06:22,760

what the numbers mean if I can if I can

125

00:06:29,290 --> 00:06:25,430

focus on this thing what the numbers

126

00:06:31,510 --> 00:06:29,300

mean when you see a specific number and

127

00:06:33,010 --> 00:06:31,520

it's part of some sort of synchronicity

128

00:06:34,870 --> 00:06:33,020

in your life you can look up in that

129

00:06:37,620 --> 00:06:34,880

book with that what that number

130

00:06:39,969 --> 00:06:37,630

represents for you and then we have some

131

00:06:40,330 --> 00:06:39,979

more religious books over here I guess

132

00:06:43,840 --> 00:06:40,340

there's too

133

00:06:44,950 --> 00:06:43,850

on the bottom I did pardon I forgot I

134

00:06:47,500 --> 00:06:44,960

put these books over here but we have

135

00:06:50,379 --> 00:06:47,510

the the PMA effect the positive mental

136

00:06:52,570 --> 00:06:50,389

attitude effect written by John Joseph

137

00:06:54,310 --> 00:06:52,580

he's I believe a member of the cro-mags

138

00:06:56,230 --> 00:06:54,320

start of the New York hardcore scene

139

00:06:58,930 --> 00:06:56,240

he's been on geo rug and pretty cool guy

140

00:07:02,830 --> 00:06:58,940

and then above that Taoism an essential

141

00:07:07,480 --> 00:07:02,840

guide then the Holy Bible and then the

142

00:07:10,080 --> 00:07:07,490

war of art break through the blocks and

143

00:07:13,150 --> 00:07:10,090

win your inner creativity battles I

144

00:07:18,969 --> 00:07:13,160

bought that I have yet to read the PMA

145

00:07:21,360 --> 00:07:18,979

effect or the art of the war of art you

146

00:07:23,560 --> 00:07:21,370

know are you doing stuff creative

147

00:07:25,180 --> 00:07:23,570

sometimes get writer's block and you

148

00:07:27,340 --> 00:07:25,190

need a some words of encouragement to

149

00:07:29,890 --> 00:07:27,350

get past that so I got it I got to get

150

00:07:32,379 --> 00:07:29,900

to read in both those books part part in

151

00:07:34,090 --> 00:07:32,389

the other the zooming in the focusing

152

00:07:40,450 --> 00:07:34,100

from using a brand new camera with a

153

00:07:44,320 --> 00:07:40,460

manual focus down one more shelf here we

154

00:07:46,300 --> 00:07:44,330

got the mysterious creatures from time

155

00:07:49,590 --> 00:07:46,310

like whoops I just picked this up I

156

00:07:52,000 --> 00:07:49,600

loved it I loved these time left books

157

00:07:54,310 --> 00:07:52,010

and I was a kid becomes grownups you'd

158

00:07:56,440 --> 00:07:54,320

see commercials all the time for these

159

00:07:58,779 --> 00:07:56,450

time like books presents you will foes

160

00:08:01,750 --> 00:07:58,789

in psychic mysteries so I found this in

161

00:08:03,430 --> 00:08:01,760

a use a bookstore and I got this one I'm

162

00:08:06,339 --> 00:08:03,440

probably gonna get the rest when I get

163

00:08:09,850 --> 00:08:06,349

some longus of money and room then we

164

00:08:11,860 --> 00:08:09,860

have the the good leaf spell book that

165

00:08:14,260 --> 00:08:11,870

is mine I've perused through that back

166

00:08:15,940 --> 00:08:14,270

when I was on that magic kick just

167

00:08:19,360 --> 00:08:15,950

fascinated with this subject of magic

168

00:08:22,600 --> 00:08:19,370

and manipulating this reality by the

169

00:08:26,860 --> 00:08:22,610

power of words I haven't practiced any

170

00:08:29,620 --> 00:08:26,870

magic but I'm curious about it then next

171

00:08:32,469 --> 00:08:29,630

to that we have becoming supernatural by

172

00:08:36,190 --> 00:08:32,479

dr. Joe Dispenza I've talked about him a

173

00:08:39,000 --> 00:08:36,200

lot on the show he deals with using your

174

00:08:41,829 --> 00:08:39,010

your mind your consciousness to

175

00:08:44,019 --> 00:08:41,839

influence your future to get what you

176

00:08:47,949 --> 00:08:44,029

want out of this reality then we have

177

00:08:51,100 --> 00:08:47,959

the Lucifer principles or principle I am

178

00:08:52,790 --> 00:08:51,110

not sure what is in this I have yet to

179

00:08:56,180 --> 00:08:52,800

read it it's not mine

180

00:08:59,449 --> 00:08:56,190

and then we have esoteric esoteric

181

00:09:03,079 --> 00:08:59,459

Hollywood by Jade I urge a dire good

182

00:09:05,690 --> 00:09:03,089

dude been on the show he deals with a

183

00:09:07,850 --> 00:09:05,700

lot of philosophical and religious

184

00:09:11,090 --> 00:09:07,860

topics on his YouTube channel he also

185

00:09:13,519 --> 00:09:11,100

gets into a cult occult symbolism within

186

00:09:16,160 --> 00:09:13,529

Hollywood good got a follow and pay

187

00:09:21,079 --> 00:09:16,170

attention to they don't have a book the

188

00:09:24,590 --> 00:09:21,089

ancient Giants who ruled America love

189

00:09:27,530 --> 00:09:24,600

this book I did a big giant segment and

190

00:09:29,930 --> 00:09:27,540

maybe last year two years ago and the

191

00:09:32,090 --> 00:09:29,940

the the subject of Giants is absolutely

192

00:09:34,610 --> 00:09:32,100

fascinating to me I recommend people

193

00:09:36,940 --> 00:09:34,620

check out that subject in that topic you

194

00:09:38,930 --> 00:09:36,950

can just search for Giants on OVD em

195

00:09:40,910 --> 00:09:38,940

YouTube they will come up I'll probably

196

00:09:44,990 --> 00:09:40,920

do another segment coming up pretty soon

197

00:09:47,480 --> 00:09:45,000

on that and then we have a book by Ed

198

00:09:49,040 --> 00:09:47,490

Charles for the complete book of Charles

199

00:09:53,210 --> 00:09:49,050

for yeah I just read it there is a name

200

00:09:57,110 --> 00:09:53,220

this guy documented a lot of paranormal

201  
00:10:01,040 --> 00:09:57,120  
and weird strange events in early

202  
00:10:04,130 --> 00:10:01,050  
America he was a cat a cat logged a lot

203  
00:10:06,530 --> 00:10:04,140  
of different stuff way before anybody

204  
00:10:08,150 --> 00:10:06,540  
else was and published its that's a

205  
00:10:11,540 --> 00:10:08,160  
complete works I'm still digging through

206  
00:10:15,130 --> 00:10:11,550  
that to come up with some segments to

207  
00:10:17,710 --> 00:10:15,140  
talk about paranormal activity in the

208  
00:10:21,560 --> 00:10:17,720  
1800s maybe him 17 unders in America

209  
00:10:25,340 --> 00:10:21,570  
then we have the encounters with flying

210  
00:10:29,420 --> 00:10:25,350  
humanoids I use this book on monster May

211  
00:10:32,420 --> 00:10:29,430  
to deal with the segments concerning the

212  
00:10:34,639 --> 00:10:32,430  
the witch in Mexico Mothman the owl man

213  
00:10:38,870 --> 00:10:34,649

of England awesome book this mist this

214

00:10:42,440 --> 00:10:38,880

guy the the writer Gerard let me see if

215

00:10:44,389 --> 00:10:42,450

I can focus actually Gerard does great

216

00:10:45,440 --> 00:10:44,399

cryptozoology books I'm gonna pick up

217

00:10:48,380 --> 00:10:45,450

the rest of his stuff he's got then we

218

00:10:50,960 --> 00:10:48,390

have Linda Godfrey's Monsters among us

219

00:10:51,590 --> 00:10:50,970

great book she touches on it's a little

220

00:10:54,139 --> 00:10:51,600

bit of everything

221

00:10:55,370 --> 00:10:54,149

a fascinating book I would love to talk

222

00:10:57,410 --> 00:10:55,380

to her at some point in time then we

223

00:11:00,260 --> 00:10:57,420

have a cold book slaying next that we

224

00:11:01,850 --> 00:11:00,270

have fairies I know I really I have

225

00:11:05,060 --> 00:11:01,860

enough books on fairies I I should just

226

00:11:06,650 --> 00:11:05,070

devote a whole show on fairies a couple

227

00:11:09,460 --> 00:11:06,660

shows look at the Beatles

228

00:11:11,720 --> 00:11:09,470

illustrated lyrics and then above that

229

00:11:13,670 --> 00:11:11,730

history decoded and this is like a

230

00:11:15,259 --> 00:11:13,680

History Channel book I'll open up

231

00:11:16,730 --> 00:11:15,269

because this is a kind of a cool book

232

00:11:19,069 --> 00:11:16,740

this was given to me as a present

233

00:11:22,759 --> 00:11:19,079

let's open this up so this is sorry guys

234

00:11:25,910 --> 00:11:22,769

focusing trying to focus this book was

235

00:11:29,720 --> 00:11:25,920

given to me as a present and it it goes

236

00:11:33,769 --> 00:11:29,730

through all these conspiracies and

237

00:11:35,840 --> 00:11:33,779

topics related to like guys you see

238

00:11:40,369 --> 00:11:35,850

Georgia Guidestones it's got stuff on

239

00:11:43,910 --> 00:11:40,379

Abraham Lincoln JFK White House where is

240

00:11:46,999 --> 00:11:43,920

the cornerstone of democracy we got the

241

00:11:49,879 --> 00:11:47,009

spear of destiny history's most sacred

242

00:11:51,619 --> 00:11:49,889

relic cool book very well put together I

243

00:11:53,540 --> 00:11:51,629

think was put out by The History Channel

244

00:11:55,009 --> 00:11:53,550

maybe I don't know yeah it was put out

245

00:11:57,819 --> 00:11:55,019

by The History Channel sorry about the

246

00:12:02,869 --> 00:11:57,829

folks I'm gonna fix that at some point

247

00:12:06,619 --> 00:12:02,879

so that takes care of that shelf then we

248

00:12:08,720 --> 00:12:06,629

got start the bottom I'll work my way up

249

00:12:11,960 --> 00:12:08,730

here we go so we have the encyclopedia

250

00:12:14,509 --> 00:12:11,970

of ancient Giants in America which is

251  
00:12:16,280 --> 00:12:14,519  
different than the other Giants look I

252  
00:12:18,530 --> 00:12:16,290  
have then above that we have

253  
00:12:22,819 --> 00:12:18,540  
authenticating the Georgia demske case

254  
00:12:25,309 --> 00:12:22,829  
George Adamski is a person that back in

255  
00:12:28,309 --> 00:12:25,319  
the 1950s claimed to have interacted

256  
00:12:30,290 --> 00:12:28,319  
with humanoid-looking aliens I believe

257  
00:12:33,350 --> 00:12:30,300  
in the Mojave Desert I talked about that

258  
00:12:35,449 --> 00:12:33,360  
a few months ago on the show fascinating

259  
00:12:41,059 --> 00:12:35,459  
case but this is the whole book right

260  
00:12:43,280 --> 00:12:41,069  
here is dedicated to we have crossing

261  
00:12:44,900 --> 00:12:43,290  
over with John Edwards I this is I don't

262  
00:12:48,290 --> 00:12:44,910  
know why we have it but it was oh I

263  
00:12:50,900 --> 00:12:48,300

believe Big Papi listener gave that to

264

00:12:53,600 --> 00:12:50,910

me thank you Big Papi we have beyond the

265

00:13:00,170 --> 00:12:53,610

seventh gate paranormal book then we

266

00:13:02,990 --> 00:13:00,180

have the secret king I believe it's all

267

00:13:05,540 --> 00:13:03,000

about like Nazi occultism we are here

268

00:13:07,999 --> 00:13:05,550

visitors without a passport this the

269

00:13:11,090 --> 00:13:08,009

authenticating the George identity

270

00:13:12,679 --> 00:13:11,100

identity case goes right along with this

271

00:13:15,280 --> 00:13:12,689

we are here book which is all about

272

00:13:17,269 --> 00:13:15,290

humanoid-looking aliens it goes into

273

00:13:19,249 --> 00:13:17,279

cases like the the strange at the

274

00:13:20,390 --> 00:13:19,259

Pentagon where there was a humanoid

275

00:13:21,770 --> 00:13:20,400

looking

276

00:13:24,770 --> 00:13:21,780

walking around the Pentagon he was

277

00:13:26,870 --> 00:13:24,780

welcome and giving consulting to some

278

00:13:29,150 --> 00:13:26,880

with military officials on to delve into

279

00:13:31,340 --> 00:13:29,160

that some more then we have a book

280

00:13:34,370 --> 00:13:31,350

called nothing in this book is true but

281

00:13:36,320 --> 00:13:34,380

it's exactly how things are this is a

282

00:13:38,840 --> 00:13:36,330

fascinating book that delves into sacred

283

00:13:41,090 --> 00:13:38,850

geometry the UFO phenomenon and just the

284

00:13:43,040 --> 00:13:41,100

nature of reality in and of itself I

285

00:13:45,320 --> 00:13:43,050

recommend you read it it's written back

286

00:13:47,660 --> 00:13:45,330

in the 90s I listened to like a book on

287

00:13:50,120 --> 00:13:47,670

tape version of this and the late 90s

288

00:13:53,180 --> 00:13:50,130

found it fascinating there's actually a

289

00:13:54,650 --> 00:13:53,190

second book to this that I have started

290

00:13:56,420 --> 00:13:54,660

reading so I'm kind of going back

291

00:13:58,400 --> 00:13:56,430

through and reading the initial nothing

292

00:14:00,320 --> 00:13:58,410

in this book is true but then I'm going

293

00:14:03,710 --> 00:14:00,330

to break out a new one it's kind of like

294

00:14:06,350 --> 00:14:03,720

a upended volume to fascinating stuff

295

00:14:12,380 --> 00:14:06,360

though then we got what is that we have

296

00:14:15,380 --> 00:14:12,390

a March 2008 version of fate magazine

297

00:14:21,950 --> 00:14:15,390

yeah the 2008 versions of fate magazine

298

00:14:23,780 --> 00:14:21,960

UFOs over Texas then we got the fuel guy

299

00:14:26,240 --> 00:14:23,790

- at the terrestrials and above that the

300

00:14:28,760 --> 00:14:26,250

field guy - UFOs then we have

301  
00:14:31,580 --> 00:14:28,770  
Confessions of an economic hitman this

302  
00:14:33,910 --> 00:14:31,590  
book has brought up a lot on the No

303  
00:14:36,560 --> 00:14:33,920  
Agenda show and then above that we got

304  
00:14:39,470 --> 00:14:36,570  
extraterrestrials extraterrestrial

305  
00:14:42,680 --> 00:14:39,480  
visitations from prehistoric times to

306  
00:14:45,260 --> 00:14:42,690  
present and that's a book that I just

307  
00:14:46,820 --> 00:14:45,270  
picked up got off like a dollar and I

308  
00:14:49,250 --> 00:14:46,830  
need if I need to plow through that okay

309  
00:14:54,560 --> 00:14:49,260  
then we go down to the other section

310  
00:14:59,450 --> 00:14:54,570  
here so we have no boy they never came

311  
00:15:00,620 --> 00:14:59,460  
back this is a book that I'm digging

312  
00:15:03,500 --> 00:15:00,630  
through it's about people who have gone

313  
00:15:04,520 --> 00:15:03,510

missing and it's also about people

314

00:15:06,410 --> 00:15:04,530

who've been kidnapped people just

315

00:15:09,020 --> 00:15:06,420

vanished for one reason or another some

316

00:15:13,520 --> 00:15:09,030

pretty interesting stories and then we

317

00:15:15,200 --> 00:15:13,530

have vanishings by Michael Harrison

318

00:15:18,920 --> 00:15:15,210

which I talked about many times on the

319

00:15:21,230 --> 00:15:18,930

show this book has a lot of very

320

00:15:24,050 --> 00:15:21,240

intriguing accounts of people who just

321

00:15:25,610 --> 00:15:24,060

vanished boats that just up and go

322

00:15:29,900 --> 00:15:25,620

missing

323

00:15:33,510 --> 00:15:29,910

which we'll get to in a second then we

324

00:15:36,090 --> 00:15:33,520

have into nowhere

325

00:15:38,850 --> 00:15:36,100

I'm sorry just called nowhere a pattern

326

00:15:43,950 --> 00:15:38,860

of disappear disappearances in rural

327

00:15:47,580 --> 00:15:43,960

America this is a more of hardcore data

328

00:15:49,080 --> 00:15:47,590

analysis of the missing 4:11 data that

329

00:15:50,810 --> 00:15:49,090

David place has put together so I have

330

00:15:54,630 --> 00:15:50,820

my missing for 11 bucks right here

331

00:15:57,960 --> 00:15:54,640

missing for 11 North America and Gian I

332

00:16:00,420 --> 00:15:57,970

got North America law I got off the grid

333

00:16:01,590 --> 00:16:00,430

and Devils in the details actually I

334

00:16:04,290 --> 00:16:01,600

need to get the rest of them

335

00:16:07,590 --> 00:16:04,300

that's a gave away my missing 411

336

00:16:10,320 --> 00:16:07,600

hunters book to a friend because they

337

00:16:12,300 --> 00:16:10,330

are very curious about the the subject

338

00:16:14,180 --> 00:16:12,310

just here just take my missing 411 book

339

00:16:16,850 --> 00:16:14,190

you got to get that back let me have

340

00:16:19,890 --> 00:16:16,860

long gone again Chariots of the Gods

341

00:16:23,580 --> 00:16:19,900

hunt for skinwalker ranch killer it

342

00:16:27,030 --> 00:16:23,590

encounters phantoms in monsters this is

343

00:16:28,220 --> 00:16:27,040

a just an account or a book of of

344

00:16:30,210 --> 00:16:28,230

[Music]

345

00:16:32,570 --> 00:16:30,220

bizarre encounters like it says in the

346

00:16:35,160 --> 00:16:32,580

book bizarre encounters done by lawns

347

00:16:38,280 --> 00:16:35,170

Strickler this guy hates me

348

00:16:40,610 --> 00:16:38,290

this author hates me he hates the show

349

00:16:43,890 --> 00:16:40,620

he threatened legal action against me

350

00:16:45,450 --> 00:16:43,900

because we are making fun of we weren't

351

00:16:47,640 --> 00:16:45,460

making fun of him we're just making fun

352

00:16:50,280 --> 00:16:47,650

of some of these bizarre accounts that

353

00:16:51,960 --> 00:16:50,290

he accumulates and so we're just kind of

354

00:16:56,370 --> 00:16:51,970

make it like he seems to have every

355

00:16:57,780 --> 00:16:56,380

single account you know he's the ground

356

00:16:58,860 --> 00:16:57,790

zero for these accounts I wasn't trying

357

00:17:00,900 --> 00:16:58,870

to discredit him or anything I was just

358

00:17:02,250 --> 00:17:00,910

I poked fun at everything the show pokes

359

00:17:04,110 --> 00:17:02,260

fun or everything I think he's a

360

00:17:06,990 --> 00:17:04,120

perfectly fine guy he puts up great

361

00:17:09,870 --> 00:17:07,000

books he very detailed nothing against

362

00:17:13,320 --> 00:17:09,880

I'm actually quite like his work then we

363

00:17:16,710 --> 00:17:13,330

have human humanoid encounters from 2002

364

00:17:18,030 --> 00:17:16,720

to 2015 I get just so many of these

365

00:17:20,280 --> 00:17:18,040

human encounter books they're

366

00:17:22,800 --> 00:17:20,290

fascinating to go through like every

367

00:17:27,410 --> 00:17:22,810

decade have with five years chunks at a

368

00:17:30,510 --> 00:17:27,420

time and then we have mysteries of

369

00:17:33,900 --> 00:17:30,520

George's military bases which is an

370

00:17:37,260 --> 00:17:33,910

excellent book about just like what it

371

00:17:39,330 --> 00:17:37,270

says military bases of Georgia ranging

372

00:17:41,040 --> 00:17:39,340

from UFO counters to poltergeist to

373

00:17:43,620 --> 00:17:41,050

Bigfoot encounters at military bases

374

00:17:46,510 --> 00:17:43,630

pretty cool stuff and then the the

375

00:17:50,920 --> 00:17:46,520

bottom shelf is all my pretty much all

376

00:17:51,850 --> 00:17:50,930

my programming books so I get secrets of

377

00:17:54,970 --> 00:17:51,860

JavaScript

378

00:17:57,190 --> 00:17:54,980

I got Python networking elegant eloquent

379

00:17:59,020 --> 00:17:57,200

JavaScript which this book it's a little

380

00:18:01,720 --> 00:17:59,030

chewed up this is probably might one of

381

00:18:05,080 --> 00:18:01,730

my favorite books and how to learn how

382

00:18:08,230 --> 00:18:05,090

to program is put laid out very well and

383

00:18:11,110 --> 00:18:08,240

we have html5 in action introduction to

384

00:18:13,330 --> 00:18:11,120

data science we have blackhat Python

385

00:18:14,830 --> 00:18:13,340

which is a little some hacker stuff

386

00:18:19,570 --> 00:18:14,840

there functional programming in

387

00:18:21,670 --> 00:18:19,580

JavaScript agile metrics we got broking

388

00:18:23,980 --> 00:18:21,680

algorithm so this is the intro to how to

389

00:18:25,330 --> 00:18:23,990

write your own algorithms effective

390

00:18:27,820 --> 00:18:25,340

Python this is probably one of the

391

00:18:31,320 --> 00:18:27,830

better Python books that I've read it

392

00:18:34,660 --> 00:18:31,330

was authored by as authored by a guy at

393

00:18:37,270 --> 00:18:34,670

Google if you're into Python and you're

394

00:18:39,100 --> 00:18:37,280

probably at your intermediate state pick

395

00:18:41,590 --> 00:18:39,110

this one up it'll give you some some

396

00:18:44,830 --> 00:18:41,600

good pointers then we have a checkers

397

00:18:47,920 --> 00:18:44,840

guide to Python and then we have real

398

00:18:50,080 --> 00:18:47,930

world machine learning algorithms of the

399

00:18:54,910 --> 00:18:50,090

intelligent web which I have yet to read

400

00:18:57,670 --> 00:18:54,920

and then we describe to statistics cards

401  
00:19:00,280 --> 00:18:57,680  
against humanity' over here and then

402  
00:19:02,800 --> 00:19:00,290  
these are all my RPG role-playing game

403  
00:19:05,920 --> 00:19:02,810  
books and I will be just flat of honest

404  
00:19:07,510 --> 00:19:05,930  
with you these books he's not even all

405  
00:19:10,210 --> 00:19:07,520  
of them hi this is what I've accumulated

406  
00:19:12,160 --> 00:19:10,220  
since I probably bent 30 I lost my

407  
00:19:16,000 --> 00:19:12,170  
original collection of books but these

408  
00:19:18,340 --> 00:19:16,010  
books changed my life these games

409  
00:19:21,250 --> 00:19:18,350  
changed my life I was I was so

410  
00:19:24,490 --> 00:19:21,260  
fascinated with the with the games the

411  
00:19:26,230 --> 00:19:24,500  
bottom one was heroes I'm limited these

412  
00:19:28,360 --> 00:19:26,240  
are pretty much all palladium

413  
00:19:30,970 --> 00:19:28,370

role-playing games I don't have any D&D

414

00:19:33,610 --> 00:19:30,980

or stuff like that but these palladium

415

00:19:36,190 --> 00:19:33,620

role-playing games changed my life

416

00:19:45,519 --> 00:19:36,200

because not only were they so let me put

417

00:19:49,220 --> 00:19:46,970

here we go

418

00:19:53,120 --> 00:19:49,230

so took out the one of the most so not

419

00:19:57,590 --> 00:19:53,130

only were these these books fun to play

420

00:19:59,029 --> 00:19:57,600

they had amazing artwork and I love just

421

00:20:00,950 --> 00:19:59,039

flipping through the books looking at

422

00:20:03,560 --> 00:20:00,960

the artwork understanding the the system

423

00:20:07,510 --> 00:20:03,570

of how of how you play the game and then

424

00:20:10,010 --> 00:20:07,520

reading about the world and these RPG

425

00:20:12,080 --> 00:20:10,020

specifically palladium books we're

426

00:20:14,600 --> 00:20:12,090

really hip fulness me to be going to art

427

00:20:16,070 --> 00:20:14,610

and try to become an artist and I still

428

00:20:17,480 --> 00:20:16,080

consider myself an artist and as long do

429

00:20:19,990 --> 00:20:17,490

that Mister trolling anymore but the

430

00:20:23,120 --> 00:20:20,000

world building is absolutely phenomenal

431

00:20:25,730 --> 00:20:23,130

I'm still into doing that so I got riffs

432

00:20:28,399 --> 00:20:25,740

juicers again risk Federation the magic

433

00:20:30,110 --> 00:20:28,409

coalition Wars conversion book riffs

434

00:20:31,789 --> 00:20:30,120

mercenaries mechanoids

435

00:20:35,269 --> 00:20:31,799

which is a totally different game but

436

00:20:37,220 --> 00:20:35,279

select lidium RIS Australia the actual

437

00:20:40,490 --> 00:20:37,230

role-playing main book coalition siege

438

00:20:42,680 --> 00:20:40,500

and then I got some magazines up here

439

00:20:47,570 --> 00:20:42,690

which are kind of cool 100 greatest

440

00:20:49,789 --> 00:20:47,580

mysteries and then we got the search for

441

00:20:52,070 --> 00:20:49,799

alien life who shaped our world book by

442

00:20:53,750 --> 00:20:52,080

the history magazine so alright guys

443

00:20:56,120 --> 00:20:53,760

there we go

444

00:20:58,130 --> 00:20:56,130

there is my my bookshelf I'm sure I have

445

00:21:01,659 --> 00:20:58,140

some other books like laying around but

446

00:21:06,380 --> 00:21:01,669

that is pretty much it probably read

447

00:21:08,840 --> 00:21:06,390

half maybe no I probably read 10% 10%

448

00:21:10,340 --> 00:21:08,850

Who am I kidding with the the YouTube

449

00:21:12,889 --> 00:21:10,350

comments the the way they are I haven't

450

00:21:14,570 --> 00:21:12,899

read anything I don't read we all know
