00:00:00,300 --> 00:00:06,680
[Applause]

2
00:00:16,300 --> 00:00:13,740
[Music]

3
00:00:19,849 --> 00:00:16,310
[Applause]

4
00:00:23,179 --> 00:00:19,859
all right I'm talk about some missing

5
00:00:26,029 --> 00:00:23,189
411 and invisible creatures one of our

6
00:00:28,130 --> 00:00:26,039
most popular clips here on the YouTube

7
00:00:30,339 --> 00:00:28,140
channel is missing 411 invisible

8
00:00:34,610 --> 00:00:30,349
predators got like over 200,000 hits and

9
00:00:37,180 --> 00:00:34,620
that was done almost in passing about

10
00:00:40,509 --> 00:00:37,190
three years ago

11
00:00:43,029 --> 00:00:40,519
clip is mainly focused on the basically

12
00:00:47,110 --> 00:00:43,039
the last chapter in David Politis is

13
00:00:51,009 --> 00:00:47,120

missing for 11 book hunters that the we

14

00:00:53,500 --> 00:00:51,019

were counted just briefly about an

15

00:00:56,139 --> 00:00:53,510

encounter that a woman had while she was

16

00:01:01,060 --> 00:00:56,149

out hunting and that woman was is the

17

00:01:03,930 --> 00:01:01,070

wife of famed and very respected optical

18

00:01:07,240 --> 00:01:03,940

physicist I think brute Bruce Maccabee

19

00:01:09,249 --> 00:01:07,250

now I have a clip that will set up this

20

00:01:12,490 --> 00:01:09,259

and then I'm gonna go a little deeper

21

00:01:15,669 --> 00:01:12,500

into invisible creatures and what might

22

00:01:17,680 --> 00:01:15,679

be going on with with missing 411 and

23

00:01:19,290 --> 00:01:17,690

just this topic in general and I'm sure

24

00:01:21,910 --> 00:01:19,300

Jo will have a spirited conversation

25

00:01:23,109 --> 00:01:21,920

about this whole entire topic are you

26

00:01:25,419 --> 00:01:23,119

ready Jo please

27

00:01:28,090 --> 00:01:25,429

I'm always ready for holes yeah so

28

00:01:29,950 --> 00:01:28,100

you're ready for holes okay well I will

29

00:01:33,249 --> 00:01:29,960

play this clip this clip is from David

30

00:01:34,840 --> 00:01:33,259

fly this is uh latest movie missing for

31

00:01:36,550 --> 00:01:34,850

11 hunters this clip is about two

32

00:01:38,260 --> 00:01:36,560

minutes long kind of will set up

33

00:01:39,959 --> 00:01:38,270

everything that I was just talking about

34

00:01:42,330 --> 00:01:39,969

here we go

35

00:01:44,370 --> 00:01:42,340

it was the most beautiful night to deer

36

00:01:46,020 --> 00:01:44,380

hunt it was the second day of season I

37

00:01:47,609 --> 00:01:46,030

wanted to be getting my you know ver and

38

00:01:50,520 --> 00:01:47,619

in the woods to hunt that's really

39

00:01:54,840 --> 00:01:50,530

excited about it there was band over at

40

00:02:00,270 --> 00:01:54,850

the high school a time I got to my

41

00:02:02,249 --> 00:02:00,280

dearest and I could hear him it was all

42

00:02:03,990 --> 00:02:02,259

settled in didn't see nothing coming

43

00:02:07,949 --> 00:02:04,000

down the path trails of birds crickets

44

00:02:10,619 --> 00:02:07,959

everything or normal wood sounds when

45

00:02:12,509 --> 00:02:10,629

you're hunting you have two of your most

46

00:02:18,750 --> 00:02:12,519

keenest senses is your hearing and your

47

00:02:25,170 --> 00:02:18,760

eyesight all of a sudden the woods went

48

00:02:28,600 --> 00:02:25,180

to this dead quiet if I'd dropped a pin

49

00:02:34,180 --> 00:02:32,200

they cut off no birds no crickets no

50

00:02:36,550 --> 00:02:34,190

nothing

51
00:02:38,200 --> 00:02:36,560
the Sun still up we were not calling for

52
00:02:43,210 --> 00:02:38,210
bad weather that night was a great night

53
00:02:46,150 --> 00:02:43,220
to hunt also I thought I'd like a moat

54
00:02:48,190 --> 00:02:46,160
mine I even took my finger and write my

55
00:02:50,740 --> 00:02:48,200
like when you get that foggy nights over

56
00:02:54,540 --> 00:02:50,750
your eye like it's just I look I'm

57
00:02:58,030 --> 00:02:54,550
thinking what is this thing in the trees

58
00:03:00,100 --> 00:02:58,040
it looked like a large piece of saran

59
00:03:02,110 --> 00:03:00,110
wrap it's the only way I can describe it

60
00:03:05,770 --> 00:03:02,120
but this thing was very white so I'm up

61
00:03:09,060 --> 00:03:05,780
14-foot hung quite a ways down I'm

62
00:03:11,650 --> 00:03:09,070
thinking what is this thing

63
00:03:14,830 --> 00:03:11,660

it didn't really scare me at that time

64

00:03:17,050 --> 00:03:14,840

until it moved and formed the arm that

65

00:03:19,720 --> 00:03:17,060

reached over to the other tree it

66

00:03:22,510 --> 00:03:19,730

reached over about 12 to 14 foot and

67

00:03:25,890 --> 00:03:22,520

then at all like a blob like sucked into

68

00:03:28,330 --> 00:03:25,900

it and it went the whole other tree I

69

00:03:32,530 --> 00:03:28,340

had this very important feeling like

70

00:03:34,300 --> 00:03:32,540

something ain't right here normally at

71

00:03:36,430 --> 00:03:34,310

that time I - probably got down and

72

00:03:39,790 --> 00:03:36,440

stopped honey but for some reason I

73

00:03:42,310 --> 00:03:39,800

didn't so as you're sitting in your

74

00:03:46,000 --> 00:03:42,320

blind and you're looking across where

75

00:03:49,330 --> 00:03:46,010

did the blob come from I have no idea it

76

00:03:51,700 --> 00:03:49,340

just appeared in the one tree as it was

77

00:03:54,160 --> 00:03:51,710

moving through the woods it went from

78

00:03:58,060 --> 00:03:54,170

like tree to tree and then it just it

79

00:03:59,200 --> 00:03:58,070

disappeared it didn't continue on so

80

00:04:01,270 --> 00:03:59,210

where it went

81

00:04:03,540 --> 00:04:01,280

I don't know it's I could just read for

82

00:04:08,340 --> 00:04:03,550

my it's vanished

83

00:04:10,920 --> 00:04:08,350

and during that encounter

84

00:04:12,600 --> 00:04:10,930

said that her phone her blackberry I

85

00:04:16,050 --> 00:04:12,610

think as a blackberry pearl time took a

86

00:04:18,960 --> 00:04:16,060

picture and that picture is up on the

87

00:04:21,060 --> 00:04:18,970

screen right now it's very hard to tell

88

00:04:23,640 --> 00:04:21,070

what it is it looks like pretty much on

89

00:04:27,090 --> 00:04:23,650

the left-hand side there appears to be

90

00:04:29,190 --> 00:04:27,100

some hair or fur there's like light

91

00:04:32,820 --> 00:04:29,200

beams coming in like light rays coming

92

00:04:34,860 --> 00:04:32,830

in he took it to her her husband when

93

00:04:37,110 --> 00:04:34,870

she initially returned home she failed

94

00:04:39,480 --> 00:04:37,120

to mention anything about what happened

95

00:04:41,430 --> 00:04:39,490

to her out in the woods it was only

96

00:04:42,960 --> 00:04:41,440

later where she told her husband was

97

00:04:46,650 --> 00:04:42,970

going on I think when she was going

98

00:04:48,390 --> 00:04:46,660

through her her photos and Bruce

99

00:04:50,580 --> 00:04:48,400

Maccabee being the optical physicist

100

00:04:54,260 --> 00:04:50,590

that he was examined the photo and just

101
00:04:56,700 --> 00:04:54,270
in his determination it wasn't

102
00:04:58,320 --> 00:04:56,710
artificially manipulated or created it

103
00:05:00,120 --> 00:04:58,330
was about half the resolution that it

104
00:05:02,220 --> 00:05:00,130
should be in the phone so there was like

105
00:05:04,650 --> 00:05:02,230
an anomaly there so there an interesting

106
00:05:06,600 --> 00:05:04,660
case there bit that clip was featured

107
00:05:09,960 --> 00:05:06,610
like it was like one of the last clips

108
00:05:12,150 --> 00:05:09,970
on the missing 411 documentary hunters

109
00:05:13,530 --> 00:05:12,160
just kind of threw in there as a side yo

110
00:05:14,850 --> 00:05:13,540
what do you what are you giggling

111
00:05:16,530 --> 00:05:14,860
laughing about over there what's going

112
00:05:19,980 --> 00:05:16,540
on I was looking at some of the posts

113
00:05:21,600 --> 00:05:19,990

that crachit put into the memes channel

114

00:05:24,540 --> 00:05:21,610

for our slack which anybody can join if

115

00:05:27,690 --> 00:05:24,550

you want to go to Obi dump oh tiempo.com

116

00:05:29,580 --> 00:05:27,700

join us for all the ways but yeah so he

117

00:05:31,920 --> 00:05:29,590

shared some stuff but well I can't think

118

00:05:33,480 --> 00:05:31,930

of as this picture is very difficult to

119

00:05:36,720 --> 00:05:33,490

ejaculate to I can't tell what's

120

00:05:38,970 --> 00:05:36,730

happening it's not it's it's very blurry

121

00:05:40,860 --> 00:05:38,980

I'm probably not gonna be able to come

122

00:05:42,870 --> 00:05:40,870

during the show it's gonna be very

123

00:05:46,070 --> 00:05:42,880

difficult to get him sort of erection

124

00:05:48,930 --> 00:05:46,080

with this but we'll try

125

00:05:51,870 --> 00:05:48,940

through these boners everybody what we

126

00:05:54,090 --> 00:05:51,880

heard with that clip is almost a

127

00:05:55,980 --> 00:05:54,100

predator like creature from the movie

128

00:05:58,950 --> 00:05:55,990

from the movie but it's not like a blob

129

00:06:02,070 --> 00:05:58,960

it was like a fat predator yeah kind of

130

00:06:08,520 --> 00:06:02,080

an unfit predator really let himself go

131

00:06:12,570 --> 00:06:08,530

yeah and I know we had an interview with

132

00:06:15,360 --> 00:06:12,580

a guy a few months ago Robert Guffey who

133

00:06:17,279 --> 00:06:15,370

wrote a book called Project Emilio which

134

00:06:20,279 --> 00:06:17,289

was all about

135

00:06:22,529 --> 00:06:20,289

a guy who stole some equipment from the

136

00:06:27,929 --> 00:06:22,539

United States Navy and he wound up being

137

00:06:29,939 --> 00:06:27,939

stalked by predator like people people

138

00:06:31,619 --> 00:06:29,949

that at least was that were in optical

139

00:06:34,260 --> 00:06:31,629

camouflage suits he has a whole book

140

00:06:36,749 --> 00:06:34,270

about this the person that went on

141

00:06:38,670 --> 00:06:36,759

record about this they actually the the

142

00:06:43,049 --> 00:06:38,680

author of the book in the friend who the

143

00:06:48,480 --> 00:06:43,059

book is about even went to a person in

144

00:06:52,980 --> 00:06:48,490

in their town who has researched and I

145

00:06:56,549 --> 00:06:52,990

think even developed a patent concerning

146

00:06:58,469 --> 00:06:56,559

optical cloaking technology and said it

147

00:07:00,269 --> 00:06:58,479

was very real it was being developed not

148

00:07:03,059 --> 00:07:00,279

only by the Navy but some private

149

00:07:05,489 --> 00:07:03,069

companies and he suspected that the Navy

150

00:07:08,359 --> 00:07:05,499

co-opted his technology and was using it

151

00:07:10,709 --> 00:07:08,369

live out in the field so there is

152

00:07:13,619 --> 00:07:10,719

evidence that this type of technology

153

00:07:17,100 --> 00:07:13,629

exists so why would somebody be wearing

154

00:07:19,589 --> 00:07:17,110

a cloaked suit just to stalk a hunter

155

00:07:21,719 --> 00:07:19,599

out in the woods of Ohio it doesn't make

156

00:07:23,279 --> 00:07:21,729

too much sense to me why someone would

157

00:07:25,999 --> 00:07:23,289

do that out there it seems kind of

158

00:07:28,860 --> 00:07:26,009

innocuous to do that not unless this is

159

00:07:32,279 --> 00:07:28,870

another form of the same technology used

160

00:07:33,689 --> 00:07:32,289

by someone else gotta go down that road

161

00:07:37,350 --> 00:07:33,699

but that that book is called Project

162

00:07:40,079 --> 00:07:37,360

camellia I highly recommend it and I

163

00:07:41,730 --> 00:07:40,089

mean that kind of technology has been

164

00:07:43,709 --> 00:07:41,740

written about not only by in that book

165

00:07:45,929 --> 00:07:43,719

but there's a I'll bring up on screen

166

00:07:49,290 --> 00:07:45,939

there's a Wired magazine article from

167

00:07:52,290 --> 00:07:49,300

2003 Ness this is titled invisibility

168

00:07:53,909 --> 00:07:52,300

cloak of illusion there's yeah this was

169

00:07:55,499 --> 00:07:53,919

the guy who had the supposedly the gas

170

00:07:59,790 --> 00:07:55,509

mask but it wasn't a gas mask it was

171

00:08:01,679 --> 00:07:59,800

probably to see the cloaked individuals

172

00:08:05,489 --> 00:08:01,689

who are using these this technology

173

00:08:08,639 --> 00:08:05,499

right yeah I think that's what yeah so

174

00:08:10,379 --> 00:08:08,649

that was camellia but there's the guy I

175

00:08:14,600 --> 00:08:10,389

was talking about who Robert Guffey went

176
00:08:16,619 --> 00:08:14,610
to go see uh a Richard show Schrodinger

177
00:08:18,659 --> 00:08:16,629
he's quoted in this article

178
00:08:21,109 --> 00:08:18,669
he's also quoted in the book he's the

179
00:08:23,850 --> 00:08:21,119
one who helped develop this technology

180
00:08:25,709 --> 00:08:23,860
he was a military researcher in Lakewood

181
00:08:27,779 --> 00:08:25,719
California they're looking into the

182
00:08:30,629 --> 00:08:27,789
technology as a possible way of hiding

183
00:08:31,360 --> 00:08:30,639
sprawling top secret facilities Broder's

184
00:08:34,089 --> 00:08:31,370
project

185
00:08:37,029 --> 00:08:34,099
is examining modified versions that

186
00:08:39,430 --> 00:08:37,039
might emit or absorb absorb energy to

187
00:08:41,950 --> 00:08:39,440
minimize radar or sonar detection so

188
00:08:43,240 --> 00:08:41,960

talking about this in 2003 the project

189

00:08:45,370 --> 00:08:43,250

camellia book came out a few years ago

190

00:08:47,370 --> 00:08:45,380

so this is out there in the wild I've

191

00:08:49,570 --> 00:08:47,380

been talking about it for quite a while

192

00:08:52,690 --> 00:08:49,580

but how does this relate to missing for

193

00:08:56,110 --> 00:08:52,700

11 Joe I know I what we're gonna we're

194

00:09:00,250 --> 00:08:56,120

gonna try to circle around here and talk

195

00:09:03,340 --> 00:09:00,260

about possibly some more crypto

196

00:09:05,840 --> 00:09:03,350

zoological things so I got alright I got

197

00:09:14,590 --> 00:09:05,850

some footage here

198

00:09:17,630 --> 00:09:14,600

Bigfoot that has predator cloaking like

199

00:09:22,520 --> 00:09:17,640

traits I'll bring this up on screen here

200

00:09:23,900 --> 00:09:22,530

so it's gonna be fairly hard to discern

201
00:09:27,470 --> 00:09:23,910
because we're looking at the printers

202
00:09:29,180 --> 00:09:27,480
very hard to see is translucent yes but

203
00:09:31,250 --> 00:09:29,190
in this you definitely see something

204
00:09:35,030 --> 00:09:31,260
moving in the background so I blow it up

205
00:09:37,370 --> 00:09:35,040
as big as possible and there's like a

206
00:09:39,710 --> 00:09:37,380
still still shot of this but I'll play

207
00:09:41,120 --> 00:09:39,720
it I'll read this first and then I'll

208
00:09:43,610 --> 00:09:41,130
play it three people say they

209
00:09:47,050 --> 00:09:43,620
encountered two dwarf Bigfoot creatures

210
00:09:50,060 --> 00:09:47,060
in the woods of Washington State Monday

211
00:09:53,090 --> 00:09:50,070
Barbara Shoop an independent researcher

212
00:09:55,850 --> 00:09:53,100
dedicated to bigfooting with her white

213
00:09:57,410 --> 00:09:55,860

dog named Gabby around hearing that's a

214

00:09:59,330 --> 00:09:57,420

thing they just come up on the show

215

00:10:01,280 --> 00:09:59,340

before I've never heard the Tim term

216

00:10:03,080 --> 00:10:01,290

bigfooting but there it is that's like

217

00:10:04,760 --> 00:10:03,090

birding we're birding we're out there

218

00:10:07,130 --> 00:10:04,770

with their friggin little binoculars

219

00:10:09,500 --> 00:10:07,140

writing down which birds we saw today

220

00:10:12,350 --> 00:10:09,510

they're bigfooting right now a big

221

00:10:14,420 --> 00:10:12,360

footings yeah okay bigfooting with her

222

00:10:18,620 --> 00:10:14,430

dog gabby around the area of Mount

223

00:10:20,990 --> 00:10:18,630

Ranier when she said she was with some

224

00:10:22,730 --> 00:10:21,000

members of their group on tour of her

225

00:10:25,160 --> 00:10:22,740

favorite tree structures when they came

226

00:10:27,560 --> 00:10:25,170

upon the beasts body and I saw the black

227

00:10:30,050 --> 00:10:27,570

creatures pop up and run group said the

228

00:10:33,200 --> 00:10:30,060

animal were described as having a domed

229

00:10:36,650 --> 00:10:33,210

head and no neck so Mount Rainier is

230

00:10:44,410 --> 00:10:36,660

another area that's very prominent for

231

00:10:48,460 --> 00:10:46,780

good yo you're gonna say something oh I

232

00:10:49,950 --> 00:10:48,470

thought I heard credit coming in or

233

00:10:53,340 --> 00:10:49,960

somebody

234

00:10:55,260 --> 00:10:53,350

um there's also a bunch of do be smoking

235

00:10:56,490 --> 00:10:55,270

stoners out there too a bunch of drug

236

00:10:59,180 --> 00:10:56,500

addled lunatics

237

00:11:01,500 --> 00:10:59,190

yeah there's there are quite a few of

238

00:11:02,130 --> 00:11:01,510

doobie smokers out there as well there's

239

00:11:05,670 --> 00:11:02,140

no doubt about that

240

00:11:08,460 --> 00:11:05,680

I know that's not I mean we all like

241

00:11:09,810 --> 00:11:08,470

marijuana it's joe as a former Seattle

242

00:11:12,330 --> 00:11:09,820

resident the politically correct term is

243

00:11:14,010 --> 00:11:12,340

homeless yellow experiencing

244

00:11:16,620 --> 00:11:14,020

homelessness I've got to have some

245

00:11:18,480 --> 00:11:16,630

marijuana they have more than marijuana

246

00:11:19,320 --> 00:11:18,490

out there they're doing meth they're all

247

00:11:21,930 --> 00:11:19,330

over the place

248

00:11:25,110 --> 00:11:21,940

well Mount Rainier is also known for a

249

00:11:28,590 --> 00:11:25,120

lot of UFO sightings a lot of paranormal

250

00:11:31,140 --> 00:11:28,600

was missing for 11 but so this is where

251
00:11:33,180 --> 00:11:31,150
they are out out looking for and this is

252
00:11:36,300 --> 00:11:33,190
where they're out bigfooting they don't

253
00:11:38,550 --> 00:11:36,310
to say it had muscular shoulders and it

254
00:11:40,470 --> 00:11:38,560
moved extremely fast you explained them

255
00:11:42,120 --> 00:11:40,480
the encounter was reportedly caught on

256
00:11:44,250 --> 00:11:42,130
camera but when they review the footage

257
00:11:46,710 --> 00:11:44,260
all they could see was a translucent

258
00:11:47,250 --> 00:11:46,720
anomaly in place of the purported

259
00:11:49,650 --> 00:11:47,260
Bigfoot

260
00:11:50,820 --> 00:11:49,660
I knew the camera was on and aimed in

261
00:11:52,830 --> 00:11:50,830
the general direction of where the

262
00:11:55,140 --> 00:11:52,840
creature first appeared the problem is

263
00:11:57,990 --> 00:11:55,150

what we captured on camera is not what

264

00:11:59,940 --> 00:11:58,000

we saw for the first 40 seconds show

265

00:12:01,560 --> 00:11:59,950

shooing a group of people walking in

266

00:12:04,080 --> 00:12:01,570

the woods as they talk to each other

267

00:12:07,200 --> 00:12:04,090

what the heck was that did you see that

268

00:12:08,880 --> 00:12:07,210

wasn't surprised surprised Shoop

269

00:12:10,590 --> 00:12:08,890

suddenly says when she noticed something

270

00:12:12,600 --> 00:12:10,600

moving in the background something

271

00:12:16,140 --> 00:12:12,610

blacking close to the ground just took

272

00:12:18,240 --> 00:12:16,150

off it was small and in it was black but

273

00:12:20,370 --> 00:12:18,250

when she seen what you see through the

274

00:12:24,690 --> 00:12:20,380

lens what she saw through the lens was a

275

00:12:27,210 --> 00:12:24,700

translucent shaped sooner to that from

276

00:12:28,560 --> 00:12:27,220

the movie predator quickly moving

277

00:12:29,960 --> 00:12:28,570

through the vegetation in a way from the

278

00:12:31,999 --> 00:12:29,970

camera

279

00:12:35,149 --> 00:12:32,009

so that that's their recount I will play

280

00:12:39,979 --> 00:12:35,159

on screen what they shot through the

281

00:12:43,489 --> 00:12:39,989

camera and you know yeah like a thrust

282

00:12:45,529 --> 00:12:43,499

and not a hang you know you can see okay

283

00:12:47,449 --> 00:12:45,539

it's right here so it's if you're

284

00:12:50,179 --> 00:12:47,459

watching and you can't see my cursor it

285

00:12:52,639 --> 00:12:50,189

is probably the center of the screen

286

00:12:55,059 --> 00:12:52,649

move up to this big tree and then move

287

00:12:57,619 --> 00:12:55,069

to the left and you'll see this moving

288

00:13:03,219 --> 00:12:57,629

translucent thing right back there no oh

289

00:13:16,369 --> 00:13:07,069

hanky to see so there's something you

290

00:13:18,589 --> 00:13:16,379

know yeah like a thrust and well what if

291

00:13:21,079 --> 00:13:18,599

it's a natural ability kind of like the

292

00:13:24,649 --> 00:13:21,089

chameleon the chameleon the lizard just

293

00:13:27,559 --> 00:13:24,659

has a very low-level form of cloaking

294

00:13:37,879 --> 00:13:27,569

technology yes I'm gonna look at this

295

00:13:42,619 --> 00:13:37,889

one more time yeah like a thrust you

296

00:13:46,189 --> 00:13:42,629

know there's this is considered to be an

297

00:13:47,869 --> 00:13:46,199

invisible dwarf Bigfoot and if you

298

00:13:50,210 --> 00:13:47,879

remember what they talked at what the

299

00:13:52,189 --> 00:13:50,220

Duffy Guffey talked about in project

300

00:13:57,229 --> 00:13:52,199

chameleon when he was on is that there

301
00:13:59,269 --> 00:13:57,239
were small invisible translucent

302
00:14:01,669 --> 00:13:59,279
creatures gang stalking the guy who

303
00:14:04,579 --> 00:14:01,679
stole that military equipment which is

304
00:14:06,739 --> 00:14:04,589
crazy it's not someone like human size

305
00:14:08,329 --> 00:14:06,749
putting on the cloaking suit and going

306
00:14:10,069 --> 00:14:08,339
out of harassing people what they will

307
00:14:11,989 --> 00:14:10,079
is reported in the book is that they

308
00:14:15,759 --> 00:14:11,999
were small [h__\h] like little people

309
00:14:17,719 --> 00:14:15,769
cloaked people run around harassing

310
00:14:19,129 --> 00:14:17,729
people for for stealing military

311
00:14:23,620 --> 00:14:19,139
equipment out here we're seeing a

312
00:14:28,840 --> 00:14:23,630
purported dwarven predator Joe

313
00:14:32,350 --> 00:14:28,850

hmm the Goblin it could be it could be

314

00:14:33,069 --> 00:14:32,360

it could be we don't know it's hard to

315

00:14:35,710 --> 00:14:33,079

make out

316

00:14:37,829 --> 00:14:35,720

it's pretty much invisible it's very

317

00:14:42,670 --> 00:14:37,839

difficult to see no doubt about that

318

00:14:44,710 --> 00:14:42,680

so the story there at Mount Rainier okay

319

00:14:47,139 --> 00:14:44,720

people are out there bigfooting around

320

00:14:50,530 --> 00:14:47,149

doing god knows what they come across a

321

00:14:52,509 --> 00:14:50,540

translucent creature and that's

322

00:14:57,009 --> 00:14:52,519

interesting in and of herself

323

00:15:00,579 --> 00:14:57,019

but there is a story that claw maybe and

324

00:15:02,620 --> 00:15:00,589

I read a few years ago know that is

325

00:15:04,449 --> 00:15:02,630

entitled invisible Bigfoot

326

00:15:07,030 --> 00:15:04,459

were you laying side by side and dead

327

00:15:09,340 --> 00:15:07,040

really or not no we're not laying the

328

00:15:13,319 --> 00:15:09,350

bed said by side we were we were sitting

329

00:15:17,019 --> 00:15:13,329

up in bed he hadn't gone to sleep yet

330

00:15:20,110 --> 00:15:17,029

Bobby were spooning pants on pants off

331

00:15:21,819 --> 00:15:20,120

ah are we talking about here this is

332

00:15:24,509 --> 00:15:21,829

gross I don't like where this is going

333

00:15:29,080 --> 00:15:24,519

pants on shirts off with our shirt off

334

00:15:33,310 --> 00:15:30,910

and will we do it night well Brooke look

335

00:15:36,460 --> 00:15:33,320

we're brothers we hang on there were

336

00:15:38,710 --> 00:15:36,470

just two dudes reading about stuff you

337

00:15:45,420 --> 00:15:38,720

know kids we read about gargoyles we

338

00:15:51,010 --> 00:15:47,770

Bigfoot we talk about all that stuff at

339

00:15:53,770 --> 00:15:51,020

night there's nothing we don't talk

340

00:15:57,130 --> 00:15:53,780

about we're brothers I think Alex Jones

341

00:16:00,790 --> 00:15:57,140

should have his own 976 line Oh Alex

342

00:16:06,069 --> 00:16:03,620

though I'm gonna I'm gonna read a little

343

00:16:08,600 --> 00:16:06,079

bit of this story concerning uh

344

00:16:10,790 --> 00:16:08,610

invisible Bigfoot and then we'll open up

345

00:16:16,519 --> 00:16:10,800

the phone lines and give you a bunch of

346

00:16:19,730 --> 00:16:16,529

other stories okay Oh cat so this comes

347

00:16:20,840 --> 00:16:19,740

from Krypto mundo dot-com one of my

348

00:16:23,480 --> 00:16:20,850

favorite sites when a company

349

00:16:25,420 --> 00:16:23,490

cryptozoological things in paranormal so

350

00:16:28,910 --> 00:16:25,430

i'll read down this crypto mundo reader

351

00:16:31,250 --> 00:16:28,920

Silver Eagle has alluded to the Lawrence

352

00:16:33,829 --> 00:16:31,260

Livermore National Labs having had

353

00:16:36,470 --> 00:16:33,839

several Bigfoot in captivity in 1960s

354

00:16:38,240 --> 00:16:36,480

several other crypto mundo readers had

355

00:16:40,189 --> 00:16:38,250

asked for more information regarding

356

00:16:42,170 --> 00:16:40,199

this he posted the following comment and

357

00:16:44,080 --> 00:16:42,180

I decided to post it here on a separate

358

00:16:46,660 --> 00:16:44,090

blog

359

00:16:48,460 --> 00:16:46,670

here we go it was fairly common

360

00:16:51,340 --> 00:16:48,470

knowledge in the East Bay during the

361

00:16:53,260 --> 00:16:51,350

late 1960s and early 1970s that Lawrence

362

00:16:56,680 --> 00:16:53,270

Livermore National Labs had several

363

00:16:58,510 --> 00:16:56,690

Bigfoot in captivity in the 1960s UC

364

00:17:00,580 --> 00:16:58,520

Berkeley staff also participated in the

365

00:17:03,130 --> 00:17:00,590

study the first Bigfoot caught in the

366

00:17:05,410 --> 00:17:03,140

nineteen what them by surprise when he

367

00:17:07,060 --> 00:17:05,420

escaped by walking out the door when a

368

00:17:09,010 --> 00:17:07,070

janitor came in to clean it out

369

00:17:11,500 --> 00:17:09,020

what everyone thought was an empty

370

00:17:13,420 --> 00:17:11,510

holding cell so the janitor comes in

371

00:17:14,880 --> 00:17:13,430

thinks to Horten holding cells empty now

372

00:17:17,890 --> 00:17:14,890

there's the Bigfoot in there

373

00:17:19,480 --> 00:17:17,900

escaped it remained it remained at large

374

00:17:22,000 --> 00:17:19,490

inside the building for a couple weeks

375

00:17:25,150 --> 00:17:22,010

before it's found as before it found its

376

00:17:27,370 --> 00:17:25,160

way out there was some panic but I

377

00:17:29,460 --> 00:17:27,380

believe that only a few people stayed at

378

00:17:31,390 --> 00:17:29,470

home since it was technically

379

00:17:33,880 --> 00:17:31,400

fourth-dimensional the fourth

380

00:17:38,920 --> 00:17:33,890

dimensional description was not decided

381

00:17:41,830 --> 00:17:38,930

until a later time at UC Berkeley Steven

382

00:17:44,860 --> 00:17:41,840

Hawkings participated to some degree in

383

00:17:48,340 --> 00:17:44,870

a later study in the nineteen in between

384

00:17:50,440 --> 00:17:48,350

1974 and 1975 the scientists did

385

00:17:52,630 --> 00:17:50,450

continue to study the Bigfoot while it

386

00:17:55,360 --> 00:17:52,640

was at large they did so by standing in

387

00:17:58,480 --> 00:17:55,370

front of it it did so by standing in

388

00:18:00,700 --> 00:17:58,490

front of its travel path and letting it

389

00:18:02,500 --> 00:18:00,710

walk through them that are able to

390

00:18:05,260 --> 00:18:02,510

determine that it held no ill-will

391

00:18:08,260 --> 00:18:05,270

towards his captors and that it was only

392

00:18:11,020 --> 00:18:08,270

trying to get out of the building they

393

00:18:13,060 --> 00:18:11,030

were more prepared for the second one

394

00:18:16,540 --> 00:18:13,070

that they held captive during the study

395

00:18:19,390 --> 00:18:16,550

they had 24-hour multiple observer

396

00:18:22,840 --> 00:18:19,400

surveillance surveillance and multiple

397

00:18:25,510 --> 00:18:22,850

cameras running at no time was no camera

398

00:18:28,750 --> 00:18:25,520

not running they both witnessed and

399

00:18:31,540 --> 00:18:28,760

photographed the Bigfoots many cycles of

400

00:18:34,360 --> 00:18:31,550

transformations from our three

401
00:18:37,660 --> 00:18:34,370
dimensions to several fourth dimensional

402
00:18:39,490 --> 00:18:37,670
phases this one escaped in the exact

403
00:18:42,130 --> 00:18:39,500
same way as the first because apparently

404
00:18:44,320 --> 00:18:42,140
it did not return returned from the

405
00:18:47,690 --> 00:18:44,330
fourth dimensional phase so they

406
00:18:50,210 --> 00:18:47,700
believed that it had escaped on its own

407
00:18:55,010 --> 00:18:50,220
it to roam the lab for a couple weeks it

408
00:18:57,230 --> 00:18:55,020
made its way to do a break room and both

409
00:18:59,660 --> 00:18:57,240
ate food there and made a mess

410
00:19:01,220 --> 00:18:59,670
during the night that was left to be

411
00:19:04,190 --> 00:19:01,230
discovered the next day so the big way

412
00:19:05,870 --> 00:19:04,200
so the Bigfoot ate food yes they broke

413
00:19:08,570 --> 00:19:05,880

out his holding cell went to the kitchen

414

00:19:11,780 --> 00:19:08,580

probably made a pizza had a burger yeah

415

00:19:14,930 --> 00:19:11,790

what did it make it uh what it took

416

00:19:17,690 --> 00:19:14,940

people's lunch that wasn't his he's that

417

00:19:19,700 --> 00:19:17,700

guy [h__h] Bigfoot he took your socks

418

00:19:21,740 --> 00:19:19,710

out of the gyre - you didn't press them

419

00:19:23,510 --> 00:19:21,750

on your food if your foods not labeled

420

00:19:25,130 --> 00:19:23,520

people are gonna eat it yeah I don't

421

00:19:26,720 --> 00:19:25,140

know what this is but I'm eating it yeah

422

00:19:28,310 --> 00:19:26,730

that is just the craziest thing people

423

00:19:29,540 --> 00:19:28,320

that was at my last job they would have

424

00:19:31,070 --> 00:19:29,550

this stuff we're just like people would

425

00:19:34,250 --> 00:19:31,080

just like grab people's lunches like

426

00:19:35,660 --> 00:19:34,260

what what's happening have you ever been

427

00:19:39,200 --> 00:19:35,670

in a workplace before

428

00:19:40,490 --> 00:19:39,210

[h__h] you Bigfoot well I mean let's be

429

00:19:42,290 --> 00:19:40,500

fair to Bigfoot it's probably not

430

00:19:43,940 --> 00:19:42,300

accustomed to office politics it doesn't

431

00:19:46,940 --> 00:19:43,950

understand it was probably in a holding

432

00:19:48,530 --> 00:19:46,950

cell from beginning [h__h] food and so I

433

00:19:49,910 --> 00:19:48,540

really just wanted a good food give it a

434

00:19:53,830 --> 00:19:49,920

turkey sandwich let it be happy it

435

00:19:58,940 --> 00:19:53,840

probably stuck around for a while yeah

436

00:20:00,620 --> 00:19:58,950

so apparently one scientist was retired

437

00:20:03,020 --> 00:20:00,630

early because it was believed that the

438

00:20:05,060 --> 00:20:03,030

Bigfoot hypnotized him to go insane he

439

00:20:07,430 --> 00:20:05,070

apparently did not respect a Bigfoot for

440

00:20:10,100 --> 00:20:07,440

being people and firmly thought it to be

441

00:20:12,440 --> 00:20:10,110

an animal that was the only injury I

442

00:20:16,550 --> 00:20:12,450

recall the actual report was retrieved

443

00:20:19,370 --> 00:20:16,560

by the DoD the labs library in about

444

00:20:23,120 --> 00:20:19,380

1979 and no copies remain there there's

445

00:20:26,120 --> 00:20:23,130

the lab as retirement plans no personnel

446

00:20:28,400 --> 00:20:26,130

that was on duty then are still there

447

00:20:32,510 --> 00:20:28,410

today this is why the feds are still

448

00:20:34,730 --> 00:20:32,520

quiet quite bent on stifling all Bigfoot

449

00:20:36,800 --> 00:20:34,740

research of any kind and by any method

450

00:20:38,750 --> 00:20:36,810

the conclusion of the DoD study was that

451
00:20:41,690 --> 00:20:38,760
the Bigfoot cannot be contained

452
00:20:45,100 --> 00:20:41,700
controlled or communicated with and is

453
00:20:47,000 --> 00:20:45,110
thought to be alien in origin ah

454
00:20:49,060 --> 00:20:47,010
and it goes on to say that they are

455
00:20:52,750 --> 00:20:49,070
wrong about the communication you can

456
00:20:56,410 --> 00:20:52,760
communicate with the Bigfoot

457
00:20:57,880 --> 00:20:56,420
so I'll get down to all this kind of

458
00:20:59,650 --> 00:20:57,890
stuff just a few more here

459
00:21:02,650 --> 00:20:59,660
we'll wrap it up

460
00:21:05,110 --> 00:21:02,660
as the the blog author and said this I

461
00:21:06,940 --> 00:21:05,120
asked for sources for the Lawrence

462
00:21:09,550 --> 00:21:06,950
Livermore National Lab Bigfoot story he

463
00:21:12,580 --> 00:21:09,560

responded thusly and offered the

464

00:21:15,880 --> 00:21:12,590

following advice I listed a source for

465

00:21:18,820 --> 00:21:15,890

Steven Hawkings okay I have listed him

466

00:21:20,470 --> 00:21:18,830

in the past all choose to fail to

467

00:21:22,360 --> 00:21:20,480

interview him people are free to poke

468

00:21:24,840 --> 00:21:22,370

around Berkeley with the retired

469

00:21:27,490 --> 00:21:24,850

professors Lawrence Berkeley as a

470

00:21:29,650 --> 00:21:27,500

science exhibit building that is open to

471

00:21:32,050 --> 00:21:29,660

the public they willfully they were

472

00:21:35,020 --> 00:21:32,060

fully aware of both the Bigfoot in

473

00:21:37,600 --> 00:21:35,030

captivity and the invisibility in the 90

474

00:21:39,580 --> 00:21:37,610

in 1975 it was common knowledge back

475

00:21:42,010 --> 00:21:39,590

then too successful

476
00:21:44,680 --> 00:21:42,020
Southern Oregon Bigfoot researchers by

477
00:21:48,460 --> 00:21:44,690
the name of Ray Rosa and Shelley blink

478
00:21:51,340 --> 00:21:48,470
Lee had one of the Bigfoot that they

479
00:21:53,590 --> 00:21:51,350
were working with transitioned into an

480
00:21:56,620 --> 00:21:53,600
orbit in front of their eyes that they

481
00:22:00,940 --> 00:21:56,630
Wharton that will be real easy for you

482
00:22:02,860 --> 00:22:00,950
to verify the orb the orb trick was the

483
00:22:05,410 --> 00:22:02,870
was first revealed in the Lawrence

484
00:22:06,910 --> 00:22:05,420
Livermore Lab Bigfoot study I just

485
00:22:08,670 --> 00:22:06,920
didn't pose it because I didn't think

486
00:22:11,790 --> 00:22:08,680
your viewers could handle it

487
00:22:15,310 --> 00:22:11,800
invisibility on Bigfoot has been known

488
00:22:18,010 --> 00:22:15,320

since the 1960s people who know about it

489

00:22:21,100 --> 00:22:18,020

people who know about do not become

490

00:22:23,830 --> 00:22:21,110

Bigfoot researchers because there they

491

00:22:26,470 --> 00:22:23,840

are plenty sure it is a waste of time

492

00:22:30,430 --> 00:22:26,480

trying to study something that is

493

00:22:32,500 --> 00:22:30,440

invisible most of the time people who do

494

00:22:34,210 --> 00:22:32,510

not know about it may become Bigfoot

495

00:22:36,410 --> 00:22:34,220

researchers because they do not know

496

00:22:39,320 --> 00:22:36,420

what they are up against

497

00:22:41,330 --> 00:22:39,330

and I will post this link in the

498

00:22:44,690 --> 00:22:41,340

description of the podcast check it out

499

00:22:46,250 --> 00:22:44,700

this is this is what I just read there

500

00:22:48,560 --> 00:22:46,260

was just a conversation between the

501
00:22:52,550 --> 00:22:48,570
person who runs Krypto mundo calm and

502
00:22:54,380 --> 00:22:52,560
one of the commenters about all the

503
00:22:56,720 --> 00:22:54,390
goofiness going on at Lawrence Livermore

504
00:22:58,430 --> 00:22:56,730
National Labs in 1960s and 70s then

505
00:23:01,730 --> 00:22:58,440
trying to study

506
00:23:03,800 --> 00:23:01,740
Bigfoot oh right does sound like there's

507
00:23:06,110 --> 00:23:03,810
a Bigfoot going through Joe's fridge

508
00:23:08,000 --> 00:23:06,120
right now it's sort that hopefully you

509
00:23:10,330 --> 00:23:08,010
have your food properly labeled and

510
00:23:15,219 --> 00:23:12,959
oh boy so there's there's a lot there

511
00:23:18,009 --> 00:23:15,229
there's a lot there with invisible

512
00:23:19,299 --> 00:23:18,019
Bigfoot invisible creatures and the

513
00:23:20,560 --> 00:23:19,309

reason why I bring this back up no Jo

514

00:23:22,419 --> 00:23:20,570

there's there's people that are still

515

00:23:24,369 --> 00:23:22,429

listening to that that old segment we

516

00:23:26,200 --> 00:23:24,379

did three years ago people are like you

517

00:23:28,570 --> 00:23:26,210

guys are too cynical you're too

518

00:23:30,430 --> 00:23:28,580

skeptical about this stuff you don't

519

00:23:33,869 --> 00:23:30,440

know anything you're about to do heads

520

00:23:36,879 --> 00:23:33,879

you're a bunch of goblin the goblin and

521

00:23:39,549 --> 00:23:36,889

it's like listen we we just there's only

522

00:23:43,180 --> 00:23:39,559

one source for that Bruce Maccabee

523

00:23:45,399 --> 00:23:43,190

MacCabe story and that was the wife and

524

00:23:47,950 --> 00:23:45,409

Bruce Maccabee III I wasn't really

525

00:23:50,829 --> 00:23:47,960

familiar with him at the time yeah he's

526

00:23:53,109 --> 00:23:50,839

a well-respected optical physicist but

527

00:23:55,839 --> 00:23:53,119

other than that it's hard to verify that

528

00:24:00,270 --> 00:23:55,849

I decided to do some more research on

529

00:24:01,919 --> 00:24:00,280

the invisible creature scenario yes

530

00:24:05,430 --> 00:24:01,929

there's a lot there's a lot to this joy

531

00:24:08,520 --> 00:24:05,440

went back and I I have first-hand

532

00:24:10,560 --> 00:24:08,530

accounts of people in encountering and

533

00:24:13,529 --> 00:24:10,570

invisible creatures and I have more

534

00:24:16,950 --> 00:24:13,539

stories of people encountering invisible

535

00:24:19,980 --> 00:24:16,960

people in and around Mount Rainier and

536

00:24:23,640 --> 00:24:19,990

Mount Shasta supposedly Marion's

537

00:24:26,279 --> 00:24:23,650

which I think I will save for a night

538

00:24:28,020 --> 00:24:26,289

talk I just wanted to touch on this yeah

539

00:24:31,409 --> 00:24:28,030

I will do a follow-up on more of

540

00:24:33,870 --> 00:24:31,419

invisible entities in an upcoming night

541

00:24:37,890 --> 00:24:33,880

talk episode let's say you go about this

542

00:24:39,630 --> 00:24:37,900

topic I like so this is sixties nineteen

543

00:24:40,980 --> 00:24:39,640

sixties big night sixties nineteen

544

00:24:43,260 --> 00:24:40,990

seventies when they were doing the

545

00:24:46,680 --> 00:24:43,270

research on the invisible big feet yes

546

00:24:48,779 --> 00:24:46,690

so then yeah at all that disco to look

547

00:24:50,549 --> 00:24:48,789

forward to that's probably cool if

548

00:24:52,350 --> 00:24:50,559

you're a Bigfoot if you're a Bigfoot

549

00:24:55,380 --> 00:24:52,360

yeah they could break out and watch

550

00:24:57,149 --> 00:24:55,390

stayin alive suddenly my fever got there

551
00:24:59,159 --> 00:24:57,159
to dance floor and really whoop it up I

552
00:25:02,279 --> 00:24:59,169
you know all these videos all these

553
00:25:05,010 --> 00:25:02,289
pictures they're all very very difficult

554
00:25:07,380 --> 00:25:05,020
to ejaculate to and to make out like is

555
00:25:09,810 --> 00:25:07,390
a yeah that could just be a digital

556
00:25:11,520 --> 00:25:09,820
anomaly or some artifacting like you

557
00:25:14,130 --> 00:25:11,530
know what I mean it's still at the same

558
00:25:16,950 --> 00:25:14,140
place where it's just like yeah you know

559
00:25:21,750 --> 00:25:16,960
what show me don't tell me because I'm

560
00:25:23,940 --> 00:25:21,760
just not convinced here the the video we

561
00:25:25,560 --> 00:25:23,950
played of the the people who went

562
00:25:27,419 --> 00:25:25,570
bigfooting I thought that'd be quite

563
00:25:30,120 --> 00:25:27,429

interesting there is some short sort of

564

00:25:32,460 --> 00:25:30,130

mass undulating it looks to be

565

00:25:36,480 --> 00:25:32,470

transparent it could be some sort of

566

00:25:39,419 --> 00:25:36,490

video artifact um I don't know though I

567

00:25:42,600 --> 00:25:39,429

don't know I'm in click I'm on the side

568

00:25:45,330 --> 00:25:42,610

of that there most likely is some sort

569

00:25:47,909 --> 00:25:45,340

of cryptid out there that could be

570

00:25:50,070 --> 00:25:47,919

invisible it's just so hard to detect at

571

00:25:51,779 --> 00:25:50,080

this point like I believe in Bigfoot I

572

00:25:54,799 --> 00:25:51,789

do I believe in some sort of Sasquatch

573

00:25:57,930 --> 00:25:54,809

Bigfoot out there it turning invisible

574

00:26:01,710 --> 00:25:57,940

don't know there's been a lot of rumors

575

00:26:04,230 --> 00:26:01,720

speculation at the the Bigfoot they they

576

00:26:06,649 --> 00:26:04,240

live in certain spots where the reality

577

00:26:10,080 --> 00:26:06,659

and this universe is a little bit more

578

00:26:13,409 --> 00:26:10,090

pliable they might go in and out of this

579

00:26:14,520 --> 00:26:13,419

reality they're not fully of this

580

00:26:16,680 --> 00:26:14,530

dimension and they can

581

00:26:18,480 --> 00:26:16,690

kind of go in and out as they choose

582

00:26:20,070 --> 00:26:18,490

kind of like skinwalker ranch Joe we're

583

00:26:23,040 --> 00:26:20,080

just like a weird [h__\h] that goes on

584

00:26:25,020 --> 00:26:23,050

there so like a zone there's all happens

585

00:26:27,360 --> 00:26:25,030

the zone of influence for the paranormal

586

00:26:28,980 --> 00:26:27,370

and supernatural I think that's where

587

00:26:31,560 --> 00:26:28,990

the Bigfoot live and I'm pretty sure

588

00:26:35,160 --> 00:26:31,570

that's were most the missing for 11

589

00:26:40,220 --> 00:26:35,170

victims tend to go missing is in those

590

00:26:45,009 --> 00:26:41,690

I'll put the phone lines wide open six

591

00:26:48,799 --> 00:26:45,019

one four three eight eight nine 109 and

592

00:26:50,690 --> 00:26:48,809

let's transition out of this come on Joe

593

00:26:59,479 --> 00:26:50,700

let's get out of here oh we're gonna do

594

00:27:01,970 --> 00:26:59,489

it yes we'll see you people hey you out

595

00:27:04,820 --> 00:27:01,980

there I did it I did a fair amount of

596

00:27:06,409 --> 00:27:04,830

research on that and I love talking

597

00:27:08,940 --> 00:27:06,419

about this stuff obviously I won't stop

598

00:27:10,610 --> 00:27:08,950

talking about it

599

00:27:15,360 --> 00:27:10,620

a lot of things going on there

600

00:27:16,769 --> 00:27:15,370

absolutely is there anything on the on

601
00:27:24,220 --> 00:27:16,779
the docket is there anything that you

602
00:27:28,290 --> 00:27:24,230
will we got Jordan calling in choke

603
00:27:34,260 --> 00:27:30,540
you guys hear me hello yeah we yours

604
00:27:37,500 --> 00:27:34,270
yeah hi hey Jordan oh I was like what's

605
00:27:38,820 --> 00:27:37,510
going on hello what's up man we haven't

606
00:27:42,450 --> 00:27:38,830
heard from you in a long time what's

607
00:27:47,240 --> 00:27:42,460
going on hey I freakin know it's uh work

608
00:27:53,960 --> 00:27:52,040
job through your family sorry about that

609
00:27:56,770 --> 00:27:53,970
I didn't mean that

610
00:27:59,380 --> 00:27:56,780
no I understand

611
00:28:01,150 --> 00:27:59,390
this whole Bigfoot thing you know I've

612
00:28:06,040 --> 00:28:01,160
been thinking about that the whole idea

613
00:28:10,930 --> 00:28:06,050

that either there are extra dimensional

614

00:28:13,030 --> 00:28:10,940

or alien or I guess where the Native

615

00:28:14,890 --> 00:28:13,040

Americans believe their spiritual to so

616

00:28:17,560 --> 00:28:14,900

it's it's a very interesting thing with

617

00:28:19,450 --> 00:28:17,570

Bigfoot where it's like the community a

618

00:28:24,430 --> 00:28:19,460

lot of us of split we don't know if it's

619

00:28:26,560 --> 00:28:24,440

like a living creature or maybe a spirit

620

00:28:28,960 --> 00:28:26,570

of some type well the community split on

621

00:28:30,460 --> 00:28:28,970

UFOs to like there are people the

622

00:28:32,580 --> 00:28:30,470

listeners podcasts that are firmly the

623

00:28:34,540 --> 00:28:32,590

firmly believe that UFOs are demons a

624

00:28:37,540 --> 00:28:34,550

lot of people think they know their

625

00:28:39,430 --> 00:28:37,550

technological craft and then you have

626

00:28:42,630 --> 00:28:39,440

people like me that think it's a mix of

627

00:28:46,740 --> 00:28:42,640

interdimensional versus

628

00:28:51,990 --> 00:28:48,600

and you know if the you or something I'm

629

00:28:55,000 --> 00:28:52,000

calm like that - I think there

630

00:28:57,490 --> 00:28:55,010

living beings either in our galaxy if

631

00:28:59,050 --> 00:28:57,500

you want to say Alexei's and then there

632

00:29:02,410 --> 00:28:59,060

could be extra dimensional it's just a

633

00:29:04,030 --> 00:29:02,420

big flip historically there's just so

634

00:29:06,130 --> 00:29:04,040

many weird and consistent ease about

635

00:29:09,250 --> 00:29:06,140

them you know you got the reports of

636

00:29:12,010 --> 00:29:09,260

people who seek the typical grades or

637

00:29:14,140 --> 00:29:12,020

tall grades and then you see a Bigfoot

638

00:29:17,650 --> 00:29:14,150

going in the spaceship or look like the

639

00:29:18,760 --> 00:29:17,660

conversing with them and then you got

640

00:29:20,230 --> 00:29:18,770

the ones like you talk about the

641

00:29:22,260 --> 00:29:20,240

invisible ones I've heard stories about

642

00:29:25,120 --> 00:29:22,270

people that said they saw the Bigfoot

643

00:29:28,360 --> 00:29:25,130

one minutes there and then just blinks

644

00:29:30,520 --> 00:29:28,370

out of existence almost and then they

645

00:29:33,040 --> 00:29:30,530

skip my hair like noises or footsteps in

646

00:29:35,920 --> 00:29:33,050

the area so it I don't know with Bigfoot

647

00:29:39,670 --> 00:29:35,930

I like you Mike I believe it does exist

648

00:29:42,940 --> 00:29:39,680

as a living entity I just don't know we

649

00:29:45,130 --> 00:29:42,950

really don't know what it's like we

650

00:29:49,210 --> 00:29:45,140

really don't know if it's like a alien

651
00:29:51,610 --> 00:29:49,220
or an acronym a creature of some type or

652
00:29:54,640 --> 00:29:51,620
an ancient you know being they've been

653
00:29:57,550 --> 00:29:54,650
living on earth for maybe millions years

654
00:29:58,840 --> 00:29:57,560
and long opinions we just don't know the

655
00:30:01,000 --> 00:29:58,850
worlds that are a pretty interesting

656
00:30:03,460 --> 00:30:01,010
point right now when it comes to UFOs

657
00:30:05,410 --> 00:30:03,470
and paranormal like with how much

658
00:30:08,050 --> 00:30:05,420
information is being pumped out from

659
00:30:11,740 --> 00:30:08,060
mainstream press concerning like the

660
00:30:14,760 --> 00:30:11,750
Navy UFO sightings and any and the the

661
00:30:17,350 --> 00:30:14,770
your footage from UFOs people are are

662
00:30:20,470 --> 00:30:17,360
willing and wanting to accept that

663
00:30:22,690 --> 00:30:20,480

there's some technological craft up

664

00:30:25,870 --> 00:30:22,700

there doing something and I think people

665

00:30:30,040 --> 00:30:25,880

would be on board with Bigfoot existing

666

00:30:32,440 --> 00:30:30,050

and it really buying into some sort of

667

00:30:34,180 --> 00:30:32,450

North American primate that just is left

668

00:30:37,300 --> 00:30:34,190

undiscovered when you have stories like

669

00:30:39,400 --> 00:30:37,310

like like what I just read of them being

670

00:30:42,640 --> 00:30:39,410

fourth dimensional and maybe having

671

00:30:46,150 --> 00:30:42,650

telepathic abilities or having some sort

672

00:30:48,220 --> 00:30:46,160

of hypnosis ability I think that people

673

00:30:50,470 --> 00:30:48,230

are less willing to believe that we're

674

00:30:53,380 --> 00:30:50,480

just now getting people to on board with

675

00:30:54,880 --> 00:30:53,390

UFOs and I think right the fourth

676

00:30:56,860 --> 00:30:54,890

dimensional Bigfoot might be a little

677

00:31:00,190 --> 00:30:56,870

too big of a pill to squall to swallow

678

00:31:03,400 --> 00:31:00,200

at this point hmm that yeah that would

679

00:31:04,810 --> 00:31:03,410

be like going down a rabbit hole um I

680

00:31:05,350 --> 00:31:04,820

actually was gonna mention there's a

681

00:31:09,520 --> 00:31:05,360

really good

682

00:31:12,190 --> 00:31:09,530

the everything so called primal rage or

683

00:31:15,550 --> 00:31:12,200

basically it's Bigfoot mixes predators

684

00:31:18,940 --> 00:31:15,560

toward us in a way I want to see this

685

00:31:21,670 --> 00:31:18,950

and you look it up on you to be by it

686

00:31:25,210 --> 00:31:21,680

like a dollar or whatever it is but yeah

687

00:31:28,090 --> 00:31:25,220

it's basically like the Bigfoots in this

688

00:31:30,640 --> 00:31:28,100

movie are

689

00:31:32,680 --> 00:31:30,650

what I remember either stole like a mix

690

00:31:35,320 --> 00:31:32,690

of a spiritual but also like living

691

00:31:37,930 --> 00:31:35,330

entity like posing they were in spirits

692

00:31:41,900 --> 00:31:37,940

of all the name American warriors and

693

00:31:47,200 --> 00:31:43,909

an alternate like these bigfoot-like

694

00:31:49,610 --> 00:31:47,210

creatures and how they would basically

695

00:31:52,279 --> 00:31:49,620

disguise themselves in the woods there

696

00:31:56,210 --> 00:31:52,289

literally would take tree barks and all

697

00:31:57,919 --> 00:31:56,220

kind of material brushes Moss and put

698

00:31:59,810 --> 00:31:57,929

them on their bodies and they could be

699

00:32:01,039 --> 00:31:59,820

standing were literally on a tree right

700

00:32:03,140 --> 00:32:01,049

next to you and you won't even know it

701
00:32:03,590 --> 00:32:03,150
and then create like weapons and kill

702
00:32:05,840 --> 00:32:03,600
people

703
00:32:07,220 --> 00:32:05,850
I've kind of predator style so it's

704
00:32:08,510 --> 00:32:07,230
actually really kind of cool movie and

705
00:32:10,580 --> 00:32:08,520
that idea I thought was interesting

706
00:32:13,370 --> 00:32:10,590
whoever kills that idea like well what

707
00:32:16,430 --> 00:32:13,380
if they just camouflage themselves to

708
00:32:18,529 --> 00:32:16,440
look literally like like a tree and I

709
00:32:20,539 --> 00:32:18,539
remember in the movie Harry and the

710
00:32:23,240 --> 00:32:20,549
Hendersons at the end of the movie that

711
00:32:26,570 --> 00:32:23,250
back then they kind of hinted I'm

712
00:32:27,919 --> 00:32:26,580
something like that here see them until

713
00:32:30,049 --> 00:32:27,929

he starts moving away did he start

714

00:32:31,520 --> 00:32:30,059

seeing them either behind a tree where

715

00:32:34,430 --> 00:32:31,530

they were part of a tree and they move

716

00:32:35,659 --> 00:32:34,440

out of the way so I can barely find my

717

00:32:37,570 --> 00:32:35,669

keys there's no way I'm finding a

718

00:32:39,799 --> 00:32:37,580

Bigfoot in the woods

719

00:32:42,890 --> 00:32:39,809

my keys are literally in front of my

720

00:32:45,440 --> 00:32:42,900

face all the time I can't find a nice

721

00:32:48,470 --> 00:32:45,450

dog this morning and I was like where

722

00:32:52,100 --> 00:32:48,480

the hell is the damn dog sighs right

723

00:32:53,779 --> 00:32:52,110

there they don't get behind I heard if
