

A photograph of a large, dark, elongated object in the water of Loch Ness, Scotland. The object is partially submerged and appears to be moving, creating a wake. The water is dark and choppy. In the foreground, there are some green trees and bushes. The text 'LOCH NESS MONSTER PHOTO' is overlaid on the right side of the image in large, bold, yellow letters with a black outline.

00:00:22,370 --> 00:00:19,230
time-traveling vampire definitely want

6
00:00:24,380 --> 00:00:22,380

7
00:00:26,750 --> 00:00:24,390
interesting story also there are brand

20

00:00:58,250 --> 00:00:55,050

yeah Loch Ness monsters got an 8 pack

21

00:01:00,889 --> 00:00:58,260

he's amazing

22

00:01:02,540 --> 00:01:00,899

let's see if I can bring open the Loch

23

00:01:03,979 --> 00:01:02,550

Ness monster here we go this is

24

00:01:07,700 --> 00:01:03,989

interesting here we go bring up on

25

00:01:11,960 --> 00:01:07,710

screen if I can please why is it every

26

00:01:14,480 --> 00:01:11,970

time I try to bring up my browser

27

00:01:17,510 --> 00:01:14,490

that it just doesn't do it there we go

28

00:01:19,040 --> 00:01:17,520

okay it is up on screen people and I

29

00:01:20,900 --> 00:01:19,050

will read this so a series of images

30

00:01:23,930 --> 00:01:20,910

showing some sort of creature emerging

31

00:01:25,900 --> 00:01:23,940

from the Loch have recently appeared

32

00:01:29,870 --> 00:01:25,910

online the images were captured by

33

00:01:32,750 --> 00:01:29,880

Southampton resin Steve shellac our so a

34

00:01:34,490 --> 00:01:32,760

slice who had been on holiday in

35

00:01:38,390 --> 00:01:34,500

Scotland last September with his brother

36

00:01:39,620 --> 00:01:38,400

when they visited the the castle I guess

37

00:01:41,650 --> 00:01:39,630

the castle near there that was up for

38

00:01:43,940 --> 00:01:41,660

sale last year while taking photographs

39

00:01:45,980 --> 00:01:43,950

of the opposite side of the Loch Steve

40

00:01:48,590 --> 00:01:45,990

noticed that what he described as a

41

00:01:51,410 --> 00:01:48,600

ripple in the water before witnessing a

42

00:01:53,630 --> 00:01:51,420

creature emerging nearby but I started

43

00:01:56,060 --> 00:01:53,640

taking a couple of shots and then this

44

00:01:57,650 --> 00:01:56,070

big fish came to the surface and then we

45

00:01:59,930 --> 00:01:57,660

went back down then and went back down

46

00:02:02,719 --> 00:01:59,940

again he said it only appeared in one

47

00:02:04,880 --> 00:02:02,729

shot and to be honest that was something

48

00:02:07,969 --> 00:02:04,890

of a fluke I watched for a while to see

49

00:02:09,440 --> 00:02:07,979

I watched for a while as you can see

50

00:02:11,240 --> 00:02:09,450

from the last picture but didn't see it

51
00:02:13,640 --> 00:02:11,250
again although he believes a creature

52
00:02:16,430 --> 00:02:13,650
was more likely to be a large catfish or

53
00:02:18,729 --> 00:02:16,440
seal the images and in particularly the

54
00:02:20,810 --> 00:02:18,739
one above has sparked an online debate

55
00:02:23,870 --> 00:02:20,820
with many believing that this is

56
00:02:26,479 --> 00:02:23,880
evidence of the fabled Loch Ness monster

57
00:02:28,160 --> 00:02:26,489
so right up on screen here is the the

58
00:02:30,740 --> 00:02:28,170
image I wonder if I can get through the

59
00:02:34,430 --> 00:02:30,750
higher resolution image of this thing

60
00:02:38,030 --> 00:02:34,440
and because it's a fairly interesting it

61
00:02:39,710 --> 00:02:38,040
looks pretty large yeah it doesn't look

62
00:02:42,259 --> 00:02:39,720
anything like the Loch Ness monster and

63
00:02:44,150 --> 00:02:42,269

the old stories though no it doesn't it

64

00:02:46,759 --> 00:02:44,160

looks like a big old fish like the old

65

00:02:48,860 --> 00:02:46,769

you got that little head popping out of

66

00:02:52,340 --> 00:02:48,870

the in the classic photograph this just

67

00:02:55,210 --> 00:02:52,350

looks kind of like a like a hump like a

68

00:02:57,500 --> 00:02:55,220

fish hump but it is quite a whale

69

00:02:59,180 --> 00:02:57,510

watching yeah it kind of looks like a

70

00:03:02,420 --> 00:02:59,190

whale but I don't know if the Loch Ness

71

00:03:04,120 --> 00:03:02,430

gets whales I don't know that for sure I

72

00:03:07,339 --> 00:03:04,130

don't know a lot about the Loch Ness I

73

00:03:08,539 --> 00:03:07,349

know is somewhere over in the Skyland

74

00:03:09,589 --> 00:03:08,549

that's it so that mean that's the

75

00:03:12,500 --> 00:03:09,599

picture right there is pretty

76

00:03:14,509 --> 00:03:12,510

interesting but it's kind of I don't

77

00:03:16,970 --> 00:03:14,519

like it could it be a fish Prichard we

78

00:03:19,959 --> 00:03:16,980

go to you as our fish expert is that a

79

00:03:23,599 --> 00:03:19,969

fish or not what are we looking at oh

80

00:03:30,140 --> 00:03:23,609

look at that guy that is a hairless

81

00:03:32,149 --> 00:03:30,150

Mexican cat look at that face I mean I

82

00:03:33,770 --> 00:03:32,159

have to see it in motion honestly that

83

00:03:36,140 --> 00:03:33,780

could be a trash bag floating in a pond

84

00:03:38,360 --> 00:03:36,150

for all we know it's not a trash bag I'm

85

00:03:40,309 --> 00:03:38,370

gonna go on record and say that but it

86

00:03:41,569 --> 00:03:40,319

could be sunder video of it or just that

87

00:03:42,920 --> 00:03:41,579

still photo it's just this picture

88

00:03:44,899 --> 00:03:42,930

that's all we get yeah that's because

89

00:03:47,089 --> 00:03:44,909

that's what I do whenever I come across

90

00:03:49,550 --> 00:03:47,099

the paranormal or something that's

91

00:03:52,220 --> 00:03:49,560

completely out of this world I just take

92

00:03:54,679 --> 00:03:52,230

one quick photo and walk on because you

93

00:03:57,800 --> 00:03:54,689

know I gotta go check my Instagram I'm

94

00:03:59,899 --> 00:03:57,810

doing busy to take more pictures yeah

95

00:04:02,599 --> 00:03:59,909

[h__h] I only have so I only have enough

96

00:04:05,929 --> 00:04:02,609

room on my on my camera for my phone for

97

00:04:09,920 --> 00:04:05,939

one photo so I got a piece a letter all

98

00:04:11,599 --> 00:04:09,930

right I want to believe but it would be

99

00:04:13,490 --> 00:04:11,609

very helpful if there were more pictures

100

00:04:15,349 --> 00:04:13,500

of this monster on video

101
00:04:17,599 --> 00:04:15,359
yeah or video it would be nice to hear

102
00:04:19,399 --> 00:04:17,609
from a fish doctor or some sort of fish

103
00:04:24,700 --> 00:04:19,409
doctor some sort of they stopped doing

104
00:04:29,140 --> 00:04:24,710
yeah ESCA meta terian something like

105
00:04:31,610 --> 00:04:29,150
fish surgeon I would like to talk about

106
00:04:34,730 --> 00:04:31,620
like to talk to one of these guys and

107
00:04:38,330 --> 00:04:34,740
let let us surgeon surgeon I specialize

108
00:04:41,120 --> 00:04:38,340
in sturgeon sturgeon surgeons I want to

109
00:04:44,089 --> 00:04:41,130
know what does this like if it is a fish

110
00:04:46,219 --> 00:04:44,099
is this a catfish like we actually could

111
00:04:50,120 --> 00:04:46,229
you find a the best picture of a catfish

112
00:04:51,560 --> 00:04:50,130
you can't and post that in the in the

113
00:04:53,689 --> 00:04:51,570

image thing because I want to compare

114

00:04:56,360 --> 00:04:53,699

what a catfish I didn't post a picture

115

00:04:59,360 --> 00:04:56,370

of a of a fish doctor you could talk to

116

00:05:03,920 --> 00:04:59,370

okay oh that's George Costanza okay I

117

00:05:12,080 --> 00:05:03,930

guess he's a marine biologist yeah he

118

00:05:15,620 --> 00:05:12,090

did say the number of fishes that's it I

119

00:05:19,490 --> 00:05:15,630

mean that's the so he estimated that

120

00:05:21,070 --> 00:05:19,500

this thing was 30 feet away and about

121

00:05:26,559 --> 00:05:21,080

eight feet long

122

00:05:28,210 --> 00:05:26,569

seem like a Loch Ness monster where I

123

00:05:30,730 --> 00:05:28,220

think of Loch Ness monster I'm thinking

124

00:05:33,159 --> 00:05:30,740

of some sort of Plesiosaurus I'm sort of

125

00:05:38,700 --> 00:05:33,169

like dinosaur that managed to survive

126

00:05:42,339 --> 00:05:38,710

the Loch Ness was the plesiosaur the

127

00:05:44,320 --> 00:05:42,349

chat is asking for the oh my god Jake I

128

00:05:46,270 --> 00:05:44,330

the Boston guys oh good call just

129

00:05:49,059 --> 00:05:46,280

perfect for that all my guy dance oh my

130

00:05:49,990 --> 00:05:49,069

god Jay what is that thing yeah

131

00:05:52,330 --> 00:05:50,000

absolutely

132

00:05:54,570 --> 00:05:52,340

what is that thing where are the Boston

133

00:05:58,959 --> 00:05:54,580

guys they could figure this thing out

134

00:06:00,640 --> 00:05:58,969

why is there any expert out there like

135

00:06:05,189 --> 00:06:00,650

this article doesn't say anything other

136

00:06:07,080 --> 00:06:05,199

than it could be a catfish that's it

137

00:06:09,360 --> 00:06:07,090

that's it that's all we're so we got on

138

00:06:12,779 --> 00:06:09,370

this thing so I'll just how do you

139

00:06:15,269 --> 00:06:12,789

prepare it I taste like that's all I

140

00:06:19,170 --> 00:06:15,279

want to know I don't know I like these

141

00:06:20,189 --> 00:06:19,180

catfish crutch this finding all these

142

00:06:22,469 --> 00:06:20,199

pictures of cats

143

00:06:24,959 --> 00:06:22,479

let's [h__h] hook that [h__h] and we'll

144

00:06:29,059 --> 00:06:24,969

be on the [h__h] news man yeah yeah

145

00:06:37,050 --> 00:06:34,890

thank you the the live listeners uh

146

00:06:39,360 --> 00:06:37,060

there because I forget about all the

147

00:06:40,830 --> 00:06:39,370

sound drops I have I really man dude

148

00:06:44,580 --> 00:06:40,840

that's like one of my favorite ones

149

00:06:49,170 --> 00:06:44,590

though the aquarium a shot into you yeah

150

00:06:50,730 --> 00:06:49,180

we're gonna call the aquarium I'll call

151

00:06:54,240 --> 00:06:50,740

it this doctor you call the aquarium is

152

00:06:57,059 --> 00:06:54,250

a thing out here what do you say what is

153

00:06:59,070 --> 00:06:57,069

this thing as we get there's something

154

00:07:01,429 --> 00:06:59,080

in the what is all this stuff what is

155

00:07:05,010 --> 00:07:01,439

all the stuff out here in the lochness

156

00:07:08,850 --> 00:07:05,020

that's a probably a catfish yeah what
