

COSMIC HOAX & LOOKING GLASS

1
00:00:14,470 --> 00:00:06,470

i

2
00:00:16,150 --> 00:00:14,480

dr steven greer who was on the alex

3
00:00:17,750 --> 00:00:16,160

jones show now for people as i saw that

4
00:00:18,150 --> 00:00:17,760

yeah yeah so people for people who don't

5
00:00:20,710 --> 00:00:18,160

know

6
00:00:22,630 --> 00:00:20,720

dr uh steven grier he's put out movies

7
00:00:25,750 --> 00:00:22,640

like close encounters of the fifth

8
00:00:27,029 --> 00:00:25,760

kind which we we covered on here in 2017

9
00:00:29,990 --> 00:00:27,039

he put out a movie called

10
00:00:30,390 --> 00:00:30,000

unacknowledged which uh kind of dug into

11
00:00:33,110 --> 00:00:30,400

the

12
00:00:33,830 --> 00:00:33,120

unacknowledged uh secret access projects

13
00:00:37,830 --> 00:00:33,840

of

14

00:00:40,229 --> 00:00:37,840

uh what the quasi government

15

00:00:41,270 --> 00:00:40,239

private sector are are doing with ufo

16

00:00:44,470 --> 00:00:41,280

technology

17

00:00:48,229 --> 00:00:44,480

and he has a new movie that is out

18

00:00:51,830 --> 00:00:48,239

and i believe that is called uh hoaxed

19

00:00:55,110 --> 00:00:51,840

or cosmic hoax me double check that

20

00:00:56,310 --> 00:00:55,120

um but he was on alex jones talking

21

00:00:59,349 --> 00:00:56,320

about his new movie

22

00:00:59,750 --> 00:00:59,359

and he did uh go into some interesting

23

00:01:01,830 --> 00:00:59,760

little

24

00:01:02,790 --> 00:01:01,840

tidbits here so i will play some of

25

00:01:06,070 --> 00:01:02,800

these clips

26

00:01:08,230 --> 00:01:06,080

i will provide a link to the brand new

27

00:01:09,350 --> 00:01:08,240

stephen greer movie that is on youtube

28

00:01:11,590 --> 00:01:09,360

but some people have a tough time

29

00:01:12,390 --> 00:01:11,600

finding it uh but i will i'll provide a

30

00:01:15,749 --> 00:01:12,400

link in there

31

00:01:17,749 --> 00:01:15,759

uh but in this first clip alex kind of

32

00:01:19,350 --> 00:01:17,759

you know probes him about the current

33

00:01:22,070 --> 00:01:19,360

state of the world

34

00:01:22,950 --> 00:01:22,080

do you use probe deliberately uh i i

35

00:01:26,230 --> 00:01:22,960

slid it in there

36

00:01:29,270 --> 00:01:26,240

you know just to see but uh

37

00:01:30,870 --> 00:01:29,280

alex uh talked to uh dr greer about

38

00:01:32,390 --> 00:01:30,880

covid the current state of the world

39

00:01:34,310 --> 00:01:32,400

just to kind of get his

40

00:01:36,069 --> 00:01:34,320

thoughts and feelings on everything

41

00:01:38,069 --> 00:01:36,079

that's going on so here it is dr grier

42

00:01:40,789 --> 00:01:38,079

and alex jones before we get into the

43

00:01:41,670 --> 00:01:40,799

film and all the big uh dni report and

44

00:01:43,510 --> 00:01:41,680

all of it first

45

00:01:44,950 --> 00:01:43,520

i know you like to stay on subject but

46

00:01:47,990 --> 00:01:44,960

this whole global government

47

00:01:49,030 --> 00:01:48,000

bill gates the inoculation uh the fact

48

00:01:50,550 --> 00:01:49,040

that they admit the people that have

49

00:01:52,789 --> 00:01:50,560

been injected are the ones that are

50

00:01:53,990 --> 00:01:52,799

mainly getting sick from your sources

51
00:01:57,350 --> 00:01:54,000
and your connections

52
00:01:58,789 --> 00:01:57,360
what is going on here well the main

53
00:02:00,789 --> 00:01:58,799
thing is that

54
00:02:03,270 --> 00:02:00,799
excuse me the abuse of power that's been

55
00:02:05,030 --> 00:02:03,280
associated with this pandemic

56
00:02:07,990 --> 00:02:05,040
aside from the fact it almost certainly

57
00:02:11,510 --> 00:02:08,000
was a bio-warfare weapon created in the

58
00:02:14,309 --> 00:02:11,520
luhan lab is the way they're beta

59
00:02:17,670 --> 00:02:14,319
testing to see how well they can control

60
00:02:21,110 --> 00:02:17,680
the populace because what what they

61
00:02:21,430 --> 00:02:21,120
really have done is to issue all kinds

62
00:02:24,949 --> 00:02:21,440
of

63
00:02:27,750 --> 00:02:24,959

confusing edicts from central state

64

00:02:28,150 --> 00:02:27,760

uh actors and then see if the populists

65

00:02:31,190 --> 00:02:28,160

will

66

00:02:33,990 --> 00:02:31,200

genuflect and bow down and kowtow

67

00:02:36,070 --> 00:02:34,000

to these authorities and i think that

68

00:02:37,270 --> 00:02:36,080

anyone who cares about freedom has to

69

00:02:41,430 --> 00:02:37,280

look at these

70

00:02:43,110 --> 00:02:41,440

uh excesses of of abuse of power

71

00:02:45,030 --> 00:02:43,120

that have been happening and that's

72

00:02:47,910 --> 00:02:45,040

something that i think it was

73

00:02:49,830 --> 00:02:47,920

by design i think this was done to see

74

00:02:50,710 --> 00:02:49,840

let's see if we can beta test through

75

00:02:54,949 --> 00:02:50,720

fear

76

00:02:57,350 --> 00:02:54,959

emergency doctor and i

77

00:02:59,110 --> 00:02:57,360

i can see how fear can affect people in

78

00:03:01,589 --> 00:02:59,120

so many ways

79

00:03:03,110 --> 00:03:01,599

and it's been very very effective and so

80

00:03:05,350 --> 00:03:03,120

you have people doing completely

81

00:03:07,830 --> 00:03:05,360

irrational things

82

00:03:08,869 --> 00:03:07,840

excuse me and those things are very

83

00:03:11,509 --> 00:03:08,879

dangerous

84

00:03:12,550 --> 00:03:11,519

not only to people's individual health

85

00:03:16,390 --> 00:03:12,560

like children

86

00:03:19,910 --> 00:03:16,400

a very young age of not being in school

87

00:03:21,110 --> 00:03:19,920

having to wear masks when they have very

88

00:03:22,790 --> 00:03:21,120

low risk

89

00:03:24,550 --> 00:03:22,800

of either spreading it or getting the

90

00:03:26,630 --> 00:03:24,560

virus and yet

91

00:03:29,110 --> 00:03:26,640

people are complying and they're

92

00:03:31,830 --> 00:03:29,120

measuring in my opinion they're seeing

93

00:03:35,509 --> 00:03:31,840

how effective that is how much can they

94

00:03:40,309 --> 00:03:38,229

a lot of uh throat clearing in there but

95

00:03:41,110 --> 00:03:40,319

uh some good information in there i mean

96

00:03:41,990 --> 00:03:41,120

uh

97

00:03:43,589 --> 00:03:42,000

i'll call in just to sit in the

98

00:03:45,430 --> 00:03:43,599

background and clear his throat that's

99

00:03:47,589 --> 00:03:45,440

kind of what we

100

00:03:48,949 --> 00:03:47,599

suspect already you know yeah grier

101
00:03:50,869 --> 00:03:48,959
always brings interesting stuff to the

102
00:03:52,550 --> 00:03:50,879
table so i mean some people

103
00:03:53,990 --> 00:03:52,560
like him some people hate him but uh you

104
00:03:55,270 --> 00:03:54,000
know he he brings interesting

105
00:03:57,750 --> 00:03:55,280
information

106
00:04:00,869 --> 00:03:57,760
yeah he is he is a bit of a divisive

107
00:04:03,509 --> 00:04:00,879
person in the ufo community i know uh

108
00:04:05,110 --> 00:04:03,519
craig carlwood uh challenged him on a

109
00:04:08,710 --> 00:04:05,120
few subjects when it comes to

110
00:04:11,429 --> 00:04:08,720
some of the i think the c5 or protocols

111
00:04:12,309 --> 00:04:11,439
and uh the channeling i think that was

112
00:04:14,869 --> 00:04:12,319
going on i don't remember

113
00:04:16,069 --> 00:04:14,879

the specifics on what craig carlwood of

114

00:04:18,550 --> 00:04:16,079

the higher side chat

115

00:04:19,990 --> 00:04:18,560

challenge grier on but i know he did uh

116

00:04:22,629 --> 00:04:20,000

do that i'll look that up

117

00:04:23,350 --> 00:04:22,639

and so yeah dr greer is a divisive

118

00:04:25,590 --> 00:04:23,360

person

119

00:04:26,469 --> 00:04:25,600

in the run by he's smart he's well

120

00:04:29,030 --> 00:04:26,479

smoking

121

00:04:29,510 --> 00:04:29,040

he does have some declassified documents

122

00:04:40,390 --> 00:04:29,520

he

123

00:04:42,950 --> 00:04:40,400

sense

124

00:04:43,909 --> 00:04:42,960

uh so he's got he's got his story about

125

00:04:46,310 --> 00:04:43,919

what he thinks is

126
00:04:47,510 --> 00:04:46,320
is going on so um what we're going to

127
00:04:51,030 --> 00:04:47,520
talk about here is

128
00:04:53,350 --> 00:04:51,040
the the covert access projects

129
00:04:54,790 --> 00:04:53,360
and uh we'll go into this film a little

130
00:04:55,590 --> 00:04:54,800
bit so he's going to start with the

131
00:04:58,469 --> 00:04:55,600
origin

132
00:05:00,070 --> 00:04:58,479
of the film which is called cosmic hoax

133
00:05:01,430 --> 00:05:00,080
and you just type that into

134
00:05:03,029 --> 00:05:01,440
youtube or check the link in the

135
00:05:05,029 --> 00:05:03,039
description i'll provide a link to it

136
00:05:07,510 --> 00:05:05,039
and it's for free on youtube right now

137
00:05:08,230 --> 00:05:07,520
he's going to talk about the origins of

138
00:05:11,189 --> 00:05:08,240

this movie

139

00:05:12,629 --> 00:05:11,199

here we go well the genesis of the film

140

00:05:14,469 --> 00:05:12,639

was when i got a heads up

141

00:05:15,909 --> 00:05:14,479

that the uh director of national

142

00:05:18,950 --> 00:05:15,919

intelligence and their

143

00:05:21,350 --> 00:05:18,960

minions uh people like lou elizondo

144

00:05:22,230 --> 00:05:21,360

and chris mellon and nick pope and

145

00:05:25,670 --> 00:05:22,240

others

146

00:05:29,270 --> 00:05:25,680

were consistently seeing three

147

00:05:30,390 --> 00:05:29,280

provable damnable lies let me go through

148

00:05:33,189 --> 00:05:30,400

these very quickly the

149

00:05:34,070 --> 00:05:33,199

the documentary is more extensive but

150

00:05:35,670 --> 00:05:34,080

number one

151
00:05:38,070 --> 00:05:35,680
they say that we don't know what these

152
00:05:40,310 --> 00:05:38,080
objects are we do

153
00:05:42,870 --> 00:05:40,320
some of them a very few of them are

154
00:05:44,710 --> 00:05:42,880
actually extraterrestrial vehicles

155
00:05:46,950 --> 00:05:44,720
most of the ones that are being shown in

156
00:05:49,189 --> 00:05:46,960
the media if you look at all those

157
00:05:51,110 --> 00:05:49,199
those are all ours there's a from

158
00:05:53,749 --> 00:05:51,120
lockheed skunk works or from my

159
00:05:54,710 --> 00:05:53,759
uncle's company northrop grumman they're

160
00:05:56,629 --> 00:05:54,720
um

161
00:05:58,070 --> 00:05:56,639
contractors that are making so-called

162
00:06:01,110 --> 00:05:58,080
anti-gravity

163
00:06:03,189 --> 00:06:01,120

free energy devices and that's a bigger

164

00:06:04,230 --> 00:06:03,199

secret than the et issue for a reason

165

00:06:06,950 --> 00:06:04,240

i'll get into

166

00:06:07,590 --> 00:06:06,960

in a moment and then the second big lie

167

00:06:10,710 --> 00:06:07,600

is

168

00:06:12,870 --> 00:06:10,720

uh we don't have anything that can move

169

00:06:14,469 --> 00:06:12,880

this way and they show these images

170

00:06:16,790 --> 00:06:14,479

this one you're showing right now

171

00:06:20,070 --> 00:06:16,800

obviously has nav lights on it

172

00:06:23,110 --> 00:06:20,080

uh it's a triangle anti-grav silent

173

00:06:23,510 --> 00:06:23,120

made by northrop grumman and we have

174

00:06:26,230 --> 00:06:23,520

known

175

00:06:27,830 --> 00:06:26,240

this for decades i'll give your viewers

176

00:06:32,070 --> 00:06:27,840

a date

177

00:06:33,510 --> 00:06:32,080

october 1954 that is when we mastered

178

00:06:35,909 --> 00:06:33,520

gravity control

179

00:06:37,510 --> 00:06:35,919

and began making man-made things that

180

00:06:39,510 --> 00:06:37,520

look like ufos

181

00:06:40,950 --> 00:06:39,520

this particular video you're showing now

182

00:06:42,390 --> 00:06:40,960

is a lockheed martin

183

00:06:44,070 --> 00:06:42,400

from the skunk works up in the high

184

00:06:47,510 --> 00:06:44,080

desert of california

185

00:06:50,390 --> 00:06:47,520

so are there actually dt craft yes

186

00:06:50,870 --> 00:06:50,400

much more rarely seen they're using

187

00:06:54,070 --> 00:06:50,880

these

188

00:06:57,350 --> 00:06:54,080

man-made ones to try to create this

189

00:06:59,029 --> 00:06:57,360

other third lie the national security

190

00:07:00,550 --> 00:06:59,039

threat so in every day right there and

191

00:07:01,990 --> 00:07:00,560

it's incredibly obvious when they all

192

00:07:04,710 --> 00:07:02,000

swarm our ships and nuclear

193

00:07:06,629 --> 00:07:04,720

bases so he's talking about project

194

00:07:10,390 --> 00:07:06,639

bluebeam there

195

00:07:10,950 --> 00:07:10,400

uh a managed control and uh the players

196

00:07:13,430 --> 00:07:10,960

involved

197

00:07:14,870 --> 00:07:13,440

and this is what we've been talking

198

00:07:16,070 --> 00:07:14,880

about for a while a lot of other people

199

00:07:19,110 --> 00:07:16,080

is that

200

00:07:20,950 --> 00:07:19,120

uh lou elizondo the former

201
00:07:22,469 --> 00:07:20,960
head of atip or he claims to be the head

202
00:07:23,990 --> 00:07:22,479
of atip uh

203
00:07:26,150 --> 00:07:24,000
i think there's some there's some people

204
00:07:27,990 --> 00:07:26,160
that have challenged his

205
00:07:30,309 --> 00:07:28,000
uh credibility there if you actually was

206
00:07:31,189 --> 00:07:30,319
the the leader of the atip program i

207
00:07:33,430 --> 00:07:31,199
know he had

208
00:07:34,390 --> 00:07:33,440
uh some uh authority within that program

209
00:07:36,309 --> 00:07:34,400
but whether or not he was

210
00:07:38,390 --> 00:07:36,319
he ended up as another matter but i know

211
00:07:42,150 --> 00:07:38,400
dark journalist is all over this

212
00:07:43,430 --> 00:07:42,160
uh richard doland who was a prominent

213
00:07:46,469 --> 00:07:43,440

researcher in

214

00:07:49,510 --> 00:07:46,479

in the community he's he

215

00:07:54,309 --> 00:07:49,520

is tepid he is of the opinion

216

00:07:57,430 --> 00:07:54,319

whether this is a manufactured scenario

217

00:08:00,390 --> 00:07:57,440

like a blue beam scenario or

218

00:08:02,390 --> 00:08:00,400

it's real it is still a form of

219

00:08:02,869 --> 00:08:02,400

disclosure that is richard dolan's kind

220

00:08:06,230 --> 00:08:02,879

of

221

00:08:07,990 --> 00:08:06,240

uh paraphrase uh position on this

222

00:08:09,510 --> 00:08:08,000

so he's of the opinion that any news is

223

00:08:10,869 --> 00:08:09,520

good news yeah

224

00:08:12,790 --> 00:08:10,879

as long as people are talking about it

225

00:08:13,990 --> 00:08:12,800

even if it's if it's deliberate

226

00:08:15,589 --> 00:08:14,000

disinformation it's

227

00:08:17,589 --> 00:08:15,599

people are are talking about it and

228

00:08:18,550 --> 00:08:17,599

bringing the the general topic to the

229

00:08:21,189 --> 00:08:18,560

forefront

230

00:08:23,270 --> 00:08:21,199

that's correct like uh just having a

231

00:08:26,629 --> 00:08:23,280

public discussion about ufos whether

232

00:08:28,550 --> 00:08:26,639

it's contrived or man-made ufos it's

233

00:08:31,350 --> 00:08:28,560

it's still a positive step in the right

234

00:08:33,909 --> 00:08:31,360

direction of of some sort of disclosure

235

00:08:34,389 --> 00:08:33,919

whereas i believe dark journalists and

236

00:08:36,790 --> 00:08:34,399

some

237

00:08:38,230 --> 00:08:36,800

of uh of us are like well this is

238

00:08:41,269 --> 00:08:38,240

project bluebeam

239

00:08:43,589 --> 00:08:41,279

this is possibly

240

00:08:46,230 --> 00:08:43,599

not going to be for our highest good

241

00:08:50,070 --> 00:08:46,240

here it's going to be used as some form

242

00:08:53,430 --> 00:08:50,080

of control uh the seat and i believe

243

00:08:55,750 --> 00:08:53,440

greer kind of goes into

244

00:08:57,190 --> 00:08:55,760

this a little bit here and uh you know

245

00:08:59,269 --> 00:08:57,200

throughout this entire interview

246

00:09:00,389 --> 00:08:59,279

alex was saying this keep going please

247

00:09:01,910 --> 00:09:00,399

keep going please yeah

248

00:09:03,990 --> 00:09:01,920

keep going please he said that a few

249

00:09:05,910 --> 00:09:04,000

times i got one or two of those so

250

00:09:07,350 --> 00:09:05,920

um this is uh grier he was trying to get

251
00:09:08,470 --> 00:09:07,360
him to drag out his segment a little bit

252
00:09:10,070 --> 00:09:08,480
longer because he's still

253
00:09:12,150 --> 00:09:10,080
trying to get that last jalapeno down i

254
00:09:13,750 --> 00:09:12,160
think he was eaten actually honestly

255
00:09:15,829 --> 00:09:13,760
like today during the show i don't know

256
00:09:16,630 --> 00:09:15,839
if guests can get this but it sounded

257
00:09:21,190 --> 00:09:16,640
like

258
00:09:23,829 --> 00:09:21,200
alex jones was drinking some sort of uh

259
00:09:24,790 --> 00:09:23,839
of like glass with with ice in it like

260
00:09:27,670 --> 00:09:24,800
he was like

261
00:09:28,470 --> 00:09:27,680
either drinking like uh whiskey on the

262
00:09:30,550 --> 00:09:28,480
rocks or

263
00:09:31,829 --> 00:09:30,560

a coca-cola something like that i don't

264

00:09:35,110 --> 00:09:31,839

know but like you could hear

265

00:09:36,790 --> 00:09:35,120

him drinking with a glass with like

266

00:09:38,310 --> 00:09:36,800

uh ice in it so it was kind of annoying

267

00:09:39,030 --> 00:09:38,320

but i was like ah i like that foley work

268

00:09:40,870 --> 00:09:39,040

it's pretty good

269

00:09:42,230 --> 00:09:40,880

well so it's not ice it's frozen

270

00:09:45,350 --> 00:09:42,240

jalapeno juice that he

271

00:09:47,430 --> 00:09:45,360

puts directly into it was jim beam yes

272

00:09:50,630 --> 00:09:47,440

yes yes of course how could i not

273

00:09:52,389 --> 00:09:50,640

i see that well this is uh greer talking

274

00:09:55,750 --> 00:09:52,399

about the uh the covert

275

00:09:58,230 --> 00:09:55,760

action project here we go so

276
00:09:59,990 --> 00:09:58,240
what has happened is that these covert

277
00:10:02,550 --> 00:10:00,000
programs have evolved

278
00:10:04,069 --> 00:10:02,560
very strongly to the point now they've

279
00:10:06,949 --> 00:10:04,079
decided to pull the trigger

280
00:10:08,790 --> 00:10:06,959
on uh officially through the government

281
00:10:10,550 --> 00:10:08,800
releasing these sort of reports and the

282
00:10:12,470 --> 00:10:10,560
mainstream media

283
00:10:14,310 --> 00:10:12,480
working lockstep with the intelligence

284
00:10:16,150 --> 00:10:14,320
community are now

285
00:10:17,430 --> 00:10:16,160
putting out this false narrative that

286
00:10:18,310 --> 00:10:17,440
there's a threat to the national

287
00:10:20,790 --> 00:10:18,320
security

288
00:10:22,150 --> 00:10:20,800

now the only part of that that's true is

289

00:10:25,670 --> 00:10:22,160

that these covert

290

00:10:27,350 --> 00:10:25,680

human illegal projects are a threat to

291

00:10:29,190 --> 00:10:27,360

the national security

292

00:10:31,350 --> 00:10:29,200

the interstellar civilizations are

293

00:10:32,790 --> 00:10:31,360

certainly not they are so advanced that

294

00:10:35,190 --> 00:10:32,800

if they were a threat we'd all be

295

00:10:36,550 --> 00:10:35,200

gone by now believe me i mean these

296

00:10:39,350 --> 00:10:36,560

technologies you're dealing with

297

00:10:40,870 --> 00:10:39,360

interstellar transportation capabilities

298

00:10:42,470 --> 00:10:40,880

now it doesn't mean that they're not

299

00:10:43,670 --> 00:10:42,480

worried about us i think the whole

300

00:10:45,430 --> 00:10:43,680

modern era

301
00:10:47,430 --> 00:10:45,440
of sightings happened because we started

302
00:10:48,230 --> 00:10:47,440
detonating atomic and thermonuclear

303
00:10:51,110 --> 00:10:48,240
weapons

304
00:10:53,190 --> 00:10:51,120
which ended up being very disruptive to

305
00:10:55,990 --> 00:10:53,200
uh dimensions that go beyond what we

306
00:10:57,750 --> 00:10:56,000
think of as normal 3d spacetime

307
00:10:59,829 --> 00:10:57,760
i think that's the most important point

308
00:11:03,829 --> 00:10:59,839
he brought up there early

309
00:11:04,389 --> 00:11:03,839
was that if there is an extraterrestrial

310
00:11:05,910 --> 00:11:04,399
threat

311
00:11:08,069 --> 00:11:05,920
and they have this kind of technology

312
00:11:09,350 --> 00:11:08,079
which is hundreds of years thousands of

313
00:11:10,790 --> 00:11:09,360

years more advanced than us they could

314

00:11:12,870 --> 00:11:10,800

wipe us out in the instant

315

00:11:14,949 --> 00:11:12,880

you know the united states air force or

316

00:11:15,910 --> 00:11:14,959

the pentagon can declare them a threat

317

00:11:17,910 --> 00:11:15,920

and try to

318

00:11:19,590 --> 00:11:17,920

build some sort of defense system

319

00:11:21,269 --> 00:11:19,600

against them

320

00:11:23,430 --> 00:11:21,279

but i i think it's foolish to think that

321

00:11:26,829 --> 00:11:23,440

they would would be successful

322

00:11:28,069 --> 00:11:26,839

in the near term with if they haven't

323

00:11:30,150 --> 00:11:28,079

already

324

00:11:31,670 --> 00:11:30,160

had a jump start on this technology like

325

00:11:34,949 --> 00:11:31,680

back in the 50s from some

326

00:11:37,430 --> 00:11:34,959

sort of crash retrieval and that uh

327

00:11:38,310 --> 00:11:37,440

the fear is the bluebeam here is that

328

00:11:40,230 --> 00:11:38,320

it's gonna be a

329

00:11:42,630 --> 00:11:40,240

managed operation where it's gonna be

330

00:11:45,750 --> 00:11:42,640

drawn out a fake alien war

331

00:11:48,870 --> 00:11:45,760

uh fake ufos and uh

332

00:11:51,990 --> 00:11:48,880

engineered aliens that are uh

333

00:11:53,190 --> 00:11:52,000

completely contrived when in in reality

334

00:11:54,470 --> 00:11:53,200

that if there was a real

335

00:11:55,910 --> 00:11:54,480

extraterrestrial race out there we'd be

336

00:11:56,470 --> 00:11:55,920

gone in a second where i think they're

337

00:11:59,350 --> 00:11:56,480

more

338

00:12:01,590 --> 00:11:59,360

interested in observing us and and it

339

00:12:02,550 --> 00:12:01,600

might not even be extraterrestrial like

340

00:12:03,910 --> 00:12:02,560

i i

341

00:12:05,829 --> 00:12:03,920

have read through this entire book i'm

342

00:12:09,110 --> 00:12:05,839

holding up this book it is

343

00:12:09,430 --> 00:12:09,120

the field guide to extraterrestrials i

344

00:12:12,389 --> 00:12:09,440

read

345

00:12:13,590 --> 00:12:12,399

the entire thing on my tick tock channel

346

00:12:15,509 --> 00:12:13,600

you can check it out

347

00:12:17,030 --> 00:12:15,519

uh just look up for uh midnight mike

348

00:12:18,389 --> 00:12:17,040

i'll post a link somewhere but i read

349

00:12:20,310 --> 00:12:18,399

this entire book

350

00:12:21,509 --> 00:12:20,320

you read it like two minutes at a time

351
00:12:24,470 --> 00:12:21,519
um like

352
00:12:26,310 --> 00:12:24,480
eat i spent one minute per case so i

353
00:12:29,190 --> 00:12:26,320
pair for a paraphrase like

354
00:12:30,629 --> 00:12:29,200
each case by one minute i hit the the

355
00:12:33,190 --> 00:12:30,639
biggest points here

356
00:12:34,069 --> 00:12:33,200
and uh like the most important oh okay i

357
00:12:35,430 --> 00:12:34,079
see what you mean

358
00:12:36,790 --> 00:12:35,440
you went through the book on your tick

359
00:12:37,910 --> 00:12:36,800
tock channel when you said you read it i

360
00:12:39,030 --> 00:12:37,920
thought you were just like reading like

361
00:12:42,389 --> 00:12:39,040
two minutes of the shot

362
00:12:46,470 --> 00:12:42,399
uh no um one minute per story

363
00:12:49,350 --> 00:12:46,480

and there are so many different

364

00:12:50,550 --> 00:12:49,360

encounters with aliens i would say uh if

365

00:12:52,389 --> 00:12:50,560

each one of these

366

00:12:53,750 --> 00:12:52,399

encounters are to believe that face

367

00:12:57,350 --> 00:12:53,760

value there

368

00:13:00,629 --> 00:12:57,360

are hundreds if not thousands

369

00:13:03,670 --> 00:13:00,639

of of et's or

370

00:13:06,790 --> 00:13:03,680

these entities are using

371

00:13:08,550 --> 00:13:06,800

our expectation in our consciousness as

372

00:13:10,550 --> 00:13:08,560

a launching pad

373

00:13:11,750 --> 00:13:10,560

to manifest themselves to us in

374

00:13:14,629 --> 00:13:11,760

particular ways

375

00:13:15,829 --> 00:13:14,639

there are commonalities with them all um

376

00:13:18,389 --> 00:13:15,839

but they are

377

00:13:19,990 --> 00:13:18,399

there are little differences in all

378

00:13:22,870 --> 00:13:20,000

these little stories

379

00:13:23,670 --> 00:13:22,880

um and there is a hierarchical structure

380

00:13:27,030 --> 00:13:23,680

to all this

381

00:13:28,150 --> 00:13:27,040

it's super complex uh and i'll i'll try

382

00:13:31,829 --> 00:13:28,160

to

383

00:13:32,949 --> 00:13:31,839

more of my thoughts on how complex this

384

00:13:36,790 --> 00:13:32,959

issue is because

385

00:13:39,350 --> 00:13:36,800

not only like like a lot of people

386

00:13:40,949 --> 00:13:39,360

like uh you can go into like john keel

387

00:13:43,030 --> 00:13:40,959

and definitely um

388

00:13:44,949 --> 00:13:43,040

a jack filet they they're kind of on the

389

00:13:46,470 --> 00:13:44,959

same page there where there's like a one

390

00:13:49,590 --> 00:13:46,480

source to this thing

391

00:13:52,710 --> 00:13:49,600

and it's it's paranormal in nature

392

00:13:55,509 --> 00:13:52,720

it's not just technology and

393

00:13:57,110 --> 00:13:55,519

greer knows this as well too he is on

394

00:13:58,629 --> 00:13:57,120

this kick so that's why he takes out

395

00:14:02,230 --> 00:13:58,639

people to the desert to do

396

00:14:02,990 --> 00:14:02,240

the the meditations to contact something

397

00:14:06,150 --> 00:14:03,000

that might be

398

00:14:08,470 --> 00:14:06,160

supernatural it might it might go beyond

399

00:14:09,189 --> 00:14:08,480

just somebody from mars this is super

400

00:14:11,829 --> 00:14:09,199

natural

401
00:14:13,829 --> 00:14:11,839
and now what greer gets into next i did

402
00:14:16,550 --> 00:14:13,839
not expect him to

403
00:14:17,590 --> 00:14:16,560
but he mentions this and it just so

404
00:14:20,069 --> 00:14:17,600
happens there is

405
00:14:22,069 --> 00:14:20,079
uh a relevant story about this in

406
00:14:24,389 --> 00:14:22,079
current events but here this is

407
00:14:25,750 --> 00:14:24,399
dr greer talking about uh project

408
00:14:28,629 --> 00:14:25,760
looking here

409
00:14:30,150 --> 00:14:28,639
project looking glass sorry a man uh

410
00:14:32,790 --> 00:14:30,160
shortly after that who said you know we

411
00:14:36,389 --> 00:14:32,800
have given at least 10 million dollars

412
00:14:37,910 --> 00:14:36,399
to over 10 000 people to secure their

413
00:14:39,829 --> 00:14:37,920

cooperation the same way they've paid

414

00:14:41,829 --> 00:14:39,839

billions to to to

415

00:14:43,030 --> 00:14:41,839

tens of thousands of influencers to push

416

00:14:45,110 --> 00:14:43,040

the vaccine that's a

417

00:14:46,470 --> 00:14:45,120

low-level example of this not to to our

418

00:14:47,670 --> 00:14:46,480

own horn like oh we're special a lot of

419

00:14:49,030 --> 00:14:47,680

the devils want us

420

00:14:50,629 --> 00:14:49,040

why do you think they try to recruit you

421

00:14:51,110 --> 00:14:50,639

and people like me and a lot of others

422

00:14:52,710 --> 00:14:51,120

they just

423

00:14:54,389 --> 00:14:52,720

see okay that's a prominent person

424

00:14:56,790 --> 00:14:54,399

that's a smart person we want them or

425

00:14:58,470 --> 00:14:56,800

what's happening there well there is a

426

00:15:00,389 --> 00:14:58,480

project known as operation

427

00:15:02,310 --> 00:15:00,399

looking glass and red light where they

428

00:15:03,910 --> 00:15:02,320

can sort of gaze into the future with

429

00:15:05,509 --> 00:15:03,920

some of these technologies

430

00:15:07,750 --> 00:15:05,519

and they make they often will see

431

00:15:08,790 --> 00:15:07,760

someone could be a problem to them in

432

00:15:10,790 --> 00:15:08,800

the future

433

00:15:13,590 --> 00:15:10,800

and so those people they'll try to

434

00:15:15,509 --> 00:15:13,600

target and get their cooperation through

435

00:15:16,790 --> 00:15:15,519

all kinds of inducements and threats i

436

00:15:17,829 --> 00:15:16,800

mean i've had threats i've had

437

00:15:20,629 --> 00:15:17,839

inducements

438

00:15:21,590 --> 00:15:20,639

bribes why didn't they kill us like you

439

00:15:22,710 --> 00:15:21,600

and i like

440

00:15:25,670 --> 00:15:22,720

similar things have happened why didn't

441

00:15:26,150 --> 00:15:25,680

they kill us well i almost did die as

442

00:15:28,550 --> 00:15:26,160

you know

443

00:15:30,069 --> 00:15:28,560

three people my team simultaneously got

444

00:15:32,470 --> 00:15:30,079

metastatic cancer

445

00:15:33,749 --> 00:15:32,480

myself included i'm the only one that

446

00:15:35,030 --> 00:15:33,759

survived that's right let's talk about

447

00:15:36,470 --> 00:15:35,040

that with dr stephen greer when you come

448

00:15:37,829 --> 00:15:36,480

back this is very serious

449

00:15:39,590 --> 00:15:37,839

they also can give you these uh

450

00:15:41,189 --> 00:15:39,600

pneumonias that again mutating or

451

00:15:43,269 --> 00:15:41,199

harmless after they kill you

452

00:15:44,710 --> 00:15:43,279

uh it's it's pretty pretty rough folks

453

00:15:45,990 --> 00:15:44,720

and then there's and there's a god in

454

00:15:47,509 --> 00:15:46,000

this universe too folks don't forget

455

00:15:47,910 --> 00:15:47,519

that powerful information receiving

456

00:15:50,150 --> 00:15:47,920

career

457

00:15:51,509 --> 00:15:50,160

and then your phone calls jill and mel

458

00:15:53,430 --> 00:15:51,519

and deborah and jd and

459

00:15:55,030 --> 00:15:53,440

kravis and james and oshawa we'll go to

460

00:15:56,069 --> 00:15:55,040

every single one of you after our guest

461

00:15:59,590 --> 00:15:56,079

leaves us

462

00:16:02,710 --> 00:15:59,600

with tyler daryl joseph paul james

463

00:16:05,990 --> 00:16:02,720

mike josh jeff jason jenny

464

00:16:09,030 --> 00:16:07,670

i i've been taking calls from people

465

00:16:11,590 --> 00:16:09,040

called big

466

00:16:12,230 --> 00:16:11,600

yeah only big luther if you got a big in

467

00:16:13,350 --> 00:16:12,240

your name

468

00:16:16,150 --> 00:16:13,360

you're going straight to the front of

469

00:16:16,550 --> 00:16:16,160

the line um he just reads off all the

470

00:16:17,829 --> 00:16:16,560

people

471

00:16:19,749 --> 00:16:17,839

that he's gonna get to the first two and

472

00:16:21,509 --> 00:16:19,759

then never the rest yeah exactly

473

00:16:23,269 --> 00:16:21,519

he basically says i'm gonna go through

474

00:16:25,030 --> 00:16:23,279

all these calls he never does he

475

00:16:26,550 --> 00:16:25,040

he gets lets one guy through for like

476

00:16:27,350 --> 00:16:26,560

five ten minutes that's what we do on

477

00:16:30,550 --> 00:16:27,360

this show so

478

00:16:32,870 --> 00:16:30,560

i sympathize with him um but uh grier

479

00:16:33,990 --> 00:16:32,880

mentioned project looking glass in there

480

00:16:37,030 --> 00:16:34,000

which is

481

00:16:39,430 --> 00:16:37,040

a rumored piece of technology with that

482

00:16:42,710 --> 00:16:41,189

secret government groups can use this

483

00:16:45,590 --> 00:16:42,720

technology to peer

484

00:16:47,110 --> 00:16:45,600

into the future and i'm just

485

00:16:47,509 --> 00:16:47,120

paraphrasing what i remember here and

486

00:16:51,030 --> 00:16:47,519

that

487

00:16:53,990 --> 00:16:51,040

they're looking into potential timelines

488

00:16:55,590 --> 00:16:54,000

and so based upon a decision or a world

489

00:16:57,430 --> 00:16:55,600

event they look into

490

00:17:00,230 --> 00:16:57,440

the looking less at that point in time

491

00:17:02,389 --> 00:17:00,240

and see how it lays out but since

492

00:17:03,509 --> 00:17:02,399

the timelines are ever changing in

493

00:17:06,710 --> 00:17:03,519

everyone's decision

494

00:17:08,870 --> 00:17:06,720

probably could uh change the timeline i

495

00:17:11,429 --> 00:17:08,880

don't see how accurate that could be but

496

00:17:12,789 --> 00:17:11,439

since he brought this up i'm gonna bring

497

00:17:14,789 --> 00:17:12,799

this up on screen over here

498

00:17:16,789 --> 00:17:14,799

because it's relevant and timely and

499

00:17:19,590 --> 00:17:16,799

this headline is the pentagon

500

00:17:20,949 --> 00:17:19,600

is experimenting with using artificial

501
00:17:24,549 --> 00:17:20,959
intelligence to see

502
00:17:25,590 --> 00:17:24,559
days in advance not necessarily project

503
00:17:27,909 --> 00:17:25,600
looking glass

504
00:17:29,110 --> 00:17:27,919
but i think they've gotten so good at

505
00:17:30,549 --> 00:17:29,120
collecting data

506
00:17:32,470 --> 00:17:30,559
that they know what everyone's going to

507
00:17:34,870 --> 00:17:32,480
do when they're gonna do it

508
00:17:35,830 --> 00:17:34,880
and that they can just make really good

509
00:17:39,110 --> 00:17:35,840
guesses

510
00:17:39,669 --> 00:17:39,120
at what humans and groups can do based

511
00:17:41,669 --> 00:17:39,679
upon

512
00:17:42,870 --> 00:17:41,679
certain algorithms so i'll read a little

513
00:17:44,710 --> 00:17:42,880

bit of this then we're gonna go straight

514

00:17:47,270 --> 00:17:44,720

back to ufos but

515

00:17:49,430 --> 00:17:47,280

uh this is uh let's see here in addition

516

00:17:50,070 --> 00:17:49,440

to these overreaching objective the

517

00:17:52,630 --> 00:17:50,080

chief

518

00:17:53,590 --> 00:17:52,640

architect officer also conducted

519

00:17:56,310 --> 00:17:53,600

experiments of

520

00:17:57,830 --> 00:17:56,320

key enabling technology apply artificial

521

00:17:59,270 --> 00:17:57,840

intelligence to enable decision

522

00:18:01,270 --> 00:17:59,280

advantage through

523

00:18:03,029 --> 00:18:01,280

software at the strategic and

524

00:18:06,710 --> 00:18:03,039

operational tactical level

525

00:18:08,549 --> 00:18:06,720

in partnership with the joint ai centers

526
00:18:10,710 --> 00:18:08,559
augmenting pacific air forces deployed

527
00:18:12,870 --> 00:18:10,720
communication team with commercial

528
00:18:13,990 --> 00:18:12,880
off-the-shelf networking technologies

529
00:18:16,150 --> 00:18:14,000
and commercial communication

530
00:18:17,590 --> 00:18:16,160
pathways to boost bandwidth stabilize

531
00:18:20,789 --> 00:18:17,600
connectivity increased

532
00:18:21,190 --> 00:18:20,799
network resiliency and they just what i

533
00:18:23,590 --> 00:18:21,200
mean

534
00:18:24,710 --> 00:18:23,600
it's not like when and what any other

535
00:18:26,310 --> 00:18:24,720
government or

536
00:18:28,070 --> 00:18:26,320
organization would do they want to

537
00:18:30,470 --> 00:18:28,080
predict the future

538
00:18:31,669 --> 00:18:30,480

so they can better prepare for it they

539

00:18:34,070 --> 00:18:31,679

want to in

540

00:18:35,270 --> 00:18:34,080

this is not unlike what we talked about

541

00:18:38,710 --> 00:18:35,280

and covered

542

00:18:42,310 --> 00:18:38,720

in 2016 with this headline cia can't

543

00:18:45,990 --> 00:18:42,320

the cia can anticipate

544

00:18:46,710 --> 00:18:46,000

social unrest three days or three to

545

00:18:49,230 --> 00:18:46,720

five days

546

00:18:50,710 --> 00:18:49,240

out in some cases this comes from uh

547

00:18:52,870 --> 00:18:50,720

nextgov.com

548

00:18:54,549 --> 00:18:52,880

this is originally like on engadget and

549

00:18:58,230 --> 00:18:54,559

some tech blogs

550

00:19:00,390 --> 00:18:58,240

um but the agency the agency's use of

551
00:19:02,390 --> 00:19:00,400
sophisticated algorithms and analytics

552
00:19:04,710 --> 00:19:02,400
have significantly improved

553
00:19:07,909 --> 00:19:04,720
its ability to predict events this is

554
00:19:10,470 --> 00:19:07,919
back in 2016.

555
00:19:11,350 --> 00:19:10,480
so i suspect they probably had these

556
00:19:14,230 --> 00:19:11,360
algorithms

557
00:19:16,310 --> 00:19:14,240
in technology for much longer uh the

558
00:19:19,990 --> 00:19:16,320
pentagon's coming out saying they got

559
00:19:21,430 --> 00:19:20,000
ai to do this kind of stuff uh the cia's

560
00:19:23,110 --> 00:19:21,440
been bragging about it for the longest

561
00:19:26,150 --> 00:19:23,120
time so maybe they do have some

562
00:19:27,909 --> 00:19:26,160
looking glass kind of technology maybe

563
00:19:30,789 --> 00:19:27,919

not necessarily like all mystical

564

00:19:32,630 --> 00:19:30,799

and supernatural but some really good

565

00:19:36,230 --> 00:19:32,640

algorithms

566

00:19:38,789 --> 00:19:36,240

not that far patched the cia is doing it

567

00:19:40,070 --> 00:19:38,799

that's for damn sure yeah so the the

568

00:19:41,350 --> 00:19:40,080

it's as i guess just with

569

00:19:43,270 --> 00:19:41,360

the two things you brought up here the

570

00:19:45,830 --> 00:19:43,280

the idea of of

571

00:19:46,470 --> 00:19:45,840

leveraging social media especially um

572

00:19:48,870 --> 00:19:46,480

but

573

00:19:50,549 --> 00:19:48,880

general you know internet traffic and

574

00:19:52,230 --> 00:19:50,559

whatnot to kind of see what

575

00:19:54,310 --> 00:19:52,240

what may or may not happen in a couple

576

00:19:55,190 --> 00:19:54,320

of days i 100 believe in that i mean

577

00:19:56,789 --> 00:19:55,200

that's that's the sort of thing where

578

00:19:58,070 --> 00:19:56,799

you could look at enough patterns

579

00:19:59,270 --> 00:19:58,080

and identify enough things that you

580

00:20:01,190 --> 00:19:59,280

could probably start predicting some

581

00:20:04,149 --> 00:20:01,200

pretty general behaviors

582

00:20:05,190 --> 00:20:04,159

um now the the project looking glass

583

00:20:05,990 --> 00:20:05,200

which is the idea that they're going to

584

00:20:07,669 --> 00:20:06,000

create

585

00:20:09,830 --> 00:20:07,679

lenses that could functionally look

586

00:20:11,909 --> 00:20:09,840

forward in time a certain amount of

587

00:20:13,750 --> 00:20:11,919

of time uh similar to the way that

588

00:20:15,350 --> 00:20:13,760

telescopes basically look back in time

589

00:20:17,110 --> 00:20:15,360

because you're looking at light that is

590

00:20:19,029 --> 00:20:17,120

just coming you know it's taking that

591

00:20:20,310 --> 00:20:19,039

long to get to the to the lens into the

592

00:20:21,430 --> 00:20:20,320

sensor

593

00:20:23,190 --> 00:20:21,440

but what's interesting about the project

594

00:20:23,590 --> 00:20:23,200

looking glass is that was the conceit of

595

00:20:29,909 --> 00:20:23,600

the

596

00:20:33,350 --> 00:20:29,919

building a

597

00:20:33,990 --> 00:20:33,360

uh a viewing it was basically the same

598

00:20:35,590 --> 00:20:34,000

exact idea

599

00:20:37,990 --> 00:20:35,600

as what what grier described there but

600

00:20:40,149 --> 00:20:38,000

building a viewing apparatus that could

601
00:20:41,669 --> 00:20:40,159
be they could look forward in time and

602
00:20:42,950 --> 00:20:41,679
catch certain moments

603
00:20:44,070 --> 00:20:42,960
and then you could take these moments

604
00:20:45,270 --> 00:20:44,080
and put them together and actually build

605
00:20:46,870 --> 00:20:45,280
out kind of a narrative so it's kind of

606
00:20:48,950 --> 00:20:46,880
an interesting idea

607
00:20:50,789 --> 00:20:48,960
so whether or not they have uh that

608
00:20:54,549 --> 00:20:50,799
technology project looking glass

609
00:20:55,669 --> 00:20:54,559
or using really good algorithms to

610
00:20:57,750 --> 00:20:55,679
figure out what's going on in future

611
00:20:59,190 --> 00:20:57,760
they know how people are most likely

612
00:21:02,149 --> 00:20:59,200
going to react to

613
00:21:04,470 --> 00:21:02,159

this ufo information they know uh

614

00:21:06,950 --> 00:21:04,480

probably what the populist is gonna do

615

00:21:08,310 --> 00:21:06,960

uh based upon what type of information

616

00:21:10,549 --> 00:21:08,320

is released

617

00:21:12,070 --> 00:21:10,559

uh it's been a slow simmer and honestly

618

00:21:13,270 --> 00:21:12,080

there hasn't been much of a reaction

619

00:21:16,230 --> 00:21:13,280

since what june

620

00:21:16,710 --> 00:21:16,240

the that the that the ufo report came

621

00:21:23,350 --> 00:21:16,720

out

622

00:21:25,270 --> 00:21:23,360

it doesn't also like what what nine

623

00:21:26,070 --> 00:21:25,280

pages of nothing yeah but a lot of it

624

00:21:28,630 --> 00:21:26,080

wasn't it

625

00:21:31,029 --> 00:21:28,640

it was just it's a bunch of fluff there

626

00:21:32,070 --> 00:21:31,039

was really no

627

00:21:33,830 --> 00:21:32,080

like anything that's gonna be good is

628

00:21:36,310 --> 00:21:33,840

gonna get redacted anyway so but

629

00:21:38,789 --> 00:21:36,320

regardless like this should be some

630

00:21:39,669 --> 00:21:38,799

damn exciting stuff but no one gives a

631

00:21:41,750 --> 00:21:39,679

darn

632

00:21:43,190 --> 00:21:41,760

uh it's not making any kind of way this

633

00:21:46,630 --> 00:21:43,200

is damn exciting

634

00:21:47,669 --> 00:21:46,640

stuff no one cares about it riptorn

635

00:21:50,630 --> 00:21:47,679

thinks so

636

00:21:51,510 --> 00:21:50,640

uh and so they probably through their

637

00:21:53,270 --> 00:21:51,520

quasi

638

00:21:54,870 --> 00:21:53,280

project looking glass technology they

639

00:21:56,549 --> 00:21:54,880

probably knew it would be a bit of a dud

640

00:21:59,590 --> 00:21:56,559

because it's supposed to be slow burn

641

00:22:02,789 --> 00:21:59,600

and also they probably know

642

00:22:06,630 --> 00:22:02,799

uh how people will react to

643

00:22:08,230 --> 00:22:06,640

certain coveted policies

644

00:22:10,310 --> 00:22:08,240

you can you can probably bet your bottom

645

00:22:12,070 --> 00:22:10,320

dollar on that bet your bottom dollar on
