

1
00:00:00,270 --> 00:00:06,660
[Applause]

2
00:00:09,910 --> 00:00:08,549
[Music]

3
00:00:13,350 --> 00:00:09,920
so

4
00:00:15,350 --> 00:00:13,360
this uh okay headline here oscar meyer

5
00:00:18,550 --> 00:00:15,360
may offer nasa

6
00:00:20,870 --> 00:00:18,560
a wienermobile to transport moon

7
00:00:22,070 --> 00:00:20,880
astronauts

8
00:00:24,470 --> 00:00:22,080
okay

9
00:00:25,910 --> 00:00:24,480
that's some good news on that front

10
00:00:28,230 --> 00:00:25,920
um

11
00:00:30,790 --> 00:00:28,240
so wait i gotta read oscar meyer may

12
00:00:31,509 --> 00:00:30,800
offer nasa a wienermobile

13
00:00:32,950 --> 00:00:31,519

to

14

00:00:34,870 --> 00:00:32,960

transport

15

00:00:36,389 --> 00:00:34,880

moon astronauts so the astronauts are

16

00:00:39,030 --> 00:00:36,399

going to drive around

17

00:00:40,310 --> 00:00:39,040

in the wienermobile

18

00:00:43,030 --> 00:00:40,320

on the moon

19

00:00:46,310 --> 00:00:43,040

around

20

00:00:47,670 --> 00:00:46,320

in a weiner wienermobile

21

00:00:49,190 --> 00:00:47,680

i think so i think that's what they're

22

00:00:51,029 --> 00:00:49,200

saying here

23

00:00:53,270 --> 00:00:51,039

well yeah so

24

00:00:54,950 --> 00:00:53,280

i think the implication here is poorly

25

00:00:56,630 --> 00:00:54,960

written headline

26

00:00:58,869 --> 00:00:56,640

nasa always uses it's usually it's an

27

00:00:59,910 --> 00:00:58,879

airstream that to transport astronauts

28

00:01:03,910 --> 00:00:59,920

from

29

00:01:06,149 --> 00:01:03,920

so i think the the implication here is

30

00:01:08,149 --> 00:01:06,159

that you could use the wiener mobile to

31

00:01:10,550 --> 00:01:08,159

drive them to the launch pad the super

32

00:01:13,270 --> 00:01:10,560

duper weenie wagon it's the super duper

33

00:01:15,270 --> 00:01:13,280

weenie wagon yes they'll take guy fiery

34

00:01:16,550 --> 00:01:15,280

he'll drive them but they'll drive the

35

00:01:18,469 --> 00:01:16,560

wienermobile with the astronauts on

36

00:01:19,910 --> 00:01:18,479

board right into the space shuttle or

37

00:01:22,710 --> 00:01:19,920

the the spacecraft and they'll just

38

00:01:24,310 --> 00:01:22,720

launch in the wienermobile space yeah

39

00:01:25,590 --> 00:01:24,320

and then when they get into space you

40

00:01:28,630 --> 00:01:25,600

have this cool footage of a wienermobile

41

00:01:30,630 --> 00:01:28,640

landing on the moon i like that

42

00:01:34,789 --> 00:01:30,640

there they go right there

43

00:01:40,469 --> 00:01:37,109

uh someday in the hopefully not too

44

00:01:42,469 --> 00:01:40,479

distant future nasa's next moon bound uh

45

00:01:44,550 --> 00:01:42,479

next moonbound astronauts will catch a

46

00:01:46,389 --> 00:01:44,560

ride to the launch pad

47

00:01:49,749 --> 00:01:46,399

to board their

48

00:01:52,149 --> 00:01:49,759

orion spaceship atop a massive sls

49

00:01:54,469 --> 00:01:52,159

rocket oscar mile oscar meyer the food

50

00:01:57,830 --> 00:01:54,479

company known for hot dogs would like to

51
00:01:59,030 --> 00:01:57,840
offer a bold and dignified vehicle to

52
00:02:02,310 --> 00:01:59,040
take them there

53
00:02:03,830 --> 00:02:02,320
the wiener mobile the super duper weenie

54
00:02:05,320 --> 00:02:03,840
wagon

55
00:02:06,870 --> 00:02:05,330
a bunch of freaking nerds

56
00:02:08,869 --> 00:02:06,880
[Music]

57
00:02:10,070 --> 00:02:08,879
nerds nasa's actually looking for

58
00:02:13,110 --> 00:02:10,080
something

59
00:02:14,869 --> 00:02:13,120
uh a little less dignified yeah i was

60
00:02:18,070 --> 00:02:14,879
just a straight-up penis mobile they're

61
00:02:20,070 --> 00:02:18,080
gonna drive around in uh the batmobile

62
00:02:24,309 --> 00:02:20,080
to get there

63
00:02:25,990 --> 00:02:24,319

the original 1960s adam west batmobile

64

00:02:27,830 --> 00:02:26,000

like half of them will pile them

65

00:02:29,270 --> 00:02:27,840

there and then the other half will be in

66

00:02:30,710 --> 00:02:29,280

the back of the future

67

00:02:32,150 --> 00:02:30,720

like george barris built that out of

68

00:02:34,070 --> 00:02:32,160

like an old lincoln that he kind of

69

00:02:35,670 --> 00:02:34,080

takes off

70

00:02:37,509 --> 00:02:35,680

i dig one

71

00:02:39,030 --> 00:02:37,519

so uh the batmobile or the or the wiener

72

00:02:40,949 --> 00:02:39,040

mobile both

73

00:02:42,710 --> 00:02:40,959

yeah i don't i i don't have a car right

74

00:02:45,110 --> 00:02:42,720

now my wife and i share a car so if i

75

00:02:47,670 --> 00:02:45,120

can get the weenie wagon i would i would

76

00:02:49,990 --> 00:02:47,680

you had a 1992 plymouth laser

77

00:02:52,150 --> 00:02:50,000

it's being worked on cratchit it's up on

78

00:02:54,390 --> 00:02:52,160

cinder blocks okay reliable it's

79

00:02:57,910 --> 00:02:54,400

reliable like a wienermobile it's got

80

00:03:01,270 --> 00:02:59,589

um

81

00:03:04,390 --> 00:03:01,280

so they put out the call last week for

82

00:03:06,630 --> 00:03:04,400

commercial providers to chime in on

83

00:03:09,430 --> 00:03:06,640

possible replacements for the

84

00:03:11,830 --> 00:03:09,440

uh shiny astra van that once moved the

85

00:03:13,910 --> 00:03:11,840

shuttle astronauts to nine miles they

86

00:03:17,190 --> 00:03:13,920

had an astro van like a chevy astro van

87

00:03:18,390 --> 00:03:17,200

it was not a chevy astrovan though

88

00:03:19,430 --> 00:03:18,400

if you look if you look at i'll get a

89

00:03:21,990 --> 00:03:19,440

picture of it but it was i believe it's

90

00:03:23,750 --> 00:03:22,000

an airstream we could pile them in this

91

00:03:24,550 --> 00:03:23,760

this is what we need the 1992 plymouth

92

00:03:26,869 --> 00:03:24,560

laser

93

00:03:28,309 --> 00:03:26,879

to pile all these astronauts in through

94

00:03:30,390 --> 00:03:28,319

the two door

95

00:03:33,190 --> 00:03:30,400

official here's our astro van tell me

96

00:03:35,990 --> 00:03:33,200

tell me which is less dignified this

97

00:03:39,030 --> 00:03:36,000

or the wienermobile oh jesus i mean

98

00:03:40,509 --> 00:03:39,040

we're looking at is basically

99

00:03:44,470 --> 00:03:40,519

like it's like a

100

00:03:48,070 --> 00:03:44,480

1970s like almost like rv right uh it is

101
00:03:50,070 --> 00:03:48,080
a 1983 airstream exella astro band

102
00:03:51,589 --> 00:03:50,080
look at that guy

103
00:03:54,390 --> 00:03:51,599
i mean it looks pretty nice to use the

104
00:03:56,550 --> 00:03:54,400
one from stripes that one was cooler

105
00:03:58,390 --> 00:03:56,560
i i have heard they've had some major

106
00:04:01,110 --> 00:03:58,400
problems getting that thing started i

107
00:04:02,869 --> 00:04:01,120
mean it's old it's uh

108
00:04:03,990 --> 00:04:02,879
i do that i do have some audio of them

109
00:04:05,670 --> 00:04:04,000
do you have an audio of them going out

110
00:04:06,789 --> 00:04:05,680
and starting it the morning of yeah i

111
00:04:09,429 --> 00:04:06,799
have some audio of them trying to get to

112
00:04:12,390 --> 00:04:09,439
the launch pad here it is

113
00:04:15,190 --> 00:04:13,670

i think they have problems with this

114

00:04:17,030 --> 00:04:15,200

thing

115

00:04:19,110 --> 00:04:17,040

the problem is they don't know how to

116

00:04:20,789 --> 00:04:19,120

to drive this thing they always flood

117

00:04:23,030 --> 00:04:20,799

they always flood the engine

118

00:04:24,629 --> 00:04:23,040

and you sometimes just gotta

119

00:04:26,629 --> 00:04:24,639

they have to run some jumper cables out

120

00:04:29,030 --> 00:04:26,639

to the rocket to get it to get a start

121

00:04:30,950 --> 00:04:29,040

hey buzz aldrin aldrin get the jumper

122

00:04:32,710 --> 00:04:30,960

key let's bring it out here give me a

123

00:04:34,870 --> 00:04:32,720

push

124

00:04:36,629 --> 00:04:34,880

i think uh

125

00:04:38,390 --> 00:04:36,639

yeah buzz

126
00:04:39,830 --> 00:04:38,400
just getting back and start pushing pal

127
00:04:42,870 --> 00:04:39,840
i'm gonna pop the clutch and then it's

128
00:04:44,390 --> 00:04:42,880
gonna go

129
00:04:46,150 --> 00:04:44,400
oh my gosh we have to park it on a hill

130
00:04:48,710 --> 00:04:46,160
at night we can roll start in the

131
00:04:54,150 --> 00:04:51,510
and we can spend billions of dollars on

132
00:04:59,749 --> 00:04:54,160
space vehicles but we can't get a brand

133
00:05:03,909 --> 00:05:01,590
i just love the mental image of all the

134
00:05:05,990 --> 00:05:03,919
press there waiting for the asteroids to

135
00:05:07,430 --> 00:05:06,000
come out and there's two nasa techs

136
00:05:09,270 --> 00:05:07,440
sweating around the corners we're trying

137
00:05:10,550 --> 00:05:09,280
to jump start

138
00:05:11,909 --> 00:05:10,560

we left the lights on every night the

139

00:05:13,830 --> 00:05:11,919

battery's drained

140

00:05:15,830 --> 00:05:13,840

we can't even get to the launch pad

141

00:05:17,029 --> 00:05:15,840

calling the weenie mobile so anyway

142

00:05:19,350 --> 00:05:17,039

we're going to get there thank god for

143

00:05:21,990 --> 00:05:19,360

oscar oscar meyer cody had that wiener

144

00:05:23,430 --> 00:05:22,000

mobile in in reserve

145

00:05:25,110 --> 00:05:23,440

does the wienermobile play music as it

146

00:05:27,510 --> 00:05:25,120

dries because that would be best

147

00:05:29,590 --> 00:05:27,520

ice cream song i think so i think they

148

00:05:33,430 --> 00:05:29,600

they played the the oscar meyer wiener

149

00:05:35,029 --> 00:05:33,440

hot dog song the oscar meyer music

150

00:05:36,710 --> 00:05:35,039

oh i wish i was an oscar mayor wiener

151

00:05:39,430 --> 00:05:36,720

that one uh yeah that that's all it

152

00:05:40,390 --> 00:05:39,440

plays in there and non-stop at enough

153

00:05:42,310 --> 00:05:40,400

volume

154

00:05:45,029 --> 00:05:42,320

it cannot be turned off no can't it has

155

00:05:46,629 --> 00:05:45,039

to go like it's so loud to compete with

156

00:05:47,909 --> 00:05:46,639

the rocket thrust which is like some of

157

00:05:52,710 --> 00:05:47,919

the loudest

158

00:05:57,990 --> 00:05:54,629

that's awful oh jesus christ blah blah

159

00:06:01,270 --> 00:05:59,749

uh it goes on to say nasa's gearing up

160

00:06:02,950 --> 00:06:01,280

for his crew

161

00:06:04,710 --> 00:06:02,960

is crude artemis missions with the

162

00:06:08,469 --> 00:06:04,720

intention of returning humans to the

163

00:06:11,590 --> 00:06:08,479

moon uh proposal uh should be unique

164

00:06:14,710 --> 00:06:11,600

impress embrace new technology and

165

00:06:17,670 --> 00:06:14,720

visibly or visit visually

166

00:06:19,749 --> 00:06:17,680

embody artemis to the public

167

00:06:22,550 --> 00:06:19,759

nasa says

168

00:06:23,990 --> 00:06:22,560

it's [h__h] they wanna

169

00:06:25,749 --> 00:06:24,000

so so they're they're referring to this

170

00:06:27,749 --> 00:06:25,759

is as artemis

171

00:06:29,270 --> 00:06:27,759

that's their the is that the the mission

172

00:06:32,070 --> 00:06:29,280

to the moon is called artists yeah i

173

00:06:34,309 --> 00:06:32,080

guess so uh is or that the space vehicle

174

00:06:36,150 --> 00:06:34,319

because i thought it was the orion uh

175

00:06:38,150 --> 00:06:36,160

space vehicle but maybe artist artemis

176

00:06:40,150 --> 00:06:38,160

is like the the overall

177

00:06:42,309 --> 00:06:40,160

uh series like the

178

00:06:43,749 --> 00:06:42,319

i don't know what is it so while artemis

179

00:06:44,629 --> 00:06:43,759

is is if i'm getting this right if i

180

00:06:47,110 --> 00:06:44,639

remember correctly artemis is the

181

00:06:49,430 --> 00:06:47,120

goddess of the hunt which is diana

182

00:06:50,870 --> 00:06:49,440

in roman mythology so do they want

183

00:06:52,390 --> 00:06:50,880

somebody that just looks like a woman

184

00:06:53,990 --> 00:06:52,400

with a bow and arrow and they want that

185

00:06:55,830 --> 00:06:54,000

is it like a parade float and they want

186

00:06:57,189 --> 00:06:55,840

that to to drive around in they're like

187

00:06:58,790 --> 00:06:57,199

look it's artemis

188

00:06:59,830 --> 00:06:58,800

this doesn't make any sense it's not

189

00:07:01,909 --> 00:06:59,840

clear

190

00:07:04,469 --> 00:07:01,919

it doesn't say i'm not sure that the uh

191

00:07:06,629 --> 00:07:04,479

wienermobile quite embodies the artemis

192

00:07:08,629 --> 00:07:06,639

spears of lunar explanation full of

193

00:07:10,950 --> 00:07:08,639

courage in space adventure space

194

00:07:13,270 --> 00:07:10,960

adventure it embodies a hot dog full of

195

00:07:14,710 --> 00:07:13,280

beef i say [h__\h] this is an american

196

00:07:16,870 --> 00:07:14,720

company

197

00:07:18,390 --> 00:07:16,880

i say how dare you say this about oscar

198

00:07:19,749 --> 00:07:18,400

meyer they're an american company as far

199

00:07:21,830 --> 00:07:19,759

as i know

200

00:07:25,830 --> 00:07:21,840

and uh it's uh

201
00:07:28,070 --> 00:07:25,840
it's hot dogs are american and oscar

202
00:07:30,710 --> 00:07:28,080
maya you eat a sausages

203
00:07:33,430 --> 00:07:30,720
yeah is oscar meyer are they german i

204
00:07:35,510 --> 00:07:33,440
don't know well it doesn't matter

205
00:07:37,270 --> 00:07:35,520
started by nazi uh scientists from

206
00:07:39,110 --> 00:07:37,280
germany yeah so maybe that all makes

207
00:07:41,189 --> 00:07:39,120
sense then

208
00:07:42,870 --> 00:07:41,199
so let's let's i mean either way it's a

209
00:07:45,830 --> 00:07:42,880
win-win

210
00:07:48,469 --> 00:07:45,840
founded by german immigrant oscar maya

211
00:07:50,150 --> 00:07:48,479
from germany okay again working at a

212
00:07:52,230 --> 00:07:50,160
meat market in detroit michigan and

213
00:07:53,830 --> 00:07:52,240

later chicago

214

00:07:56,869 --> 00:07:53,840

eventually worked at nasa went to the

215

00:07:58,230 --> 00:07:56,879

moon and ate sausages so yeah

216

00:08:00,390 --> 00:07:58,240

so it would make sense why not let's

217

00:08:03,350 --> 00:08:00,400

have let's have a uh um

218

00:08:06,629 --> 00:08:03,360

uh german wiener wagon made by uh uh

219

00:08:09,909 --> 00:08:06,639

mercedes uh and they can take our uh

220

00:08:12,309 --> 00:08:09,919

nazi founded nasa to the moon

221

00:08:15,029 --> 00:08:12,319

it's the super duper weeny wagon super

222

00:08:17,029 --> 00:08:15,039

duper weenie

223

00:08:18,309 --> 00:08:17,039

welcome to flavortown by the way uh if

224

00:08:20,070 --> 00:08:18,319

they're not happy with the wiener reveal

225

00:08:21,430 --> 00:08:20,080

oscar meyer does also make lunchables

226

00:08:23,189 --> 00:08:21,440

maybe they make a lunchable themed

227

00:08:25,589 --> 00:08:23,199

vehicle

228

00:08:27,830 --> 00:08:25,599

so this isn't the uh the

229

00:08:29,749 --> 00:08:27,840

the first attempt by oscar meyer to get

230

00:08:31,350 --> 00:08:29,759

into the space game it jumped on the

231

00:08:34,310 --> 00:08:31,360

blue origins

232

00:08:37,350 --> 00:08:34,320

dong rocket meme bandwagon

233

00:08:40,469 --> 00:08:37,360

uh when amazon uh billionaire jeff bezos

234

00:08:42,870 --> 00:08:40,479

flew to in to a sub-orbital space back

235

00:08:44,870 --> 00:08:42,880

in july tweeting a photo of the

236

00:08:47,910 --> 00:08:44,880

wienermobile rocketing

237

00:08:49,829 --> 00:08:47,920

off this rock so i like that that the

238

00:08:54,949 --> 00:08:49,839

oscar meyer is getting into the meme

239

00:08:57,509 --> 00:08:54,959

game and really sticking to jeff bezos

240

00:08:59,910 --> 00:08:57,519

who's whoever's running their uh

241

00:09:01,269 --> 00:08:59,920

twitter campaign is uh

242

00:09:02,470 --> 00:09:01,279

doing a good job over there they're yeah

243

00:09:06,310 --> 00:09:02,480

they're better at it than nasa is

244

00:09:10,389 --> 00:09:08,710

there goes the super duper weenie wagon

245

00:09:12,630 --> 00:09:10,399

it's fantastic i wonder if nasa's ever

246

00:09:14,470 --> 00:09:12,640

taken like lunchables into space that

247

00:09:16,470 --> 00:09:14,480

seems like a nasa food right no

248

00:09:18,470 --> 00:09:16,480

lunchable i would say so was the last

249

00:09:20,870 --> 00:09:18,480

time you had a lunchable well when i was

250

00:09:22,470 --> 00:09:20,880

in space i guess so yeah okay

251
00:09:23,990 --> 00:09:22,480
i don't know when the last time i've

252
00:09:27,269 --> 00:09:24,000
seen a lunchable

253
00:09:29,030 --> 00:09:27,279
or have tasted or touched a lunchable

254
00:09:31,269 --> 00:09:29,040
are you 12 because probably not not

255
00:09:33,750 --> 00:09:31,279
recently i don't even think lunchables

256
00:09:35,509 --> 00:09:33,760
were around when i was in school to eat

257
00:09:37,269 --> 00:09:35,519
lunchables i remember lunchables in

258
00:09:39,509 --> 00:09:37,279
junior high and i'm older than you are

259
00:09:41,430 --> 00:09:39,519
[h__\h] that i didn't have lunchables oh

260
00:09:42,790 --> 00:09:41,440
[h__\h] that look at this [h__\h]

261
00:09:44,790 --> 00:09:42,800
just because your family couldn't afford

262
00:09:46,070 --> 00:09:44,800
a lunchable mike come on

263
00:09:48,630 --> 00:09:46,080

i would not

264

00:09:50,550 --> 00:09:48,640

hey i i i think i

265

00:09:52,790 --> 00:09:50,560

like i'm not that poor you know i think

266

00:09:54,790 --> 00:09:52,800

we had like the capability to buy

267

00:09:56,949 --> 00:09:54,800

lunchables it's crackers it's a it's a

268

00:09:59,590 --> 00:09:56,959

ritz cracker old cheese

269

00:10:01,350 --> 00:09:59,600

and uh and and expired meat that they

270

00:10:03,110 --> 00:10:01,360

couldn't sell otherwise oh that's what

271

00:10:04,389 --> 00:10:03,120

they they were then i had a lot of those

272

00:10:07,190 --> 00:10:04,399

that's all they had

273

00:10:09,910 --> 00:10:07,200

uh introduced 1988 uh went nationally in

274

00:10:11,590 --> 00:10:09,920

1989. so yeah that's all they had then

275

00:10:13,590 --> 00:10:11,600

yeah i hate that i thought lunchables

276

00:10:15,990 --> 00:10:13,600

were something like you peel back the

277

00:10:19,030 --> 00:10:16,000

the the foil and it reveals like some

278

00:10:20,790 --> 00:10:19,040

sort of sandwich or something like that

279

00:10:22,550 --> 00:10:20,800

no that's called sandwich

280

00:10:24,230 --> 00:10:22,560

okay well vegetables were the weird

281

00:10:25,750 --> 00:10:24,240

little crackers with a tiny piece of

282

00:10:26,949 --> 00:10:25,760

meat and the really weird cheese and

283

00:10:29,110 --> 00:10:26,959

there was always like a little thing of

284

00:10:32,389 --> 00:10:29,120

like here's a thimble full of mustard

285

00:10:34,870 --> 00:10:32,399

yes i i had those all the time for

286

00:10:36,870 --> 00:10:34,880

breakfast lunch and

287

00:10:38,870 --> 00:10:36,880

dinner dinner bowls i guess i had them

288

00:10:40,069 --> 00:10:38,880

all the time yeah you're not

289

00:10:41,350 --> 00:10:40,079

you're only supposed to have lunchables

290

00:10:42,630 --> 00:10:41,360

at lunch the fact that you were eating

291

00:10:44,310 --> 00:10:42,640

lunchables for breakfast bowls and

292

00:10:46,790 --> 00:10:44,320

dinnerables it's not acceptable they

293

00:10:49,810 --> 00:10:46,800

were snackables for me

294

00:10:53,910 --> 00:10:49,820

what do we want lunchables lunchables

295

00:10:56,470 --> 00:10:53,920

[Laughter]

296

00:10:58,710 --> 00:10:56,480

when do we want it breakfast and lunch

297

00:11:00,470 --> 00:10:58,720

for lunch probably dinner from watching

298

00:11:02,389 --> 00:11:00,480

cartoons after school

299

00:11:03,590 --> 00:11:02,399

darkwing ducks on you know teenage

300

00:11:06,230 --> 00:11:03,600

mutant ninja turtles is on where's my

301

00:11:08,550 --> 00:11:06,240

lunchables yeah what do we want

302

00:11:09,910 --> 00:11:08,560

sweet potato poon if you got it if you

303

00:11:11,910 --> 00:11:09,920

happen to have some sweet potato poo and

304

00:11:13,430 --> 00:11:11,920

laying around we'll take that

305

00:11:15,509 --> 00:11:13,440

that's a terrible lunch i don't think

306

00:11:17,590 --> 00:11:15,519

they have that in a lunchable though

307

00:11:18,550 --> 00:11:17,600

sweet sweet potato and lunchable

308

00:11:20,630 --> 00:11:18,560

vacation

309

00:11:22,389 --> 00:11:20,640

it's just mixed up sweet potatoes and

310

00:11:24,630 --> 00:11:22,399

mashed with uh whipped cream on top like

311

00:11:26,710 --> 00:11:24,640

there you go that's what it is

312

00:11:29,190 --> 00:11:26,720

uh so since we're talking about space i

313

00:11:33,030 --> 00:11:29,200

have this uh sp this space story here

314

00:11:35,990 --> 00:11:33,040

and this is uh william shatner is going

315

00:11:37,190 --> 00:11:36,000

to space at age

316

00:11:39,750 --> 00:11:37,200

90.

317

00:11:42,630 --> 00:11:41,030

well at this point let shatner do

318

00:11:45,910 --> 00:11:42,640

whatever he wants yeah i think he's

319

00:11:48,150 --> 00:11:45,920

leaving there's 90 really i i he the guy

320

00:11:49,990 --> 00:11:48,160

looks great for 90.

321

00:11:51,910 --> 00:11:50,000

he looks amazing i mean yeah he's

322

00:11:55,430 --> 00:11:51,920

probably got some hair work done

323

00:11:57,509 --> 00:11:55,440

uh some he's he had some surgery done no

324

00:11:59,350 --> 00:11:57,519

doubt about that but he looks amazing

325

00:12:00,470 --> 00:11:59,360

amazing for 90. i'm trying to find a

326

00:12:01,430 --> 00:12:00,480

picture of him recently because i can't

327

00:12:04,389 --> 00:12:01,440

tell him

328

00:12:06,949 --> 00:12:05,190

the

329

00:12:08,949 --> 00:12:06,959

legendary star trek actor is set to

330

00:12:11,350 --> 00:12:08,959

become the oldest person

331

00:12:13,110 --> 00:12:11,360

ever to venture into space next month

332

00:12:15,990 --> 00:12:13,120

according to reports captain kirk

333

00:12:18,389 --> 00:12:16,000

himself william shatner will be one of

334

00:12:21,430 --> 00:12:18,399

the passengers aboard the next civilian

335

00:12:23,430 --> 00:12:21,440

flight of just bezos's [h__h] rocket new

336

00:12:26,470 --> 00:12:23,440

shepard spacecraft craft when it

337

00:12:28,230 --> 00:12:26,480

launches in october

338

00:12:30,710 --> 00:12:28,240

i'm never sure if that's actually in the

339

00:12:32,069 --> 00:12:30,720

story if that's you throwing it in there

340

00:12:33,990 --> 00:12:32,079

kirk here

341

00:12:36,710 --> 00:12:34,000

spark here

342

00:12:38,949 --> 00:12:36,720

uh like previous flights in july

343

00:12:41,670 --> 00:12:38,959

of which bezos himself was a part the

344

00:12:44,470 --> 00:12:41,680

launch will see shatner and his fellow

345

00:12:46,710 --> 00:12:44,480

passengers reach the edge of space on a

346

00:12:47,829 --> 00:12:46,720

trip that will last only around 15

347

00:12:50,150 --> 00:12:47,839

minutes is he going up there with like

348

00:12:51,670 --> 00:12:50,160

mark hamill like from different uh

349

00:12:53,110 --> 00:12:51,680

movies you know he's i'm going to search

350

00:12:54,870 --> 00:12:53,120

for the skywalker they're finally going

351
00:12:56,150 --> 00:12:54,880
to settle the star trek versus star wars

352
00:12:59,509 --> 00:12:56,160
debate but they're going to do it in

353
00:13:01,430 --> 00:12:59,519
space that's right go away

354
00:13:03,590 --> 00:13:01,440
i'd pay to see that uh take up the guy

355
00:13:07,350 --> 00:13:03,600
who played buck rogers maybe ming the

356
00:13:09,829 --> 00:13:07,360
mercy gerard yeah get him on there uh

357
00:13:11,670 --> 00:13:09,839
then the the the guys from the merciless

358
00:13:13,030 --> 00:13:11,680
was max one sido in the movie

359
00:13:14,790 --> 00:13:13,040
maybe they know this [h__h] but i just

360
00:13:17,190 --> 00:13:14,800
said we better blow whatever's down

361
00:13:19,190 --> 00:13:17,200
there before it blows that's mark singer

362
00:13:21,269 --> 00:13:19,200
mark singer from v yeah

363
00:13:23,590 --> 00:13:21,279

put them on the the same uh in the same

364

00:13:25,590 --> 00:13:23,600

capsule as the shatner let him fart it

365

00:13:27,590 --> 00:13:25,600

up in there i'm sure i'm sure

366

00:13:29,910 --> 00:13:27,600

i'm sure at age 90

367

00:13:32,230 --> 00:13:29,920

captain kirk's very gassy

368

00:13:35,110 --> 00:13:32,240

he probably has like diarrhea 48 times a

369

00:13:37,269 --> 00:13:35,120

week well if you go into space

370

00:13:39,350 --> 00:13:37,279

you're against me stay area

371

00:13:40,949 --> 00:13:39,360

well it's like saying that's gonna gas

372

00:13:43,030 --> 00:13:40,959

the the the pressure in the rocket

373

00:13:44,629 --> 00:13:43,040

cabin's gonna change so

374

00:13:46,230 --> 00:13:44,639

i don't know maybe gassy for everybody i

375

00:13:48,550 --> 00:13:46,240

don't know they're gonna send up uh

376

00:13:50,150 --> 00:13:48,560

george decay sulu but he's far too gassy

377

00:13:52,710 --> 00:13:50,160

he can't go up there he's like i'm not

378

00:13:54,389 --> 00:13:52,720

allowed he's cool he's just too gassy i

379

00:13:56,680 --> 00:13:54,399

gass up every cabin i'm in my doctor

380

00:13:57,910 --> 00:13:56,690

says i can't go above 8 000 feet

381

00:13:59,750 --> 00:13:57,920

[Music]

382

00:14:01,509 --> 00:13:59,760

uh if he does go the star trek veteran

383

00:14:03,829 --> 00:14:01,519

will become the oldest person in history

384

00:14:05,829 --> 00:14:03,839

to venture into space there are rumors

385

00:14:07,750 --> 00:14:05,839

that a documentary will be filmed of the

386

00:14:09,990 --> 00:14:07,760

event however discovery allegedly

387

00:14:11,269 --> 00:14:10,000

rejected the concept and shatner's team

388

00:14:13,189 --> 00:14:11,279

is now looking for an alternative

389

00:14:14,790 --> 00:14:13,199

channel to pick up the project doesn't

390

00:14:17,750 --> 00:14:14,800

shatner have enough money just to film

391

00:14:18,470 --> 00:14:17,760

it himself who at discovery would say no

392

00:14:20,470 --> 00:14:18,480

hey

393

00:14:22,389 --> 00:14:20,480

uh we're gonna send captain kirk into

394

00:14:24,949 --> 00:14:22,399

space do you want to film it now we're

395

00:14:27,110 --> 00:14:24,959

busy that day

396

00:14:28,710 --> 00:14:27,120

there he goes

397

00:14:30,310 --> 00:14:28,720

name the name what you are doing that's

398

00:14:32,629 --> 00:14:30,320

better than that discovery because it's

399

00:14:34,310 --> 00:14:32,639

it's it's not yeah discovery remember

400

00:14:36,389 --> 00:14:34,320

they used to be like it's all science

401
00:14:38,629 --> 00:14:36,399
and facts and now it's just like here's

402
00:14:40,389 --> 00:14:38,639
random [h__\h] on tv so

403
00:14:42,870 --> 00:14:40,399
they don't care what's on discovery

404
00:14:44,949 --> 00:14:42,880
let's find out

405
00:14:49,590 --> 00:14:44,959
science science

406
00:14:53,990 --> 00:14:51,910
uh cesar the current record holder for

407
00:14:57,110 --> 00:14:54,000
the orders person in space is 82 year

408
00:14:59,910 --> 00:14:57,120
old aviation pioneer wally funk

409
00:15:01,990 --> 00:14:59,920
who joined bezos during the blue origin

410
00:15:04,389 --> 00:15:02,000
giant penis rocket launch previously on

411
00:15:06,550 --> 00:15:04,399
the previous light in july okay

412
00:15:09,110 --> 00:15:06,560
wally funk

413
00:15:11,110 --> 00:15:09,120

that's a crazy name i love that name

414

00:15:13,350 --> 00:15:11,120

wally funk

415

00:15:15,670 --> 00:15:13,360

okay

416

00:15:17,350 --> 00:15:15,680

not like the disney cartoon right

417

00:15:21,189 --> 00:15:17,360

i don't know i don't think so yeah it is

418

00:15:22,389 --> 00:15:21,199

uh no not wall e i eat no

419

00:15:24,629 --> 00:15:22,399

i said

420

00:15:26,150 --> 00:15:24,639

uh okay well congratulations to shatner

421

00:15:28,710 --> 00:15:26,160

i heard a real pain in the ass to work

422

00:15:30,470 --> 00:15:28,720

with but uh god bless him he's one of my

423

00:15:32,710 --> 00:15:30,480

favorite captains not my favorite

424

00:15:34,629 --> 00:15:32,720

captain but one of he ranks up there

425

00:15:36,629 --> 00:15:34,639

he's a go

426

00:15:38,310 --> 00:15:36,639

on on the star trek sets shatner was

427

00:15:39,509 --> 00:15:38,320

notorious for kind of taking over and

428

00:15:41,269 --> 00:15:39,519

like becoming director until he

429

00:15:42,389 --> 00:15:41,279

eventually started directing the films

430

00:15:43,749 --> 00:15:42,399

yeah do you think he's going to try to

431

00:15:46,069 --> 00:15:43,759

do the same thing on this one he's going

432

00:15:47,269 --> 00:15:46,079

to start backseat driving and eventually

433

00:15:49,670 --> 00:15:47,279

there's going to give up and have to let

434

00:15:51,269 --> 00:15:49,680

him be in charge of the mission i think

435

00:15:54,230 --> 00:15:51,279

they'll let him drive the the super

436

00:15:56,150 --> 00:15:54,240

dupey duper weenie mobile

437

00:15:58,150 --> 00:15:56,160

to the launch pad shatner you can drive

438

00:16:00,870 --> 00:15:58,160

the the weenie mobile that will

439

00:16:02,069 --> 00:16:00,880

compromise with you

440

00:16:04,150 --> 00:16:02,079

but he doesn't show because he's out

441

00:16:06,470 --> 00:16:04,160

back trying to get jump started the

442

00:16:08,310 --> 00:16:06,480

super duper weenie wagon

443

00:16:11,030 --> 00:16:08,320

shatner go pull around the weenie wagon

444

00:16:12,470 --> 00:16:11,040

and pick up sulu and mark hamill they're

445

00:16:16,790 --> 00:16:12,480

they're going with you

446

00:16:20,069 --> 00:16:18,710

447
