now when it comes to

25

00:01:16,230 --> 00:01:12,400

other current events that are going on

26

00:01:19,429 --> 00:01:16,240

the the pentagon has decided to form

27

00:01:22,230 --> 00:01:19,439

a new office oh yes the pentagon yes

28

00:01:25,350 --> 00:01:22,240

pentagon forms a group to examine

29

00:01:27,830 --> 00:01:25,360

unexplained aerial sightings

30

00:01:29,910 --> 00:01:27,840

no i think herman had a a particular

31

00:01:32,310 --> 00:01:29,920

article that uh yes you guys want me to

32

00:01:34,630 --> 00:01:32,320

read credit to herman from holland um

33

00:01:36,469 --> 00:01:34,640

let me drop this in carrot shop because

34

00:01:38,950 --> 00:01:36,479

it this is the official press release

35

00:01:41,429 --> 00:01:38,960

from the defense department

36

00:01:43,109 --> 00:01:41,439

and the defense department loves their

37

00:01:44,950 --> 00:01:43,119

jargon

38

00:01:46,149 --> 00:01:44,960

bring up uh this article here which is

39

00:01:47,350 --> 00:01:46,159

just a press release i'm sure you have a

40

00:01:50,389 --> 00:01:47,360

better story

41

00:01:51,749 --> 00:01:50,399

uh just read that first paragraph

42

00:01:53,510 --> 00:01:51,759

okay well uh

43

00:01:55,270 --> 00:01:53,520

let me i'll just go ahead and do that i

44

00:01:57,190 --> 00:01:55,280

was going to read the article but let me

45

00:01:58,230 --> 00:01:57,200

just go ahead and do exactly you can do

46

00:02:01,429 --> 00:01:58,240

this afterwards i mean it would have the

47

00:02:03,749 --> 00:02:01,439

same effect but oh okay well i'll just

48

00:02:05,590 --> 00:02:03,759

intro it and then

49

00:02:06,789 --> 00:02:05,600

[h__\h] i'll just i'll do exactly what i

50

00:02:10,949 --> 00:02:06,799

said

51
00:02:12,550 --> 00:02:10,959
sorry the first paragraph first okay

52
00:02:13,990 --> 00:02:12,560
it's not a very big press release i

53
00:02:15,750 --> 00:02:14,000
think i can i might be able to read the

54
00:02:16,790 --> 00:02:15,760
whole entire thing well i just want you

55
00:02:18,309 --> 00:02:16,800
to focus on the first paragraph and

56
00:02:19,670 --> 00:02:18,319
you'll see why once you get into it all

57
00:02:25,190 --> 00:02:19,680
right

58
00:02:26,470 --> 00:02:25,200
department of defense november

59
00:02:28,070 --> 00:02:26,480
23rd

60
00:02:29,830 --> 00:02:28,080
2021

61
00:02:32,150 --> 00:02:29,840

com

99

00:04:11,990 --> 00:04:09,360

for us government interagency

100

00:04:15,429 --> 00:04:12,000

representation incursion

101
00:04:18,949 --> 00:04:15,439

the sua poses safety and flight and

103
00:04:23,909 --> 00:04:21,040
operational security concerns and may

104
00:04:26,390 --> 00:04:23,919
pose national security challenges dod

airborne object identified or

107
00:04:32,710 --> 00:04:30,320
unidentified very seriously and if this

108
00:04:33,990 --> 00:04:32,720
investigates each one this decision is a

109
00:04:36,189 --> 00:04:34,000
result of planning efforts in

110
00:04:40,390 --> 00:04:36,199
collaboration conducted by

111
00:04:42,469 --> 00:04:40,400
ousd ins and dod elements at the

secretary hicks to address the

114

00:04:49,110 --> 00:04:45,520

challenges associated with addressing

115

00:04:51,030 --> 00:04:49,120

uap occurring on or near dod training

116

00:04:53,350 --> 00:04:51,040

ranges and installations heightened

117

00:04:55,670 --> 00:04:53,360

by the dni preliminary assessment

118

00:04:58,950 --> 00:04:55,680

reported submitted to congress by in

119

00:05:00,870 --> 00:04:58,960

june of 2021 the report also identified

120

00:05:02,550 --> 00:05:00,880

the need to make improvements in process

121

00:05:04,870 --> 00:05:02,560

policies technologies and training to

122

00:05:07,029 --> 00:05:04,880

improve our ability to understand uap in

123

00:05:09,749 --> 00:05:07,039

coming weeks the department will issue

124

00:05:14,230 --> 00:05:09,759

implementing guidance which will contain

125

00:05:15,270 --> 00:05:14,240

further details on the aoi msg direct

126

00:05:18,230 --> 00:05:15,280

director

127

00:05:21,909 --> 00:05:18,240

organizational structure authority and

128

00:05:25,350 --> 00:05:24,070

not only do they have the aoi msg but

129

00:05:27,510 --> 00:05:25,360

now there's an executive council so

130

00:05:28,870 --> 00:05:27,520

there's the aoi m-e-x-e-x it's like come

131

00:05:29,909 --> 00:05:28,880

on would you guys knock this [\h__\h] off

132

00:05:31,909 --> 00:05:29,919

this is like somebody wrote this as a

133

00:05:33,270 --> 00:05:31,919

gag this is crazy i'm wondering how you

134

00:05:38,870 --> 00:05:33,280

pronounce that is that the

135

00:05:41,110 --> 00:05:38,880

io mexic max mexic mexico

136

00:05:42,390 --> 00:05:41,120

it just destroyed my brain that's it i'm

137

00:05:45,830 --> 00:05:42,400

done today

138

00:05:48,550 --> 00:05:45,840

i am but that was like literally every

139

00:05:52,469 --> 00:05:48,560

every scrap of brain cell i had was used

140

00:05:54,710 --> 00:05:52,479

to just try to get through that

141

00:05:56,790 --> 00:05:54,720

holy crap oh i just i just saw when i

142

00:05:58,629 --> 00:05:56,800

saw that link again thanks to herman for

143

00:06:00,309 --> 00:05:58,639

tracking that down um

144

00:06:01,510 --> 00:06:00,319

i saw that link with all the acronyms

145

00:06:03,110 --> 00:06:01,520

just look visually at that first

146

00:06:05,189 --> 00:06:03,120

paragraph there the amount of [\h__\h] in

147

00:06:06,790 --> 00:06:05,199

there especially the second half it's a

148

00:06:08,070 --> 00:06:06,800

bunch of gobbledygook

149

00:06:11,590 --> 00:06:08,080

you've got to read this on the show it's

150

00:06:14,230 --> 00:06:11,600

a bunch of gobbledygook

151

00:06:15,110 --> 00:06:14,240

there's a bunch of malarkey

152

00:06:21,510 --> 00:06:15,120

uh

153

00:06:24,150 --> 00:06:21,520

of malarkey not in the actual

154

00:06:24,790 --> 00:06:24,160

article i i think they do they might do

155

00:06:26,150 --> 00:06:24,800

that

156

00:06:27,590 --> 00:06:26,160

maybe an actual story this is why we

157

00:06:29,990 --> 00:06:27,600

have people who can write coherent

158

00:06:32,390 --> 00:06:30,000

sentences about journalism

159

00:06:33,990 --> 00:06:32,400

uh i'll just dig into this so the

160

00:06:35,909 --> 00:06:34,000

article says some people believe any

161

00:06:38,070 --> 00:06:35,919

phenomenon exhibiting technology be

162

00:06:39,510 --> 00:06:38,080

beyond the ability of the united states

163

00:06:42,150 --> 00:06:39,520

needs to be

164

00:06:43,590 --> 00:06:42,160

studied deeply skeptics believe most or

165

00:06:45,749 --> 00:06:43,600

all the sightings including videos

166

00:06:48,150 --> 00:06:45,759

recorded by camera on military fighter

167

00:06:51,189 --> 00:06:48,160

jets can be explained by tricks of

168

00:06:53,830 --> 00:06:51,199

optics or naturally occurring phenomenon

169

00:06:55,830 --> 00:06:53,840

but the military research that underpins

170

00:06:57,350 --> 00:06:55,840

the intelligence report did little to

171

00:06:59,749 --> 00:06:57,360

address those theories or provide

172

00:07:01,589 --> 00:06:59,759

specific explanations for various

173

00:07:04,710 --> 00:07:01,599

sightings that have captured the

174

00:07:07,670 --> 00:07:04,720

public's imagination

175

00:07:09,110 --> 00:07:07,680

oh yeah it's uh very concerning

176
00:07:11,589 --> 00:07:09,120
and uh

177
00:07:13,270 --> 00:07:11,599
i i mean

178
00:07:15,830 --> 00:07:13,280
i don't know what to make of this

179
00:07:19,110 --> 00:07:15,840
i thought like when this came out like

180
00:07:21,430 --> 00:07:19,120
the initial report came out in uh june

181
00:07:24,070 --> 00:07:21,440
even before then i said i said that

182
00:07:27,029 --> 00:07:24,080
because of this report they are going to

183
00:07:28,230 --> 00:07:27,039
create some sort of new group that it

184
00:07:30,710 --> 00:07:28,240
was going to be

185
00:07:34,390 --> 00:07:30,720
a scient a scientific group

186
00:07:35,430 --> 00:07:34,400
of of people so they could start to

187
00:07:37,110 --> 00:07:35,440
yeah

188
00:07:38,469 --> 00:07:37,120

subject matter experts scientists and

189

00:07:40,629 --> 00:07:38,479

people from congress they would like

190

00:07:41,909 --> 00:07:40,639

congress would make this this community

191

00:07:43,189 --> 00:07:41,919

but instead we've got the defense

192

00:07:45,589 --> 00:07:43,199

department going like

193

00:07:46,869 --> 00:07:45,599

what if we took all the magnetic letters

194

00:07:48,309 --> 00:07:46,879

off my fridge that the kid's been

195

00:07:50,790 --> 00:07:48,319

putting up there and i threw them at the

196

00:07:52,670 --> 00:07:50,800

wall and named it that and then worked

197

00:07:55,510 --> 00:07:52,680

backwards to come up with the iowa

198

00:07:57,270 --> 00:07:55,520

mexicans and then they'll do nothing

199

00:07:59,430 --> 00:07:57,280

because this to me this sounds like lip

200

00:08:00,550 --> 00:07:59,440

service this sounds like yeah we'll look

201
00:08:02,150 --> 00:08:00,560
into that because people keep asking

202
00:08:04,309 --> 00:08:02,160
about it shut up

203
00:08:06,790 --> 00:08:04,319
what they said was what we need here is

204
00:08:09,350 --> 00:08:06,800
another layer of bureaucracy to really

205
00:08:11,110 --> 00:08:09,360
clear things up note the last sentence

206
00:08:14,230 --> 00:08:11,120
from the the press release which says

207
00:08:16,390 --> 00:08:14,240
they need more resources they need money

208
00:08:17,589 --> 00:08:16,400
yes of course well in the coming weeks

209
00:08:19,589 --> 00:08:17,599
in the coming weeks the department will

210
00:08:20,950 --> 00:08:19,599
issue implementate implementing guidance

211
00:08:22,710 --> 00:08:20,960
what the hell that over that means we'll

212
00:08:24,230 --> 00:08:22,720
come up with some general rules which

213
00:08:25,990 --> 00:08:24,240

will contain further further details on

214

00:08:27,749 --> 00:08:26,000

organizational structure the number of

215

00:08:29,189 --> 00:08:27,759

people we need to hire authorities what

216

00:08:32,469 --> 00:08:29,199

we can actually do or not do and

217

00:08:34,709 --> 00:08:32,479

resourcing aka money space force

218

00:08:36,149 --> 00:08:34,719

there you go space tax and i've been

219

00:08:38,310 --> 00:08:36,159

saying that for a long time like this

220

00:08:41,509 --> 00:08:38,320

play if they're not going to use this as

221

00:08:44,070 --> 00:08:41,519

an angle to get more tax dollars uh then

222

00:08:45,990 --> 00:08:44,080

i i think just we're being naive it's

223

00:08:47,509 --> 00:08:46,000

it's going to be used for space space

224

00:08:49,030 --> 00:08:47,519

tax you just you raise a good point so

225

00:08:49,750 --> 00:08:49,040

they note here that they this is going

226
00:08:50,710 --> 00:08:49,760
to

227
00:08:52,150 --> 00:08:50,720
um

228
00:08:53,110 --> 00:08:52,160
give them

229
00:08:55,350 --> 00:08:53,120
uh

230
00:08:57,509 --> 00:08:55,360
authority to identify detect identify an

231
00:08:59,750 --> 00:08:57,519
attribute uh or tribute objects of

232
00:09:01,350 --> 00:08:59,760
interest in the special use airspace

233
00:09:04,389 --> 00:09:01,360
what the hell is that

234
00:09:06,790 --> 00:09:04,399
you know special use airspace is that

235
00:09:09,110 --> 00:09:06,800
like military test ranges is that like

236
00:09:11,030 --> 00:09:09,120
the area over area 51

237
00:09:13,990 --> 00:09:11,040
um well usually that's a restricted

238
00:09:15,750 --> 00:09:14,000

airstrip okay so here's here's what it

239

00:09:18,310 --> 00:09:15,760

says in the article the group will focus

240

00:09:21,670 --> 00:09:18,320

on special use airspace which includes

241

00:09:23,430 --> 00:09:21,680

military operations areas firing ranges

242

00:09:26,630 --> 00:09:23,440

in places restricted for national

243

00:09:28,710 --> 00:09:26,640

security and other uses in memo dr hicks

244

00:09:31,350 --> 00:09:28,720

said unidentified aerial phenomenon in

245

00:09:33,509 --> 00:09:31,360

special use areas represent a potential

246

00:09:35,190 --> 00:09:33,519

safety issue for military pilots and

247

00:09:37,110 --> 00:09:35,200

raise potential national security

248

00:09:39,750 --> 00:09:37,120

concerns so over

249

00:09:41,509 --> 00:09:39,760

missile silos over test ranges over

250

00:09:43,829 --> 00:09:41,519

aircraft carriers they don't care about

251
00:09:44,550 --> 00:09:43,839
what happens commercial airspace yeah

252
00:09:46,389 --> 00:09:44,560
well

253
00:09:47,990 --> 00:09:46,399
commercial airspace how long until the

254
00:09:50,230 --> 00:09:48,000
faa comes out and says okay we've now

255
00:09:51,590 --> 00:09:50,240
identified it all you know all airports

256
00:09:53,670 --> 00:09:51,600
which are restricted airspace and you

257
00:09:55,670 --> 00:09:53,680
have to be uh it's controlled airspace

258
00:09:57,430 --> 00:09:55,680
you have to be you know basically guided

259
00:09:59,509 --> 00:09:57,440
through there or go around it or go over

260
00:10:02,310 --> 00:09:59,519
it um we've identified all of those are

261
00:10:04,790 --> 00:10:02,320
now special use airspace and

262
00:10:06,150 --> 00:10:04,800
we're in charge now they have to

263
00:10:08,389 --> 00:10:06,160

militarize

264

00:10:09,509 --> 00:10:08,399

all of the airspace if you want

265

00:10:12,150 --> 00:10:09,519

protection

266

00:10:13,829 --> 00:10:12,160

from these ufos ufos which are rampant

267

00:10:16,069 --> 00:10:13,839

they're everywhere

268

00:10:19,750 --> 00:10:16,079

and also you need to pay us a tax so we

269

00:10:20,550 --> 00:10:19,760

can uh fight the aliens

270

00:10:24,550 --> 00:10:20,560

maybe

271

00:10:26,389 --> 00:10:24,560

see some airline disasters and they

272

00:10:28,389 --> 00:10:26,399

might have to blame ufos for this and

273

00:10:29,990 --> 00:10:28,399

then therefore the only people that can

274

00:10:31,750 --> 00:10:30,000

really police disguise would be the

275

00:10:33,110 --> 00:10:31,760

military i'll see boeing should have

276

00:10:36,069 --> 00:10:33,120

done that when they when they had those

277

00:10:37,030 --> 00:10:36,079

guys auger their uh 737 into the ground

278

00:10:39,430 --> 00:10:37,040

they should have been like yeah i was

279

00:10:41,350 --> 00:10:39,440

aliens yep

280

00:10:43,910 --> 00:10:41,360

it was it is kind of a missed

281

00:10:45,509 --> 00:10:43,920

opportunity but it's not too late to to

282

00:10:47,910 --> 00:10:45,519

right the ship for them okay so you're

283

00:10:50,710 --> 00:10:47,920

gonna love this so from the face

284

00:10:53,430 --> 00:10:50,720

special use airspace that term is an

285

00:10:56,069 --> 00:10:53,440

umbrella term which includes restricted

286

00:10:58,230 --> 00:10:56,079

airspace prohibited airspace military

287

00:11:00,389 --> 00:10:58,240

operations areas warning areas alert

288

00:11:02,550 --> 00:11:00,399

areas temporary flight restrictions

289

00:11:05,670 --> 00:11:02,560

national security areas and controlled

290

00:11:07,110 --> 00:11:05,680

firing areas oh my god jay so that's a

291

00:11:08,710 --> 00:11:07,120

generic umbrella term they can be like

292

00:11:10,630 --> 00:11:08,720

we can just make whatever we want to be

293

00:11:12,069 --> 00:11:10,640

special use airspace and no we're in

294

00:11:12,949 --> 00:11:12,079

charge

295

00:11:14,710 --> 00:11:12,959

yeah

296

00:11:16,470 --> 00:11:14,720

that's interesting

297

00:11:17,509 --> 00:11:16,480

all right

298

00:11:18,630 --> 00:11:17,519

uh

299

00:11:20,630 --> 00:11:18,640

hmm

300

00:11:22,069 --> 00:11:20,640

whatever so was the faa called out in

301

00:11:24,230 --> 00:11:22,079

this one specifically

302

00:11:26,710 --> 00:11:24,240

i i don't i didn't see any mention of

303

00:11:29,590 --> 00:11:26,720

the face you're right this is all dod

304

00:11:31,590 --> 00:11:29,600

and and uh

305

00:11:34,069 --> 00:11:31,600

yeah it's all dod under secretary

306

00:11:35,990 --> 00:11:34,079

defense yeah so this is all dod so

307

00:11:37,829 --> 00:11:36,000

interesting so i guess they as military

308

00:11:39,110 --> 00:11:37,839

can say oh no this is a special use

309

00:11:42,710 --> 00:11:39,120

airspace so

310

00:11:44,389 --> 00:11:42,720

we in charge now pay up oh man

311

00:11:46,870 --> 00:11:44,399

yeah all right

312

00:11:49,829 --> 00:11:46,880

i wonder if there is going to be

313

00:11:51,350 --> 00:11:49,839

a civilian version of the same group oh

314

00:11:52,870 --> 00:11:51,360

they should have another group that

315

00:11:54,389 --> 00:11:52,880

could meet but then you'd need a group

316

00:11:55,990 --> 00:11:54,399

that would have to meet to coordinate

317

00:11:58,550 --> 00:11:56,000

the efforts between the other two groups

318

00:12:00,389 --> 00:11:58,560

that would be homeland security no need

319

00:12:02,629 --> 00:12:00,399

another group you need another a group

320

00:12:04,710 --> 00:12:02,639

that is not a

321

00:12:06,310 --> 00:12:04,720

it would be some office within homeland

322

00:12:10,550 --> 00:12:06,320

security that coordinates between the

323

00:12:12,629 --> 00:12:10,560

dod and like the quasi-civilian version

324

00:12:14,790 --> 00:12:12,639

of that for the faa

325

00:12:17,509 --> 00:12:14,800

what if it was just carrot top that was

326

00:12:18,790 --> 00:12:17,519

his job okay

327

00:12:20,949 --> 00:12:18,800

i think he actually makes a pretty good

328

00:12:23,350 --> 00:12:20,959

living in vegas but

329

00:12:25,590 --> 00:12:23,360

maybe he wants a nice side gig

330

00:12:27,990 --> 00:12:25,600

you might want a good side gig who knows

331

00:12:29,110 --> 00:12:28,000

oh okay i changed my nomination uh

332

00:12:39,350 --> 00:12:29,120

shatner

333

00:12:41,190 --> 00:12:39,360

own building and he sits in there and he

334

00:12:42,550 --> 00:12:41,200

takes a pho he has two phones

335

00:12:43,670 --> 00:12:42,560

so he talks to one group talks to the

336

00:12:45,590 --> 00:12:43,680

other group and he has to pass

337

00:12:47,350 --> 00:12:45,600

information back and forth i like that

338

00:12:49,030 --> 00:12:47,360

and then he can filter what he doesn't

339

00:12:50,389 --> 00:12:49,040

want to pass back and forth

340

00:12:52,710 --> 00:12:50,399

kirk here

341

00:12:54,949 --> 00:12:52,720

spark here yeah and he has to be around

342

00:12:56,310 --> 00:12:54,959

uh litter need moyes dead corpse with

343

00:13:00,310 --> 00:12:56,320

him everywhere he goes like this is

344

00:13:02,550 --> 00:13:00,320

literally leonardo's ashes on his desk

345

00:13:05,030 --> 00:13:02,560

and he has his own phone too the

346

00:13:08,470 --> 00:13:05,040

urn has their own phone yeah the urn has

347

00:13:11,590 --> 00:13:10,069

and he said he always keeps saying i i

348

00:13:15,829 --> 00:13:11,600

can't make a decision to hear back from

349

00:13:19,110 --> 00:13:17,590

i think we get more done with that and

350

00:13:21,430 --> 00:13:19,120

george takai has to sit there looking

351
00:13:23,269 --> 00:13:21,440
pissed off we would get more done with

352
00:13:24,790 --> 00:13:23,279
that kind of setup than we'd get with

353
00:13:26,550 --> 00:13:24,800
the at least more answers than with the

354
00:13:28,389 --> 00:13:26,560
dod well we're not going to get less

355
00:13:31,509 --> 00:13:28,399
answers that's for sure daddy okay we're

356
00:13:33,110 --> 00:13:31,519
not going to get less answers

357
00:13:34,710 --> 00:13:33,120
all right well hey people it's all

358
00:13:35,829 --> 00:13:34,720
happening there's no doubt about that

359
00:13:37,530 --> 00:13:35,839
we're going to move on to some other

360
00:13:40,470 --> 00:13:37,540
things
