

Hobbits vs Storks

1
00:00:00,270 --> 00:00:08,210
[Applause]

2
00:00:10,840 --> 00:00:10,090
[Music]

3
00:00:11,390 --> 00:00:10,850
[Applause]

4
00:00:14,150 --> 00:00:11,400
[Music]

5
00:00:16,870 --> 00:00:14,160
[Applause]

6
00:00:19,750 --> 00:00:16,880
all right now on screen you'll see that

7
00:00:21,910 --> 00:00:19,760
the light is shining at me and

8
00:00:23,990 --> 00:00:21,920
it appears as though there's an orb on

9
00:00:25,589 --> 00:00:24,000
my face because the way the angle of the

10
00:00:26,950 --> 00:00:25,599
sun is hitting my camera can't do

11
00:00:29,589 --> 00:00:26,960
anything about that

12
00:00:31,589 --> 00:00:29,599
uh a piece of tape extra camera lens i

13
00:00:33,510 --> 00:00:31,599

i'm trying to i'm trying to figure this

14

00:00:35,590 --> 00:00:33,520

out how am i supposed to

15

00:00:36,950 --> 00:00:35,600

maybe that helps right there no it just

16

00:00:38,470 --> 00:00:36,960

that does nothing

17

00:00:39,910 --> 00:00:38,480

that's a diffuser but now it's got it on

18

00:00:40,790 --> 00:00:39,920

screen you need that diffuser slightly

19

00:00:41,750 --> 00:00:40,800

off

20

00:00:43,110 --> 00:00:41,760

yeah

21

00:00:44,229 --> 00:00:43,120

camera there

22

00:00:45,670 --> 00:00:44,239

there's something right there that's

23

00:00:49,029 --> 00:00:45,680

that's a little better that's a little

24

00:00:52,950 --> 00:00:52,069

okay hollow earth just just hunch down i

25

00:00:55,750 --> 00:00:52,960

just

26

00:00:56,869 --> 00:00:55,760

again

27

00:01:01,029 --> 00:00:56,879

it'll change

28

00:01:02,950 --> 00:01:01,039

as uh as our earth goes around the sun

29

00:01:05,109 --> 00:01:02,960

the camera will be better in here

30

00:01:08,789 --> 00:01:05,119

uh so hollow earth i've been reading

31

00:01:11,510 --> 00:01:08,799

this book gods with amnesia subterranean

32

00:01:14,230 --> 00:01:11,520

underworlds of inner earth and also i've

33

00:01:17,670 --> 00:01:14,240

been tackling this book

34

00:01:20,149 --> 00:01:17,680

called antarctica and the secret space

35

00:01:22,950 --> 00:01:20,159

program but i've been really captivated

36

00:01:26,149 --> 00:01:22,960

by the first book i mentioned by

37

00:01:29,830 --> 00:01:26,159

robert uh seeper

38

00:01:32,149 --> 00:01:29,840

and it goes into some of the origins of

39

00:01:34,870 --> 00:01:32,159

hollow earth and kind of what it all

40

00:01:37,990 --> 00:01:34,880

means it all starts

41

00:01:42,870 --> 00:01:38,000

with a cataclysmic event that took place

42

00:01:45,109 --> 00:01:42,880

according to some records that have been

43

00:01:49,109 --> 00:01:45,119

talked about over time mostly word of

44

00:01:51,749 --> 00:01:49,119

mouth but anywhere from 15 000 to 8 000

45

00:01:54,630 --> 00:01:51,759

years ago there was a cataclysmic event

46

00:01:57,830 --> 00:01:54,640

in the northern arctic region

47

00:02:01,190 --> 00:01:57,840

that forced all the inhabitants of the

48

00:02:03,830 --> 00:02:01,200

northern arctic region to go south to

49

00:02:05,830 --> 00:02:03,840

safer in warmer areas

50

00:02:07,030 --> 00:02:05,840

uh that included uh

51

00:02:10,229 --> 00:02:07,040

uh

52

00:02:13,350 --> 00:02:10,239

i guess the traditional nordic type of

53

00:02:16,390 --> 00:02:13,360

person uh it also could have included

54

00:02:19,830 --> 00:02:16,400

possibly uh giants and what we'll be

55

00:02:23,670 --> 00:02:19,840

talking about today a race of small

56

00:02:26,390 --> 00:02:23,680

humans uh often classified as pygmies or

57

00:02:27,589 --> 00:02:26,400

referred to as hobbits

58

00:02:28,630 --> 00:02:27,599

now

59

00:02:33,509 --> 00:02:28,640

the

60

00:02:34,869 --> 00:02:33,519

hollow earth has been around for a very

61

00:02:38,949 --> 00:02:34,879

long time

62

00:02:41,270 --> 00:02:38,959

and uh some of the more recent stories

63

00:02:44,630 --> 00:02:41,280

uh have come about probably in the the

64

00:02:46,470 --> 00:02:44,640

late 1800s early 1900s there was a lot

65

00:02:48,390 --> 00:02:46,480

of books that came out referencing inner

66

00:02:52,630 --> 00:02:48,400

earth or hollow earth and one of the

67

00:02:55,270 --> 00:02:52,640

stories is conveyed uh in a book

68

00:02:56,710 --> 00:02:55,280

that is uh referenced as make sure i get

69

00:02:58,229 --> 00:02:56,720

this for everyone out there so if you

70

00:03:00,229 --> 00:02:58,239

guys want to purchase these books and i

71

00:03:02,149 --> 00:03:00,239

also put the the names of these books in

72

00:03:05,670 --> 00:03:02,159

the description it's called uh the

73

00:03:07,670 --> 00:03:05,680

hollow earth by raymond bernards and in

74

00:03:09,750 --> 00:03:07,680

that book he conveys a story from the

75

00:03:11,990 --> 00:03:09,760

early 1900s

76

00:03:13,830 --> 00:03:12,000

of a gentleman and his friend

77

00:03:16,790 --> 00:03:13,840

i believe there in norway they heard

78

00:03:18,949 --> 00:03:16,800

legends of an entrance into this

79

00:03:20,630 --> 00:03:18,959

mystical land if they just took their

80

00:03:22,149 --> 00:03:20,640

boat north

81

00:03:24,869 --> 00:03:22,159

and so they

82

00:03:27,110 --> 00:03:24,879

piled on a lot of food a lot of rations

83

00:03:30,070 --> 00:03:27,120

a lot of supplies they got in their boat

84

00:03:32,309 --> 00:03:30,080

and they started going north and now

85

00:03:34,630 --> 00:03:32,319

after it didn't specify the length of

86

00:03:36,869 --> 00:03:34,640

time that they traveled north but after

87

00:03:38,229 --> 00:03:36,879

a fairly long period of time they said

88

00:03:43,270 --> 00:03:38,239

that the

89

00:03:45,430 --> 00:03:43,280

started to get more and more narrow

90

00:03:48,390 --> 00:03:45,440

and they found themselves going through

91

00:03:50,309 --> 00:03:48,400

a waterway that was in between uh a

92

00:03:52,869 --> 00:03:50,319

canyon they're going through a canyon

93

00:03:55,350 --> 00:03:52,879

and then after a longer period of time

94

00:03:56,869 --> 00:03:55,360

it kind of got hot and then it kind of

95

00:03:59,429 --> 00:03:56,879

evened out and the next thing they knew

96

00:04:01,110 --> 00:03:59,439

they were seeing vegetation on the left

97

00:04:03,830 --> 00:04:01,120

and right of them while they're in their

98

00:04:06,869 --> 00:04:03,840

boat and the vegetation was gigantic it

99

00:04:09,190 --> 00:04:06,879

was uh what we would consider like

100

00:04:11,429 --> 00:04:09,200

prehistoric vegetation just absolutely

101
00:04:13,110 --> 00:04:11,439
giant they saw giant animals there

102
00:04:14,869 --> 00:04:13,120
and they also saw

103
00:04:18,629 --> 00:04:14,879
giant humans

104
00:04:20,870 --> 00:04:18,639
uh humans that range from 10 to 15 feet

105
00:04:22,790 --> 00:04:20,880
tall they pulled their boat over you

106
00:04:25,749 --> 00:04:22,800
know they parked it they got out of

107
00:04:28,710 --> 00:04:25,759
their boat and they were greeted by

108
00:04:31,030 --> 00:04:28,720
these giants and they to them they were

109
00:04:35,110 --> 00:04:31,040
inside the earth they were in this giant

110
00:04:36,950 --> 00:04:35,120
chasm uh they said that the uh it was it

111
00:04:37,909 --> 00:04:36,960
was very

112
00:04:39,350 --> 00:04:37,919
uh

113
00:04:40,710 --> 00:04:39,360

there's so much room it's almost like a

114

00:04:42,469 --> 00:04:40,720

dome in there

115

00:04:44,550 --> 00:04:42,479

uh it wasn't just like a cave system

116

00:04:47,350 --> 00:04:44,560

that was kind of small or large enough

117

00:04:49,670 --> 00:04:47,360

to fit giants but there was so much room

118

00:04:52,150 --> 00:04:49,680

that there was this other light source

119

00:04:54,310 --> 00:04:52,160

almost like a sun in there

120

00:04:56,629 --> 00:04:54,320

and that these giants had houses they

121

00:04:58,790 --> 00:04:56,639

had structures they probably had a yard

122

00:05:00,790 --> 00:04:58,800

in a mailbox for all i know but they

123

00:05:02,390 --> 00:05:00,800

said that the giants greeted them in a

124

00:05:05,270 --> 00:05:02,400

very friendly way took them inside their

125

00:05:07,350 --> 00:05:05,280

house and they fed them and what they

126

00:05:09,990 --> 00:05:07,360

recalled from this is that the

127

00:05:13,670 --> 00:05:10,000

the the fruit that they were given was

128

00:05:16,230 --> 00:05:13,680

gigantic like one grape was the size of

129

00:05:18,870 --> 00:05:16,240

an apple or a pear that's how they made

130

00:05:22,469 --> 00:05:18,880

the size comparison

131

00:05:24,629 --> 00:05:22,479

and so they hung around inside of hollow

132

00:05:26,310 --> 00:05:24,639

slash inner earth for about a year

133

00:05:27,670 --> 00:05:26,320

treated very well

134

00:05:29,270 --> 00:05:27,680

the giants told them on their way out

135

00:05:30,310 --> 00:05:29,280

hey if you run into any trouble let us

136

00:05:31,830 --> 00:05:30,320

know

137

00:05:33,350 --> 00:05:31,840

we'll we'll look after you make sure no

138

00:05:34,710 --> 00:05:33,360

one messes with you when you try to get

139

00:05:37,590 --> 00:05:34,720

out of this place

140

00:05:40,070 --> 00:05:37,600

but they managed to get out of hollow

141

00:05:41,830 --> 00:05:40,080

earth unscathed to tell the tale now

142

00:05:43,909 --> 00:05:41,840

this tale was conveyed to another person

143

00:05:45,990 --> 00:05:43,919

it was passed down for a couple

144

00:05:47,270 --> 00:05:46,000

generations at this point

145

00:05:49,590 --> 00:05:47,280

but

146

00:05:51,909 --> 00:05:49,600

that's just one little brief story about

147

00:05:53,189 --> 00:05:51,919

hollow earth now in reference to the

148

00:05:54,070 --> 00:05:53,199

cataclysm

149

00:05:58,550 --> 00:05:54,080

that

150

00:06:00,790 --> 00:05:58,560

story i just conveyed was took place in

151

00:06:04,070 --> 00:06:00,800

the uh the arctic region

152

00:06:07,590 --> 00:06:04,080

now the arctic region according to some

153

00:06:09,590 --> 00:06:07,600

maps uh wasn't always covered over with

154

00:06:11,909 --> 00:06:09,600

ice much like the antarctic region

155

00:06:13,749 --> 00:06:11,919

wasn't always covered over with ice

156

00:06:15,189 --> 00:06:13,759

and according to stores and legends

157

00:06:17,749 --> 00:06:15,199

there were

158

00:06:20,870 --> 00:06:17,759

many people living in the arctic region

159

00:06:23,749 --> 00:06:20,880

until this cataclysm that was probably

160

00:06:26,309 --> 00:06:23,759

much like a flash freezing and that's

161

00:06:28,710 --> 00:06:26,319

why there was there are uh discoveries

162

00:06:29,510 --> 00:06:28,720

of woolly mammoths that have been

163

00:06:30,390 --> 00:06:29,520

uh

164

00:06:32,469 --> 00:06:30,400

pretty much

165

00:06:34,550 --> 00:06:32,479

frozen in place while they're still

166

00:06:36,790 --> 00:06:34,560

digesting their food it wasn't like a

167

00:06:39,270 --> 00:06:36,800

slow roll in of cold it was something

168

00:06:40,790 --> 00:06:39,280

that happened super quick and this event

169

00:06:43,510 --> 00:06:40,800

could have driven

170

00:06:44,870 --> 00:06:43,520

uh the natural inhabitants down

171

00:06:48,550 --> 00:06:44,880

to the south and one of those

172

00:06:50,230 --> 00:06:48,560

inhabitants was a race of pygmies now

173

00:06:53,189 --> 00:06:50,240

this race of pygmies

174

00:06:56,710 --> 00:06:53,199

uh there are stories all across

175

00:06:58,309 --> 00:06:56,720

this planet about a race of pygmies that

176
00:07:00,629 --> 00:06:58,319
got into

177
00:07:04,469 --> 00:07:00,639
a long-term war

178
00:07:07,430 --> 00:07:04,479
with cranes like birds like a long

179
00:07:08,309 --> 00:07:07,440
persistent war with cranes

180
00:07:10,629 --> 00:07:08,319
now

181
00:07:12,309 --> 00:07:10,639
these pygmies

182
00:07:14,710 --> 00:07:12,319
and by all accounts

183
00:07:17,110 --> 00:07:14,720
stand about two to four feet tall

184
00:07:19,589 --> 00:07:17,120
they're constantly at war with cranes

185
00:07:22,150 --> 00:07:19,599
uh the and according to the stories that

186
00:07:24,469 --> 00:07:22,160
these pygmies would mount sheeps and

187
00:07:25,909 --> 00:07:24,479
goats and ride into battle against the

188
00:07:28,870 --> 00:07:25,919

cranes

189

00:07:30,469 --> 00:07:28,880

uh the pigs or the the pygmies would uh

190

00:07:32,390 --> 00:07:30,479

they would have like uh their structures

191

00:07:33,909 --> 00:07:32,400

in their houses would be made out of mud

192

00:07:36,790 --> 00:07:33,919

and like eggshells so whatever they

193

00:07:39,270 --> 00:07:36,800

could find laying around they would

194

00:07:40,629 --> 00:07:39,280

build houses out of that

195

00:07:42,469 --> 00:07:40,639

and they

196

00:07:43,589 --> 00:07:42,479

endured this battle for quite a long

197

00:07:46,230 --> 00:07:43,599

time now

198

00:07:49,510 --> 00:07:46,240

you can say this is just legend it's uh

199

00:07:53,110 --> 00:07:49,520

is just some sort of uh

200

00:07:55,189 --> 00:07:53,120

mythology but if you go back uh there is

201
00:07:57,670 --> 00:07:55,199
many depictions

202
00:07:58,550 --> 00:07:57,680
about this war throughout history for

203
00:08:01,029 --> 00:07:58,560
instance

204
00:08:05,670 --> 00:08:01,039
there is a depiction of this crane

205
00:08:08,869 --> 00:08:05,680
versus pygmy war in the leptus magna 680

206
00:08:10,550 --> 00:08:08,879
or the 6th century 80 and then there are

207
00:08:14,230 --> 00:08:10,560
various uh

208
00:08:16,309 --> 00:08:14,240
images found in uh egyptian culture

209
00:08:17,830 --> 00:08:16,319
and where this originally came out for

210
00:08:20,070 --> 00:08:17,840
modern times

211
00:08:21,950 --> 00:08:20,080
was from a map

212
00:08:26,469 --> 00:08:21,960
created in

213
00:08:29,350 --> 00:08:26,479

1569 the center of mercators it's a an

214

00:08:31,589 --> 00:08:29,360

arctic map and on that map

215

00:08:34,550 --> 00:08:31,599

it says in the arctic region

216

00:08:37,509 --> 00:08:34,560

here live pygmies at most four feet tall

217

00:08:40,870 --> 00:08:37,519

um who are like the this i think is

218

00:08:42,469 --> 00:08:40,880

called the scalenes of greenland

219

00:08:44,230 --> 00:08:42,479

so there's uh maps that reference

220

00:08:46,150 --> 00:08:44,240

pygmies that lived in the arctic there

221

00:08:48,550 --> 00:08:46,160

are other stories from around the world

222

00:08:51,910 --> 00:08:48,560

referencing this pygmy crane war

223

00:08:53,509 --> 00:08:51,920

um and it it's spread out so there might

224

00:08:56,550 --> 00:08:53,519

be some

225

00:08:59,110 --> 00:08:56,560

legitimacy to the origin

226

00:09:02,389 --> 00:08:59,120

of this race of people from the arctic

227

00:09:03,190 --> 00:09:02,399

that love to battle birds or and

228

00:09:04,870 --> 00:09:03,200

so

229

00:09:06,389 --> 00:09:04,880

that that has filtered down throughout

230

00:09:07,430 --> 00:09:06,399

the years

231

00:09:09,670 --> 00:09:07,440

um

232

00:09:12,389 --> 00:09:09,680

there are stories

233

00:09:15,190 --> 00:09:12,399

from the cherokees

234

00:09:16,870 --> 00:09:15,200

the native americans that said they ran

235

00:09:20,829 --> 00:09:16,880

into a race

236

00:09:24,470 --> 00:09:20,839

of small humans that were at war with

237

00:09:27,670 --> 00:09:24,480

birds the cherokees said that uh they

238

00:09:29,430 --> 00:09:27,680

didn't have the proper uh

239

00:09:30,949 --> 00:09:29,440

uh weapons so the cherokees taught them

240

00:09:32,870 --> 00:09:30,959

how to make certain clubs and how to

241

00:09:35,509 --> 00:09:32,880

make certain uh warring devices so they

242

00:09:38,230 --> 00:09:35,519

could better defend themselves against

243

00:09:41,110 --> 00:09:38,240

these attacking cranes who by the way

244

00:09:43,590 --> 00:09:41,120

the cranes would swoop in and attack the

245

00:09:45,670 --> 00:09:43,600

pygmies and then the battle would ensue

246

00:09:48,550 --> 00:09:45,680

and then the cranes would migrate away

247

00:09:50,470 --> 00:09:48,560

and this would be happening for what has

248

00:09:53,590 --> 00:09:50,480

been conveyed here what i read almost

249

00:09:55,910 --> 00:09:53,600

every season maybe twice a year maybe

250

00:09:57,110 --> 00:09:55,920

every year that the cranes would come by

251
00:09:59,590 --> 00:09:57,120
and try to

252
00:10:01,190 --> 00:09:59,600
kill the pygmies for whatever reason now

253
00:10:02,310 --> 00:10:01,200
there are speculations as to why that

254
00:10:03,670 --> 00:10:02,320
happened

255
00:10:06,550 --> 00:10:03,680
um

256
00:10:08,069 --> 00:10:06,560
this did

257
00:10:10,790 --> 00:10:08,079
in fact happen

258
00:10:13,670 --> 00:10:10,800
uh it is suggested in the greek text in

259
00:10:15,110 --> 00:10:13,680
greek text that the the greek gods

260
00:10:18,470 --> 00:10:15,120
curse the pygmies

261
00:10:20,949 --> 00:10:18,480
to an endless war with the cranes and

262
00:10:23,350 --> 00:10:20,959
and this is comes down to the fact that

263
00:10:25,750 --> 00:10:23,360

the the pygmies somehow

264

00:10:28,230 --> 00:10:25,760

pissed off the gods and the gods and the

265

00:10:30,389 --> 00:10:28,240

greek gods so petty at the time

266

00:10:34,069 --> 00:10:30,399

that they cursed the pygmies to be

267

00:10:36,069 --> 00:10:34,079

slaughtered by birds for eternity

268

00:10:37,750 --> 00:10:36,079

now

269

00:10:39,829 --> 00:10:37,760

there are i mean you can go through this

270

00:10:43,269 --> 00:10:39,839

book there's plenty of images

271

00:10:46,230 --> 00:10:43,279

and references to this pygmy slash crane

272

00:10:49,190 --> 00:10:46,240

battle and say yeah this is this is kind

273

00:10:51,310 --> 00:10:49,200

of a goofy story

274

00:10:54,150 --> 00:10:51,320

but in

275

00:10:56,630 --> 00:10:54,160

2003 i believe there's an article

276

00:10:58,150 --> 00:10:56,640

written about this and this is from live

277

00:11:05,509 --> 00:10:58,160

science i'll bring this up on screen so

278

00:11:09,829 --> 00:11:07,670

this uh this this article is titled

279

00:11:11,990 --> 00:11:09,839

giant storks may have fed on real

280

00:11:13,110 --> 00:11:12,000

hobbits

281

00:11:15,110 --> 00:11:13,120

now

282

00:11:17,430 --> 00:11:15,120

this is a live science article from 2010

283

00:11:21,829 --> 00:11:17,440

but there was an archaeological find

284

00:11:28,630 --> 00:11:24,790

that found skeletal remains as a

285

00:11:30,310 --> 00:11:28,640

of as many 12 tiny people and they they

286

00:11:33,269 --> 00:11:30,320

bulk dated

287

00:11:37,670 --> 00:11:33,279

the the bones and they had a a date

288

00:11:41,590 --> 00:11:37,680

range of 90 000 to 12 000 years ago

289

00:11:43,829 --> 00:11:41,600

and this is in the lying uh lying area

290

00:11:46,630 --> 00:11:43,839

uh they were also found the all these

291

00:11:48,069 --> 00:11:46,640

hobbit skeletal remains were also found

292

00:11:51,990 --> 00:11:48,079

amongst

293

00:11:54,389 --> 00:11:52,000

living or or giant birds uh giant storks

294

00:11:56,389 --> 00:11:54,399

and they they speculated and they made a

295

00:11:57,670 --> 00:11:56,399

calculation that these these giant

296

00:11:59,030 --> 00:11:57,680

storks

297

00:12:00,629 --> 00:11:59,040

were about

298

00:12:02,870 --> 00:12:00,639

six feet tall

299

00:12:05,430 --> 00:12:02,880

and so you have a race of hobbit like

300

00:12:08,710 --> 00:12:05,440

humans skeleton skeletons that were

301
00:12:11,910 --> 00:12:08,720
found next to six foot tall

302
00:12:13,190 --> 00:12:11,920
storks that were probably predators at

303
00:12:15,110 --> 00:12:13,200
the time

304
00:12:18,069 --> 00:12:15,120
in close proximity to each other and

305
00:12:20,870 --> 00:12:18,079
that lends a lot of credence to all

306
00:12:23,269 --> 00:12:20,880
these tales for thousands of years

307
00:12:25,590 --> 00:12:23,279
of this war between

308
00:12:26,949 --> 00:12:25,600
pygmies and cranes

309
00:12:28,710 --> 00:12:26,959
i'm sure some people out there may have

310
00:12:31,110 --> 00:12:28,720
heard a part of the story

311
00:12:32,310 --> 00:12:31,120
on the uh mysterious universe podcast

312
00:12:34,230 --> 00:12:32,320
they kind of dipped into this a little

313
00:12:37,110 --> 00:12:34,240

bit and that's kind of what uh sparked

314

00:12:39,910 --> 00:12:37,120

me to kind of go a little deeper and to

315

00:12:41,910 --> 00:12:39,920

to read about this and uh to figure out

316

00:12:44,389 --> 00:12:41,920

uh where these stories come from

317

00:12:45,590 --> 00:12:44,399

and is there any validity to it and

318

00:12:46,550 --> 00:12:45,600

there is

319

00:12:48,790 --> 00:12:46,560

there's

320

00:12:50,310 --> 00:12:48,800

scientific proof at least archaeological

321

00:12:52,389 --> 00:12:50,320

proof that there are

322

00:12:53,269 --> 00:12:52,399

a race of hobbits out there that were

323

00:12:55,590 --> 00:12:53,279

found

324

00:12:57,750 --> 00:12:55,600

and giant birds that uh may have

325

00:12:59,030 --> 00:12:57,760

attacked them at the same time

326

00:13:02,069 --> 00:12:59,040

and so that kind of like leads to

327

00:13:04,389 --> 00:13:02,079

questions like okay if that if that

328

00:13:07,030 --> 00:13:04,399

tail and that myth

329

00:13:09,509 --> 00:13:07,040

was persistent that much for thousands

330

00:13:11,670 --> 00:13:09,519

of years and they kind of got it right

331

00:13:14,389 --> 00:13:11,680

you know there were tales of this stuff

332

00:13:15,910 --> 00:13:14,399

from uh from north america from the nor

333

00:13:18,470 --> 00:13:15,920

uh from the native americans and then

334

00:13:21,350 --> 00:13:18,480

you have tales like this from uh norse

335

00:13:22,150 --> 00:13:21,360

mythology you had tales of hobbits

336

00:13:24,389 --> 00:13:22,160

in

337

00:13:27,030 --> 00:13:24,399

iran as well and all all the way over

338

00:13:29,350 --> 00:13:27,040

there in uh i believe tibet they had

339

00:13:31,990 --> 00:13:29,360

tales of these small people

340

00:13:34,230 --> 00:13:32,000

in the last remnants of these pygmies

341

00:13:36,870 --> 00:13:34,240

the the pygmies descendant from the ones

342

00:13:37,750 --> 00:13:36,880

from the arctic are said to live uh in

343

00:13:40,230 --> 00:13:37,760

uh

344

00:13:41,990 --> 00:13:40,240

south of egypt right in the ethiopia

345

00:13:44,069 --> 00:13:42,000

region where i think there are

346

00:13:46,949 --> 00:13:44,079

scientific proof of a race of pygmies i

347

00:13:49,189 --> 00:13:46,959

don't know if they may have

348

00:13:50,949 --> 00:13:49,199

branched off and not been the exact same

349

00:13:54,310 --> 00:13:50,959

lineage as the ones that we were talking

350

00:13:56,310 --> 00:13:54,320

about but something damn similar

351
00:13:58,710 --> 00:13:56,320
so what do you think about the the the

352
00:14:01,430 --> 00:13:58,720
the race of pygmies from hollow earth

353
00:14:03,430 --> 00:14:01,440
from the north cratchit joe go for it

354
00:14:05,030 --> 00:14:03,440
i was gonna say pygmy is a general term

355
00:14:06,550 --> 00:14:05,040
which refers to any sort of group of

356
00:14:09,030 --> 00:14:06,560
people who are shorter generally five

357
00:14:10,870 --> 00:14:09,040
feet tall 60 60 inches uh so there are

358
00:14:13,509 --> 00:14:10,880
pygmies today in

359
00:14:14,629 --> 00:14:13,519
indonesia and the congo basin in various

360
00:14:17,269 --> 00:14:14,639
parts of the world that would be

361
00:14:19,829 --> 00:14:17,279
considered you know a pygmy people so

362
00:14:21,350 --> 00:14:19,839
that's not unusual but you're right

363
00:14:23,430 --> 00:14:21,360

um as people

364

00:14:24,710 --> 00:14:23,440

as these they start telling these tales

365

00:14:26,710 --> 00:14:24,720

and they're based in truth and there are

366

00:14:28,629 --> 00:14:26,720

giant birds out there too there are

367

00:14:30,470 --> 00:14:28,639

there are breeds of cranes and storks

368

00:14:33,269 --> 00:14:30,480

that especially with their wingspans are

369

00:14:36,069 --> 00:14:33,279

you know 10 to 12 feet you know and and

370

00:14:37,590 --> 00:14:36,079

so it's not impossible for and generally

371

00:14:39,189 --> 00:14:37,600

birds are jerks anybody who've dealt

372

00:14:40,470 --> 00:14:39,199

with a canadian goose

373

00:14:42,790 --> 00:14:40,480

yeah they're not they're not polite

374

00:14:44,790 --> 00:14:42,800

animals so you could have big birds who

375

00:14:46,790 --> 00:14:44,800

are jerks and small people living nearby

376

00:14:48,550 --> 00:14:46,800

that you know may get preyed upon so

377

00:14:49,750 --> 00:14:48,560

it's not not outside the realm of

378

00:14:51,670 --> 00:14:49,760

possibility

379

00:14:53,590 --> 00:14:51,680

well and birds are not real so i don't

380

00:14:54,870 --> 00:14:53,600

know how this whole story is even

381

00:14:56,069 --> 00:14:54,880

justifiable

382

00:14:57,990 --> 00:14:56,079

but

383

00:14:59,110 --> 00:14:58,000

yeah we hear about the birds that swoop

384

00:15:01,030 --> 00:14:59,120

down and

385

00:15:02,790 --> 00:15:01,040

you know take dogs and cats and stuff

386

00:15:04,629 --> 00:15:02,800

away so i don't know how small these

387

00:15:07,430 --> 00:15:04,639

pygmies get but

388

00:15:08,870 --> 00:15:07,440

i'm sure saying the word pygmy is racist

389

00:15:11,269 --> 00:15:08,880

well they're also saying uh they're

390

00:15:13,590 --> 00:15:11,279

suggesting like some of the the like the

391

00:15:17,430 --> 00:15:13,600

old like where do babies come from well

392

00:15:18,470 --> 00:15:17,440

a stork delivers the baby well that that

393

00:15:20,949 --> 00:15:18,480

legend

394

00:15:23,590 --> 00:15:20,959

or that uh that thought process may come

395

00:15:25,670 --> 00:15:23,600

from this fact the fact that the these

396

00:15:27,670 --> 00:15:25,680

cranes or storks that swooped in to

397

00:15:29,910 --> 00:15:27,680

fight these hobbits would often carry

398

00:15:31,430 --> 00:15:29,920

them off to feed upon so they would take

399

00:15:33,590 --> 00:15:31,440

they would take whatever

400

00:15:35,430 --> 00:15:33,600

the the smallest member of this hobbit

401
00:15:38,150 --> 00:15:35,440
tribe and whatever they could lift off

402
00:15:39,910 --> 00:15:38,160
into the ground and carry them away and

403
00:15:42,629 --> 00:15:39,920
just the stork story with babies kind of

404
00:15:45,189 --> 00:15:42,639
got reversed uh where there were uh

405
00:15:47,749 --> 00:15:45,199
vivid images of babies hobbit babies

406
00:15:50,230 --> 00:15:47,759
being carried off by these storks back

407
00:15:52,629 --> 00:15:50,240
in the day the day

408
00:15:55,430 --> 00:15:52,639
now this goes back like um to like a

409
00:15:58,790 --> 00:15:55,440
curated history and uh

410
00:16:01,189 --> 00:15:58,800
and not remembering our past or the past

411
00:16:04,230 --> 00:16:01,199
being purposely kept from us these

412
00:16:07,189 --> 00:16:04,240
stories that uh our our history as a

413
00:16:09,030 --> 00:16:07,199

human race is much more rich and

414

00:16:09,990 --> 00:16:09,040

interesting and full

415

00:16:16,710 --> 00:16:10,000

of

416

00:16:18,629 --> 00:16:16,720

missionian would have us believe

417

00:16:21,509 --> 00:16:18,639

it kind of goes to

418

00:16:22,550 --> 00:16:21,519

what uh what howdy was talking about on

419

00:16:25,829 --> 00:16:22,560

our show

420

00:16:28,030 --> 00:16:25,839

with the world's fair in the late 1800s

421

00:16:30,550 --> 00:16:28,040

1900s about

422

00:16:32,710 --> 00:16:30,560

re-establishing or putting forth a

423

00:16:35,030 --> 00:16:32,720

history that everyone can agree upon and

424

00:16:37,990 --> 00:16:35,040

just moving forward from there and

425

00:16:39,990 --> 00:16:38,000

forgetting all this nonsense about uh

426

00:16:43,189 --> 00:16:40,000

hobbits from the north

427

00:16:45,030 --> 00:16:43,199

giants and all the more interesting

428

00:16:46,150 --> 00:16:45,040

parts of her past including atlantis and

429

00:16:47,910 --> 00:16:46,160

lumeria

430

00:16:49,670 --> 00:16:47,920

just as a real quick aside howdy did put

431

00:16:52,069 --> 00:16:49,680

out a uh video just yesterday about the

432

00:16:53,269 --> 00:16:52,079

paris exposition uh goes in the detail

433

00:16:54,870 --> 00:16:53,279

about that so if you guys want a

434

00:16:56,389 --> 00:16:54,880

45-minute breakdown of the paris

435

00:16:58,550 --> 00:16:56,399

exposition and all the shenanigans

436

00:17:00,230 --> 00:16:58,560

around it um

437

00:17:01,509 --> 00:17:00,240

uh how did he just put out a video

438

00:17:03,430 --> 00:17:01,519

yesterday

439

00:17:04,870 --> 00:17:03,440

well i mean you can see

440

00:17:07,669 --> 00:17:04,880

um how

441

00:17:09,990 --> 00:17:07,679

our history is a little

442

00:17:10,870 --> 00:17:10,000

squirrely even right now there are

443

00:17:13,350 --> 00:17:10,880

people

444

00:17:14,309 --> 00:17:13,360

that cannot even agree upon a set of

445

00:17:16,789 --> 00:17:14,319

facts

446

00:17:18,789 --> 00:17:16,799

about an event that happened six months

447

00:17:20,949 --> 00:17:18,799

ago that happened a year ago there are

448

00:17:24,069 --> 00:17:20,959

people that are bio accounts fairly

449

00:17:26,870 --> 00:17:24,079

bright and well educated that don't know

450

00:17:29,750 --> 00:17:26,880

basic statistics or reporting when it

451
00:17:32,310 --> 00:17:29,760
comes to cdc numbers and they're making

452
00:17:35,270 --> 00:17:32,320
judgments based upon that and so it's

453
00:17:37,909 --> 00:17:35,280
very easy to tell people that stories of

454
00:17:39,909 --> 00:17:37,919
hobbits and cranes going to war is just

455
00:17:41,830 --> 00:17:39,919
fiction and not real so no need to buy

456
00:17:43,350 --> 00:17:41,840
into it you can just

457
00:17:44,549 --> 00:17:43,360
write that off because we can't even

458
00:17:47,510 --> 00:17:44,559
agree upon

459
00:17:50,630 --> 00:17:47,520
what this reality is right now and so to

460
00:17:52,710 --> 00:17:50,640
try to uh to relate to what's going on

461
00:17:54,870 --> 00:17:52,720
in the past versus now

462
00:17:56,710 --> 00:17:54,880
i think it's very easy to say like you

463
00:17:58,070 --> 00:17:56,720

know what i think there's a lot to these

464

00:18:00,310 --> 00:17:58,080

stories no one wants to believe it

465

00:18:01,830 --> 00:18:00,320

because they have no reason to even

466

00:18:02,870 --> 00:18:01,840

though there's plenty of

467

00:18:04,150 --> 00:18:02,880

evidence

468

00:18:09,029 --> 00:18:04,160

from

469

00:18:11,590 --> 00:18:09,039

stories to even archaeological evidence

470

00:18:13,350 --> 00:18:11,600

that the history that we are taught

471

00:18:16,470 --> 00:18:13,360

is not the history that actually

472

00:18:21,430 --> 00:18:18,950

what i'm trying to say essentially it's

473

00:18:23,110 --> 00:18:21,440

[h__\h]

474

00:18:26,310 --> 00:18:23,120

you know i don't you don't have to be

475

00:18:27,750 --> 00:18:26,320

that um specific about it or

476

00:18:29,990 --> 00:18:27,760

you know

477

00:18:30,950 --> 00:18:30,000

history has certainly been manipulated

478

00:18:33,270 --> 00:18:30,960

um

479

00:18:35,990 --> 00:18:33,280

i mean we had no idea about dinosaurs or

480

00:18:39,669 --> 00:18:36,000

terror lizards as they called them until

481

00:18:41,029 --> 00:18:39,679

the mid 18th century 17th 19th century

482

00:18:41,990 --> 00:18:41,039

um

483

00:18:44,150 --> 00:18:42,000

and those just kind of came out of

484

00:18:45,510 --> 00:18:44,160

nowhere because they were you know just

485

00:18:46,789 --> 00:18:45,520

discovering them as they went now did

486

00:18:48,230 --> 00:18:46,799

they discover them before and just

487

00:18:49,350 --> 00:18:48,240

ignore the bones probably you know it

488

00:18:50,870 --> 00:18:49,360

just didn't become a thing but all of a

489

00:18:52,549 --> 00:18:50,880

sudden the victorian age it became a

490

00:18:53,750 --> 00:18:52,559

thing to start talking about this and so

491

00:18:55,590 --> 00:18:53,760

that's something that

492

00:18:57,270 --> 00:18:55,600

to most people 20 years prior to that

493

00:18:58,470 --> 00:18:57,280

they didn't exist and all of a sudden

494

00:18:59,430 --> 00:18:58,480

there's all these new things to talk

495

00:19:02,950 --> 00:18:59,440

about so

496

00:19:03,990 --> 00:19:02,960

um it's not to say that that um

497

00:19:05,750 --> 00:19:04,000

you know any sort of group is

498

00:19:07,430 --> 00:19:05,760

deliberately manipulating things but i

499

00:19:08,630 --> 00:19:07,440

think that's exactly what's happening in

500

00:19:10,630 --> 00:19:08,640

the sense where whoever is in charge of

501
00:19:11,830 --> 00:19:10,640
the publications and in charge of the

502
00:19:14,470 --> 00:19:11,840
um

503
00:19:15,909 --> 00:19:14,480
uh in charge of the news media and

504
00:19:19,110 --> 00:19:15,919
that's what you know that that's that's

505
00:19:20,789 --> 00:19:19,120
where history comes from because

506
00:19:21,669 --> 00:19:20,799
especially up until in the last hundred

507
00:19:23,990 --> 00:19:21,679
years

508
00:19:26,070 --> 00:19:24,000
uh you didn't have widespread

509
00:19:28,390 --> 00:19:26,080
documentation of these things

510
00:19:31,750 --> 00:19:28,400
yeah there's there's some

511
00:19:33,830 --> 00:19:31,760
some sort of agreed-upon narrative that

512
00:19:36,710 --> 00:19:33,840
uh they're going with and this goes to

513
00:19:38,950 --> 00:19:36,720

the scientific community and the like

514

00:19:40,549 --> 00:19:38,960

the smithsonian and in similar

515

00:19:42,470 --> 00:19:40,559

bureaucratic structures like aunt no

516

00:19:44,310 --> 00:19:42,480

we're gonna we're gonna pick story and

517

00:19:46,710 --> 00:19:44,320

we're we're gonna go with that one and

518

00:19:48,710 --> 00:19:46,720

ignore everything else and so this is

519

00:19:51,190 --> 00:19:48,720

just kind of like an intro into some

520

00:19:53,830 --> 00:19:51,200

inner earth hollow earth stuff and next

521

00:19:55,830 --> 00:19:53,840

time i'm going to dig into uh

522

00:19:57,590 --> 00:19:55,840

some stories some more stories about

523

00:19:58,549 --> 00:19:57,600

hollow earth and probably have to touch

524

00:20:02,230 --> 00:19:58,559

on

525

00:20:04,070 --> 00:20:02,240

uh the nazis going to antarctica and

526

00:20:06,950 --> 00:20:04,080

some of the things that they may have

527

00:20:09,029 --> 00:20:06,960

discovered there but there are so many

528

00:20:11,350 --> 00:20:09,039

different stories of people randomly

529

00:20:13,669 --> 00:20:11,360

encountering some sort of cave or some

530

00:20:15,990 --> 00:20:13,679

sort of entrance or there's some sort of

531

00:20:19,430 --> 00:20:16,000

possible like you know amazon tribe

532

00:20:22,789 --> 00:20:19,440

tribe that has its sole duty is to guard

533

00:20:25,029 --> 00:20:22,799

an entrance to a cave to protect anybody

534

00:20:27,590 --> 00:20:25,039

from going in there because they were

535

00:20:29,830 --> 00:20:27,600

tasked by their giant masters

536

00:20:30,710 --> 00:20:29,840

uh to guard the cave entrance with their

537

00:20:32,390 --> 00:20:30,720

life

538

00:20:34,710 --> 00:20:32,400

um and there's uh some pretty

539

00:20:36,870 --> 00:20:34,720

interesting stories out there

540

00:20:40,070 --> 00:20:36,880

and we'll we'll dig into that uh next

541

00:20:42,230 --> 00:20:40,080

time on uh part two of hollow earth

542

00:20:44,230 --> 00:20:42,240

inner earth and everything that goes

543

00:20:45,190 --> 00:20:44,240

along with that

544

00:20:47,110 --> 00:20:45,200

hey

545

00:20:49,590 --> 00:20:47,120

oh you got something to say

546

00:20:52,390 --> 00:20:49,600

yeah i was gonna say before you get out

547

00:20:54,950 --> 00:20:52,400

of that segment i thought this was this

548

00:20:57,190 --> 00:20:54,960

was pretty cool sorry just play this guy

549

00:21:01,270 --> 00:20:57,200

no you're fine play this clip it's it's

550

00:21:05,430 --> 00:21:02,630

now this is the

551
00:21:09,430 --> 00:21:05,440
titled monkeys kill 25 dogs in revenge

552
00:21:10,470 --> 00:21:09,440
for death of baby 250 oh 250 dogs holy

553
00:21:12,710 --> 00:21:10,480
crap

554
00:21:17,990 --> 00:21:12,720
that's this is a sick this is these are

555
00:21:21,990 --> 00:21:19,990
two monkeys went on a revenge killing

556
00:21:24,549 --> 00:21:22,000
spree and were behind the murders of at

557
00:21:26,630 --> 00:21:24,559
least 250 dogs

558
00:21:28,630 --> 00:21:26,640
bead forest officer sachin khan was

559
00:21:30,789 --> 00:21:28,640
quoted as saying by the news agency and

560
00:21:32,549 --> 00:21:30,799
i two monkeys involved in the killing of

561
00:21:35,029 --> 00:21:32,559
dogs have been captured by a nagpur

562
00:21:36,710 --> 00:21:35,039
forest department team embiid both the

563
00:21:39,750 --> 00:21:36,720

monkeys are being shifted to nagpur to

564

00:21:41,750 --> 00:21:39,760

be released in a nearby forest can't set

565

00:21:43,430 --> 00:21:41,760

the languors called the lavool village

566

00:21:44,390 --> 00:21:43,440

home and they had been raising their

567

00:21:46,470 --> 00:21:44,400

children there

568

00:21:48,710 --> 00:21:46,480

the killing streak emerged after several

569

00:21:50,950 --> 00:21:48,720

villagers say that look at that guy

570

00:21:54,390 --> 00:21:50,960

killed by a few dogs

571

00:21:59,190 --> 00:21:56,789

a baby monkey got killed and then the

572

00:22:01,669 --> 00:21:59,200

monkeys would no we ain't

573

00:22:02,549 --> 00:22:01,679

having this [h__\h] they declared a war

574

00:22:05,590 --> 00:22:02,559

yeah

575

00:22:06,630 --> 00:22:05,600

it was the monkey dog war of 2021 i

576
00:22:08,470 --> 00:22:06,640
believe

577
00:22:10,870 --> 00:22:08,480
and they if i remember correctly the

578
00:22:12,710 --> 00:22:10,880
monkeys went through the town

579
00:22:15,029 --> 00:22:12,720
and grabbed every dog

580
00:22:17,750 --> 00:22:15,039
dragged him up to like a high

581
00:22:20,470 --> 00:22:17,760
cliff or a tree or building and just

582
00:22:21,750 --> 00:22:20,480
dropped the dogs off killing every one

583
00:22:25,110 --> 00:22:21,760
of them

584
00:22:26,470 --> 00:22:25,120
yeah that's pretty nuts that's crazy

585
00:22:27,750 --> 00:22:26,480
and by the way i'm a little disappointed

586
00:22:30,310 --> 00:22:27,760
in the dogs

587
00:22:31,909 --> 00:22:30,320
you know uh a dog a dog bite that hurts

588
00:22:34,630 --> 00:22:31,919

so i just find it hard to believe that

589

00:22:37,750 --> 00:22:34,640

the dogs were not defending themselves

590

00:22:38,470 --> 00:22:37,760

in a more ferocious manner

591

00:22:40,390 --> 00:22:38,480

but

592

00:22:42,070 --> 00:22:40,400

that's how it all started and maybe i

593

00:22:44,630 --> 00:22:42,080

don't know i mean not all dogs are

594

00:22:47,750 --> 00:22:44,640

[h__h] nuts but it's not no but me and

595

00:22:50,390 --> 00:22:47,760

dog or yeah some dogs mauled a monkey

596

00:22:52,310 --> 00:22:50,400

and then the monkeys went berserk

597

00:22:55,350 --> 00:22:52,320

it was really an overreaction on the

598

00:22:57,590 --> 00:22:55,360

monkey's part yeah

599

00:23:00,070 --> 00:22:57,600

i'd say so it's kind of like what the us

600

00:23:02,149 --> 00:23:00,080

did with 9 11. we went to war with iraq

601
00:23:03,510 --> 00:23:02,159
when we should just kind of like focused

602
00:23:05,909 --> 00:23:03,520
on like

603
00:23:07,190 --> 00:23:05,919
you know arabia yes

604
00:23:08,710 --> 00:23:07,200
yeah right

605
00:23:11,510 --> 00:23:08,720
oh and by the way

606
00:23:13,590 --> 00:23:11,520
major props to cretchet for finding like

607
00:23:17,029 --> 00:23:13,600
tons of imagery to support your uh

608
00:23:18,390 --> 00:23:17,039
little fairy tale there yes

609
00:23:19,750 --> 00:23:18,400
i just thought that that would fit in

610
00:23:21,590 --> 00:23:19,760
that

611
00:23:23,830 --> 00:23:21,600
and well it's curious

612
00:23:25,029 --> 00:23:23,840
it is just finishing it up bro puppies

613
00:23:26,630 --> 00:23:25,039

and killing them

614

00:23:29,110 --> 00:23:26,640

the monkeys would catch puppies and

615

00:23:31,510 --> 00:23:29,120

throw them off heights a villager told a

616

00:23:33,190 --> 00:23:31,520

i in the last two three months there

617

00:23:35,190 --> 00:23:33,200

have been incidents where the langurs

618

00:23:36,710 --> 00:23:35,200

roaming in the area would catch puppies

619

00:23:38,630 --> 00:23:36,720

and take them to a place with

620

00:23:41,350 --> 00:23:38,640

considerable height to throw them from

621

00:23:42,950 --> 00:23:41,360

there at least 250 dogs have been killed

622

00:23:44,789 --> 00:23:42,960

what kind of dog is that the villagers

623

00:23:46,789 --> 00:23:44,799

then contacted the dharur's forest

624

00:23:52,950 --> 00:23:46,799

department after the monkeys started

625

00:23:56,390 --> 00:23:54,230

authorities were contacted after a

626
00:23:59,750 --> 00:23:56,400
monkey started taking kids too yes the

627
00:24:02,470 --> 00:23:59,760
monkeys started going after the kids

628
00:24:04,310 --> 00:24:02,480
i mean they ran out of dogs and then

629
00:24:06,070 --> 00:24:04,320
so they're just going up the line i

630
00:24:08,390 --> 00:24:06,080
assume the villagers just declared open

631
00:24:10,070 --> 00:24:08,400
season on monkeys at that point uh well

632
00:24:12,310 --> 00:24:10,080
they didn't they they just said in in

633
00:24:14,549 --> 00:24:12,320
the report that they they tried to move

634
00:24:16,070 --> 00:24:14,559
the monkeys out of town like they didn't

635
00:24:17,029 --> 00:24:16,080
want to hurt the monkeys but at a

636
00:24:18,710 --> 00:24:17,039
certain point in time you've got to

637
00:24:20,149 --> 00:24:18,720
defend your kids

638
00:24:21,750 --> 00:24:20,159

and then if you see a monkey taking your

639

00:24:23,909 --> 00:24:21,760

kid you're probably going to

640

00:24:25,750 --> 00:24:23,919

try to kill that monkey yeah well and i

641

00:24:27,430 --> 00:24:25,760

think that to make an example since

642

00:24:29,350 --> 00:24:27,440

these monkeys want to make an example

643

00:24:31,110 --> 00:24:29,360

out of the dogs and the kids i'd say put

644

00:24:32,630 --> 00:24:31,120

a monkey in a paint shaker and put it in

645

00:24:35,350 --> 00:24:32,640

front of the monkeys

646

00:24:38,470 --> 00:24:37,030

i mean it's a little cruel but okay

647

00:24:40,710 --> 00:24:38,480

[Music]

648

00:24:42,710 --> 00:24:40,720

and it's in in a similar way you had

649

00:24:44,950 --> 00:24:42,720

cranes come by and taken out these

650

00:24:46,950 --> 00:24:44,960

hobbits left and right and they wouldn't

651
00:24:49,430 --> 00:24:46,960
stop it's just it's unfortunate that the

652
00:24:51,909 --> 00:24:49,440
the hobbits the pygmies didn't have the

653
00:24:54,310 --> 00:24:51,919
technology or the strategy behind

654
00:24:56,870 --> 00:24:54,320
themselves to really combat that terror

655
00:24:58,870 --> 00:24:56,880
from the sky

656
00:25:00,390 --> 00:24:58,880
and unfortunately the dogs i mean they

657
00:25:01,990 --> 00:25:00,400
probably did the best they could but

658
00:25:03,909 --> 00:25:02,000
that's why it's important to hunt in in

659
00:25:06,070 --> 00:25:03,919
being a pack with these stray dogs they

660
00:25:07,269 --> 00:25:06,080
don't really pack up do they yeah they

661
00:25:09,110 --> 00:25:07,279
they kind of do yeah

662
00:25:10,870 --> 00:25:09,120
maybe if the native americans had paint

663
00:25:13,269 --> 00:25:10,880

shakers maybe they could have given

664

00:25:15,830 --> 00:25:13,279

those to the pygmies

665

00:25:17,669 --> 00:25:15,840

i mean we would hope

666

00:25:19,190 --> 00:25:17,679

why would they be so selfish with their

667

00:25:21,190 --> 00:25:19,200

paint shakers

668

00:25:25,350 --> 00:25:21,200

they seem like a very giving

669

00:25:28,549 --> 00:25:27,110

i've always wanted to put a baby in one

670

00:25:30,149 --> 00:25:28,559

of those things

671

00:25:31,430 --> 00:25:30,159

i think we'd die within like a few

672

00:25:32,950 --> 00:25:31,440

seconds right like i mean that's

673

00:25:34,310 --> 00:25:32,960

literally like you're shaking a baby to

674

00:25:35,430 --> 00:25:34,320

death

675

00:25:36,710 --> 00:25:35,440

i mean that that was the whole thing

676

00:25:38,950 --> 00:25:36,720

remember like about that

677

00:25:41,110 --> 00:25:38,960

dark place here yeah no i just think

678

00:25:43,110 --> 00:25:41,120

like you just put like a baby doll like

679

00:25:46,070 --> 00:25:43,120

a cabbage patch kid in a paint shaker

680

00:25:47,909 --> 00:25:46,080

just for the idea of it

681

00:25:49,750 --> 00:25:47,919

well i mean

682

00:25:51,190 --> 00:25:49,760

shake a hobbit shake a baby what's the

683

00:25:52,870 --> 00:25:51,200

difference you know there's a thing

684

00:25:55,110 --> 00:25:52,880

known as shaken baby syndrome i know i

685

00:25:57,190 --> 00:25:55,120

was going to bring that up child abuse

686

00:25:58,710 --> 00:25:57,200

where where uh parents get uh so

687

00:26:00,710 --> 00:25:58,720

frustrated with their kid they they

688

00:26:03,190 --> 00:26:00,720

shake their baby people that are just

689

00:26:06,630 --> 00:26:03,200

pieces of [h__h] i'm not condoning this no

690

00:26:08,470 --> 00:26:06,640

i'm not no knowing this whatsoever

691

00:26:11,750 --> 00:26:08,480
