would appreciate that and i will play uh

8
00:00:21,349 --> 00:00:19,760

ill conceived and poorly eq sound

9
00:00:24,390 --> 00:00:21,359

effects over top of them so you can't

10
00:00:26,150 --> 00:00:24,400

hear it okay great

11
00:00:28,230 --> 00:00:26,160

i would prefer that

12
00:00:30,470 --> 00:00:28,240

so i'll bring this up on screen everyone

13
00:00:33,990 --> 00:00:30,480

can see the headline here find bigfoot

14

00:00:35,030 --> 00:00:34,000

in oklahoma to win over

15

00:00:36,229 --> 00:00:35,040

2

16

00:00:38,950 --> 00:00:36,239

million

17

00:00:41,110 --> 00:00:38,960

dollars holy moly that's some good news

18

00:00:42,790 --> 00:00:41,120

on that front absolutely so there's

19

00:00:44,790 --> 00:00:42,800

there is a story with this there are

20

00:00:47,029 --> 00:00:44,800

professionals that can read the story

21

00:00:48,790 --> 00:00:47,039

and tell us exactly what we need to know

22

00:00:50,709 --> 00:00:48,800

in the order in which we need to know it

23

00:00:52,470 --> 00:00:50,719

so let's see here here we go

24

00:00:54,389 --> 00:00:52,480

six it's your favorite time in mind time

25

00:00:56,709 --> 00:00:54,399

for lend rome's nugget of knowledge

26

00:00:59,590 --> 00:00:56,719

nuggets to pick up a cool two million

27

00:01:01,590 --> 00:00:59,600

dollars a little bit more too just get

28

00:01:04,630 --> 00:01:01,600

yourself down to oklahoma where the wind

29

00:01:05,750 --> 00:01:04,640

comes whistling down the plain and grab

30

00:01:07,750 --> 00:01:05,760

bigfoot

31

00:01:09,590 --> 00:01:07,760

the state of oklahoma has a two million

32

00:01:12,870 --> 00:01:09,600

one hundred thousand dollar bounty for

33

00:01:15,830 --> 00:01:14,390

stand by let's go looking for the

34

00:01:18,469 --> 00:01:15,840

creature here we go a state

35

00:01:21,990 --> 00:01:18,479

representative had brought up a bill to

36

00:01:24,230 --> 00:01:22,000

offer a 25 000 bounty huh but the

37

00:01:26,550 --> 00:01:24,240

producers of a hollywood bigfoot movie

38

00:01:28,230 --> 00:01:26,560

pledged two million and a private

39

00:01:29,830 --> 00:01:28,240

business promised an additional one

40

00:01:32,390 --> 00:01:29,840

hundred thousand

41

00:01:33,350 --> 00:01:32,400

okay the idea did what it was supposed

42

00:01:35,190 --> 00:01:33,360

to do

43

00:01:37,749 --> 00:01:35,200

promote tourism

44

00:01:40,390 --> 00:01:37,759

especially in the heavy woods of south

45

00:01:42,550 --> 00:01:40,400

southeast oklahoma in fact that area is

46

00:01:44,630 --> 00:01:42,560

ninth on the list of sightings in the

47

00:01:47,990 --> 00:01:44,640

world of bigfoot

48

00:01:50,310 --> 00:01:48,000

but sasquatch quest as it's called comes

49

00:01:52,389 --> 00:01:50,320

with rules you collect your two million

50

00:01:55,990 --> 00:01:52,399

one hundred thousand if you capture

51
00:01:58,870 --> 00:01:56,000
bigfoot unharmed and can't injure anyone

52
00:02:01,109 --> 00:01:58,880
else or break any laws doing so how am i

53
00:02:02,870 --> 00:02:01,119
supposed to do that i know the state has

54
00:02:05,030 --> 00:02:02,880
maps showing bigfoot hunters the best

55
00:02:06,870 --> 00:02:05,040
route to take to spot the creature while

56
00:02:08,389 --> 00:02:06,880
at the same time promoting nearby

57
00:02:10,630 --> 00:02:08,399
businesses okay

58
00:02:12,790 --> 00:02:10,640
southeastern oklahoma has promoted

59
00:02:14,949 --> 00:02:12,800
bigfoot they have stores there selling

60
00:02:16,710 --> 00:02:14,959
t-shirts and hats and bumper stickers

61
00:02:18,869 --> 00:02:16,720
and the area is also home to a huge

62
00:02:20,710 --> 00:02:18,879
bigfoot festival okay while you're there

63
00:02:23,750 --> 00:02:20,720

you just say you for the bigfoot statue

64

00:02:24,949 --> 00:02:23,760

30 feet tall in front of the sasquatch

65

00:02:27,750 --> 00:02:24,959

gas station

66

00:02:29,350 --> 00:02:27,760

i believe that's on state highway 259

67

00:02:32,470 --> 00:02:29,360

in oklahoma make it happen oh good to

68

00:02:35,030 --> 00:02:32,480

know you know all right

69

00:02:36,070 --> 00:02:35,040

you really i'll tell you what you

70

00:02:37,430 --> 00:02:36,080

talk about know

71

00:02:39,270 --> 00:02:37,440

they're going to make it 100 million

72

00:02:42,630 --> 00:02:39,280

people be quitting their jobs and moving

73

00:02:45,110 --> 00:02:42,640

to oklahoma just look for uh sasquatch

74

00:02:46,869 --> 00:02:45,120

there you go yeah yeah we've got

75

00:02:48,869 --> 00:02:46,879

you'll see drive around the valley

76

00:02:52,229 --> 00:02:48,879

there's some of those statues like you

77

00:02:54,070 --> 00:02:52,239

saw there you know sasquatch and uh

78

00:02:56,309 --> 00:02:54,080

shirts and t-shirts and all kind of

79

00:02:57,830 --> 00:02:56,319

things like that said interesting stuff

80

00:03:00,149 --> 00:02:57,840

all right thank you very much anything

81

00:03:02,309 --> 00:03:00,159

to promote tourism okay

82

00:03:04,390 --> 00:03:02,319

all right anything to promote all right

83

00:03:07,030 --> 00:03:04,400

there we go okay he's working on his uh

84

00:03:08,949 --> 00:03:07,040

his cnn patter that one guy sounded like

85

00:03:09,910 --> 00:03:08,959

mr mackey from south park

86

00:03:13,190 --> 00:03:09,920

okay

87

00:03:15,670 --> 00:03:13,200

it was kind of disturbing but then he

88

00:03:18,070 --> 00:03:15,680

said huge without the eight you did say

89

00:03:20,790 --> 00:03:18,080

huge i caught that too you know i was i

90

00:03:22,949 --> 00:03:20,800

found it offensive though it was two

91

00:03:24,630 --> 00:03:22,959

really stale white men

92

00:03:26,149 --> 00:03:24,640

i feel it's very

93

00:03:28,070 --> 00:03:26,159

i'm curious

94

00:03:30,470 --> 00:03:28,080

how does the bipoc community feel about

95

00:03:32,869 --> 00:03:30,480

this story exactly

96

00:03:34,470 --> 00:03:32,879

look at that face

97

00:03:36,309 --> 00:03:34,480

that's what they thought that's what

98

00:03:38,470 --> 00:03:36,319

they thought but this is not new we we

99

00:03:40,550 --> 00:03:38,480

covered the the bigfoot bounty in

100

00:03:42,309 --> 00:03:40,560

oklahoma was last year maybe a year and

101
00:03:44,630 --> 00:03:42,319
a half ago when they really started

102
00:03:47,030 --> 00:03:44,640
promoting this bigfoot bounty to drive

103
00:03:48,229 --> 00:03:47,040
tourism we stated that at the time

104
00:03:49,670 --> 00:03:48,239
i think they actually increased the

105
00:03:52,390 --> 00:03:49,680
bounty here i think it initially started

106
00:03:53,990 --> 00:03:52,400
at 1 million now it's up to 2 million

107
00:03:55,670 --> 00:03:54,000
and i think they're going to have a

108
00:03:57,589 --> 00:03:55,680
little egg on their face when someone

109
00:03:59,589 --> 00:03:57,599
does find bigfoot in oklahoma and they

110
00:04:01,350 --> 00:03:59,599
have to pay someone calls their bluff

111
00:04:03,270 --> 00:04:01,360
and hauls bigfoot into the state

112
00:04:05,270 --> 00:04:03,280
legislature

113
00:04:06,229 --> 00:04:05,280

yeah i think that's going to happen

114

00:04:08,149 --> 00:04:06,239

and they're going to say what do you

115

00:04:09,429 --> 00:04:08,159

always be 2 million

116

00:04:11,190 --> 00:04:09,439

well i mean

117

00:04:13,110 --> 00:04:11,200

illinois got into this trouble with

118

00:04:14,949 --> 00:04:13,120

their state lottery is that people were

119

00:04:16,870 --> 00:04:14,959

winning the lottery and illinois didn't

120

00:04:18,469 --> 00:04:16,880

have the funds to pay out the the

121

00:04:20,629 --> 00:04:18,479

lottery winners

122

00:04:22,870 --> 00:04:20,639

uh so oklahoma could be facing something

123

00:04:26,469 --> 00:04:22,880

like that because there is a new

124

00:04:27,510 --> 00:04:26,479

technique into finding bigfoot as we'll

125

00:04:28,390 --> 00:04:27,520

discuss

126
00:04:30,310 --> 00:04:28,400
right now

127
00:04:33,670 --> 00:04:30,320
oh yes it's gonna happen

128
00:04:36,469 --> 00:04:33,680
and here is how it will happen

129
00:04:38,070 --> 00:04:36,479
up on screen right here

130
00:04:40,230 --> 00:04:38,080
and uh

131
00:04:41,749 --> 00:04:40,240
this headline

132
00:04:44,629 --> 00:04:41,759
bigfoot dung

133
00:04:49,350 --> 00:04:44,639
can be easily confused for human poo

134
00:04:54,230 --> 00:04:51,430
so they are

135
00:04:57,990 --> 00:04:54,240
looking at tracking bigfoot using

136
00:05:00,550 --> 00:04:58,000
bigfoot dung as the the indicator of

137
00:05:01,830 --> 00:05:00,560
where this mystical beast

138
00:05:04,950 --> 00:05:01,840

could be

139

00:05:08,310 --> 00:05:04,960

it's [h__h] wait bigfoot dung can be

140

00:05:09,670 --> 00:05:08,320

mis confused for human human poo yeah it

141

00:05:11,189 --> 00:05:09,680

can't be confused yeah you got to know

142

00:05:13,590 --> 00:05:11,199

what you're looking for you it's just

143

00:05:16,550 --> 00:05:13,600

your like your your average person out

144

00:05:17,990 --> 00:05:16,560

there is is not going to be able to to

145

00:05:19,270 --> 00:05:18,000

tell the difference

146

00:05:21,350 --> 00:05:19,280

are they suggesting that we need to

147

00:05:22,950 --> 00:05:21,360

spend more time

148

00:05:25,110 --> 00:05:22,960

digging through all the piles of human

149

00:05:26,550 --> 00:05:25,120

crap to determine maybe it's actually

150

00:05:28,469 --> 00:05:26,560

bigfoot that's not the homeless guys

151

00:05:30,629 --> 00:05:28,479

down the street in the city park it

152

00:05:32,310 --> 00:05:30,639

might have been bigfoot i'm just saying

153

00:05:34,310 --> 00:05:32,320

that i don't know how you confuse the

154

00:05:36,390 --> 00:05:34,320

two because like bigfoot by all accounts

155

00:05:38,790 --> 00:05:36,400

that we've read they're pretty big

156

00:05:40,710 --> 00:05:38,800

ranging anywhere from six to 12 feet

157

00:05:43,590 --> 00:05:40,720

tall so what i'm talking about you know

158

00:05:45,350 --> 00:05:43,600

big massive dumps absolutely big massive

159

00:05:46,550 --> 00:05:45,360

dunk dumps you're gonna be able to to

160

00:05:49,670 --> 00:05:46,560

compare

161

00:05:52,150 --> 00:05:49,680

an average normal human dropping to a

162

00:05:54,550 --> 00:05:52,160

bigfoot dropping

163

00:05:56,070 --> 00:05:54,560

i think just right there size alone

164

00:05:58,150 --> 00:05:56,080

you're going to be able to track bigfoot

165

00:06:00,469 --> 00:05:58,160

much more easily in oklahoma to get your

166

00:06:02,790 --> 00:06:00,479

two million dollars so if bigfoot is

167

00:06:04,150 --> 00:06:02,800

smart he could lose people he could lose

168

00:06:04,950 --> 00:06:04,160

he could get people get him off his

169

00:06:07,189 --> 00:06:04,960

trail

170

00:06:09,110 --> 00:06:07,199

by having his big massive dumps only

171

00:06:10,150 --> 00:06:09,120

outside of taco bell because that is

172

00:06:12,550 --> 00:06:10,160

already

173

00:06:14,629 --> 00:06:12,560

the dumping ground for lots of people in

174

00:06:16,309 --> 00:06:14,639

huge it goes in the same way it comes

175

00:06:18,870 --> 00:06:16,319

out

176

00:06:21,590 --> 00:06:18,880

and i think bigfoot just has to make

177

00:06:24,309 --> 00:06:21,600

more frequent droppings instead of doing

178

00:06:25,670 --> 00:06:24,319

like a once a day uh evacuation of your

179

00:06:27,270 --> 00:06:25,680

body you're saying you're suggesting

180

00:06:28,950 --> 00:06:27,280

bigfoot needs to learn how to pinch it

181

00:06:30,710 --> 00:06:28,960

off yes

182

00:06:31,590 --> 00:06:30,720

yes and more frequently throughout the

183

00:06:34,390 --> 00:06:31,600

day

184

00:06:36,309 --> 00:06:34,400

as opposed to one big massive dump

185

00:06:37,909 --> 00:06:36,319

so you know what i say to that dump all

186

00:06:40,309 --> 00:06:37,919

you want

187

00:06:42,150 --> 00:06:40,319

i hope you dump a lot yep

188

00:06:44,230 --> 00:06:42,160

i'll read the story because i uh i

189

00:06:46,390 --> 00:06:44,240

appreciate this uh kind of out of the

190

00:06:48,550 --> 00:06:46,400

box thinking when it comes to hunting uh

191

00:06:50,550 --> 00:06:48,560

cryptid creatures and the paranormal

192

00:06:52,790 --> 00:06:50,560

uh so it goes it goes on to say bigfoot

193

00:06:55,189 --> 00:06:52,800

dung can easily be confused for human

194

00:06:57,110 --> 00:06:55,199

poo warns experienced hunter

195

00:06:59,029 --> 00:06:57,120

uh evidence of bigfoot roaming remote

196

00:07:02,150 --> 00:06:59,039

parts of north american of the north

197

00:07:06,150 --> 00:07:02,160

american countryside is limited at best

198

00:07:09,189 --> 00:07:06,160

but in his new book andy mcgrath

199

00:07:10,790 --> 00:07:09,199

uh says recognizing their poo

200

00:07:13,189 --> 00:07:10,800

could change that if tracking the

201
00:07:15,430 --> 00:07:13,199
elusive giant was easy then we could

202
00:07:16,469 --> 00:07:15,440
probably have far more evidence of its

203
00:07:18,390 --> 00:07:16,479
existence

204
00:07:19,589 --> 00:07:18,400
but that has not stopped cryptoid

205
00:07:21,350 --> 00:07:19,599
enthusiasts

206
00:07:23,749 --> 00:07:21,360
going out and looking for it beasts of

207
00:07:25,909 --> 00:07:23,759
the world hairy humanoids author andy

208
00:07:28,150 --> 00:07:25,919
mcgrath has devised

209
00:07:30,870 --> 00:07:28,160
a list of telltale signs that the

210
00:07:31,990 --> 00:07:30,880
primary primarily nocturnal in solitary

211
00:07:34,390 --> 00:07:32,000
bigfoot

212
00:07:36,230 --> 00:07:34,400
is close by so what are some of these

213
00:07:38,070 --> 00:07:36,240

signs i want to know

214

00:07:40,629 --> 00:07:38,080

andy told the daily star that despite

215

00:07:43,510 --> 00:07:40,639

the secretive creature creatures being

216

00:07:46,150 --> 00:07:43,520

naturally inquisitive animals attracted

217

00:07:48,550 --> 00:07:46,160

to human activity they prefer to keep

218

00:07:50,309 --> 00:07:48,560

their distance which we know like if

219

00:07:51,270 --> 00:07:50,319

there's humans that are staying in a

220

00:07:54,070 --> 00:07:51,280

cabin

221

00:07:57,430 --> 00:07:54,080

typically the the bigfoots will stay

222

00:07:59,589 --> 00:07:57,440

anywhere from 20 to 50 feet away near

223

00:08:01,909 --> 00:07:59,599

the wood line and they'll just throw

224

00:08:03,670 --> 00:08:01,919

things at the cabin like rocks

225

00:08:06,070 --> 00:08:03,680

uh trees

226

00:08:07,430 --> 00:08:06,080

uh whatever they whatever's handy that's

227

00:08:10,469 --> 00:08:07,440

laying around they'll

228

00:08:12,869 --> 00:08:10,479

chuck that at the cabin to uh either

229

00:08:15,110 --> 00:08:12,879

startle the humans or just kind of mess

230

00:08:17,189 --> 00:08:15,120

with them you know

231

00:08:18,629 --> 00:08:17,199

that's a that's a tried and two true

232

00:08:20,629 --> 00:08:18,639

tale right there

233

00:08:22,790 --> 00:08:20,639

uh but it goes on to say much like a

234

00:08:25,510 --> 00:08:22,800

skunk the beast also has been reported

235

00:08:26,629 --> 00:08:25,520

to produce a strong and overwhelming

236

00:08:29,430 --> 00:08:26,639

stench

237

00:08:31,909 --> 00:08:29,440

as a deterrent to others

238

00:08:33,509 --> 00:08:31,919

well i think well that's his

239

00:08:35,750 --> 00:08:33,519

opinion

240

00:08:38,230 --> 00:08:35,760

i think we just go on that bigfoot is

241

00:08:40,870 --> 00:08:38,240

hairy and just doesn't bathe all that

242

00:08:42,949 --> 00:08:40,880

much like uh yeah because i mean if

243

00:08:44,949 --> 00:08:42,959

bigfoot has a has a stench to him

244

00:08:46,630 --> 00:08:44,959

because he's a wild animal yeah why

245

00:08:48,230 --> 00:08:46,640

would that be specifically to deter

246

00:08:50,070 --> 00:08:48,240

humans wouldn't that just be maybe to

247

00:08:52,310 --> 00:08:50,080

attract other big feats yeah we don't

248

00:08:55,350 --> 00:08:52,320

know it could be like it's natural must

249

00:08:57,590 --> 00:08:55,360

to attract other uh big feet so they can

250

00:08:58,630 --> 00:08:57,600

do their their mating whatever they need

251
00:09:00,710 --> 00:08:58,640
to do

252
00:09:02,550 --> 00:09:00,720
uh and how would they generate this

253
00:09:05,269 --> 00:09:02,560
stench are they just constantly walking

254
00:09:07,590 --> 00:09:05,279
around rolling around in filth like dogs

255
00:09:10,230 --> 00:09:07,600
because my my dog does that i'm so joe's

256
00:09:11,750 --> 00:09:10,240
dogs uh will often just get on the

257
00:09:14,470 --> 00:09:11,760
ground and roll around in a bunch of

258
00:09:16,070 --> 00:09:14,480
crap to cover up their stench or cover

259
00:09:18,470 --> 00:09:16,080
up their doggy smell so they can hunt

260
00:09:21,030 --> 00:09:18,480
more effectively so maybe has something

261
00:09:23,590 --> 00:09:21,040
more to do with their hunting and mating

262
00:09:26,710 --> 00:09:23,600
rather than to deter

263
00:09:29,269 --> 00:09:26,720

a human so i don't know about that

264

00:09:31,509 --> 00:09:29,279

uh when it comes to looking for species

265

00:09:33,829 --> 00:09:31,519

in america's northwestern forest andy

266

00:09:35,030 --> 00:09:33,839

says its footprints are the obvious

267

00:09:38,070 --> 00:09:35,040

place to start

268

00:09:39,910 --> 00:09:38,080

of course of course he said i i just go

269

00:09:42,389 --> 00:09:39,920

to where his car is parked first yeah

270

00:09:45,110 --> 00:09:42,399

you know you can there are there are

271

00:09:46,710 --> 00:09:45,120

signs where you can hear bigfoot looking

272

00:09:48,630 --> 00:09:46,720

for his car remember

273

00:09:50,710 --> 00:09:48,640

he has he has a keychain he's he's

274

00:09:52,070 --> 00:09:50,720

constantly in the woods

275

00:09:54,070 --> 00:09:52,080

walking through the parking lot at all

276

00:09:58,230 --> 00:09:54,080

the national parks where the hell did i

277

00:09:59,110 --> 00:09:58,240

park i thought i was on b17 but i i

278

00:10:01,350 --> 00:09:59,120

wasn't

279

00:10:03,829 --> 00:10:01,360

keep in mind big feet do get uh free

280

00:10:05,829 --> 00:10:03,839

parking in all national parks so oh okay

281

00:10:07,509 --> 00:10:05,839

they're always cited there yeah make a

282

00:10:11,269 --> 00:10:07,519

free parking well this guy went on to

283

00:10:14,069 --> 00:10:11,279

said uh uh he went on to say as it as

284

00:10:17,110 --> 00:10:14,079

its name implies bigfoot has big feet

285

00:10:19,030 --> 00:10:17,120

which uh in appearance

286

00:10:21,430 --> 00:10:19,040

slow down a minute

287

00:10:23,350 --> 00:10:21,440

i'm not sure i follow that logic

288

00:10:27,269 --> 00:10:23,360

bigfoot has

289

00:10:29,990 --> 00:10:27,279

big feet according to this author

290

00:10:32,870 --> 00:10:30,000

that's a huge piece of news he's just

291

00:10:34,310 --> 00:10:32,880

cracked the case on that one yes

292

00:10:37,590 --> 00:10:34,320

so and he goes on to say that the

293

00:10:40,230 --> 00:10:37,600

appearance is similar to a human but

294

00:10:44,630 --> 00:10:40,240

obviously much bigger averaging between

295

00:10:45,430 --> 00:10:44,640

14 and 18 inches in length it has a flat

296

00:10:48,389 --> 00:10:45,440

foot

297

00:10:50,790 --> 00:10:48,399

which is broader and wider than humans

298

00:10:53,910 --> 00:10:50,800

and appears to display an unusual

299

00:10:56,630 --> 00:10:53,920

mid-foot flexibility commonly known as

300

00:10:59,030 --> 00:10:56,640

bigfoot researchers uh as the

301

00:11:00,790 --> 00:10:59,040

mid-stridel

302

00:11:02,470 --> 00:11:00,800

pressure ridge so that's some technical

303

00:11:05,030 --> 00:11:02,480

terminology right there when it comes to

304

00:11:07,110 --> 00:11:05,040

analyzing bigfoot prints

305

00:11:09,910 --> 00:11:07,120

uh beyond bigfoot prince recognizing

306

00:11:11,910 --> 00:11:09,920

bigfoot poo or scat from other animals

307

00:11:14,389 --> 00:11:11,920

is a skill many hunters are trying to

308

00:11:17,990 --> 00:11:14,399

learn andy explained scat from

309

00:11:21,030 --> 00:11:18,000

uh scat can provide useful insight into

310

00:11:23,269 --> 00:11:21,040

the dietary habits of hairy humanoids

311

00:11:24,310 --> 00:11:23,279

however it should be noted that no one

312

00:11:26,389 --> 00:11:24,320

knows

313

00:11:29,750 --> 00:11:26,399

their scat what their scat should look

314

00:11:33,030 --> 00:11:29,760

like so i guess that is a conundrum

315

00:11:35,190 --> 00:11:33,040

like even if you do find bigfoot dung in

316

00:11:37,670 --> 00:11:35,200

the wild how do you know it's bigfoot

317

00:11:40,630 --> 00:11:37,680

dung and not like bear crap

318

00:11:43,110 --> 00:11:40,640

we don't know the dietary uh

319

00:11:45,110 --> 00:11:43,120

routines of bigfoot what they primarily

320

00:11:47,430 --> 00:11:45,120

eat we don't know so it's hard to if

321

00:11:48,710 --> 00:11:47,440

you're digging around through crap

322

00:11:50,629 --> 00:11:48,720

you could be just digging around through

323

00:11:52,870 --> 00:11:50,639

anybody's crab has it been confirmed

324

00:11:54,790 --> 00:11:52,880

that bears crap in the woods

325

00:11:56,790 --> 00:11:54,800

we've never seen it so we don't know i

326

00:11:58,550 --> 00:11:56,800

know yeah

327

00:12:00,550 --> 00:11:58,560

i don't think it's gonna happen

328

00:12:03,030 --> 00:12:00,560

maybe we can't find that

329

00:12:06,069 --> 00:12:03,040

uh he goes on to say it is presumed that

330

00:12:07,990 --> 00:12:06,079

many of these animals are omnivores and

331

00:12:11,509 --> 00:12:08,000

that their scat may be similar in

332

00:12:14,310 --> 00:12:11,519

content in appearance to bears or humans

333

00:12:16,470 --> 00:12:14,320

albeit at a larger scale

334

00:12:17,670 --> 00:12:16,480

unfortunately without resorting to dna

335

00:12:19,829 --> 00:12:17,680

analysis

336

00:12:22,389 --> 00:12:19,839

it is visually impossible to determine

337

00:12:25,110 --> 00:12:22,399

what you're looking at

338

00:12:27,910 --> 00:12:25,120

even with dna analysis

339

00:12:30,069 --> 00:12:27,920

well i mean it depends on what side of

340

00:12:34,389 --> 00:12:30,079

the bigfoot fence you're on if you're on

341

00:12:35,910 --> 00:12:34,399

the side that believes bigfoot is just

342

00:12:37,350 --> 00:12:35,920

a larger

343

00:12:42,310 --> 00:12:37,360

different

344

00:12:44,870 --> 00:12:42,320

branch evolutionary branch of like a

345

00:12:47,350 --> 00:12:44,880

great ape then you're you're looking for

346

00:12:49,030 --> 00:12:47,360

dna that resembles something like a

347

00:12:51,110 --> 00:12:49,040

gorilla or

348

00:12:53,110 --> 00:12:51,120

uh something like along those lines if

349

00:12:56,389 --> 00:12:53,120

you're of the thought that bigfoot

350

00:12:57,350 --> 00:12:56,399

is a hybrid of human dna

351
00:13:00,069 --> 00:12:57,360
and

352
00:13:01,750 --> 00:13:00,079
like the nephilim or the the fallen

353
00:13:04,310 --> 00:13:01,760
angels from the

354
00:13:06,150 --> 00:13:04,320
the bible books then you're you're

355
00:13:07,829 --> 00:13:06,160
looking for something that you you

356
00:13:09,910 --> 00:13:07,839
really couldn't classify as of yet i

357
00:13:12,389 --> 00:13:09,920
know david politis in his bigfoot

358
00:13:13,350 --> 00:13:12,399
research is of the impression

359
00:13:14,949 --> 00:13:13,360
that

360
00:13:16,389 --> 00:13:14,959
the big feet

361
00:13:17,750 --> 00:13:16,399
are

362
00:13:20,470 --> 00:13:17,760
of dna

363
00:13:22,389 --> 00:13:20,480

their dna is human in origin and so when

364

00:13:24,949 --> 00:13:22,399

they go out and collect uh bigfoot

365

00:13:27,190 --> 00:13:24,959

evidence whether it's like uh hair that

366

00:13:29,430 --> 00:13:27,200

is uh attached to a branch or found in a

367

00:13:31,509 --> 00:13:29,440

cave and it looks like bigfoot hair it's

368

00:13:34,949 --> 00:13:31,519

long and very coarse and they test the

369

00:13:37,430 --> 00:13:34,959

dna it comes back as mostly human

370

00:13:39,829 --> 00:13:37,440

and so that is

371

00:13:41,430 --> 00:13:39,839

discounted by other bigfoot researchers who

372

00:13:43,910 --> 00:13:41,440

are absolutely convinced no we're

373

00:13:46,069 --> 00:13:43,920

looking for a gorilla type like a north

374

00:13:47,430 --> 00:13:46,079

american kind of gorilla

375

00:13:49,990 --> 00:13:47,440

if you're searching in north america

376

00:13:51,509 --> 00:13:50,000

that is so the two sides can't get along

377

00:13:54,150 --> 00:13:51,519

and there's debate over

378

00:13:55,829 --> 00:13:54,160

what bigfoot big feet really are so a

379

00:13:57,829 --> 00:13:55,839

dna digging through

380

00:14:00,069 --> 00:13:57,839

a bunch of crap on the ground to try to

381

00:14:01,030 --> 00:14:00,079

find dna is probably not practical

382

00:14:04,230 --> 00:14:01,040

because you're going to come back with

383

00:14:07,110 --> 00:14:04,240

something that you might not believe

384

00:14:09,829 --> 00:14:07,120

uh it goes on to say it is therefore um

385

00:14:12,069 --> 00:14:09,839

imperative that other clear signs tracks

386

00:14:15,030 --> 00:14:12,079

hairs preferably even sightings be

387

00:14:18,230 --> 00:14:15,040

present before resulting resorting to

388

00:14:20,710 --> 00:14:18,240

the fiscally prohibitive route of dna

389

00:14:23,509 --> 00:14:20,720

testing a third sign to keep an eye out

390

00:14:26,629 --> 00:14:23,519

for is hair caught on branches and

391

00:14:28,310 --> 00:14:26,639

bushes which could be proof that bigfoot

392

00:14:31,670 --> 00:14:28,320

has recently walked through the area

393

00:14:34,150 --> 00:14:31,680

according to andy

394

00:14:35,750 --> 00:14:34,160

yeah andy the author of uh this book

395

00:14:37,030 --> 00:14:35,760

that he's talking about bigfoot crap

396

00:14:40,150 --> 00:14:37,040

according to the guy sitting next to him

397

00:14:42,470 --> 00:14:40,160

at the bar yeah big massive dumps

398

00:14:44,150 --> 00:14:42,480

i said many hair samples that defy

399

00:14:46,550 --> 00:14:44,160

identification

400

00:14:47,590 --> 00:14:46,560

as known species have been attributed to

401
00:14:50,310 --> 00:14:47,600
various

402
00:14:52,069 --> 00:14:50,320
hairy humanoids over the years for more

403
00:14:53,750 --> 00:14:52,079
incredible stories from the daily star

404
00:14:55,269 --> 00:14:53,760
make sure you sign up for their

405
00:14:56,870 --> 00:14:55,279
newsletter here

406
00:14:59,030 --> 00:14:56,880
so the daily stars promote their own

407
00:15:00,470 --> 00:14:59,040
stuff throughout this article

408
00:15:02,550 --> 00:15:00,480
um just read anything on that

409
00:15:03,350 --> 00:15:02,560
teleprompter i certainly do

410
00:15:06,550 --> 00:15:03,360
uh

411
00:15:08,710 --> 00:15:06,560
this is because hair is seen as easier

412
00:15:11,509 --> 00:15:08,720
evidence to obtain due to

413
00:15:15,189 --> 00:15:11,519

its natural resistance to decay and its

414

00:15:16,710 --> 00:15:15,199

lack of appeal to scavengers so there we

415

00:15:22,069 --> 00:15:16,720

go

416

00:15:24,310 --> 00:15:22,079

paragraph here so what hair to look out

417

00:15:25,910 --> 00:15:24,320

for a professor from idaho state

418

00:15:28,310 --> 00:15:25,920

university's department of biological

419

00:15:31,030 --> 00:15:28,320

science has some ideas

420

00:15:33,509 --> 00:15:31,040

uh bigfoot researcher professor jeff

421

00:15:35,189 --> 00:15:33,519

meldrum advises that researchers look

422

00:15:38,150 --> 00:15:35,199

out for hairs that have

423

00:15:42,150 --> 00:15:38,160

parallel sided shafts with blunt worn

424

00:15:45,509 --> 00:15:42,160

tips anywhere up to several inches long

425

00:15:47,269 --> 00:15:45,519

and so that this professor

426
00:15:49,910 --> 00:15:47,279
we actually had him on the union of the

427
00:15:52,069 --> 00:15:49,920
unwanted to talk about bigfoot

428
00:15:53,910 --> 00:15:52,079
and he's of the mindset he's i think

429
00:15:58,470 --> 00:15:53,920
he's absolutely convinced

430
00:16:01,670 --> 00:15:58,480
that bigfoot is of an offshoot

431
00:16:02,710 --> 00:16:01,680
of a primate and so he's looking for a

432
00:16:04,389 --> 00:16:02,720
large

433
00:16:06,710 --> 00:16:04,399
primate out there

434
00:16:09,430 --> 00:16:06,720
with a similar dna structure to like a

435
00:16:10,150 --> 00:16:09,440
gorilla or orangutang or some crap like

436
00:16:13,670 --> 00:16:10,160
that

437
00:16:16,230 --> 00:16:13,680
we had on the show

438
00:16:19,189 --> 00:16:16,240

uh people believed that the bigfoot was

439

00:16:22,150 --> 00:16:19,199

more paranormal in nature and that it's

440

00:16:25,110 --> 00:16:22,160

not really of this realm it can walk in

441

00:16:27,110 --> 00:16:25,120

this realm but it can dip in in and out

442

00:16:28,550 --> 00:16:27,120

and it's more paranormal in nature and

443

00:16:31,110 --> 00:16:28,560

this professor

444

00:16:33,829 --> 00:16:31,120

uh professor meldrum he did not want to

445

00:16:35,189 --> 00:16:33,839

hear any of it he is he doesn't like

446

00:16:37,590 --> 00:16:35,199

talking about that stuff he doesn't want

447

00:16:39,670 --> 00:16:37,600

to entertain those ideas i don't think

448

00:16:42,790 --> 00:16:39,680

he even wanted to entertain the idea

449

00:16:44,230 --> 00:16:42,800

that uh the big the bigfoot is

450

00:16:48,949 --> 00:16:44,240

the

451
00:16:50,550 --> 00:16:48,959
ancient giants having sex he didn't want

452
00:16:53,030 --> 00:16:50,560
to hear any of that he's looking for a

453
00:16:54,550 --> 00:16:53,040
more practical scientific solution to

454
00:16:59,030 --> 00:16:54,560
bigfoot i don't think he's going to find

455
00:17:03,189 --> 00:17:00,710
but we're looking for big massive dumps

456
00:17:04,789 --> 00:17:03,199
to find bigfoot

457
00:17:07,350 --> 00:17:04,799
is there also a third possibility that

458
00:17:09,669 --> 00:17:07,360
bigfoot is just a series of very very

459
00:17:12,150 --> 00:17:09,679
very hairy men

460
00:17:13,829 --> 00:17:12,160
listen that's also a possibility it's

461
00:17:15,829 --> 00:17:13,839
just a bunch of wild men out there doing

462
00:17:19,110 --> 00:17:15,839
wild things partying up in the woods

463
00:17:22,390 --> 00:17:19,120

yeah so the bear community it's the bear

464

00:17:24,230 --> 00:17:22,400

community from these gay bears chasing

465

00:17:25,750 --> 00:17:24,240

you through the woods hey gay bears

466

00:17:27,669 --> 00:17:25,760

don't they chase cubs joe that's what

467

00:17:29,830 --> 00:17:27,679

they do right otters they call them

468

00:17:31,990 --> 00:17:29,840

otters

469

00:17:33,430 --> 00:17:32,000

yeah get with the parlance mike i'm

470

00:17:35,029 --> 00:17:33,440

sorry i've been out of the scene for a

471

00:17:36,549 --> 00:17:35,039

while

472

00:17:37,830 --> 00:17:36,559

i forgot nature it's only been a week

473

00:17:39,909 --> 00:17:37,840

since you were in florida you should be

474

00:17:41,990 --> 00:17:39,919

up to date on all this i should be i'm

475

00:17:43,669 --> 00:17:42,000

sorry i'm not

476

00:17:44,470 --> 00:17:43,679

so there there is some bigfoot news

477

00:17:47,029 --> 00:17:44,480

there

478

00:17:48,950 --> 00:17:47,039

uh i do think 2022

479

00:17:51,669 --> 00:17:48,960

is the year of bigfoot i think we're

480

00:17:54,150 --> 00:17:51,679

gonna see some more significant evidence

481

00:17:55,669 --> 00:17:54,160

especially when spring comes around and

482

00:17:58,230 --> 00:17:55,679

in fall i think we're gonna see some

483

00:18:01,909 --> 00:17:58,240

pretty incredible stuff it is

484

00:18:06,789 --> 00:18:03,909

and i'll be covering more bigfoot news

485

00:18:08,710 --> 00:18:06,799

on monster may coming up oh yes monster

486

00:18:11,110 --> 00:18:08,720

maze just right around the corner people

487

00:18:12,549 --> 00:18:11,120

monster me he says in february yeah hey

488

00:18:14,150 --> 00:18:12,559

489

00:18:15,590 --> 00:18:14,160

pre-promotion over here more bigfoot

490

00:18:18,390 --> 00:18:15,600
