

# THE ALASKAN HAIRYMAN

GET OFF  
MY LAND!

1  
00:00:00,270 --> 00:00:09,669  
[Applause]

2  
00:00:14,549 --> 00:00:11,760  
all right monsters

3  
00:00:17,910 --> 00:00:14,559  
[Music]

4  
00:00:19,349 --> 00:00:17,920  
all right this is monster may and today

5  
00:00:20,710 --> 00:00:19,359  
we have

6  
00:00:22,870 --> 00:00:20,720  
some monster

7  
00:00:25,429 --> 00:00:22,880  
talk about alaska

8  
00:00:28,150 --> 00:00:25,439  
uh in alaska there are a lot of bigfoot

9  
00:00:29,509 --> 00:00:28,160  
sightings but specifically

10  
00:00:31,509 --> 00:00:29,519  
uh in

11  
00:00:33,830 --> 00:00:31,519  
a region of alaska

12  
00:00:35,750 --> 00:00:33,840  
near homer alaska they've had a lot of

13  
00:00:38,790 --> 00:00:35,760

bigfoot sightings and they call

14

00:00:42,150 --> 00:00:38,800

bigfoot their hairy man

15

00:00:43,830 --> 00:00:42,160

um and i got a few clips that i saw uh

16

00:00:46,310 --> 00:00:43,840

from

17

00:00:49,110 --> 00:00:46,320

discovery plus discovery plus has a lot

18

00:00:50,950 --> 00:00:49,120

of information and shows on bigfoot in

19

00:00:53,910 --> 00:00:50,960

particular there is a show called the

20

00:00:56,869 --> 00:00:53,920

alaskan triangle in alaska they have

21

00:00:59,349 --> 00:00:56,879

their own version of like the bermuda

22

00:01:02,310 --> 00:00:59,359

triangle where they have a region

23

00:01:03,750 --> 00:01:02,320

in like the the center of alaska where a

24

00:01:05,750 --> 00:01:03,760

lot of stuff just kind of goes wrong

25

00:01:07,030 --> 00:01:05,760

people go missing there planes disappear

26

00:01:08,630 --> 00:01:07,040

there's bigfoot sightings a lot of

27

00:01:11,270 --> 00:01:08,640

paranormal activity

28

00:01:14,230 --> 00:01:11,280

and i think that uh these events take

29

00:01:16,310 --> 00:01:14,240

place like on the on the outer rim of

30

00:01:17,429 --> 00:01:16,320

the alaskan triangle is that where stan

31

00:01:20,149 --> 00:01:17,439

lives

32

00:01:22,550 --> 00:01:20,159

you know what um i don't know where stan

33

00:01:24,630 --> 00:01:22,560

is right now he might be alaska he's

34

00:01:27,749 --> 00:01:24,640

lost in the alaskan triangle he might be

35

00:01:31,109 --> 00:01:27,759

he might be this uh this first clip kind

36

00:01:36,390 --> 00:01:31,119

of sets up the the hairy man and what is

37

00:01:40,550 --> 00:01:38,149

the first stop on the journey to find

38

00:01:43,190 --> 00:01:40,560

the hairy man is the port of homer on

39

00:01:44,740 --> 00:01:43,200

the kenai peninsula over 200 miles

40

00:01:47,670 --> 00:01:44,750

southwest of anchorage

41

00:01:51,030 --> 00:01:47,680

[Music]

42

00:01:54,149 --> 00:01:51,040

the town is known as the end of the road

43

00:01:57,749 --> 00:01:54,159

from here there's just one way to travel

44

00:02:02,149 --> 00:02:00,310

now homer is the meeting place for a new

45

00:02:04,709 --> 00:02:02,159

expedition

46

00:02:07,590 --> 00:02:04,719

if the hairy man exists these three

47

00:02:10,070 --> 00:02:07,600

adventurers are determined to find him

48

00:02:13,510 --> 00:02:10,080

expedition leader is seasoned bigfoot

49

00:02:17,350 --> 00:02:13,520

hunter stephen major

50

00:02:19,750 --> 00:02:17,360

for steven this search is personal

51

00:02:21,190 --> 00:02:19,760

he's been to the kenai before

52

00:02:23,270 --> 00:02:21,200

i actually caught a glimpse of what i

53

00:02:25,510 --> 00:02:23,280

believe was the hairy man dashing

54

00:02:30,070 --> 00:02:25,520

between some trees

55

00:02:32,390 --> 00:02:30,080

what i saw was a bipedal hairy beast

56

00:02:35,110 --> 00:02:32,400

i was dumbfounded because i was in shock

57

00:02:37,670 --> 00:02:35,120

because i was not expecting to see that

58

00:02:39,670 --> 00:02:37,680

and i'll tell you what it was very

59

00:02:42,229 --> 00:02:39,680

exciting

60

00:02:44,710 --> 00:02:42,239

so the three gentlemen are convinced

61

00:02:47,430 --> 00:02:44,720

that a hairy man lives out on this this

62

00:02:49,910 --> 00:02:47,440

island just off the coast of the port

63

00:02:52,390 --> 00:02:49,920

and the island was initially colonized i

64

00:02:54,630 --> 00:02:52,400

believe back in the late 1800s there was

65

00:02:56,150 --> 00:02:54,640

big logging going on there

66

00:02:58,070 --> 00:02:56,160

and uh

67

00:03:00,149 --> 00:02:58,080

they experienced some pretty strange

68

00:03:02,470 --> 00:03:00,159

things and and throughout uh

69

00:03:05,589 --> 00:03:02,480

the the colonization there when when

70

00:03:09,030 --> 00:03:05,599

white man showed up uh there were a lot

71

00:03:11,350 --> 00:03:09,040

of sightings of these hairy creatures uh

72

00:03:14,229 --> 00:03:11,360

bipedal what we'd call bigfoot roaming

73

00:03:15,589 --> 00:03:14,239

around and being kind of belligerent now

74

00:03:21,190 --> 00:03:15,599

the native

75

00:03:23,509 --> 00:03:21,200

they're well aware of this kind of

76

00:03:26,789 --> 00:03:23,519

creature in their territory and they

77

00:03:29,750 --> 00:03:26,799

kind of stayed clear now there's a a lot

78

00:03:33,110 --> 00:03:29,760

of weird stuff that has happened in

79

00:03:34,789 --> 00:03:33,120

alaska related to the paranormal um

80

00:03:37,110 --> 00:03:34,799

ranging from

81

00:03:40,229 --> 00:03:37,120

the woolly mammoth being hunted up until

82

00:03:42,789 --> 00:03:40,239

the 1900s and so they're in their

83

00:03:44,630 --> 00:03:42,799

footprints being found up there uh

84

00:03:47,430 --> 00:03:44,640

beasts that have been probably

85

00:03:50,390 --> 00:03:47,440

considered long dead being found or at

86

00:03:52,309 --> 00:03:50,400

least reported up there by the inuit so

87

00:03:53,750 --> 00:03:52,319

really strange things

88

00:03:55,910 --> 00:03:53,760

now this yeah

89

00:03:58,630 --> 00:03:55,920

can they inuit take a picture then are

90

00:04:01,910 --> 00:03:58,640

they still there uh the the inuit tribes

91

00:04:04,229 --> 00:04:01,920

they are there um the best that they did

92

00:04:08,070 --> 00:04:04,239

is that they provided ivory they they

93

00:04:11,429 --> 00:04:08,080

found large intact ivory tusks that they

94

00:04:12,630 --> 00:04:11,439

traded with the settlers there and

95

00:04:13,990 --> 00:04:12,640

obviously the

96

00:04:15,750 --> 00:04:14,000

the white guys were like hey where are

97

00:04:17,349 --> 00:04:15,760

you getting ivory

98

00:04:19,189 --> 00:04:17,359

up here in the north there's no

99

00:04:20,550 --> 00:04:19,199

elephants up here and they're like

100

00:04:22,550 --> 00:04:20,560

we killed

101  
00:04:25,189 --> 00:04:22,560  
a mastodon what do you want out of me

102  
00:04:29,110 --> 00:04:25,199  
from the narwhals uh but yeah they found

103  
00:04:31,270 --> 00:04:29,120  
like large intact ivory tusks

104  
00:04:33,030 --> 00:04:31,280  
um so there's a lot of strange stuff

105  
00:04:36,230 --> 00:04:33,040  
going on there but this next clip speaks

106  
00:04:38,550 --> 00:04:36,240  
to uh a professor uh

107  
00:04:41,030 --> 00:04:38,560  
a university professor who is a crypto

108  
00:04:42,790 --> 00:04:41,040  
crypto zoologist who is investigating

109  
00:04:45,590 --> 00:04:42,800  
the hairy man

110  
00:04:50,150 --> 00:04:45,600  
like bigfoot around here stories of him

111  
00:04:53,110 --> 00:04:50,160  
are well known and go back generations

112  
00:04:55,030 --> 00:04:53,120  
dr robert alley is a cryptozoologist and

113  
00:04:56,469 --> 00:04:55,040

former professor of the university of

114

00:04:59,749 --> 00:04:56,479

alaska

115

00:05:02,469 --> 00:04:59,759

he's made a study of first-hand accounts

116

00:05:05,350 --> 00:05:02,479

the hairy man is a large

117

00:05:06,629 --> 00:05:05,360

bipedal completely hair-covered man-like

118

00:05:08,830 --> 00:05:06,639

creature

119

00:05:11,990 --> 00:05:08,840

very similar to sasquatch or

120

00:05:14,230 --> 00:05:12,000

bigfoot possibly related

121

00:05:17,270 --> 00:05:14,240

very large up to

122

00:05:20,310 --> 00:05:17,280

maybe even eight or nine feet tall very

123

00:05:23,510 --> 00:05:20,320

fast very territorial and it could be

124

00:05:27,110 --> 00:05:23,520

quite aggressive if provoked

125

00:05:29,830 --> 00:05:27,120

these accounts are really widespread

126

00:05:33,510 --> 00:05:29,840

um and so that's what these people are

127

00:05:36,629 --> 00:05:33,520

going out there to explore is to almost

128

00:05:38,310 --> 00:05:36,639

i would say provoke this hairy man into

129

00:05:40,150 --> 00:05:38,320

responding in a certain way like the

130

00:05:41,830 --> 00:05:40,160

hairy man apparently is a lot more

131

00:05:44,870 --> 00:05:41,840

territorial than some of the other

132

00:05:46,710 --> 00:05:44,880

bigfoot uh at least from what i've read

133

00:05:48,950 --> 00:05:46,720

it seems like a lot of time uh the

134

00:05:51,270 --> 00:05:48,960

bigfoot they will acknowledge the

135

00:05:52,870 --> 00:05:51,280

presence of humans they will kind of be

136

00:05:54,550 --> 00:05:52,880

curious to look at him and then they

137

00:05:56,070 --> 00:05:54,560

might just kind of get out of the area

138

00:05:58,550 --> 00:05:56,080

they're like we're not messing with

139

00:06:00,950 --> 00:05:58,560

these humans we're gonna go over here

140

00:06:02,870 --> 00:06:00,960

for a little bit when the humans leave

141

00:06:05,029 --> 00:06:02,880

we'll come back the hairy man on the

142

00:06:07,430 --> 00:06:05,039

other pa on the other hand uh seems to

143

00:06:09,510 --> 00:06:07,440

put up a bit of a fight

144

00:06:11,670 --> 00:06:09,520

in this next segment here

145

00:06:14,469 --> 00:06:11,680

we'll speak to that

146

00:06:16,940 --> 00:06:14,479

perched on the very tip of the kenai the

147

00:06:19,270 --> 00:06:16,950

abandoned settlement of port chatham

148

00:06:21,909 --> 00:06:19,280

[Music]

149

00:06:23,990 --> 00:06:21,919

i believe that port chatham alaska is an

150

00:06:25,909 --> 00:06:24,000

area that the hairy man has claimed for

151  
00:06:27,189 --> 00:06:25,919  
his own i really do believe that is his

152  
00:06:28,550 --> 00:06:27,199  
territory

153  
00:06:30,950 --> 00:06:28,560  
it's remote

154  
00:06:33,029 --> 00:06:30,960  
they wouldn't feel pressured and it

155  
00:06:34,390 --> 00:06:33,039  
gives them a refuge

156  
00:06:36,390 --> 00:06:34,400  
and it would be one that they want to

157  
00:06:38,150 --> 00:06:36,400  
protect

158  
00:06:40,100 --> 00:06:38,160  
there's good reason to think the hairy

159  
00:06:41,909 --> 00:06:40,110  
man lives around port chatham

160  
00:06:44,710 --> 00:06:41,919  
[Music]

161  
00:06:47,350 --> 00:06:44,720  
back in the early 1900s there were some

162  
00:06:58,469 --> 00:06:47,360  
terrible events here and no one's lived

163  
00:07:04,150 --> 00:07:00,950

hugh newman is an english author who's

164

00:07:07,029 --> 00:07:04,160

been researching the story

165

00:07:11,029 --> 00:07:07,039

in the early 20th century alaska was a

166

00:07:15,350 --> 00:07:12,870

when the settlers came in they found

167

00:07:18,390 --> 00:07:15,360

this wonderful area port chatham you

168

00:07:21,110 --> 00:07:18,400

know stunning natural beauty but also

169

00:07:22,790 --> 00:07:21,120

salmon was rich in that area

170

00:07:25,430 --> 00:07:22,800

what's strange about it to me is that it

171

00:07:27,589 --> 00:07:25,440

wasn't inhabited by native americans

172

00:07:30,309 --> 00:07:27,599

there was no indigenous population in

173

00:07:31,990 --> 00:07:30,319

this specific area so when the settlers

174

00:07:34,150 --> 00:07:32,000

came in you know it's kind of easy for

175

00:07:36,469 --> 00:07:34,160

them just to set up base there they

176

00:07:38,950 --> 00:07:36,479

opened a cannery for fishing

177

00:07:40,309 --> 00:07:38,960

so despite its isolation it began to

178

00:07:46,070 --> 00:07:40,319

grow

179

00:07:50,469 --> 00:07:47,909

but an early entry in the cannery

180

00:07:53,189 --> 00:07:50,479

supervisor's logbook is a telling sign

181

00:07:56,629 --> 00:07:53,199

of what was to come

182

00:07:59,510 --> 00:07:56,639

in 1905 in the local logbook of port

183

00:08:01,909 --> 00:07:59,520

chatham something menacing was recorded

184

00:08:03,970 --> 00:08:01,919

as being in the woods around the area of

185

00:08:09,749 --> 00:08:03,980

the fishing village

186

00:08:13,670 --> 00:08:11,670

the logbook states that the entire

187

00:08:16,309 --> 00:08:13,680

cannery was shut down

188

00:08:18,710 --> 00:08:16,319

the workforce left the site and didn't

189

00:08:21,350 --> 00:08:18,720

return until the next season because of

190

00:08:24,230 --> 00:08:21,360

something menacing in the forest

191

00:08:26,390 --> 00:08:24,240

then a few years later the situation got

192

00:08:29,029 --> 00:08:26,400

even worse

193

00:08:30,550 --> 00:08:29,039

around the 1920s through the 1930s there

194

00:08:33,350 --> 00:08:30,560

were people that would go up hunting in

195

00:08:35,029 --> 00:08:33,360

the woods and not return

196

00:08:36,310 --> 00:08:35,039

there were people that would go up in

197

00:08:37,990 --> 00:08:36,320

the woods and they would find

198

00:08:40,870 --> 00:08:38,000

dismembered and mangled bodies that

199

00:08:42,149 --> 00:08:40,880

would float down in the lagoon

200

00:08:44,870 --> 00:08:42,159

in conjunction with that there were

201  
00:08:45,310 --> 00:08:44,880  
sightings of a very large hairy man-like

202  
00:08:47,509 --> 00:08:45,320  
beast

203  
00:08:49,829 --> 00:08:47,519  
[Music]

204  
00:08:51,990 --> 00:08:49,839  
so was it bigfoot was it sasquat was it

205  
00:08:54,550 --> 00:08:52,000  
some kind of hairy beast that was

206  
00:08:57,829 --> 00:08:54,560  
terrorizing the locals dismembered

207  
00:08:59,590 --> 00:08:57,839  
bodies arms and legs were ripped off and

208  
00:09:01,990 --> 00:08:59,600  
tossed into the river

209  
00:09:04,630 --> 00:09:02,000  
and these were no bear attacks

210  
00:09:07,190 --> 00:09:04,640  
a bear would not be able to dismember

211  
00:09:09,750 --> 00:09:07,200  
and mutilate a body leaving no claw

212  
00:09:11,829 --> 00:09:09,760  
marks leaving no fang marks and that

213  
00:09:16,870 --> 00:09:11,839

would have sent a very distinct message

214

00:09:16,880 --> 00:09:21,590

they wanted to be left alone

215

00:09:28,870 --> 00:09:25,509

it was reported at that uh time that the

216

00:09:31,110 --> 00:09:28,880

the people working at that camp were so

217

00:09:34,630 --> 00:09:31,120

apprehensive about being there

218

00:09:37,590 --> 00:09:34,640

that they organized and demanded

219

00:09:39,509 --> 00:09:37,600

armed security to work out there at that

220

00:09:41,269 --> 00:09:39,519

camp um

221

00:09:44,070 --> 00:09:41,279

uh the owners were like you guys are

222

00:09:45,910 --> 00:09:44,080

crazy but uh they kept disappearing uh

223

00:09:47,110 --> 00:09:45,920

things started to just go awry there

224

00:09:49,269 --> 00:09:47,120

were attacks

225

00:09:51,190 --> 00:09:49,279

and it eventually shut down and all that

226

00:09:53,030 --> 00:09:51,200

equipment is still out there uh it's

227

00:09:54,630 --> 00:09:53,040

just was abandoned

228

00:09:56,550 --> 00:09:54,640

uh and it

229

00:09:58,550 --> 00:09:56,560

kind of rusted away so

230

00:09:59,750 --> 00:09:58,560

fascinating tale there's a lot of

231

00:10:01,430 --> 00:09:59,760

stories on there if you just look up

232

00:10:02,550 --> 00:10:01,440

alaska hairy man

233

00:10:05,430 --> 00:10:02,560

you'll see

234

00:10:07,590 --> 00:10:05,440

and find that that logging story

235

00:10:09,030 --> 00:10:07,600

um

236

00:10:10,870 --> 00:10:09,040

it sounds like though

237

00:10:13,030 --> 00:10:10,880

if we want to do some

238

00:10:15,350 --> 00:10:13,040

traditional 19th century logging there's

239

00:10:16,949 --> 00:10:15,360

a whole camp up there just ready to go

240

00:10:18,870 --> 00:10:16,959

yeah you might have to oil it a little

241

00:10:20,470 --> 00:10:18,880

bit and get it and repair it a little

242

00:10:22,790 --> 00:10:20,480

bit but you could probably get it going

243

00:10:24,870 --> 00:10:22,800

a little bit now during that expedition

244

00:10:26,710 --> 00:10:24,880

the three guys went out there they kind

245

00:10:28,949 --> 00:10:26,720

of set up camp

246

00:10:30,389 --> 00:10:28,959

and and looked around they didn't see

247

00:10:32,949 --> 00:10:30,399

much

248

00:10:34,630 --> 00:10:32,959

there was some movement in the woods but

249

00:10:36,870 --> 00:10:34,640

they couldn't tell if it was a bear or

250

00:10:39,030 --> 00:10:36,880

not uh but there are a lot of reports of

251  
00:10:41,269 --> 00:10:39,040  
people on boats around that area that

252  
00:10:43,190 --> 00:10:41,279  
are traveling fairly close to the island

253  
00:10:46,870 --> 00:10:43,200  
who do report seeing a humanoid creature

254  
00:10:49,590 --> 00:10:46,880  
standing on a cliff uh or the the

255  
00:10:51,110 --> 00:10:49,600  
shoreline and it freaks them out

256  
00:10:53,430 --> 00:10:51,120  
it's it's a pretty big thing they they

257  
00:10:56,710 --> 00:10:53,440  
uh they report that this creature is

258  
00:10:59,269 --> 00:10:56,720  
probably 10 to 12 feet tall so it's your

259  
00:11:00,230 --> 00:10:59,279  
it's your standard big boy uh

260  
00:11:04,389 --> 00:11:00,240  
it's

261  
00:11:07,030 --> 00:11:04,399  
um and fairly aggressive there are

262  
00:11:08,710 --> 00:11:07,040  
reports of uh

263  
00:11:10,550 --> 00:11:08,720

bigfoot attacks

264

00:11:12,630 --> 00:11:10,560

but a lot of times they seem pretty

265

00:11:14,949 --> 00:11:12,640

skittish like they're

266

00:11:17,269 --> 00:11:14,959

not really too interested in interacting

267

00:11:19,509 --> 00:11:17,279

with humans here's a one last clip i

268

00:11:21,509 --> 00:11:19,519

have of the alaskan

269

00:11:22,950 --> 00:11:21,519

sasquatch uh

270

00:11:25,829 --> 00:11:22,960

hairy man here we go

271

00:11:28,949 --> 00:11:25,839

[Music]

272

00:11:34,389 --> 00:11:28,959

on a winter's night in 1987

273

00:11:41,030 --> 00:11:36,630

a motorist experienced the most

274

00:11:45,269 --> 00:11:43,829

a vehicle had veered off the road its

275

00:11:49,910 --> 00:11:45,279

lights blinking

276  
00:11:57,940 --> 00:11:53,450  
the man stopped to help

277  
00:11:59,350 --> 00:11:57,950  
[Music]

278  
00:12:01,470 --> 00:11:59,360  
[Applause]

279  
00:12:04,710 --> 00:12:01,480  
but there was no driver

280  
00:12:19,670 --> 00:12:06,690  
only blood

281  
00:12:24,470 --> 00:12:22,230  
the man started searching

282  
00:12:26,870 --> 00:12:24,480  
unaware that there had been four recent

283  
00:12:30,790 --> 00:12:26,880  
sightings in this area of an enormous

284  
00:12:30,800 --> 00:12:38,150  
he was about to experience number five

285  
00:12:43,990 --> 00:12:40,790  
the creature is a local legend known as

286  
00:12:44,000 --> 00:12:49,829  
far more massive than bigfoot

287  
00:12:57,030 --> 00:12:51,190  
to this day

288  
00:13:00,310 --> 00:12:58,150

now

289

00:13:02,949 --> 00:13:00,320

like they said is far more massive than

290

00:13:04,949 --> 00:13:02,959

your typical bigfoot what you see in the

291

00:13:06,550 --> 00:13:04,959

pacific northwest or

292

00:13:08,470 --> 00:13:06,560

even here in ohio

293

00:13:10,230 --> 00:13:08,480

a lot of times they say they're they're

294

00:13:12,230 --> 00:13:10,240

about six to seven feet tall in the

295

00:13:15,430 --> 00:13:12,240

pacific northwest they can get up to ten

296

00:13:17,750 --> 00:13:15,440

feet tall they're in alaska apparently

297

00:13:20,949 --> 00:13:17,760

twelve feet tall now i i've been reading

298

00:13:22,790 --> 00:13:20,959

through my field guide to bigfoot and

299

00:13:24,230 --> 00:13:22,800

other mysterious primates and i did i

300

00:13:26,389 --> 00:13:24,240

found an entry

301  
00:13:27,430 --> 00:13:26,399  
that i found to be intriguing concerning

302  
00:13:30,949 --> 00:13:27,440  
bigfoot

303  
00:13:34,310 --> 00:13:30,959  
uh so pay attention here this was uh in

304  
00:13:35,269 --> 00:13:34,320  
pennsylvania in the mid 70s and there

305  
00:13:37,190 --> 00:13:35,279  
was

306  
00:13:38,470 --> 00:13:37,200  
a professor out there hanging out in the

307  
00:13:41,030 --> 00:13:38,480  
woods

308  
00:13:44,550 --> 00:13:41,040  
and uh the professor

309  
00:13:49,350 --> 00:13:44,560  
knew that he was in the company of some

310  
00:13:51,670 --> 00:13:49,360  
sort of large humanoid or bigfoot and he

311  
00:13:53,509 --> 00:13:51,680  
got so familiar with the surroundings

312  
00:13:55,189 --> 00:13:53,519  
and bigfoot got so familiar with him

313  
00:13:57,430 --> 00:13:55,199

that he could just kind of exist out

314

00:13:58,629 --> 00:13:57,440

there with them in fairly close

315

00:14:00,470 --> 00:13:58,639

proximity

316

00:14:03,430 --> 00:14:00,480

kind of like a gorilla in the mist kind

317

00:14:05,990 --> 00:14:03,440

of situation and this professor got to

318

00:14:07,269 --> 00:14:06,000

close enough and the bigfoot was so

319

00:14:09,269 --> 00:14:07,279

comfortable with him just kind of being

320

00:14:11,110 --> 00:14:09,279

his presence that he could the professor

321

00:14:14,550 --> 00:14:11,120

could describe

322

00:14:17,030 --> 00:14:14,560

uh exactly what this bigfoot looked like

323

00:14:19,030 --> 00:14:17,040

and so this is what he said he said it

324

00:14:21,750 --> 00:14:19,040

stood about seven feet tall was covered

325

00:14:24,790 --> 00:14:21,760

in short brown hair with slightly longer

326

00:14:27,110 --> 00:14:24,800

hair on the head under the arms and in

327

00:14:29,030 --> 00:14:27,120

the pubic area so he's got a big hairy

328

00:14:31,590 --> 00:14:29,040

bit bush

329

00:14:34,470 --> 00:14:31,600

uh its large eyes an expressive mouth

330

00:14:35,750 --> 00:14:34,480

sat on the face and was not primitive or

331

00:14:37,990 --> 00:14:35,760

animal like

332

00:14:40,870 --> 00:14:38,000

uh but the short hair that grew from the

333

00:14:42,710 --> 00:14:40,880

eyes down gave the appearance of a mask

334

00:14:44,790 --> 00:14:42,720

the arms did not reach below the knees

335

00:14:46,629 --> 00:14:44,800

it had a powerful body

336

00:14:49,189 --> 00:14:46,639

with well-developed legs and shoulder

337

00:14:53,189 --> 00:14:49,199

muscles a flat buttocks

338

00:14:56,310 --> 00:14:53,199

a 13-inch human-like footprint

339

00:14:58,069 --> 00:14:56,320

and a six-inch long penis

340

00:14:59,910 --> 00:14:58,079

the most notable feature was his

341

00:15:02,389 --> 00:14:59,920

protruding protruding stomach like so

342

00:15:04,949 --> 00:15:02,399

it's got like a beer gut and the

343

00:15:06,629 --> 00:15:04,959

creature smelled like damp dog so it

344

00:15:10,550 --> 00:15:06,639

smelled like a dirty dog it's got a

345

00:15:12,389 --> 00:15:10,560

six-inch penis with a a flat butt

346

00:15:14,069 --> 00:15:12,399

yeah oh really

347

00:15:16,150 --> 00:15:14,079

is this the first cryptid sighting we've

348

00:15:18,870 --> 00:15:16,160

had where they explicitly describe

349

00:15:20,150 --> 00:15:18,880

genitalia yes i believe so and that's

350

00:15:22,150 --> 00:15:20,160

why i thought it was important to bring

351

00:15:25,110 --> 00:15:22,160

it to the show um

352

00:15:28,310 --> 00:15:25,120

i i'm curious about uh cryptid penis

353

00:15:30,389 --> 00:15:28,320

genitalia and also alien genitalia

354

00:15:33,030 --> 00:15:30,399

because it's not often described

355

00:15:34,550 --> 00:15:33,040

in the uh when i when i read some alien

356

00:15:35,590 --> 00:15:34,560

sex encounters

357

00:15:36,870 --> 00:15:35,600

uh

358

00:15:39,910 --> 00:15:36,880

some of the abductees the human

359

00:15:43,430 --> 00:15:39,920

abductees describe the the pubic region

360

00:15:45,350 --> 00:15:43,440

of the aliens as like kind of fiery red

361

00:15:48,629 --> 00:15:45,360

uh this is the first first uh

362

00:15:51,990 --> 00:15:48,639

description i've seen of a bigfoot penis

363

00:15:55,110 --> 00:15:52,000

um it's six inches and the bigfoot only

364

00:15:57,990 --> 00:15:55,120

stands about seven feet tall now i'm

365

00:15:59,910 --> 00:15:58,000

assuming that is six inches flaccid and

366

00:16:01,990 --> 00:15:59,920

not unless the bigfoot is walking around

367

00:16:04,150 --> 00:16:02,000

with an erection

368

00:16:05,350 --> 00:16:04,160

which is possible we don't oh i mean

369

00:16:07,350 --> 00:16:05,360

it's very

370

00:16:09,509 --> 00:16:07,360

maybe uh think about you know carrying a

371

00:16:11,030 --> 00:16:09,519

rubber around with you uh i don't i mean

372

00:16:13,189 --> 00:16:11,040

maybe

373

00:16:16,069 --> 00:16:13,199

um you're suggesting that bigfoot is a

374

00:16:17,990 --> 00:16:16,079

as a grower not a shower possibly

375

00:16:19,509 --> 00:16:18,000

uh although six inches it's nothing to

376

00:16:20,870 --> 00:16:19,519

sneeze at people come on let's be

377

00:16:23,269 --> 00:16:20,880

realistic here

378

00:16:26,389 --> 00:16:25,269

no well not in pennsylvania in

379

00:16:31,430 --> 00:16:26,399

pennsylvania

380

00:16:32,949 --> 00:16:31,440

in alaska 10 to 12 feet tall so it's

381

00:16:35,110 --> 00:16:32,959

gonna he's probably gonna have a much

382

00:16:36,550 --> 00:16:35,120

bigger penis i would imagine

383

00:16:38,470 --> 00:16:36,560

but we don't have any confirmation on

384

00:16:40,790 --> 00:16:38,480

that those loggers out there didn't

385

00:16:42,870 --> 00:16:40,800

report uh when they were being attacked

386

00:16:45,030 --> 00:16:42,880

and mutilated by the bigfoot they chose

387

00:16:46,790 --> 00:16:45,040

not to look down and do that kind of

388

00:16:48,870 --> 00:16:46,800

investigation they were probably fearing

389

00:16:50,790 --> 00:16:48,880

for their lives trying to make a lager

390

00:16:52,949 --> 00:16:50,800

joke here yeah

391

00:16:54,230 --> 00:16:52,959

yeah there's a lot of places we could go

392

00:16:57,110 --> 00:16:54,240

with that

393

00:17:00,710 --> 00:16:57,120

nothing's coming to mind right now

394

00:17:03,430 --> 00:17:00,720

um and to wrap up my uh my bigfoot uh

395

00:17:04,870 --> 00:17:03,440

bonanza that i've been on i've been uh

396

00:17:07,510 --> 00:17:04,880

watching a series called expedition

397

00:17:09,350 --> 00:17:07,520

bigfoot on discovery plus

398

00:17:13,429 --> 00:17:09,360

they're investigating bigfoot i believe

399

00:17:15,350 --> 00:17:13,439

in oregon they have like a 30 000

400

00:17:16,230 --> 00:17:15,360

acre area to explore

401  
00:17:18,549 --> 00:17:16,240  
and

402  
00:17:20,710 --> 00:17:18,559  
they got indications that there was some

403  
00:17:23,270 --> 00:17:20,720  
weird stuff going on that they they

404  
00:17:24,870 --> 00:17:23,280  
picked up on some thermal images there

405  
00:17:26,230 --> 00:17:24,880  
um they

406  
00:17:27,750 --> 00:17:26,240  
talked to some people that lived in the

407  
00:17:30,070 --> 00:17:27,760  
area and they believed that there was a

408  
00:17:32,390 --> 00:17:30,080  
military installation in that area at a

409  
00:17:34,470 --> 00:17:32,400  
certain point they found some

410  
00:17:36,710 --> 00:17:34,480  
what they believe some sort of like

411  
00:17:39,590 --> 00:17:36,720  
structure below the surface

412  
00:17:41,110 --> 00:17:39,600  
they couldn't find an entrance uh they

413  
00:17:45,190 --> 00:17:41,120

did

414

00:17:47,270 --> 00:17:45,200

appear on like the flear

415

00:17:48,870 --> 00:17:47,280

in the thermal uh some something was

416

00:17:50,710 --> 00:17:48,880

walking through the woods but there was

417

00:17:52,390 --> 00:17:50,720

no detail to it

418

00:17:53,669 --> 00:17:52,400

and it moved pretty quick but they did

419

00:17:55,830 --> 00:17:53,679

capture something

420

00:17:57,430 --> 00:17:55,840

so there's a like a lot of activity

421

00:17:59,750 --> 00:17:57,440

around this lake like they set up all

422

00:18:01,750 --> 00:17:59,760

these cameras they set up all the

423

00:18:04,310 --> 00:18:01,760

surveillance equipment and they got a

424

00:18:06,150 --> 00:18:04,320

lot of activity and then then the next

425

00:18:08,470 --> 00:18:06,160

day they're like well

426

00:18:10,710 --> 00:18:08,480

uh bigfoot moved on and we're

427

00:18:12,710 --> 00:18:10,720

we're moving the entire production to

428

00:18:16,070 --> 00:18:12,720

california

429

00:18:18,549 --> 00:18:16,080

and that's a a bit strange

430

00:18:21,750 --> 00:18:18,559

either they were run out of there

431

00:18:23,669 --> 00:18:21,760

or they decided just to vacation in the

432

00:18:25,990 --> 00:18:23,679

redwoods in california

433

00:18:27,990 --> 00:18:26,000

they set up they spent all this time

434

00:18:30,630 --> 00:18:28,000

setting up these campsites and

435

00:18:32,470 --> 00:18:30,640

understanding the trails they found what

436

00:18:33,830 --> 00:18:32,480

they said was a bigfoot kill area

437

00:18:35,990 --> 00:18:33,840

because there was like a bunch of deer

438

00:18:37,830 --> 00:18:36,000

bones and elk bones all in one area like

439

00:18:39,110 --> 00:18:37,840

they were all dragged to one area and

440

00:18:40,549 --> 00:18:39,120

and fed upon

441

00:18:42,950 --> 00:18:40,559

they found all these kind of tree

442

00:18:45,029 --> 00:18:42,960

structures they have what they think are

443

00:18:46,390 --> 00:18:45,039

structures below the surface

444

00:18:51,990 --> 00:18:46,400

and

445

00:18:55,590 --> 00:18:52,000

uh either they were asked to leave

446

00:18:58,870 --> 00:18:55,600

by some authority there um they got lazy

447

00:19:01,669 --> 00:18:58,880

or they really did uh think that bigfoot

448

00:19:03,830 --> 00:19:01,679

just decided to migrate and move on and

449

00:19:06,230 --> 00:19:03,840

there was nothing else to investigate

450

00:19:08,390 --> 00:19:06,240

there which they spent all that time and

451  
00:19:10,710 --> 00:19:08,400  
there's so much activity going on there

452  
00:19:11,990 --> 00:19:10,720  
why just pick up and move so

453  
00:19:14,310 --> 00:19:12,000  
question from the chat on that one they

454  
00:19:15,990 --> 00:19:14,320  
said uh did their phone start glitching

455  
00:19:19,029 --> 00:19:16,000  
out was that the problem no phone

456  
00:19:21,430 --> 00:19:19,039  
glitching that i could tell there was uh

457  
00:19:24,630 --> 00:19:21,440  
none of that skin walker range

458  
00:19:27,110 --> 00:19:24,640  
shenanigans going on uh all their drones

459  
00:19:28,549 --> 00:19:27,120  
all their electronics appeared to be

460  
00:19:30,070 --> 00:19:28,559  
working uh

461  
00:19:31,510 --> 00:19:30,080  
quite normally

462  
00:19:33,830 --> 00:19:31,520  
and they were getting calls like i

463  
00:19:35,909 --> 00:19:33,840

played i played clips on a couple

464

00:19:37,669 --> 00:19:35,919

previous shows like they were whistling

465

00:19:39,990 --> 00:19:37,679

they did three whistles and they got

466

00:19:41,909 --> 00:19:40,000

whistles back they were playing uh

467

00:19:44,310 --> 00:19:41,919

suspected bit bigfoot calls through

468

00:19:45,830 --> 00:19:44,320

large speakers and they were getting

469

00:19:47,750 --> 00:19:45,840

responses back

470

00:19:49,350 --> 00:19:47,760

um and they felt like they were being

471

00:19:51,110 --> 00:19:49,360

followed at times

472

00:19:54,150 --> 00:19:51,120

it seemed like there's a lot of activity

473

00:19:55,669 --> 00:19:54,160

out there enough to warrant just camping

474

00:19:57,590 --> 00:19:55,679

out there and hanging out for a few more

475

00:19:59,750 --> 00:19:57,600

weeks what's it going to hurt

476  
00:20:01,110 --> 00:19:59,760  
but no they decided to go to california

477  
00:20:02,710 --> 00:20:01,120  
during the season it wasn't like a

478  
00:20:05,190 --> 00:20:02,720  
season closer

479  
00:20:06,789 --> 00:20:05,200  
like typically they stay in one spot for

480  
00:20:09,029 --> 00:20:06,799  
the entire season

481  
00:20:10,789 --> 00:20:09,039  
and that's it and for whatever during

482  
00:20:12,870 --> 00:20:10,799  
this season they decided to kind of pick

483  
00:20:14,549 --> 00:20:12,880  
up right towards the end of the season

484  
00:20:16,549 --> 00:20:14,559  
and move operations

485  
00:20:18,789 --> 00:20:16,559  
and set up a half-assed campsite

486  
00:20:20,549 --> 00:20:18,799  
somewhere in the the redwoods of

487  
00:20:22,549 --> 00:20:20,559  
california so

488  
00:20:26,040 --> 00:20:22,559

kind of bizarre

489

00:20:27,510 --> 00:20:26,050

but uh that's what i got for monster may

490

00:20:29,270 --> 00:20:27,520

[Music]

491

00:20:34,710 --> 00:20:29,280

monster

492

00:20:37,590 --> 00:20:34,720

uh but we will uh take some phone calls

493

00:20:38,950 --> 00:20:37,600

here six one four three eight eight nine

494

00:20:40,789 --> 00:20:38,960

109

495

00:20:43,110 --> 00:20:40,799

or uh skype in

496

00:20:44,950 --> 00:20:43,120

our big dumb mouth the you can skype

497

00:20:47,510 --> 00:20:44,960

498

00:20:50,230 --> 00:20:47,520

better sound we can hear you better

499

00:20:52,070 --> 00:20:50,240

and it just sounds better yeah cool

500

00:20:54,230 --> 00:20:52,080

bluetooth headphones do not call on

501  
00:20:55,669 --> 00:20:54,240  
those news go ahead and take the phone

502  
00:20:58,390 --> 00:20:55,679  
calls

503  
00:21:00,390 --> 00:20:58,400  
let's uh try this phone call right here

504  
00:21:05,029 --> 00:21:00,400  
hello

505  
00:21:05,990 --> 00:21:05,039  
hi hey we can hear you you sound like

506  
00:21:07,430 --> 00:21:06,000  
you're right

507  
00:21:08,549 --> 00:21:07,440  
no you're okay he's just a little

508  
00:21:09,990 --> 00:21:08,559  
excited

509  
00:21:11,590 --> 00:21:10,000  
i'm on skype i shouldn't sound like

510  
00:21:12,950 --> 00:21:11,600  
trash you sound better yeah you just

511  
00:21:14,870 --> 00:21:12,960  
sound like an open air away from the

512  
00:21:17,350 --> 00:21:14,880  
microphone yeah you're overwhelmed sorry

513  
00:21:18,710 --> 00:21:17,360

it was it was down my throat

514

00:21:20,070 --> 00:21:18,720

so who are we talking to where you where

515

00:21:21,990 --> 00:21:20,080

are you calling in from

516

00:21:24,710 --> 00:21:22,000

uh my name is sam i'm

517

00:21:25,909 --> 00:21:24,720

in chile right now chile okay well how

518

00:21:27,830 --> 00:21:25,919

are you doing sam

519

00:21:29,190 --> 00:21:27,840

i'm fine how are you guys doing pretty

520

00:21:31,510 --> 00:21:29,200

well pretty well what's on your mind

521

00:21:32,870 --> 00:21:31,520

tonight uh i wanted to talk about

522

00:21:37,750 --> 00:21:32,880

twitter

523

00:21:38,870 --> 00:21:37,760

the chilean death bird okay yeah go for

524

00:21:39,909 --> 00:21:38,880

it

525

00:21:42,870 --> 00:21:39,919

so

526

00:21:46,470 --> 00:21:42,880

there's this bird that has the head of a

527

00:21:48,630 --> 00:21:46,480

human that visits usually old people and

528

00:21:50,630 --> 00:21:48,640

when they hear this bird sing twitter

529

00:21:51,990 --> 00:21:50,640

outside of their window

530

00:21:53,990 --> 00:21:52,000

um

531

00:21:56,470 --> 00:21:54,000

they'll die that night

532

00:21:59,909 --> 00:21:56,480

well that's pretty creepy is it like a

533

00:22:02,070 --> 00:21:59,919

traditional like just a large blue jay

534

00:22:03,190 --> 00:22:02,080

or a large common bird or does it look

535

00:22:06,390 --> 00:22:03,200

menacing

536

00:22:07,909 --> 00:22:06,400

i'd assume it's more like an owl okay

537

00:22:09,830 --> 00:22:07,919

something like an owl

538

00:22:12,630 --> 00:22:09,840

um but they hear it sink wait way

539

00:22:14,310 --> 00:22:12,640

outside of their window and apparently

540

00:22:16,230 --> 00:22:14,320

i mean this comes from like

541

00:22:18,470 --> 00:22:16,240

a lot of um

542

00:22:20,789 --> 00:22:18,480

a lot of stories from old people you

543

00:22:22,470 --> 00:22:20,799

know uh apparently if you throw salt

544

00:22:24,390 --> 00:22:22,480

into fire

545

00:22:26,870 --> 00:22:24,400

when you see it and when you hear it

546

00:22:28,789 --> 00:22:26,880

then you won't die that night

547

00:22:31,190 --> 00:22:28,799

okay so it's very strange like a

548

00:22:32,710 --> 00:22:31,200

superstition um up here in the north we

549

00:22:34,950 --> 00:22:32,720

have something called thunderbirds have

550

00:22:35,990 --> 00:22:34,960

you heard of thunderbirds thunderbirds i

551

00:22:38,110 --> 00:22:36,000

have not heard of that take a look at

552

00:22:40,789 --> 00:22:38,120

thunderbirds the thunderbirds are just

553

00:22:42,630 --> 00:22:40,799

extremely large

554

00:22:44,789 --> 00:22:42,640

uh regular birds uh there have been

555

00:22:47,350 --> 00:22:44,799

reports of them uh

556

00:22:51,669 --> 00:22:47,360

of snatching up uh small dogs even

557

00:22:53,990 --> 00:22:51,679

children uh in the 1970s in illinois uh

558

00:22:56,390 --> 00:22:54,000

there were reports of a child actually

559

00:22:57,750 --> 00:22:56,400

being uh snagged up into the air it was

560

00:22:59,830 --> 00:22:57,760

dropped because it was a little too

561

00:23:02,390 --> 00:22:59,840

heavy for the thunderbird but then the

562

00:23:04,950 --> 00:23:02,400

native americans have reported sightings

563

00:23:07,909 --> 00:23:04,960

of thunderbirds and it's a little bit

564

00:23:09,750 --> 00:23:07,919

more common than uh you might think uh

565

00:23:12,710 --> 00:23:09,760

you were talking about the the native

566

00:23:14,950 --> 00:23:12,720

american relation to this stuff this

567

00:23:17,190 --> 00:23:14,960

twitch way also comes from a

568

00:23:18,149 --> 00:23:17,200

traditional chilean story

569

00:23:20,310 --> 00:23:18,159

so

570

00:23:22,390 --> 00:23:20,320

what do you think that is i i just think

571

00:23:25,190 --> 00:23:22,400

that the people who have inhabited the

572

00:23:27,029 --> 00:23:25,200

the lands the longest tend to have a

573

00:23:29,590 --> 00:23:27,039

longer history more knowledge of the

574

00:23:31,909 --> 00:23:29,600

land uh and they might be a little bit

575

00:23:34,390 --> 00:23:31,919

more in tune with nature and so they

576  
00:23:36,390 --> 00:23:34,400  
might encounter these uh creatures and

577  
00:23:38,230 --> 00:23:36,400  
weird events a little bit more often

578  
00:23:40,470 --> 00:23:38,240  
and they take it at face value they

579  
00:23:43,029 --> 00:23:40,480  
don't seem to dismiss it right they they

580  
00:23:45,990 --> 00:23:43,039  
they interact with it and so it's more

581  
00:23:48,789 --> 00:23:46,000  
real to them so they believe it and that

582  
00:23:50,789 --> 00:23:48,799  
may in turn allow them to experience it

583  
00:23:53,350 --> 00:23:50,799  
a little bit more frequently

584  
00:23:55,110 --> 00:23:53,360  
uh i see i see you don't think it's like

585  
00:23:57,029 --> 00:23:55,120  
some sort of spirit

586  
00:23:58,710 --> 00:23:57,039  
passed down from generations it could be

587  
00:23:59,990 --> 00:23:58,720  
no it could be that too but since you

588  
00:24:03,269 --> 00:24:00,000

believe in it

589

00:24:06,230 --> 00:24:03,279

it may make it that much more real to

590

00:24:08,630 --> 00:24:06,240

you in that culture um like the native

591

00:24:10,870 --> 00:24:08,640

americans have a history of interact at

592

00:24:12,470 --> 00:24:10,880

least in the southwest uh the native

593

00:24:16,070 --> 00:24:12,480

american tribes there had a history of

594

00:24:17,830 --> 00:24:16,080

trading with large hairy men seven foot

595

00:24:19,510 --> 00:24:17,840

to eight foot tall they called him a

596

00:24:21,590 --> 00:24:19,520

different kind of human try but they're

597

00:24:25,510 --> 00:24:21,600

what we'd call bigfoot to them it was

598

00:24:28,470 --> 00:24:25,520

just normal to see them right right

599

00:24:30,230 --> 00:24:28,480

do you know about the um the people of

600

00:24:33,190 --> 00:24:30,240

um

601  
00:24:35,430 --> 00:24:33,200  
isla de fuego

602  
00:24:37,350 --> 00:24:35,440  
like land of the fire at the the far

603  
00:24:39,430 --> 00:24:37,360  
point of south america the furthest

604  
00:24:40,470 --> 00:24:39,440  
southern point yeah i know about it but

605  
00:24:43,110 --> 00:24:40,480  
why don't you go ahead and talk about

606  
00:24:47,350 --> 00:24:43,120  
they don't like the british

607  
00:24:48,630 --> 00:24:47,360  
people were native americans living down

608  
00:24:49,830 --> 00:24:48,640  
there right

609  
00:24:51,830 --> 00:24:49,840  
there

610  
00:24:53,430 --> 00:24:51,840  
from the stories that the the the

611  
00:24:55,669 --> 00:24:53,440  
british have told that the spanish have

612  
00:24:57,029 --> 00:24:55,679  
told they were naked they just painted

613  
00:25:00,789 --> 00:24:57,039

their bodies

614

00:25:03,110 --> 00:25:00,799

in these weird colors right um

615

00:25:04,870 --> 00:25:03,120

they were apparently huge some people

616

00:25:06,549 --> 00:25:04,880

have seen huge people like seven eight

617

00:25:07,590 --> 00:25:06,559

feet tall of these people

618

00:25:08,870 --> 00:25:07,600

um

619

00:25:10,630 --> 00:25:08,880

i don't know i was wondering if you guys

620

00:25:13,750 --> 00:25:10,640

knew anything about that well there are

621

00:25:16,230 --> 00:25:13,760

reports from the conquistadors that were

622

00:25:18,870 --> 00:25:16,240

surveying the the shoreline of south

623

00:25:20,950 --> 00:25:18,880

america they reported seeing large

624

00:25:22,070 --> 00:25:20,960

giants on the shores

625

00:25:24,230 --> 00:25:22,080

when

626

00:25:25,669 --> 00:25:24,240

and so that would kind of fall in line

627

00:25:28,149 --> 00:25:25,679

with what you're talking about where do

628

00:25:30,870 --> 00:25:28,159

those giants go are they still there or

629

00:25:33,110 --> 00:25:30,880

were they all massacred um

630

00:25:35,269 --> 00:25:33,120

they they could be living

631

00:25:37,110 --> 00:25:35,279

still alive there just in a cave system

632

00:25:38,950 --> 00:25:37,120

and just choosing not to interact with

633

00:25:40,710 --> 00:25:38,960

humans because they probably had very

634

00:25:43,190 --> 00:25:40,720

bad experiences

635

00:25:44,870 --> 00:25:43,200

yeah yeah i mean i i'd love to go down

636

00:25:46,710 --> 00:25:44,880

there and check it out

637

00:25:48,630 --> 00:25:46,720

yeah i would i would uh i would love

638

00:25:49,909 --> 00:25:48,640

first hand uh account there's a lot of

639

00:25:52,549 --> 00:25:49,919

people that want to get down to south

640

00:25:55,269 --> 00:25:52,559

america because they think that uh going

641

00:25:56,950 --> 00:25:55,279

down there they could make this one

642

00:25:59,669 --> 00:25:56,960

little leap over there to antarctica and

643

00:26:01,430 --> 00:25:59,679

discover if earth is flat or not

644

00:26:02,390 --> 00:26:01,440

right

645

00:26:07,669 --> 00:26:02,400

i mean

646

00:26:09,990 --> 00:26:07,679

flat round i'll take anything whatever

647

00:26:11,750 --> 00:26:10,000

you got

648

00:26:13,510 --> 00:26:11,760

hey thank you guys hey thank you sam

649

00:26:17,430 --> 00:26:13,520

really appreciate you calling in

650

00:26:21,750 --> 00:26:20,070

sam with an excellent phone call

651  
00:26:23,909 --> 00:26:21,760  
i really appreciated that i was looking

652  
00:26:26,230 --> 00:26:23,919  
up the toy toy here so they say uh based

653  
00:26:27,190 --> 00:26:26,240  
on a legend from the mapuche tribe in

654  
00:26:28,630 --> 00:26:27,200  
chile

655  
00:26:30,630 --> 00:26:28,640  
tell the story of a wizard who turns

656  
00:26:32,470 --> 00:26:30,640  
himself into a flying creature oh

657  
00:26:36,830 --> 00:26:32,480  
awesome yeah look into that

658  
00:26:39,510 --> 00:26:38,390  
hello

659  
00:26:41,909 --> 00:26:39,520  
hi

660  
00:26:51,510 --> 00:26:45,510  
um mike i i would like you to check out

661  
00:27:00,710 --> 00:26:54,630  
check out in what way

662  
00:27:02,149 --> 00:27:00,720  
um i saw this video um earlier and um

663  
00:27:04,789 --> 00:27:02,159

yesterday

664

00:27:07,110 --> 00:27:04,799

and every vaccine

665

00:27:08,549 --> 00:27:07,120

kovid

666

00:27:13,350 --> 00:27:08,559

ad

667

00:27:14,789 --> 00:27:13,360

was of

668

00:27:16,870 --> 00:27:14,799

blue and yellow

669

00:27:19,190 --> 00:27:16,880

oh i kind of feel like they're gearing

670

00:27:20,789 --> 00:27:19,200

us gearing us up for

671

00:27:23,510 --> 00:27:20,799

this war

672

00:27:25,830 --> 00:27:23,520

hmm like it's some sort of subliminal

673

00:27:27,830 --> 00:27:25,840

color messaging to kind of get well i

674

00:27:28,549 --> 00:27:27,840

mean that would kind of fall in line i

675

00:27:29,350 --> 00:27:28,559

mean

676  
00:27:32,630 --> 00:27:29,360  
yeah

677  
00:27:35,029 --> 00:27:32,640  
that would fall in line i think if you

678  
00:27:36,389 --> 00:27:35,039  
took a poll the majority of the people

679  
00:27:38,470 --> 00:27:36,399  
that uh

680  
00:27:40,870 --> 00:27:38,480  
liked the vaccine they'd like it have

681  
00:27:42,549 --> 00:27:40,880  
you have you seen the video no i haven't

682  
00:27:43,430 --> 00:27:42,559  
but i can i can kind of see what you're

683  
00:27:45,669 --> 00:27:43,440  
getting

684  
00:27:48,149 --> 00:27:45,679  
i i think you should need to go you need

685  
00:27:49,190 --> 00:27:48,159  
to go and bit you and you need to type

686  
00:27:55,110 --> 00:27:49,200  
in

687  
00:27:58,149 --> 00:27:55,120  
guarantee you the the video will pop up

688  
00:28:00,389 --> 00:27:58,159

it is so [\h\_\_\h] weird like there's so

689

00:28:03,909 --> 00:28:00,399

many advertisements that are blue and

690

00:28:06,630 --> 00:28:03,919

yellow for the vaccine

691

00:28:09,909 --> 00:28:06,640

uh yeah i i if i had to take a look at

692

00:28:12,470 --> 00:28:09,919

the the corporate branding of uh pfizer

693

00:28:14,630 --> 00:28:12,480

i'm sure we'd probably see a correlation

694

00:28:16,710 --> 00:28:14,640

um i'm sure we'd see a correlation with

695

00:28:20,950 --> 00:28:16,720

the with the number of people that want

696

00:28:22,149 --> 00:28:20,960

to get involved in a war in ukraine and

697

00:28:23,590 --> 00:28:22,159

also

698

00:28:25,190 --> 00:28:23,600

get involved with the vaccine there's

699

00:28:27,190 --> 00:28:25,200

probably some kind of correlation there

700

00:28:28,470 --> 00:28:27,200

but we've we've seen this split

701  
00:28:30,230 --> 00:28:28,480  
we've seen a split in the universe for a

702  
00:28:33,029 --> 00:28:30,240  
long time the split in the universe has

703  
00:28:35,190 --> 00:28:33,039  
been happening since 2014

704  
00:28:37,430 --> 00:28:35,200  
when you say correlation do you mean

705  
00:28:39,830 --> 00:28:37,440  
like get people on the side of like

706  
00:28:42,830 --> 00:28:39,840  
fighting for things a correlation it

707  
00:28:46,070 --> 00:28:42,840  
just means that there is some sort

708  
00:28:47,830 --> 00:28:46,080  
of uh link not necessarily a direct link

709  
00:28:49,990 --> 00:28:47,840  
but yeah

710  
00:28:51,830 --> 00:28:50,000  
people the more likely you are to take

711  
00:28:54,549 --> 00:28:51,840  
the vaccine and want it in your life the

712  
00:28:56,630 --> 00:28:54,559  
more likely you will be for war in the

713  
00:28:58,950 --> 00:28:56,640

ukraine

714

00:29:01,990 --> 00:28:58,960

absolutely and mike i just want to let

715

00:29:03,510 --> 00:29:02,000

you know like when you see this video

716

00:29:04,950 --> 00:29:03,520

it's going to give you kind of chills

717

00:29:09,590 --> 00:29:04,960

because like

718

00:29:13,510 --> 00:29:11,110

listen i believe you i i there's

719

00:29:15,269 --> 00:29:13,520

probably something to it um but uh i

720

00:29:17,590 --> 00:29:15,279

guess the skeptic will say

721

00:29:19,830 --> 00:29:17,600

the skeptical say there's only so many

722

00:29:21,909 --> 00:29:19,840

uh colors out there to use for your

723

00:29:24,070 --> 00:29:21,919

corporate brand you're gonna go with

724

00:29:25,669 --> 00:29:24,080

some power colors you know

725

00:29:27,830 --> 00:29:25,679

but that's but that's what the

726

00:29:30,630 --> 00:29:27,840

conspiracy the conspiracy people that

727

00:29:33,029 --> 00:29:30,640

hate conspiracies that's what they say i

728

00:29:35,909 --> 00:29:33,039

told this i i showed this video the

729

00:29:38,470 --> 00:29:35,919

other day and the person told me like oh

730

00:29:39,430 --> 00:29:38,480

there's so many colors like

731

00:29:40,789 --> 00:29:39,440

i mean

732

00:29:43,669 --> 00:29:40,799

when you look at it in the

733

00:29:46,389 --> 00:29:43,679

advertisements for the the vaccine it's

734

00:29:48,710 --> 00:29:46,399

735

00:29:50,549 --> 00:29:48,720

yeah i'll watch it after the show i'll

747

00:30:11,110 --> 00:30:08,960

748

00:30:14,630 --> 00:30:11,120

great show like great show love you guys

749

00:30:15,669 --> 00:30:14,640

thank you brought to you by pfizer

750

00:30:19,029 --> 00:30:15,679

we're gonna

751  
00:30:21,669 --> 00:30:19,039  
blow him up right now bingo bongo hey

752  
00:30:22,789 --> 00:30:21,679  
you're on the air last caller

753  
00:30:25,830 --> 00:30:22,799  
hey

754  
00:30:28,950 --> 00:30:25,840  
happy monsoon happy monster may hello

755  
00:30:30,950 --> 00:30:28,960  
hello hello how does uh how does my

756  
00:30:32,789 --> 00:30:30,960  
voice sound you sound pretty good i know

757  
00:30:35,590 --> 00:30:32,799  
you sound good oh okay

758  
00:30:37,110 --> 00:30:35,600  
good okay so i'll make it pretty quick i

759  
00:30:39,269 --> 00:30:37,120  
just wanted to give a little insight

760  
00:30:41,269 --> 00:30:39,279  
into the bigfoot situation

761  
00:30:43,510 --> 00:30:41,279  
where are you calling from why i think

762  
00:30:45,190 --> 00:30:43,520  
and i am in oregon oregon okay great so

763  
00:30:46,710 --> 00:30:45,200

you have firsthand experience up there

764

00:30:48,950 --> 00:30:46,720

all right

765

00:30:54,950 --> 00:30:48,960

well my first hand experience is out in

766

00:30:59,830 --> 00:30:55,909

so

767

00:31:00,870 --> 00:30:59,840

we're eating for you oh okay yeah yeah

768

00:31:04,230 --> 00:31:00,880

so

769

00:31:06,230 --> 00:31:04,240

i listened to sasquatch chronicles a lot

770

00:31:08,230 --> 00:31:06,240

and that's a lot of first-hand accounts

771

00:31:10,310 --> 00:31:08,240

and people's eyewitness you know

772

00:31:11,909 --> 00:31:10,320

accounts and encounters and attacks and

773

00:31:12,950 --> 00:31:11,919

all that kind of stuff

774

00:31:16,310 --> 00:31:12,960

and

775

00:31:19,190 --> 00:31:16,320

as you go through all of their podcasts

776

00:31:21,350 --> 00:31:19,200

what you start to see is that

777

00:31:22,389 --> 00:31:21,360

bigfoot's not necessarily undiscovered

778

00:31:24,710 --> 00:31:22,399

it's that

779

00:31:26,789 --> 00:31:24,720

it's a total government cover-up

780

00:31:27,909 --> 00:31:26,799

probably and that

781

00:31:30,950 --> 00:31:27,919

that

782

00:31:33,029 --> 00:31:30,960

if you come across bones if you get a

783

00:31:36,149 --> 00:31:33,039

sample of hair if you get blood if you

784

00:31:38,149 --> 00:31:36,159

hit one on the highway if you shoot one

785

00:31:40,070 --> 00:31:38,159

the fbi gets involved

786

00:31:42,870 --> 00:31:40,080

the department of homeland security gets

787

00:31:44,950 --> 00:31:42,880

involved the um

788

00:31:47,750 --> 00:31:44,960

uh

789

00:31:50,389 --> 00:31:47,760

that the forest rangers get involved um

790

00:31:53,750 --> 00:31:50,399

just every federal agency will rush in

791

00:31:55,750 --> 00:31:53,760

on you snatch up the body and you know

792

00:31:58,070 --> 00:31:55,760

pretty much tell you to shut your mouth

793

00:32:00,310 --> 00:31:58,080

and by the way before you continue uh i

794

00:32:02,310 --> 00:32:00,320

think i'm leaning towards that like in

795

00:32:05,190 --> 00:32:02,320

the expedition bigfoot their most recent

796

00:32:07,110 --> 00:32:05,200

season that they are run off of their

797

00:32:08,870 --> 00:32:07,120

their current setup site and sent down

798

00:32:10,870 --> 00:32:08,880

to california because they they probably

799

00:32:14,549 --> 00:32:10,880

were asked to leave

800

00:32:16,710 --> 00:32:14,559

oh for sure no yeah

801  
00:32:18,710 --> 00:32:16,720  
because i had that same thought

802  
00:32:20,310 --> 00:32:18,720  
so one of the things like you know how

803  
00:32:22,149 --> 00:32:20,320  
like there's the men in black that show

804  
00:32:24,230 --> 00:32:22,159  
up and see an alien they're like hey you

805  
00:32:25,750 --> 00:32:24,240  
didn't see an alien you're like oh yeah

806  
00:32:26,870 --> 00:32:25,760  
i did and they're like no you better

807  
00:32:28,870 --> 00:32:26,880  
shut up

808  
00:32:31,029 --> 00:32:28,880  
well in

809  
00:32:34,149 --> 00:32:31,039  
in the bigfoot world

810  
00:32:35,110 --> 00:32:34,159  
sometimes if you get hurt by a bigfoot

811  
00:32:41,669 --> 00:32:35,120  
or

812  
00:32:43,990 --> 00:32:41,679  
these two

813  
00:32:45,509 --> 00:32:44,000

weird agents come in and they talk to

814

00:32:47,190 --> 00:32:45,519

you and they sit you down and tell you

815

00:32:49,029 --> 00:32:47,200

that you saw a bear

816

00:32:51,350 --> 00:32:49,039

and so one guy will be dressed he looks

817

00:32:53,750 --> 00:32:51,360

like a big biker guy dressed in plaid

818

00:32:54,870 --> 00:32:53,760

and he'll be like no you saw a bear and

819

00:32:56,950 --> 00:32:54,880

you're not gonna you're not supposed to

820

00:32:59,269 --> 00:32:56,960

tell anybody about this bear

821

00:33:00,549 --> 00:32:59,279

and then the other guy is kind of like

822

00:33:03,110 --> 00:33:00,559

the good cop

823

00:33:04,789 --> 00:33:03,120

uh first bad cop or whatever

824

00:33:07,269 --> 00:33:04,799

kind of like no no we did it we

825

00:33:08,630 --> 00:33:07,279

understand it's a scary situation

826

00:33:10,630 --> 00:33:08,640

and then the other guy's like no you

827

00:33:12,389 --> 00:33:10,640

need to shut your mouth well then

828

00:33:15,269 --> 00:33:12,399

after you're you listen to so many

829

00:33:17,269 --> 00:33:15,279

episodes um there's two in particular

830

00:33:19,190 --> 00:33:17,279

called down the rabbit hole where this

831

00:33:21,750 --> 00:33:19,200

guy talks about how he rolled up on this

832

00:33:24,230 --> 00:33:21,760

camp which is mutilated bodies

833

00:33:26,710 --> 00:33:24,240

everywhere and so he started filming it

834

00:33:29,190 --> 00:33:26,720

well he ended up getting game stalked by

835

00:33:30,950 --> 00:33:29,200

the federal government to shut him up

836

00:33:33,190 --> 00:33:30,960

they uh told his boss that he was

837

00:33:34,950 --> 00:33:33,200

trafficking cocaine and that he was a

838

00:33:37,269 --> 00:33:34,960

child moisture and got it he got fired

839

00:33:39,269 --> 00:33:37,279

because of it oh damn they um they

840

00:33:41,190 --> 00:33:39,279

locked down his bank account they tried

841

00:33:43,509 --> 00:33:41,200

to chase him out of town

842

00:33:46,070 --> 00:33:43,519

um so eventually he just let it go for

843

00:33:49,430 --> 00:33:46,080

six months because it completely ruined

844

00:33:51,110 --> 00:33:49,440

his life you know so what why

845

00:33:52,950 --> 00:33:51,120

what's the speculation why is the

846

00:33:55,110 --> 00:33:52,960

government covering up what's so special

847

00:33:57,990 --> 00:33:55,120

about this

848

00:34:01,110 --> 00:33:58,000

um i have a few ideas but i don't know

849

00:34:03,830 --> 00:34:01,120

for sure because nobody does but

850

00:34:06,549 --> 00:34:03,840

i would say that

851  
00:34:09,109 --> 00:34:06,559  
there's uh like a human-like comet hit

852  
00:34:11,270 --> 00:34:09,119  
out there you know that just lives right

853  
00:34:13,990 --> 00:34:11,280  
on the outskirts of society

854  
00:34:15,750 --> 00:34:14,000  
and if people find out that you know

855  
00:34:18,069 --> 00:34:15,760  
kids are getting kidnapped out of the

856  
00:34:19,510 --> 00:34:18,079  
woods adult full-grown adults are going

857  
00:34:20,869 --> 00:34:19,520  
missing in the woods

858  
00:34:22,869 --> 00:34:20,879  
people are going to freak out and

859  
00:34:24,869 --> 00:34:22,879  
there's going to be a lot of backlash

860  
00:34:26,710 --> 00:34:24,879  
not just that but i think that people

861  
00:34:28,629 --> 00:34:26,720  
will try to hunt them not just that but

862  
00:34:30,550 --> 00:34:28,639  
i think that the forestry departments

863  
00:34:31,909 --> 00:34:30,560

and logging

864

00:34:35,030 --> 00:34:31,919

companies are going to lose a lot of

865

00:34:36,230 --> 00:34:35,040

money if there's maybe a um some rare

866

00:34:38,950 --> 00:34:36,240

species

867

00:34:40,629 --> 00:34:38,960

of humanoid you know maybe they would

868

00:34:42,629 --> 00:34:40,639

just put it it's like an undiscovered

869

00:34:44,230 --> 00:34:42,639

species or um

870

00:34:46,470 --> 00:34:44,240

you know to something that needs to be

871

00:34:47,430 --> 00:34:46,480

protected by the government

872

00:34:48,869 --> 00:34:47,440

but

873

00:34:50,869 --> 00:34:48,879

that doesn't really change the fact that

874

00:34:52,470 --> 00:34:50,879

people are going missing in the woods

875

00:34:53,750 --> 00:34:52,480

yeah i don't know we're getting attacked

876

00:34:55,270 --> 00:34:53,760

yeah i don't know if every missing

877

00:34:57,349 --> 00:34:55,280

person in the woods is related to

878

00:35:01,349 --> 00:34:57,359

bigfoot there are some that go missing

879

00:35:02,870 --> 00:35:01,359

in very crazy ways but um

880

00:35:05,190 --> 00:35:02,880

there could be some and i i think

881

00:35:07,750 --> 00:35:05,200

they're at this point if bigfoot does

882

00:35:10,870 --> 00:35:07,760

exist and i do believe that it does the

883

00:35:13,510 --> 00:35:10,880

government does know about it

884

00:35:15,670 --> 00:35:13,520

yeah well i mean in i'm i'm so far down

885

00:35:17,349 --> 00:35:15,680

that rabbit hole that i've it's like no

886

00:35:19,349 --> 00:35:17,359

the government knows they probably have

887

00:35:21,190 --> 00:35:19,359

spent they definitely have specimens

888

00:35:23,910 --> 00:35:21,200

they come in they've taken whatever

889

00:35:25,510 --> 00:35:23,920

specimens uh researchers get and they

890

00:35:28,390 --> 00:35:25,520

tell you to shut your mouth and they do

891

00:35:29,109 --> 00:35:28,400

it in the scariest [h\_\_h] possible way

892

00:35:30,550 --> 00:35:29,119

uh

893

00:35:32,710 --> 00:35:30,560

that you can imagine you know they

894

00:35:34,630 --> 00:35:32,720

completely ruin your life over it that's

895

00:35:36,630 --> 00:35:34,640

how much they want to protect

896

00:35:38,230 --> 00:35:36,640

uh whatever it is that's going on with

897

00:35:39,750 --> 00:35:38,240

this thing yeah i know there's a lot of

898

00:35:41,910 --> 00:35:39,760

bigfoot people out there that know way

899

00:35:44,230 --> 00:35:41,920

more than i do uh i'm just kind of on

900

00:35:45,829 --> 00:35:44,240

the periphery i dabble a little bit here

901  
00:35:47,670 --> 00:35:45,839  
and there there's a lot of bigfoot

902  
00:35:49,990 --> 00:35:47,680  
people out there with uh knowledge i

903  
00:35:51,670 --> 00:35:50,000  
just can't rattle that stuff off i i

904  
00:35:52,790 --> 00:35:51,680  
spend most of my time on ufos so i

905  
00:35:54,710 --> 00:35:52,800  
appreciate you calling him buddy you got

906  
00:35:57,190 --> 00:35:54,720  
anything else for us

907  
00:35:59,270 --> 00:35:57,200  
can i tell you one one quick thing yeah

908  
00:36:00,150 --> 00:35:59,280  
so as far as the missing 4-1-1 thing

909  
00:36:02,150 --> 00:36:00,160  
goes

910  
00:36:04,390 --> 00:36:02,160  
right at the beginning of um the coveted

911  
00:36:05,990 --> 00:36:04,400  
pandemic you know since i'm from montana

912  
00:36:07,990 --> 00:36:06,000  
i was just kind of checking local news

913  
00:36:10,550 --> 00:36:08,000

out there there's a guy up in glacier

914

00:36:11,990 --> 00:36:10,560

park he's like in his 60s

915

00:36:13,349 --> 00:36:12,000

he's from idaho he's a school teacher

916

00:36:15,910 --> 00:36:13,359

from idaho

917

00:36:17,190 --> 00:36:15,920

he went missing he went on a day hike he

918

00:36:18,550 --> 00:36:17,200

went missing

919

00:36:20,870 --> 00:36:18,560

they couldn't find him they looked and

920

00:36:23,190 --> 00:36:20,880

looked and looked and uh when they found

921

00:36:25,829 --> 00:36:23,200

his body like three days later he was

922

00:36:28,310 --> 00:36:25,839

dead they said there was a digging i say

923

00:36:30,790 --> 00:36:28,320

why he was dead or how he died

924

00:36:32,710 --> 00:36:30,800

but um the weird part in the article was

925

00:36:34,710 --> 00:36:32,720

that he was in an

926

00:36:36,950 --> 00:36:34,720

in a location you can't get to and they

927

00:36:40,150 --> 00:36:36,960

had to get him off of this cliff ledge

928

00:36:42,470 --> 00:36:40,160

with a helicopter

929

00:36:44,470 --> 00:36:42,480

uh i'd be curious to know if if his uh

930

00:36:46,550 --> 00:36:44,480

skull was caved in because that's very

931

00:36:49,270 --> 00:36:46,560

common in missing 411 cases that they're

932

00:36:52,950 --> 00:36:49,280

found with severe head trauma

933

00:36:54,870 --> 00:36:52,960

there was uh no mention of that and

934

00:36:56,710 --> 00:36:54,880

it wasn't and if they didn't say there

935

00:36:58,230 --> 00:36:56,720

were any signs of like an animal attack

936

00:37:00,069 --> 00:36:58,240

either so you know that was just

937

00:37:02,390 --> 00:37:00,079

something that was interesting

938

00:37:04,630 --> 00:37:02,400

growing up so close to glacier park i've

939

00:37:06,470 --> 00:37:04,640

been in there my whole life you know

940

00:37:08,710 --> 00:37:06,480

every summer you go in there two three

941

00:37:10,550 --> 00:37:08,720

times a week and you know it's just a

942

00:37:13,109 --> 00:37:10,560

big part of your life when you're that

943

00:37:13,910 --> 00:37:13,119

close to a national park like that

944

00:37:15,990 --> 00:37:13,920

and

945

00:37:18,790 --> 00:37:16,000

looking back at my time in montana

946

00:37:20,790 --> 00:37:18,800

basically my whole life it's it's once

947

00:37:23,349 --> 00:37:20,800

the switch in my head went off

948

00:37:24,870 --> 00:37:23,359

it was just like oh [h\_\_h]

949

00:37:27,030 --> 00:37:24,880

oh [h\_\_h] like

950

00:37:28,550 --> 00:37:27,040

maybe i have seen these maybe i have

951  
00:37:30,150 --> 00:37:28,560  
been around these there are definitely

952  
00:37:31,030 --> 00:37:30,160  
weird things i've experienced in the

953  
00:37:35,829 --> 00:37:31,040  
woods

954  
00:37:39,270 --> 00:37:35,839  
um that i can't explain that were really

955  
00:37:41,270 --> 00:37:39,280  
weird at the time but i had no

956  
00:37:42,710 --> 00:37:41,280  
i didn't really have any reference point

957  
00:37:44,310 --> 00:37:42,720  
i didn't heard all these other

958  
00:37:46,150 --> 00:37:44,320  
encounters and i didn't really wasn't

959  
00:37:48,710 --> 00:37:46,160  
like into that at the time

960  
00:37:50,870 --> 00:37:48,720  
and like in montana things would sound

961  
00:37:52,870 --> 00:37:50,880  
like a big thing like in oregon it's

962  
00:37:54,950 --> 00:37:52,880  
definitely part of the culture a lot of

963  
00:37:57,270 --> 00:37:54,960

people know somebody that has seen one

964

00:38:00,310 --> 00:37:57,280

interacted with one they're very open to

965

00:38:02,710 --> 00:38:00,320

it montana it just never comes up

966

00:38:04,310 --> 00:38:02,720

you know just people it's like

967

00:38:06,870 --> 00:38:04,320

not as common there's not as many

968

00:38:08,150 --> 00:38:06,880

sightings on the before website

969

00:38:09,430 --> 00:38:08,160

and um

970

00:38:12,630 --> 00:38:09,440

you know i just i thought i'd give you

971

00:38:14,390 --> 00:38:12,640

those insights and do uh

972

00:38:16,470 --> 00:38:14,400

where it kind of uh

973

00:38:17,910 --> 00:38:16,480

what why see what's going on there well

974

00:38:19,670 --> 00:38:17,920
