

# Skinwalker Ranch Robot Defense System

1  
00:00:00,270 --> 00:00:06,789  
[Applause]

2  
00:00:11,589 --> 00:00:09,509  
well i got uh some clips from skinwalker

3  
00:00:14,150 --> 00:00:11,599  
ranch yes the show that keeps on going

4  
00:00:15,829 --> 00:00:14,160  
on the history channels uh the

5  
00:00:17,349 --> 00:00:15,839  
skinwalker ranch they've been doing some

6  
00:00:19,029 --> 00:00:17,359  
pretty interesting things in the most

7  
00:00:19,910 --> 00:00:19,039  
recent episodes i got this is a few

8  
00:00:22,070 --> 00:00:19,920  
clips

9  
00:00:26,390 --> 00:00:22,080  
so what they've been doing is shooting

10  
00:00:28,630 --> 00:00:26,400  
rockets into the air uh where they think

11  
00:00:30,870 --> 00:00:28,640  
an anomaly exists

12  
00:00:33,229 --> 00:00:30,880  
over the ranch and they they picked up

13  
00:00:36,630 --> 00:00:33,239

some strange signals at the

14

00:00:39,430 --> 00:00:36,640

1.6 uh frequency 1.6 i think gigahertz

15

00:00:42,630 --> 00:00:39,440

frequency and it seems to happen

16

00:00:44,470 --> 00:00:42,640

every time they start to do activity on

17

00:00:45,510 --> 00:00:44,480

the ranch so whether or not they're

18

00:00:47,510 --> 00:00:45,520

digging

19

00:00:49,430 --> 00:00:47,520

or if they're shooting things in the air

20

00:00:51,750 --> 00:00:49,440

or flying airplanes around they tend to

21

00:00:53,350 --> 00:00:51,760

see that spike in that signal

22

00:00:54,790 --> 00:00:53,360

and when they did this most recent

23

00:00:57,430 --> 00:00:54,800

experiment they're recording everything

24

00:00:59,430 --> 00:00:57,440

that they could and this is kind of what

25

00:01:01,750 --> 00:00:59,440

happened here they recorded not only the

26

00:01:04,789 --> 00:01:01,760

signal itself but also some audio along

27

00:01:08,630 --> 00:01:06,149

that's a communication signal or

28

00:01:12,390 --> 00:01:10,390

so all of that disappears when we go off

29

00:01:14,870 --> 00:01:12,400

yeah yes i mean it's gotta be right

30

00:01:18,310 --> 00:01:14,880

there and i mean it's got a it's a small

31

00:01:19,910 --> 00:01:18,320

a very small cone that's interesting and

32

00:01:21,510 --> 00:01:19,920

so if it were a

33

00:01:23,590 --> 00:01:21,520

deep sky object

34

00:01:25,429 --> 00:01:23,600

in 15 minutes it'd be gone

35

00:01:27,590 --> 00:01:25,439

because of the rotation of the earth

36

00:01:29,830 --> 00:01:27,600

from my experience as a rocket scientist

37

00:01:31,510 --> 00:01:29,840

this sound frequency was like the kind

38

00:01:33,910 --> 00:01:31,520

of communication signal you would get

39

00:01:35,990 --> 00:01:33,920

from a satellite orbiting the earth or

40

00:01:38,149 --> 00:01:36,000

even farther out in space

41

00:01:40,630 --> 00:01:38,159

wasn't that but the signal was coming

42

00:01:42,550 --> 00:01:40,640

from the area above the ranch where we

43

00:01:45,190 --> 00:01:42,560

shot the rocket and it was pointed

44

00:01:47,990 --> 00:01:45,200

directly at homestead 2. so what would

45

00:01:49,270 --> 00:01:48,000

be broadcasting a communication signal

46

00:01:51,510 --> 00:01:49,280

like that

47

00:01:53,350 --> 00:01:51,520

and where could it be coming from so

48

00:01:55,510 --> 00:01:53,360

it's kind of all wobbly like if you

49

00:01:57,109 --> 00:01:55,520

listen closer to it um

50

00:01:59,830 --> 00:01:57,119

it does seem like there could be some

51  
00:02:02,389 --> 00:01:59,840  
voices in there like maybe that's the

52  
00:02:04,630 --> 00:02:02,399  
your mind trying to place something

53  
00:02:06,789 --> 00:02:04,640  
recognizable on the audio you're hearing

54  
00:02:10,710 --> 00:02:06,799  
but they recorded it and they checked

55  
00:02:12,390 --> 00:02:10,720  
with a local broadcast uh uh fm station

56  
00:02:15,910 --> 00:02:12,400  
in the in the nearest town which is

57  
00:02:19,670 --> 00:02:15,920  
about like i think 15 to 20 miles away

58  
00:02:23,270 --> 00:02:19,680  
and it turns out that that fm station

59  
00:02:25,270 --> 00:02:23,280  
has periodic uh inter interference with

60  
00:02:28,150 --> 00:02:25,280  
their broadcast signal right around the

61  
00:02:30,390 --> 00:02:28,160  
band uh that they are tracking which is

62  
00:02:32,070 --> 00:02:30,400  
the 1.6 gigahertz so they checked in

63  
00:02:35,270 --> 00:02:32,080

they went over there

64

00:02:37,830 --> 00:02:35,280  
and they asked if they could play

65

00:02:40,470 --> 00:02:37,840  
the audio that they just recorded

66

00:02:43,990 --> 00:02:40,480  
after that anomaly happened if they

67

00:02:46,390 --> 00:02:44,000  
could replay that audio and broadcast it

68

00:02:48,949 --> 00:02:46,400  
out to see if anything

69

00:02:49,670 --> 00:02:48,959  
would happen so they gave them the tape

70

00:02:59,190 --> 00:02:49,680  
the

71

00:03:00,149 --> 00:02:59,200  
outside uh travis and one of his uh

72

00:03:03,270 --> 00:03:00,159  
henchmen

73

00:03:05,430 --> 00:03:03,280  
are outside uh recording

74

00:03:08,869 --> 00:03:05,440  
it like the the full spectrum to see if

75

00:03:11,110 --> 00:03:08,879  
there's any sort of deviation in the uh

76

00:03:13,270 --> 00:03:11,120

in the fm signals that they're expecting

77

00:03:16,830 --> 00:03:13,280

to see and this is what happened

78

00:03:19,589 --> 00:03:16,840

wow it really changed her waveform big

79

00:03:20,869 --> 00:03:19,599

time the waveforms reacting to it though

80

00:03:24,070 --> 00:03:20,879

you see that

81

00:03:29,110 --> 00:03:26,789

when a fm radio station broadcasts music

82

00:03:31,750 --> 00:03:29,120

or anything over the airwaves the

83

00:03:33,509 --> 00:03:31,760

frequency always has a constant and

84

00:03:35,430 --> 00:03:33,519

uniform pattern

85

00:03:37,350 --> 00:03:35,440

you shouldn't see any deviation in it no

86

00:03:39,430 --> 00:03:37,360

matter what the sound is

87

00:03:42,229 --> 00:03:39,440

but as soon as gen started broadcasting

88

00:03:44,229 --> 00:03:42,239

the sound from our 1.6 gigahertz signal

89

00:03:46,470 --> 00:03:44,239

the station's frequency began showing

90

00:03:48,309 --> 00:03:46,480

strange sporadic spikes now that

91

00:03:50,309 --> 00:03:48,319

shouldn't be possible

92

00:03:52,390 --> 00:03:50,319

so it really made us wonder if our

93

00:03:54,630 --> 00:03:52,400

experiment might stimulate something

94

00:03:57,030 --> 00:03:54,640

strange out here in the basin community

95

00:04:01,830 --> 00:03:57,040

and if so would it be anything like the

96

00:04:05,429 --> 00:04:03,990

this has just been a test everybody

97

00:04:07,750 --> 00:04:05,439

thanks for listening i'll put you back

98

00:04:09,990 --> 00:04:07,760

to the music now i'm jen rook so within

99

00:04:13,350 --> 00:04:10,000

12 hours of that broadcast

100

00:04:15,350 --> 00:04:13,360

around the area they had

101  
00:04:17,030 --> 00:04:15,360  
objects in the sky right around i think

102  
00:04:20,229 --> 00:04:17,040  
five to six

103  
00:04:23,670 --> 00:04:20,239  
white or orange globes very large in the

104  
00:04:25,430 --> 00:04:23,680  
sky around that town uh about 15 to 20

105  
00:04:27,670 --> 00:04:25,440  
miles away they have various uh pieces

106  
00:04:29,909 --> 00:04:27,680  
of video that was given to them by

107  
00:04:31,510 --> 00:04:29,919  
people in the town and the person who is

108  
00:04:33,909 --> 00:04:31,520  
the ranch manager

109  
00:04:34,950 --> 00:04:33,919  
so it looks like not only when they

110  
00:04:36,390 --> 00:04:34,960  
provoke

111  
00:04:38,550 --> 00:04:36,400  
the uh

112  
00:04:40,070 --> 00:04:38,560  
i guess the phenomenon on the ranch by

113  
00:04:41,830 --> 00:04:40,080

either digging

114

00:04:43,749 --> 00:04:41,840

or shooting rockets but for them to

115

00:04:45,670 --> 00:04:43,759

broadcast it out it also provoked a

116

00:04:48,390 --> 00:04:45,680

response almost like i think an

117

00:04:50,550 --> 00:04:48,400

automated response at this point it's

118

00:04:52,550 --> 00:04:50,560

almost like if there is a portal there

119

00:04:55,430 --> 00:04:52,560

it is being monitored

120

00:04:57,510 --> 00:04:55,440

and anytime there is activity around it

121

00:05:00,710 --> 00:04:57,520

that could disrupt

122

00:05:02,230 --> 00:05:00,720

or impede that portal

123

00:05:04,310 --> 00:05:02,240

an automated

124

00:05:07,590 --> 00:05:04,320

alert is sent and then there is a

125

00:05:09,590 --> 00:05:07,600

response and us or a century a robotic

126

00:05:11,990 --> 00:05:09,600

century is sent to observe to see what

127

00:05:14,310 --> 00:05:12,000

is going on to make sure everything is

128

00:05:17,350 --> 00:05:14,320

supposed to be working the way it is and

129

00:05:19,670 --> 00:05:17,360

when they got that 1.6 gigahertz

130

00:05:21,749 --> 00:05:19,680

um audio signal it's almost like a

131

00:05:23,749 --> 00:05:21,759

communication thing where

132

00:05:25,749 --> 00:05:23,759

they were basically ordered to come in

133

00:05:27,830 --> 00:05:25,759

and check out the area it seems like

134

00:05:28,870 --> 00:05:27,840

this is some sort of

135

00:05:31,990 --> 00:05:28,880

in my

136

00:05:34,950 --> 00:05:32,000

this theory is an automated security

137

00:05:36,830 --> 00:05:34,960

system to ensure whatever kind of portal

138

00:05:39,749 --> 00:05:36,840

or activity that's going on the ranch

139

00:05:41,510 --> 00:05:39,759

remains safe and secure make sure these

140

00:05:44,469 --> 00:05:41,520

uh goofball humans aren't mucking up the

141

00:05:48,070 --> 00:05:45,990

i was gonna say is it is it like a maybe

142

00:05:48,950 --> 00:05:48,080

an alien dog whistle

143

00:05:50,790 --> 00:05:48,960

yeah

144

00:05:52,550 --> 00:05:50,800

not uh not unlike that i would say this

145

00:05:55,430 --> 00:05:52,560

that's pretty darn close

146

00:05:57,670 --> 00:05:55,440

uh because a lot of times it does seem

147

00:06:00,309 --> 00:05:57,680

robotic like they do something and then

148

00:06:02,070 --> 00:06:00,319

there's a response almost automatically

149

00:06:04,390 --> 00:06:02,080

like it would it wouldn't make sense if

150

00:06:06,309 --> 00:06:04,400

like there was some sort of this

151

00:06:08,150 --> 00:06:06,319

intelligence they're having to monitor

152

00:06:10,629 --> 00:06:08,160

us all the time that would be very

153

00:06:12,070 --> 00:06:10,639

cumbersome you just set up like an alert

154

00:06:14,550 --> 00:06:12,080

and then once there's some sort of

155

00:06:15,990 --> 00:06:14,560

trigger you fire off a century to go

156

00:06:16,790 --> 00:06:16,000

check it out

157

00:06:19,110 --> 00:06:16,800

now

158

00:06:21,749 --> 00:06:19,120

david politis watched the episode and he

159

00:06:23,830 --> 00:06:21,759

had a bit of a different take on what

160

00:06:27,189 --> 00:06:23,840

the signal sounded like

161

00:06:29,670 --> 00:06:27,199

and what it could mean or the origin of

162

00:06:32,150 --> 00:06:29,680

it and this is david politis from

163

00:06:36,469 --> 00:06:32,160

missing 411 talking about it here we go

164

00:06:38,309 --> 00:06:36,479

when travis played the sounds

165

00:06:40,230 --> 00:06:38,319

that they picked up which they said was

166

00:06:41,909 --> 00:06:40,240

communication

167

00:06:43,990 --> 00:06:41,919

i'm not sure if anyone else picked up on

168

00:06:46,550 --> 00:06:44,000

this but i watched this with somebody

169

00:06:50,629 --> 00:06:46,560

else very close to me

170

00:06:55,830 --> 00:06:53,430

that it almost sounded like underwater

171

00:06:59,589 --> 00:06:55,840

echoes

172

00:07:02,790 --> 00:06:59,599

like sounds from a submarine kind of

173

00:07:05,430 --> 00:07:02,800

that echoing type sound

174

00:07:07,510 --> 00:07:05,440

why is that important

175

00:07:09,350 --> 00:07:07,520

well remember

176

00:07:10,629 --> 00:07:09,360

they stated that when the aircraft were

177

00:07:13,029 --> 00:07:10,639

flying around

178

00:07:14,950 --> 00:07:13,039

and doing gps coordinates

179

00:07:17,430 --> 00:07:14,960

that the gps coordinates went

180

00:07:18,629 --> 00:07:17,440

underground

181

00:07:21,670 --> 00:07:18,639

well

182

00:07:23,749 --> 00:07:21,680

also i just told you about this huge

183

00:07:25,830 --> 00:07:23,759

reservoir less than a mile from the

184

00:07:27,830 --> 00:07:25,840

ranch

185

00:07:31,510 --> 00:07:27,840

so could those sounds that they heard

186

00:07:34,230 --> 00:07:31,520

have been emanating from that location

187

00:07:36,070 --> 00:07:34,240

so david politis investigates missing

188

00:07:38,469 --> 00:07:36,080

411 in the profiles oftentimes when

189

00:07:41,510 --> 00:07:38,479

people go missing it is near a body of

190

00:07:43,189 --> 00:07:41,520

water near a border field

191

00:07:46,550 --> 00:07:43,199

at certain points in time and skin

192

00:07:48,230 --> 00:07:46,560

walker ranch is located about uh i think

193

00:07:49,350 --> 00:07:48,240

a couple miles away from a large

194

00:07:52,070 --> 00:07:49,360

reservoir

195

00:07:54,950 --> 00:07:52,080

a very large body of water and that body

196

00:07:57,350 --> 00:07:54,960

water actually could uh go underneath

197

00:07:59,990 --> 00:07:57,360

the ranch through underwear under

198

00:08:01,589 --> 00:08:00,000

underground tunnels uh and skinwalker

199

00:08:05,029 --> 00:08:01,599

ranch there is

200

00:08:06,150 --> 00:08:05,039

numerous boulders um and so what he

201  
00:08:08,629 --> 00:08:06,160  
talks about

202  
00:08:09,749 --> 00:08:08,639  
david politis falls in line

203  
00:08:11,749 --> 00:08:09,759  
with

204  
00:08:13,749 --> 00:08:11,759  
what is going on at the ranch and

205  
00:08:15,350 --> 00:08:13,759  
they're probably looking at the same

206  
00:08:17,749 --> 00:08:15,360  
phenomenon

207  
00:08:19,990 --> 00:08:17,759  
just at different angles

208  
00:08:22,469 --> 00:08:20,000  
uh and what it reminds me of a little

209  
00:08:24,790 --> 00:08:22,479  
bit like the automated responses it does

210  
00:08:26,629 --> 00:08:24,800  
remind me of a star trek episode

211  
00:08:28,950 --> 00:08:26,639  
star trek next generation

212  
00:08:30,070 --> 00:08:28,960  
where picard and his team go down to a

213  
00:08:31,830 --> 00:08:30,080

planet

214

00:08:36,230 --> 00:08:31,840

and they are met

215

00:08:39,430 --> 00:08:36,240

with uh um holograms and century bots

216

00:08:42,469 --> 00:08:39,440

that are programmed to fight people who

217

00:08:44,790 --> 00:08:42,479

show up there as sort of a a weapons

218

00:08:46,630 --> 00:08:44,800

demonstration to sell a package of

219

00:08:47,750 --> 00:08:46,640

weapons to

220

00:08:50,150 --> 00:08:47,760

customers

221

00:08:52,310 --> 00:08:50,160

and the system had been left on for

222

00:08:54,870 --> 00:08:52,320

thousands of years the civilization that

223

00:08:57,190 --> 00:08:54,880

built this weapon system to showcase

224

00:08:57,910 --> 00:08:57,200

itself and to be sold had long since

225

00:09:01,350 --> 00:08:57,920

been

226

00:09:04,630 --> 00:09:01,360

uh long since died off and uh was

227

00:09:06,870 --> 00:09:04,640

died had died out but the the system the

228

00:09:09,829 --> 00:09:06,880

automatic system was left in place and

229

00:09:12,389 --> 00:09:09,839

still operated and but it just turned

230

00:09:14,310 --> 00:09:12,399

its target on any new person that showed

231

00:09:15,910 --> 00:09:14,320

up there and that's kind of what the

232

00:09:18,070 --> 00:09:15,920

what i'm getting out of skinwalker ranch

233

00:09:19,110 --> 00:09:18,080

is like it's a system that's been left

234

00:09:22,550 --> 00:09:19,120

on

235

00:09:24,230 --> 00:09:22,560

and it's just reacting to any new

236

00:09:25,990 --> 00:09:24,240

person or

237

00:09:27,670 --> 00:09:26,000

culture that moves into that area

238

00:09:30,389 --> 00:09:27,680

whether it's like the tribes from like a

239

00:09:33,509 --> 00:09:30,399

thousand years ago and now it is

240

00:09:34,790 --> 00:09:33,519

a modern day society and the white man

241

00:09:37,829 --> 00:09:34,800

trying to go in there and figure it out

242

00:09:40,150 --> 00:09:37,839

but bigelow had the ranch before them um

243

00:09:41,110 --> 00:09:40,160

and their bigelow's not sharing too many

244

00:09:43,350 --> 00:09:41,120

things

245

00:09:46,150 --> 00:09:43,360

he's not really uh

246

00:09:48,150 --> 00:09:46,160

releasing a lot of data but within the

247

00:09:50,630 --> 00:09:48,160

past two episodes on skinwalker ranch

248

00:09:53,269 --> 00:09:50,640

people who formerly worked on the ranch

249

00:09:55,430 --> 00:09:53,279

who probably had to sign ndas

250

00:09:57,990 --> 00:09:55,440

are now able to talk about their

251  
00:09:59,910 --> 00:09:58,000  
experiences on the ranch and so they're

252  
00:10:01,990 --> 00:09:59,920  
trying to help travis out at least kind

253  
00:10:04,550 --> 00:10:02,000  
of point them in the right direction to

254  
00:10:07,269 --> 00:10:04,560  
where there could be underground

255  
00:10:08,470 --> 00:10:07,279  
caves uh where there could be entrances

256  
00:10:11,110 --> 00:10:08,480  
into

257  
00:10:12,230 --> 00:10:11,120  
underneath the ranch um and so that's

258  
00:10:13,829 --> 00:10:12,240  
what they're dealing with now but

259  
00:10:15,990 --> 00:10:13,839  
they're no closer to figuring this thing

260  
00:10:17,590 --> 00:10:16,000  
out it's just more things

261  
00:10:19,750 --> 00:10:17,600  
on top of another but at least they

262  
00:10:21,350 --> 00:10:19,760  
recorded that signal and they're able to

263  
00:10:23,030 --> 00:10:21,360

i guess provoke it at will when

264

00:10:26,630 --> 00:10:23,040

broadcasting it i find it'd be

265

00:10:29,990 --> 00:10:28,790

um that's all i got on skinwalker ranch

266

00:10:31,670 --> 00:10:30,000

guys

267

00:10:33,430 --> 00:10:31,680

that's all i got sorry i was just

268

00:10:34,870 --> 00:10:33,440

connecting david politis to bigfoot i

269

00:10:36,230 --> 00:10:34,880

got distracted

270

00:10:38,949 --> 00:10:36,240

is there a campground is there

271

00:10:41,590 --> 00:10:38,959

campground access to skinwalker ranch so

272

00:10:43,190 --> 00:10:41,600

there is surrounding property uh a

273

00:10:46,310 --> 00:10:43,200

person who's been on this show ryan

274

00:10:48,230 --> 00:10:46,320

burns he owns a property that is really

275

00:10:51,030 --> 00:10:48,240

close to skinwalker ranch probably

276

00:10:52,389 --> 00:10:51,040

adjacent and you can go out there and

277

00:10:53,910 --> 00:10:52,399

stay with him if you know if you know

278

00:10:56,069 --> 00:10:53,920

him you can say hey can i just come and

279

00:10:57,670 --> 00:10:56,079

crap and [h\_\_\h] on your lawn and hang out

280

00:10:59,030 --> 00:10:57,680

for a few weeks and

281

00:11:00,550 --> 00:10:59,040

i'm sure if you do

282

00:11:01,990 --> 00:11:00,560

if you give a swing with some cash you'd

283

00:11:03,910 --> 00:11:02,000

probably do it

284

00:11:05,910 --> 00:11:03,920

currently um

285

00:11:08,150 --> 00:11:05,920

the podcast associate of mine tony from

286

00:11:10,150 --> 00:11:08,160

the confessionals he's out there

287

00:11:13,509 --> 00:11:10,160

right right next to skinwalker ranch

288

00:11:16,230 --> 00:11:13,519

doing a new uh docu-series

289

00:11:19,750 --> 00:11:16,240

trying to provoke these

290

00:11:21,910 --> 00:11:19,760

entities or phenomenon to do a new uh

291

00:11:24,150 --> 00:11:21,920

new show on it so you can go out there

292

00:11:27,030 --> 00:11:24,160

you can't stay out there but access to

293

00:11:28,230 --> 00:11:27,040

the ranch itself is is limited and that

294

00:11:29,430 --> 00:11:28,240

you got to get permit it's private

295

00:11:32,550 --> 00:11:29,440

property you got to get permission to go

296

00:11:35,910 --> 00:11:34,150

i like the idea of asking people if it's

297

00:11:37,350 --> 00:11:35,920

okay to camp on their property by just

298

00:11:40,150 --> 00:11:37,360

specifying you want to just [h\_\_h] on

299

00:11:42,389 --> 00:11:40,160

their lawn can i take a crap or

300

00:11:43,269 --> 00:11:42,399

a [h\_\_h] on your lawn mark my territory

301  
00:11:46,630 --> 00:11:43,279  
and

302  
00:11:48,630 --> 00:11:46,640  
that point

303  
00:11:51,190 --> 00:11:48,640  
if these people were smart the people

304  
00:11:53,350 --> 00:11:51,200  
who own this property airbnb the [h\_\_h]

305  
00:11:56,310 --> 00:11:53,360  
out of that thing man sell it to disney

306  
00:11:58,949 --> 00:11:56,320  
make it a disneyland

307  
00:12:01,509 --> 00:11:58,959  
i think that ideally that's what they

308  
00:12:02,550 --> 00:12:01,519  
want to do at some point in the future

309  
00:12:04,310 --> 00:12:02,560  
the problem is they got to figure out

310  
00:12:06,790 --> 00:12:04,320  
what they're dealing with and when you

311  
00:12:08,629 --> 00:12:06,800  
go to the ranch oftentimes you will

312  
00:12:11,670 --> 00:12:08,639  
experience a

313  
00:12:14,790 --> 00:12:11,680

physical problems whether it is horrific

314

00:12:16,550 --> 00:12:14,800

migraine headaches radiation burns or

315

00:12:18,389 --> 00:12:16,560

night terrors so travis the lead

316

00:12:20,790 --> 00:12:18,399

investigator scientist on skinwalker

317

00:12:22,949 --> 00:12:20,800

ranch he said that uh when he goes to

318

00:12:25,590 --> 00:12:22,959

the ranch and sleeps there he has night

319

00:12:28,310 --> 00:12:25,600

terrors almost every other night but

320

00:12:30,150 --> 00:12:28,320

when he the the season ends and he

321

00:12:32,629 --> 00:12:30,160

takes a break and goes home

322

00:12:33,990 --> 00:12:32,639

uh they go away he just has regular

323

00:12:35,990 --> 00:12:34,000

night's rest so

324

00:12:38,629 --> 00:12:36,000

uh that might not i guess if you're into

325

00:12:41,190 --> 00:12:38,639

getting terrified to death during your

326

00:12:43,110 --> 00:12:41,200

sleep then it's the place to go yeah

327

00:12:45,269 --> 00:12:43,120

just sign a waiver

328

00:12:47,190 --> 00:12:45,279

if if you don't mind

329

00:12:49,590 --> 00:12:47,200

being uh

330

00:12:51,509 --> 00:12:49,600

radiated going to the ranch then fine

331

00:12:52,949 --> 00:12:51,519

you'd have to sign that waiver too

332

00:12:55,590 --> 00:12:52,959

but that's a real thing they're making

333

00:12:58,470 --> 00:12:55,600

they measure spikes and radiation when

334

00:12:59,990 --> 00:12:58,480

this activity is is occurring which is

335

00:13:02,790 --> 00:13:00,000

also very dangerous you shouldn't give
